Title 10—ATOMIC ENERGY

Chapter I—Atomic Energy Commission

PART 0—CONDUCT OF EMPLOYEES

Solicitations and Indebtedness

The Atomic Energy Commission is amending Part 0 of its regulations concerning the credit affairs of its employees.

Because these amendments relate to a matter of agency management and personnel, notice of proposed rule making and public procedure thereon are unnecessary. These amendments are effective on January 11, 1973.

Part 0 is amended as set out below:

1. Section 0.735-42(d) of Subpart D, Chapter I, Title 10 of the Code of Federal Regulations is amended to read as follows:

§ 0.735-42 Gifts, entertainment, and favors.

* * * * *

(d) An employee shall not solicit a contribution from another employee for a gift to an official superior, make a donation to an official superior, or accept a gift from an employee receiving less pay than himself (5 U.S.C. 7351), nor shall an employee directly or indirectly solicit from, accept from, offer to, or grant to an official superior or subordinate employee a loan of more than a nominal amount. However, this paragraph does not prohibit (1) a voluntary gift of nominal value or donation in a nominal amount made on a special occasion such as marriage, illness, or retirement, or (2) a loan as described above of more than a nominal amount where a special personal or business relationship is involved, with prior approval of the higher-ranking employee's supervisor, after consultation with the counselor for AEC, or a deputy counselor, as provided in § 0.735-3(h). A copy of such approval shall be filed as provided for in § 0.735-28(e)(11).

* * * * *

2. Section 0.735-45 of Subpart D, Chapter I, Title 10 of the Code of Federal Regulations is amended to read as follows:

§ 0.735-45 Employee indebtedness.

Except as provided in § 0.735-42(d), the AEC considers the credit affairs of its employees essentially their own concern. However, employees are expected to conduct their credit affairs in a manner which does not reflect adversely on the Government as their employer. The AEC will not be placed in the position of acting as a collection agency or of determining the validity or amount of contested debts. An employee is expected to pay each just financial obligation in a proper and timely manner, especially one imposed by law such as Federal, State, or local taxes. Failure on the part of an employee without good reason to honor just financial obligations or to make or adhere to satisfactory arrangements for settlement may be cause for disciplinary action. For the purpose of this section, a "just financial obligation" means one acknowledged by the employee or reduced to judgment by a court, and "in a proper and timely manner" means in a manner which AEC determines does not, under the circumstances, reflect adversely on the Government as his employer.

Dated this 4th day of January 1973.

PAUL C. BENDER,
Secretary of the Commission.

MISCELLANEOUS AMENDMENTS TO CHAPTER

The amendments of Commission regulations set forth below change the names of the former regulatory divisions, Regional Compliance Offices, and District Safequards Offices to conform with the names of the new regulatory units.

Because these amendments relate solely to agency management, and minor matters, good cause exists for omitting notice of proposed rule making, and public procedure thereon, as unnecessary, and for making the amendments effective upon publication in the FEDERAL REGISTER.

Title 32A—NATIONAL DEFENSE, APPENDIX

Chapter X—Office of Oil and Gas, Department of the Interior

[Oil Import Reg. 1 (Rev. 5), Amdt. 50]

OI REG. 1—OIL IMPORT REGULATION

Fuel Oil Imports From the Virgin Islands

The President's Proclamation of December 18, 1972, "Modifying Proclamation 3279, Relating to Imports of Petroleum and Petroleum Products", among other changes, added the following sentence at the end of subparagraph (4) of paragraph (b) of section 3:

> Whenever the Secretary, upon recommendation of the Director of the Office of Emergency Preparedness finds that there may be shortages in the supply of any finished product or products in Districts I-IV which products are deemed by the Director of the Office of Emergency Preparedness to be important to the national security, the Secretary may allocate imports of any such product or products manufactured in the Virgin Islands in excess of the limitation in the preceding sentence for such product or products, for such time and under such conditions as he may deem consistent with the purposes of this proclamation.

The substantially colder than normal weather experienced this year to date, particularly in the midwest, has resulted in an unexpectedly high level of natural gas curtailments and local propane and No. 2 fuel oil shortages.

In view of the complex interrelationships of these fuels and estimates of the increasingly tight demand-supply situation with respect to distillates in Districts I-IV and upon the recommendation of the Director of the Office of Emergency Preparedness, I find that there may be shortages this heating season in

Districts I–IV of No. 2 fuel oil, a product which the Director of the Office of Emergency Preparedness has deemed to be important to the national security.

In order to contribute to the alleviation of potential supply dislocations as rapidly as possible, it is not considered necessary to give notice of proposed rule making respecting this amendment, and it shall become effective immediately.

Accordingly, a new section 13A is added to Oil Import Regulation 1 (Revision 5), as amended.

ROGERS C. B. MORTON,
Secretary of the Interior.

I concur: January 5, 1973.

G. A. LINCOLN,
Director,
Office of Emergency Preparedness.

§ 13A Emergency finished products allocation.

(a) For the purpose of this section, (1) the term "No. 2 fuel oil" means a finished product which has the physical and chemical characteristics as set forth in subparagraph (1), paragraph (a) of section 30 of this regulation. (2) The term "eligible applicant" means any person in the business of selling No. 2 fuel oil in Districts I–IV.

(b) (1) For the period January 1, 1973 through April 30, 1973, hereafter referred to as the "period" within the allocation period which begins January 1, 1973, No. 2 fuel oil which has been or is to be manufactured in the Virgin Islands may be imported by eligible applicants who comply with the provisions of this section.

(2) For the "period," the Director shall make an allocation of imports of No. 2 fuel oil into Districts I–IV to any eligible applicant who certifies that such imports are required to meet obligations under contracts with, or purchase orders from, customers in Districts I–IV, and that such eligible applicant, through contract of purchase or otherwise, has the right to take delivery of such No. 2 fuel oil in the Virgin Islands or elsewhere.

(3) An application for allocations under this section may be filed in letter or telegraphic form during the "period."
