Chapter VII—Agricultural Stabilization and Conservation Service (Agricultural Adjustment), Department of Agriculture

SUBCHAPTER B—FARM MARKETING QUOTAS AND ACREAGE ALLOTMENTS

PART 729—PEANUTS

Subpart—1969 Crop of Peanuts; Acreage Allotments and Marketing Quotas

Basis and purpose. The provisions of §§ 729.100 to 729.104 are issued pursuant to the Agricultural Adjustment Act of 1938, as amended (52 Stat. 31, as amended; 7 U.S.C. 1281 et seq.) (referred to as the "act") with respect to the 1969 crop of peanuts. The purposes of §§ 729.100 to 729.104 are to proclaim a national marketing quota, establish the national acreage allotment, apportion such allotment to the States for the 1969 crop of peanuts in accordance with section 358 of the act (7 U.S.C. 1358), and announce the period of a marketing quota referendum for the 1969, 1970, and 1971 crops of peanuts. The findings and determinations made with respect to these matters are based on the latest available statistics of the Federal Government.

Notice that the Secretary was preparing to determine the acreage allotments and marketing quota for the 1969 crop of peanuts was published in accordance with 5 U.S.C. 553 (80 Stat. 383) in the FEDERAL REGISTER of August 16, 1968 (33 F.R. 11663). No submissions were received in response to such notice. In order that peanut farmers may be notified as soon as possible of farm allotments for the 1969 crop of peanuts and that as much advance notice as possible be given of the period of the referendum, it is essential that §§ 729.100 to 729.104 be made effective as soon as possible. Accordingly, it is hereby found and determined that compliance with the 30-day effective date requirement of 5 U.S.C.

553 is impracticable and contrary to the public interest and §§ 729.100 to 729.104 shall be effective upon filing of this document with the Director, Office of the Federal Register.

Sec.

- 729.100 Proclamation of national marketing quota for the 1969 crop of peanuts.
729.101 National acreage allotment for the 1969 crop of peanuts.
729.102 National reserve for new farms.
729.103 Apportionment to States.
729.104 Announcement of period of the marketing quota referendum.

AUTHORITY: The provisions of this subpart issued under secs. 301, 358, 375, 52 Stat. 38, as amended, 55 Stat. 88, as amended, 52 Stat. 66, as amended; 7 U.S.C. 1301, 1358, 1375.

§ 729.100 Proclamation of national marketing quota for the 1969 crop of peanuts.

(a) *Statutory requirement.* Section 358(a) of the act provides that between July 1 and December 1 of each calendar year the Secretary shall proclaim a national marketing quota for the crop of peanuts to be produced in the next succeeding calendar year. The quota for such crop shall be a quantity of peanuts which will make available for marketing a supply equal to the average quantity of peanuts harvested for nuts during the immediately preceding 5 years, adjusted for current trends and prospective demand conditions. The national marketing quota shall be a quantity of peanuts sufficient to provide a national acreage allotment of not less than 1,610,000 acres.

(b) *Findings and determinations.* The following findings and determinations under section 358(a) of the act are hereby made:

(1) Average quantity of peanuts harvested for nuts during the 5-year period 1963-67, adjusted for current trends and prospective demand conditions—926,000 tons;

(2) Normal yield per acre of peanuts for the United States on the basis of the average yield per acre of peanuts in the 5-year period 1963-67, adjusted for trends in yields and abnormal conditions of production affecting yields—1,925 pounds;

(3) Conversion of the quantity of peanuts determined under (1) of this paragraph into acres on the basis of the normal yield, with an adjustment for underharvesting—1,142,000 acres;

(4) Conversion of the minimum national acreage allotment of 1,610,000 acres into tons of quota on the basis of the normal yield—1,549,625 tons.

(c) *National marketing quota.* The national marketing quota for the 1969 crop of peanuts is hereby proclaimed to be 1,549,625 tons on the basis of the minimum national acreage allotment determined under paragraph (b) (4) of this section since such amount of quota would not be obtained by the smaller amount determined under paragraph (b) (3) of this section.

§ 729.101 National acreage allotment for the 1969 crop of peanuts.

The national acreage allotment for the 1969 crop of peanuts based on the national marketing quota under § 729.100 (c) is hereby established at 1,610,000 acres.

§ 729.102 National reserve for new farms.

Section 358(f) of the act provides for the establishment of a national reserve of not more than 1 percent of the national acreage allotment for apportionment among farms on which peanuts are to be produced in 1969 but on which peanuts were not produced during any of the years 1966, 1967, or 1968. A national reserve for such new farms in the amount of 1,610 acres is hereby established.

§ 729.103 Apportionment to States.

The national acreage allotment for the 1969 crop of peanuts of 1,610,000 acres, less the national reserve for new farms of 1,610 acres, is hereby apportioned to the States on the basis of their share of the national acreage allotment for 1968 as provided under section 358(c) (1) of the act:

State	State acreage allotment
Alabama	217,135
Arizona	763
Arkansas	4,192
California	932
Florida	55,339
Georgia	528,689
Louisiana	1,949
Mississippi	7,506
Missouri	247
New Mexico	5,652
North Carolina	168,126
Oklahoma	138,320
South Carolina	13,873
Tennessee	3,614
Texas	357,042
Virginia	105,011

Total apportioned to States. 1,608,390
National reserve for new farms 1,610

Total, United States. 1,610,000

§ 729.104 Announcement of period of the marketing quota referendum.

A referendum of the farmers who were engaged in the production of peanuts in the calendar year 1968 will be held during the period December 2-6, 1968, each inclusive, by mail ballot, pursuant to the provisions of section 358 of the Act and the Regulations Governing the Holding of Referenda on Marketing Quotas, as amended (28 F.R. 13249, as amended), to determine whether said farmers are in favor of or opposed to peanut marketing quotas for the crops of peanuts to be produced in the calendar years 1969, 1970, and 1971. If two-thirds or more of the peanut farmers voting in the referendum favor marketing quotas, marketing quotas will be in effect for the 1969, 1970, and 1971 crops of peanuts. If more than one-third of the peanut farmers voting in such referendum oppose marketing quotas, marketing quotas will not be in effect for the 1969 crop of peanuts; however, farm acreage allotments for the

1969 crop of peanuts established pursuant to the provisions of the Act will be in effect and compliance with such acreage allotments will be a condition of eligibility for price support at 50 percent of the parity price for peanuts.

Effective date: Date of filing this document with the Director, Office of the Federal Register.

Signed at Washington, D.C., on October 24, 1968.

ORVILLE L. FREEMAN,
Secretary.

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

PART 999—SPECIALTY CROPS; IMPORT REGULATIONS

Dates

This action amends Date Form No. 1 "Dates—section 8e Entry Declaration" in paragraph (e) (2) of § 999.1 Regulation governing the importation of dates (7 CFR 999.1), effective pursuant to section 8e (7 U.S.C. 608e-1) of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674).

Under the regulation, date importers filing an executed Date Form No. 1 with the Fruit and Vegetable Division of the Consumer and Marketing Service of the Department of Agriculture may thereafter import dates for processing, or dates prepared or preserved, covered by such form exempt from the grade, inspection, and certification requirements prescribed in § 999.1. This amendment prescribes a shortened certification statement on the form, makes explicit that the information to be given as to the origin of the dates being imported refers to the country of origin of such dates, and that city means the city of arrival of such dates.

It is hereby found that the amendment, as hereinafter set forth, of § 999.1 (e) (2) applicable to Date Form No. 1 is in accordance with and necessary to carry out the provisions of said section 8e of the Act.

Therefore, the text of Date Form No. 1 "Dates—Section 8e Entry Declaration" in Paragraph (e) (2) of § 999.1 Regulation governing the importation of dates is hereby amended by revising the portion of the form that precedes item numbered 5 thereof to read as follows:

§ 999.1 Regulation governing the importation of dates.

(e) *Importation.* * * *
(2) * * *

DATE FORM NO. 1

Dates—Section 8e Entry Declaration

I certify to the U.S. Department of Agriculture and the Bureau of Customs that none of the dates being imported and which are identified below are dates for packaging or dates in retail packages.

1. Name of vessel: _____
2. Country of origin of dates: _____
3. Date of arrival: _____
4. City of arrival: _____

It is further found that it is impracticable, unnecessary and contrary to public interest to give preliminary notice and engage in public rule making procedure, and that good cause exists for making this action effective as herein-after specified and for not postponing the effective time until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that:

(1) This amendment imposes no additional restrictions on the importation of dates; (2) importers of such dates require no advance preparation to comply therewith because the amended Date Form No. 1 contains essentially the same requirements as currently in effect and is obtainable upon request; and (3) no useful purpose would be served by postponing the effective date of this amendatory action.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated October 25, 1968, to become effective upon publication in the FEDERAL REGISTER.

ELDON E. SHAW,
Acting Director,
Fruit and Vegetable Division.

Chapter X—Consumer and Marketing Service (Marketing Agreements and Orders; Milk) Department of Agriculture

[Milk Order 136]

PART 1136—MILK IN GREAT BASIN MARKETING AREA

Order Amending Order

§ 1136.0 Findings and determinations.

The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order regulating the handling of milk in the Great Basin marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the Act;

(2) The parity prices of milk, as determined pursuant to section 2 of the Act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the said marketing area, and the minimum prices specified in the order as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order as hereby amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial or commercial activity specified in, a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* It is necessary in the public interest to make this order amending the order effective November 1, 1968. Any delay beyond that date would tend to disrupt the orderly marketing of milk in the marketing area.

The provisions of the said order are known to handlers. The recommended decision of the Deputy Administrator, Regulatory Programs, was issued on September 17, 1968 (33 F.R. 14325, F.R. Doc. 68-11472), and the decision of the Assistant Secretary containing all amendment provisions of this order, was issued October 24, 1968, and published in the October 26, 1968, issue of the FEDERAL REGISTER. The changes effected by this order will not require extensive preparation or substantial alteration in method of operation for handlers. In view of the foregoing, it is hereby found and determined that good cause exists for making this order amending the order effective November 1, 1968, and that it would be contrary to the public interest to delay the effective date of this order for 30 days after its publication in the FEDERAL REGISTER.

(Sec. 553(d), Administrative Procedure Act, 5 U.S.C. 551-559)

(c) *Determinations.*—It is hereby determined that:

(1) The refusal or failure of handlers (excluding cooperative associations specified in section 8c(9) of the Act) of more than 50 percent of the milk, which is marketed within the marketing area, to sign a proposed marketing agreement, tends to prevent the effectuation of the declared policy of the Act;

(2) The issuance of this order, amending the order, is the only practical means pursuant to the declared policy of the Act of advancing the interests of producers as defined in the order as herein amended; and

(3) The issuance of the order amending the order is approved or favored by at least two-thirds of the producers who during the determined representative period were engaged in the production of milk for sale in the marketing area.

Order relative to handling. It is therefore ordered that on and after the effective date hereof, the handling of milk in the Great Basin marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended and as hereby amended, as follows:

1. Section 1136.50 is amended by revising paragraph (a) to read as follows:

§ 1136.50 Class prices.

(a) *Class I milk price.* The price for Class I milk shall be the basic formula price for the preceding month plus \$2.05, plus 20 cents through April 1969.

2. Section 1136.41(c) is amended by deleting the word "and" in subparagraph (7); changing the period to a semicolon at the end of subparagraph (8) and adding the word "and" thereafter; and adding a new subparagraph (9) to read as follows:

§ 1136.41 Classes of utilization.

(c) *Class III milk.* . . .

(9) In the form of a flavored cream-sugar product containing at least 8 percent by weight of sugar, which product is disposed of to a commercial bakery solely for the purpose of processing into bakery products. The containers utilized in such disposition shall be clearly labeled as bakery cream.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Effective date: November 1, 1968.

Signed at Washington, D.C., on October 28, 1968.

TED J. DAVIS,
Assistant Secretary.

PART 39—AIRWORTHINESS DIRECTIVES

Allison Model 250-C18, 250-C18A, and 250-C10B Engines

Compressor assemblies installed in Allison Models 250-C18, 250-C18A, and 250-C10B engines have experienced failures of first and second stage stator vanes and third stage compressor blades, resulting in complete loss of power. Investigations have indicated that modifications of the compressor assembly in accordance with Allison Commercial Engine Bulletins 250-CEB-51 and 250-CEB-52 will correct the condition causing the failures. This condition exists in 250-C18 engines having compressor assemblies installed with
