PART 76—HOG CHOLERA AND OTHER COMMUNICABLE SWINE DISEASES

Release of Areas Quarantined

Pursuant to provisions of the Act of May 29, 1884, as amended, the Act of February 2, 1903, as amended, the Act of March 3, 1905, as amended, the Act of September 6, 1961, and the Act of July 2, 1962 (21 U.S.C. 111-113, 114g, 115, 117, 120, 121, 123-126, 134b, 134f), Part 76, Title 9, Code of Federal Regulations, restricting the interstate movement of swine and certain products because of hog cholera and other communicable swine diseases, is hereby amended in the following respects:

In § 76.2, in paragraph (e)(6) relating to the State of North Carolina, subdivision (ii) relating to Harnett, Cumberland, and Sampson Counties is deleted.

(Secs. 4-7, 23 Stat. 32, as amended; secs. 1 and 2, 32 Stat. 791-792, as amended; secs. 1-4, 33 Stat. 1264, 1265, as amended; sec. 1, 75 Stat. 481; secs. 3 and 11, 76 Stat. 130, 132; 21 U.S.C. 111-113, 114g, 115, 117, 120, 121, 123-126, 134b, 134f; 29 F.R. 16210, as amended, 36 F.R. 20707, 21529, 21530, 37 F.R. 6327, 6505)

Effective date. The foregoing amendment shall become effective upon issuance.

The amendment excludes portions of Harnett, Cumberland, and Sampson Counties in North Carolina from the areas quarantined because of hog cholera. Therefore, the restrictions pertaining to the interstate movement of swine and swine products from or through quarantined areas contained in 9 CFR Part 76, as amended, do not apply to the excluded areas, but will continue to apply to the quarantined areas described in § 76.2(e). Further, the restrictions pertaining to the interstate movement of swine and swine products from nonquarantined areas contained in said Part 76 apply to the excluded areas.

The amendment relieves restrictions presently imposed but no longer deemed necessary to prevent the spread of hog cholera and must be made effective promptly in order to be of maximum benefit to affected persons. It does not appear that public participation in this rule making proceeding would make additional relevant information available to this Department.

Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and unnecessary, and good cause is found for making it effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 18th day of December 1972.

Chapter V—Federal Home Loan Bank Board

SUBCHAPTER C—FEDERAL SAVINGS AND LOAN SYSTEM

[No. 72-1466]

PART 545—OPERATIONS

Branch Office Applications

DECEMBER 14, 1972.

Section 545.14 of the rules and regulations for the Federal Savings and Loan System (12 CFR 545.14), governing applications by Federal savings and loan associations for permission to establish a branch office, presently provides that such an application will be considered and processed by the Federal Home Loan Bank Board only if certain eligibility requirements are met. One of these requirements (§ 545.14(b)(1)(i)) is that the association have no other such application on file, except for any application as to which more than 4 months have elapsed since the date of publication of notice thereof. Since an application for a limited facility branch office made under paragraph (j) of § 545.14 is a type of branch office application, this requirement has been interpreted as preventing the consideration and processing of a limited facility branch office application during the first 4 months that an application for a full branch is pending. The Board now considers it advisable to change this rule so as to permit the consideration and processing, at the same time, of one of each type of application. Accordingly, the Board, on December 14, 1972, amended said § 545.14 by revising subdivision (i) and the introductory language in subparagraph (1) of paragraph (b) thereof to read as set forth below.

Since the above amendment relieves restriction, the Board found that notice and public procedure with respect to said amendment are unnecessary under the provisions of 12 CFR 508.11 and 5 U.S.C. 553(b); and since publication of said amendment for the period specified in 12 CFR 508.14 and 5 U.S.C. 553(d) prior to the effective date of said amendment would in the opinion of the Board likewise be unnecessary for the same reason, the Board provided that said amendment shall become effective on December 22, 1972.

(b) *Eligibility.* (1) Except as provided in subparagraph (2) of this paragraph, a Federal association shall be eligible to have an application for permission to establish a branch office (including an application for a limited facility branch office) considered and processed only if, at the date on which such application is filed with the Board:

(i) The association does not have on file with the Board any other such application, excluding any application as to which more than 4 months have elapsed since the date of publication of notice thereof; except that the limitations of this subdivision (i) shall not prohibit the consideration and processing at the same time of both an application in which the applicant proposes, under the provisions of subparagraph (1) of paragraph (j) of this section, that the office applied for be a limited facility branch office and an application in which it does not so propose.

Branch Office Applications

DECEMBER 14, 1972.

Section 582.1 of the rules and regulations for the District of Columbia Savings and Loan Associations and Branch Offices (12 CFR 582.1), governing applications by District of Columbia savings and loan associations for permission to establish a branch office, presently provides that such an application will be considered and processed by the Federal Home Loan Bank Board only if certain eligibility requirements are met. One of these requirements (§ 582.1(b)(1)(i)) is that the association have no other such application on file, except for any application as to which more than 4 months have elapsed since the date of publication of notice thereof. Since an application for a limited facility branch office made under paragraph (j) of § 582.1 is a type of branch office application, this requirement has been interpreted as preventing the consideration and processing of a limited facility branch office application during the first 4 months that an application for a full branch is pending. The Board now considers it advisable to change this rule so as to permit the consideration and processing, at the same time, of one of each type of application. Accordingly, the Board, on December 14, 1972, amended said § 582.1 by revising subdivision (i) and the introductory language in subparagraph (1) of paragraph (b) thereof to read as set forth below.

Since the above amendment relieves restriction, the Board found that notice and public procedure with respect to said amendment are unnecessary under the provisions of 12 CFR 508.11 and 5 U.S.C. 553(b); and since publication of said amendment for the period specified in 12 CFR 508.14 and 5 U.S.C. 553(d) prior to the effective date of said amendment would in the opinion of the Board likewise be unnecessary for the same reason, the Board provided that said amendment shall become effective on December 22, 1972.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. 10492, Amdt. SFAR 26–3; Special Federal Aviation Reg. 26]

PART 21—CERTIFICATION PROCEDURES FOR PRODUCTS AND PARTS

Approval of Import Aircraft Engines, Propellers, Materials, Parts, and Appliances

The purpose of this amendment is to continue in effect the provisions of currently effective Special Federal Aviation Regulation No. 26 (SFAR 26), as amended by Amendments SFAR 26–1 and SFAR 26–2, until July 1, 1973.

SFAR 26 provides for approvals, on a selective basis, of aircraft engines, propellers, materials, parts, and appliances, manufactured in a foreign country with which the United States has an agreement for the acceptance of powered aircraft for export and import. SFAR 26 was adopted to provide these approvals on an interim basis pending appropriate amendments to those bilateral agreements where such amendments are in the mutual interest of the United States and the foreign country involved. The originally established termination date of March 1, 1972, for SFAR 26 was extended by Amendment SFAR 26–1 to September 1, 1972, and further extended by Amendment SFAR 26–2 to January 1, 1973.

At the present time, the United States is continuing to negotiate amendments to the bilateral agreements with a number of foreign countries. However, the FAA is advised that most of the negotiations will not be concluded by the January 1, 1973, termination date of SFAR 26. The reasons which justified the adoption of SFAR 26 still exist, and, in view of the pending negotiations, the FAA believes that it is in the public interest to extend the termination date of SFAR 26 from January 1, 1973, to July 1, 1973.

Since this amendment continues in effect the provisions of a currently effective Special Federal Aviation Regulation and imposes no additional burden on any person, I find that notice and public procedure hereon are unnecessary and it may be made effective in less than 30 days.

In consideration of the foregoing, effective January 1, 1973, the last paragraph of Special Federal Aviation Regulation No. 26, published in the FEDERAL REGISTER (35 F.R. 12748) on August 12, 1970, as amended by Amendments SFAR 26–1 and SFAR 26–2, published in the FEDERAL REGISTER (37 F.R. 4325 and 37 F.R. 16789) on March 2, 1972, and August 19, 1972, respectively, is further amended by striking out the words "January 1, 1973" and inserting the words "July 1, 1973" in place thereof.

This amendment is made under the authority of sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423), and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on December 11, 1972.

Administrator.

[Docket No. 12453, Amdt. 91–106]

PART 91—GENERAL OPERATING AND FLIGHT RULES

Report on Identification and Activity of Aircraft

The purpose of this amendment is to refer, in Part 91 of the Federal Aviation Regulations, to the requirement for the periodic submission of Part 1 of AC Form 8050–73 (Aircraft Registration Eligibility, Identification, and Activity Report) to the FAA Aircraft Registry. Section 91.53 presently sets forth the material requested in Part 2 of that form, but does not mention Part 1, whose submission by the holder of each Certificate of Aircraft Registration is required by § 47.44.

It appears, in connection with the revocations each year of Certificates of Aircraft Registration, that a substantial number of certificate holders are not aware that the periodic submission of Part 1 of the form is mandatory. The revocations impose an added burden and expense on the holder as well as additional expense and considerable workload on the agency. Most aircraft owners, once having registered their aircraft, apparently are more familiar, from constant contact, with Part 91 than with Part 47. It is considered that a reference to Part 1 of the form should appear in § 91.53, thereby increasing the likelihood that certificate holders will become aware of the mandatory nature of § 47.44 and its periodic requirement.

Since this amendment does not involve any substantive change and does not impose an additional burden on the affected certificate holders, I find that public notice and procedure thereon are not necessary and that it may become effective in less than 30 days.

In consideration of the foregoing, § 91.53(a) of the Federal Aviation Regulations is hereby amended, effective December 22, 1972, to read as follows:

§ 91.53 Report on identification and activity of aircraft.

(a) Except as provided in paragraph (b) of this section, the owner of each aircraft registered in the United States should (but is not required to) submit Part 2 of Aircraft Registration Eligibility, Indentification, and Activity Report, AC Form 8050–73 (as distinguished from Part 1 of that form which the certificate holder is required to submit under § 47.44 of this chapter). Part 2 of the form should be submitted to the FAA Aircraft Registry before July 1 of each of the years 1970 and 1971, and April 1 of each year thereafter, stating—
