### PART 73—SPECIAL USE AIRSPACE [NEW]

#### Alteration of Restricted Area

The purpose of this amendment to § 73.71 [New] of the Federal Aviation Regulations is to reduce the size of the Punta Figuras, Puerto Rico, Restricted Area R-7102 and to alter the designated altitude so that it corresponds with the type of activity being conducted in the area.

The Department of the Army has stated that their activities in this area are now confined to 40 mm weapon firing, approximately three days per year, and that this can be contained in a smaller area than that presently designated in R-7102. The maximum altitude required is 15,000 feet MSL.

The U.S. Marine Corps activity in this area, on a shared-use basis, will be the firing of Hawk missiles, approximately fifteen days per year. This activity can be accomplished in the same geographical area but will require a maximum designated altitude of 30,000 feet MSL.

Therefore, action is taken herein to reduce the size of R-7102 and to alter the designated altitude so that it corresponds with the type of activity being conducted.

Since this amendment reduces the burden on the public, compliance with the Notice, public procedure and effective date requirements of section 4 of the Administrative Procedures Act is unnecessary and it may be made effective upon publication.

In consideration of the foregoing, § 73.71 *Puerto Rico* (28 F.R. 19-48, January 26, 1963) is amended to read:

R-7102, Punta Figuras, Puerto Rico.

**Boundaries.** Beginning at latitude 17°57'14" N., longitude 66°02'52" W.; to latitude 17°55'10" N., longitude 65°58'45" W.; thence 3 nautical miles from and parallel to the shoreline to latitude 17°53'45" N., longitude 66°07'10" W.; clockwise along the arc of an 11,000 yard radius circle centered at latitude 17°57'14" N., longitude 66°02'52" W.; to latitude 17°55'55" N., longitude 66°08'25" W.; to point of beginning.

**Designated altitude.** Surface to 15,000 feet MSL or surface to 30,000 feet MSL as specified in NOTAMs required to activate the area.

**Time of designation.** Sunrise to sunset during periods of unrestricted visibility and only after issuance of NOTAMs by the Commandant, 10th Naval District at least 48 hours prior to firing. NOTAMs also to be issued upon cessation of firing.

**Using agency.** Commanding General, U.S. Army, Caribbean, San Juan, Puerto Rico.

(Sec. 307(a), 72 Stat. 749; U.S.C. 1348)

This amendment shall become effective upon the date of publication in the FEDERAL REGISTER.

Issued in Washington, D.C., on April 10, 1963.

### PART 73—SPECIAL USE AIRSPACE [NEW]

#### Alteration of Restricted Area

The purpose of this amendment to § 73.66 of the Federal Aviation Regulations is to expand the eastern boundary and to lower the designated altitude of the Camp Pickett, Va., Restricted Area R-6602 from "surface to 22,000 feet MSL" to "surface to 18,500 feet MSL."

The Department of the Army has advised that a slight expansion of the eastern boundary of R-6602 is necessary to obtain the proper placement of artillery and realistic training which the present placement will not permit due to the lack of designated airspace in the vicinity of the eastern boundary.

The increase in this area is relatively small and is wholly above the existing Camp Pickett Military Reservation. There will be no encroachment upon adjacent airways. Since the increase will not actually increase a burden on the public, notice and public procedure hereon are unnecessary and this action may be made effective immediately.

In consideration of the foregoing, the following action is taken:

1. In § 73.66 *Virginia* (28 F.R. 19-44, 485) the Camp Pickett, Va., Restricted Area R-6602 is amended to read:

R-6602 Camp Pickett, Va.

**Boundaries.** Beginning at latitude 37°05'37" N., longitude 77°51'54" W.; to latitude 37°04'25" N., longitude 77°51'45" W.; along State Highway No. 40 to latitude 37°03'55" N., longitude 77°51'05" W.; to latitude 37°02'43" N., longitude 77°50'38" W.; to latitude 37°01'05" N., longitude 77°50'43" W.; to latitude 36°57'54" N., longitude 77°53'19" W.; to latitude 36°58'12" N., longitude 77°57'42" W.; to latitude 37°01'50" N., longitude 77°58'40" W.; to latitude 37°01'50" N., longitude 77°55'58" W.; to latitude 37°05'37" N., longitude 77°56'00" W.; to point of beginning.

**Designated altitudes.** Surface to 18,500 feet MSL.

**Time of designation.** Continuous from June 1 through September 8; 0600 e.s.t. Saturday to 2200 e.s.t. Sunday from September 9 through May 31; other times after issuance of NOTAMs by the using agency at least 48 hours in advance. When activated by NOTAM, another NOTAM shall be issued upon termination of use.

**Using agency.** Commanding General, Second United States Army, Fort Meade, Md. (Sec. 307(a), 72 Stat. 749; 49 U.S.C. 1348)

This amendment shall become effective upon the date of publication in the FEDERAL REGISTER.

Issued in Washington, D.C., on April 9, 1963.

## Title 16—COMMERCIAL PRACTICES

### Chapter I—Federal Trade Commission [Docket 7351o.]

#### PART 13—PROHIBITED TRADE PRACTICES

##### Continental Wax Corp. et al.

Subpart—Advertising falsely or misleadingly: § 13.170 *Qualities or properties of product or service*; § 13.170-30 *Durability or permanence*. Subpart—Misbranding or mislabeling: § 13.1290 *Qualities or properties*. Subpart—Using misleading name—goods: § 13.2325 *Qualities or properties*.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Cease and desist order, Continental Wax Corporation et al., Mount Vernon, N.Y., Docket 7351, Mar. 29, 1963]

*In the Matter of Continental Wax Corporation, a Corporation, and Lee Hall, Herbert Heller, and Jack Heller, Individually and as Officers of Said Corporation*

Order requiring Mount Vernon, N.Y., distributors of their liquid "Six Month Floor Wax", also known as "Continental Grip-Kote", to cease representing falsely—in newspaper advertising, by radio and television, and on the product itself—that the wax would give six months' satisfactory use on floors, and to cease using "six months" in the trade name of the product.

The order to cease and desist is as follows:

*It is ordered,* That respondents, Continental Wax Corporation, a corporation, and its officers, and Lee Hall, Herbert Heller, and Jack Heller, individually and as officers of said corporation, and respondents' agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of the household liquid wax "Six Month Floor Wax," also known as "Continental Grip-Kote," or any other product of substantially similar composition or possessing similar properties, whether sold under the same name or any other name, forthwith cease and desist from:

1. Representing, directly or by implication, that said household liquid floor wax will last for a period of six months or for any other definite period of time which is in excess of that for which said wax product is usually and customarily effective, for any and all of the purposes for which liquid floor waxes are ordinarily used.

2. Using the words or term "six month" or any other words or term denoting a definite period of time, in the trade name, to designate or describe the household liquid wax product, which is in excess of that for which said product is usually and customarily effective.

By "Final Order", report of compliance was required as follows:

It is further ordered, That respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: March 29, 1963.

By the Commission, Commissioner Egan concurring in the result.

In the Matter of Tom Mangakis, an Individual Trading as Exclusive Mink Plate Co.

Consent order requiring a jobber of fur plates in New York City to cease violating the Fur Products Labeling Act by failing, on invoices, to show the true animal name of fur used in fur products, to describe as natural fur products which were not artificially colored, and to set forth required item numbers.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

It is ordered, That Tom Mangakis, an individual trading as Exclusive Mink Plate Co., or under any other trade name and respondent's representatives, agents and employees, directly or through any corporate or other device, in connection with the introduction into commerce, or the sale, advertising, or offering for sale in commerce, or the transportation or distribution in commerce of fur products; or in connection with the sale, advertising, offering for sale, transportation, or distribution of fur products which are made in whole or in part of fur which has been shipped and received in commerce, as "commerce", "fur" and "fur product" are defined in the Fur Products Labeling Act, do forthwith cease and desist from:

1. Falsely or deceptively invoicing fur products by:

A. Failing to furnish invoices to purchasers of fur products showing in words and figures plainly legible all the information required to be disclosed by each

of the subsections of section 5(b)(1) of the Fur Products Labeling Act.

B. Failing to describe fur products which are not pointed, bleached, dyed, tip-dyed, or otherwise artificially colored as natural.

C. Failing to set forth on invoices the item number or mark assigned to a fur product.

It is further ordered, That the respondent herein shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

Issued: March 22, 1963.

## Title 21—FOOD AND DRUGS

### Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

#### SUBCHAPTER A—GENERAL

### PART 8—COLOR ADDITIVES

#### Subpart F—Listing of Color Additives for Drug Use Exempt From Certification

##### SYNTHETIC IRON OXIDE

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 706 (b) (1), (c) (2), 74 Stat. 403; 21 U.S.C. 376 (b) (1), (c) (2)), and under the authority delegated to him by the Secretary of Health, Education, and Welfare (25 F.R. 8625), the Commissioner of Food and Drugs, based on a petition filed by Smith Kline & French Laboratories, 1500 Spring Garden Street, Philadelphia 1, Pennsylvania, and other relevant material, finds that synthetic iron oxide when used in accordance with the conditions prescribed in this order is safe for use in or on drugs and that certification is not necessary for the protection of the public health: Therefore, it is ordered, That Part 8 be amended by adding to Subpart F of the following new section:

##### § 8.6001 Synthetic iron oxide.

(a) *Identity.* (1) The color additive synthetic iron oxide consists of any one or any combination of synthetically prepared iron oxides, including the hydrated forms. It is free from admixture with other substances.

(2) *Diluents in color additive mixtures:* Diluents in color additive mixtures for drug use containing synthetic iron oxide shall be limited to those listed in this subpart as safe and suitable in color additive mixtures for coloring drugs.

(b) *Specifications.* Synthetic iron oxide conforms to the following specifications, calculated on the basis of elemental iron content:

Copper (Cu), not more than 65 p.p.m.  
Lead (Pb), not more than 8 p.p.m.  
Arsenic (As) not more than 3 p.p.m.  
Vanadium (Va), not more than 50 p.p.m.  
Chromium (Cr), not more than 40 p.p.m.  
Cobalt (Co), not more than 300 p.p.m.  
Mercury (Hg), not more than 2 p.p.m.  
Manganese (Mn), not more than 0.40 percent.

(c) *Uses and restrictions.* The color additive synthetic iron oxide may be safely used to color ingested or topically applied drugs generally: *Provided*, That if the color additive is used in ingested drugs, the amount consumed in accordance with labeled or prescribed dosages does not exceed 5 milligrams, calculated as elemental iron, per day.

(d) *Label requirements.* The label of the color additive and any mixtures intended in whole or in part for coloring purposes prepared therefrom shall bear, in addition to the other information required by the act and other regulations in this chapter:

(1) The name of the color additive, synthetic iron oxide.

(2) A statement of the concentration of synthetic iron oxide, as elemental iron, contained therein.

(3) Adequate directions to provide a final product complying with the limitations prescribed in paragraph (b) of this section.

(e) *Exemption from certification.* Certification of this color additive is not necessary for the protection of the public health, and therefore batches thereof are exempt from the certification requirements of section 706(c) of the act.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing, and such objections must be supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

*Effective date.* This order shall become effective 60 days from the date of its publication in the FEDERAL REGISTER, except as to any provision that may be stayed by the filing of proper objections. Notice of the filing of objections or lack thereof will be announced by publication in the FEDERAL REGISTER.

(Secs. 701, 52 Stat. 1055 as amended; 706(b) (1), (c) (2), 74 Stat. 399, 402; 21 U.S.C. 371, 376(b) (1), (c) (2))

## SUBCHAPTER B—FOOD AND FOOD PRODUCTS

## PART 121—FOOD ADDITIVES

## Subpart C—Food Additives Permitted in Animal Feed and Animal Feed Supplements

## Subpart D—Food Additives Permitted in Food for Human Consumption

## CHLORTETRACYCLINE WITH SULFAMETHAZINE

1. The Commissioner of Food and Drugs, having evaluated the data submitted in a petition filed by American Cyanamid Company, Agricultural Division, Post Office Box 400, Princeton, New Jersey, and other relevant material, has

concluded that the following amendment to the food additive regulations should issue with respect to chlortetracycline with sulfamethazine for the treatment of bacterial scours in calves. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409 (c) (1), 72 Stat. 1786; 21 U.S.C. 348(c) (1)), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (25 F.R. 8625), § 121.208(d), (21 CFR 121.208, 27 F.R. 11800) is amended by adding to table 5 a new item 4 as follows:

## § 121.208 Chlortetracycline.

\* \* \* \* \*

(d) \* \* \*

TABLE 5—MISCELLANEOUS

Principal ingredient	Amount	Combined with—	Amount	Limitations	Indications for use
4. Chlortetracycline...	125 mg. per tablet.	Sulfamethazine.	2.5 gm. per tablet.	In tablets for oral ingestion by calves; as sole source of chlortetracycline and sulfamethazine; 125 mg. of chlortetracycline with 2.5 gm. of sulfamethazine per 100 lb. of animal weight per day for 3 days; do not administer within 5 days of slaughter for food; as chlortetracycline hydrochloride.	Treatment of bacterial scours in calves.

(Sec. 409(c) (1), 72 Stat. 1786; 21 U.S.C. 348 (c) (1))

2. Based upon an evaluation of the data before him and proceeding under the authority of the Federal Food, Drug, and Cosmetic Act (sec. 409(c) (4), 72 Stat. 1786; 21 U.S.C. 348(c) (4)), the Commissioner of Food and Drugs has further concluded that a tolerance limitation is required in order to assure that the use of the food additive sulfamethazine will not cause the edible tissues of calves that receive such medication in accordance with § 121.208 to be unsafe. Therefore, the following tolerance is established and Subpart D is amended by adding thereto the following new section:

## § 121.1124 Sulfamethazine.

The tolerance of zero is established for residues of the food additive sulfamethazine in the uncooked edible tissues of calves.

(Sec. 409(c) (4), 72 Stat. 1786; 21 U.S.C. 348 (c) (4))

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will

be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

**Effective date.** This order shall be effective on the date of its publication in the FEDERAL REGISTER.

## PART 121—FOOD ADDITIVES

## Subpart C—Food Additives Permitted in Animal Feed or Animal-Feed Supplements

## Subpart D—Food Additives Permitted in Food for Human Consumption

## NICKEL SULFATE

A petition was filed by Rohm and Haas Company, 222 West Washington Square, Philadelphia 5, Pennsylvania, proposing the establishment of a tolerance of 175 parts per million for residues of nickel sulfate (calculated as Ni) in the bran of barley, oats, rice, rye, and wheat resulting from the carryover and concentration of residues in these food and feed items processed from the treated grains.

The Commissioner of Food and Drugs, having evaluated the data submitted in the petition and other relevant material, has concluded that the following regula-

tions should issue with respect to residues of the food additive nickel sulfate (calculated as Ni) present in the bran of wheat and oats, only. Such residues have been shown to occur from application of a fungicide containing 19 percent anhydrous nickel sulfate and 53 percent maneb to wheat and oats under agricultural uses provided for by an experimental permit issued by the U.S. Department of Agriculture and temporary tolerances established under section 408(j) of the act. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409 (c) (1), 72 Stat. 1786; 21 U.S.C. 348 (c) (1)), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (25 F.R. 8625), the food additive regulations (21 CFR Part 121) are amended as follows:

1. By adding to Subpart C the following new section:

## § 121.242 Nickel sulfate.

A tolerance of 175 parts per million is established for residues of nickel sulfate (calculated as Ni) in the bran of wheat and oats to be ingested as animal feed or to be converted to animal feed. Such residues may be present therein only as a result of the application of a fungicide containing 19 percent anhydrous nickel sulfate and 53 percent maneb to the growing grain crops treated under an experimental permit issued by the U.S. Department of Agriculture, which expires April 6, 1964, and on which crops temporary pesticide tolerances for nickel sulfate and maneb expiring the same date have been established. No food additive tolerance is necessary for residues of maneb in bran, since the level of residues in the bran is less than the tolerance level for the grain.

2. By adding to Subpart D the following new section:

## § 121.1122 Nickel sulfate.

A tolerance of 175 parts per million is established for residues of nickel sulfate (calculated as Ni) in the bran of wheat and oats to be ingested as food or to be converted to food. Such residues may be present therein only as a result of the application of a fungicide containing 19 percent anhydrous nickel sulfate and 53 percent maneb to the growing crops treated under an experimental permit issued by the U.S. Department of Agriculture, which expires April 6, 1964, and on which crops temporary pesticide tolerances for nickel sulfate and maneb expiring the same date have been established. No food additive tolerance is necessary for residues of maneb in bran, since the level of residues in the bran is less than the tolerance level for the grain.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order and specify with

particularly the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

**Effective date.** This order shall be effective on the date of its publication in the FEDERAL REGISTER.

## PART 121 FOOD ADDITIVES

### Subpart F—Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food

#### GUAR GUM, MODIFIED

The Commissioner of Food and Drugs, having evaluated the data submitted in a petition (FAP 1000) filed by Stein, Hall and Company, Inc., 285 Madison Avenue, New York 17, New York, and other relevant material, has concluded that the following regulation should issue with respect to food additives resulting from the use of guar gum modified with  $\beta$ -diethylaminoethyl chloride hydrochloride as a constituent of food-packaging paper and paperboard. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (25 F.R. 8625), the food additive regulations (21 CFR Part 121) are amended by adding to Subpart F the following new section:

#### § 121.2568 Guar gum, modified.

Guar gum that has been modified by treatment with  $\beta$ -diethylaminoethyl chloride hydrochloride may be safely used as a retention aid and/or drainage aid employed prior to the sheet-forming operation in the manufacture of paper and paperboard intended for use in contact with food.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and

the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

**Effective date.** This order shall be effective on the date of its publication in the FEDERAL REGISTER.
