Section 399.1 *Appendix A—Positive List of Commodities* is amended by adding the following commodity to the Positive List:

order, Superior Distributing Corp. et al., Denver, Colo., Docket 6719, July 18, 1957]

In the Matter of Superior Distributing Corporation, a Corporation, and Glenn E. Mercer, Individually and as an Officer of Said Corporation

This proceeding was heard by a hearing examiner on the complaint of the Commission charging sellers in Denver, Colo., with falsely representing, through salesmen whom they furnished with sales literature and by advertising in newspapers and periodicals, the profits to be made by a purchaser of ten of their hot drink vending machines and the assistance they rendered purchasers in obtaining locations, training purchasers in maintenance and servicing the machines, allotting exclusive territory, and conducting surveys to determine the number of machines that could be profitably located in a locality; and with failing to meet promised delivery dates.

Following an agreement between the parties for a consent order, the hearing examiner made his initial decision and order to cease and desist which became on July 18 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondents Superior Distributing Corporation, a corporation, and its officers; Glenn E. Mercer, individually and as an officer of said corporation and their agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale

or distribution of vending machines or vending machine supplies, or both, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from representing, directly or by implication:

1. That the earnings or profits derived from the operation of respondents' machines are any amounts in excess of those which have been, in fact, customarily earned by operation of their machines.

2. That respondents' experts, or any other person or persons, will obtain satisfactory or profitable locations, or any other locations, for machines purchased from respondents, unless such is the fact.

3. That purchasers of respondents' machines will be trained by respondents' experts, or by any other person, in the maintenance, repair or servicing of said machines, or in any other respect, unless such is the fact.

4. That respondents will allot exclusive territory in which machines purchased by them may be located, unless such is the fact.

5. That respondents conduct surveys of any nature in localities in which their machines are offered for sale, unless such is the fact.

6. That machines purchased will be delivered within a specified period of time unless delivery is made within the time specified.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That the respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

This proceeding was heard by a hearing examiner on the complaint of the Commission charging a manufacturer of electric razors at Lancaster, Pa., with

FD&C YELLOW NOS. 1, 2, 3, AND 4; ORDER STAYING EFFECTIVENESS OF AMENDMENTS

In the FEDERAL REGISTER of May 4, 1957 (22 F. R. 3173), an order was published removing coal-tar colors FD&C

Yellow Nos. 1, 2, 3, and 4 from the list of colors certifiable for use in food, drugs, and cosmetics and adding the colors Ext. D&C Yellow Nos. 7, 8, 9, and 10 to the colors certifiable for use in externally applied drugs and cosmetics. In conformity with section 701 (e) (2) of the Federal Food, Drug, and Cosmetic Act, persons who would be adversely affected were allowed 30 days in which to file objections to the order, stating the grounds therefor, and requesting a public hearing. Interested persons were given 30 days within which to submit written comments, suggestions, or objections with respect to the proposed regulations.

HATFIELD CHILSON,
Acting Secretary of the Interior.

AUGUST 12, 1957.

RULES AND REGULATIONS

The center heading before §§ 295.9 to 295.11 and 295.9 to 295.11 are revised to read as shown below and new §§ 295.12 to 295.15 are added as follows:

APPLICATIONS FOR WITHDRAWAL OR RESERVATION OF FEDERAL LANDS

Sec.

- 295.9 Who may apply
- 295.10 Filing of applications
- 295.11 Segregative effect of applications
- 295.12 Publicity; hearings, investigations; and negotiations
- 295.13 Findings; reviews; publication
- 295.14 Withdrawals or reservations for the use or benefit of non-Federal agencies
- 295.15 Payment for improvements

AUTHORITY: §§ 295.9 to 295.15 issued under R. S. 2478, 43 U. S. C. 1201.

§ 295.9 *Who may apply.* The following are qualified to make application for the withdrawal or reservation, under the authority of Executive Order 10355, May 26, 1952 (17 F. R. 4831, 3 CFR, 1952 Supp.), or under the statutory authority of the Secretary of the Interior, of lands owned or controlled by the United States for the use or benefit of the governmental unit they represent; the heads of Federal agencies and instrumentalities and of States and the Territory of Alaska and their political subdivisions or any subordinate officer designated by them.

§ 295.10 *Filing of applications.* (a) Except where the application is classified by the applicant for national security reasons, all applications for withdrawal or reservation must be filed, in duplicate, in the proper Land Office for the area where the lands are located, or for lands in areas in which there are no Land Offices, with the Bureau of Land Management, Washington 25, D. C., except that applications for lands in North and South Dakota must be filed in the Land Office at Billings, Montana, for lands in Kansas or Nebraska in the Land Office at Cheyenne, Wyoming, and for lands in Oklahoma in the Land Office at Santa Fe, New Mexico. Where the application is classified by the applicant agency for national security reasons, it must be submitted to the Office of the Secretary, Department of the Interior, Washington 25, D. C.

(b) No specific form of application is prescribed but it must contain the following information:

(1) Name and address of the applicant agency.

(2) Description and acreage of the lands desired, describing the lands in terms of the public land survey or if unsurveyed, by metes and bounds, with the approximate area. A metes and bounds description should be connected by course and distance with some corner of the public land surveys, if practicable, or with reference to rivers, creeks, mountains, towns, or other prominent topographical points or natural objects or monuments.

(3) The purpose for which the withdrawal or reservation is requested unless the purpose is classified for national security reasons in which case a statement to that effect will be sufficient.

(4) A justification for the proposed withdrawal including a statement showing the need for all the land requested.

(5) A statement showing the concurrent uses which will be permissible if the lands are withdrawn or reserved, such as grazing, timber management and disposal, mineral leasing, and mining locations.

(6) Citation of the statutory authority for the type of withdrawal or reservation requested.

§ 295.11 *Segregative effect of applications.* (a) The noting of the receipt of the application in the tract books or on the official plats maintained by the Land Office in which the application was properly filed or in the tract books maintained by the Washington Office of the Bureau of Land Management if there is no Land Office for the State in which the lands are located shall temporarily segregate such lands from settlement, location, sale, selection, entry, lease, and other forms of disposal under the public land laws, including the mining and the mineral leasing laws, to the extent that the withdrawal or reservation applied for, if effected, would prevent such forms of disposal. To that extent, action on all prior applications the allowance of which is discretionary, and on all subsequent applications, respecting such lands will be suspended until final action on the application for withdrawal or reservation has been taken. Such temporary segregation shall not affect the administrative jurisdiction over the segregated lands.

(b) An application may be amended at any time by the applicant agency so as to eliminate therefrom lands no longer desired for withdrawal or reservation. The noting upon the proper public records of information regarding such amendment shall relieve the lands so eliminated of the segregative effect of the agency's application; and any suspended applications from other persons for the eliminated lands may be processed without regard to the agency's application.

(c) An amendment of an agency's application so as to include additional lands shall have as to such lands the segregative effect provided for in paragraph (a) of this section from the date of the entry of information regarding the receipt of such request on the records mentioned in paragraph (a) of this section. Such an amendment will be processed either as a part of that application or separately, as the facts may warrant.

§ 295.12 *Publicity; hearing; investigations; and negotiations.* (a) The authorized officer of the Bureau of Land Management will have published in the FEDERAL REGISTER a notice on Form 4-1193 of the filing of the application and of the opportunity of the public to object to, or comment on, the proposed withdrawal or reservation. In cooperation with the applicant agency, he will also provide for publicity sufficient to inform the interested public of the proposed withdrawal or reservation.

(b) If, as a result of such notice and publicity, sufficient protest is filed against the proposal, or if, in his discretion, it is otherwise desirable in the public interest, the authorized officer of the Bureau of Land Management will, subject

to the approval of the Secretary of the Interior if the applicant agency objects, hold a public hearing at a time and in a place convenient to the interested public and to the agencies involved. Costs of such hearings incurred by the Bureau of Land Management, except for the salaries of its personnel, will be borne by the applicant agency.

(c) The authorized officer of the Bureau of Land Management will undertake such investigations as are necessary to determine the existing and potential demand for the lands and their resources. He will also undertake negotiations with the applicant agency with the view of adjusting the application to reduce the area to the minimum essential to meet the applicant's needs, to provide for the maximum concurrent utilization of the lands for purposes other than the applicant's, to eliminate lands needed for purposes more essential than the applicant's, and to reach agreement on the concurrent management of the lands and their resources.

§ 295.13 *Findings; reviews; publication.* (a) The authorized officer of the Bureau of Land Management will report his findings and conclusions in respect to the application to the applicant agency. If the applicant agency does not concur with such findings and conclusions, it may request the Director, Bureau of Land Management, to review the case, and if it feels aggrieved by the decision of the Director, may request the Secretary for further review. When the proposed withdrawal or reservation involves authority delegated to the Secretary by Executive Order 10355, May 26, 1952 (17 F. R. 4831) and if the applicant is a Federal agency or instrumentality outside of the Department of the Interior and it does not concur in the findings of the Secretary, the applicant may request the Secretary to refer the case to the Bureau of the Budget.

(b) The Secretary of the Interior, or his authorized agent, will approve or deny the application in whole or in part.

(c) When an application is finally denied in whole or in part by the authorized officer, he will have published in the FEDERAL REGISTER a Notice of Determination on Form 4-1194. Upon the noting of the determination in the tract books or on the official plats of the appropriate office, the affected lands will no longer be subject to the segregative effect of the agency's application.

(d) When an application is finally approved in whole or in part by the authorized officer, he will have published in the FEDERAL REGISTER an appropriate order of withdrawal or reservation.

§ 295.14 *Withdrawals or reservations for the use or benefit of non-Federal agencies.* Lands withdrawn or reserved under this part for the use or benefit of a non-Federal agency will remain or will be placed under the jurisdiction of the appropriate Federal agency.

§ 295.15 *Payment for improvements.* The allowance of an application for withdrawal under the regulations of this part will be conditional upon the payment by the applicant agency or upon agreement of the applicant agency to pay to the

owner or owners of range or other improvements placed upon the lands pursuant to an agreement with the United States such amount and at such times as the authorized official of the Bureau of Land Management deems fair and reasonable under the circumstances and the terms of such agreement to compensate for the loss of the improvements, providing that the applicant agency is authorized by law to make such compensation. In addition, a holder of a grazing license or permit for lands within a grazing district will be compensated for the loss resulting from the use of the lands embraced in the license or permit for war or national defense purposes in an amount to be determined fair and reasonably by, and to be paid by, the head of the Department or Agency of the Federal Government making such use.
