TITLE 26—INTERNAL REVENUE, 1954

Chapter I—Internal Revenue Service, Department of the Treasury

[T. D. 6223]

PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

INTEREST

On July 6, 1955, notice of proposed rule making regarding the regulations under section 163 relating to interest for taxable years beginning after December 31, 1953, and ending after August 16, 1954, of the Internal Revenue Code of 1954 was published in the FEDERAL REGISTER (20 F. R. 4775). After consideration of all such relevant matter as was presented by interested persons regarding the rules proposed, the following regulations are hereby adopted:

§ 1.163 *Statutory provisions; itemized deductions for individuals and corporations; interest.*

SEC. 163. *Interest*—(a) *General rule.* There shall be allowed as a deduction all interest paid or accrued within the taxable year on indebtedness.

(b) *Installment purchases where interest charge is not separately stated*—(1) *General rule.* If personal property is purchased under a contract—

(A) Which provides that payment of part or all of the purchase price is to be made in installments, and

(B) In which carrying charges are separately stated but the interest charge cannot be ascertained,

then the payments made during the taxable year under the contract shall be treated for purposes of this section as if they included interest equal to 6 percent of the average unpaid balance under the contract during the taxable year. For purposes of the preceding sentence, the average unpaid balance is the sum of the unpaid balance outstanding on the first day of each month beginning during the taxable year, divided by 12.

(2) *Limitation.* In the case of any contract to which paragraph (1) applies, the amount treated as interest for any taxable year shall not exceed the aggregate carrying charges which are properly attributable to such taxable year.

(c) *Cross references.* (1) For disallowance of certain amounts paid in connection with insurance, endowment, or annuity contracts, see section 264.

(2) For disallowance of deduction for interest relating to tax-exempt income, see section 265 (2).

(3) For disallowance of deduction for carrying charges chargeable to capital account, see section 266.

(4) For disallowance of interest with respect to transactions between related taxpayers, see section 267.

§ 1.163–1 *Interest deduction in general.* (a) Except as otherwise provided in sections 264–267, inclusive, interest paid or accrued within the taxable year on indebtedness shall be allowed as a deduction in computing taxable income.

(b) Interest paid by the taxpayer on a mortgage upon real estate of which he is the legal or equitable owner, even though the taxpayer is not directly liable upon the bond or note secured by such mortgage, may be deducted as interest on his indebtedness. Payments of Maryland or Pennsylvania ground rents are deductible as interest if the ground rent is redeemable, but are treated as rent if the ground rent is irredeemable and in such case are deductible only to the extent they constitute a proper business expense.

(c) Interest calculated for costkeeping or other purposes on account of capital or surplus invested in the business which does not represent a charge arising under an interest-bearing obligation, is not an allowable deduction from gross income. Interest paid by a corporation

on scrip dividends is an allowable deduction. So-called interest on preferred stock, which is in reality a dividend thereon, cannot be deducted in computing taxable income. (See, however, section 583.) In the case of banks and loan or trust companies, interest paid within the year on deposits, such as interest paid on moneys received for investment and secured by interest-bearing certificates of indebtedness issued by such bank or loan or trust company, may be deducted from gross income.

§ 1.163–2 *Installment purchases where interest charge is not separately stated*—(a) *In general.* Whenever there is a contract for the purchase of personal property providing for payment of part or all of the purchase price in installments and there is a separately stated carrying charge (including a finance charge, service charge, and the like) but the actual interest charge cannot be ascertained, a portion of the payments made during the taxable year under the contract shall be treated as interest and is deductible under section 163 and this section. Section 163 (b) contains a formula, described in paragraph (b) of this section, in accordance with which the amount of interest deductible in the taxable year must be computed. This formula is designed to operate automatically in the case of any installment purchase, without regard to whether payments under the contract are made when due or are in default. For applicable limitations when an obligation to pay is terminated, see paragraph (c) of this section.

(b) *Computation.* The portion of any such payments to be treated as interest shall be equal to 6 percent of the average unpaid balance under the contract during the taxable year. For purposes of this computation, the average unpaid balance under the contract is the sum of the unpaid balance outstanding on the first day of each month beginning during the taxable year, divided by 12.

(c) *Limitations.* The amount treated as interest under section 163 (b) and this section for any taxable year shall not exceed the amount of the payments made under the contract during the taxable year nor the aggregate carrying charges properly attributable to each contract for such taxable year. In computing the amount to be treated as interest if the obligation to pay is terminated as, for example, in the case of a repossession of the property, the unpaid balance on the first day of the month during which the obligation is terminated shall be zero.

(d) *Illustrations.* The provisions of this section may be illustrated by the following examples:

Example (1). On January 20, 1955, A purchased a television set for $400, including a stated carrying charge of $25. The down payment was $50, and the balance was paid in 14 monthly installments of $25 each, on the 20th day of each month commencing with February. Assuming that A is a cash method, calendar year taxpayer and that no other installment purchases were made, the amount to be treated as interest in 1955 is $12.38, computed as follows:

YEAR 1955

First day of:	*Unpaid balance outstanding*
January	$0
February	350
March	325
April	300
May	275
June	250
July	225
August	200
September	175
October	150
November	125
December	100
	2,475

Sum of unpaid balances $2,475÷12=$206.25; 6 percent thereof=$12.38

Example (2). On November 20, 1955, B purchased a furniture set for $1250, including a stated carrying charge of $48. The down payment was $50 and the balance was payable in 12 monthly installments of $100 each, on the first day of each month commencing with December 1955. Assume that B is a cash method, calendar year taxpayer and that no other installment purchases were made. Assume further that B made the first payment when due, but made only one other payment on June 1, 1956. The amount to be treated as interest in 1955 is $4, and the amount to be treated as interest in 1956 is $33, computed as follows:

YEAR 1955

First day of:	*Unpaid balance outstanding*
December	$1,200

Sum of unpaid balances $1,200÷12=$100 6 percent thereof=$6.

Carrying charges attributable to 1955=$4.

YEAR 1956

First day of:	*Unpaid balance outstanding*
January	$1,100
February	1,000
March	900
April	800
May	700
June	600
July	500
August	400
September	300
October	200
November	100
	6,600

Sum of unpaid balances $6,600÷12=$550 6 percent thereof=$33.

Carrying charges attributable to 1956=$44 ($4×11).

Example (3). Assume the same facts as in example (2), except that the furniture was repossessed and B's obligation to pay terminated as of July 15, 1956. The amount to be treated as interest in 1955 is $4, computed as in example (2) above. The amount to be treated as interest in 1956 is $25.50, computed as follows:

YEAR 1956

First day of:	*Unpaid balance outstanding*
January	$1,100
February	1,000
March	900
April	800
May	700
June	600
July–November	0
	5,100

Sum of unpaid balances $5,100÷12=$425 six percent thereof=$25.50.

Carrying charges attributable to 1956=$44 ($4×11).

(e) *Effective date.* The provisions of section 163 are effective for taxable years beginning after December 31, 1953, and ending after August 16, 1954. The rule provided in section 163 (b) and this section applies to payments made during such taxable years regardless of when the contract of sale was made.

NOTICE OF HEARING WITH RESPECT TO PROPOSED AMENDMENTS TO AMENDED MARKETING AGREEMENT AND ORDER

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and in accordance with the applicable rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held in the Auditorium, Florida Citrus Mutual Building, Massachusetts Avenue and Orange Street, Lakeland Florida, beginning at 10:00 a. m., e. s. t., February 25, 1957, with respect to proposed amendments to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), hereinafter referred to as the "marketing agreement" and "order," respectively, regulating the handling of oranges, grapefruit and tangerines grown in Florida. The proposed amendments have not received the approval of the Secretary of Agriculture.

The public hearing is for the purpose of receiving evidence with respect to the economic and marketing conditions relating to the proposed amendments, which are hereinafter set forth, and to any appropriate modifications thereof.

The following amendments to the marketing agreement and order have been proposed by the Growers Administrative and Shippers Advisory Committees, established pursuant to the provisions of the marketing agreement and order:

1. Amend § 933.4 *Fruit* and § 933.5 *Variety* to include the fruit classified as Tangelos.

2. Delete from § 933.4 *Fruit* and § 933.13 *Regulation Area I* the words "State of Florida" and substitute therefor the words "Production area."

3. Amend § 933.7 *Handler* to include as a handler any person who ships fruit.

4. Revise § 939.9 *Ship* to read as follows:

§ 933.9 *Ship.* "Ship" is synonomous with "handle" and means (a) to sell, consign, deliver, or transport fruit from any point within the production area to any point outside thereof in the continental United States or Canada, and (b) the exportation, other than to Canada, of fruit from any United States port.

5. Delete from paragraph (c) of § 933.12 *District* the following counties: "Dixie, Lafayette, Hamilton, Madison, Taylor, Jefferson, Leon, Wakulla, Gadsden, Liberty, Franklin, Gulf, Calhoun, Jackson, Bay, Washington, Holmes, Walton, Okaloosa, Santa Rosa, and Escambia."

6. Insert immediately after § 933.14 the following new section:

§ 933.15 *Production area.* "Production area" means that portion of the State of Florida, which is bounded by the Suwannee River, the Georgia border, the Atlantic Ocean, and the Gulf of Mexico.

7. Amend paragraph (a) of § 933.41 *Assessments* by inserting, after the second word of the first sentence, the words "who first handles fruit" and changing the period at the end of the last sentence to a semicolon and adding the following: "and the payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective of whether particular provisions thereof are suspended or become inoperative."

8. Delete from § 933.31 (j) and from § 933.32 (c) the reference to "§§ 933.51 or 933.60" and insert in lieu thereof "§ 933.51."

9. Delete the main heading entitled: "Regulation by grades and sizes" which precedes § 933.50 and insert in lieu thereof the main heading: "Regulations."

10. Delete §§ 933.51, 933.52, and 933.53 and insert in lieu thereof the following:

§ 933.51 *Recommendations for regulation.* (a) Whenever the Shippers Advisory Committee deems it advisable to regulate any variety or varieties in the manner provided in § 933.52 it shall promptly submit such recommendation, with supporting information, to the Growers Administrative Committee. In making such determination, the said committee shall give due consideration to the following factors relating to the citrus fruit produced in Florida and in other States: (1) Market prices, including prices by grades and sizes of the fruit for which regulation is recommended; (2) amount on hand at the principal markets, as evidenced by supplies on track; (3) maturity, condition, and available supply, including the grade and size thereof in the producing areas; (4) other pertinent market information; and (5) the level and trend in consumer income. The Growers Administrative Committee shall submit to the Secretary the recommendation of the Shippers Advisory Committee, together with its own recommendations and supporting information respecting factors enumerated in this section.

(b) The failure of the Shippers Advisory Committee to make a recommendation, after having received notice of the intention of the Growers Administrative Committee to meet for the purpose of receiving such recommendations with respect to regulations authorized by § 933.52, shall not preclude the Growers Administrative Committee from submitting recommendations and supporting information to the Secretary.

(c) The Growers Administrative Committee shall give at least 24 hours notice of any meeting to consider the recommendation of regulations pursuant to § 933.52, by publication in daily newspapers, selected by the said committee, of general circulation in the citrus-producing districts of the production area, and shall mail a copy of such notice to each handler who has filed his address with said committee for this purpose. The said committee shall give the same notice of any such recommendation at least 48 hours before the time it is recommended that such regulation become effective.

§ 933.52 *Regulation by the Secretary.* (a) Whenever the Secretary shall find from the recommendations and reports of the Shippers Advisory Committee and the Growers Administrative Committee, or from other available information, that to limit the shipment of any variety would tend to effectuate the declared policy of the act, he shall so limit the shipment of such variety during a specified period or periods. Such regulations may:

(1) Provide that shipments of any variety or varieties grown in Regulation Area I, Regulation Area II, or both areas, shall be limited to such grades, sizes, or both grades and sizes, as shall be prescribed, and any such limitation may provide that shipments of any variety grown in Regulation Area II shall be limited to grades and sizes different from the grade and size limitations applicable to shipments of the same variety grown in Regulation Area I;

(2) Limit the shipment of any variety or varieties by establishing and maintaining, only in terms of grades, sizes, or both, minimum standards of quality and maturity;

(3) Limit the shipment of the total quantity of any variety or varieties, by

prohibiting the shipment thereof: *Provided*, That no such prohibition shall be effective during any fiscal period with respect to any variety, (i) for more than two periods, (ii) for more than a total of fourteen days, and (iii) during any period other than December 20 to January 20, both dates inclusive;

(4) Provide that shipments of any variety for export, other than to Canada, shall be limited to grades and sizes different from the grade and size limitation applicable to shipments of such variety in the United States and to Canada, and specify condition requirements for such variety; and

(5) Fix the size, capacity, weight, dimensions, or pack of the container or containers which may be used in the shipment of fruit for export, other than to Canada: *Provided*, That such regulation shall not authorize the use of any container which is prohibited for use for fruit under the provisions of the Florida Citrus Code.

(b) Prior to the beginning of any such regulation the Secretary shall notify the Growers Administrative Committee of the regulation issued by him, which committee shall notify all handlers by publication in daily newspapers, selected by the said committee, of general circulation in the citrus producing districts of Florida: *Provided*, That when the regulation as issued is different from the recommendation of the committee, notice thereof shall be given also by mailing a copy thereof to each handler who has filed his address with said committee for this purpose.

Notice is hereby given that pursuant to the authority delegated to him by the Secretary of Health, Education, and Welfare the Commissioner of Food and Drugs, on his own initiative, proposes that the definition of the term "coal-tar color" as it appears in § 9.1 (a) of the regulations for color certification (21 CFR 9.1 (a)) be amended as hereinafter indicated.

Notice is also given that a petition has been filed by Hoffmann-LaRoche Inc., Nutley, New Jersey, seekng amendment of this same paragraph in the color-certification regulations (supra) by a proposal worded differently from the one initiated by the Commissioner, as may be seen by comparing the two proposals as hereinafter set forth.

Pursuant to the authority of the Federal Food, Drug, and Cosmetic Act (secs. 406, 504, 604, 701; 52 Stat. 1049, 1052, 1055, as amended 70 Stat. 919; 21 U. S. The proposal of the Commissioner of Food and Drugs is to replace the period after the word "thereto" at the end of paragraph (a) of § 9.1 with a semicolon and to add the following: "except that the following substances are not regarded as coal-tar colors: Carotenoids isolated from vegetable sources without intermediate or final change of identity; cochineal or carmine from Coccus cacti; alkanet from Alkanna tinctoria; chlorophyll from vegetable sources; chlorophyllins and salts thereof prepared from chlorophyll from vegetable sources; phaeophytin and metal compounds or salts thereof prepared from chlorophyll from vegetable sources; carbon black; charcoal black; caramel obtained from carbohydrates from heating; turmeric or curcumin (rhizomes of Curcuma longa) and coloring matter extracted therefrom; saffron (stigmata of Crocus sativus) and coloring matter extracted therefrom."

The proposal of Hoffmann-LaRoche Inc., is to replace the period with a semicolon after the word "thereto" at the end of § 9.1 (a) and to add the following: "except that the following compounds are not regarded as coal-tar colors: Carotenoids, anthocyanins, flavones, and other chemically identified pigments isolated from edible vegetation source or the identical compounds produced by chemical synthesis, without change of chemical structure; cochineal and cochineal extract from Coccus cacti; chlorophyll, chlorophyllins, and salts of chlorophyll produced by chemical synthesis or extracted from edible food sources; turmeric or curcumin and colored compounds thereof isolated from the rhizomes of Curcuma longa, or the identical compounds produced by chemical synthesis, without change of chemical structure; saffron and colored compounds thereof isolated from the stigmata of Crocus sativus or the identical compounds produced by chemical synthesis, without change of chemical structure; carbon black; charcoal black; and caramel obtained from carbohydrates by heating."

ALASKA GAME COMMISSION

[50 CFR Parts 46, 161–164]

ALASKA WILDLIFE PROTECTION

NOTICE OF PROPOSED RULE MAKING

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11, 1946 (60 Stat. 237), notice is hereby given:

(a) That under authority contained in section 9 of the Alaska Game Law of January 13, 1925, as amended (48 U. S. C. 198), the Alaska Game Commission proposes to recommend the adoption by the Secretary of the Interior of amendments to Part 46, Title 50, Code of Federal Regulations, which will specify open seasons, certain closed seasons, means of taking, and bag limits for game and fur animals, birds and game fishes in Alaska during the year beginning July 1, 1957, and ending June 30, 1958. On the basis of currently available data, only minor changes are contemplated in season dates, bag limits, means of taking, and in designations of the boundaries of wildlife management units. The results of field studies, however, now in progress may warrant recommendations for amendments in Part 46 to afford greater protection to brown and grizzly bear on the Alaska Peninsula; to provide a later opening date for the spring bear hunting season in Central Alaska; to provide an open season of short duration on mountain sheep on the Kenai Peninsula (Wildlife Management Unit 15); to reduce the bag limit on mountain goat to one animal per year on all wildlife management units for which open seasons are to be prescribed; and to provide a longer season for taking deer in all coastal areas of the Territory.

(b) That under authority contained in section 8 and subdivisions D and M of the Alaska Game Law of January 13, 1925, as amended (48 U. S. C. 197, 199, subdivisions D and M), the Alaska Game Commission proposes to amend Parts 161–164, Title 50, Code of Federal Regulations, to prescribe a more effective method for licensing and supervising the activities of registered guides and to re-

define the boundaries of existing fur management areas to conform, so far as practicable, to the boundaries of the wildlife management units defined by § 46.1 (aa), Title 50, CFR.

The proposed amendments referred to in paragraphs (a) and (b) are to become effective not later than July 1, 1957.

Interested persons are hereby afforded an opportunity to participate in the preparation of the amended regulations to be adopted as set forth above by submitting their views, data or arguments in writing to the Executive Officer, Alaska Game Commission, P. O. Box 2021, Juneau, Alaska, on or before February 18, 1957. In addition, such persons may supplement their written views by presenting oral argument at a public hearing to be held by the Alaska Game Commission in the Federal Building, Juneau, Alaska, beginning at 9:00 a. m., February 20, 1957.

Dated: January 18, 1957.

Executive Officer,

PROCLAMATION OF RESULTS OF REFERENDUM

In the "Notice of Referendum" published in 21 F. Of the 437,480 votes cast, 269,185 voted in favor of the program as provided in (a) above, and 168,295 voted in favor of the program as provided for in (b) above. WESTERN KENTUCKY GAS CO.

NOTICE OF APPLICATION FOR ORDER TO OBTAIN NATURAL GAS FOR RESALE AND DISTRIBUTION

JANUARY 17, 1957.

Take notice that Western Kentucky Gas Company (Applicant), a Delaware corporation with its principal place of business located at Owensboro, Kentucky, filed on October 12, 1956, an application pursuant to section 7 (a) of the Natural Gas Act for an order directing Texas Gas Transmission Corporation (Texas Gas) to sell natural gas to Applicant for resale and distribution in the City of Lawrenceburg, Kentucky, all as more fully represented in the application on file with the Commission and open for public inspection.

Applicant states that it is a natural gas distribution company operating entirely within the Commonwealth of Kentucky, serving numerous towns and cities and is enfranchised by the City of Lawrenceburg to serve its inhabitants; that it has been exempted from regulation under the Natural Gas Act by the Hinshaw Amendment. Applicant further states that it proposes to lay 5.5 miles of 4½ inch pipeline running south from a pressure-reducing tap on the east-to-west Louisville Gas and Electric Company's (Louisville) 12 inch "East Kentucky Line" to the City of Lawrenceburg. At the town border it would build a further regulator for its distribution system. Texas Gas is selling natural gas to Louisville near the City of Louisville, Kentucky, through existing system connections and through these connecting facilities Texas Gas is ready, able, and willing to deliver the volumes of gas which Louisville will deliver to Applicant.

The estimated peak day and annual requirements of natural gas by Applicant are for the first 3 years as follows when expressed in terms of volume in Mcf:

Year	Peak day	Annual
1	341	79,243
2	713	162,887
3	896	179,787

Texas Gas has agreed to supply the volume of natural gas from its system to enable Louisville to furnish to Applicant its requirements for Lawrenceburg and Louisville has also agreed to furnish the service of gas and permit the interconnection of its facilities with those of the Applicant. By virtue of the Answer, as amended, filed by Texas Gas on November 8, 1956, and amended on November 16, 1956, together with the Letter of Agreement from Louisville which is made a part of the application herein the said arrangement first above mentioned is indicated.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:
