SUBCHAPTER A—GENERAL PROCEDURES

PART 20—INTERIM BID PROTEST PROCEDURES AND STANDARDS

Definitions and Effective Date

Some confusion has arisen as to the effective date of these interim bid protest procedures and standards as prescribed by § 20.12(b). Therefore, § 20.12(b) is revised to read as follows:

SUBCHAPTER C—SPECIAL PROGRAMS

[Amdt. 1]

PART 760—INDEMNITY PAYMENT PROGRAMS

Subpart—Beekeeper Indemnity Payment Program

PROVING LOSS OF BEES

The regulations governing the Beekeeper Indemnity Payment Program, 7 CFR Part 760, are amended to provide for the making of indemnity payments, at the lowest rate of payment under the program, to beekeepers who have lost bees prior to June 11, 1971, as a result of application of pesticides but who are unable to establish the extent of such loss.

This amendment reduces the requirements upon applicants for payments. Further, the final date for filing applications for indemnity payments for losses covered by this amendment is February 29, 1972. It is, therefore, determined to be unnecessary and impracticable to give notice of proposed rule making with respect to this amendment.

Section 760.105(a) is amended by adding at the end thereof the following sentence:

§ 760.105 Proving loss of bees.

(a) * * * If the beekeeper is unable to establish the extent of his loss (that is, whether his loss of bees resulted in his colonies being destroyed, severely damaged, or moderately damaged), the extent of his loss will, for the purposes of this subpart, be deemed to be moderate damage: *Provided*, That the beekeeper submits to the County Committee, together with whatever other documents are required by this subpart, a written statement signed by a disinterested person that he witnessed the beekeeper's loss of bees but could not assess the extent of such loss.

(Sec. 804, 84 Stat. 1382; 7 U.S.C. 135b note)

Effective date: Date of publication in the FEDERAL REGISTER (1-25-72).

Signed at Washington, D.C. on January 19, 1972.

KENNETH E. FRICK,
Administrator, Agricultural Stabilization and Conservation Service.

SUBCHAPTER B—LOANS, PURCHASES, AND OTHER OPERATIONS

[1971 Crop Tung Oil Warehouse-Stored Supp., Amdt. 1]

PART 1421—GRAINS AND SIMILARLY HANDLED COMMODITIES

1971 Crop Tung Oil Warehouse-Stored Loan Program

On page 19170 of the FEDERAL REGISTER of September 30, 1971, there was published a notice of proposed rule making relating to the support program for the 1971 crop of tung nuts. Interested persons were given 30 days in which to submit written data, views, and recommendations pertaining to the level of support, the method of support, conditions of eligibility, area and period of the program, and other program provisions. No comments have been received.

The General Regulations Governing Price Support for the 1970 and Subsequent Crops (35 F.R. 7363) and any amendments thereto and the 1970 and Subsequent Crop Tung Oil Warehouse-Stored Loan Program Regulations (35 F.R. 19499) and any amendments to such regulations are supplemented by revising §§ 1421.450-1421.453, effective as to the 1971 crop of tung oil. The material previously appearing in these sections remains in full force and effect as to the crop to which it was applicable. The revised sections read as follows:

§ 1421.450 Availability.

(a) *Area.* The program will be available in the States of Alabama, Florida, Georgia, Louisiana, Mississippi, and Texas.

(b) *Period.* Loans will be available from November 1, 1971, through September 30, 1972.

§ 1421.451 Service fees and delivery charges.

Producers shall pay a loan service fee as provided in § 1421.11(a) of the general regulations, and instead of the delivery charge specified in § 1421.11(b) of the general regulations, a delivery charge of 6 cents per hundredweight for the quantity of tung oil tendered to CCC for loan which is not redeemed by October 31, 1972. Such fee and charge will be deducted from loan proceeds, but the charge applicable to the quantity of oil redeemed will be credited to the producer's account.
