PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

Recent Changes and Additions

This amendment to Part 97 of the Federal Aviation Regulations incorporates by reference therein changes and additions to the Standard Instrument Approach Procedures (SIAPs) that were recently adopted by the Administrator to promote safety at the airports concerned.

The complete SIAPs for the changes and additions covered by this amendment are described in FAA Forms 8260-3, 8260-4, or 8260-5 and made a part of the public rule making dockets of the FAA in accordance with the procedures set forth in Amendment No. 97-696 (35 FR 5609).

SIAPs are available for examination at the Rules Docket and at the National Flight Data Center, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, D.C. 20591. Copies of SIAPs adopted in a particular region are also available for examination at the headquarters of that region. Individual copies of SIAPs may be purchased from the FAA Public Information Center, AIS-230, 800 Independence Avenue, SW., Washington, D.C. 20591 or from the applicable FAA regional office in accordance with the fee schedule prescribed in 49 CFR 7.85. This fee is payable in advance and may be paid by check, draft, or postal money order payable to the Treasurer of the United States. A weekly transmittal of all SIAP changes and additions may be obtained by subscription at an annual rate of $150.00 per annum from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Additional copies mailed to the same address may be ordered for $30 each.

Since a situation exists that requires immediate adoption of this amendment, I find that further notice and public procedure hereon is impracticable and good cause exists for making it effective in less than 30 days.

In consideration of the foregoing, Part 97 of the Federal Aviation Regulations is amended as follows, effective on the dates specified:

Title 15—Commerce and Foreign Trade

CHAPTER XX—OFFICE OF THE SPECIAL REPRESENTATIVE FOR TRADE NEGOTIATIONS

UNFAIR TRADE PRACTICES

Public Views on and Procedures for Complaints

Notice is hereby given that under the authority of the Trade Act of 1974 (Pub. L. 93-618, 88 Stat., 1978) and E. O. 11846, (March 27, 1975), regulations pertaining to the Office of the Special Representative for Trade Negotiations are hereby amended. The Office of the Special Representative for Trade Negotiations considers these regulations to be procedural in nature and hence exempt from the requirements of 5 U.S.C. 553. Accordingly the amended regulations are final as published herein. The Office of the Special Representative for Trade Negotiations nevertheless invites comments on the regulations, and any comments submitted will receive careful consideration. Such comments should be received on or before September 28, 1975.

Section 301 of the Trade Act of 1974 authorizes the President to take certain actions if he determines that a foreign government or instrumentality maintains unjustifiable or unreasonable restrictions which impair trade commitments or otherwise burden U.S. commerce, engages in discriminatory or other acts or policies which burden or restrict U.S. commerce, provides subsidies or like actions on its exports which reduce sales of U.S. competitive products, or imposes restrictions on access to certain supplies which thereby burden or restrict U.S. commerce.

Pursuant to the Trade Act (sec. 301(d)(2) and 301(e)) and by delegation in Executive Order 11846 (Sec. 6), the Special Representative for Trade Negotiations, hereinafter "STR", is responsible for providing for the presentation of public views by public hearings, where appropriate, and otherwise and for conducting reviews of complaints received under Section 301 of the Trade Act.

After a careful review by STR of 15 CFR Part 2001, 2002 and 2003 (40 FR 18419—April 28, 1974), it has been concluded that there is a need for further regulations.

Accordingly, Parts 2001 and 2002 are amended to provide for the establishment of an interagency Section 301 Committee responsible for conducting reviews and providing for the presentation of public views on Section 301 complaints. Title 24—Housing and Urban Development

CHAPTER X—FEDERAL INSURANCE ADMINISTRATION

SUBCHAPTER B—NATIONAL FLOOD INSURANCE PROGRAM

[Docket No. FI-680]

PART 1916—CONSULTATION WITH LOCAL OFFICIALS

Notice of Changes Made in Determinations of the Town of Falmouth, Massachusetts, Base Flood Elevations

On May 9, 1973, at 38 FR 12109, the Federal Insurance Administrator published a list of communities with Special Flood Hazard Areas and the map numbers and locations where Flood Insurance Rate Maps were available for public inspection. The list included Flood Insurance Rate Maps for portions of the Town of Falmouth.

The Federal Insurance Administration, after consultation with the Chief Executive Officer of the community, has determined that it is appropriate to modify the base (100-year) flood elevations of some locations in Falmouth. These modified elevations are currently in effect and amend the Flood Insurance Rate Map, which was in effect prior to this determination. A revised rate map will be published as soon as possible. The modifications are made in accordance with Section 206 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-243) and the National Flood Insurance Act of 1968, as amended, (Title XIII of the Housing and Urban Development Act of 1968 Pub. L. 90-448) 42 U.S.C. 4001-4128, and 24 CFR Part 1916.

For rating purposes, the new community number is 255211A, and must be used for all new policies and renewals.

Under the above-mentioned Acts of 1968 and 1973, the Administrator must develop criteria for flood plain management. In order for the community to continue participation in the National Flood Insurance Program, the community must use the modified elevations to carry out the flood plain management measures of the Program. These modified elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

From the date of this notice, any person has 90 days in which he can request through the community that the Federal Insurance Administrator reconsider the changes. Any request for reconsideration must be based on knowledge of changed conditions or new scientific or technical data. All interested parties are on notice that until the 90-day period elapses, the Administrator's new determination of elevations may itself be changed.

Any persons having knowledge or wishing to comment on these changes should immediately notify:

Selectman Richard R. Paine, Town Hall, Main St., Falmouth, Massachusetts 02504.
