

fication. Notwithstanding that shipments may be made without inspection and certification, each shipper shall comply with all grade and size regulations applicable to the respective shipment.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: June 4, 1965.

PAUL A. NICHOLSON,
Deputy Director, Fruit and Vegetable Division, Consumer and Marketing Service.

[F.R. Doc. 65-6001; Filed, June 7, 1965; 8:50 a.m.]

[Plum Order 8]

PART 917—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

Sizes

§ 917.360 Plum Order 8 (Wickson).

(a) Findings. (1) Pursuant to the marketing agreement, as amended, and this part (Order No. 917, as amended), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety hereinafter set forth, and in the manner herein provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 1001-1011) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than the date hereinafter specified. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until the date hereinafter set forth on which an open meeting was held, after giving due notice thereof, to consider the need for, and the extent of, regulation of shipments of such plums. Interested persons were afforded an opportunity to submit information and

views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; shipments of the current crop of such plums are expected to begin on or about the effective date hereof; this section should be applicable to all such shipments in order to effectuate the declared policy of the act; the provisions of this section are identical with the aforesaid recommendation of the committee; and information concerning such provisions and effective time has been disseminated among handlers of such plums and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof. Such committee meeting was held on May 26, 1965.

(b) Order. (1) During the period beginning at 12:01 a.m., P.s.t., June 9, 1965, and ending at 12:01 a.m., P.s.t., November 1, 1965, no shipper shall ship any package or container of Wickson plums, unless:

(i) Such plums are of a size that, when packed in a standard basket, they will pack at least a 4 x 4 standard pack; and

(ii) The diameters of the smallest and largest plums in such package or container do not vary more than one-fourth (1/4) inch: *Provided*, That a total of not more than five (5) percent, by count, of the plums in the package or container may fail to meet this requirement.

(2) When used herein, "standard pack" shall have the same meaning as set forth in the revised United States Standards for Plums and Prunes (Fresh) (§§ 51.1520-51.1537 of this title); "standard basket" shall mean the standard basket set forth in paragraph 1 of section 828.1 of the Agricultural Code of California; "diameter" shall mean the distance through the widest portion of the cross section of a plum at right angles to a line running from the stem to the blossom end; and, except as otherwise specified, all other terms shall have the same meaning as when used in the amended marketing agreement and order.

(3) Section 917.143 sets forth the requirements with respect to the inspection and certification of shipments of fruit covered by this section. Such section also prescribes the conditions which must be met if any shipment is to be made without prior inspection and certification. Notwithstanding that shipments may be made without inspection and certification, each shipper shall comply with all grade and size regulations applicable to the respective shipment.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: June 4, 1965.

PAUL A. NICHOLSON,
Deputy Director, Fruit and Vegetable Division, Consumer and Marketing Service.

Chapter XIV—Commodity Credit Corporation, Department of Agriculture

SUBCHAPTER B—LOANS, PURCHASES, AND OTHER OPERATIONS

[C.C.C. Grain Price Support Regs., 1965-Crop Wheat Supp.]

PART 1421—GRAINS AND SIMILARLY HANDLED COMMODITIES

Subpart—1965 Crop Wheat Loan and Purchase Program

The General Regulations Governing Price Support for the 1964 and Subsequent Crops (29 F.R. 2686 and 7662) issued by the Commodity Credit Corporation which contain regulations of a general nature with respect to price support loan and purchase operations are supplemented for the 1965 crop of wheat as follows:

Sec.	Purpose.
1421.2141	Availability.
1421.2142	Compliance requirements.
1421.2143	Eligible wheat.
1421.2144	Determination of quality.
1421.2145	Protein determinations.
1421.2146	Determination of quantity.
1421.2147	Warehouse receipts.
1421.2148	Service charges.
1421.2149	Warehouse charges.
1421.2150	Maturity of loans.
1421.2151	Settlement.
1421.2152	Support rates.

AUTHORITY: The provisions of this subpart issued under sec. 4, 62 Stat. 1070, as amended; 15 U.S.C. 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs. 107, 401, 63 Stat. 1051, 1054; 15 U.S.C. 714c, 7 U.S.C. 1441, 1421.

§ 1421.2141 Purpose.

This supplement contains additional program provisions which, together with the applicable provisions of the General Regulations Governing Price Support for the 1964 and Subsequent Crops and any amendments thereto (referred to herein as "General Regulations"), apply to loans and purchases for 1965-crop wheat.

§ 1421.2142 Availability.

(a) Producers desiring to participate in this program must file an application for price support not later than January 31, 1966, in States in which loans have February 28, 1966, as their maturity date and not later than February 28, 1966, in States in which loans have March 31, 1966, as their maturity date (see § 1421.2151).

(b) Loans will be available through January 31, 1966, in States in which loans have a maturity date of February 28, 1966, and through February 28, 1966, in States in which loans have a maturity date of March 31, 1966.

§ 1421.2143 Compliance requirements.

(a) A producer shall not be eligible for a loan or purchase unless he is eligible to receive wheat marketing certificates on wheat of the 1965 crop under the Regulations Pertaining to Farm Wheat Certificate Program for 1964 and 1965 (29 F.R. 5510 and amendments thereto) on the farm on which the wheat tendered for loan or purchase is produced, except

as provided in paragraph (b) of this section.

(b) The requirements of this section are not applicable to wheat produced on a farm in compliance with the "New Farm" provisions of the Regulations Pertaining to Farm Acreage Allotments, Small Farm Bases, and Normal Yields for 1964 and Subsequent Crop Years (28 F.R. 3574 and amendments thereto).

§ 1421.2144 Eligible wheat.

(a) *General.* To be eligible for a loan or for a purchase, the wheat (1) may be of any class, (2) must be merchantable for food, feed or other uses as determined by CCC, (3) must not contain mercurial compounds or other substances poisonous to man or animals, (4) must not contain one or more rodent pellets, or comparable amounts of other filth, per pint of wheat (liquid measure), or 1 percent or more by weight of kernels visibly damaged by weevils or other insects, and (5) must have been produced in the commercial wheat producing area.

(b) *Warehouse-stored grade loan requirements.* To be eligible for a warehouse storage loan, the wheat must also meet the following requirements:

(1) The wheat must grade No. 5 or better except that it may grade Sample on the factors of (i) test weight or (ii) total defects if heat damage does not exceed 3 percent or, (iii) both subdivisions (i) and (ii) of this subparagraph.

(2) If of the class Mixed wheat, the wheat must consist of mixtures of grades of eligible wheat as specified in subparagraph (1) of this paragraph, provided such mixtures are the natural products of the field.

(3) The wheat may have the special grade designations "Garlicky" or "Smutty", or both.

(4) The wheat must not grade Ergot or Treated.

(5) Wheat which grades "Weevily" is not eligible unless the warehouse receipt issued for such wheat is accompanied by a supplemental certificate which provides for the delivery by the warehouseman of wheat which does not grade "Weevily" and which is otherwise of an eligible grade and quality. When the warehouse receipt shows "Weevily", the grade, grading factors, and the quantity shown on the supplemental certificate must be as specified in § 1421.2148(c).

(6) Wheat which contains in excess of 13.5 percent moisture is not eligible unless the warehouse receipt issued for such wheat is accompanied by a supplemental certificate which provides for the delivery by the warehouseman of wheat containing not over 13.5 percent moisture which is otherwise of an eligible grade and quality. The grade, grading factors and the quantity shown on the supplemental certificate must be as specified in § 1421.2148(c).

§ 1421.2145 Determination of quality.

(a) *Regular grading factors.* The class, subclass, grade, grading factors, and all other quality factors shall be based on Official Grain Standards of the United States for Wheat, which are effective June 15, 1965, whether or not such determinations are made on the basis of

an official inspection. See § 1421.2146 for protein determinations.

§ 1421.2146 Protein determinations.

Protein tests are (except for undesirable varieties) required on Hard Red Winter, Hard Red Spring, and Hard White Wheat of the varieties Baart, Bluestem, and Burt and shall be made as provided in this section.

(a) *Farm-storage loans.* If a producer at time of request for a farm-storage loan on wheat specified above in this section also requests that the premium for protein content be applied to the basic rate, the county office will draw a representative sample(s) of, and arrange for protein tests on, the wheat to be placed under loan. The premium applicable to the values determined by such tests shall be applied to the basic rate at the time the loan is made. A fee of \$3.50 for each bin of wheat tested for protein content shall be borne by the producer. Settlement upon delivery of the wheat to CCC shall be on the basis of protein content determined in accordance with paragraph (c) of this section.

(b) *Warehouse-storage loans and wheat stored in approved warehouses prior to purchase by CCC.* If the producer wishes to obtain a warehouse storage loan on, or to sell to CCC, wheat specified above in this section which is stored in an approved warehouse, a protein test shall be made on such wheat on the basis of a representative sample thereof obtained at the time the wheat is received at the warehouse. The protein content shall be determined on the basis of certificates issued by a protein laboratory approved by CCC. The certificates are referred to herein as official protein certificates. The cost of such tests shall not be for the account of CCC.

(c) *Deliveries under farm-storage loans and for purchase by CCC—(1) Delivery to approved warehouse.* On deliveries of farm-storage loan wheat and deliveries of wheat for purchase by CCC to an approved warehouse, protein tests shall be made in the same manner as provided in paragraph (b) of this paragraph. CCC will assume the cost of tests under this subparagraph (1).

(2) *Delivery to other than approved warehouse.* On deliveries of farm-storage loan wheat and wheat for purchase by CCC delivered to other than an approved warehouse, ASCS county offices will arrange for protein tests and assume the cost of such tests.

§ 1421.2147 Determination of quantity.

When the quantity is determined by weight, a bushel shall be 60 pounds of wheat free of dockage.

(a) *In warehouse.* The quantity of wheat in an approved warehouse on which a warehouse-storage loan shall be made and the quantity delivered to or acquired by CCC in an approved warehouse shall be the net weight specified on the warehouse receipt, or on the supplemental certificate if applicable. If the wheat has been dried or blended to reduce the moisture content, the quantity specified on the warehouse receipt or supplemental certificate, if applicable, shall represent the quantity after drying

or blending, and such quantity shall represent a minimum shrink in the receiving weight of 1.2 times the percentage difference between the moisture content of the wheat, when received, and 13.5 percent.

(b) *On farm.* The quantity eligible to be placed under farm storage loan shall be determined in accordance with § 1421.67 of the General Regulations. The quantity acquired by CCC from farm storage shall be determined by weight.

§ 1421.2148 Warehouse receipts.

Warehouse receipts tendered to CCC in connection with a loan or purchase must meet the requirements of this section.

(a) *Separate receipt.* A separate warehouse receipt must be submitted for each grade and quality of wheat.

(b) *Entries (all wheat).* Each warehouse receipt, or the warehouseman's supplemental certificate (in duplicate) properly identified with the warehouse receipt, must show: (1) Gross weight and net bushels, (2) class and subclass, (3) grade (including special grades), (4) test weight, (5) moisture content if over 13.5 percent, (6) dockage, (7) any other grading factor(s) when such factor(s) and not test weight determine the grade, (8) whether the wheat arrived by rail, truck, or barge, and (9) the date the wheat was received or deposited in the warehouse.

(c) *Where warehouse receipt shows "Weevily" and/or excess moisture.* If a warehouse receipt tendered for loan shows that the wheat grades "Weevily" or contains over 13.5 percent moisture, or both, the warehouse receipt must be accompanied by a supplemental certificate as provided in § 1421.2144(b) (5) and (6) in order for the wheat to be eligible for price support. The grade, grading factors, and the quantity to be delivered must be shown on the supplemental certificate as follows:

(1) When the warehouse receipt shows "Weevily" and the wheat has been conditioned to correct the weevily condition, the supplemental certificate must show the same grade without the "Weevily" designation and the same grading factors and quantity as shown on the warehouse receipt.

(2) When the warehouse receipt shows a moisture content of over 13.5 percent and the wheat has been dried or blended, the supplemental certificate must show the grade, grading factors, and quantity after drying or blending the wheat to a moisture content of not over 13.5 percent. The quantity shown shall reflect a drying or blending shrink as specified in § 1421.2147(a).

(3) The supplemental certificate must state that no lien for processing will be claimed by the warehouseman from Commodity Credit Corporation or any subsequent holder of the warehouse receipt.

(4) In the case of conditions specified in subparagraphs (1) and (2) of this paragraph, the grade, grading factors, and the quantity shown on the supplemental certificate shall supersede the entries for such items on the warehouse receipt.

(d) *Protein entries and certificates for hard wheat.* In the case of the classes of hard wheat specified in § 1421.2146, entries for protein content must be shown on the warehouse receipt or supplemental certificate or both. Warehouse receipts must be accompanied by official protein certificates or copies thereof.

(e) *Liens.* The warehouse receipts may be subject to liens for warehouse charges only to the extent indicated in § 1421.2150.

(f) *Freight bill requirements.* Warehouse receipts representing wheat which has been shipped by rail or water from a country shipping point to a designated terminal point, or shipped by rail or water from a country shipping point to a storage point and stored in-transit to a designated terminal point, must be accompanied by registered freight bills or by a certificate containing similar information. These registered freight bills or certificates must be representative as to origin and date of movement of the wheat and must reflect the total freight rate from origin to designated terminal point including penalty for out-of-line haul, if any. The form of the certificate will be prescribed by the ASCS commodity office, shall be signed by the warehouseman and may be made a part of the supplemental certificate.

§ 1421.2149 Service charges.

A service charge of one-half cent per bushel will be made for the quantity of wheat acquired by CCC and such charge shall be handled in accordance with § 1421.60.

§ 1421.2150 Warehouse charges.

(a) *Handling and storage liens.* Warehouse receipts and the wheat represented thereby stored in approved warehouses operating under the Uniform Grain Storage Agreement may be subject to liens for warehouse handling and storage charges at not to exceed the Uniform Grain Storage Agreement rates from the date the wheat is deposited in the warehouse for storage. Warehouse receipts and the wheat represented thereby stored in approved warehouses operated by Eastern common carriers may be subject to liens for warehouse elevation (receiving and delivering) and storage charges from the date of deposit at rates approved by the Interstate Commerce Commission. In no event shall a warehouseman be entitled to satisfy the lien by sale of the wheat when CCC is holder of the warehouse receipt.

(b) *Deduction of storage charges—UGSA warehouses.* The table shown below provides the deduction for storage charges to be made from the amount of the loan or purchase price in the case of wheat stored in an approved warehouse operated under the Uniform Grain Storage Agreement. Such deduction shall be based on entries shown on the warehouse receipts. If written evidence is submitted with the warehouse receipt that all warehouse charges except receiving and loading out charges have been prepaid through the applicable loan maturity date, no storage deductions shall be made. If such written evidence is not submitted, the beginning date to

be used for computing the storage deduction on wheat stored in warehouses operating under the Uniform Grain Storage Agreement shall be the latest of the following: (1) The date the wheat was received or deposited in the warehouse, (2) the date storage charges start, or (3) the day following the date through which storage charges have been paid.

SCHEDULE OF DEDUCTIONS FOR STORAGE CHARGES BY MATURITY DATES

Maturity date of Feb. 28, 1966	Deduction (cents per bushel)	Maturity date of Mar. 31, 1966
Prior to Apr. 25, 1965 ¹	12	Prior to May 26, 1965 ¹
Apr. 25-May 21, 1965	11	May 26-June 21, 1965
May 22-June 17, 1965	10	June 22-July 18, 1965
June 18-July 14, 1965	9	July 19-Aug. 14, 1965
July 15-Aug. 10, 1965	8	Aug. 15-Sept. 10, 1965
Aug. 11-Sept. 6, 1965	7	Sept. 11-Oct. 7, 1965
Sept. 7-Oct. 3, 1965	6	Oct. 8-Nov. 3, 1965
Oct. 4-Oct. 30, 1965	5	Nov. 4-Nov. 30, 1965
Oct. 31-Nov. 26, 1965	4	Dec. 1-Dec. 27, 1965
Nov. 27-Dec. 23, 1965	3	Dec. 28, 1965-Jan. 23, 1966
Dec. 24, 1965-Jan. 19, 1966	2	Jan. 24-Feb. 19, 1966
Jan. 20-Feb. 28, 1966	1	Feb. 20-Mar. 31, 1966

¹ Date storage charges start, all dates inclusive.

(c) *Deduction of storage charges—Eastern common carriers.* In the case of wheat stored in an approved warehouse operated by an Eastern common carrier, there shall be deducted in computing the loan or purchase price the amount of the approved tariff rate for storage (not including elevation) which will accumulate from the date of deposit through the applicable maturity date unless written evidence is submitted with the warehouse receipt that such charges have been prepaid. The State office shall advise county offices of the applicable charges. Where the producer presents evidence showing the elevation charges have been prepaid, the amount of the storage charges to be deducted shall be reduced by the amount of the elevation charges prepaid by the producer.

§ 1421.2151 Maturity of loans.

Loans mature on demand but not later than: February 28, 1966, on wheat stored in the States of Alabama, Arkansas, Connecticut, Delaware, Florida, Georgia, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, and West Virginia; and March 31, 1966, on wheat stored in all other States.

§ 1421.2152 Settlement.

Notwithstanding the provisions of § 1421.72(c), if the wheat delivered is of a quality which does not meet the sanitation requirements of § 1421.2144(a)(4), the wheat shall be sold for uses other than for human consumption. The settlement value shall be the same as the sales price, except that if CCC is unable to sell the wheat for the use specified above, the settlement value shall be the market value determined by CCC, as of the date of delivery.

§ 1421.2153 Support rates.

Farm stored wheat loans will be made at the applicable basic county support

rate adjusted, where applicable, for the undesirable variety discount, the Weed Control discount and as provided in § 1421.2146. The support rate for warehouse-storage loans and for wheat acquired under a loan or by purchase shall be the applicable basic support rate adjusted as provided in this section, and in the case of settlement of loans and purchases, as further provided in §§ 1421.72, 1421.2146(a) and 1421.2152.

(a) Support rates at designated terminal markets:

(1) The support rates established for designated terminal markets apply to wheat shipped on a domestic interstate freight rate basis. The support rate at the designated terminal market for any wheat shipped at other than the domestic interstate freight rate shall be reduced by the amount by which the freight paid is less than the domestic interstate freight rate.

(2) The support rates established for designated terminal markets also apply to wheat which has been shipped by rail or water from a country shipping point to one of the designated terminal markets, as evidenced by paid freight bills duly registered for transit privileges. If the amount of paid-in freight is insufficient to guarantee the minimum proportional domestic interstate freight rate, if any, from the terminal market to a recognized market determined by the appropriate ASCS commodity office, there shall be deducted from the applicable terminal support rate the amount by which the amount of freight actually paid in is less than the amount required to be paid in to guarantee outbound movement at the minimum proportional domestic interstate freight rate. If the wheat is stored at any designated terminal market and neither registered freight bills nor registered freight certificates are presented, the support rate shall be reduced by the actual amount of paid-in freight required to guarantee the proportional outbound rate from the terminal market to a recognized market determined by the appropriate ASCS commodity office.

(3) The support rate for wheat received by truck and stored at any designated terminal market shall be determined by deducting from the terminal rate 3.25 cents per bushel plus the actual amount of paid-in freight required to guarantee the proportional outbound rate from the terminal market to a recognized market determined by the appropriate ASCS commodity office.

(4) Notwithstanding the foregoing provisions of this paragraph, in determining the support rate for wheat shipped by rail or water and stored at any of the following terminal markets there shall also be deducted from the applicable terminal rate, the transportation cost, if any may be incurred, as determined by the appropriate ASCS commodity office, for moving the wheat to a tidewater facility located within the same switching limits:

Long Beach, Los Angeles, Oakland, San Francisco, Stockton, and Wilmington, Calif.
Baton Rouge and New Orleans, La.
Baltimore, Md.
Duluth, Minn.

Astoria and Portland, Oreg.
Albany and New York, N.Y.
Philadelphia, Pa.
Beaumont, Galveston, Houston, Corpus
Christi and Port Arthur, Tex.
Norfolk, Va.
Kalama, Longview, Seattle, Tacoma and Van-
couver, Wash.
Superior, Wis.

(5) Notwithstanding the foregoing provisions of this paragraph, in determining the support rate for wheat received by truck and stored at any of the terminal markets listed in subparagraph (4) of this paragraph, there shall also be deducted from the applicable terminal rate an amount of 3.25 cents per bushel, plus the transportation cost, if any, as determined by the appropriate ASCS commodity office, for moving the wheat to a tidewater loading facility located within the same switching limits.

(b) *Support rates for wheat in approved warehouse storage at other than designated terminal markets.* Except for the States designated in paragraph (c) of this section, in determining the support rate for wheat which is shipped by rail or water and which is stored in approved warehouses (other than those situated in the designated terminal markets) there shall be deducted from the support rate for the appropriate designated terminal market, as determined by CCC, an amount equal to the transit balance, if any, of the through-freight rate from the point of origin for such wheat to such terminal market: *Provided*, That on any wheat shipped at other than the domestic interstate freight rate, the support rate shall be further reduced by the amount by which the freight rate paid is less than the domestic interstate freight rate from the point of origin of such wheat to the point of destination or appropriate terminal market: *And provided further*, That in the case of wheat stored at any railroad transit point, taking a penalty by reason of out-of-line movement to the appropriate designated market, or for any other reason, there shall be added to such transit balance an amount equal to any out-of-line costs or other costs incurred in storing wheat in such position.

(c) *Support rates in approved warehouse storage determined by the ASCS commodity office.* In the States of Delaware, Kentucky, Maryland, New Jersey, North Carolina, Tennessee, Virginia, and West Virginia, the ASCS commodity office shall, upon request of the county committee, determine the support rate for wheat stored in approved warehouses (except those situated at designated terminal markets) which was shipped by rail in the movement of natural market direction as approved by CCC, by adding to the county rate for the county from which the wheat was shipped an amount per bushel equal to the receiving and loading-out charges computed in accordance with the applicable rates of the Uniform Grain Storage Agreement in effect at the time the loan is made and an amount equal to the transit value of the freight paid from the points of origin to markets designated by CCC. The warehouse receipts must be accompanied by the original paid freight bills or certificate signed by the warehouseman as set

forth in § 1421.2148(f). If the wheat is stored in approved warehouses located at transit points, taking a penalty by reason of backhaul, or out-of-line of normal market movements, such penalty or other costs by reason of such movement as determined by CCC shall be deducted from the support rates as determined in this paragraph.

(d) *Basic support rates (terminals).* Basic support rates for loan and settlement purposes for grade No. 1 wheat stored in approved warehouses at the terminal markets listed below are as follows:

Terminal market	Rate per bushel
Astoria, Oreg.	\$1.44
Portland, Oreg.	1.44
Kalama, Wash.	1.44
Longview, Wash.	1.44
Seattle, Wash.	1.44
Tacoma, Wash.	1.44
Vancouver, Wash.	1.44
Long Beach, Calif.	1.52
Los Angeles, Calif.	1.52
Oakland, Calif.	1.52
San Francisco, Calif.	1.52
Stockton, Calif.	1.52
Wilmington, Calif.	1.52
Louisville, Ky.	1.48
Memphis, Tenn.	1.48
Atchison, Kans.	1.43
Council Bluffs, Iowa	1.43
Kansas City, Kans.	1.43
Kansas City, Mo.	1.43
St. Joseph, Mo.	1.43
Omaha, Nebr.	1.43
Sioux City, Iowa	1.43
Cairo, Ill.	1.49
Chicago, Ill.	1.49
East St. Louis, Ill.	1.49
Milwaukee, Wis.	1.49
St. Louis, Mo.	1.49
Duluth, Minn.	1.58
Minneapolis, Minn.	1.58
St. Paul, Minn.	1.58
Superior, Wis.	1.58
Albany, N.Y.	1.64
Baltimore, Md.	1.64
Norfolk, Va.	1.64
Philadelphia, Pa.	1.64
New York N.Y.	1.64
Corpus Christi, Tex.	1.67
Galveston, Tex.	1.67
Houston, Tex.	1.67
Beaumont, Tex.	1.67
Port Arthur, Tex.	1.67
New Orleans, La.	1.67
Baton Rouge, La.	1.67

(e) *Basic support rates (counties).* (1) Basic county support rates per bushel for loan and settlement purposes for farm-stored and country warehouse-stored wheat are established for wheat grading No. 1 and are as specified below in this paragraph. Farm-storage loans and country warehouse storage loans, except as otherwise provided in paragraphs (b) and (c) of this section and subparagraph (2) of this paragraph will be based on the support rate established for the county in which the wheat is stored.

(2) If two or more approved warehouses are located in the same or adjoining towns, villages, or cities having the same domestic interstate freight rate, such towns, villages, or cities shall be deemed to constitute one shipping point and the same basic county support rate shall apply even though such warehouses are not all located in the same county. Such basic county support rate shall be the highest support rate of the counties involved.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Agency

[Docket No. 6081; Amdt. 151—7]

PART 151—FEDERAL AID TO AIRPORTS

Miscellaneous Amendments

The purpose of this amendment is to delete references to Technical Standard Order N18 in Part 151 and insert in place thereof references to the appropriate sections of Part 77 as revised February 3, 1965 (30 F.R. 1837). Also, an inadvertent clerical error in § 151.49(a)(9) will be corrected.

Revised Part 77, "Objects Affecting Navigable Airspace", became effective May 1, 1965, and on that date superseded TSO N18. In Subpart C it consolidates obstruction standards for use in several programs of the Federal Aviation Agency. Among these uses is "administering the Federal-aid Airport Program", § 77.3(a)(1). To conform Part 151 to this provision, it is necessary to insert references to Part 77, or to appropriate sections of that part, in § 151.9; § 151.73(a)(4); § 151.75(a); and § 151.91(a) in place of the designation "Technical Standard Order N18". Also, certain desirable editorial changes are being made with respect to § 151.9 (b), (c), (d), and (e) in the interest of clarity and conciseness, with no change in substance.

In § 151.49(a)(9), reference to subparagraphs (5), (6), and (7) instead of (6), (7), and (8) was an inadvertent clerical error. Therefore, an amendment to § 151.49(a)(9) correcting this deficiency is also being made.

Since this amendment merely conforms references in Part 151 to the format of revised Part 77, it may be issued as a final rule without first issuing a notice of proposed rule making, and may be made effective upon publication.

In consideration of the foregoing, Part 151 of Chapter I of Title 14 of the Code of Federal Regulations is amended, effective June 8, 1965, as follows:

1. By striking out § 151.9 (b), (c), and (d) and inserting in place thereof the following paragraph (b), and by striking § 151.9(e) and inserting in place thereof the following paragraph (c):

§ 151.9 Runway clear zones; general.

(b) For the purposes of this part, a runway clear zone constitutes the innermost part of the runway approach area. The standard configuration and length of each runway clear zone are prescribed in § 77.19(c) of Part 77 of this chapter.

(c) For the purposes of this section, an airport operator or owner is considered to have an adequate property interest if it has an easement (or a covenant running with the land) giving it enough control to rid the clear zone of all obstructions (objects so far as they project above the approach surfaces established by § 77.27 (b) and (c) of Part 77 of this chapter), and to prevent the creation of future obstructions; together with the right of entrance and exit for those purposes, to ensure the safe and unrestricted passage of aircraft in and over the area.

§ 151.49 [Amended]

2. By striking out the reference "subparagraphs (5), (6), and (7)" in § 151.49 (a)(9) and inserting in place thereof the reference "subparagraphs (6), (7), and (8)".

§ 151.73 [Amended]

3. By striking out the designation "FAA Technical Standard Order N18" in § 151.73(a)(4) and inserting in its place "§ 77.23 as applied to §§ 77.25 and 77.27 of Part 77 of this chapter."

§ 151.75 [Amended]

4. By striking out the designation "Technical Standard Order N18" in § 151.75(a) and inserting in its place "§ 77.23 as applied to § 77.27 (b) and (c) of Part 77 of this chapter".

§ 151.91 [Amended]

5. By striking out the designation "Technical Standard Order N18" where it occurs in § 151.91(a) and inserting in its place "§ 77.23 as applied to §§ 77.25 and 77.27 of Part 77 of this chapter".

This amendment is made under the authority of the Federal Airport Act, as amended (49 U.S.C. 1001, et seq.), and the Federal Aviation Act of 1958 (49 U.S.C. 1301, et seq.).

Issued in Washington, D.C., on June 1, 1965.

N. E. HALABY,
Administrator.

[F.R. Doc. 65-5904; Filed, June 7, 1965;
8:45 a.m.]

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER A—GENERAL

PART 8—COLOR ADDITIVES

Subpart A—Definitions and Procedural and Interpretative Regulations

EXTERNALLY APPLIED DRUGS AND COSMETICS

The existing definitions and procedural and interpretative color additive regula-

tions do not define the terms "externally applied drug" and "externally applied cosmetic" although these terms have been used in individual color additive regulations. This lack of a definition may result in a misunderstanding of the limitations on the use of a color additive. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 701, 706, 52 Stat. 1055 as amended, 74 Stat. 399 et seq.; 21 U.S.C. 371, 376) and under the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (21 CFR 2.90), it is ordered, That § 8.1 be amended by adding thereto the following new paragraph:

§ 8.1 Definitions and interpretations.

(v) The terms "externally applied drugs" and "externally applied cosmetics" mean drugs or cosmetics applied only to external parts of the body and not to the lips or any body surface covered by mucous membrane.

Notice and public procedure and delayed effective date are not necessary prerequisites to the promulgation of this order, and I so find, since this amendment is interpretative in nature.

Effective date. This order shall be effective on the date of its publication in the FEDERAL REGISTER.

(Secs. 701, 706, 52 Stat. 1055 as amended, 74 Stat. 399 et seq.; 21 U.S.C. 371, 376)

Dated: June 1, 1965.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F.R. Doc. 65-5929; Filed, June 7, 1965;
8:47 a.m.]

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 27—CANNED FRUITS AND FRUIT JUICES

Frozen Concentrated Orange Juice; Confirmation of Effective Date of Order Amending Standard Regarding State Standards

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055, as amended 70 Stat. 919; 72 Stat. 948; 21 U.S.C. 341, 371), and in accordance with the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (21 CFR 2.90), notice is given that no objections were filed to the order published in the FEDERAL REGISTER of April 8, 1965 (30 F.R. 4535), that amended the standard for frozen concentrated orange juice (21 CFR 27.109) to specify the intention of the Federal standard with respect to any State standard of higher or more restrictive requirements. Accordingly, the amendment promulgated by that order will become effective June 7, 1965.

(Secs. 401, 701, 52 Stat. 1046, 1055, as amended 70 Stat. 919; 72 Stat. 948; 21 U.S.C. 341, 371)

Dated: May 28, 1965.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F.R. Doc. 65-5930; Filed, June 7, 1965;
8:47 a.m.]

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Further Extension of Effective Date of Public Law 86-139

Under the provisions of Public Law 86-139 (sec. 3, 78 Stat. 1002) and under the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (21 CFR 2.90), the Commissioner has further extended the effective date of this statute as it affects section 408 of the Federal Food, Drug, and Cosmetic Act for certain specified uses of nematocides, plant regulators, defoliants, or desiccants. The affected portions of the list published in § 120.37 (21 CFR 120.37) pertain only to *p*-chlorophenoxy-acetic acid and read as follows:

§ 120.37 Further extensions of effective date of Public Law 86-139 as it affects section 408 of the Federal Food, Drug, and Cosmetic Act.

Product	Specified uses or restrictions	Effective date of statute extended to—
<i>p</i> -Chlorophenoxy-acetic acid. Do.....	*** On cane berries to produce larger fruit.	Dec. 31, 1965 Do.

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since extensions of time, under certain conditions, for the effective date of the Nematocide, Plant Regulator, Defoliant, and Desiccant Amendment of 1959 were contemplated by the statute as amended as a relief of restrictions on the agricultural industry.

Effective date. This order shall become effective on the date of signature.

(Public Law 86-139 (73 Stat. 388 as amended 78 Stat. 42, 78 Stat. 10025; 7 U.S.C. 135 note))

Dated: May 28, 1965.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F.R. Doc. 65-5931; Filed, June 7, 1965; 8:47 a.m.]

PART 121—FOOD ADDITIVES

Subpart D—Food Additives Permitted in Food for Human Consumption

COATINGS ON FRESH CITRUS FRUIT

The Commissioner of Food and Drugs has evaluated data in a petition (FAP No. 109—3

5A1649) filed by Wallace & Tiernan, Inc., 25 Main Street, Belleville 9, N.J., and other relevant material, and has concluded that a food additive regulation should prescribe the conditions of safe use of coatings on fresh citrus fruit. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)) and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.90), Subpart D of the food additive regulations is amended by the addition of a new section, as follows:

Component	Limitations
Fatty acids.....	Complying with § 121.1070.
Partially hydrogenated rosin.....	Catalytically hydrogenated to a maximum refractive index of 1.5012 at 100° C. Color of WG or paler.
Pentaerythritol ester of maleic anhydride - modified wood rosin.....	Acid number of 134-145; drop-softening point of 127° C-137° C. saponification number of less than 280; and a color of M or paler.
Sodium lauryl sulfate.....	Complying with § 121.1012. As a film former.
Wood rosin.....	Color of K or paler.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C., 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall be effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1))

Dated: June 1, 1965.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F.R. Doc. 65-5932; Filed, June 7, 1965; 8:48 a.m.]

List of reactants:

(4-Chlorobutene-2) trimethyl-ammonium chloride, not to exceed 5.0 percent.

Limitations

Industrial starch modified by this treatment shall be used only as internal sizing for paper and paperboard intended for food packaging.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its

publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room

§ 121.1179 Coatings on fresh citrus fruit.

Coatings may be applied to fresh citrus fruit for protection of the fruit in accordance with the following conditions:

(a) The coating is applied in the minimum amount required to accomplish the intended effect.

(b) The coating may be formulated from the following components, each used in the minimum quantity required to accomplish the intended effect:

(1) Substances generally recognized as safe for the purpose or previously sanctioned for the purpose.

(2) One or more of the following:

PART 121—FOOD ADDITIVES

Subpart F—Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food

INDUSTRIAL STARCH—MODIFIED

The Commissioner of Food and Drugs, having evaluated the data in a petition (FAP 5B1720) filed by Anheuser-Busch, Inc., 721 Pestalozzi Street, St. Louis, Mo., 63118, and other relevant material, has concluded that the food additive regulations should be amended to provide for the use of industrial starch modified by treatment with not more than 5 percent of (4-chlorobutene-2) trimethylammonium chloride as internal sizing for paper and paperboard for food packaging. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.90), § 121.2506 is amended by inserting alphabetically in the list of reactants in paragraph (a) a new item, as follows:

§ 121.2506 Industrial starch—modified.

(a) ***
