(e) * * *

(2) * * *

Chapter VIII—Agricultural Stabilization and Conservation Service (Sugar), Department of Agriculture

SUBCHAPTER F—DETERMINATION OF NORMAL YIELDS AND ELIGIBILITY FOR ABANDONMENT AND CROP DEFICIENCY PAYMENTS

[Sugar Determination 848.2, Supp. 5]

PART 848—VIRGIN ISLANDS

Approved Local Producing Area for 1966 Crop

Pursuant to the provisions of § 848.2 (17 F.R. 2111), the Director of the Agricultural Stabilization and Conservation Service, Caribbean Area Office, hereby makes the following determinations:

§ 848.7 Approved local producing area in the Virgin Islands.

For purposes of considering eligibility of farms for abandonment and crop deficiency payments on the 1966 sugarcane crop in the Virgin Islands, the island of St. Croix is determined to be a local producing area in which, due to drought, the actual yields of sugar for the 1966 crop year from 10 percent or more of the total planted acreage of sugarcane in such local producing area were not in excess of 80 percent of the applicable farm normal yields.

Statement of bases and considerations. One of the conditions of eligibility of a farm in the Virgin Islands for an acreage abandonment or crop deficiency payment in connection with the production of sugar from sugarcane is that the farm be located in a local producing area for which the Director of the Agricultural Stabilization and Conservation Service, Caribbean Area Office, determines that drought, flood, storm, disease, or insects damaged a substantial part of the sugarcane crop in such area.

The purpose of this supplement is to give notice that the island of St. Croix has been determined to comprise a local producing area for the 1966 crop and that such area has qualified under the requirements relating to crop damage. Any sugarcane producer on a farm which is located in whole or in part in this local producing area and which is otherwise qualified may apply for payment accordingly, if he has not already done so.

[Valencia Orange Reg. 204, Amdt. 1]

PART 908—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 908, as amended (7 CFR Part 908), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendation and information submitted by the Valencia Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, and this amendment relieves restriction on the handling of Valencia oranges grown in Arizona and designated part of California.

Order, as amended. The provisions in paragraph (b)(1)(i), (ii), and (iii) of § 908.504 (Valencia Orange Regulation 204, 32 F.R. 7741) are hereby amended to read as follows:

PART 140—FINANCIAL PROTECTION REQUIREMENTS AND INDEMNITY AGREEMENTS

Change in the Amount of Financial Protection Required for Certain Reactors

On November 30, 1965, the Atomic Energy Commission published an amendment to 10 CFR Part 140, effective January 1, 1966, (1) increasing from $60 million to $74 million, the amount of financial protection required of licensees of facilities having a rated capacity of 100 electrical megawatts or more (who are required by statute to have and maintain financial protection in the maximum amount available from private sources) and (2) reducing the amount of indemnity extended by the Commission to such licensees by a like amount (30 F.R. 14779). Simultaneously with the publication of this amendment the Commission published a notice of proposed rule making (30 F.R. 14814) stating that it was considering whether to effect a proportional increase (approximately 23 percent) in the financial protection requirements for licensees of power or testing reactors having an authorized thermal power level in excess of one megawatt but having a rated electrical capacity less than 100 megawatts (licensees governed by application of the formula set forth in 10 CFR 140.12). Interested persons were invited to submit comments or suggestions within 60 days after publication of the notice.

After careful consideration of the comments received and other factors involved, the Commission has decided to adopt the amendments set forth below. The amendments would effect an increase of approximately 23 percent in the financial protection requirements for licensees governed by application of the formula set forth in 10 CFR 140.12. The increase would be proportional to the increase made effective January 1, 1966, for reactors having a rated capacity of 100 electrical megawatts or more.

Pursuant to the Atomic Energy Act of 1954, as amended, and the Administrative Procedure Act of 1946, the following amendments to Title 10, Chapter I, Code of Federal Regulations, Part 140, § 140.12, are published as a document subject to codification, to be effective sixty (60) days after publication in the FEDERAL REGISTER.

1. Section 140.12(a) is amended by deleting the words and figures "$3,500,000 or more than $60,000,000" and substituting therefor the words and figures "$4,500,000 or more than $74,000,000."

2. Section 140.12(b)(3) is amended by deleting "$150" and substituting therefor "$185."

Dated at Germantown, Md., this 22d day of May 1967.

Secretary.
