PART 1915—IDENTIFICATION OF SPECIAL HAZARD AREAS

List of Communities With Special Hazard Areas

The Federal Insurance Administrator finds that comment and public procedure and the use of delayed effective dates in identifying the areas of communities which have special flood or mudslide hazards, in accordance with 24 CFR Part 1915, would be contrary to the public interest. The purpose of such identifications is to guide new development away from areas threatened by flooding. Since this publication is merely for the purpose of informing the public of the location of areas of special flood hazard and has no binding effect on the sale of flood insurance or the commencement of construction, notice and public procedure are impracticable, unnecessary, and contrary to the public interest. Inasmuch as this publication is not a substantive rule, the identification of special hazard areas shall be effective on the date shown. Accordingly, § 1915.3 is amended by adding in alphabetical sequence a new entry to the table, which entry reads as follows:

§ 1915.3 List of communities with special hazard areas.
