Rules and Regulations

Title 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 900—INTERGOVERNMENTAL PERSONNEL ACT GRANT PROGRAM

Under date of May 25, 1971 (F.R. Doc. 71-6248), a notice of proposed rule making was issued relative to a guide and guidelines concerning operations relating to the grant program administered by the Commission under the Intergovernmental Personnel Act of 1970. Subsequent to that notice, it was decided to replace the basic regulatory material in the guide and guidelines with regulations. These regulations are in the new Part 900 set forth hereinafter. By reason of the fact that the substance of the regulatory material in the new Part 900 was covered by the notice of May 25, 1971, it has been found that good cause exists that the rule making procedure is unnecessary relative to the new Part 900 which is accordingly, effective August 19, 1971.

AUTHORITY: The provisions of this Part 900 issued under sec. 503 84 Stat. 1926.

Subpart A—General Provisions

§ 900.101 Purpose of the grant program.

The purpose of the grant program is to assist State and local governments by strengthening their staffs through improved personnel administration and through training and development of their employees and officials consistent with the merit principles stated in section 2 of the Act.

§ 900.102 Definitions.

In this part:

(a) "Act" means the Intergovernmental Personnel Act of 1970, 84 Stat. 1909.

(b) "Other organization" has the meaning given that term by section 304 of the Act.

(c) "State", "local government", and "general local government" have the meaning given to those terms by section 502 and section 506(b)(5) of the Act.

§ 900.103 Advisory guidelines and information.

Information for the fiscal administration of grants awarded under the Act and this part and for grant application procedures are in the "IPA Grant Administration Handbook" and the "Guidelines for the IPA Grant Program" which are available from the Bureau of Intergovernmental Personnel Programs, U.S. Civil Service Commission, 1900 E. Street, NW., Washington, DC 20415, or from the regional offices of the Commission at the following locations:

Atlanta Merchandise Mart, 240 Peachtree Street NW., Atlanta, GA 30303.
Post Office and Courthouse Building, Boston, Mass. 02109.
Main Post Office Building, 433 West Van Buren Street, Chicago, IL 60607.
1100 Commerce Street, Dallas, TX 75202.
Building 20, Denver Federal Center, Denver, Colo. 80225.
Federal Building, 26 Federal Plaza, New York, NY 10007.
Customhouse, Second and Chestnut Streets, Philadelphia, PA 19106.
3004 Federal Office Building, First Avenue and Madison Street, Seattle, WA 98104.
Federal Building, Post Office Box 36010, 450 Golden Gate Avenue, San Francisco, CA 94102.
1256 Federal Building, 1520 Market Street, St. Louis, MO 63103.

§ 900.104 Administrative organization.

(a) *Bureau of Intergovernmental Personnel Programs.* The Bureau of Intergovernmental Personnel Programs of the Commission has, under the direction of the Executive Director, the responsibility of administering the programs authorized by the Act.

(b) *Regional office organization.* Each regional office of the Commission has, under the direction of the regional director, a Division of Intergovernmental Personnel Programs which is responsible for administering the programs authorized by the Act within the jurisdiction of the region.

Subpart B—Grants

§ 900.201 Use of grants.

A grant under the Act may be used:

(a) To strengthen personnel administration of States and local governments;

(b) to train and educate professional, administrative, and technical employees and officials of State and general local governments;

(c) to support programs providing for Government Service Fellowships for State and local government personnel; and

(d) to improve particular aspects of State and local government personnel administration as authorized by the Act.

§ 900.202 Grant procedures.

(a) A grant application shall be submitted to the regional office of the Commission having jurisdiction over the area where the party submitting the application is located as specified in the "Guidelines for the IPA Grant Program." When the party submitting the application is located in the metropolitan area of Washington, D.C., the grant application shall be submitted to the Bureau of Intergovernmental Personnel Programs, U.S. Civil Service Commission, 1900 E Street NW., Washington, DC 20415.

(b) An application submitted by a combination of States or general local governments which are located in different Commission regions should be sent to the regional office in whose area the specific jurisdiction which will have primary responsibility and authority for the administration of the approved program and project is located.

§ 900.203 Grant administration.

(a) A grantee shall make such reports as may be requested by the Commission under section 504 of the Act. The Commission reserves the right to audit and to evaluate performance or program success.

(b) A grantee shall maintain such fiscal control and fund accounting procedures as required by the Commission, and shall grant access to records as provided by section 505 of the Act.

Subpart C—Funds

§ 900.301 Allocation of funds.

(a) *Formula.* The Commission shall allocate the total amount of funds available for grants as required by section 506 of the Act; and shall publish in the FEDERAL REGISTER the formulae required by sections 506(b)(1) and (2) of the Act.

(b) *Effect of allocation.* Allocations made under this section do not constitute a grant of funds; they are a statement of the initial availability of grant funds to a State and of the percentage of each State's allocation initially available to meet the needs of the State government and of local governments in the State.

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] JAMES C. SPRY,
Executive Assistant to the Commissioners.

Title 7—AGRICULTURE

Subtitle A—Office of the Secretary of Agriculture

[Amdt. 27]

PART 5—DETERMINATION OF PARITY PRICES

Papayas

The regulations of the Secretary of Agriculture with respect to the determination of the parity prices (21 F.R.

761, as amended; 7 CFR 5.1-5.6) are amended as hereinafter specified, effective July 30, 1971, in order to include papayas (Hawaii), for fresh consumption in the list of commodities for which parity prices shall be calculated. The need for parity prices on papayas arises from a marketing order program that became effective May 15, 1971. Marketing season average prices will be used for the purpose of calculating adjusted base prices for this commodity, since it is not practicable to determine the average prices received by farmers on a calendar year basis.

1. In § 5.2, the paragraph under the centerhead "Deciduous and other Fruit" is amended to read as follows:

§ 5.2 Marketing season average price data.

* * * * *

DECIDUOUS AND OTHER FRUIT

Apples for processing; apricots for fresh consumption; apricots for processing (except dried); dried apricots; avocados; blackberries; boysenberries; gooseberries; loganberries; black raspberries; red raspberries; youngberries; tart cherries; sweet cherries; cranberries; dates; grapes, raisins, dried; all grapes excluding raisins, dried; nectarines for fresh consumption, nectarines for processing; olives for processing (except crushed for oil); olives, crushed for oil; olives for canning; papayas (Hawaii), for fresh consumption; peaches for fresh consumption; clingstone peaches for processing (except dried); freestone peaches for processing (except dried); dried peaches; pears for fresh consumption; pears for processing (except dried); dried pears; plums (California), for fresh consumption; plus (California), for processing; dried prunes (California); prunes and plums (excluding California), for processing (except dried); strawberries for fresh consumption; and strawberries for processing.

* * * * *

2. In § 5.4, the paragraph under the centerhead "Deciduous and Other Fruit" is amended to read as follows:

§ 5.4 Commodities for which parity prices shall be calculated.

* * * * *

DECIDUOUS AND OTHER FRUIT

Apples (primarily for fresh use); apples for processing; apricots for fresh consumption; apricots for processing (except dried); dried apricots; avocados; blackberries; boysenberries; gooseberries; loganberries; black raspberries; red raspberries; youngberries; tart cherries; sweet cherries; cranberries; dates; grapes, raisins, dried; all grapes, excluding raisins, dried; nectarines for fresh consumption; nectarines for processing; olives for processing (excluding crushed for oil); olives, crushed for oil; olives for canning; papayas (Hawaii), for fresh consumption; peaches for fresh consumption; clingstone peaches for processing (except dried); freestone peaches for processing (except dried); dried peaches; pears for fresh consumption; pears for processing (except dried); dried pears; plums (California), for fresh consumption; plums (California), for processing; dried prunes (California); prunes and plums (excluding California), for processing (except dried); strawberries for fresh consumption; and strawberries for processing.

Chapter VII—Agricultural Stabilization and Conservation Service (Agricultural Adjustment), Department of Agriculture

SUBCHAPTER B—FARM MARKETING QUOTAS AND ACREAGE ALLOTMENTS

PART 722—COTTON

Subpart—Upland Cotton Set-Aside Program for Crop Years 1971–73

The provisions of §§ 722.801 to 722.822 are issued pursuant to the Agricultural Act of 1949, as amended (7 U.S.C. 1421 et seq.). These provisions govern the Upland Cotton Set-Aside Program for the 1971, 1972, and 1973 crops of cotton under section 103 of the Act, as amended by the Agricultural Act of 1970, Public Law 91-524, 84 Stat. 1358, approved November 30, 1970.

AUTHORITY: The provisions of this subpart issued under sec. 103, 84 Stat. 1374, 7 U.S.C. 1444.

§ 722.801 Applicability.

(a) The regulations in this subpart provide terms and conditions for the upland cotton set-aside program for the 1971 through 1973 crops of upland cotton, respectively, under which payments are made to producers who set aside acreage to approved conservation uses and, in addition, maintain the acreage of cropland on the farm devoted in preceding years to soil-conserving uses (herein called "conserving base"), except to the extent that they elect to devote the set-aside acreage to approved alternate crops in lieu of conserving uses. The regulations governing the establishment of farm base acreage allotments for the 1971, 1972, and 1973 crops of upland cotton are also contained in this Part 722 (36 F.R. 4853, as amended).

(b) If the operator of the farm elects to participate in the program, payments shall be made available to the producers on such farm only if such producers set aside in accordance with this subpart an acreage on the farm equal to the number of acres stated on Form ASCS-378, Intention to Participate and Payment Application (herein called "Form 378").

(c) In accordance with section 101 of the Agricultural Act of 1970 and the regulations in Part 795 of this chapter, the total amount of payments which a person shall be entitled to receive annually under the program shall not exceed $55,000.

(d) The program is applicable in all of the upland cotton producing counties of the United States.

§ 722.802 Definitions.

In the regulations in this subpart and in all instructions, forms, and documents in connection therewith, the words and phrases defined in this section shall have the meanings assigned to them herein unless the context or subject matter otherwise requires.

(a) "Acreage planted to cotton" means the acreage seeded to cotton plus stub cotton acreage on the farm in the current year.

(b) "Alternate crop" means any of the crops which may be produced on the acreage set aside from production under the conditions specified in § 722.812(h).

(c) "Conservation Reserve Program" means the program authorized under the Soil Bank Act, as amended, Part 750 of this chapter, as amended.

(d) "Cropland Adjustment Program" means the program authorized under title VI of the Food and Agriculture Act of 1965, as amended, Part 751 of this chapter, as amended.

(e) "Cropland Conversion Program" means the program authorized under section 16(e) of the Soil Conservation and Domestic Allotment Act, as amended, Part 751 of this chapter, as amended.

(f) "Current year" means the calendar year in which the cotton crop with respect to which payment may be made under this subpart would normally be harvested.

(g) "Farm base acreage allotment" means the base acreage allotment for upland cotton established for the farm under section 350 of the Agricultural Adjustment Act of 1938, as amended, and the regulations governing base acreage allotments for the 1971, 1972, and 1973 crops of upland cotton, this Part 722, as amended.

(h) "Feed Grain Set-Aside Program" means the program authorized under title V of the Agricultural Act of 1970, Part 775 of this chapter, as amended.

(i) "Marketing year" means the 12-month period beginning August 1 of the current year and ending July 31 of the succeeding year.

(j) "Regional Conservation Programs" means the program set forth in Part 755 of this chapter, as amended.

(k) "Small farm" means a farm on which the farm base acreage allotment is 10 acres or less, or on which the yield used in making payments times the farm base acreage allotment is 5,000 pounds or less, and for which the farm base acreage allotment has not been reduced under section 350(f) of the Agricultural Adjustment Act of 1938, as amended: *Provided*, That a farm otherwise qualifying as a small farm shall not be considered a small farm if such farm came within the foregoing definition as a result of the transfer of base acreage allotment which first became effective for the current crop year.

(l) "Wheat Set-Aside Program" means the program authorized under title IV of the Agricultural Act of 1970, Part 728 of this chapter, as amended.

(m) In the regulations in this subpart and in all instructions, forms, and documents in connection therewith, all other words and phrases shall have the meanings assigned to them in the regulations governing reconstitution of farms, allotments, and bases, Part 719 of this chapter, as amended.

§ 722.803 **Administration.**

(a) The program will be administered under the general supervision of the Administrator, ASCS (Executive Vice President, CCC), and shall be carried out in the field by Agricultural Stabilization and Conservation State and county committees (herein called "State and county committees") and ASCS commodity offices.

(b) State and county committees, ASCS commodity offices, and representatives and employees thereof do not have authority to modify or waive any of the provisions of the regulations in this subpart, as amended or supplemented.

§ 722.804 **Requirements for eligibility.**

(a) *General.* A person is eligible to participate in the program if he is a producer on a farm which meets the requirements of paragraph (b) of this section and he fulfills the requirements of paragraph (c) of this section.

(b) *Farm requirements.* (1) A Form 378 must be filed for the farm by the operator in accordance with § 722.811.

(2) An acreage of cropland not less than the required set-aside acreage specified in § 722.805 must be set-aside from production for the current year: *Provided*, That a producer whose payments under the program are reduced because of the $55,000 payment limitation may request a downward adjustment in the set-aside requirement pursuant to the provisions in Part 795 of this chapter.

(3) The acreage set-aside from production as stated on Form 378 must be devoted to one or more of the approved conservation uses specified in Part 792 of this chapter, as amended, or to alternate crops specified in § 722.812(h), and the operator must comply with the limitations on the use of such acreage also specified in such part.

(4) In addition to the acreage referred to in subparagraph (3) of this paragraph, an acreage equal to the conserving base established for the farm under Part 792 of this chapter, as amended, must be devoted to one or more of the conservation uses also specified in such part. Acreage designated as set-aside or diverted under any other Federal acreage reduction program shall not be counted toward maintaining the conserving base unless authorized in the regulations governing such program or Part 792 of this chapter, as amended.

(5) In the case of any farm participating in the Conservation Reserve Program, Cropland Conversion Program, Cropland Adjustment Program, or Regional Conservation Programs, the acreage of upland cotton and other nonconserving crops other than approved alternate crops on acreage set aside under this program, the Wheat Set-Aside Program, and the Feed Grain Set-Aside Program plus the acreages set aside under such programs, shall not exceed the smallest number of acres of nonconserving crops permitted under the Conservation Reserve, Cropland Conversion, Cropland Adjustment, and the Regional Conservation Programs.

(6) Land owned by the Federal Government which has been leased subject to restrictions prohibiting the production of cotton, or requiring the use of the land for other purposes, or prohibiting the receipt of Federal payments for diversion or set-aside of such acreage shall not be eligible for participation in the program. Any other land owned by the Federal Government which is being occupied without a lease, permit, or other right of possession or land in a nationl wildlife refuge shall not be eligible for participation in the program.

(c) *Producer eligibility requirements.* (1) The producer must be a person who shares in the upland cotton crop, or the proceeds thereof, in the current year on a farm meeting the requirements of paragraph (b) of this section or who would have shared in the commodity if upland cotton had been produced on such farm in the current year.

(2) A minor will be eligible to participate in the program only if (i) the right of majority has been conferred on him by court proceedings; or (ii) a guardian has been appointed to manage his property and the applicable documents are signed by the guardian; or (iii) a bond is furnished under which a surety or sureties guarantees to protect the Commodity Credit Corporation from any loss incurred for which the minor would be liable had he been an adult. Notwithstanding the foregoing, payment may be made to a minor after December 31 of the current year upon a determination by the county committee that the minor has met the requirements of the program.

§ 722.805 **Set-aside acres.**

A set-aside of cropland is required (not to exceed 28 percent of the farm base acreage allotment) when the Secretary determines that the total supply of agricultural commodities will, in the absence of such a set-aside, likely be excessive taking into account the need for an adequate carryover to maintain reasonable and stable supplies and prices and to meet a national emergency.

(a) For 1971, the set-aside requirement shall be 20 percent of the farm base acreage allotment.

(b) For 1972 and 1973, the set-aside requirement shall be announced by amendment to this subpart.

§ 722.806 **Designation, use, and care of set-aside acreage.**

The regulations governing the designation, use, and care of set-aside acreage are set forth in Part 792 of this chapter, as amended.

§ 722.807 **Farm conserving base.**

The regulations governing the establishment and maintenance of the farm conserving base. Part 792 of this chapter, as amended, are applicable to the upland cotton set-aside program.

§ 722.808 **Farm yield and payment rates.**

(a) *Farm yield.* The per acre farm yield for upland cotton for the current year shall be the average yield for the farm determined on the basis of the actual yields per harvested acre for the 3 preceding years, except that the 1970 farm projected yield shall be substituted in lieu of the actual yields for the years 1968 and 1969: *Provided*, That the actual yields shall be adjusted by the county committee in accordance with instructions issued by the Deputy Administrator for abnormal yields in any year caused by drought, flood, or other natural disaster: *Provided further*, That the average yield established for the farm for any year shall not be less than the yield used in making payments for the preceding year if the total cotton production on the farm in such preceding year is not less than the yield used in making payments for the farm for such preceding year times the farm base acreage allotment for such preceding year (for the 1970 crop, the farm domestic allotment).

(b) *Payment rates.* (1) The regular payment rate for upland cotton shall be at such rate per pound as, together with the national average market price for Middling 1-inch upland cotton (micronaire 3.5 through 4.9) in the designated spot markets during the first 5 months of the marketing year for the crop, the Secretary determines will be equal to the greater of 35 cents or 65 per centum of the parity price for upland cotton as of the beginning of the marketing year, except that the rate of payment so determined for the 1972 crop and the 1973 crop, respectively, shall be adjusted by multiplying the amount thereof by the ratio of the national base acreage allotment for the 1971 crop to the national base acreage allotment for the crop for which the rate is being determined.

(2) The small farm payment rate shall be 30 per centum of the regular payment rate as established in accordance with subparagraph (1) of this paragraph.

(3) The regular per acre farm payment rate shall be determined by multiplying the farm yield established as provided in paragraph (a) of this section by the payment rate established in accordance with subparagraph (1) of this paragraph.

(4) The preliminary per acre farm payment rate shall be determined by multiplying the farm yield established as provided in paragraph (a) of this section by 15 cents.

§ 722.809 Notice of base acreage allotment, conserving base, yield and payment rate.

Each operator of a farm which has a farm base acreage allotment shall be notified in writing of such base acreage allotment, the conserving base, the farm yield, and the preliminary per acre farm payment rate.

§ 722.810 Appeals.

A producer may obtain reconsideration and review by the county committee of determinations made under this subpart in accordance with the appeal regulations, Part 780 of this chapter, as amended.

§ 722.811 Intention to participate in the program.

(a) *Who may file.* A Form 378 must be filed by the operator of an eligible farm if he wishes to participate in the program.

(b) *Where to file.* Form 378 shall be filed with the office of the county committee having jurisdiction over the county where the farm is located.

(c) *When to file.* Form 378 shall be filed within the period authorized by the Deputy Administrator. Notwithstanding the foregoing, the closing date may be extended by the county committee if the producers on the farm establish to the satisfaction of the county committee that they intended to participate in the program and their failure to file by such date was not due to the fault or negligence of the producers.

(d) *Withdrawal and revision.* The operator may withdraw Form 378 by filing a written notice of withdrawal of the form with the county committee, except that the form may not be withdrawn after the operator certifies to program acreage which is found by measurement to be erroneous by an amount exceeding the tolerance, if any, authorized under provisions of Parts 718 and 791 of this chapter, as amended. If Form 378 is withdrawn, the producers on the farm may, not later than the closing date, file a new Form 378. If the farm is reconstituted or if a revised allotment notice is issued for any reason, the operator shall have 15 days after the mailing date of such notice of reconstitution or revised base acreage allotment to file a new Form 378.

§ 722.812 Payments.

(a) Before any payment is made to a producer, the producer must sign Form 378. All producers eligible to share in the payments shall execute Form 378 before preliminary payments are approved in order that the proper division of payment may be determined except that if a producer refuses to sign or because of his absence from the community is unavailable to sign, the county committee may approve payments to other producers upon a determination that the division of payment is fair and equitable and that there has otherwise been compliance with the requirements of the program.

(b) Except as otherwise provided herein and in Part 791 of this chapter, as amended, payment shall not be made for a farm or to a producer when there is failure to comply fully with the regulations in this subpart.

(c) The total regular payments with respect to a farm shall be determined by multiplying the regular per acre farm payment rate as determined in accordance with § 722.808(b)(3) by the acreage planted to cotton within the farm base acreage allotment: *Provided*, That any farm planting not less than 90 percent of the farm base acreage allotment shall be deemed to have planted the entire amount of such allotment. For purposes of this paragraph, an acreage on the farm which the county committee determines in accordance with instructions issued by the Deputy Administrator was not planted to cotton because of flood, drought, or other natural disaster, or a condition beyond the control of the producer shall be deemed to be planted to cotton.

(d) A preliminary payment shall be made to producers as soon as practicable after July 1 of the year in which the crop is harvested. The preliminary payment shall be determined by multiplying the acreage planted to cotton within the farm base acreage allotment as determined in accordance with paragraph (c) of this section by the preliminary per acre farm payment rate as determined in accordance with § 722.808(b)(4). The payment so made shall not be reduced if the rate as finally determined in § 722.808(b)(3) is less than the rate of the preliminary payment.

(e) Subject to the provisions of the payment limitation regulations in Part 795 of this chapter, the total earned regular payment due each eligible producer under the program shall be determined by multiplying the total earned regular payment for the farm by the producer's share of such payment.

(f) A producer on a small farm who resides on the farm and derives his principal income from cotton produced on the farm shall also be eligible for a small farm payment. Such payment shall be determined by multiplying the small farm payment rate as determined in accordance with § 722.808(b)(2) by the producers' share of the cotton actually produced on the farm within the farm base acreage allotment.

(g) Notwithstanding any other provision of this subpart, cotton acreage which is determined by the county committee to have been planted or cared for in an unworkmanlike manner without the expectation of producing a normal crop under usual conditions shall not be counted as planted to cotton acreage.

(h) Part or all of the acreage set aside under § 722.804(b)(2) may be devoted to approved alternate crops. If a producer elects to devote the set-aside acreage to approved alternate crops, a reduction shall be made in the payments otherwise computed for the farm.

(1) For 1971, the approved alternate crops are castor beans, crambe, guar, mustard seed, plantago ovato, safflower, sesame, and sunflower. The per acre reduction for set-aside acerage devoted to approved alternate crops is $10.

(2) For 1972 and 1973, the approved alternate crops and payment reduction rates will be announced by amendment to this subpart.

(i) Notwithstanding any other provision of this subpart, if an acreage that receives prevented planting or failed acreage credit for purposes of computing payments is planted to another nonconserving crop or designated as set-aside acreage, the producers on the farm have failed to comply fully with the program. For such failure, the payment rate per pound otherwise payable with respect to the farm shall be reduced by 5 cents. The reduction is not required if (1) the crop of upland cotton is not planted or was planted but failed because of adverse weather conditions in an area designated by the Secretary as a disaster area or (2) the crop of upland cotton was planted but failed due to a sudden and violent natural disaster, such as a hurricane, tornado, hailstorm, sandstorm, or flood.

(j) If a producer declines, for personal reasons, to accept all or any part of his share of the payment computed for a farm in accordance with the provisions of this section, such payment or portion thereof shall not become available for any other producer on the farm.

(k) Payments to any producer which exceed the total payment he earns under the program with respect to any farm shall be refunded to the Commodity Credit Corporation, and if for any reason such earned payment is zero, he shall pay interest at the rate of 6 percent per annum on the amount of the refund from the issue dates of the sight drafts to the date the payments are refunded.

§ 722.813 Determination of compliance.

(a) Determination of the acreage planted to cotton within the farm base acreage allotment and of the acreage designated as set-aside acreage shall be made in accordance with Part 718 of this chapter, as amended.

(b) A representative of the State or county committee or any authorized representative of the Secretary shall have the right at any reasonable time to enter a farm, concerning which representations have been made on any forms filed under the program, in order to measure the acreage planted to cotton or set aside under the program, to examine any records pertaining thereto, and otherwise to determine the accuracy of a producer's representations and the performance of his obligations under this subpart.

§ 722.814 Division of payments.

Payments shall be divided in accordance with the regulations in Part 794 of this chapter, as amended.

§ 722.815 Additional provisions relating to tenants and sharecroppers.

The regulations in Part 794 of this chapter, as amended, setting forth additional provisions relating to tenants and sharecroppers, shall be applicable to this program.

§ 722.816 Successors-in-interest.

(a) In case of the death, incompetency, or disappearance of any producer whose name appears on Form 378, the payment due him shall be made to his successor, as determined in accordance with the regulations in Part 707 of this chapter, as amended.

(b) When any person who had an interest as a producer of cotton or would have had an interest as a producer if cotton had been produced (herein called "predecessor") is succeeded on the farm by another produced (herein called "successor") after Form 378 has been filed, the payment to which they are entitled shall be divided on such basis as they agree is fair and equitable. If such persons are unable to agree to a division of the payment, the payment shall be issued to the producer who has the interest in the crop at the time of harvest, and if the crop is completely destroyed prior to harvest, the payment shall be issued to the producer who had the interest at the time of destruction of the crop.

(c) In any case where any payment due any successor producer has previously been paid to the producer who filed Form 378, such payment shall not be paid to the successor producer unless it is recovered from the producer to whom it has been paid or payment is authorized by the Deputy Administrator.

§ 722.817 Scheme or device and fraudulent representation.

(a) A producer who is determined by the State committee, or the county committee with the approval of the State committee, to have adopted any scheme or device which tends to defeat the purpose of the Upland Cotton Set-Aside Program shall not be entitled to receive payments under the program for the year with respect to which the scheme or device was adopted and shall refund to the Commodity Credit Corporation any payments received by him.

(b) The making of a fraudulent representation by a person in the program documents or otherwise for the purpose of obtaining payments shall render the person liable for a refund to the Commodity Credit Corporation of the payments received by him with respect to which the fraudulent representation was made.

(c) A producer who is determined by the State committee, or the county committee with the approval of the State committee, to have knowingly (1) made a false report of the feed grain, wheat, or upland cotton acreage on a farm participating in the programs for such commodities, (2) falsely certified compliance with other provisions of the Feed Grain, Wheat, or Upland Cotton Set-Aside Program, or (3) obstructed the county committee's efforts to determine compliance with the Feed Grain, Wheat, or Upland Cotton Set-Aside Program, shall not be entitled to receive program benefits under the Feed Grain Set-Aside Program, the Upland Cotton Set-Aside Program, and the Wheat Set-Aside Program for the year in which such action occurred and shall refund any payment and return any wheat marketing certificates received by him, or in the case of certificates, pay the value thereof, to the Commodity Credit Corporation.

(d) The provisions of this section shall be applicable in addition to any liability under criminal and civil fraud statutes.

§ 722.818 Setoffs and assignments.

(a) *Setoffs.* Setoffs against set-aside program payments which a producer is eligible to receive shall be made as provided in the regulations issued by the Secretary governing setoffs and withholdings, Part 13 of this title, as amended.

(b) *Assignments.* Any producer who may be entitled to any payment may assign his rights thereto in accordance with the regulations governing assignment of payment, Part 709 of this chapter -- amended.

§ 722.819 Reconstitution of farms.

(a) Reconstitution of farms shall be made, where applicable, in accordance with the regulations governing reconstitution of farms, allotments, and bases, Part 719 of this chapter, as amended.

(b) The yield established for a combined farm shall not, except for rounding, ex-:ed the weighted average of the yield established for the component parts. When a parent farm is divided into two or more parts, the weighted average of the yields established for the component parts shall not, except for rounding, exceed the yield established for the parent farm prior to being divided.

(c) Any Form 378 filed for a farm before it is reconstituted shall be canceled and the farm operator notified of the cancellation. A corrected Form 378 may be prepared for the farm(s) as properly constituted even though this action is necessary after the final date for filing Form 378 as specified in § 722.811.

§ 722.820 Performance based upon advice or action of county or State committee.

The provisions of Part 790 of this chapter, as amended, relating to performance based upon action or advice of an authorized representative of the Secretary shall be applicable to this program.

§ 722.821 Supervisory authority of State committee.

The State committee may take any action required by these regulations which has not been taken by the county committee. The State committee may also (a) correct or require a county committee to correct any action taken by such county committee which is not in accordance with the regulations of this subpart, or (b) require a county committee to withhold taking any action which is not in accordance with the regulations of this subpart.

§ 722.822 Delegation of authority.

No delegation herein to a State or county committee shall preclude the Administrator, ASCS, or his designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

Effective date. It is essential that the foregoing regulations governing the Upland Cotton Set-Aside Program for Crop Years 1971–73 be made effective as soon as possible. It is hereby found and determined that compliance with the notice, public procedure, and 30-day effective date provisions of 5 U.S.C. 553 is impracticable and contrary to the public interest. Accordingly, the regulations shall become effective upon publication in the FEDERAL REGISTER (8–17–71).

Proposals for amendment or modification of the regulations insofar as they relate to the 1972 and 1973 crop years are invited. The proposals may be addressed to the Deputy Administrator, State and County Operations, ASCS, U.S. Department of Agriculture, Washington, D.C. 20250. All proposals should be accompanied by a written statement in explanation and support of the proposals and mailed within 30 days of the date of publication of this subpart in the FEDERAL REGISTER.

Signed at Washington, D.C., on August 10, 1971.

Administrator, Agricultural Stabilization and Conservation Service.

Chapter VIII—Agricultural Stabilization and Conservation Service (Sugar) Department of Agriculture

SUBCHAPTER B—SUGAR REQUIREMENTS AND QUOTAS

[Sugar Reg. 811; Amdt. 5]

PART 811—CONTINENTAL SUGAR REQUIREMENTS AND AREA QUOTAS

Requirements, Quotas, and Quota Deficits for 1971

Basis and purpose and bases and considerations. This amendment is issued pursuant to the authority vested in the Secretary of Agriculture by the Sugar Act of 1948, as amended (61 Stat. 922, as amended), hereinafter referred to as the "Act". The purpose of this amendment to Sugar Regulation 811, as amended, is to revise the determination of sugar requirements for the calendar year 1971, establish quotas, prorations, and direct-consumption limits consistent with such requirements and to determine and prorate or allocate the deficits in quotas established pursuant to the Act.

Section 201 of the Act requires that the Secretary shall revise the determination of sugar requirements at such time during the calendar year as may be necessary.

As long as there is a possibility of the disruption of ocean transportation and the unlading of sugar as a result of a dock workers strike or indefinite duration beginning on October 1, 1971, cane sugar refiners and food processors are expected to increase their inventories of sugar and sugar-contained products before that time. An increase in requirements at this time will make additional sugar available for importation in August and September.

Accordingly, total sugar requirements for the calendar year 1971 are hereby increased by 100,000 short tons, raw value, to a total of 11.3 million short tons, raw value.

Section 204(a) of the Act provides that the Secretary shall from time to time determine whether any area or country will be unable to fill its quota or proration of a quota. On the basis of current inventories, estimated production and projected marketing patterns during the balance of the year for the Domestic Beet Area it appears that the Beet Area will be unable to market sugar in excess of its current effective quota. Due to the fact that the quota for the Domestic Beet Sugar Area is increased herein by 47,667 tons it is hereby found that the Domestic Beet Sugar Area will be unable to fill its quota by 47,667 short tons, raw value. Therefore, a deficit is herein determined in the 1971 quota for the Domestic Beet Sugar Area of 47,667 short tons, raw value. On the basis of information available to the Department, Haiti will be able to supply only 27,500 short tons, raw value, of sugar to the United States during 1971. Therefore, it is hereby found that Haiti will be unable to fill its current effective quota, any quota increase or additional deficit proration that may be available to it during 1971. Accordingly, a deficit is herein determined in the quota for Haiti of 4,908 short tons, raw value.

Pursuant to section 202(d)(2)(A) of the Act it is hereby found that is not practicable to obtain prior to October 1, 1971, the quantity of sugar needed from foreign countries to meet the requirements of consumers under section 201 by apportionment of the foreign requirements increase to countries pursuant to section 202 (b)(c) and (d)(1) of the Act and that limited sugar supplies and increases in prices have created or may create an emergency situation significantly interfering with the orderly movement of foreign raw sugar to the United States. The Secretary has also found pursuant to 204(a) that the Philippines and the Western Hemisphere countries cannot fill prior to October 1, 1971, all of the additional deficits if allocated to the Republic of the Philippines and prorated to individual countries on the basis of quotas in effect. Therefore, to obtain additional sugar in a timely manner, the 35,000 short tons, raw value, increase in foreign requirements by this amendment and additional deficits of 52,575 short tons, raw value, will be permitted to be imported on a first-come, first-served basis from foreign countries that will have filled their 1971 quotas prior to the importation of the sugar made available by this amendment.

In view of the short time remaining to import the sugar permitted for importation by this amendment it is impractical to develop meaningful agreements with countries to purchase for dollars additional quantities of U.S. agricultural products.

By virtue of the authority vested in the Secretary of Agriculture by the Act, Part 811 of this chapter is hereby amended by amending §§ 811.90, 811.91, 811.92, and 811.93 as follows:

1. Section 811.90 is amended to read as follows:

§ 811.90 Sugar requirements, 1971.

The amount of sugar needed to meet the requirements of consumers in the continental United States for the calendar year 1971 is hereby determined to be 11,300,000 short tons, raw value.

2. Section 811.91 is amended by amending paragraph (a) to read as follows:

§ 811.91 Quotas for domestic areas.

(a) (1) For the calendar year 1971 domestic area quotas limiting the quantities of sugar which may be brought into or marketed for consumption in the continental United States are established, pursuant to section 202(a) of the Act, in column (1) and the amounts of such quotas for offshore areas that may be filled by direct-consumption sugar are established, pursuant to section 207 of the Act, in column (2) as follows:

Area	Quotas	Direct-consumption limits
	(1)	(2)
	(Short tons, raw value)	
Domestic beet sugar	3,454,000	No limit
Mainland cane sugar	1,286,000	No limit
Hawaii	1,110,000	38,646
Puerto Rico	1,140,000	168,000
Virgin Islands	15,000	0

(2) It is hereby determined pursuant to section 204(a) of the Act that for the calendar year 1971 the Domestic Beet Sugar Area, Puerto Rico and the Virgin Islands, will be unable by 47,667, 960,000 and 15,000 short tons, raw value, respectively, to fill the quotas established for such areas in subparagraph (1) of this paragraph. Pursuant to section 204(b) of the Act the determination of such deficits shall not affect the quotas established in subparagraph (1) of this paragraph.

* * * * *

3. Section 811.92 is amended by amending paragraph (a) to read as follows:

§ 811.92 Proration and allocation of deficits and quotas in effect.

(a) Of the domestic deficits determined in § 811.91(a)(2), totaling 1,022,667 short tons, raw value, a quantity of 975,000 tons representing deficits in the quotas of Puerto Rico and the Virgin Islands was previously determined, allocated and prorated in previous amendments of this Part 811 (36 F.R. 8773, 14624). Deficits are herein determined in the quotas for the Domestic Beet Area and Haiti of 47,667 and 4,908 short tons, raw value, respectively. It is hereby determined that the Republic of the Philippines and Western Hemisphere countries will not be able to fill all of such additional deficits in a timely manner by the usual proration procedures. Accordingly, deficits determined herein totaling 52,575 short tons, raw value, shall be allocated to foreign quota countries for importation before September 25, 1971, on a first-come, first-served basis as provided in § 811.93(d)(7).

4. Section 811.93 is amended by amending paragraph (c) and adding a new paragraph (d)(7) to read as follows:

§ 811.93 Quotas for foreign countries.

* * * * *

(c) For the calendar year 1971, the prorations to individual foreign countries other than the Republic of the Philippines pursuant to section 202 of the Act and a quantity to be allocated on a first-come, first-served basis are shown in columns (1) and (2) of the following table. Deficit prorations previously established in § 811.93 are shown in column (3), and a deficit determination and the deficit quantity of 52,575 tons to be allocated to foreign countries on a first-come, first-served basis as herein established are shown in column (4). Total quotas and prorations are shown in column (5).

(7) The quantity of sugar in column (5) of the table in paragraph (c) of this section designated as "To be allocated" amounting to 87,575 short tons, raw value, may be authorized only for importation on or before September 25, 1971, from foreign countries, which have filled or will have filled their respective 1971 quotas prior to the importation of such sugar. Authorizations for the importation of such sugar shall be made on the basis of applications for Sugar Quota Clearance on Form SU-3 or applications for Set-Aside of Quota on Form SU-8A in accordance with provisions of Part 817 of this chapter, except that (i) if two or more applications on Forms SU-3, or on SU-8A, become eligible for authorization at the same time first priority shall be given to the earliest arrival date and second priority to earliest departure date stated therein, (ii) each application for Set-Aside of Quota must show the anticipated dates of departure and arrival of the sugar (in lieu a 3-month period as shown on the form) and show "5th" day and "5" days instead of "15th" day and "15" days respectively as shown on the application form, and (iii) each application on Form SU-3 or SU-8A must include a certification that the country has or will have filled its currently effective 1971 quota on or before the importation date of such additional sugar. Set-Aside applications to import sugar under this subparagraph received on or before August 18, 1971, shall be considered as having been received at the same time. Applications covering sugar authorized pursuant to this subparagraph shall become invalid for any portion of such sugar which is not unladed prior to October 1, 1971. Any such sugar for which its authorized importation has been invalidated may be authorized for entry, pursuant to a bond for delivery to a refinery for refining and holding in inventory until charged to an applicable quota in the same manner as provided for bonded over-quota sugar pursuant to Part 817 of this chapter.

(Sec. 201, 202, 204, and 403; 61 Stat. 923, as amended, 924, as amended, 925, as amended, 932; and 7 U.S.C. 1111, 1112, 1114, and 1153)

Effective date. This action increases quotas for the calendar year 1971 by 100,000 tons, determines additional deficits of 52,575 tons and makes available for importation on or before September 25, from foreign quota countries on a first-come, first-served basis the additional deficits of 52,575 tons plus the 35,000 tons foreign quota increase. In order to promote orderly marketing, it is essential that this amendment be effective immediately so that all persons selling and purchasing sugar for consumption in the continental United States can promptly plan and market under the changed marketing opportunities. Therefore, it is hereby determined and found that compliance with the notice, procedure, and effective date requirements of 5 U.S.C. 533 is unnecessary, impracticable, and contrary to the public interest and this amendment shall be effective when filed for public inspection in the Office of the Federal Register.

Signed at Washington, D.C., on August 12, 1971.

CARROLL G. BRUNTHAVER,
Acting Administrator, Agricultural Stabilization and Conservation Service.

[Valencia Orange Reg. 360, Amdt. 1]

PART 908—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

(a) *Findings*. (1) Pursuant to the marketing agreement, as amended, and Order No. 908, as amended (7 CFR Part 908, 35 F.R. 16625), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendation and information submitted by the Valencia Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, and this amendment relieves restriction on the handling of Valencia oranges grown in Arizona and designated part of California.

(b) *Order, as amended*. The provisions in paragraph (b)(1) (i), and (ii) of § 908.660 (Valencia Orange Reg. 360, 36 F.R. 14380) during the period August 6, through August 12, 1971, are hereby amended to read as follows:

[CCC Grain Price Support Regs., 1971 Crop Corn Supp.]

PART 1421—GRAINS AND SIMILARLY HANDLED COMMODITIES

Subpart—1971 Crop Corn Loan and Purchase Program

The General Regulations Governing Price Support for the 1970 and Subsequent Crops, published in the FEDERAL REGISTER at 35 F.R. 7363 and 7781, and any amendments thereto, and the 1970 and Subsequent Crops Corn Loan and Purchase Program Regulations, published in the FEDERAL REGISTER at 35 F.R. 13969, and any amendments to such regulations, are further supplemented for the 1971 crop of corn by adding § 1421.111-1421.116 to read as herein stated.

The material previously appearing in these sections under centerhead "1970 Crop Corn Loan and Purchase Program" remains in full force and effect with respect to the 1970 crop.

AUTHORITY: The provisions of this subpart issued under sec. 4, 62 Stat. 1070, as amended; 15 U.S.C. 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs. 105, 401, 63 Stat. 1051, as amended; 15 U.S.C. 714c, 7 U.S.C. 1421, 1441.

§ 1421.111 Availability.

A producer desiring a price support loan must request a loan on his eligible corn on or before June 30, 1972. To obtain price support through sales, a producer must execute and deliver to the appropriate county ASCS office, on or before July 31, 1972, a Purchase Agreement (Form CCC-614) indicating the approximate quantity of 1971 crop corn he may sell to CCC: *Provided*, That in any area where it is determined by the State committee that producers may not be able to or cannot store corn safely on the farm for the full storage period because of insects, adverse climatic conditions, or other factors affecting the safe storage of corn, the final date for requesting price support on farm-stored corn shall be such earlier dates as are established by the State committee. Public announcement of the final dates shall be made sufficiently in advance of such dates to allow producers a reasonable period of time to request price support.

§ 1421.112 Compliance requirements.

A producer shall be eligible for a loan or purchase with respect to the corn being tendered if the producer complies with the 1971 set-aside program appearing in regulations published in Part 775 of this title pertaining to Feed Grain Set-Aside Program for crop years 1971-73, and any amendments thereto, on the farm on which such corn was produced.

§ 1421.113 Warehouse charges.

Subject to the provisions of § 1421.96, the schedule of deductions set forth in this section shall apply to corn stored in an approved warehouse operating under the Uniform Grain Storage Agreement.

[1] All dates inclusive.

§ 1421.114 Maturity of loans.

Loans mature on demand but not later than July 31, 1972.

§ 1421.115 Delivery period.

(a) *Regular delivery period.* The regular delivery period shall begin August 1, 1972.

(b) *Where producer may not be in a position to store corn safely.* In areas where it is determined by the State committee that some producers may not be in a position to store corn safely on the farm for the full storage period (for reasons set forth in § 1421.111), the State committee may establish an earlier delivery period prior to maturity (in addition to the regular delivery period) during which any producer in such areas may voluntarily deliver corn which is under farm storage loan. Eligible corn not under loan may also be delivered to CCC for purchase in the earlier delivery period. Such earlier delivery period, if established, shall begin at least 30 days after the final date of availability of loans established by the State committee, but not before April 1, 1972. CCC will accept deliveries of corn during such early delivery period, provided the producer notifies the county office within the time specified by the county office that he wants to deliver the corn.

(c) *Where producers cannot store corn safely.* If the State committee determines that producers in an area cannot store corn safely on the farm for the full storage period (for reasons set forth in § 1421.111), all farm-storage loans in such area shall be called. Producers having eligible corn not under loan who elect to make deliveries from farm-storage for purchase by CCC shall also be required to deliver during the delivery period for loans except that individual producers may keep corn in farm storage until the regular loan maturity date if (1) such corn is shelled, (2) the producer has satisfactory storage facilities, and (3) either the State committee approves or the county committee approves where the State committee has authorized county committee to make such determinations. Any earlier delivery period established shall begin at least 30 days after the final date of availability of loans established by the State committee and not before April 1, 1972.

§ 1421.116 Support rates, premiums, and discounts.

County support rates for corn and the schedule of premiums and discounts are contained in this section. Farm stored loans will be made at the basic support rate for the county where the corn is stored, adjusted only for the weed control discount where applicable. The support rate for warehouse stored corn loans shall be the basic support rate for the county where the corn is stored, adjusted by the premiums and discounts prescribed in paragraphs (b) and (c) of this section. Notwithstanding § 1421.23(c), settlement for corn delivered from other than approved warehouse storage shall be based (1) on the basic support rate for the county in which the producer's customary delivery point is located, and (2) on the quality and quantity of the corn delivered as shown on the warehouse receipts and accompanying documents issued by an approved warehouse to which delivery is made, or if applicable, the quality and quantity delivered as shown on a form prescribed by CCC for this purpose.

(a) *Basic county support rates.* Basic county support rates for corn grading No. 2 and containing from 15.1 through 15.5 percent moisture are as follows:

Such discounts will be established not later than the time delivery of corn to CCC begins and will thereafter be adjusted from time to time as CCC determines appropriate to reflect changes in market conditions. Producers may obtain schedules of such factors and discounts at county ASCS offices approximately 1 month prior to the loan maturity date.

Effective date. Since farmers are now harvesting 1971 crop corn in Southern States, it is essential that the foregoing regulations applicable to the 1971 crop corn loan and purchase program be made effective as soon as possible. It is hereby found and determined that compliance with the notice of proposed rule making procedure provided for in the Statement of Policy issued by the Secretary on July 20, 1971 (36 F.R. 13804), is impracticable and contrary to the public interest. Accordingly, these program regulations shall become effective upon filing with the Office of the Federal Register.

Signed at Washington, D.C., on August 9, 1971.

KENNETH E. FRICK,
Executive Vice President,
Commodity Credit Corporation.

Title 12—BANKS AND BANKING

Chapter II—Federal Reserve System

SUBCHAPTER A—BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM

[Reg. Y]

PART 222—BANK HOLDING COMPANIES

Nonbanking Activities

By notice of proposed rule making published in the FEDERAL REGISTER on January 29, 1971 (36 F.R. 1430), the Board of Governors proposed to implement its regulatory authority under section 4(c)(8) of the Bank Holding Company Act to permit holding companies to engage directly or through a subsidiary in the activity of "acting as insurance agent or broker principally in connection with extensions of credit by the holding company or any of its subsidiaries".

A hearing was held before members of the Board on May 12, 1971, on the question of the extent to which insurance
