Title 7—AGRICULTURE

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Grapefruit Reg. 37, Amdt. 4]

PART 909—GRAPEFRUIT GROWN IN

ARIZONA; IN IMPERIAL COUNTY, CALIF.; AND IN THAT PART OF RIVERSIDE COUNTY, CALIF., SITUATED SOUTH AND EAST OF WHITE WATER, CALIF.

Limitation of Shipments

Findings. (1) Pursuant to marketing Order No. 909, as amended (7 CFR Part 909; 35 F.R. 13875), regulating the handling of grapefruit grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations of the Administrative Committee (established under the aforesaid amended marketing order), and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) The recommendation of the Administrative Committee reflects its appraisal of the current grapefruit crop and the current and prospective market conditions. Information received by the Department on May 11, 1971, revealed that the minimum size requirement, recommended by the committee and transmitted as a count-per-container, differed slightly from the minimum size measurement as specified in Amendment 3 of Grapefruit Regulation 37. The discrepancy arose from different mathematical interpretations by the committee and by the Department for size 56 grapefruit. As a result, said amendment permits the shipment of grapefruit slightly smaller than the minimum size intended by the committee and this amendment will eliminate that difference.

(3) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for

preparation for such effective time; and, good cause exists for making the provisions hereof effective not later than May 17, 1971. Shipments of California-Arizona grapefruit are currently regulated pursuant to Grapefruit Regulation 37 as amended (35 F.R. 15980; 36 F.R. 1087; 36 F.R. 3516; 36 F.R. 8671). The Administrative Committee held a meeting on April 30, 1971, to consider recommendation for regulation; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting; necessary supplemental economic and statistical information upon which this recommended amendment is based were received April 30, 1971 and May 11, 1971; information regarding the provisions of the regulation recommended by the committee has been disseminated to shippers of grapefruit, grown as aforesaid; this amendment is identical with the recommendation of the committee; it is necessary, in order to effectuate the declared policy of the act, to make this amendment effective on the date hereinafter set forth; and, compliance with this amendment will not require any special preparation on the part of the persons subject thereto which cannot be completed on or before the effective date hereof.

Order. In § 909.337 (Grapefruit Reg. 37; 35 F.R. 15980; 36 F.R. 1087; 36 F.R. 3516; 36 F.R. 8671), the provisions of paragraph (a) (1) which precede subdivision (i) and of paragraph (a) (2) are amended to read as follows:

§ 909.337 Grapefruit Regulation 37.

(a) **Order.** (1) Except as otherwise provided in subparagraph (2) of this paragraph, during the period May 17, 1971, through September 30, 1971, no handler shall handle from the State of California or the State of Arizona to any point outside thereof:

(2) Subject to the requirements of subparagraph (1) (i) of this paragraph, any handler may, but only as the initial handler thereof, handle grapefruit smaller than $3\frac{1}{16}$ inches in diameter directly to a destination in Zone 6, Zone 5, Zone 4, Zone 3, or Zone 2; and if the grapefruit is so handled directly to Zone 4, Zone 3, or Zone 2, the grapefruit does not measure less than $3\frac{1}{16}$ inches in diameter, except that a tolerance of 5 percent, by count, for grapefruit smaller than $3\frac{1}{16}$ inches shall be permitted, which tolerance shall be applied in accordance with the provisions for the application of tolerances specified in the revised U.S. Standards for Grapefruit (California-Arizona), §§ 51.925-51.955 of this title; *Provided*, That in determining the percentage of grapefruit in any lot which are smaller than $3\frac{1}{16}$ inches in

diameter, such percentage shall be based only on the grapefruit in such lot which are of a size $3\frac{1}{16}$ inches in diameter and smaller.

Other factors: Amounts determined by CCC to represent market discounts for quality factors not specified above which affect the value of the barley, such as (but not limited to) thin barley, moisture, foreign material, test weight, heat damage, musty, sour, smutty, stained, weevily, ergoty, and bleached. Such discounts will be established not later than the time delivery of barley to CCC begins and will thereafter be adjusted from time to time as CCC determines appropriate to reflect changes in market conditions. Producers may obtain schedules of such factors and discounts at county ASCS offices approximately 1 month prior to the loan maturity date.

Note: Discounts are cumulative except only one grade discount shall be applied. The discounts for total damage in excess of 10 percent are in addition to the discount of 15 cents for barley grading U.S. No. 5. For the purpose of applying discounts, factors which cause barley of the subclass Malting Barley or Blue Malting Barley to have a lower numerical grade than if the barley were graded under a different subclass shall be disregarded.

Title 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service, Department of Justice

PART 103—POWERS AND DUTIES OF SERVICE OFFICERS; AVAILABILITY OF SERVICE RECORDS

PART 248—CHANGE OF NONIMMIGRANT CLASSIFICATION

Miscellaneous Amendments

The following amendments to Chapter I of Title 8 of the Code of Federal Regulations are hereby prescribed:

Subparagraph (15) of paragraph (e) of § 103.1 is amended to read as follows:

§ 103.1 Delegations of authority.

(e) Regional commissioners. * * *

(15) Decisions on applications for change of nonimmigrant status, as provided in § 248.3(d) of this chapter.

Part 248 is amended to read as follows:

Sec.	
248.1	Eligibility.
248.2	Ineligible classes.
248.3	Application.
248.4	Change of nonimmigrant classification to that under section 101(a) (15) (H) or 101(a) (15) (L) of the Immigration and Nationality Act.

AUTHORITY: The provisions of this Part 248 issued under sec. 103, 66 Stat. 173; 8 U.S.C. 1103. Interpret or apply secs. 101, 247, 248, 66 Stat. 167, as amended, 218, as amended; 8 U.S.C. 1101, 1257, 1258.

§ 248.1 Eligibility.

(a) General. Except for those classes enumerated in § 248.2, any alien lawfully admitted to the United States as a nonimmigrant, including an alien who acquired such status pursuant to section 247 of the Act, who is continuing to maintain his nonimmigrant status, may apply to have his nonimmigrant classification changed to any nonimmigrant classification other than that of a fiancée or fiancé under section 101(a) (15) (K) of the Act.

(b) Maintenance of status. In determining whether an applicant has continued to maintain his nonimmigrant status, the district director shall consider whether the alien has remained in the United States for a longer period than that authorized by the Service, and shall consider any conduct by the applicant relating to his maintenance of the status from which the applicant is seeking a change. An applicant may not be considered as having maintained his nonimmigrant status within the meaning of this section if he failed to submit his application for change of nonimmigrant classification before his authorized temporary stay in the United States had expired, unless the district director in his

discretion is satisfied that the failure to file a timely application was excusable, that the alien has not otherwise violated his nonimmigrant status and is a bona fide nonimmigrant, and the alien is not the subject of deportation proceedings under Part 242 of this chapter. A nonimmigrant applying for a change to classification as a student under section 101(a)(15)(F) of the Act shall not be considered ineligible for such change solely because he may have started attendance at school before his application was submitted. An alien shall be considered prima facie ineligible for change of nonimmigration classification as one who is no longer maintaining his nonimmigrant status, upon the introduction in Congress of a private bill seeking to confer upon him the status of a lawful permanent resident of the United States.

§ 248.2 Ineligible classes.

An alien admitted in immediate and continuous transit through the United States without a visa pursuant to section 238(d) of the Act, or an alien classified as a nonimmigrant under section 101(a)(15)(D) or (K) of the Act is not eligible for any change of nonimmigrant classification under section 248 of the Act. An alien classified as a nonimmigrant under section 101(a)(15)(C) or (J) of the Act is not eligible for any change of nonimmigrant classification other than a change to classification under section 101(a)(15)(A) or (G) of the Act.

§ 248.3 Application.

(a) *General.* Application for change of nonimmigrant classification shall be made on Form I-506. The application shall be accompanied by documentary evidence establishing that the applicant is eligible for the change of classification being requested and shall be filed with the district director having jurisdiction over the applicant's place of temporary sojourn in the United States.

(b) *Application and fee not required.* When an alien, whose status has been changed to a classification under section 101(a)(15)(A), (E), (F), (G), (H), (I), (J), or (L) of the Act, has a nonimmigrant spouse or nonimmigrant child in the United States, their status may also be changed to the classification of the spouse or child of such alien, if appropriate, without an application or fee. Neither an application nor fee is required of an alien who seeks reclassification from that of a visitor for pleasure under section 101(a)(15)(B) of the Act to that of a visitor for business under the same section; from classification as a student under section 101(a)(15)(F)(i) of the Act to classification as an accompanying spouse or minor child under section 101(a)(15)(F)(ii) of the Act or vice versa; from any classification within section 101(a)(15)(H) of the Act to any other classification within section 101(a)(15)(H) provided requisite Form I-129B visa petition has been filed and approved; or from classification as a participant under section 101(a)(15)(J)

of the Act to classification as an accompanying spouse or minor child under that section, or vice versa. No fee shall be required in connection with any request for change to classification under section 101(a)(15)(A) or (G) of the Act. No fee shall be required when a change to exchange alien status under section 101(a)(15)(J) of the Act is requested by an agency of the U.S. Government; Form DSP-66, Certificate of Eligibility for Exchange-Visitor Status, submitted by such agency together with its request will be accepted in lieu of Form I-506. An alien classified as a visitor for business under section 101(a)(15)(B) of the Act need not request a change of classification to remain in the United States temporarily as a visitor for pleasure.

(c) *Approval of application.* If the application is granted, the applicant shall be notified of the decision and granted a new period of time to remain in the United States without the requirement of filing a separate application and paying a separate fee for an extension of stay. The applicant's nonimmigrant status under his new classification shall be subject to the terms and conditions applicable generally to such classification and to such other additional terms and conditions, including exaction of bond, which the district director deems appropriate to the case.

(d) *Denial of application.* When the application is denied, the applicant shall be notified of the decision and of the reasons therefor and of his right to appeal in accordance with the provisions of Part 103 of this chapter.

§ 248.4 Change of nonimmigrant classification to that under section 101(a)(15)(H) or (L) of the Immigration and Nationality Act.

Notwithstanding any other provisions of this Part, a request for a change of an alien's nonimmigrant classification to that described in section 101(a)(15)(H) or (L) of the Act shall be accompanied by a petition on Form I-129B made by the alien's prospective employer or trainer.

(Sec. 103, 66 Stat. 173; 8 U.S.C. 1103)

This order shall be effective on the date of its publication in the *FEDERAL REGISTER* (5-18-71). Compliance with the provisions of section 553 of title 5 of the United States Code (80 Stat. 383), as to notice of proposed rule making and delayed effective date, is unnecessary in this instance and would serve no useful purpose because the amendments to §§ 103.1(e), 248.1, and 248.2 are editorial in nature; the amendments to § 248.3 are editorial in nature and confer benefits on persons affected thereby; and the amendment to § 248.4 relates to agency procedure.

Dated: May 12, 1971.

Commissioner of
Immigration and Naturalization.

Title 9—ANIMALS AND ANIMAL PRODUCTS

Chapter III—Consumer and Marketing Service (Meat Inspection), Department of Agriculture

SUBCHAPTER A—MEAT INSPECTION REGULATIONS

PART 331—SPECIAL PROVISIONS FOR DESIGNATED STATES AND TERRITORIES; AND FOR DESIGNATION OF ESTABLISHMENTS WHICH ENDANGER PUBLIC HEALTH AND FOR SUCH DESIGNATED ESTABLISHMENTS

Notice of Designation of Kentucky Under the Federal Meat Inspection Act

Statement of considerations. Paragraph 301(c) of the Federal Meat Inspection Act (21 U.S.C. 661(c)) required the Secretary of Agriculture to designate promptly after December 15, 1969, any State as one in which the requirements of titles I and IV of said Act shall apply to intrastate operations and transactions, and to persons, firms, and corporations engaged therein, with respect to meat products and other articles and animals subject to the Act, if he determined after consultation with the Governor of the State, or his representative, that the State involved had not developed and activated requirements, at least equal to those under titles I and IV, with respect to establishments within the State at which cattle, sheep, swine, goats, or equines are slaughtered, or their carcasses, or parts or products thereof, are prepared for use as human food, solely for distribution within such State. However, if the Secretary had reason to believe that the State would activate the necessary requirements within an additional year, he could allow the State 1 additional year in which to activate such requirements.
