

the Code of Federal Regulations is amended by adding in alphabetical sequence new entries to the table. In each entry, a complete chronology of effective dates appears for each listed community. The date that appears in the fourth

column of the table is provided in order to designate the effective date of the authorization of the sale of flood insurance in the area under the emergency or the regular flood insurance program. These dates serve notice only for the purposes

of granting relief, and not for the application of sanctions, within the meaning of 5 U.S.C. § 551. The entry reads as follows:

RULES AND REGULATIONS

[Docket No. FI-824]

PART 1914—AREAS ELIGIBLE FOR THE SALE OF INSURANCE

Status of Participating Communities

The purpose of this notice is to list those communities wherein the sale of flood insurance is authorized under the National Flood Insurance Program (42 U.S.C. 4001-4128).

Insurance policies can be obtained from any licensed property insurance agent or broker serving the eligible community, or from the National Flood Insurers Association servicing company for the state (addresses are published at 93 F.R. 26186-93). A list of servicing companies is also available from the Federal Insurance Administration (FIA), HUD, 451 Seventh Street SW., Washington D.C. 20410.

The Flood Disaster Protection Act of 1973 requires the purchase of flood insurance as a condition of receiving any form of Federal or Federally related financial assistance for acquisition or construction purposes in a flood plain area having special hazards within any community identified by the Secretary of Housing and Urban Development.

The requirement applies to all identified special flood hazard areas within the United States, and no such financial assistance can legally be provided for acquisition or construction in these areas unless the community has entered the program. Accordingly, for communities listed under this Part no such restriction exists, although insurance, if required, must be purchased.

The Federal Insurance Administrator finds that delayed effective dates would be contrary to the public interest. The

Administrator also finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

Section 1914.4 of Part 1914 of Subchapter B of Chapter X of Title 24 of the Code of Federal Regulations is amended by adding in alphabetical sequence new entries to the table. In each entry, a complete chronology of effective dates appears for each listed community. The date that appears in the fourth column of the table is provided in order to designate the effective date of the authorization of the sale of flood insurance in the area under the emergency or the regular flood insurance program. These dates serve notice only for the purposes of granting relief, and not for the application of sanctions, within the meaning of 5 U.S.C. § 551. The entry reads as follows:

Title 29—Labor

CHAPTER XVII—OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION, DEPARTMENT OF LABOR

PART 1952—APPROVED STATE PLANS FOR ENFORCEMENT OF STATE STANDARDS

Approval of Washington State Poster

1. *Background.* Part 1953 of Title 29, Code of Federal Regulations, provides procedures under section 18 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 667) (hereinafter referred to as the Act) for review of changes and progress in the development and implementation of State plans which have been approved in accordance with section 18(c) of the Act and Part 1902 of this chapter. On January 26, 1973, a notice was published in the FEDERAL REGISTER (38 FR 2421) of the approval of the Washington plan and the adoption of Subpart F to Part 1952 containing the decision. On October 8, 1974, the State of Washington submitted a supplement to the plan involving a developmental change (see Subpart B of 29 CFR Part 1953). Final approval of this supplement was delayed pending the adoption of appropriate regulations on requirements for approval of State posters (see Subpart A of 29 CFR Part 1952 as amended November 5, 1974, (39 FR 39036)). As initially submitted, the State of Washington's poster did not include the required reference to employee protection against discharge or discrimination under section 11(c) of the Act. The State has since printed a new poster meeting all requirements and began distribution on October 6, 1975.

On April 29, 1974, the enabling legislation for the Washington State Plan (Senate Bill No. 2386, Chapter 80, Laws of 1973) was submitted for public comment (39 FR 14978) and notice of ap-

proval was published in the FEDERAL REGISTER on July 10, 1974 (39 FR 25325).

2. *Description of the supplement.* The supplement contains the Washington Poster which is to be posted at all covered workplaces in the State. Among other things, the poster contains provisions notifying employees of their obligations and protections under the Washington Industrial Safety and Health Act (hereinafter called WISHA), their right to request workplace inspections and their right to participate in inspections, their protection against discharge or discrimination under both Federal and State law for the exercise of their rights under Federal and State law and their right to file complaints with the Occupational Safety and Health Administration concerning the administration of the State program.

3. *Location of the plan and its supplement for inspection and copying.* A copy of the poster, along with the approved plan, may be inspected and copied during normal business hours at the following locations: Technical Data Center, Room N-3620, 200 Constitution Avenue, N.W., Washington, D.C. 20210; Office of the Assistant Regional Director, Occupational Safety and Health Administration, Room 6048, 909 First Avenue, Federal Office Building, Seattle, Washington 98174; and the Department of Labor and Industries, General Administration Building, Olympia, Washington 98504.

4. *Public participation.* Under § 1953.2 of this chapter, the Assistant Secretary of Labor for Occupational Safety and Health (hereinafter referred to as the Assistant Secretary) may prescribe alternative procedures to expedite the review process or for any other good cause which may be consistent with applicable law. The Assistant Secretary finds that the Washington State Poster incorpo-

rates all of the provisions required under 29 CFR 1952.10(a) (5) and 29 CFR 1903.2 (a) (3) (39 FR 39306, November 5, 1974). Accordingly, it is found that further opportunity for public comment and notice is unnecessary.

The legislation, submitted for public comment on April 29, 1974, was approved by the Assistant Secretary on July 3, 1974.

5. *Decision.* After careful consideration, the Washington plan supplement outlined above is approved under Part 1953. This decision incorporates the requirements of the Act and implementing regulations applicable to State plans generally. In addition, Subpart F of 29 CFR Part 1952 is amended to reflect the completion of a developmental step upon the approval of the State Poster, and to codify the approval of the Washington legislation. Accordingly, § 1952.124 of Subpart F of Part 1952 for the reason stated in 4 above is hereby amended as follows:

§ 1952.124 Completed developmental steps.

(a) In accordance with the requirements of § 1952.123(a) the Washington Industrial Safety and Health Act of 1973, hereinafter referred to as WISHA (S.B. 2386, RCW Chapter 49.17), signed by the Governor on March 9, 1973, effective on June 7, 1973, was approved July 3, 1974 (39 FR 25326).

(b) In accordance with the requirements of § 1952.10, the Washington State Poster submitted on October 6, 1975, was approved by the Assistant Secretary on December 17, 1975.

Signed at Washington, D.C. this 17th day of December 1975.

MORTON CORN,
Assistant Secretary of Labor.

Title 38—Pensions, Bonuses, and Veterans' Relief

CHAPTER I—VETERANS ADMINISTRATION

PART 3—ADJUDICATION

Pension, Compensation, and Dependency and Indemnity Compensation; Awards to Remarried Widows and Widowers

On page 49580 of the *FEDERAL REGISTER* of October 23, 1975, there was published a notice of proposed regulatory development relating to awards to remarried widows and widowers whose subsequent marriages have terminated. Section 3.700(b)(1) requires that, when there is entitlement to benefits based on the death of more than one veteran spouse, the widow or widower must elect which benefit she or he will receive. The amendment to § 3.700(b)(1) provides that where benefits are elected in the case of one spouse the award will be made subject to any prior payments in the case of the other spouse. The purpose of this amendment is to permit payment of the greater benefit from the earliest applicable effective date when a widow or widower has been awarded benefits based on the death of one spouse and is subsequently determined eligible for benefits at a higher rate based on the death of another spouse. This constitutes an exception to the provision in § 3.400(j) that the effective date of an award based on an election will be the date of receipt of the election. Additional editorial changes are made in § 3.700 to delete obsolete material related to periods for which compensation may or may not be paid to veterans who received readjustment pay and to update a citation to the United States Code. Editorial changes are made in both sections to reflect the provisions apply equally to male and female beneficiaries.

Interested persons were given 30 days in which to submit comments, suggestions, or objections, regarding the proposed regulations.

No written comments have been received and the proposed regulations are hereby adopted without change and are set forth below.

Effective date. These VA Regulations are effective December 16, 1975.

Approved: December 16, 1975.

By direction of the Administrator:

[SEAL] ODELL W. VAUGHN,
Deputy Administrator.

1. In § 3.700, the introductory portion preceding paragraph (a) and paragraphs (a)(1)(i) (a)(2) and (b) are revised to read as follows:

§ 3.700 General.

Not more than one award of pension, compensation, or emergency officers', regular or reserve retirement pay will be made concurrently to any person based on his or her own service except as provided in § 3.803 relating to naval pension and § 3.750(c) relating to waiver of retirement pay. Not more than one award of pension, compensation, or dependency

and indemnity compensation may be made concurrently to a dependent on account of more than one period of service of a veteran. (38 U.S.C. 3104(a))

(a) **Veterans.**—(1) **Active service pay.** (i) Pension, compensation, or retirement pay on account of his or her own service will not be paid to any person for any period for which he or she receives active service pay. (38 U.S.C. 3104(c)) This includes "sick pay" or "incapacitation pay" received by a member of a reserve component who suffers injury on a training tour and continues to receive such "pay" after expiration of scheduled training pay and not in an active duty status. The "sick pay" or "incapacitation pay" is "active service pay."

(2) **Lump-sum readjustment pay.** (i) A veteran who has received a lump-sum readjustment payment may receive disability compensation for disability incurred in or aggravated by service prior to the date of receipt of lump-sum readjustment payment subject to deduction of an amount equal to 75 percent of the amount received as readjustment payment.

(ii) The receipt of readjustment pay does not affect the payment of disability compensation based on a subsequent period of service. Compensation payable for service-connected disability incurred or aggravated in a subsequent period of service will not be reduced for the purpose of offsetting readjustment pay based on a prior period of service. (10 U.S.C. 687(b))

(b) **Dependents.**—(1) **Widows and widowers.** The receipt of pension, compensation or dependency and indemnity compensation by a widow or widower on account of the death of any veteran, or receipt of pension or compensation on account of his or her own service, shall not bar the payment to him or her of pension, compensation, or dependency and indemnity compensation on account of the death or disability of any other veteran; however, other than insurance, concurrent benefits under laws administered by the Veterans Administration may not be authorized to a widow or widower by reason of the death of more than one veteran to whom he or she has been married. Effective January 1, 1971, the widow or widower may elect to receive benefits based on the death of one such spouse and the election places the right to benefits based on the deaths of other spouses in suspense. The suspension may be lifted at any time by another election based on the death of another spouse. Benefits payable in the elected case will be subject to prior payments for the same period based on the death of the other spouse where, under the provisions of § 3.400(c), there is entitlement in the elected case prior to date of receipt of the election.

(2) **Children.** Except as provided in § 3.703, the receipt of pension, compensation, or dependency and indemnity compensation by a child on account of the death of a veteran or the receipt by

the child of pension or compensation on account of his or her own service will not bar the payment of pension, compensation, or dependency and indemnity compensation on account of the death or disability of any other veteran.

(3) **Parents.** The receipt of compensation or dependency and indemnity compensation by a parent on account of the death of a veteran or receipt by him or her of pension or compensation on account of his or her own service, will not bar the payment of pension, compensation, or dependency and indemnity compensation on account of the death or disability of any other person. (38 U.S.C. 3104(b))

2. In § 3.701, paragraph (a) is revised to read as follows:

§ 3.701 Elections of pension or compensation.

(a) **General.** Except as otherwise provided, a person entitled to receive pension or compensation under more than one law or sections of a law administered by the Veterans Administration may elect which benefit to receive regardless of whether it is the greater or lesser benefit and even though the election results in reducing the benefits of his or her dependents. This person may at any time elect or reelect the other benefit. An election by a veteran controls the rights of all dependents in that case and an election by a widow or widower controls the claims of the children as well, including children over age 18 and children not in the widow's or widower's custody. Termination of a marriage or marital relationship which had been the reason for terminating an award of pension based on a veteran's service in World War I or later war periods does not restore to the widow or widower the right to receive protected pension. The claimant's entitlement, if otherwise established, is under the current provisions of 38 U.S.C. 541.

Title 42—Public Health

CHAPTER I—PUBLIC HEALTH SERVICE, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

PART 51c—PROJECT GRANTS FOR HEALTH SERVICES DEVELOPMENT

Continuation Projects

Section 501(b) of Public Law 94-63 (84 Stat. 304), enacted on July 29, 1975, repealed section 314(e) of the Public Health Service Act, the statutory authority under which a number of grant programs for health services (including the neighborhood health center, family health center, and community health network programs) were conducted. Section 501(a) of Public Law 94-63 replaced section 314(e) with section 330, the principal purpose of which is to provide authority to make grants for the planning, development and operation of "community health centers" as defined in section 330(a). In enacting section 330, however, Congress clearly indicated that

it intended, inter alia, that the neighborhood health center, family health center and community health network programs be continued even where grantees under those programs are not "community health centers" as newly defined, and provided, in section 330(d)(1)(B), statutory authority under which such programs could continue to be carried out until the grantees brought themselves into conformity with the provisions of section 330.

Section 330(d)(1)(B) authorizes the Secretary to make grants for the costs of operation of public and private non-profit entities which provide health services to medically underserved populations but which do not meet each of the requirements applicable to community health centers. In light of the clear Congressional intent that this provision be used to continue programs and activities previously conducted under section 314(e), the Secretary has determined that funds under the continuing resolution (Public Law 94-41) may be used to fund grants under section 330(d)(1)(B). Projects previously funded under section 314(e) which are hereafter funded under section 330(d)(1)(B) will of course be governed by the requirements of the latter section. The regulations set forth below establish factors to be considered by the Secretary in the designation of "medically underserved populations" for purposes of awarding such continuation grants under section 330(d)(1)(B).

The Secretary intends to issue in the near future regulations governing the grant programs authorized by section 330. No new projects will be funded under section 330 until those regulations become effective. In the interim, however, grants made under section 314(e) to a number of projects which are eligible for funding under section 330(d)(1)(B) will be expiring. In view of the necessity to continue to fund such projects in order to carry out the clear Congressional intent that the program be continued, the Secretary has determined that, pending the issuance of complete regulations to govern sec. 330 grants, continuation awards may be made to projects heretofore supported under section 314(e) which meet the requirements of section 330(d)(1)(B). Also in view of such necessity, the Secretary has further determined that public participation in rulemaking and postponement of effective date with respect to the regulations set forth below would be impracticable and contrary to the public interest. Accordingly, the regulations set forth below are effective December 22, 1975.

Title 42, CFR, is amended by the addition of a new Part 51c, as set forth below.

Dated: October 9, 1975.

THEODORE COOPER,
Assistant Secretary for Health.

Approved: December 12, 1975.

DAVID MATHEWS,
Secretary.

Sec.
51c.101 Designation of medically underserved populations.

AUTHORITY: Sec. 215, 58 Stat. 600 (42 U.S.C. 216).

§ 51c.101 Designation of medically underserved populations.

In designating medically underserved populations for the purposes of making continuation grants under section 330 (d)(1)(B) of the Public Health Service Act to projects previously funded under section 314(e) of such Act, the Secretary of Health, Education, and Welfare will take into account factors including the following:

(a) The shortage of health personnel and health care facilities in the area served by the project;

(b) Health status indicators, such as infant and maternal mortality rates, and other indicators of the existence of special health problems affecting the need for health care services in the area; and

(c) The accessibility and availability of health care services in the area and the ability to obtain these services when required on a timely and effective basis.

Title 43—Public Lands: Interior
CHAPTER II—BUREAU OF LAND
MANAGEMENT

APPENDIX—PUBLIC LAND ORDERS

[Public Land Order 5565; P-031025]

ALASKA

Partial Revocation of Public Land Order No. 715; Lands Available for Native Selection

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. Public Land Order No. 715 of April 20, 1951, withdrawing lands for use of the Department of the Air Force for military purposes, is hereby revoked so far as it affects the following described land:

A tract of land at Kaktovik Island, Barter Island Group, Alaska, more particularly described as:

Beginning at U.S.C. & G.S. triangulation station "Barter Astro;" thence along an approximate bearing of South 71°20'00" East, a distance of 2,600.00 feet, more or less, to a point on the mean high water line of the Arctic Ocean and the True Point of Beginning; thence West, a distance of 6,060.00 feet, more or less; thence North, a distance of 6,440.00 feet, more or less, to a point on the mean high water line of the Arctic Ocean; thence in a generally westerly direction to the left along said mean high water line for a distance of 12.7 miles, more or less, to the point of beginning.

Containing approximately 3,577.30 acres.

2. The lands described in paragraph 1 are withdrawn under Public Land Order No. 2214 of December 8, 1960, as part of the Arctic National Wildlife Range, and under section 11(a)(1) of the Alaska Native Claims Settlement Act of December 18, 1971, 85 Stat. 688, for selection by the village of Kaktovik.

3. Prior to any conveyance of the lands described in paragraph 1, the lands shall be subject to administration by the Secretary of the Interior under the applicable laws and regulations, and his authority to make contracts and to grant leases, permits, rights-of-way, or easements shall not be impaired by this order. Applications for leases under the Mineral Leasing Act, as amended, 30 U.S.C. 181-287 (1970), will be rejected until this order is modified or the lands are appropriately classified to permit mineral leasing.

ROYSTON C. HUGHES,
Assistant Secretary
of the Interior.

DECEMBER 17, 1975.
