PART 274—FORMS PRESCRIBED UNDER THE INVESTMENT COMPANY ACT OF 1940

Annual Report Form for Small Business Investment Companies

§ 274.5 Form N–5R, Form for annual reports of small business investment companies under the Investment Company Act of 1940 and the Securities Exchange Act of 1934.

(a) The Securities and Exchange Commission has adopted a form[1] for annual reports required to be filed with the Commission by small business investment companies licensed under the Small Business Investment Act of 1958. The form was adopted pursuant to the Investment Company Act of 1940, particularly section 38(a) thereof, and the Securities Exchange Act of 1934, particularly section 23(a) thereof. A preliminary draft of the form was published June 22, 1960.

(b) Small business investment companies registered under the Investment Company Act of 1940 are required by section 30(a) of that Act to file annual reports with the Commission. Any such company which has securities listed and registered on a national securities exchange or which has registered a certain amount of securities under the Securities Act of 1933 is required to file similar annual reports pursuant to section 13 or 15(d) of the Securities Exchange Act of 1934. The new form is a combination form which will enable a small business investment company to file with the Commission a single annual report meeting all of the above-mentioned annual reporting requirements. This form permits such companies to meet the Commission's requirements as to financial statements by filing copies of the company's annual financial report to the Small Business Administration pursuant to the Small Business Investment Act of 1958.

(c) Rule 30a–1 under the Investment Company Act of 1940 provides that annual reports of registered investment companies shall be filed not more than 120 days after the close of the fiscal year. Since small business investment companies have a fiscal year ending on March 31, their annual reports would ordinarily be due on or before July 29. Inasmuch as the period for filing the initial annual reports of such companies due July 29, 1960, has expired, the period for filing such initial reports has been extended to August 31, 1960.

(d) In order that the new form may be available for immediate use by any company desiring to do so, the foregoing ac-

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Tolerances for Residues of 6,7,8,9,10,10-Hexachloro-1,5,5a,6,9,9a-Hexahydro-6,9-Methano-2,4,3-Benzodioxathiepin-3-Oxide

A petition was filed with the Food and Drug Administration by Niagara Chemical Division, Food Machinery and Chemical Corporation, Middleport, New York, requesting the establishment of tolerances for residues of 6,7,8,9,10,10-hexachloro-1,5,5a,6,9,9a-hexahydro-6,9-methano-2,4,3-benzodioxathiepin-3-oxide in or on peaches and strawberries. The request for a tolerance on peaches was later withdrawn and the tolerance level requested on strawberries was increased from 1.5 to 2 parts per million.

The Secretary of Agriculture has certified that this pesticide chemical is useful for the purposes for which a tolerance is being established.

After consideration of the data submitted in the petition and other relevant material which show that the tolerance established in this order will protect the public health, and by virtue of the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 408 (d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2)) and delegated to the Commissioner of Food and Drugs by the Secretary (21 CFR 120.7(g)), the regulations for tolerances for pesticide chemicals in or on raw agricultural commodities (21 CFR Part 120) are amended as indicated below:

§ 120.3 [Amendment]

a. Paragraphs (a) and (b) are amended by changing the words "chlorinated hydrocarbons" to read "chlorinated organic compounds".

b. Paragraph (e)(4) is amended to read:

(4) The following are members of the class of chlorinated organic compounds:

and by inserting after the item "Dieldrin" the following item:

6,7,8,9,10,10-Hexachloro-1,5,5a,6,9,9a-hexahydro-6,9-methano-2,4,3-benzodioxathiepin-3-oxide.

2. Part 120 is further amended by adding the following new section:

§ 120.182 Tolerance for residues of 6,7,8,9,10,10 - hexachloro - 1,5,5a,6,9,9a - hexahydro - 6,9-methano-2,4,3-benzodioxathiepin-3-oxide.

A tolerance of 2 parts per million is established for residues of 6,7,8,9,10,10-hexachloro- 1,5,5a,6,9,9a-hexahydro-6,9-methano-2,4,3 - benzodioxathiepin-3-oxide in or on strawberries.

Any person who will be adversely affected by the foregoing order may at any time prior to the thirtieth day from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by this order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER.

Dividends on deposit under the provisions of this paragraph will be used in addition to the reserve on the policy for the purpose of computing the period of extended term insurance or the amount of paid-up insurance as provided in §§ 8.29 and 8.30, respectively. Any dividend credit of a person who no longer has insurance in force by payment or waiver of premiums will be paid in cash to such person. If a person has a dividend credit option on a lapsed level premium term policy or a permanent plan policy on which extended term insurance has expired and such person has another policy in force by payment or waiver of premiums, any dividend credit or unpaid dividends on the lapsed policy, in the absence of instructions from the insured to the contrary, will be transferred to the policy which is in force and will be held on such policy as a dividend credit. Such dividend credit will be deemed to have accrued on the policy which is in force. Upon maturity of the policy, any dividend on deposit, any unpaid dividend payable in cash, and any dividend credit accruing from such policy which cannot be used to pay premiums will be paid to the person currently entitled to receive payments under the policy. If the policy is not in force at death, any such unpaid dividends and dividend credits will be paid to the insured's estate.

Title 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[FCC 60-975]

PART 1—PRACTICE AND PROCEDURE

Certain Standard Broadcast Applications

At a session of the Federal Communications Commission held at its offices in Washington, D.C., on the 29th day of July 1960;

It appearing that § 1.351 of the Commission's rules provides for deferment of action on designated categories of applications for standard broadcast facilities on clear channel frequencies; and

It further appearing that prior to September 18, 1959, when the Commission concluded its initial Daytime Skywave proceeding (Docket No. 8333), the "freeze" on the processing of certain categories of applications for standard broadcast facilities on clear channels as theretofore provided in § 1.351 of the rules was contingent upon conclusion of Docket No. 8333; and that in Orders released September 22, 1959 (FCC 59-971) and October 30, 1959 (FCC 59-1111) the Commission noted that the clear channel frequencies listed in § 1.351 were relevant also to the clear channel proceeding (Docket No. 6741), and revised the "freeze" provision of § 1.351 to provide that specified categories of standard broadcast applications on the clear channels would be withheld pending conclusion of the proceeding in Docket No. 6741; and

It further appearing that it is desirable to eliminate distinctions in § 1.351 between stations operating day and night with the same radiation characteristics and stations operating day and night with different characteristics, which were pertinent to the Daytime Skywave proceeding (Docket No. 8333) but which are not pertinent to possible clear channel reallocations in Docket No. 6741; and

It further appearing that the present policy of deferring action on applications for station assignments which could prejudice the implementation of clear channel reallocations now being considered in Docket No. 6741 can be clarified by a revision of § 1.351; and

It further appearing that preservation of due latitude in making clear channel reallocations in Docket No. 6741 does not necessitate deferring action on applications for standard broadcast facilities outside the forty-eight continental states on clear channel frequencies; and

It further appearing that the changes adopted herein are procedural in nature; that some of them remove previous restrictions on processing of applications; that those which extend the categories of applications to be held without action pending a decision in Docket No. 6741 are necessary at this time to avoid prejudice to clear channel reallocation now under consideration in Docket No. 6741; and that for these reasons the public notice procedure and effective date notification, otherwise required by section 4 of the Administrative Procedure Act, are unnecessary; and the amendments may become effective immediately; and

It further appearing that authority for the action taken herein is found in sections 4(i) and 303 of the Communications Act of 1934, as amended;

It is ordered, That, effective August 2, 1960, § 1.351 of the Commission's rules is amended to read as stated below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U.S.C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U.S.C. 303)

Released: August 2, 1960.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] BEN F. WAPLE,
Acting Secretary.

Section 1.351 is amended to read as follows:

§ 1.351 Standard broadcast applications on which action will be withheld pending conclusion of the proceeding in Docket No. 6741.

(a) The following types of applications proposing operation within the continental United States on the frequencies listed in paragraph (c) of this section will be accepted for filing if they conform with the requirements of Part 3 of this chapter, but will be held without action pending a decision in the Clear Channel proceeding (Docket No. 6741):

(1) New stations.

(2) Changes of frequency.

(3) Increased power.

(4) Major changes of antenna radiation pattern.

(5) Change of station location involving a substantial change in transmitter location.

(b) Action will not be withheld on applications for facilities in Alaska, Hawaii, Puerto Rico, and the Virgin Islands.
