Title 7—AGRICULTURE

Chapter I—Consumer and Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 58—GRADING AND INSPECTION, GENERAL SPECIFICATIONS FOR APPROVED DAIRY PLANTS AND STANDARDS FOR GRADES OF DAIRY PRODUCTS

Subpart A—Regulations Governing the Inspection and Grading Services of Manufactured or Processed Dairy Products

FEES AND CHARGES

The Agricultural Marketing Act of 1946 authorizes official inspection and grading service of dairy products. Such inspection and grading service is voluntary and is made available only upon request of financially interested parties upon payment of a fee. The Act requires such fees to be reasonable and, nearly as possible, to cover the cost of performing the services. Recent salary increases for Federal employees and other rising costs of maintaining the inspection and grading service have made it necessary to reevaluate and increase fees charged for inspection and grading services in order to more nearly recover costs of rendering the service.

Pursuant to the authority of the Agricultural Marketing Act of 1946, as amended (7 U.S.C. 1621–27) the provisions of Regulations Governing the Inspection and Grading Services of Manufactured or Processed Dairy Products: 7 CFR 58.43 and 58.44, are hereby amended to read as follows:

§ 58.43 Fees for inspection, grading and sampling.

Except as otherwise provided in this section and §§ 58.39, 58.44, 58.45, and 58.46, charges shall be made for inspection, grading and sampling service at the hourly rate of $10.60 for service performed between 6 a.m. and 6 p.m., and $11.60 for service performed between 6 p.m. and 6 a.m., for the time required to perform the service calculated to the nearest 15-minute period, including the time required for preparation of certificates and reports, and travel of the inspector or grader in connection with the performance of the service. When the Administrator determines it feasible, he may set a minimum charge based on average time for specific types of service. A minimum charge of one-half hour shall be made for service pursuant to each request or certificate issued.

§ 58.44 Fees for laboratory analysis.

Except as otherwise provided in this section and §§ 58.45 and 58.46, charges shall be made for laboratory analysis at the hourly rate of $11.60 for the time required to perform the service. A minimum charge of one-half hour shall be made for service pursuant to each request or certificate issued. The following minimum rates based on average time required to perform the test specified shall apply unless the actual time required to perform the test is greater than the minimum set forth:

(a) Dry milk and related products:

Total fat (ether extractions)	$2.10
Moisture	1.60
Titratable acidity	.80
Solubility index	1.05
Scorched particles	1.05
Bacterial plate count	2.10
Bacterial direct microscopic count	3.15
Flavor	.55
Whey protein nitrogen	5.25
Vitamin A	10.50
Alkalinity of Ash	11.60
Dispersibility	5.25
Coliform (solid media)	2.10
Salmonella	8.40
Phosphatase	11.60
Oxygen	6.30
Density	.80

(b) Condensed milk and related products:

Fat (ether extraction)	$3.15
Total solids	2.10
Sugar (sucrose)	11.60
Net weight (per can)	11.30
Flavor, color, body, texture	.80

(c) Cheese and related products:

Moisture	$2.10
Moisture in duplicate	3.15
Total fat (ether extraction)	3.70
Moisture and fat (dry basis) complete	5.80

(d) Butter and related products:

Moisture	$2.10
Fat	4.20
Salt	2.10
Complete Kohman analysis	6.30
Fat and moisture (same sample)	5.25
Flavor, odor, body, texture	1.05
Peroxide value	11.60
Free fatty acid	5.25
Yeast and mold	2.65

Moisture	1.60
Crude fiber	7.35
Flavor	.55

The need for the increase in fees and the account thereof are dependent upon the facts within the knowledge of the Consumer and Marketing Service. Therefore, pursuant to the Administrative Procedure Act (5 U.S.C. 553) it is found that notices and other public procedure with respect to this amendment are impracticable and unnecessary and good cause is found for making the amendment effective less than 30 days after its publication in the FEDERAL REGISTER.

This amendment shall become effective March 1, 1972, with respect to the inspection and grading service rendered on and after that date.

Done at Washington, D.C., this 22d day of February 1972.

G. R. GRANGE,
Acting Administrator.

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Lemon Reg. 522]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 910.822 Lemon Regulation 522.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910; 36 F.R. 9061), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C 601-674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on February 22, 1972.

(b) *Order.* (1) The quantity of lemons grown in California and Arizona which may be handled during the period February 27, through March 4, 1972, is hereby fixed at 220,000 cartons.

(2) As used in this section, "handled," and "carton(s)" have the same meaning as when used in the said amended marketing agreement and order.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: February 23, 1972.

PAUL A. NICHOLSON,
Deputy Director, Fruit and Vegetable Division, Consumer and Marketing Service.

Title 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Animal and Plant Health Service, Department of Agriculture

SUBCHAPTER C—INTERSTATE TRANSPORTATION OF ANIMALS (INCLUDING POULTRY) AND ANIMAL PRODUCTS

PART 82—EXOTIC NEWCASTLE DISEASE; AND PSITTACOSIS OR ORNITHOSIS IN POULTRY

Areas Quarantined

Pursuant to the provisions of sections 1, 2, 3, and 4 of the Act of March 3, 1905, as amended, sections 1 and 2 of the Act of February 2, 1903, as amended, sections 4, 5, 6, and 7 of the Act of May 29, 1884, as amended, and sections 3 and 11 of the Act of July 2, 1962 (21 U.S.C. 111, 112, 113, 115, 117, 120, 123, 124, 125, 126, 134b, 134f), Part 82, Title 9, Code of Federal Regulations is hereby amended in the following respects:

In § 82.3(a) the reference to Florida in the introductory paragraph and paragraph (a)(5) relating to Florida are deleted.

(Secs. 4-7, 23 Stat. 32, as amended; secs. 1 and 2, 32 Stat. 791-792, as amended; secs. 1-4, 33 Stat. 1264, 1265, as amended; secs. 3 and 11, 76 Stat. 130, 132; 21 U.S.C. 111-113, 115, 117, 120, 121, 123-126, 134b, 134f; 29 F.R. 16210, as amended, 36 F.R. 20707)

Effective date. The foregoing amendment shall become effective upon issuance.

The amendment excludes a portion of Dade County, Fla., from the areas quarantined because of exotic Newcastle disease. Therefore, the restrictions pertaining to the interstate movement of poultry, mynah and psittacine birds, and birds of all other species under any form of confinement, and their carcasses and parts thereof, and certain other articles from or through quarantined areas, as contained in 9 CFR Part 82, as amended, will not apply to the excluded portion of said county. No areas in Florida remain under the quarantine.

The amendment relieves certain restrictions presently imposed but no longer deemed necessary to prevent the spread of exotic Newcastle disease, and must be made effective immediately to be of maximum benefit to affected persons. It does not appear that public participation in this rule making proceeding would make additional relevant information available to this Department. Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and unnecessary, and good cause is found for making the amendment effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 23d day of February 1972.

F. J. MULHERN,
Administrator,
Animal and Plant Health Service.

Chapter III—Consumer and Marketing Service (Meat Inspection), Department of Agriculture

PART 317—LABELING, MARKING DEVICES, AND CONTAINERS

Labeling Requirements for Custom Prepared Products

On September 17, 1971, there was published in the FEDERAL REGISTER (36 F.R. 18583; F.R. Doc. 71-13712) a notice that the Department was considering a proposal to amend § 317.16 of the Federal

meat inspection regulations (9 CFR Part 317).

Statement of considerations. The proposed amendment was to change the provisions of the regulations specifying requirements for labeling custom processed meat and meat food products prepared under an exemption from inspection under the Act.

A period of 60 days was allowed for filing written data, views or arguments by interested persons. The Department received 80 written comments, 78 of them favoring the amendment, from various groups representing consumers, affected industries, trade organizations and a State government.

After considering all information available to the Department, including the comments received pursuant to the notice, § 317.16 of the Federal meat inspection regulations (9 CFR 317.16) is issued under section 21 of the Federal Meat Inspection Act (21 U.S.C. 621) is hereby amended to read as follows:

§ 317.16 Labeling and containers of custom prepared products.

Products that are custom prepared under § 303.1(a)(2) of this subchapter must be packaged immediately after preparation and must be labeled (in lieu of information otherwise required by this Part 317) with the words "Not For Sale" in lettering not less than three-eighth inch in height. Such exempted custom prepared products or their containers may bear additional labeling provided such labeling is not false or misleading.

The foregoing amendment relieves restrictions heretofore contained in the Federal meat inspection regulations and shall become effective upon publication in the FEDERAL REGISTER (2-26-72).

Done at Washington, D.C., on February 22, 1972.

G. R. GRANGE,
Acting Administrator.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. 11433, Amdt. 67-9]

PART 67—MEDICAL STANDARDS AND CERTIFICATION

Terminology and Separation of Disqualifying Mental and Neurologic Conditions

The purpose of these amendments to Part 67 of the Federal Aviation Regulations is (1) to revise the terminology used to denote mental and neurologic conditions that disqualify applicants for medical certificates, to conform with current usage in the medical profession; and (2) to separate what have been termed "nervous system" conditions into mental and neurologic disorders as two distinct groups of disqualifying conditions.

Interested persons have been afforded an opportunity to participate in the making of these amendments by a notice of proposed rule making (Notice 71-30) issued on September 28, 1971, and published in the FEDERAL REGISTER on October 5, 1971 (36 F.R. 19396). Due consideration has been given to all comments presented in response to that notice.

Two public comments were received in response to the notice. Each was from an aviation trade association, and each concurred in the proposed amendments.

As stated in the notice, a disparity has existed between the terminology used in the standards involving mental disorders and currently accepted psychiatric terminology. As a result, difficulty has existed in applying the latter terminology to these mental disabilities although the basic definitions have remained essentially unchanged. To avoid the recurrence of these difficulties, particularly in enforcement actions, and to update the regulations, these amendments revise the terminology describing the mental requirements, as proposed in the notice, to conform with the terminology generally used by specialists in that branch of medicine as contained in the Manual published by the American Psychiatric Association, "Diagnostic and Statistical Manual of Mental Disorders (second edition 1968)." It is intended that use of that terminology will reduce confusion and ambiguity in the use and application of psychiatric terms by enumerating and defining disqualifying mental disorders in conformity with the terminology used in the current practice of psychiatry.

The proposed changes were reviewed and approved by a committee of the American Psychiatric Association, and that committee indicated that the changes may be considered essentially semantic.

Additionally, as proposed, these amendments separate "mental condition" and "neurologic condition" under the appropriate sections of Part 67 to clarify the applicable standards, as well as to recognize a division in professional specialization in disorders of a mental or neurologic nature. It is anticipated that this separation will also facilitate the gathering and analysis of statistical information relating to airman applicants who have been issued or denied medical certificates where mental or neurologic histories or conditions are concerned. As the neurologic terminology previously used is acceptable, no change is made in the enumeration of disqualifying neurologic disorders.

In consideration of the foregoing, Part 67 of the Federal Aviation Regulations is amended, effective April 26, 1972, as follows:

1. Paragraph (d) of § 67.13 is amended to read as follows:

§ 67.13 First-class medical certificate.

* * * * *

(d) *Mental and neurologic*—(1) *Mental.* (i) No established medical history or clinical diagnosis of any of the following:

(*a*) A personality disorder that is severe enough to have repeatedly manifested itself by overt acts.

(*b*) A psychosis.

(*c*) Alcoholism. As used in this section, "alcoholism" means a condition in which a person's intake of alcohol is great enough to damage his physical health or personal or social functioning, or when alcohol has become a prerequisite to his normal functioning.

(*d*) Drug dependence. As used in this section, "drug dependence" means a condition in which a person is addicted to or dependent on drugs other than alcohol, tobacco, or ordinary caffeine-containing beverages, as evidenced by habitual use or a clear sense of need for the drug.

(ii) No other personality disorder, neurosis, or mental condition that the Federal Air Surgeon finds—

(*a*) Makes the applicant unable to safely perform the duties or exercise the privileges of the airman certificate that he holds or for which he is applying; or

(*b*) May reasonably be expected, within 2 years after the finding, to make him unable to perform those duties or exercise those privileges;

and the findings are based on the case history and appropriate, qualified, medical judgment relating to the condition involved.

(2) *Neurologic.* (i) No established medical history or clinical diagnosis of either of the following:

(*a*) Epilepsy.

(*b*) A disturbance of consciousness without satisfactory medical explanation of the cause.

(ii) No other convulsive disorder, disturbance of consciousness, or neurologic condition that the Federal Air Surgeon finds—

(*a*) Makes the applicant unable to safely perform the duties or exercise the privileges of the airman certificate that he holds or for which he is applying; or

(*b*) May reasonably be expected, within 2 years after the finding, to make him unable to perform those duties or exercise those privileges;

and the findings are based on the case history and appropriate, qualified, medical judgment relating to the condition involved.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Federal Airway Segments

On December 9, 1971, a notice of proposed rule making was published in the FEDERAL REGISTER (36 F.R. 23398) stating that the Federal Aviation Administration was considering amendments to Part 71 of the Federal Aviation Regulations that would alter segments of VOR Federal airway Nos. 135 and 137.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., April 27, 1972, as hereinafter set forth.

Section 71.123 (37 F.R. 2009) is amended as follows:

a. In V-135 "to Tonopah." is deleted and "to Tonopah, excluding the airspace above 9,000 feet MSL between Yuma and Parker." is substituted therefor.

b. In V-137 "Salinas, Calif." is deleted and "Salinas, Calif., excluding the airspace above 7,000 feet MSL, between Imperial and the intersection of the Thermal 122° and the Julian, Calif., 055° radials." is substituted therefor.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a); sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on February 17, 1972.

H. B. HELSTROM,
Chief, Airspace and Air Traffic Rules Division.
