Executive Order 11423

PROVIDING FOR THE PERFORMANCE OF CERTAIN FUNCTIONS HERETOFORE PERFORMED BY THE PRESIDENT WITH RESPECT TO CERTAIN FACILITIES CONSTRUCTED AND MAINTAINED ON THE BORDERS OF THE UNITED STATES

WHEREAS the proper conduct of the foreign relations of the United States requires that executive permission be obtained for the construction and maintenance at the borders of the United States of facilities connecting the United States with a foreign country; and

WHEREAS such executive permission has from time to time been sought and granted in the form of Presidential permits for the construction, connection, operation, and maintenance at the borders of the United States of such border crossing facilities as water supply and oil pipelines, aerial tramways and cable cars, submarine cables, and lines for the transmission of electric energy; and

WHEREAS Executive Order No. 10485 of September 3, 1953, empowers the Federal Power Commission to issue permits for the construction, operation, maintenance, or connection, at the borders of the United States, of facilities for the transmission of electric energy between the United States and a foreign country and for the importation or exportation of natural gas to or from a foreign country; and

WHEREAS Executive Order No. 10530 of May 10, 1954, empowers the Federal Communications Commission to issue and revoke licenses to land submarine cables in the United States; and

WHEREAS it is desirable to provide a systematic method in connection with the issuance of permits for the construction and maintenance of other such facilities connecting the United States with a foreign country:

NOW, THEREFORE, by virtue of the authority vested in me as President of the United States and Commander in Chief of the Armed Forces of the United States and in conformity with the provisions of Section 301 of Title 3, United States Code, it is ordered as follows:

SECTION 1. (a) Except with respect to facilities covered by Executive Orders No. 10485 and No. 10530, the Secretary of State is hereby designated and empowered to receive all applications for permits for the construction, connection, operation, or maintenance, at the borders of the United States, of: (i) pipelines, conveyor belts, and similar facilities for the exportation or importation of petroleum, petroleum products, coal, minerals, or other products to or from a foreign country; (ii) facilities for the exportation or importation of water or sewage to or from a foreign country; (iii) monorails, aerial cable cars, aerial tramways and similar facilities for the transportation of persons or things, or both, to or from a foreign country; and (iv) bridges, to the extent that congressional authorization is not required.

(b) With respect to applications received pursuant to subsection (a)(i) above, the Secretary of State shall request the views of the Secretary of the Treasury, the Secretary of Defense, the Attorney General, the Secretary of the Interior, the Secretary of Commerce, the Secretary of Transportation, the Interstate Commerce Commission, and the Director of the Office of Emergency Planning. With respect to applications received pursuant to subsection (a)(ii) above, the Secretary of State shall request the views of the Secretary of Defense and the Secretary of the Interior. With respect to applications received pursuant to subsection (a) (iii) or (iv) above, the Secretary of State shall request the views of the Secretary of the Treasury, the Secretary of Defense, the Attorney General, and the Secretary of Transportation.

(c) The Secretary of State may also consult with such other department and agency heads and with such state and local government officials as he deems appropriate with respect to each application. All federal government officials consulted by the Secretary of State pursuant to this section shall provide such information and render such assistance as he may request, consistent with their competence and authority.

(d) If the Secretary of State finds, after consideration of the views obtained pursuant to subsections (b) and (c), that issuance of a permit to the applicant would serve the national interest, he shall prepare a permit, in such form and with such terms and conditions as the national interest may in his judgment require, and shall notify the officials required to be consulted under subsection (b) above of his proposed determination that the permit be issued.

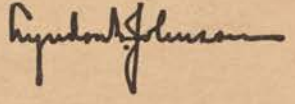

(e) If the Secretary of State finds, after consideration of the views obtained pursuant to subsections (b) and (c), that issuance of a permit to the applicant would not serve the national interest, he shall notify the officials required to be consulted under subsection (b) above of his proposed determination that the application be denied.

(f) The Secretary of State shall issue or deny the permit in accordance with his proposed determination unless, within fifteen days after notification pursuant to subsection (d) or (e) above, an official required to be consulted under subsection (b) above shall notify the Secretary of State that he disagrees with the Secretary's proposed determination and requests the Secretary to refer the application to the President. In the event of such a request, the Secretary of State shall refer the application, together with statements of the views of the several officials involved, to the President for his consideration and final decision.

SEC. 2. (a) The Secretary of State may provide for the publication in the FEDERAL REGISTER of notice of receipt of applications, for the receipt of public comments on applications, and for publication in the FEDERAL REGISTER of notice of issuance or denial of applications.

(b) The Secretary of State is authorized to issue such further rules and regulations, and to prescribe such further procedures, as he may from time to time deem necessary or desirable for the exercise of the authority conferred upon him by this order.

SEC. 3. The authority of the Secretary of State hereunder is supplemental to, and does not supersede, existing authorities or delegations relating to importation, exportation, transmission, or transportation to or from a foreign country. All permits heretofore issued with respect to matters described in Section 1 of this order, and in force at the time of issuance of this order, and all permits issued hereunder, shall remain in effect in accordance with their terms unless and until modified, amended, suspended, or revoked by the President or, upon compliance with the procedures provided for in this order, by the Secretary of State.

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Lemon Reg. 333, Amdt. 1]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons as hereinafter provided, will tend to effectuate the declared policy of the act by tending to establish and maintain such orderly marketing conditions for such lemons as will provide, in the interest of producers and consumers, an orderly flow of the supply thereof to market throughout the normal marketing season to avoid unreasonable fluctuations in supplies and prices, and is not for the purpose of maintaining prices to farmers above the level which it is declared to be the policy of Congress to establish under the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, and this amendment relieves restrictions on the handling of lemons grown in California and Arizona.

Order, as amended. The provisions in paragraph (b)(1)(ii) of § 910.633 (Lemon Regulation 333, 33 F.R. 11392) are hereby amended to read as follows:

PART 916—NECTARINES GROWN IN CALIFORNIA

Expenses and Rate of Assessment and Carryover of Unexpended Funds

On August 2, 1968, notice of proposed rule making was published in the FEDERAL REGISTER (33 F.R. 11028) regarding proposed expenses, the proposed rate of assessment, and the proposed carryover of unexpended funds, for the period March 1, 1968, through February 28, 1969, pursuant to the marketing agreement, as amended, and Order No. 916, as amended (7 CFR Part 916), regulating the handling of nectarines grown in California. This regulatory program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674). After consideration of all relevant matters presented, including the proposals set forth in such notice which were submitted by the Nectarine Administrative Committee (established pursuant to said marketing agreement and order), it is hereby found and determined that:

§ 916.207 Expenses and rate of assessment.

(a) *Expenses.* Expenses that are reasonable and likely to be incurred by the Nectarine Administrative Committee during the period March 1, 1968, through February 28, 1969, will amount to $254,445.

(b) *Rate of assessment.* The rate of assessment for said period, payable by each handler in accordance with § 916.41, is fixed at $0.045 per No. 22D standard lug box of nectarines, or equivalent quantity of nectarines in other containers or in bulk.

(c) *Reserve.* Unexpended assessment funds, in excess of expenses incurred during the fiscal period ending February 28, 1969, shall be carried over as a reserve in accordance with the applicable provisions of § 916.42 of said marketing agreement and order.

It is hereby further found that good cause exists for not postponing the effective date hereof until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that (1) shipments of the current crop of nectarines grown in California are now being made; (2) the relevant provisions of said marketing agreement and this part require that the rate of assessment herein fixed shall be applicable to all assessable nectarines handled during the aforesaid period; and (3) such period began on March 1, 1968, and said rate of assessment will automatically apply to all such nectarines beginning with such date.

Terms used in the amended marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said amended marketing agreement and order, and "No. 22D standard lug box" shall have the same meaning as set forth in section 43601 of the Agricultural Code of California.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: August 15, 1968.
