PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.472 *Lemon Regulation 365*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 14 F. R. 3612), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this regulation is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on January 10, 1951, such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., January 14, 1951, and ending at 12:01 a. m., P. s. t., January 21, 1951, is hereby fixed as follows:

(i) District 1: 30 carloads;

(ii) District 2: 230 carloads;

(iii) District 3: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," carloads," "prorate base," "District 1," "District 2" and "District 3," shall have the same meaning as when used in the said amended marketing agreement and order.

Where the requirements of a special rule differ from those prescribed in a general rule, the requirements of the special rule shall be met.

### § 210.12-35 *Investments in securities of unaffiliated issuers.*

|---|---|---|---|
| Name of issuer and title of issue [1] | Balance held at close of period. Number of shares—principal amount of bonds and notes [2] | Cost of each item [3 4] | Value of each item at close of period [3 5] |

[1] (a) The required information is to be given as to all securities held as of the close of the period of report. Each issue shall be listed separately.

(b) Indicate by an appropriate symbol those securities which are non-income-producing securities. Evidences of indebtedness and preferred shares may be deemed to be income-producing if, on the respective last interest payment date or dates for the declaration of dividends prior to the date of the related balance sheet, there was only a partial payment of interest or a declaration of only a partial amount of the dividends payable; in such case, however, each such issue shall be indicated by an appropriate symbol referring to a note to the effect that, on the last interest or dividend date, only partial interest was paid or partial dividends declared. If, on such respective last interest or dividend date, no interest was paid or no dividends declared, the issue shall not be deemed to be income-producing. Common shares shall not be deemed to be income-producing unless, during the last year preceding the date of the related balance sheet, there was at least one dividend paid upon such common shares. List separately (1) bonds; (2) preferred shares; (3) common shares. Within each of these subdivisions classify according to type of business, insofar as practicable: e. g., investment companies, railroads, utilities, banks, insurance companies, or industrials. Give totals for each group, subdivision, and class.

[2] Indicate any securities subject to option at the end of the most recent period and state in a note the amount subject to option, the option prices, and the dates within which such options may be exercised.

[3] Columns C and D shall be totaled. The totals of columns C and D should agree with the correlative amounts required to be shown by the related balance sheet captions. State in a footnote to column C the aggregate cost for Federal income tax purposes.

[4] If any investments have been written down or reserved against by such companies pursuant to § 210.6-21 (f), indicate each such item by means of an appropriate symbol and explain in a footnote.

[5] Where value is determined on any other basis than closing prices reported on any national securities exchange, explain such other bases in a footnote.

Give totals for each group. If operations of any controlled companies are different in character from those of the registrant, group such affiliates within divisions (1) and (2) by type of activities.

(b) *Changes during the period.* If during the period there has been any increase or decrease in the amount of investment in any affiliate, state in a footnote (or if there have been changes as to numerous affiliates, in a supplementary schedule) (1) name of each issuer and title of issue; (2) balance at beginning of period; (3) gross purchases and additions; (4) gross sales and reductions; (5) balance at close of period as shown in column C. Include in such footnote or schedule comparable information as to affiliates in which there was an investment at any time during the period even though there was no investment in such affiliate as of the close of such period.

[2] Indicate any securities subject to option at the end of the most recent period and state in a footnote the amount subject to option, the option prices, and the dates within which such options may be exercised.

[3] If the cost in column C represents other than cash expenditure, explain.

[4] (a) Columns C, D and E shall be totaled. The totals of columns C and D should agree with correlative amounts required to be shown by the related balance sheet captions. State in a footnote the aggregate cost for Federal income tax purposes.

See §§ 210.6-22 (b) and 210.6-23 (a).

[7] The information required by column F need be furnished only as to controlled companies.
