Chapter XVIII—Farmers Home Administration, Department of Agriculture

SUBCHAPTER G—MISCELLANEOUS REGULATIONS

[AL-92(427)]

PART 1890t—TIMESAVING AND PROGRAM IMPROVEMENT

On Wednesday, December 8, 1971, notice of proposed rule making was published in the FEDERAL REGISTER (36 F.R. 23306) to amend 7 CFR Part 1807 to permit the agency to administer loan closing with the greatest efficiency possible. Interested persons were afforded the opportunity to participate in the rule making through the submission of comments. A number of comments were received and due consideration has been given to all material presented. In light of the comments and subsequent review, the regulations are being published as Part 1890t of Subchapter G and a number of revisions and editorial changes have been made principally with respect to the use of designated attorneys and title insurance companies for loan closing. The comments resulted in changes with respect to (1) the fidelity bond for the designated attorney which has been reduced from $50,000 to $10,000, (2) the requirement of errors and omissions liability insurance for title insurance companies which has been omitted, (3) the Farmers Home Administration providing a bond form for use by the designated attorney for his use in obtaining the required bond, and (4) the method of closing real estate loans in those counties in which few such loans are closed.

In accordance with the above, the regulations as amended will appear as Part 1890t of Subchapter G, Miscellaneous Regulations, Timesaving and Program Improvement, and are hereby adopted effective on the date of their publication in the FEDERAL REGISTER (5-6-72).

Sec.
1890t.1 Purpose.
1890t.2 Procedure for implementation by May 31, 1972.

AUTHORITY: The provisions of this Part 1890t issued under sec. 339, 75 Stat. 318, 7 U.S.C. 1989; sec. 510, 63 Stat. 437, 42 U.S.C. 1480; sec. 4, 64 Stat. 100, 40 U.S.C. 442; sec. 301, 80 Stat. 379, 5 U.S.C. 301; Order of Acting Secretary of Agriculture, 36 F.R. 21529; Order of Assistant Secretary of Agriculture for Rural Development and Conservation, 36 F.R. 21529.

§ 1890t.1 Purpose.

This part modifies Part 1803, Part 1807, Part 1890s, and prescribes the policy and procedures for closing real estate loans, including loans secured by leasehold but not Government-acquired property. An important goal of this Administration is to implement policies and procedures which will permit the agency to administer all programs with the greatest efficiency possible. This means that the Farmers Home Administration (FHA) must continuously review its policies and procedures to determine ways in which it can improve the quality and efficiency of our operations at all levels.

§ 1890t.2 Procedure for implementation by May 31, 1972.

(a) *Use of designated attorneys and title insurance companies for loan closing.* (1) Each State Director will authorize designated attorneys or approved title insurance companies to close real estate loans including loans secured by leasehold but not Government-acquired property and transfers specified in § 1807.1 of this chapter (such loans and transfers being hereinafter referred to as "loans" or "loan closings") and will give them responsibility for disbursing loan funds including any funds of a private investor in the insured note involved and directions for disbursing any funds the borrower is required to furnish in connection with the loan, provided:

(i) The designated attorney has liability insurance for errors and omissions in the amount of at least $100,000 and has a fidelity type bond of at least $10,000. If other associates or secretarial staff members have access to the funds in the escrow account, each such individual must have a fidelity bond to cover any fraudulent or dishonest act.

(ii) A title insurance company must, in addition to the requirement set forth in § 1807.1 of this chapter provide to the FHA evidence of its financial condition, including appropriate balance sheets and profit and loss statements, to enable the FHA to determine that it is in a financial position to cover any probable loss. Also, the title insurance company must furnish evidence that it has fidelity coverage of at least $50,000 on each individual who will have access to the loan funds for closing FHA loans. Where State law imposes other requirements giving FHA at least equivalent protection in the opinion of the State Director with the concurrence of the Office of the General Counsel (OGC), the State Director is authorized to approve title insurance companies on the basis of State law.

(iii) Form FHA 427-18, "Fidelity Bond for Loan Closing Attorneys," will be furnished to the designated attorney for his use in obtaining the required bond. However, if the Escrow Agent already has a fidelity type bond, the County Supervisor should review a copy of it to make sure it is comparable to the provisions of Form FHA 427-18. If the County Supervisor is unable to determine whether that bond meets FHA requirements he should refer it to the State Office for advice.

(iv) The designated attorney or title insurance company makes application on Form FHA 427-14, "Agreement to Provide Loan Closing Services," properly completed and executed, to take the responsibility for loan closings and the disbursement of such funds and the application is given written approval by the State Director.

(v) The State Director will approve the application by endorsing his approval on a conformed copy of the application and will notify the designated attorney or title insurance company of his approval by returning the approved copy. Such an attorney or company so approved may be referred to hereinafter as the "Escrow Agent."

(2) If an acceptable Escrow Agent is not available or if there is a low volume of real estate loans and the Escrow Agent's cost would be relatively high for each case because of the cost of the bonds, loans in that county will be closed in accordance with Part 1807 of this chapter in the usual manner. In a county where complicated problems will be encountered by the Escrow Agent disbursing the total funds, the State Director may authorize the County Supervisor to use the supervised bank account and send to the Escrow Agent only the funds required to be disbursed at loan closing. In any county where Escrow Agents are not being used, or where the Escrow Agent will disburse only a portion of the funds, summary statements of the reasons will be forwarded by the State Director to the National Office.

(3) Each State Director will prepare State requirements as necessary to implement loan closings under this Part 1890t. The State requirement will prescribe which originals and how many copies of specified forms must be executed or conformed and which originals and/or copies must be returned to the County Office after completion of the loan closing and any other essential information that is not contained in Part 1807 of this chapter, including the requirements of paragraph (a) of this section.

(4) Form FHA 427-15, "Loan Closing Instructions," will be used by the County Supervisor to transmit the necessary forms, documents and instructions to the Escrow Agent.

(5) For any loan closing for which an Escrow Agent will be responsible no FHA personnel will be present unless authorized by the State Director on an individual case basis.

(6) Each State Director will see that all designated attorneys and approved title insurance companies are fully informed of what their responsibilities are expected to be if they apply for and receive approval as Escrow Agents under this Part 1890t, and that they are given an opportunity to make application on Form FHA 427-14 for such approval. Designated attorneys and title insurance companies which do not apply within a reasonable time or are not approved will be removed from the lists of designated attorneys and approved title insurance companies except in cases covered by subparagraph (2) of this paragraph.

(b) *County Supervisor's responsibilities in loan closing.* The County Supervisor will:

(1) See that the requirements for property insurance set forth in Part 1806 of this chapter are complied with, including a receipt for payment of 1 year's insurance, and see that the applicant's income and debts have not increased substantially since the loan docket was developed. This will be done before the loan-closing instructions are issued and by use of Form FHA 427-16, "Notification of Loan Closing." If the applicant's income or debts have changed substantially, or if more than 90 days have passed since the loan was approved, the applicant will be required to contact the County Supervisor immediately for a review of his situation.

(2) Furnish to the Escrow Agent the check made payable to the borrower and all forms, documents, and instructions necessary for closing the loan.

(3) Require the Escrow Agent to furnish FHA with a receipt on Form FHA 427-17, "Loan Closing Statement," showing how the loan funds were disbursed.

(4) Review the material sent to him by the Escrow Agent to see that the loan was properly closed and that all funds were disbursed as instructed.

(c) *Escrow Agent's responsibilities in loan closing.* The Escrow Agent will:

(1) Apply for approval and agree to close loans and disburse funds by submitting to the State Director an executed completed original and one copy of Form FHA 427-14.

(2) Agree to furnish legal services, close loans, and disburse funds in accordance with Part 1807 of this chapter and other instructions to be received from the County Supervisor or other FHA official.

(3) Disburse loan funds and any funds furnished by the borrower as required in accordance with loan closing conditions. Loan checks received by the Escrow Agent will be endorsed by the loan applicant or his bonded agent and deposited by the Escrow Agent in an escrow account on the day of the loan closing and disbursed in accordance with Part 1807 of this chapter and other instructions received from FHA. The loan check will not be endorsed or deposited in the escrow account until the Escrow Agent has determined that the loan can be closed. Funds will not be disbursed from the escrow account until the mortgage is filed for record. Any balance of funds to be used to complete planned development will be deposited in a supervised bank account (which is a bank account on which checks must be signed by the borrower and countersigned by authorized personnel) by the Escrow Agent after obtaining the borrower's signature on Form FHA 402-1, "Deposit Agreement," that has been completed by the County Supervisor and submitted with instructions to the Escrow Agent. The check used for withdrawing the funds from the escrow account will be made payable to the borrower and endorsed by him or his bonded agent in the following manner—"For deposit only in my countersignature bank account in the (name of bank and address when necessary for identification) pursuant to Deposit Agreement with the Bank and the United States dated ____________."

(d) *Discontinuance of having OGC issue closing instructions.* It has been determined that it is not more reasonable or practical to have OGC issue closing instructions in order to avoid having designated attorneys and/or title insurance companies close or assist in closing loans. Therefore, for any State where closing instructions are being routinely issued by OGC for all loans of the types specified in § 1807.1 of this chapter, the State Director will approve a sufficient number of designated attorneys and/or title insurance companies to make OGC issuance of such closing instructions unnecessary, and will discontinue using OGC for this purpose except when unusual circumstances of any individual case call for it. If the State Director cannot find a sufficient number of qualified available attorneys and/or title insurance companies to obviate the need for closing instructions being issued by OGC routinely, he will report the facts to the National Office.

(e) *Issuance of State requirements.* A State requirement will be prepared as necessary to implement the loan closing, disbursement of funds, and the furnishing and completion of forms. Also, if any form required for loan closing is not legally satisfactory for use in a particular State, a State form with the same name and number as the FHA form will be developed and used.

Dated: May 1, 1972.

JAMES V. SMITH,
Administrator,
Farmers Home Administration.

Title 10—ATOMIC ENERGY

Chapter I—Atomic Energy Commission

PART 30—RULES OF GENERAL APPLICABILITY TO LICENSING OF BYPRODUCT MATERIAL

PART 150—EXEMPTIONS AND CONTINUED REGULATORY AUTHORITY IN AGREEMENT STATES UNDER SECTION 274

Reporting and Control Requirements for Tritium

On August 24, 1971, the Atomic Energy Commission published for comment in the FEDERAL REGISTER (36 F.R. 16593) proposed amendments of its regulations in 10 CFR Part 30, "Rules of General Applicability to Licensing of Byproduct Material" and 10 CFR Part 150, "Exemptions and Continued Regulatory Authority in Agreement States Under Section 274," which would prescribe new reporting and control requirements for tritium in the possession of Commission and Agreement State licensees. These procedures and reports provide, within reasonable limits and on a current basis, information needed by the Commission in the interest of the common defense and security of the United States as to the flow of tritium into, out of, and within the country, and inventory quantities at various locations.

All interested persons were invited to submit written comments and suggestions for consideration in connection with the proposed amendments within 60 days after publication of the notice of proposed rule making in the FEDERAL REGISTER. After careful consideration of the comments received, and other factors involved, the Commission has adopted the amendments set forth below.

The only difference from the amendments published for comment is the inclusion of an exemption from certain of the control and reporting requirements with respect to tritium imported in devices that are authorized by the Commission to be transferred as license-exempt devices.

Pursuant to the Atomic Energy Act of 1954, as amended, and sections 552 and 553 of title 5 of the United States Code, the following amendments of Title 10, Chapter 1, Code of Federal Regulations, Parts 30 and 150, are published as a document subject to codification, to be effective thirty (30) days after publication in the FEDERAL REGISTER.

1. The undesignated center head preceding § 30.51 of 10 CFR Part 30 is amended to read as follows:

RECORDS, INSPECTIONS, TESTS, PROCEDURES, AND REPORTS

2. New §§ 30.54 and 30.55 are added to 10 CFR Part 30 to read as follows:

§ 30.54 Control and accounting procedures for tritium.

(a) Except as specified in paragraph (b) of this section, each licensee who is authorized to possess at any one time and location more than 10,000 curies of tritium shall establish and maintain written material control and accounting procedures that are sufficient to enable the licensee to account for the tritium in his possession under specific license.

(b) Written material control and accounting procedures are not required for (1) tritium produced or possessed within a production or utilization facility incidental to the operation of the facility; (2) tritium contained in spent fuel, other than tritium intentionally produced in or recovered from a production or utilization facility for any subsequent use; (3) tritium contained in devices imported by persons licensed to transfer such devices to persons exempt from licensing pursuant to § 30.15; and (4) tritium contained in self-luminous devices imported by persons licensed to transfer such devices to persons exempt from licensing pursuant to § 30.19.

§ 30.55 Tritium reports.

(a) Except as specified in paragraph (d) of this section, each licensee who transfers or receives at any one time 1,000 curies or more of tritium shall complete and distribute a Nuclear Material Transfer Report on Form AEC-741, in accordance with the printed instructions for completing the form. Each licensee who transfers such material shall submit a completed copy of Form AEC-741 to the Commission and three copies to the receiver of the material promptly after the transfer takes place. Each licensee who receives such material shall submit a completed copy of Form AEC-741 to the Commission and to the shipper of the material within ten (10) days after the material is received. The Commission's copies of the reports shall be submitted to the U.S. Atomic Energy Commission, Post Office Box E, Oak Ridge, TN 37830.

(b) Except as specified in paragraphs (d) and (e) of this section, each licensee who is authorized to possess at any one time and location more than 10,000 curies of tritium shall submit to the Commission within thirty (30) days after June 5, 1972,[1] and within thirty (30) days after June 30 and December 31 of each year thereafter, a statement of his tritium inventory to the nearest hundredth of a gram calculated at 10,000 curies per gram. The reports shall be submitted to the U.S. Atomic Energy Commission, Post Office Box E, Oak Ridge, TN 37830, and shall include the Reporting Identification Symbol (RIS) assigned by the Commission to the licensee.

(c) Except as specified in paragraph (d) of this section, each licensee who is authorized to possess, import or export tritium shall report promptly to the Director, Division of Nuclear Materials Safeguards, U.S. Atomic Energy Commission, Washington, D.C. 20545, by telephone, telegram, or teletype any incident in which an attempt has been made or is believed to have been made to commit a theft or unlawful diversion of more than 10 curies of such material at any one time or more than 100 curies of such material in any 1 calendar year. The initial report shall be followed within a period of fifteen (15) days by a written report submitted to the Director, Division of Nuclear Materials Safeguards, U.S. Atomic Energy Commission, Washington, D.C. 20545, which sets forth the details of the incident and its consequences. Subsequent to the submission of the written report required by this paragraph, the licensee shall promptly inform the Division of Nuclear Materials Safeguards by means of a written report of any substantive additional information, which becomes available to the licensee, concerning an attempted or apparent theft or unlawful diversion of tritium.

(d) The reports described in this section are not required for tritium possessed pursuant to a general license provided in Part 31 of this chapter or for tritium contained in spent fuel.

(e) The reports described in paragraph (b) of this section are not required for (1) tritium produced or possessed within a production or utilization facility incidental to the operation of the facility, other than tritium intentionally produced by or recovered from a production or utilization facility for any subsequent use; (2) tritium contained in devices imported by persons licensed to transfer such devices to persons exempt from licensing pursuant to § 30.15; or (3) tritium contained in self-luminous devices imported by persons licensed to transfer such devices to persons exempt from licensing pursuant to § 30.19.

(Secs. 81, 82, 161, 68 Stat. 935, 948; 42 U.S.C. 2111, 2112, 2201)

3. Section 150.10 of 10 CFR Part 150 is amended to read as follows:

§ 150.10 Persons exempt.

Except as provided in §§ 150.15, 150.16, 150.17, 150.18, and 150.19, any person in an Agreement State who manufactures, produces, receives, possesses, uses, or transfers byproduct material, source material, or special nuclear material in quantities not sufficient to form a critical mass is exempt from the requirements for a license contained in Chapters 6, 7, and 8 of the Act, regulations of the Commission imposing licensing requirements upon persons who manufacture, produce, receive, possess, use, or transfer such materials, and from regulations of the Commission applicable to licensees. The exemptions in this section do not apply to agencies of the Federal government as defined in § 150.3.

4. New §§ 150.18 and 150.19 are added to 10 CFR Part 150 to read as follows:

§ 150.18 Control and accounting procedures for tritium.

(a) Except as specified in parargaph (b) of this section, each person who, pursuant to an Agreement State license, is authorized to possess at any one time and location more than 10,000 curies of tritium shall establish and maintain written material control and accounting procedures which are sufficient to enable such person to account for the tritium in his possession under specific license.

(b) Written material control and accounting procedures are not required for tritium contained in spent fuel.

§ 150.19 Submission to Commission of tritium reports.

(a) Except as specified in paragraph (d) of this section, each person who, pursuant to an Agreement State license, transfers or receives at any one time 1,000 curies or more of tritium shall complete and distribute a Nuclear Material Transfer Report on Form AEC-741, in accordance with the printed instructions for completing the form. Each person who transfers such material shall submit a completed copy of Form AEC-741 to the Commission and three copies to the receiver of the material promptly after the transfer takes place. Each person who receives such material shall submit a completed copy of Form AEC-741 to the Commission and to the shipper of the material within ten (10) days after the material is received. The Commission's copies of the reports shall be submitted to the U.S. Atomic Energy Commission, Post Office Box E, Oak Ridge, TN 37830.

(b) Except as specified in paragraph (d) of this section, each person who, pursuant to an Agreement State license, is authorized to possess at any one time and location more than 10,000 curies of tritium shall submit to the Commission within thirty (30) days after June 5, 1972,[1] and within thirty (30) days after June 30 and December 31 of each year thereafter, a statement of his tritium inventory to the nearest hundredth of a gram calculated at 10,000 curies per gram. The reports shall be submitted to the U.S. Atomic Energy Commission, Post Office Box E, Oak Ridge, TN 37830, and shall include the Reporting Identification Symbol (RIS) assigned by the Commission to such person.

(c) Except as specified in paragraph (d) of this section, each person who, pursuant to an Agreement State license, is authorized to possess tritium shall report promptly to the Director, Division of Nuclear Materials Safeguards, by telephone, telegram, or teletype any incident in which an attempt has been made or is believed to have been made to commit a theft or unlawful diversion of more than 10 curies of such material at any one time or 100 curies of such material in any 1 calendar year. The initial report shall be followed within a period of fifteen (15) days by a written report submitted to the Director, Division of Nu-

[1] Effective date of this amendment.

clear Materials Safeguards, U.S. Atomic Energy Commission, Washington, D.C. 20545, which sets forth the details of the incident and its consequences. Subsequent to the submission of the written report required by this paragraph, each person subject to the provisions of this paragraph shall promptly inform the Division of Nuclear Materials Safeguards by means of a written report of any substantive additional information, which becomes available to such person, concerning an attempted or apparent theft or unlawful diversion of tritium.

(d) The reports described in this section are not required for tritium possessed pursuant to a general license issued pursuant to regulations of an Agreement State equivalent to Part 31 of this chapter or for tritium in spent fuel.

(Secs. 161, 274, 68 Stat. 948, 73 Stat. 688; 42 U.S.C. 2201, 2021.)

Dated at Germantown, Md., this 1st day of May 1972.

For the Atomic Energy Commission.

W. B. McCool,
Secretary of the Commission.

[FR Doc.72-6954 Filed 5-5-72;8:50 am]

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration; Department of Transportation

[Docket No. 11904, Amdt. 808]

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Amendments

This amendment to Part 97 of the Federal Aviation Regulations incorporates by reference therein changes and additions to the Standard Instrument Approach Procedures (SIAP's) that were recently adopted by the Administrator to promote safety at the airports concerned.

The complete SIAP's for the changes and additions covered by this amendment are described in FAA Form 3139, 8260-3, 8260-4, or 8260-5 and made a part of the public rule making dockets of the FAA in accordance with the procedures set forth in Amendment No. 97-696 (35 F.R. 5609).

SIAP's are available for examination at the Rules Docket and at the National Flight Data Center, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591. Copies of SIAP's adopted in a particular region are also available for examination at the headquarters of that region. Individual copies of SIAP's may be purchased from the FAA Public Document Inspection Facility, HQ-405, 800 Independence Avenue SW., Washington, DC 20591, or from the applicable FAA regional office in accordance with the fee schedule prescribed in 49 CFR 7.85. This fee is payable in advance and may be paid by check, draft, or postal money order payable to the Treasurer of the United States. A weekly transmittal of all SIAP changes and additions may be obtained by subscription at an annual rate of $125 per annum from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

Since a situation exists that requires immediate adoption of this amendment, I find that further notice and public procedure hereon is impracticable and good cause exists for making it effective in less than 30 days.

In consideration of the foregoing, Part 97 of the Federal Aviation Regulations is amended as follows, effective on the dates specified:

1. Section 97.23 is amended by establishing, revising, or canceling the following VOR-VOR/DME SIAP's, effective June 1, 1972.

Colusa, Calif.—Colusa County Airport; VOR-1, Amdt. 2; Canceled.
Colusa, Calif.—Colusa County Airport; VOR-A, Original; Established.
Dallas, Tex.—Addison Airport; VOR-A, Amdt. 2; Revised.
Dublin, Va.—New River Valley Airport; VOR-A, Amdt. 5; Revised.
Dublin, Va.—New River Valley Airport; VOR/DME Runway 5, Amdt. 3; Revised.
Everett, Wash.—Snohomish County (Paine Field); VOR Runway 34, Original; Established.
Green Bay, Wis.—Austin-Straubel Field; VOR/DME Runway 36, Amdt. 2; Revised.
North Little Rock, Ark.—North Little Rock Municipal Airport; VOR/DME Runway 35, Amdt. 1; Revised.
Willoughby, Ohio—Lost Nation Airport; VOR Runway 5, Original; Established.
Willoughby, Ohio—Lost Nation Airport; VOR Runway 23, Original; Established.
Willoughby, Ohio—Lost Nation Airport; VOR Runway 27, Original; Established.

2. Section 97.25 is amended by establishing, revising, or canceling the following SDF-LOC-LDA SIAP's, effective June 1, 1972.

Dublin, Va.—New River Valley Airport; LOC Runway 5, Amdt. 1; Revised.
International Falls, Minn.—Falls International Airport; LOC/DME (BC) Runway 13, Original; Established.
Martinsburg, W. Va.—Martinsburg Municipal Airport; LOC(BC) Runway 26, Original; Established.

3. Section 97.27 is amended by establishing, revising, or canceling the following NDB/ADF SIAP's, effective June 1, 1972.

Denver, Colo.—Arapahoe County Airport; NDB Runway 10, Amdt. 1; Revised.
Medina, Ohio—Freedom Field; NDB Runway 27, Amdt. 2; Revised.
Milwaukee, Wis.—General Mitchell Field; NDB Runway 1L, Amdt. 27; Revised.
Milwaukee, Wis.—General Mitchell Field; NDB Runway 7R, Amdt. 4; Revised.
Milwaukee, Wis.—General Mitchell Field; NDB Runway 19R, Amdt. 4; Revised.
Portsmouth, Va.—Chesapeake Portsmouth Airport; NDB Runway 2, Amdt. 1; Revised.
West Yellowstone, Mont.—Yellowstone Airport; NDB-A, Amdt. 1; Revised.

4. Section 97.29 is amended by establishing, revising, or canceling the following ILS SIAP's, effective June 1, 1972.

Denver, Colo.—Stapleton International Airport; ILS Runway 35, Amdt. 13; Revised.
Milwaukee, Wis.—General Mitchell Field; ILS Runway IL, Amdt. 30; Revised.
Milwaukee, Wis.—General Mitchell Field; ILS Runway 7R, Amdt. 6; Revised.

5. Section 97.31 is amended by establishing, revising, or canceling the following Radar SIAP's, effective June 1, 1972.

Denver, Colo.—Arapahoe County Airport; Radar-1, Amdt. 3; Revised.
Denver, Colo.—Stapleton International Airport; Radar-1, Amdt. 9; Revised.
Fort Wayne, Ind.—Fort Wayne Municipal (Baer Field); Radar-1, Amdt. 8; Revised.
Great Falls, Mont.—Great Falls International Airport; Radar-1, Amdt. 3; Revised.
Portsmouth, Va.—Chesapeake Portsmouth Airport; Radar-1, Amdt. 1; Revised.

6. Section 97.33 is amended by establishing, revising, or canceling the following RNAV SIAP's, effective June 1, 1972.

Leesburg, Va.—Leesburg Municipal/Godfrey Field; RNAV Runway 17, Amdt. 2; Revised.
Manassas, Va.—Manassas Municipal/Harry P. Davis Field; RNAV Runway 16, Amdt. 1; Revised.
Washington, D.C.—Dulles International Airport; RNAV Runway 12, Amdt. 1; Revised.

(Secs. 307, 313, 601, 1110, Federal Aviation Act of 1958; 49 U.S.C. 1438, 1354, 1421, 1510, sec. 6(c) Department of Transportation Act, 49 U.S.C. 1655(c) and 5 U.S.C. 552(a)(1))

Issued in Washington, D.C. on April 27, 1972.

William G. Shreve, Jr.,
Acting Director,
Flight Standards Service.

Note: Incorporation by reference provisions in §§ 97.10 and 97.20 (35 F.R. 5610) approved by the Director of the Federal Register on May 12, 1969.

[FR Doc.72-6852 Filed 5-5-72;8:45 am]

[Docket No. 72-CE-13-AD, Amdt. 39-1445]

PART 39—AIRWORTHINESS DIRECTIVES

Beech 99 Series Airplanes

Amendment 39-1368 (AD 72-1-6) published in the Federal Register on January 5, 1972, is an Airworthiness Directive which required a one time inspection, parts replacement as necessary, lubrication and rerigging of the landing gear retraction system on Beech 99 series airplanes to reduce the probability of landing gear retraction system malfunctions. Subsequent to the issuance of AD 72-1-6 additional cases of landing gear accidents or incidents have occurred in these series airplanes, one of which involved an airplane with a serial number outside the block specified in the AD and two of which may have involved integrity of mounting of actuators. To prevent these continued occurrences the FAA has decided to supersede AD 72-1-6 with a new AD requiring on all Beech 99 series airplanes repetitive inspections of the landing gear system and specifying fixed overhaul times for certain landing gear components. In addition, the AD will refer to the manufacturer's revised Beech 99 Airliner Shop Manual which provides more comprehensive instructions for maintaining the landing gear
