## Title 32—NATIONAL DEFENSE

### Chapter XVII—Office of Civil and Defense Mobilization

#### PART 1709—OFFICIAL FEDERAL CIVIL DEFENSE ADMINISTRATION SEAL

##### Revocation

Because Executive Order 10350, which created an official seal for the Federal Civil Defense Administration, was revoked by Executive Order 10773, issued in implementation of Reorganization Plan No. 1 of 1958, which consolidated the former Federal Civil Defense Administration and the Office of Defense Mobilization, regulations governing use of the seal are no longer applicable; and Part 1709 is hereby revoked.

## Title 33—NAVIGATION AND NAVIGABLE WATERS

### Chapter I—Coast Guard, Department of the Treasury

#### SUBCHAPTER N—ARTIFICIAL ISLANDS AND FIXED STRUCTURES ON THE OUTER CONTINENTAL SHELF

[CGFR 59-15]

##### PART 146—OPERATIONS

#### Person in Charge of a Manned Platform, Emergency Signals, and Work Vests

Pursuant to the notice of proposed rule making published in the FEDERAL REGISTER on April 9, 1959 (24 F.R. 2742-2751), and Merchant Marine Council Public Hearing Agenda CG-249, dated April 27, 1959, the Merchant Marine Council held a Public Hearing on April

27, 1959, for the purpose of receiving comments, views and data. The proposals considered were identified as Items I to XII, inclusive. The proposed regulations regarding the person in charge of a manned platform and emergency signals were set forth in detail as Item XII in the Addendum of the Agenda, CG-249, as well as in the previously mentioned FEDERAL REGISTER of April 9, 1959. The proposed regulations to govern the use of work vests were set forth in detail as Item VII in the Agenda, CG-249.

This document is the fourth of a series covering the regulations and actions considered at the April 27, 1959, Public Hearing and annual session of the Merchant Marine Council. The first document, CGFR 59-17, contains the actions taken with respect to Item VIII regarding power-operated industrial trucks. The second document, CGFR 59-20, contains the actions taken with respect to Item XI regarding suspension or revocation proceedings involving licenses, certificates or documents issued to individuals. The third document, CGFR 59-16, contains the final actions taken with respect to Item X regarding licensing or certifying of seamen, motorboat operators, or staff officers.

This document contains the final actions taken with respect to the proposals in Item XII regarding the person in charge on an artificial island or fixed structure and the emergency signals. No comments were submitted with respect to this Item. The proposed regulations in Item XII are adopted without change.

This document also contains the final actions taken with respect to the comments submitted on Item VII regarding the use of work vests on offshore artificial islands and fixed structures. It was pointed out that the same hazards apply to personnel working near or over the water on artificial islands or fixed structures as applied to personnel working "around docks or over the sides of the ship, etc." Therefore, permission to use approved unicellular plastic foam work vests as optional equipment is granted under similar conditions which apply to their use on inspected vessels.

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Orders 167-15, dated January 3, 1955 (20 F.R. 840), and 167-17 dated June 29, 1955 (20 F.R. 4976), to promulgate regulations in accordance with the statutes cited with the regulations below, the following regulations are prescribed and shall become effective 90 days after the date of publication of this document in the FEDERAL REGISTER:

#### Subpart 146.01—Special Operating Requirements

1. Subpart 146.01 is amended by inserting a new § 146.01-2 to follow § 146.01-1, reading as follows:

##### § 146.01-2 Person in charge.

The owner or operator, or the agent of either of them, shall designate by title

and in order of succession the persons on the platform who shall be the "person in charge."

2. Subpart 146.01 is amended by inserting a new § 146.01-17 to follow § 146.01-15, reading as follows:

##### § 146.01-17 Work vests.

(a) *Approved unicellular plastic foam.* Buoyant work vests carried under the permissive authority of this section shall conform to the specifications in Subpart 160.053 in subchapter Q (Specifications) in 46 CFR, Chapter I.

(b) *Use.* Approved buoyant work vests are considered to be items of safety apparel and may be carried aboard artificial islands or fixed structures to be worn by persons employed thereon when working near or over the water under favorable work conditions. The use and control of such vests shall be under the supervision of the person in charge of the platform. When carried, such vests shall not be accepted in lieu of any portion of the required number of approved life preservers and shall not be substituted for the approved life preservers required to be worn during drills and emergencies.

(c) *Stowage.* (1) The work vests shall be stowed separately from the regular stowage of approved life preservers.

(2) The location for the stowage of work vests shall be such as not to be easily confused with that for approved life preservers.

(d) *Inspections.* Each work vest shall be subject to examination by a marine inspector to determine its serviceability. If found to be satisfactory, it may be continued in service, but shall not be stamped by a marine inspector with a Coast Guard stamp. If a work vest is found not to be in a serviceable condition, then such work vest shall be removed from the artificial island or fixed structure. If a work vest is beyond repair, it shall be destroyed or mutilated in the presence of a marine inspector so as to prevent its continued use as a work vest.

#### Subpart 146.05—Manned Platforms

3. Section 146.05-10 is amended to read as follows:

##### § 146.05-10 Emergency signals.

(a) The owner, or his agent, or the person in charge shall establish emergency signals to be used for calling the personnel to their emergency stations.

(b) The emergency signal shall be an intermittent signal on the general alarm system for not less than 15 seconds. The abandon platform signal shall be a continuous signal on the general alarm system.

(Sec. 633, 63 Stat. 545; 14 U.S.C. 633. Interprets or applies sec. 4, 67 Stat. 462; 43 U.S.C. 1333)

Dated: June 4, 1959.

Commandant.

# Title 37—PATENTS, TRADE-MARKS, AND COPYRIGHTS

## Chapter II—Copyright Office, Library of Congress

### PART 201—GENERAL PROVISIONS

#### PART 202—REGISTRATION OF CLAIMS TO COPYRIGHT

Notice of proposed rule making was published in the FEDERAL REGISTER of May 2, 1959, at page 3545. Interested persons were invited to submit written comments, suggestions, or objections with respect to the proposed revision within thirty days of the date of publication in the FEDERAL REGISTER. After consideration of the responses received, Parts 201 and 202 of the regulations are adopted as set forth below, effective upon publication in the FEDERAL REGISTER.

Dated: June 12, 1959.

[SEAL]

ARTHUR FISHER,  
Register of Copyrights.

Approved,

L. QUINCY MUMFORD,  
Librarian of Congress.

### PART 201—GENERAL PROVISIONS

Sec.

- 201.1 Communications with the Copyright Office.
- 201.2 Information given by the Copyright Office.
- 201.3 Catalog of Copyright Entries.
- 201.4 Assignments of copyright and other papers.
- 201.5 Amendments to completed Copyright Office registrations and other records.
- 201.6 Payment and refund of Copyright Office fees.
- 201.7 Preparation of catalog card.
- 201.8 Import statements.

AUTHORITY: §§ 201.1 to 201.8 issued under sec. 207.61 Stat. 666; 17 U.S.C. 207.

#### § 201.1 Communications with the Copyright Office.

Mail and other communications shall be addressed to the Register of Copyrights, Library of Congress, Washington 25, D.C.

#### § 201.2 Information given by the Copyright Office.

(a) *In general.* (1) Information relative to the operations of the Copyright Office is supplied without charge. A search of the records, indexes and deposits will be made for such information as they may contain relative to copyright claims upon application and payment of the statutory fee. The Copyright Office, however, does not undertake the making of comparisons of copyright deposits to determine similarity between works, nor does it give legal opinions or advice on such matters as:

(i) The validity or status of any copyright other than the facts shown in the records of the Office;

(ii) The rights of persons, whether in connection with cases of alleged copyright infringement, contracts between authors and publishers or other matters of a similar nature;

No. 119—2

(iii) The scope and extent of protection of works in foreign countries or interpretation of foreign copyright laws or court opinions;

(iv) The sufficiency, extent or scope of compliance with the copyright law.

(2) In addition, the Office cannot undertake to furnish the names of copyright attorneys, publishers, agents, or other similar information.

(b) *Inspection and copying or records.*

(1) Inspection and copying of completed records and indexes relating to a registration or a recorded document, and inspection of copies deposited in connection with a completed copyright registration, may be undertaken at such times as will not result in interference with or delay in the work of the Copyright Office.

(2) The copying from the Copyright Office records of names and addresses for the purpose of compiling mailing lists and other similar uses is expressly prohibited.

(c) *Correspondence.* (1) Official correspondence, including preliminary applications, between copyright claimants or their agents and the Copyright Office, and directly relating to a completed registration or to a recorded document, is made available for inspection by persons properly and directly concerned. Requests for photocopies of the correspondence shall be made pursuant to paragraph (d) of this section.

(2) (i) Correspondence, application forms and any accompanying material forming a part of a pending or rejected application are not records which are open to public inspection under paragraph (b) of this section.

(ii) Inspection of such files may be afforded upon presentation of written authorization of the claimant or his agent, or upon submission to the Register of Copyrights, Library of Congress, Washington 25, D.C., of a written request which is deemed by him to show good cause for such access and which establishes that the person making the request is one properly and directly concerned.

(iii) Where such access is authorized and photocopies of the official file are subsequently requested, the conditions and procedures of paragraph (d) of this section are controlling.

(3) Correspondence, memoranda, reports, opinions, and similar material relating to internal management, office administration, security matters, and general policy and decisional material, including the work product of an attorney, are not open to public inspection.

(4) The Copyright Office will return unanswered any abusive or scurrilous correspondence.

(d) *Requests for copies.* (1) Requests for additional certificates of registration should be sent to the Copyright Office, and the accompanying fees should be made payable to the Register of Copyrights.

(2) Requests for photocopies of copyright deposits, official correspondence, and Copyright Office records (other than additional certificates of registration) should be sent to the Chief, Photoduplication Service, Library of Congress, Washington 25, D.C., the accompanying fees in payment of such services being made payable to that official. When the

photocopy is to be certified by the Copyright Office, the additional certification fee should be made payable to the Register of Copyrights and both remittances together with the transmittal letter are to be sent to the Copyright Office.

(3) Requests for photocopies of official correspondence shall identify the specific material desired and shall contain a statement enabling the Copyright Office to determine if the writer is properly and directly concerned.

(4) Requests for photocopies of copyright deposits will be granted when one or more of the following conditions are fulfilled:

(i) *Authorization by owner.* When authorized in writing by the copyright owner or his designated agent.

(ii) *Request by attorney.* When required in connection with litigation, actual or prospective, in which the copyrighted work is involved; but in all such cases the attorney representing the actual or prospective plaintiff or defendant for whom the request is made shall give in writing: (a) The names of the parties and the nature of the controversy; (b) the name of the court where the action is pending, or, in the case of a prospective proceeding, a full statement of the facts of the controversy in which the copyrighted work is involved; and (c) satisfactory assurances that the requested copy will be used only in connection with the specified litigation.

(iii) *Court order.* When an order to have the copy made is issued by a court having jurisdiction of a case in which the copy is to be submitted as evidence.

#### § 201.3 Catalog of Copyright Entries.

The current subscription price for all parts of the complete yearly Catalog of Copyright Entries is \$20.00. Each part of the Catalog is published in two semi-annual numbers covering, respectively, the periods January-June and July-December. The prices given in the list below are for each semiannual number. The Catalog may be obtained, upon payment of the established price, from the Register of Copyrights, Library of Congress, Washington 25, D.C., to whom requests for copies should be addressed and to whom the remittance should be made payable.

Part 1—Books and Pamphlets Including Serials and Contributions to Periodicals, \$2.50.

Part 2—Periodicals, \$1.00.

Parts 3-4—Dramas and Works Prepared for Oral Delivery, \$1.00.

Part 5—Music, \$3.50.

Part 6—Maps and Atlases, \$0.50.

Parts 7-11A—Works of Art, Reproductions of Works of Art, Scientific and Technical Drawings, Photographic Works, Prints and Pictorial Illustrations, \$1.00.

Part 11B—Commercial Prints and Labels, \$1.00.

Part 12-13—Motion Pictures and Filmstrips, \$0.50.

#### § 201.4 Assignments of copyright and other papers.

Assignments of copyright and other papers relative to copyrights will be recorded in the Copyright Office upon payment of the statutory fee. Examples of such papers include powers of attorney, licenses to use a copyrighted work, agreements between authors and publishers

covering a particular work or works and the rights thereto, mortgages, certificates of change of corporate title, wills, and decrees of distribution. The original, signed instrument should be submitted for recordation, and is returned to the sender with a certificate of record. Where the original instrument is not available, a certified or other copy may be submitted, but it shall be accompanied by a statement that the original is not available.

**§ 201.5 Amendments to completed Copyright Office registrations and other records.**

(a) *No cancellations.* No correction or cancellation of a Copyright Office registration or other record will be made (other than a registration or record provisional upon receipt of fee as provided in § 201.6) after it has been completed if the facts therein stated agree with those supplied the Office for the purpose of making such record. However, it shall be within the discretion of the Register of Copyrights to determine if any particular case justifies the placing of an annotation upon any record for the purpose of clarification, explanation, or indication that there exists elsewhere in the records, indexes or correspondence files of the Office, information which has reference to the facts as stated in such record.

(b) *Correction by new registration.* In exceptional cases, where an applicant desires to correct, amend or amplify a registration previously made in accordance with information furnished by a claimant or his agent, a new application indicating its amendatory purpose shall be filed, accompanied by the statutory fee and the same number of copies required for a new application. Where it is satisfactorily established that copies of the original work cannot be obtained for submission, photostat or microfilm copies of the original may be submitted.

**§ 201.6 Payment and refund of Copyright Office fees.**

(a) *In General.* All fees sent to the Copyright Office should be in the form of a money order, check or bank draft payable to the Register of Copyrights. Coin or currency sent to the Office in letters or packages will be at the remitter's risk. Remittances from foreign countries should be in the form of an International Money Order or Bank Draft payable and immediately negotiable in the United States for the full amount of the fee required. Uncertified checks are accepted subject to collection. Where the statutory fee is submitted in the form of a check, the registration of the copyright claim or other record made by the Office is provisional until payment in money is received. In the event the fee is not paid, the registration or other record shall be expunged.

(b) *Deposit accounts.* Persons or firms having a considerable amount of business with the Copyright Office may, for their own convenience, prepay copyright expenses by establishing a Deposit Account.

(c) *Refunds.* Money paid for applications which are rejected or payments

made in excess of the statutory fee will be refunded, but amounts of twenty-five cents or less will not be returned unless specifically requested and such sums may be refunded in postage stamps. All larger amounts will be refunded by check.

(d) *Return of deposit copies.* Copies of works deposited in the Copyright Office pursuant to law are either retained in the Copyright Office, transferred for the permanent collections or other uses of the Library of Congress, or disposed of according to law. When an application is rejected, the Copyright Office reserves the right to retain the deposited copies.

**§ 201.7 Preparation of catalog card.**

The catalog card which may accompany a work of foreign origin, as provided in section 215 of title 17, U.S. Code, as amended, may be a catalog card supplied by a library in the country of publication. In lieu of such a card the applicant may prepare his own card, or may fill out the form supplied by the Copyright Office. The catalog card should contain the full name of the author of the original work, title and description from the title page, paging, copyright claimant, the city and year of publication, and the names of all other authors, editors, etc., whom the applicant considers of sufficient importance to record. When available, the year of birth of each author named should be given. If the form furnished by the Office is not used, the size of the card should preferably be 5 inches wide by 3 inches deep or 12.5 centimeters wide by 7.5 centimeters deep. The Register of Copyrights reserves the right to accept catalog cards not complying with the above requirements.

**§ 201.8 Import statements.**

(a) The Copyright Office will issue import statements for books and periodicals first published abroad in the English language which are to be imported under the provisions of section 16 of title 17, U.S. Code, as amended. A statement for the importation of 1,500 copies will be issued to the person named in the application for ad interim copyright registration. The holder of this statement shall present it to the customs officer in charge of the port of entry. Upon receipt of a statement from the customs officer, showing importation of less than 1,500 copies, a new statement will be issued for the balance.

(b) The provisions in the Customs Regulations covering the use of the import statement (Copyright Office Form C-85) are found in 19 CFR 11.21 (21 F.R. 2517):

**PART 202—REGISTRATION OF CLAIMS TO COPYRIGHT**

Sec.	
202.1	Material not subject to copyright.
202.2	Copyright notice.
202.3	Application forms.
202.4	Books (Class A).
202.5	Periodicals (Class B).
202.6	Lectures or similar productions prepared for oral delivery (Class C).
202.7	Dramatic and dramatico-musical compositions (Class D).

Sec.	
202.8	Musical compositions (Class E).
202.9	Maps (Class F).
202.10	Works of art (Class G).
202.11	Reproduction of works of art (Class H).
202.12	Drawings or plastic works of a scientific or technical character (Class I).
202.13	Photographs (Class J).
202.14	Prints, pictorial illustrations and commercial prints or labels (Class K).
202.15	Motion pictures (Classes L-M).
202.16	Deposit of photographs or other identifying reproductions in lieu of copies.
202.17	Renewals.
202.18	Notices of use.

AUTHORITY: §§ 202.1 to 202.18 issued under sec. 207.61 Stat. 606; 17 U.S.C. 207.

**§ 202.1 Material not subject to copyright.**

The following are examples of works not subject to copyright and applications for registration of such works cannot be entertained:

(a) Words and short phrases such as names, titles, and slogans; familiar symbols or designs; mere variations of typographic ornamentation, lettering or coloring; mere listing of ingredients or contents;

(b) Ideas, plans, methods, systems, or devices, as distinguished from the particular manner in which they are expressed or described in a writing;

(c) Works designed for recording information which do not in themselves convey information, such as, time cards, graph paper, account books, diaries, bank checks, score cards, address books, report forms, order forms and the like;

(d) Works consisting entirely of information that is common property containing no original authorship, such as, for example: Standard calendars, height and weight charts, tape measures and rulers, schedules of sporting events, and lists or tables taken from public documents or other common sources.

**§ 202.2 Copyright notice.**

(a) *General.* (1) With respect to a published work, copyright is secured, or the right to secure it is lost, at the date of publication, i.e., the date on which copies are first placed on sale, sold, or publicly distributed, depending upon the adequacy of the notice of copyright on the work at that time.

(2) If publication occurs by distribution of copies or in some other manner, without the statutory notice or with an inadequate notice, the right to secure copyright is lost. In such cases, copyright cannot be secured by adding the notice to copies distributed at a later date.

(3) Works first published abroad, other than works eligible for ad interim registration, must bear an adequate copyright notice at the time of their first publication in order to secure copyright under the law of the United States.

(b) *Defects in notice.* Where the copyright notice does not meet the requirements of the law, the Copyright Office will reject an application for copyright registration. Common defects in the notice include, among others, the following:

(1) The notice lacks one or more of the necessary elements (i.e., the word "Copyright", the abbreviation "Copr.", or the symbol ©; the name of the copyright proprietor; or, when required, the year date of publication);

(2) The elements of the notice are dispersed;

(3) The notice is not in one of the positions prescribed by law;

(4) The notice is in a foreign language;

(5) The name in the notice is that of someone who had no authority to secure copyright in his name;

(6) The year date in the copyright notice is later than the date of the year in which copyright was actually secured, including the following cases:

(i) Where the year date in the notice is later than the date of actual publication;

(ii) Where copyright was first secured by registration of a work in unpublished form, and copies of the same work as later published without change in substance bear a copyright notice containing a year date later than the year of unpublished registration;

(iii) Where a book or periodical published abroad, for which ad interim copy has been obtained, is later published in the United States without change in substance and contains a year date in the copyright notice later than the year of first publication abroad:

*Provided, however,* That in each of the three foregoing types of cases, if the copyright was actually secured not more than one year earlier than the year date in the notice, registration may be considered as a doubtful case.

(7) A notice is permanently covered so that it cannot be seen without tearing the work apart;

(8) A notice is illegible or so small that it cannot be read without the aid of a magnifying glass: *Provided, however,* That where the work itself requires magnification for its ordinary use (e.g., a microfilm, microcard or motion picture) of a notice which will be readable when so magnified, will not constitute a reason for rejection of the claim;

(9) A notice is on a detachable tag and will eventually be detached and discarded when the work is put in use;

(10) A notice is on the wrapper or container which is not a part of the work and which will eventually be removed and discarded when the work is put in use;

(11) The notice is restricted or limited exclusively to an uncopyrightable element, either by virtue of its position on the work, by the use of asterisks, or by other means.

#### § 202.3 Application forms.

(a) *In general.* Section 5 of title 17 of the U.S. Code provides thirteen classes (Class A through Class M) of works in which copyright may be claimed. Examples of certain works falling within these classes are given in §§ 202.4 to 202.15 inclusive, for the purpose of assisting persons, who desire to obtain registration of a claim to copyright, to select the correct application form.

(b) *Claims of copyright.* (1) All works deposited for registration shall be

accompanied by a "claim of copyright" in the form of a properly executed application, together with the statutory registration fee. The Office reserves the right to refuse to accept any application that is a carbon copy, illegible, defaced, or otherwise not in an acceptable condition for examination and recording.

(2) Where these separate elements are not received simultaneously, the Copyright Office holds the submitted elements for a reasonable time and, in default of the receipt of the missing element or elements after a request made therefor, the submitted item or items may be returned to the sender. Such action does not constitute a waiver of the right of the Register of Copyrights pursuant to section 14, title 17, U.S. Code, to demand compliance with the deposit provisions of that title.

(3) Applications for copyright registration covering published works should reflect the facts existing at the time of first publication, and should not include information concerning changes that have occurred between the time of publication and registration. The name given as copyright claimant in the application should agree with the name appearing in the copyright notice.

(4) Applications should be submitted by the copyright claimant, or by someone acting under his authority.

(5) All information requested by the Copyright Office application form should be given in the appropriate spaces provided. There should not be attached to the application any slips of paper or extra pages containing additional information, or a continuation of requested information.

(c) *Forms.* The Copyright Office supplies without charge the following forms for use when applying for the registration of a claim to copyright in a work and for the filing of a notice of use of musical compositions on mechanical instruments.

Form A—Published book manufactured in the United States of America (Class A).

Form A-B Ad Interim—Book or periodical in the English language manufactured and first published outside the United States of America (Classes A-B).

Form A-B Foreign—Book or periodical manufactured outside the United States of America (except works subject to the ad interim provisions of the copyright law). (Classes A-B).

Form B—Periodical manufactured in the United States of America (Class B).

Form BB—Contribution to a periodical manufactured in the United States of America (Class B).

Form C—Lecture or similar production prepared for oral delivery (Class C).

Form D—Dramatic or dramatico-musical composition (Class D).

Form E—Musical composition the author of which is a citizen or domiciliary of the United States of America or which was published in the United States of America (Class E).

Form E Foreign—Musical composition the author of which is not a citizen or domiciliary of the United States of America and which was not first published in the United States of America (Class E).

Form F—Map (Class F).

Form G—Work of art or a model or design for a work of art (Class G).

Form H—Reproduction of a work of art (Class H).

Form I—Drawing or plastic work of a scientific or technical character (Class I).

Form J—Photograph (Class J).

Form K—Print or pictorial illustration (Class K).

Form KK—Print or label used for an article of merchandise (Class K).

Form L—M—Motion picture (Classes L—M).

Form R—Renewal copyright.

Form U—Notice of use of copyrighted music on mechanical instruments.

#### § 202.4 Books (Class A).

(a) *Subject matter and forms.* This class includes such published works as fiction and nonfiction, poems, compilations, composite works, directories, catalogs, annual publications, information in tabular form, and similar text matter, with or without illustrations, as books, either bound or in loose-leaf form, pamphlets, leaflets, cards, single pages or the like. Applications for registration of claims to copyright in published books manufactured in the United States of America are made on Form A; in books manufactured outside of the United States of America, except those subject to ad interim provisions of the copyright law, on Form A-B Foreign; and in books in the English language manufactured and first published outside the United States of America, and subject to the ad interim provisions of the copyright law, on Form A-B Ad Interim.

(b) *Ad interim registrations.* (1) An American edition of an English-language book or periodical identical in substance to that first published abroad will not be registered unless an ad interim registration is first made.

(2) When a book or periodical has been registered under the ad interim provisions, an American edition of the same work, to be registrable, must be manufactured and published in the United States within five years after the date of first publication abroad.

(3) Since by law ad interim copyright expires at the end of the ad interim term unless an American edition is published during that term, a renewal application covering a work registered only under the ad interim provisions will be rejected. Where both an ad interim and an American edition have been registered, the registrability of the renewal application is governed by the date of the first publication abroad.

#### § 202.5 Periodical (Class B).

This class includes such works as newspapers, magazines, reviews, bulletins, and serial publications, published at intervals or less than a year. Applications for registration of claims to copyright in published periodicals manufactured in the United States of America are made on Form B; in periodicals, or in contributions thereto, manufactured outside the United States of America, except those subject to the ad interim provision of the copyright law, on Form A-B Foreign; and in periodicals, or in contributions thereto, in the English language manufactured and first published outside of the United States of America, and subject to the ad interim provisions of the copyright law, on Form A-B Ad Interim. Applications for registration of claims to copyright in contributions to periodicals manufactured in the United

States of America are made on Form BB. Application for registration of claims to copyright in contributions to periodicals, which contributions are prints published in connection with the sale or advertisement of an article or articles of merchandise, are made on Form KK.

**§ 202.6 Lectures or similar productions prepared for oral delivery (Class C).**

This class includes the scripts of unpublished works prepared in the first instance for oral delivery, such as lectures, sermons, addresses, monologs, panel discussions, and variety programs prepared for radio or television. The script submitted for registration in Class C should consist of the actual text of the work to be presented orally. Formats, outlines, brochures, synopses, or general descriptions of radio and television programs are not registrable in unpublished form. When published with notice as prescribed by law, such works may be considered for registration as "books" in Class A.

**§ 202.7 Dramatic and dramatico-musical compositions (Class D).**

This class includes published or unpublished works dramatic in character such as the acting version of plays for the stage, motion pictures, radio, television, and the like, operas, operettas, musical comedies and similar productions, and pantomimes. Choreographic works of a dramatic character, whether the story or theme be expressed by music and action combined or by actions alone, are subject to registration in Class D. However, descriptions of dance steps and other physical gestures, including ballroom and social dances or choreographic works which do not tell a story, develop a character or emotion, or otherwise convey a dramatic concept or idea, are not subject to registration in Class D.

**§ 202.8 Musical compositions (Class E).**

(a) This class includes published or unpublished musical compositions in the form of visible notation (other than dramatico-musical compositions), with or without words, as well as new versions of musical compositions, such as adaptations or arrangements, and editing when such editing is the writing of an author. The words of a song, when unaccompanied by music, are not registrable in Class E.

(b) A phonograph record or other sound recording is not considered a "copy" of the compositions recorded on it, and is not acceptable for copyright registration. Likewise, the Copyright Office does not register claims to exclusive rights in mechanical recordings themselves, or in the performances they reproduce.

**§ 202.9 Maps (Class F).**

This class includes all published cartographic representations of area, such as terrestrial maps and atlases, marine charts, celestial maps and such three-dimensional works as globes and relief models.

**§ 202.10 Works of art (Class G).**

(a) *General.* This class includes published or unpublished works of artistic craftsmanship, insofar as their form but not their mechanical or utilitarian aspects are concerned, such as artistic jewelry, enamels, glassware, and tapestries, as well as works belonging to the fine arts, such as paintings, drawings and sculpture.

(b) In order to be acceptable as a work of art, the work must embody some creative authorship in its delineation or form. The registrability of a work of art is not affected by the intention of the author as to the use of the work, the number of copies reproduced, or the fact that it appears on a textile material or textile product. The potential availability of protection under the design patent law will not affect the registrability of a work of art, but a copyright claim in a patented design or in the drawings or photographs in a patent application will not be registered after the patent has been issued.

(c) If the sole intrinsic function of an article is its utility, the fact that the article is unique and attractively shaped will not qualify it as a work of art. However, if the shape of a utilitarian article incorporates features, such as artistic sculpture, carving, or pictorial representation, which can be identified separately and are capable of existing independently as a work of art, such features will be eligible for registration.

**§ 202.11 Reproductions of works of art (Class H).**

This class includes published reproductions of existing works of art in the same or a different medium, such as a lithograph, photoengraving, etching or drawing of a painting, sculpture or other work of art.

**§ 202.12 Drawings or plastic works of a scientific or technical character (Class I).**

(a) This class includes published or unpublished two-dimensional drawings and three-dimensional plastic works which have been designed for a scientific or technical use and which contain copyrightable graphic, pictorial, or sculptured material. Works registrable in Class I include diagrams or models illustrating scientific or technical works or formulating scientific or technical information in linear or plastic form, such as, for example: a mechanical drawing, an astronomical chart, an architect's blueprint, an anatomical model, or an engineering diagram.

(b) A work is not eligible for registration as a "plastic" work in Class I merely because it is formed from one of the commonly known synthetic chemical derivatives such as styrenes, vinyl compounds, or acrylic resins. The term "plastic work" as used in this context refers to a three-dimensional work giving the effect of that which is molded or sculptured. Examples of such works include statues of animals or plants used for scientific or educational purposes, and engineers' scale models.

(c) A claim to copyright in a scientific or technical drawing, otherwise regis-

trable in Class I, will not be refused registration solely by reason of the fact that it is known to form a part of a pending patent application. Where the patent has been issued, however, the claim to copyright in the drawing will be denied copyright registration.

**§ 202.13 Photographs (Class J).**

This class includes published or unpublished photographic prints and filmstrips, slide films and individual slides. Photoengravings and other photomechanical reproductions of photographs are registered in Class K or Form K.

**§ 202.14 Prints, pictorial illustrations and commercial prints or labels (Class K).**

(a) This class includes prints or pictorial illustrations, greeting cards, picture postcards and similar prints, produced by means of lithography, photoengraving or other methods of reproduction. These works when published are registered on Form K.

(b) A print or label, not a trademark, containing copyrightable pictorial matter, text, or both, published in connection with the sale or advertisement of an article or articles of merchandise is also registered in this class on Form KK. In the case of a print which is published in a periodical, use Form KK if the print is used in connection with the sale or advertisement of an article of merchandise, Form BB if it is not. Multipage works are more appropriately classified in Class A than in Class K.

(c) A claim to copyright cannot be registered in a print or label consisting solely of trademark subject matter and lacking copyrightable matter. While the Copyright Office will not investigate whether the matter has been or can be registered at the Patent Office, it will register a properly filed copyright claim in a print or label that contains the requisite qualifications for copyright even though there is a trademark on it. However, registration of a claim to copyright does not give the claimant rights available by trademark registrations at the Patent Office.

**§ 202.15 Motion pictures (Classes L-M).**

A single application Form L-M is available for registration of works in Classes L (Motion Picture Photoplays) and M (Motion Pictures other than Photoplays).

(a) *Photoplays (Class L).* This class includes published or unpublished motion pictures that are dramatic in character and tell a connected story, such as feature films, filmed television plays, short subjects and animated cartoons having a plot.

(b) *Other than photoplays (Class M).* This class includes published or unpublished nondramatic films such as newsreels, travelogs, training or promotional films, nature studies, and filmed television programs having no plot.

**§ 202.16 Deposit of photographs or other identifying reproductions in lieu of copies.**

(a) *Availability of option.* In the case of a published work which is reproduced in copies for sale, classified in Classes

(g), (h), (i), and (k) of section 5, title 17, U.S. Code, copies of which are considered by the Register of Copyrights to be impracticable of deposit because of their size, weight, fragility, or monetary value, photographs or other identifying reproductions may be deposited in lieu of copies as provided by section 13, title 17, U.S. Code. The deposit of such photographs or reproductions shall be made in accordance with the following criteria:

(1) The number of sets of photographs or of reproductions to be submitted shall be the same as the number of copies provided by said section 13; duplicate sets shall be deposited unless the work is by a foreign author and has been published in a foreign country. Each set shall consist of as many photographs or reproductions in black and white, or in color, as are necessary to identify the work.

(2) All photographs or reproductions shall be of equal size, not less than 5 x 7 inches, and not exceeding 9 x 12 inches, but preferably 8 x 10 inches. The image of the work shown in all photographs or reproductions shall either be lifesize or larger, or if less than lifesize shall be at least 4 inches in its greatest dimension. The exact measurement of at least one dimension of the work shall be indicated on at least one corresponding photograph or reproduction in each set.

(3) The copyright notice and its position on the work must be clearly shown on at least one corresponding photograph or reproduction in each set. If, because of the size or location of the copyright notice, a photographic reproduction cannot be prepared, a drawing may be included in each set, of the same size as the photographs or reproductions, showing the exact appearance of the notice, its dimensions, and its specific position on the work.

(4) The title of the work shall appear on the front or back of each photograph or reproduction.

(5) A copy shall be considered to be impracticable of deposit if, because of its size, weight, fragility or monetary value, it is unsuited to the filing procedures of the Copyright Office.

(b) *Exceptions.* The provisions of this section, permitting the deposit of photographs in lieu of copies in certain cases, shall not apply to fine prints and two-dimensional art reproductions. The Register of Copyrights reserves the right in any other particular case to require as a condition precedent to registration, the deposit of copies of the work as published.

§ 202.17 Renewals:

(a) Claims to renew copyright must be registered within the last (28th) year of the original copyright term. The original term for a published work is computed from the date of first publication; the term for a work originally registered in unpublished form is computed from the date of registration in the Copyright Office. Unless the required application and fee are received

in the Copyright Office during the prescribed period before the first term of copyright expires, copyright protection is lost permanently and the work enters the public domain. The Copyright Office has no discretion to extend the renewal time limits.

(b) Renewal claims may be registered only in the names of persons falling within one of the classes of renewal claimants specified in the copyright law. If the work was a new version of a previous work, renewal may be claimed only in the new matter.

§ 202.18 Notices of use.

Notices of use of copyrighted musical compositions on mechanical instruments, required by section 1(e) of title 17, U.S. Code, will be recorded upon receipt of a properly executed Form U and upon payment of the prescribed fees. Notices of intention to use will be received pursuant to section 101(e) of title 17, U.S. Code; no special form is provided therefor.

Title 46—SHIPPING

Chapter I—Coast Guard, Department of the Treasury

[CGFR 59-22]

WORK VESTS

Pursuant to the notice of proposed rule making published in the FEDERAL REGISTER on April 9, 1959 (24 F.R. 2742-2751), and Merchant Marine Council Public Hearing Agenda CG-249, dated April 27, 1959, the Merchant Marine Council held a Public Hearing on April 27, 1959, for

the purpose of receiving comments, views and data. The proposals considered were identified as Items I to XII, inclusive. The proposed regulations to govern the use of work vests were set forth in detail as Item VII in the Agenda, CG-249, and a summary of the proposals was set forth in the previously mentioned FEDERAL REGISTER of April 9, 1959.

This document is the fifth of a series covering the regulations and actions considered at the April 27, 1959, Public Hearing and annual session of the Merchant Marine Council. The first document, CGFR 59-17, contains the actions taken with respect to Item VIII regarding power-operated industrial trucks. The second document, CGFR 59-20, contains the actions taken with respect to Item XI regarding suspension or revocation proceedings involving licenses, certificates or documents issued to individuals. The third document, CGFR 59-16, contains the final actions taken with respect to Item X regarding licensing or certifying of seamen, motorboat operators, or staff officers. The fourth document, CGFR 59-15, contains the final actions taken with respect to Item XII regarding the person in charge of a manned platform and emergency signals, and with respect to use of work vests on offshore artificial islands and fixed structures considered with Item VII.

The proposals regarding work vests in Item VII of the Agenda are approved with several minor changes. The comment requesting that similar provisions regarding work vests be added to cover motorboats was considered and accepted by adding similar regulations designated 46 CFR 185.35-1 to 185.35-20, inclusive, to the requirements governing small passenger vessels inspected and certificated under the Act of May 10, 1956 (46 U.S.C. 390b). The use of work vests NOT approved by the Commandant, U.S. Coast Guard, on inspected and certificated vessels is prohibited by the provisions in section 4491 of the Revised Statutes, as amended (46 U.S.C. 489), or implementing regulations. In 46 CFR 160.053-2 (a) a provision was added authorizing consideration to be given equivalent alternate designs.

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Orders 120, dated July 31, 1950 (15 F.R. 6521), 167-14, dated November 26, 1954 (19 F.R. 8026), 167-15, dated January 3, 1955 (20 F.R. 840), 167-20, dated June 18, 1956 (21 F.R. 4894), and CGFR 56-28, dated July 24, 1956 (21 F.R. 5659), to promulgate regulations in accordance with the statutes cited with the regulations below, the following amendments and regulations are prescribed and shall become effective 90 days after the date of publication of this document in the FEDERAL REGISTER:

#### SUBCHAPTER D—TANK VESSELS

### PART 35—OPERATIONS

#### Subpart 35.03—Work Vests

Part 35 is amended by inserting a new Subpart 35.03 entitled "Work Vests" to follow Subpart 35.01 and it consists of

§§ 35.03-1 to 35.03-20, inclusive, reading as follows:

- Sec.  
35.03-1 Application—TB/ALL.  
35.03-5 Approved unicellular plastic foam work vests—TB/ALL.  
35.03-10 Use—TB/ALL.  
35.03-15 Shipboard stowage—TB/ALL.  
35.03-20 Shipboard inspections—TB/ALL.

AUTHORITY: §§ 35.03-1 to 35.03-20 issued under R.S. 4405, as amended, 4417a, as amended, 4462, as amended; 46 U.S.C. 375, 391a, 416. Interpret or apply sec. 2, 54 Stat. 1028, as amended, sec. 3, 68 Stat. 675; 46 U.S.C. 463a, 50 U.S.C. 198; E.O. 10402, 17 F.R. 9917; 3 CFR, 1952 Supp.

#### § 35.03-1 Application—TB/ALL.

(a) Provisions of this subpart shall apply to all tank vessels.

#### § 35.03-5 Approved unicellular plastic foam work vests—TB/ALL.

(a) Buoyant work vests carried under the permissive authority of this subpart shall conform to the specifications contained in Subpart 160.053 in Subchapter Q (Specifications) of this chapter.

#### § 35.03-10 Use—TB/ALL.

(a) Approved buoyant work vests are considered to be items of safety apparel and may be carried aboard tank vessels to be worn by crew members when working near or over the water under favorable working conditions. They shall be used under the supervision and control of designated ship's officers. When carried, such vests shall not be accepted in lieu of any portion of the required number of approved life preservers and shall not be substituted for the approved life preservers required to be worn during drills and emergencies.

#### § 35.03-15 Shipboard stowage—TB/ALL.

(a) The approved buoyant work vests shall be stowed separately from the regular stowage of approved life preservers.

(b) The locations for the stowage of work vests shall be such as not to be easily confused with that for approved life preservers.

#### § 35.03-20 Shipboard inspections—TB/ALL.

(a) Each work vest shall be subject to examination by a marine inspector to determine its serviceability. If found to be satisfactory, it may be continued in service, but shall not be stamped by a marine inspector with a Coast Guard stamp. If a work vest is found not to be in a serviceable condition, then such work vest shall be removed from the vessel. If a work vest is beyond repair, it shall be destroyed or mutilated in the presence of a marine inspector so as to prevent its continued use as a work vest.

#### SUBCHAPTER H—PASSENGER VESSELS

### PART 78—OPERATIONS

#### Subpart 78.36—Work Vests

Part 78 is amended by inserting a new Subpart 78.36 entitled "Work Vests" to follow Subpart 78.35 and it consists of §§ 78.36-1 to 78.36-20, inclusive, reading as follows:

- Sec.  
78.36-1 Application.  
78.36-5 Approved unicellular plastic foam work vests.  
78.36-10 Use.  
78.36-15 Shipboard stowage.  
78.36-20 Shipboard inspections.

AUTHORITY: §§ 78.36-1 to 78.36-20 issued under R.S. 4405, as amended, 4462, as amended; 46 U.S.C. 375, 416. Interpret or apply R.S. 4417, as amended, 4418, as amended, 4426, as amended, 4453, as amended, 4488, as amended, 4491, as amended, secs. 1, 2, 49 Stat. 1544, as amended, sec. 17, 54 Stat. 166, as amended, sec. 3, 54 Stat. 347, as amended, sec. 3, 68 Stat. 675, sec. 3, 70 Stat. 152; 46 U.S.C. 391, 392, 404, 435, 481, 489, 367, 526p, 1333, 390b, 50 U.S.C. 198; E.O. 10402, 17 F.R. 9917; 3 CFR, 1952 Supp.

#### § 78.36-1 Application.

(a) Provisions of this subpart shall apply to all vessels inspected and certificated in accordance with this subchapter.

#### § 78.36-5 Approved unicellular plastic foam work vests.

(a) Buoyant work vests carried under the permissive authority of this subpart shall conform to the specifications contained in Subpart 160.053 in Subchapter Q (Specifications) of this chapter.

#### § 78.36-10 Use.

(a) Approved buoyant work vests are considered to be items of safety apparel and may be carried aboard vessels to be worn by crew members when working near or over the water under favorable working conditions. They shall be used under the supervision and control of designated ship's officers. When carried, such vests shall not be accepted in lieu of any portion of the required number of approved life preservers and shall not be substituted for the approved life preservers required to be worn during drills and emergencies.

#### § 78.36-15 Shipboard stowage.

(a) The approved buoyant work vests shall be stowed separately from the regular stowage of approved life preservers.

(b) The locations for the stowage of work vests shall be such as not to be easily confused with that for approved life preservers.

#### § 78.36-20 Shipboard inspections.

(a) Each work vest shall be subject to examination by a marine inspector to determine its serviceability. If found to be satisfactory, it may be continued in service, but shall not be stamped by a marine inspector with a Coast Guard stamp. If a work vest is found not to be in a serviceable condition, then such work vest shall be removed from the vessel. If a work vest is beyond repair, it shall be destroyed or mutilated in the presence of a marine inspector so as to prevent its continued use as a work vest.

#### SUBCHAPTER I—CARGO AND MISCELLANEOUS VESSELS

### PART 97—OPERATIONS

#### Subpart 97.34—Work Vests

Part 97 is amended by inserting a new Subpart 97.34 entitled "Work Vests" to follow Subpart 97.33 and it consists of

§§ 97.34-1, 97.34-20, inclusive, reading as follows:

- Sec. 97.34-1 Application.
- 97.34-5 Approved unicellular plastic foam work vests.
- 97.34-10 Use.
- 97.34-15 Shipboard stowage.
- 97.34-20 Shipboard inspections.

AUTHORITY: §§ 97.34-1 to 97.34-20 issued under R.S. 4405, as amended, 4462, as amended; 46 U.S.C. 375, 416. Interpret or apply R.S. 4417, as amended, 4418, as amended, 4426, as amended, 4453, as amended, 4488, as amended, 4491, as amended, secs. 1, 2, 49 Stat. 1544, as amended, sec. 17, 54 Stat. 166, as amended, sec. 3, 68 Stat. 675; 46 U.S.C. 391, 392, 404, 435, 481, 489, 367, 526p, 1333, 50 U.S.C. 198; E.O. 10402, 17 F.R. 9917, 3 CFR, 1952 Supp.

§ 97.34-1 Application.

(a) Provisions of this subpart shall apply to all vessels inspected and certificated in accordance with this subchapter.

§ 97.34-5 Approved unicellular plastic foam work vests.

(a) Buoyant work vests carried under the permissive authority of this subpart shall conform to the specifications contained in Subpart 160.053 in Subchapter Q (Specifications) of this chapter.

§ 97.34-10 Use.

(a) Approved buoyant work vests are considered to be items of safety apparel and may be carried aboard vessels to be worn by crew members when working near or over the water under favorable working conditions. They shall be used under the supervision and control of designated ship's officers. When carried, such vests shall not be accepted in lieu of any portion of the required number of approved life preservers and shall not be substituted for the approved life preservers required to be worn during drills and emergencies.

§ 97.34-15 Shipboard stowage.

(a) The approved buoyant work vests shall be stowed separately from the regular stowage of approved life preservers.

(b) The locations for the stowage of work vests shall be such as not to be easily confused with that for approved life preservers.

§ 97.34-20 Shipboard inspections.

(a) Each work vest shall be subject to examination by a marine inspector to determine its serviceability. If found to be satisfactory, it may be continued in service, but shall not be stamped by a marine inspector with a Coast Guard stamp. If a work vest is found not to be in a serviceable condition, then such work vest shall be removed from the vessel. If a work vest is beyond repair, it shall be destroyed or mutilated in the presence of a marine inspector so as to prevent its continued use as a work vest.

titled "Work Vests, Unicellular Foam," and it consists of §§ 160.053-1 to 160.053-6, inclusive, reading as follows:

- Sec. 160.053-1 Applicable specifications.
- 160.053-2 Type.
- 160.053-3 Materials, construction and workmanship.
- 160.053-4 Inspections and tests.
- 160.053-5 Marking.
- 160.053-6 Procedure for approval.

AUTHORITY: §§ 160.053-1 to 160.053-6 issued under R.S. 4405, as amended, 4462, as amended; 46 U.S.C. 375, 416. § 160.053-1 Applicable specifications.

(a) *Specification.* The following specification of the issue in effect on the date unicellular plastic foam work vests are manufactured, form a part of this subpart:

(1) Military specification: MIL-L-17653A—Life Preserver, Vest, Work Type, Unicellular Plastic.

(b) *Copies on file.* Copies of the above specification, as well as the various specifications forming a part thereof, shall be kept on file by the manufacturer, together with the certificate of approval. They shall be kept for a period consisting of the duration of approval and 6 months after termination of approval. Federal Specifications may be purchased from the Business Service Center, General Services Administration, Washington 25, D.C. Military specifications may be obtained from the Bureau of Supplies and Accounts, Department of the Navy, Washington 25, D.C.

§ 160.053-2 Type.

(a) Unicellular plastic foam work vests specified by this subpart shall be of the type described in Military Specification MIL-L-17653A, but alternate designs equivalent in materials, construction, performance, and workmanship will be given consideration.

§ 160.053-3 Materials, construction and workmanship.

(a) *General.* The materials, construction and workmanship of unicellular plastic foam work vests specified by this subpart shall conform to the requirements of Military Specification MIL-L-17653A, except as otherwise specifically provided by this subpart.

(b) *Color of envelope.* Indian Orange, Cable No. 70072, Standard Color Card of America, will be acceptable in lieu of the Scarlet-Munsell 7.5 red 6/10 color specified for envelopes or covers by paragraph 3.1.1.1 of Specification MIL-L-17653A.

(c) *Color of webbing and thread.* The color of the webbing and thread need not match the color of the envelope as specified by paragraphs 3.1.3 and 3.2.8 of Specification MIL-L-17653A.

§ 160.053-4 Inspections and tests.

(a) *General.* Work vests are not inspected at regularly scheduled factory inspections; however, the Commander of the Coast Guard District may detail a marine inspector at any time to visit any place where work vests are manufactured to observe production methods and to conduct any inspections or tests which may be deemed advisable. The marine inspector shall be admitted to any place in the factory where work is done on work vests or component materials, and samples of materials entering into construction may be taken by the marine inspector and tests made for compliance with the applicable requirements.

(b) *Manufacturer's inspections and tests.* Manufacturers of approved work vests shall maintain quality control of the materials used, manufacturing methods, workmanship, and the finished product so as to meet the requirements of this specification, and shall make full inspections and tests of representative samples from each lot to maintain the quality of their product.

(c) *Lot size.* A lot shall consist of not more than 500 work vests manufactured at the same time. Lots shall be numbered serially by the manufacturer, and if at any time during the manufacture of a lot, any change or modification in materials or production methods is made, a new lot shall be started.

(d) *Test facilities.* The manufacturer shall provide a suitable place and shall have on hand the necessary apparatus for conducting buoyancy tests in compliance with this specification. The apparatus shall include accurate spring scales of adequate capacity, weighted wire mesh baskets, and a test tank or tanks which can be locked or sealed in such a manner as to preclude disturbance of work vests undergoing tests or change in water level.

(e) *Buoyancy—(1) Buoyancy test method.* Remove the buoyant inserts from the vest. Securely attach the spring scale in a position directly over the test tank. Suspend the weighted wire basket from the scale in such a manner that the basket can be weighed while it is completely under water. In order to measure the actual buoyancy provided by the inserts, the underwater weight of the empty basket should exceed the buoyancy of the inserts. To obtain the buoyancy of the inserts, proceed as follows:

(i) Weigh the empty wire basket under water.

(ii) Place the inserts inside the basket and submerge it so that the top of the basket is at least 2 inches below the surface of the water. Allow the inserts to remain submerged for 24 hours. The tank shall be locked or sealed during this 24-hour submergence period.

(iii) After the 24-hour submergence period, unlock the tank and weigh the wire basket with the inserts inside while both are still under water.

(iv) The buoyancy is computed as (i) minus (iii).

(2) *Buoyancy required.* The buoyant inserts from work vests shall provide not less than 17½ pounds buoyancy in fresh water.

SUBCHAPTER Q—SPECIFICATIONS  
PART 160—LIFESAVING EQUIPMENT  
Subpart 160.053—Work Vests,  
Unicellular Plastic Form

Part 160 is amended by adding at the end thereof a new Subpart 160.053 en-

**§ 160.053-5 Marking.**

(a) *General.* Each work vest shall be marked with a rectangular cloth tag attached to the envelope by stitching along all edges of the tag. The following information shall be plainly printed in waterproof ink on each tag:

WORK VEST FOR MERCHANT VESSELS

U.S. COAST GUARD APPROVAL NO. -----

Lot No. -----

This vest is filled with unicellular plastic foam, which repeated wettings will not injure. When vest is wet, hang up and dry thoroughly.

(Name and Address of Manufacturer.)

(b) *Additional marking required.* In addition to the wording included on the marking tag, on a front compartment of each work vest there shall be stenciled in waterproof ink in letters not less than one inch in height, the words, "WORK VEST ONLY."

(c) *Waterproofness of marking tags.* Marking tags shall be sufficiently waterproof so that after 48 hours submergence in water, they will withstand rubbing by hand with moderate pressure while wet without the printed matter becoming illegible.

**§ 160.053-6 Procedure for approval.**

(a) *General.* Work vests for use on merchant vessels are approved only by the Commandant, U.S. Coast Guard, Washington 25, D.C. Application for approval and correspondence pertaining to this specification shall be addressed to the Commander of the Coast Guard District in which the factory is located.

(b) *Pre-approval samples and tests.* Upon receipt of an application for approval of work vests, the Commander of the Coast Guard District will detail a marine inspector to the factory to observe the production facilities and manufacturing methods and to select, from not less than ten work vests already manufactured, not less than three for examination and test for compliance with the requirements of this specification. A copy of the marine inspector's report, together with a fourth specimen vest and one set of pad inserts selected from those already manufactured will be forwarded to the Commandant, and if satisfactory, an official approval number will be assigned to the manufacturer for the work vest submitted.

**SUBCHAPTER R—NAUTICAL SCHOOLS****PART 167—PUBLIC NAUTICAL SCHOOL SHIPS****Subpart 167.43—Work Vests**

Part 167 is amended by inserting a new Subpart 167.43 entitled "Work Vests" to follow Subpart 167.40 and it consists of §§ 167.43-1 to 167.43-20, inclusive, reading as follows:

Sec.

167.43-1 Application.  
167.43-5 Approved unicellular plastic foam work vests.

Sec.

167.43-10 Use.  
167.43-15 Shipboard stowage.  
167.43-20 Shipboard inspections.

*AUTHORITY:* §§ 167.43-1 to 167.43-20 issued under R.S. 4405, as amended, 46 U.S.C. 375. Interpret or apply R.S. 4417, as amended, 4418, as amended, 4426, as amended, 4453, as amended, 4488, as amended, 4491, as amended, 41 Stat. 305, as amended, secs. 1, 2, 49 Stat. 1544, as amended, sec. 17, 54 Stat. 166, as amended, sec. 3, 68 Stat. 675; 46 U.S.C. 391, 392, 404, 435, 481, 489, 363, 367, 526p, 50 U.S.C. 198; E.O. 10402, 17 F.R. 9917, 3 CFR, 1952 Supp.

**§ 167.43-1 Application.**

(a) Provisions of this subpart shall apply to all vessels inspected and certificated in accordance with this subchapter.

**§ 167.43-5 Approved unicellular plastic foam work vest.**

(a) Buoyant work vests carried under the permissive authority of this subpart shall conform to the specifications contained in Subpart 160.053 in Subchapter Q (Specifications) of this chapter.

**§ 167.43-10 Use.**

(a) Approved buoyant work vests are considered to be items of safety apparel and may be carried aboard vessels to be worn by crew members when working near or over the water under favorable working conditions. They shall be used under the supervision and control of designated ship's officers. When carried, such vests shall not be accepted in lieu of any portion of the required number of approved life preservers and shall not be substituted for the approved life preservers required to be worn during drills and emergencies.

**§ 167.43-15 Shipboard stowage.**

(a) The approved buoyant work vests shall be stowed separately from the regular stowage of approved life preservers.

(b) The locations for the stowage of work vests shall be such as not to be easily confused with that for approved life preservers.

**§ 167.43-20 Shipboard inspections.**

(a) Each work vest shall be subject to examination by a marine inspector to determine its serviceability. If found to be satisfactory, it may be continued in service, but shall not be stamped by a marine inspector with a Coast Guard stamp. If a work vest is found not to be in a serviceable condition, then such work vest shall be removed from the vessel. If a work vest is beyond repair, it shall be destroyed or mutilated in the presence of a marine inspector so as to prevent its continued use as a work vest.

**SUBCHAPTER T—SMALL PASSENGER VESSELS (NOT MORE THAN 65 FEET IN LENGTH)****PART 185—OPERATIONS****Subpart 187.35—Work Vests**

Part 185 is amended by adding at the end thereof a new Subpart 187.35 en-

titled "Work Vests" and it consists of §§ 185.35-1 to 185.35-20, inclusive, reading as follows:

Sec.

185.35-1 Application.

185.35-20 Shipboard inspections.

*AUTHORITY:* §§ 185.35-1 to 185.35-20 issued under sec. 3, 70 Stat. 152; 46 U.S.C. 390b. Interpret or apply R.S. 4488, as amended, 4491, as amended; 46 U.S.C. 481, 489.

**§ 185.35-1 Application.**

(a) Provisions of this subpart shall apply to all vessels inspected and certificated in accordance with this subchapter.

**§ 185.35-5 Approved unicellular plastic foam work vests.**

(a) Buoyant work vests carried under the permissive authority of this subpart shall conform to the specifications contained in Subpart 160.053 in Subchapter Q (Specifications) of this chapter.

**§ 185.35-10 Use.**

(a) Approved buoyant work vests are considered to be items of safety apparel and may be carried aboard vessels to be worn by crew members when working near or over the water under favorable working conditions. They shall be used under the supervision and control of designated ship's officers. When carried, such vests shall not be accepted in lieu of any portion of the required number of approved life preservers and shall not be substituted for the approved life preservers required to be worn during drills and emergencies.

**§ 185.35-15 Shipboard stowage.**

[Docket No. 12852; FCC 59-559]

**PART 2—FREQUENCY ALLOCATIONS AND RADIO TREATY MATTERS; GENERAL RULES AND REGULATIONS**

**International Fixed Public Radio-Communication Service in Puerto Rico and the Virgin Islands**

In the matter of amendment of Part 2 of the Commission's rules and regulations to provide for the assignment of frequencies in the 952-960 Mc band to stations in the International Fixed Public Radio-communication Service in Puerto Rico and the Virgin Islands; Docket No. 12852.

1. On April 15, 1959, the Commission adopted a Notice of Proposed Rule Making in the above-entitled matter which was released on April 16, 1959, and published in the FEDERAL REGISTER on April 21, 1959 (24 F.R. 3057).

2. The period for filing comments and reply comments in this matter expired on May 28, 1959. Comments were received from the All America Cables and Radio, Inc. (AACR), Radio Corporation of

Puerto Rico (RCPR), and the National Committee for Utilities Radio (NCUR).

3. The AACR and RCPR favored the proposal and NCUR offered no objection. All are in agreement that the assignment of frequencies in the 952-960 Mc band to the International Fixed Public Services be limited to Puerto Rico and the Virgin Islands.

4. In view of the foregoing: *It is ordered*, That pursuant to the authority contained in sections 303 (c), (f) and (r) of the Communications Act of 1934, as amended, Part 2 of the Commission's rules is amended, effective July 10, 1959, as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U.S.C. 154. Interprets or applies sec. 303, 48 Stat. 1062, as amended; 47 U.S.C. 303.)

Adopted: June 10, 1959.

Released: June 12, 1959.

FEDERAL COMMUNICATIONS COMMISSION,  
MARY JANE MORRIS,

**PROPOSED RULE MAKING**

**POST OFFICE DEPARTMENT**

[ 39 CFR Part 95 ]

**TRANSPORTATION OF MAIL BEYOND BORDERS OF UNITED STATES**

**Transportation and Protection of Mail Between Post Offices and Ships**

Paragraph (c) of § 95.1, Title 39, Code of Federal Regulations, deals with the protection to be accorded mail during the course of its transportation between post offices and steamship piers. The last sentence of the paragraph presently provides that "when a rack type truck is used the sacks shall be covered by a tarpaulin."

From information before the Department it appears that there is some misinterpretation of this requirement of the regulations. It is proposed, therefore, to restate and clarify this requirement.

The proposed amendment relates to a proprietary function of the Government and hence is exempt from the rule making requirements of the Administrative Procedure Act (5 U.S.C. 1003). However, it is the desire of the Postmaster General voluntarily to observe the rule making requirements of the Administrative Procedure Act in matters of this kind, and to afford the patrons of the Postal Service an opportunity to present written views concerning the proposed amendment. Accordingly, such written views may be submitted to Mr. Greever P. Allan, Director, International Service Division, Bureau of Transportation, Post Office Department, Washington 25, D.C., at any time prior to the expiration of 30 days from the date of publication of this document. The proposed amendment is as follows:

In § 95.1 *Transportation and protection of mail between post offices and ships*, amend paragraph (c) by striking out the last sentence reading "When a rack type truck is used the sacks shall be covered by a tarpaulin" and by inserting in lieu thereof a sentence reading "When open-top trucks are used the sacks shall be covered by a fire-proof and rain-proof tarpaulin which must be fastened securely to the body of the truck", so that the paragraph will read:

(c) *Vehicles and attendants.* Each vehicle used to transport mail between post offices and vessels, except the completely closed van type, shall be provided with a man to ride on the rear of the vehicle to protect the mail. The mail compartment of the completely closed van type vehicle must be locked or sealed.
