TRANSPORTATION OF "WASTE" PRODUCTS FOR REUSE OR RECYCLING

Special Certificate Letter Notice(s)

The following letter notices request participation in a Special Certificate of Public Convenience and Necessity for the transportation of "waste" products for reuse or recycling in furtherance of a recognized pollution control program under the Commission's regulations (49 CFR 1062) promulgated in *"Waste" Products*, Ex Parte No. MC 85, 124 MCC 483 (1976).

An original and one copy of protests against applicant's participation may be filed with the Interstate Commerce Commission on or before November 8, 1976. A copy must also be served upon applicant or its representative. Protests against the applicant's participation will not operate to stay commencement of the proposed operation.

If the applicant is not otherwise informed by the Commission, operations may commence within 30 days of the date of its notice in the FEDERAL REGISTER, subject to its tariff publication effective date.

P-25-76 (Correction) (Special Certificate—Waste Products), filed September 14, 1976, published in the FEDERAL REGISTER issue of October 5, 1976, and republished as corrected this issue. Applicant: RAY KURTZ AND LINDA FARLEY, a Partnership, doing business as PLASTIC EXPRESS, P.O. Box 5593, Orange, Calif. 92667. Applicant's representative: Linda Farley (same address as applicant). Authority sought to operate pursuant to a certificate of public convenience and necessity authorizing operations in interstate or foreign commerce, as a *common carrier* by motor vehicle over irregular routes, in the transportation of *waste and waste products which are cans, chemical solutions, cullet, glass and glass containers, iron, steel and metal products, metal scrap, paper, paper products, petroleum products, plastic, plastic articles, rags, textile products, rubber, rubber products, trash, wood,* and *wood products,* between points in the United States in and west of Alabama, Tennessee, Kentucky, Ohio, and Michigan (except Alaska and Hawaii), in furtherance of recognized pollution control programs sponsored by: (1) Glass Container Manufacturers Institute, Inc. of Irvine, Calif., for the purpose of recycling glass containers (cullet); (2) Apollo Plastic's Inc. of Los Angeles, Calif., for the purpose of brokering waste scrap including plastic milk bottles and scrap plastics; (3) A. E. Taylor of Santa Monica, Calif., for the purpose of brokering waste scrap metals; (4) Century Enterprises of Denver, Colo., for the purpose of brokering waste scrap metals; (5) Brockway Glass Company, Inc. of Brockway, Pa., for the purpose of brokering broken glass (cullet); and (6) Alpha Recycle of Gardena, Calif., for the purpose of brokering waste paper.

NOTE.—The purpose of this republication is to indicate the correct commodity description as wood products in lieu of food products as was previously published. Applicant presently holds Waste Products Special Certificate No. P-25-73.

By the Commission.

ROBERT L. OSWALD,
Secretary.

PETITIONS FOR MODIFICATION, INTERPRETATION OR REINSTATEMENT OF OPERATING RIGHTS AUTHORITY

Notice

The following petitions seek modification or interpretation of existing operating rights authority, or reinstatement of terminated operating rights authority.

An original and one copy of protests to the granting of the requested authority must be filed with the Commission on or before November 15, 1976. Such protest shall comply with Special Rule 247(d) of the Commission's *General Rules of Practice* (49 CFR 1100.247)[1] and shall include a concise statement of protestant's interest in the proceeding and copies of its conflicting authorities. Verified statements in opposition should not be tendered at this time. A copy of the protest shall be served concurrently upon petitioner's representative, or petitioner if no representative is named.

No. MC 107403 (Sub-No. 839) (Notice of filing of petition to modify restriction) filed September 27, 1976. Petitioner: MATLACK, INC., 10 W. Baltimore Ave., Lansdowne, Pa. 19050. Petitioner's representative: Allen H. Knouft (same address as applicant). Petitioner holds a motor *common carrier* Certificate in No. MC 107403 (Sub-No. 839), issued November 26, 1973, authorizing transportation over irregular routes, of *corn products,* in bulk (except corn oil, in bulk), from Dayton, Ohio, to points in Alabama, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Kentucky, Maine, Maryland, Massachusetts, Michigan, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, West Virginia, Wisconsin, and the District of Columbia, restricted to the transportation of traffic originating at the plant site and warehouse facilities of Cargill, Incorporated, located at Dayton, Ohio. By the instant petition, petitioner seeks to modify the above restriction to include CAR-MI, INC. as an additional origin plant site.

No. MC 124078 (Sub-No. 535) (Notice of filing of petition to modify restriction) filed September 22, 1976. Petitioner: SCHWERMAN TRUCKING CO., P.O. Box 1601, Milwaukee, Wis. 53201. Petitioner's representative: James R. Ziperski (same address as applicant). Petitioner holds a motor *common carrier* Certificate in No. MC 124078 (Sub-No. 535), issued January 25, 1974, authorizing transportation over irregular routes, of *corn products,* in bulk (except corn oil, in bulk), from Dayton, Ohio, to points in Alabama, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Kentucky, Maine, Maryland, Massachusetts, Michigan, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, West Virginia, Wisconsin, and the District of Columbia, restricted to the transportation of traffic originating at the plantsite and warehouse facilities of Cargill, Incorporated, located at Dayton, Ohio.

By the instant petition, petitioner seeks to add Car-Mi, Inc. of Dayton, Ohio as an additional origin plantsite to the above restriction.

No. MC 124579 (Sub-No. 9) (Notice of filing of petition to modify restriction) filed September 20, 1976. Petitioner: WIKEL BULK EXPRESS, INC., Route 2, Huron, Ohio 44839. Petitioner's representative: Richard H. Brandon, 220 West Bridge Street, P.O. Box 97, Dublin, Ohio 43017. Petitioner holds a motor *common carrier* Certificate in No. MC 124579 (Sub-No. 9), issued November 26, 1973, authorizing transportation over irregular routes, of *corn products,* in bulk (except corn oil, in bulk), from Dayton, Ohio, to points in Alabama, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Kentucky, Maine, Maryland, Massachusetts, Michigan, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, West Virginia, Wisconsin, and the District of Columbia, restricted to the transportation of traffic originating at the plant site and warehouse facilities of Cargill, Incorporated, located at Dayton, Ohio, subject to the right of the Commission to impose such terms, conditions, or limitations in the future as it may find necessary in order to insure that carrier's operations shall conform to the provisions of Section 210 of the Act. By the instant petition, petitioner seeks to modify the above restriction to include CAR-MI, Inc. as an additional origin plantsite.

No. MC 140484 (Sub-No. 5) (Notice of filing of petition to add an origin point) filed September 17, 1976. Petitioner: LESTER COGGINS TRUCKING, INC., 2671 E. Edison Ave., P.O. Box 69, Ft. Myers, Fla. 33901. Petitioner's representative: Chester A. Zyblut, 366 Executive Building, 1030 Fifteenth St., N.W., Washington, D.C. 20005. Petitioner holds motor *common carrier* Certificate in No. MC 140484 (Sub-No. 5), issued May 13, 1976, authorizing transportation over irregular routes, of *electric motors, electric welders,* and *parts and accessories* for electric motors, electric welders, and *parts and accessories* for electric motors

[1] Copies of Special Rule 247 (as amended) can be obtained by writing to the Secretary, Interstate Commerce Commission, Washington, D.C. 20423.

and electric welders, welding supplies, and hand truck parts (except commodities which because of their size or weight require the use of special equipment), from the facilities of The Lincoln Electric Company located at or near Cleveland and Mintor, Ohio, to points in Arizona, California, Colorado, Idaho, Montana, Nebraska, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming, Louisiana (except New Orleans, Baton Rouge, and Shreveport and points in their respective commercial zones, as defined by the Commission), Texas, North Dakota, South Dakota, and Oklahoma, subject to the right of the Commission to impose such terms, conditions, or limitations in the future as it may find necessary in order to insure that carrier's operations shall conform to the provisions of Section 210 of the Act. By the instant petition, petitioner seeks to add the plant site and storage facilities of Reliance Electric Company, located in Cleveland, Ohio as an additional origin point.

No. MC 141426 (Notice of filing of petition to modify permit), filed September 20, 1976. Petitioner: WHEATON CARTAGE CO., Millville, N.J. 08332. Petitioner's representative: E. Stephen Heisley, 805 McLachlen Bank Building, 666 Eleventh Street, NW., Washington, D.C. 20001. Petitioner holds a motor *contract carrier* Permit, in No. MC 141426, issued August 13, 1976, authorizing transportation over irregular routes, of *glass, metal, plastic, paper and wax products, foodstuffs, printer's machinery, anti-pollution and biochemical apparatus, products* used in radiological research, *organic chemistry kits, parts and accessories* for all of the above-described commodities, and *materials, equipment, and supplies* used or useful in the production, sale, and distribution, of the above-named commodities, between the facilities utilized by Wheaton Industries, located in Cumberland, Ocean, and Atlantic Counties, N.J., on the one hand, and, on the other, points in New York, New Jersey, Ohio, Michigan, Indiana, Kentucky, West Virginia, Illinois, Wisconsin, Missouri, Minnesota, Kansas, Iowa, Nebraska, North Dakota, South Dakota, and Wyoming, restricted against the transportation of commodities in bulk, in tank vehicles, under a continuing contract, or contracts, with Wheaton Industries, of Millville, N.J. By the instant petition, petitioner seeks to modify its Permit (1) by adding Dorchester Industries, Inc., of Millville, N.J., and Decora, Inc., of Williamstown, N.J., as additional contracting shippers and adding them as additional base facilities in the territorial description; (2) by adding Gloucester, Cape May, Salem, Camden, and Mercer Counties, N.J., as additional base points; and (3) by modifying the commodity description to read as follows: "*glass, metal, plastic, paper, wax, and wood products, foodstuffs, anti-pollution and biochemical apparatus, products* used in radiological research, *organic chemistry kits, clay, talc, feldspar, clay products, feldspar products, candles, pottery, chinaware, ceramics, gift items, materials, and supplies* used in the repair and maintenance of *boats, machinery, and machine parts, presses, molders, bottle coating systems, parts* and *accessories* for all of the above-described commodities, and *materials, equipment, and supplies* used or useful in the production fabrication, sale, distribution, assembly, finishing, coating, pressing, maintenance, and molding of the above-named commodities.

No. MC 141878 (Notice of filing of petition to broaden territorial description), filed August 6, 1976. Petitioner: DIRECT COURIER, INC., 2780 S. Jefferson Davis Hwy., Arlington, Va. 22202. Petitioner's representative: Gerald K. Gimmel, 303 N. Frederick Ave., Gaithersburg, Md. 20760. Petitioner holds a motor *common carrier* Certificate in No. MC 141878, issued October 5, 1976, authorizing transportation, as pertinent, over irregular routes, of *live laboratory animals*, between points in Maryland, Virginia, West Virginia, Pennsylvania, Delaware, New Jersey, New York, Connecticut, Rhode Island, Massachusetts, and the District of Columbia.

By the instant petition, the petitioner seeks to broaden the territorial description to include points in North Carolina, Georgia, and South Carolina.

Republications of Grants of Operating Rights Authority Prior to Certification

NOTICE

The following grants of operating rights authorities are republished by Order of the Commission to indicate a broadened grant of authority over that previously noticed in the Federal Register.

An original and one copy of protests to the granting of the authority must be filed with the Commission within 30 days after the date of this Federal Register notice. Such protest shall comply with Special Rule 247(d) of the Commission's General Rules of Practice (49 CFR § 1100.247) addressing specifically the issue(s) indicated as the purpose for republication, and including a concise statement of protestant's interest in the proceeding and copies of its conflicting authorities. Verified statements in opposition shall not be tendered at this time. A copy of the protest shall be served concurrently upon the carrier's representative, or carrier if no representative is named.

No. MC 115092 (Sub-No. 4) (Republication), filed March 2, 1976, published in the Federal Register issue of April 8, 1976, and republished this issue. Applicant: TOMAHAWK TRUCKING, INC., P.O. Box 10, Vernal, Utah 84078. An Order of the Commission, Review Board Number 3, dated September 14, 1976, and served September 29, 1976, finds that the present and future public convenience and necessity require operations by applicant, in interstate or foreign commerce, as a *common carrier* by motor vehicle, over irregular routes in the transportation of (1) *Bentonite*, in bags, from the facilities of American Colloid Company, located at or near Belle Fourche, S. Dak., and Upton, Wyo., to points in Texas and Oklahoma; (2) *bentonite* used in, or in connection with, the discovery, development, production, refining, manufacturing, processing, storage, transmission, and distribution of natural gas and petroleum and their products and byproducts, or used in connection with the construction, operation, repair, servicing, maintenance, and dismantling of petroleum pipelines, including the stringing and picking up thereof in bags, from the facilities of American Colloid Company, located at or near Upton, Wyo., to points in Utah; and (3) *lignite coal and treated lignite*, in bags, from the facilities of American Colloid Company, located at or near Belle Fourche, S. Dak., to points in Texas and Oklahoma; that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations thereunder. The purpose of this republication is to indicate that the grant of authority and applicant's amended authority sought differs from that which appeared in the previous Federal Register publication.

No. MC 117765 (Sub-No. 196) (Republication), filed September 2, 1975, and published in the Federal Register issue of October 2, 1975, and republished this this issue. Applicant: HAHN TRUCK LINE, INC., 5315 Northwest Fifth St., Oklahoma City, Okla. 73107. Applicant's representative: R. E. Hagan (same address as applicant). An Order of the Commission, Review Board Number 2, dated September 8, 1976, and served September 29, 1976, finds that the present and future public convenience and necessity require operations by applicant, in interstate or foreign commerce, as a *common carrier* by motor vehicle, over irregular routes in the transportation of, (1) *Malt beverages*, in containers, from San Antonio, Tex., to points in Kansas, Nebraska, and Oklahoma; (2) (a) *petroleum and petroleum products*, in containers, from Ponca City, Okla., to points in Michigan and Nebraska; and (b) *petroleum products*, in containers, from Eldorado, Kans., to points in Michigan; and (c) *empty used containers*, from points in Michigan and Nebraska, to Coffeyville and Kansas City, Kans., and Tulsa, Okla., that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations thereunder. The purpose of this republication is to indicate that applicant's grant of authority in part (c) above is not limited to the transportation of traffic having a prior movement from Continental Oil Company located at Ponca City, Okla.

Motor Carrier, Broker, Water Carrier and Freight Forwarder Operating Rights Application

The following applications are governed by Special Rule 247 of the Commission's general Rules of Practice (49

CFR § 1100.247). These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after the date of notice of filing of the application is published in the FEDERAL REGISTER. Failure to seasonably file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest under these rules should comply with section 247(d)(3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describing in detail the methods—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protest not in reasonable compliance with the requirements of the rules may be rejected. The original and one copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representatives, or applicant if no representative, or applicant if no representative is named. If the protest includes a request for oral hearing, such requests shall meet the requirements of section 247(d)(4) of the special rules, and shall include the certification required therein.

Section 247(f) further provides, in part, that an applicant who does not intend timely to prosecute tis application shall promptly request dismissal thereof, and that failure to prosecute an application under procedures ordered by the Commission will result in dismissal of the application.

Further processing steps will be by Commission order which will be served on each party of record. Broadening amendments will not be accepted after the date of this publication except for good cause shown, and restrictive amendments will not be entertained following publication in the FEDERAL REGISTER of a notice that the proceeding has been assigned for oral hearing.

Each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

NOTE.—In MC–F–11851, a decision and order was served on December 11, 1974 granting Smith's Transfer Corporation control of Brady Motorfrate, Inc.

NOTICE

THE ATCHISON, TOPEKA AND SANTA FE RAILWAY COMPANY, 114 Sansome Street, San Francisco, California 94104, represented by Mr. Frederick G. Pfrommer, General Attorney, The Atchison, Topeka and Santa Fe Railway Company, 114 Sansome Street, San Francisco, California 94104 hereby give notice that on the 23rd day of September, 1976, it filed with the Interstate Commerce Commission at Washington, D.C., an application under Section 5(2) of the Interstate Commerce Act for an order approving and authorizing the acquisition of trackage rights over a line of railroad of the Southern Pacific Transportation Company between Richmond, Contra Costa County, and Oakland, Alameda County, California, a distance of approximately 8.5 miles. The application has been assigned Finance Docket No. 28300. In Docket No. AB–52 (Sub-No. 8), applicant filed a directly related application for authority to abandon a line of railroad between Richmond, Contra Costa County, and Oakland, Alameda County, California.

Approval of the application will be consistent with the public interest in that it will enable applicant to remove a line located in significant part in residential areas and transfer operations currently conducted on that line to a line of Southern Pacific which is better located and better suited for the purpose. The consummation of the related trackage rights and abandonment proposals will result in a minimal loss of traffic and a minimal increase in the use of alternate transportation modes. It will eliminate safety hazards attendant with 59 street crossings at grade, transferring the operation to a line with only 15 crossings at grade. It will also allow removal of rails located in part within the streets of the City of Berkeley, long considered by the residents of that city as a safety hazard and a psychological barrier dividing residential areas within the community.

In the opinion of the applicant, the authority sought by these applications will have no significant effect upon the quality of the human environment within

the meaning of the National Environmental Policy Act of 1969.

In accordance with the Commission's regulations (49 CFR 1100.250) in Ex Parte No. 55 (Sub-No. 4), Implementation—National Environmental Policy Act, 1969, 352 I.C.C. 451 (1976), any protests may include a statement indicating the presence or absence of any effect of the requested Commission action on the quality of the human environment. If any such effect is alleged to be present, the statement shall indicate with specific data the exact nature and degree of the anticipated impact. See Implementation—National Environmental Policy Act, 1969, supra, at p. 487.

Pursuant to the provisions of the Interstate Commerce Act, as amended, the proceeding will be handled without public hearings unless comments in support or opposition on such application are filed with the Secretary, Interstate Commerce Commission, 12th and Constitution Avenue, N.W., Washington, D.C. 20423, and the aforementioned counsel for applicant, within 45 days after date of first publication in the Federal Register; that such comments shall be served upon (a) Docket Clerk, Office of Chief Counsel, Federal Railroad Administration, Room 5101, 400 Seventh Street, S.W., Washington, D.C. 20590, (b) Mr. Edward H. Levi, Attorney General, Department of Justice, 10th and Constitution Avenue, N.W., Washington, D.C. 20530, and certificate of all such service is given to the Interstate Commerce Commission; and that all other applications, which are inconsistent, in whole or in part, with such applications, and all petitions for inclusion in the transaction, shall be filed with the Commission and furnished to the Docket Clerk, Secretary of Transportation, within 90 days after the publication of notice of the application in the FEDERAL REGISTER.

THE ATCHISON, TOPEKA AND SANTA FE RAILWAY COMPANY

OPERATING RIGHTS APPLICATIONS DIRECTLY RELATED TO FINANCE PROCEEDINGS

NOTICE

The following operating rights applications are filed in connection with pending finance applications under Section 5(2) of the Interstate Commerce Act, or seek tacking and/or gateway elimination in connection with pending transfer applications under Section 212(b) of the Interstate Commerce Act.

An original and two copies of protests to the granting of the authorities must be filed with the Commission within 30 days after the date of this FEDERAL REGISTER notice. Such protests shall comply with Special Rule 247(d) of the Commission's General Rules of Practice (49 CFR § 1100.247) and include a concise statement of protestant's interest in the proceeding and copies of its conflicting authorities. Verified statements in opposition should not be tendered at this time. A copy of the protest shall be served concurrently upon applicant's representative, or applicant if no representative is named.

Each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its applications.

If a hearing is deemed necessary, the applicant requests it be held at Missoula, Mont.

ABANDONMENT APPLICATIONS

NOTICE OF FINDINGS

Notice is hereby given pursuant to Section 1a(6)(a) of the Interstate Commerce Act that orders have been entered in the following abandonment applications which are administratively final and which found that subject to conditions the present and future public convenience and necessity permit abandonment.

A Certificate of Abandonment will be issued to the applicant carriers 30 days after this FEDERAL REGISTER publication unless the instructions set forth in the notices are followed.

[Docket No. AB–6 (Sub-No. 37)]

BURLINGTON NORTHERN, INC. ABANDONMENT BETWEEN CARLTON AND WEST DULUTH IN CARLTON AND ST. LOUIS COUNTIES, MINNESOTA

NOTICE OF FINDINGS

Notice is hereby given pursuant to Section 1a(6)(a) of the Interstate Commerce Act (49 U.S.C. 1a(6)(a)) that by an order entered on August 19, 1976, a finding, which is administratively final, was made by the Commission, Commissioner Brown, stating that, subject to the conditions for the protection of railway employees prescribed by the Commission in Chicago, B. & Q. R. Co., Abandonment, 257 ICC 700, the present and future public convenience and necessity permit the abandonment by the Burlington Northern, Inc. of its line of railroad, a distance of approximately 14.59 miles, between milepost 130.82 near Carlton, Minnesota, and milepost 145.41 near West Duluth, Minnesota, on the north end of the line located in Carlton and St. Louis Counties, Minnesota. A certificate of abandonment will be issued to the Burlington Northern, Inc. based on the above-described finding of abandonment, 30 days after publication of this notice, unless within 30 days from the date of publication, the Commission further finds that:

(1) a financially responsible person (including a government entity) has offered financial assistance (in the form of a rail service continuation payment) to enable the rail service involved to be continued; and

(2) it is likely that such proffered assistance would:

(a) Cover the difference between the revenues which are attributable to such line of railroad and the avoidable cost of providing rail freight service on such line, together with a reasonable return on the value of such line, or

(b) Cover the acquisition cost of all or any portion of such line of railroad. If the Commission so finds, the issuance of a certificate of abandonment will be postponed for such reasonable time, not to exceed 6 months, as is necessary to enable such person or entity to enter into a binding agreement, with the carrier seeking such abandonment, to provide such assistance or to purchase such line and to provide for the continued operation of rail services over such line. Upon notification to the Commission of the execution of such an assistance or acquisition and operating agreement, the Commission shall postpone the issuance of such a certificate for such period of time as such an agreement (including any extensions or modifications) is in effect. Information and procedures regarding the financial assistance for continued rail service or the acquisition of the involved rail line are contained in the Notice of the Commission entitled "Procedures for Pending Rail Abandonment Cases" published in the FEDERAL REGISTER on March 31, 1976, at 41 FR 13691. All interested persons are advised to follow the instructions contained therein as well as the instructions contained in the above-referenced order.

NOTICE OF FINDINGS

Notice is hereby given pursuant to Section 1a(6)(a) of the Interstate Commerce Act (49 U.S.C. 1a(6)(a)) that by an order entered on August 10, 1976, a finding, which is administratively final, was made by the Commission, Review Board Number 5, stating that, subject to the conditions for the protection of railway employees prescribed by the Commission in Chicago, B. & Q.R. Co., Abandonment, 257 ICC 700, the present and future public convenience and necessity permit the abandonment by the St. Louis-San Francisco Railway Company County, Missouri, to Pittsburg, Crawford County, Kansas, and Barton County, Missouri, running in a southerly direction from milepost M–124.0 at Mulberry, Kansas, through Mindenmines, Barton County, Missouri, to Pittsburg, Crawford County, Kansas, at milepost M–136.7 a distance of approximately 14 miles. A certificate of abandonment will be issued to the St. Louis-San Francisco Railway Company based on the above-described finding of abandonment, 30 days after publication of this notice, unless within 30 days from the date of publication, the Commission further finds that:

(1) a financially responsible person (including a government entity) has offered financial assistance (in the form of a rail service continuation payment) to enable the rail service involved to be continued; and

(2) it is likely that such proffered assistance would:

(a) Cover the difference between the revenues which are attributable to such line of railroad and the avoidable cost of providing rail freight service on such line, together with a reasonable return on the value of such line, or

(b) Cover the acquisition cost of all or any portion of such line of railroad. If the Commission so finds, the issuance of a certificate of abandonment will be postponed for such reasonable time, not to exceed 6 months, as is necessary to enable such person or entity to enter into a binding agreement, with the carrier seeking such abandonment, to provide such assistance or to purchase such line and to provide for the continued operation of rail services over such line. Upon notification to the Commission of the execution of such an assistance or acquisition and operating agreement, the Commission shall postpone the issuance of such a certificate for such period of time as such an agreement (including any extensions or modifications) is in effect. Information and procedures regarding the financial assistance for continued rail service or the acquisition of the involved rail line are contained in the Notice of the Commission entitled "Procedures for Pending Rail Abandonment Cases" published in the FEDERAL REGISTER on March 31, 1976, at 41 FR 13691. All interested persons are advised to follow the instructions contained therein as well as the instructions contained in the above-referenced order.

A certificate of abandonment will be issued to the Central of Georgia Railroad Company based on the above-described finding of abandonment, 30 days after publication of this notice, unless within 30 days from the date of publication, the Commission further finds that:

(1) a financially responsible person (including a government entity) has offered financial assistance (in the form of a rail service continuation payment) to enable the rail service involved to be continued; and

(2) it is likely that such proffered assistance would:

(a) Cover the difference between the revenues which are attributable to such line of railroad and the avoidable cost of providing rail freight service on such line, together with a reasonable return on the value of such line, or

(b) Cover the acquisition cost of all or any portion of such line of railroad.

If the Commission so finds, the issuance of a certificate of abandonment will be postponed for such reasonable time, not to exceed 6 months, as is necessary to enable such person or entity to enter into a binding agreement, with the carrier seeking such abandonment, to provide such assistance or to purchase such line and to provide for the continued operation of rail services over such line. Upon notification to the Commission of the execution of such an assistance or acquisition and operating agreement, the Commission shall postpone the issuance of such a certificate for such period of time as such an agreement (including any extensions or modifications) is in effect. Information and procedures regarding the financial assistance for continued rail service or the acquisition of the involved rail line are contained in the Notice of the Commission entitled "Procedures for Pending Rail Abandonment Cases" published in the FEDERAL REGISTER on March 31, 1976, at 41 FR 13691. All interested persons are advised to follow the instructions contained therein as well as the instructions contained in the above-referenced order.

MOTOR CARRIER ALTERNATE ROUTE DEVIATIONS

NOTICE

The following letter-notices to operate over deviation routes for operating convenience only have been filed with the Commission under the Deviation Rules—Motor Carrier of Property (49 CFR 1042.4(c)(11)).

Protests against the use of any proposed deviation route herein described may be filed with the Commission in the manner and form provided in such rules at any time, but will not operate to stay commencement of the proposed operations unless filed within 30 days from the date of this Federal Register notice.

Each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its request.

MOTOR CARRIERS OF PROPERTY

No. MC-59206 (Deviation No. 5), HOLLAND MOTOR EXPRESS, INC., 750 E. 40th St., Holland, Mich. 49423, filed September 14, 1976. Carrier proposes to operate as a *common carrier*, by motor vehicle, of *general commodities*, with certain exceptions, over a deviation route as follows: From Kalamazoo, Mich., over Interstate Highway 94 to junction Interstate Highway 69, thence over Interstate Highway 69 to junction Interstate Highway 80, thence over Interstate Highway 80 to junction Ohio Highway 15, thence over Ohio Highway 15 to junction U.S. Highway 127, thence over U.S. Highway 127 to Eaton, Ohio, and return over the same route for operating convenience only. The notice indicates that the carrier is presently authorized to transport the same commodities, over a pertinent service route as follows: From Kalamazoo, Mich., over U.S. Highway 131 to junction U.S. Highway 12, thence over U.S. Highway 12 to junction Michigan Highway 78, thence over Michigan Highway 78 to junction Indiana Highway 9, thence over Indiana Highway 9 to junction Indiana Highway 6, thence over Indiana Highway 6 to junction Indiana Highway 3, thence over Indiana Highway 3 to Fort Wayne, Ind., thence over U.S. Highway 27 to Richmond, Ind., thence over U.S. Highway 35 to Eaton, Ohio, and return over the same route.

MOTOR CARRIER INTRASTATE APPLICATIONS

NOTICE

The following application for motor common carrier authority to operate in intrastate commerce seeks concurrent motor carrier authorization in interstate or foreign commerce within the limits of the intrastate authority sought, pursuant to Section 206(a)(6) of the Interstate Commerce Act. These applications are governed by Special Rule 245 of the Commission's General Rules of Practice (49 CFR § 1100.245), which provides, among other things, that protests and requests for information concerning the time and place of State Commission hearings or other proceedings, any subsequent changes therein, and any other related matters shall be directed to the State Commission with which the application is filed and shall not be addressed to or filed with the Interstate Commerce Commission.

South Carolina Docket No. 76-534-T filed September 24, 1976. Applicant: G. & P. TRUCKING COMPANY, INC., P.O. Drawer 338, Greenwood, S.C. 29646. Applicant's representative: Howard L. Burns, P.O. Drawer 1207, Greenwood, S.C. 29646. Certificate of Public Convenience and Necessity sought to operate a freight service as follows: Transportation of *Commodities in general* over irregular routes (except petroleum products in bulk in tank trucks, high explosives and other dangerous commodities and household goods as defined in motor freight tariff 8-A, S.C.P.S.C.—MF 26), between points and places in Charleston County, S.C. and between points and places in Charleston County and points and places in South Carolina. Intrastate, interstate and foreign commerce authority sought. Hearing: Date, time and place not yet fixed. Requests for procedural information should be addressed to the South Carolina Public Service Commission, P.O. Box 11649, Columbus, S.C.

29211 and should not be directed to the Interstate Commerce Commission. Note: Applicant is presently serving as a motor vehicle carrier in intrastate commerce, together with the extent to which applicant is seeking authority in connection with such intrastate operations to engage in transportation in interstate and foreign commerce under Certificate of Registration No. MC 60709 (Sub-No. 7), pursuant to the following provision, among others: Commodities in general, over irregular routes (except petroleum products in bulk in tank trucks, high explosives and other dangerous commodities and household goods as defined in motor freight tariff 8-A S.C.P.S.C.—MF 26), from points and places in Charleston County, S.C., to points and places in Anderson, Cherokee, Greenville, Greenwood, Oconee, Pickens and Spartanburg Counties, S.C.

By the Commission.

ROBERT L. OSWALD,
Secretary.

EMERGENCY SCHOOL AID CRITERIA AND PROCEDURES

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of Education

[45 CFR Part 185]

EMERGENCY SCHOOL AID

Proposed Criteria and Procedures

Pursuant to the authority contained in the Emergency School Aid Act ("ESAA"; Title VII of Pub. L. 92–318, as amended by Pub. L. 93–380; 20 U.S.C. 1601–1619), the Assistant Secretary for Education, with the approval of the Secretary of Health, Education, and Welfare, proposes to amend Title 45, Part 185 of the Code of Federal Regulations as set forth below.

1. *Purpose of amendments.* The purpose of the proposed amendments is to establish, as a part of the codified regulations governing programs of assistance under sections 706(a), 706(b), 708(b), and 708(c) of the ESAA, standards for the minimum acceptable merit of applications for such assistance, and procedures for evaluating such applications. The standards and procedures in the proposed amendments are similar to those used in fiscal years 1975 and 1976 pursuant to a notice published at 40 FR 20660 on May 12, 1975. They differ from the approach used in fiscal years 1975 and 1976 in two principal respects. First, standards and procedures are established for the program authorized by section 708(c) of the ESAA (bilingual projects). Second, a larger portion of funds appropriated for each program is reserved for competition among applicants whose initial applications are not approved.

2. *Public participation.* Public comments on these procedures were invited in fiscal year 1975 (40 FR 20660, May 12, 1975). The procedures, establishment of minimum cut-off scores and establishment of a reservation of funds for resubmitted applications, have been the practice since fiscal year 1974. Section 710 (d)(2) of Pub. L. 92–318 requires that funds shall not all be obligated during the first review and funding of applications in order that applicants shall have appropriate opportunity to modify and resubmit their applications. No public comments on these procedures have been received.

3. *Citations to legal authority.* As required by section 431(a) of the General Education Provisions Act (20 U.S.C. 1232 (a)), a citation to the legal authority for each substantive provision of the proposed amendments has been placed in parentheses on the line immediately following the text of such provisions. Each citation applies to the text of the regulations between that citation and the next preceding citation.

4. *Comments invited.* Pursuant to section 431(b)(2)(A) of the General Education Provisions Act (20 U.S.C. 1232 (b)(2)(A)), written comments and recommendations concerning the proposed amendments are invited from interested parties. Comments may be sent to Dr. Herman R. Goldberg, Associate Commissioner, Equal Educational Opportunity Programs, Room 2001, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

All comments must be received not later than November 29, 1976. Comments will be available for review in the above office between the hours of 8:30 a.m. and 4:00 p.m. Monday through Friday of each week.

(It is hereby certified that this proposal has been screened pursuant to Executive Order No. 11821, and does not require an Inflation Impact Evaluation.)

PHILIP AUSTIN,
Assistant Secretary for Education.

Approved: October 7, 1976.

DAVID MATHEWS,
Secretary of Health, Education, and Welfare.

1. In § 185.14, paragraph (c) is revised to read as follows:

§ 185.14 Criteria for assistance.

* * * * *

(c) *Funding criteria and procedures.* (1) In determining amounts to be awarded to applicants for assistance under this subpart, the Assistant Secretary shall consider:

(i) The additional cost to such applicants (as such cost is defined in § 185.13 (a) of effectively carrying out its proposed program, project, or activity; and

(ii) The amount of funds available for assistance under this subpart within the State in relation to other applications from the State pending before the Assistant Secretary.

(2) An application for assistance under this subpart will be considered to set forth a program, project, or activity of such insufficient promise for achieving the purpose of the Act that its approval is not warranted, and shall not be approved for funding, if such application has been awarded:

(i) fewer than 40 points on the basis of the criteria in paragraphs (a) and (b) of this section; or

(ii) fewer than 28 points on the basis of the criteria in paragraph (b) of this section.

(3) An application determined on the basis of the standards in paragraph (c)(2) of this section to be unapprovable will be returned to the applicant. The Assistant Secretary shall notify the applicant of the specific reasons for such determination, and shall afford the applicant an appropriate opportunity to modify and resubmit its application.

(4) Except as provided in paragraph (c)(5) of this section, the Assistant Secretary shall award funds to applicants for assistance under this subpart from a State (whose applications meet the requirements of the Act and are approvable on the basis of the standards in paragraph (c)(2) of this section) in the order of their ranking on the basis of the criteria set out in paragraphs (a) and (b) of this section until the funds apportioned to the State for the purpose of this subpart have been exhausted.

(5)(i) Not less than one-third of the funds apportioned to a State for the purpose of this subpart shall be reserved until applicants whose initial applications were determined to be unapprovable on the basis of the standards in paragraph (c)(2) of this section have been afforded an appropriate opportunity to modify and resubmit their applications. From the funds not so reserved, the Assistant Secretary shall award funds to applicants whose applications are approvable in the order of the ranking of their initial applications (on the basis of the criteria set out in paragraphs (a) and (b) of this section) until unreserved funds are insufficient to support the next ranking approvable application at the level determined by the Assistant Secretary to be necessary to carry out effectively the proposed program, project or activity.

(ii) Where unreserved funds are insufficient to support the next ranking approvable application at the level determined by the Assistant Secretary to be necessary to carry out effectively the proposed program, project or activity, the Assistant Secretary shall notify the applicant of the specific reasons for its ranking, and shall afford the applicant an appropriate opportunity to modify and resubmit its application to compete for reserved funds. If such an applicant chooses to modify and resubmit its application, its ranking shall be determined on the basis of the criteria set out in paragraphs (a) and (b) of this section as applied to its resubmitted application.

(Public Law 92–318, sections 702; 705(a)(1), (b)(3); 706(a); 710(c), (d)(2).)

2. In § 185.24, paragraph (c) is revised to read as follows:

§ 185.24 Criteria for assistance.

* * * * *

(c) *Funding criteria and procedures.* The provisions of § 185.14(c) shall apply to awards of assistance under this subpart, except that:

(1) References in § 185.14(c) to "this subpart" shall be understood to refer to Subpart C—Pilot Projects;

(2) References in § 185.14(c) to "this section" shall be understood to refer to § 185.24; and

(3) The minimum points referred to in paragraph (c)(2) of § 185.14 shall, for the purpose of this subpart, be 45 on the basis of the criteria in paragraphs (a) and (b) of this section and 33 on the basis of the criteria in paragraph (b).

(Public Law 92–318, sections 702; 705(a)(2), (b)(3); 706(b); 710(c), (d)(2).)

3. In § 185.54, paragraph (c) is revised to read as follows:

§ 185.54 Criteria for assistance.

* * * * *

(c) *Funding criteria and procedures.* The provisions of § 185.14(c) shall apply to awards of assistance under this subpart, except that:

(1) References in § 185.14(c) to "this subpart" shall be understood to refer to Subpart F—Bilingual Projects;

(2) References in § 185.14(c) to "this section" shall be understood to refer to § 185.54;

(3) References in § 185.14(c) to a "State" shall be understood to refer to the 50 States and the District of Columbia, taken together; and

(4) The minimum points referred to in subparagraph (2) of § 185.14(c) shall, for the purpose of this subpart, be 45 on the basis of the criteria in paragraphs (a) and (b) of this section, and 33 on the basis of the criteria in § 185.54(b).

(20 U.S.C. 1601; 1603(b)(A); 1607(c); 1609(d)(2).)

4. In § 185.64, paragraph (c) is revised to read as follows:

§ 185.64 Criteria for assistance.

* * * * *

(c) *Funding criteria and procedures.* The provisions of § 185.14(c) shall apply to awards of assistance under this subpart, except that:

(1) References in § 185.14(c) to "this subpart" shall be understood to refer to Subpart G—Public or Nonprofit Private Organizations; and

(2) References in § 185.14(c) to "this section" shall be understood to refer to § 185.64.

(Public Law 92-318, sections 702; 705(a)(3), (b)(3); 708(b).)

COMMODITY FUTURES TRADING COMMISSION

FUTURES COMMISSION MERCHANTS

Financial and Reporting Requirements

COMMODITY FUTURES TRADING COMMISSION

[17 CFR Parts 1, 145]

FUTURES COMMISSION MERCHANTS

Financial and Reporting Requirements

The Commodity Futures Trading Commission ("Commission") is currently engaged in a comprehensive study of the financial and reporting requirements imposed upon futures commission merchants to determine whether the requirements can be amended to afford commodity customers a greater degree of protection while at the same time increasing the regulatory efficiency of these requirements. As a result of this study, the Commission has determined that substantial revisions in its existing regulations under the Commodity Exchange Act, as amended ("Act"), 7 U.S.C. 1–22, are necessary. The Commission is at this time proposing, as the first of these revisions, amendments to §§ 1.10, 1.17 and 1.18 of the regulations (17 CFR 1.10, 1.17, and 1.18) and new regulations, §§ 1.10a and 1.16. The effect of these proposals would be (1) to require that financial reports submitted by futures commission merchants be audited annually be independent public accountants, (2) to increase the frequency of financial reports, (3) to expand the content of such reports, (4) to require that copies of these annual reports be sent to customers, (5) to require that futures commission merchants compute their minimum capital requirements on a monthly basis, and (6) to make these requirements uniform throughout the industry. Only futures commission merchants who are members of a contract market and conform to minimum financial and related reporting requirements set by the contract market and approved by the Commission pursuant to section 4f(2) of the Act subsequent to (the effective date of these revisions) would be exempt from these requirements.

The Commission will shortly consider proposing the adoption of rule amendments to provide for uniform capital requirements for all futures commission merchants ("FCM's") and an improved early warning system based upon those requirements. The uniform capital requirements would contain improved computational criteria with respect to the computation of the minimum capital requirements imposed upon FCM's and the computation of an FCM's adjusted net capital. The Commission has become increasingly concerned with an FCM's ability to finance its operations almost exclusively with non-subordinated, long-term debt. The new minimum capital rule would prevent this use of long-term debt. The new early warning system would, for the first time, be integrated with the Commission's minimum capital rule and would give warning of approaching financial problems as well as of existing ones. In addition, it would (1) require notice of the noncurrent status of an FCM's books and records and of any other problems uncovered by the audit of an independent public accountant; and (2) require the filing of financial statements when an FCM is expelled from any contract market.

The Commission wishes to stress at the outset that it is Commission policy to encourage contract market self-regulation. In this regard, the Commission anticipates requiring all contract markets to adopt and to enforce uniform minimum financial and related reporting requirements. Such requirements would be subject to the same active oversight regulation as are the other rule enforcement programs of the contract markets. However, because of the common interest of the contract markets in the financial integrity of their member FCM's and because of the uniform applicability of the minimum financial and related reporting requirements envisioned by the Commission, it may be advantageous for the contract markets to engage in a joint enforcement or audit program to monitor compliance with such uniform minimum financial and related reporting requirements. Such a joint program or an alternative program through a national futures association, as provided for in Title III of the Commodity Futures Trading Commission Act of 1974, 7 U.S.C. 21, could meet the anticipated Commission requirements. The Commission requests comments on the anticipated requirement that the contract markets adopt uniform minimum financial and related reporting requirements.

Summary of Proposed Revision of Regulation 1.10

The proposed revision of regulation 1.10 would increase the frequency of financial reports FCM's are required to file with the Commission, expand the content of such reports, require that such reports be audited annually by independent public accountants and certified by them, require that copies of such certified annual reports be sent to customers, and make the financial reporting requirements uniform throughout the industry. In addition, any reports which are required to be filed with the Commission would also have to be filed with the exchanges of which the FCM is a member. The rule is divided into eight subparagraphs. A discussion of these follows.

Application for registration. As proposed, paragraph (a) of rule 1.10 would have three parts which are substantially the same as paragraphs (a), (b) and (c) of the present rule 1.10. The proposed rule would continue the requirement that application for registration as an FCM be made on Form 1–R and that a financial report, on Form 1–FR, be concurrently filed, as of a date not more than 45 days prior to the date on which such report is filed. As with the current rule, an exemption is recognized for persons succeeding to and continuing the business of another futures commission merchant.

As discussed below, the most significant departure from the current rule is the requirement, in paragraph (a)(2) of the proposed rule, that the Form 1–FR be certified by an independent public accountant. However, the proposed rule would no longer require an applicant to submit an estimate of his income and expenses for his first year of operations. The Commission's experience has shown this to be of very little value either as a basis for denying registration or for subsequent regulatory purposes.[1]

Independent public accountants. Paragraphs (a)(2) and (b)(2) of proposed rule 1.10 would require that the initial Form 1–FR filed by an applicant futures commission merchant and the Form 1–FR filed at the end of each fiscal year thereafter be certified by an independent public accountant. The present Form 1–FR requires that such reports be attested to only by a corporate officer, partner or sole proprietor of the applicant or registrant.

Accurate information which can be evaluated according to standardized criteria is essential to the effective protection of customers' funds and to the overall regulation of FCM's. In order to insure such accurate information on the Forms 1–FR filed pursuant to regulation 1.10, the Commission believes independent verification of such information is imperative. Generally, there are three alternative methods of obtaining such independent verification: (1) The Commission itself can conduct yearly general audits of all FCM's, (2) It can require contract markets to audit all their members yearly with the Commission auditing those few FCM's which are not members of any exchange, or (3) It can require that the financial reports filed by FCM's be certified annually by independent public accountants.

The Commission believes that the use of independent public accountants is the most efficient regulatory method of obtaining independent verification of the information provided on financial reports. In addition, the Commission's Advisory Committee on Commodity Futures Trading Professionals[3] has recommended that the Commission "require that the year-end financial statements submitted by FCM's be certified by independent public accountants."[3] While the Comptroller General's *"Report to Congress on Improvements Needed in Regulation of Commodity Futures Trading"* ("GAO Report") recommended that the exchanges be delegated the primary responsibility for audits of FCM's, that report also recommended that the Commission "require FCM's to engage independent public accountants to make the required audits and to furnish reports on the results of these audits to the cognizant exchanges and to the Commis-

[1] Present rule 1.10(a) also refers to floor brokers. Since this reference will be eliminated, the Commission proposes to add new Rule 1.10a to provide for application for registration by floor brokers. The procedure for such applications would not be changed by the Commission's present proposal.

sion." [4] Similarly, the Commission's Advisory Committee on Definition and Regulation of Market Instruments [5] has recommended that any financial reports required of persons dealing in commodity option transactions and leverage transactions in gold or silver be certified annually by independent public accountants.[6] The use of independent public accountants would relieve the Commission's staff of the burden of conducting general audits of FCM's. There are approximately 270 FCM's registered with the Commission. In fiscal year 1976 the Commission's staff conducted 133 general audits of such FCM's. By eliminating the need for such audits, the Commission would have greater flexibility (1) to conduct more frequent audits of FCM's which the Commission believes are experiencing financial difficulties and (2) to expand its audit program to include other persons subject to Commission regulation.

Good general business practices would appear to necessitate the use of yearly certified audits as part of a firm's internal control procedures. For example, independent accountants review internal control systems to determine if the controls are sufficient to provide timely information concerning a firm's financial status and adequate protection for customers' funds pursuant to the Act and Commission regulations. Moreover, certain checks which a public accountant would make (such as verifying inventory and sending statements to customers to verify their credit or debt balances) might be unacceptably costly for a government or exchange authority to do.

The Commission does not believe that this independent audit requirement will significantly increase costs to the industry. At least 240 FCM's, or approximately 90 percent of all FCM's, are currently using public accountants either voluntarily in their normal course of business or to comply with exchange or governmental requirements. In those instances where an FCM is not currently employing an independent auditor, the Commission believes the necessity for independent verification of the information contained in the Forms 1–FR filed by such FCM's is especially acute.

Filing of Financial Reports. Paragraph (b) of proposed rule 1.10 has four parts. Paragraph (b)(1), which is a revision of paragraph (d) of the present rule, would require reports on Form 1–FR to be filed quarterly instead of semi-annually. Such reports would have to be filed no later than 30 days after the date for which the report is made, with the exception of the certified annual reports which would have to be filed no later than 60 days after the close of each registrant's fiscal year.

Timely information is essential to the effective monitoring of the financial condition of any business; it is even more vital in the rapidly fluctuating commodity futures industry. While the Commission believes that monthly reporting is desirable from an informational point of view, the Commission also believes that the economic burden placed upon registrants by a monthly reporting requirement may outweigh its benefits. Accordingly, the Commission's proposal provides for quarterly reporting as a compromise between the necessity of timely information and the costs of such reporting.

The information which would be required in the new Form 1–FR is essentially that which would ordinarily be prepared in the normal course of business to facilitate management of the firm. Such reports are probably prepared monthly by most firms, though perhaps in a less formal manner than that required on the Form 1XFR. Although the quarterly reporting requirements may increase the costs of some FGM's, the Commission does not believe it will significantly increase costs in the industry as a whole. Quarterly reporting is a general business practice. Approximately fifty FCM's are registered as broker-dealers with the Securities and Exchange Commission and are accordingly required to file quarterly reports with that agency. For the most part, these are among the largest FCM's where the costs would be expected to be greatest. In addition, the Chicago Mercantile Exchange is now requiring quarterly financial reports from most of its members. Since there are approximately 55 CME members who are not registered broker-dealers, approximately 110, or 40 percent of the FCM population, are already filing quarterly statements.

As mentioned above, paragraph (b)(2) of the proposed rule would require that the Form 1–FR filed as of the close of a registrant's fiscal year be certified by an independent public accountant. Paragraph (b)(3) is the present rule 1.10(e) redesignated. It provides an exemption from the financial reporting requirements for members of contract markets whose financial regulations have been approved by the Commission pursuant to section 4f(2) of the Act. At present, only the Chicago Board of Trade and the Chicago Mercantile Exchange have received this type of approval. However, the exemption provided by this paragraph would apply only to members of contract markets whose financial regulations have been approved by the Commission subsequent to the effective date of this regulation. Consequently, contract markets wishing to exempt their members from the Commission's financial reporting requirements would have to submit and obtain Commission approval of their rules after regulation 1.10, as revised, is placed into effect. Commission approval of contract market financial requirements pursuant to section 4f(2) of the Act would be forthcoming only if such requirements are consistent with those of the Commission. At a minimum, contract market rules for which such approval is sought would have to require: (i) That the members of the contract market submit quarterly financial statements; (ii) That such members submit annual financial statements certified to by an independent public accountant; (iii) That the qualifications and responsibilities of the independent public accountants so certifying these annual financial statements include those set forth in regulation 1.16; (iv) That the contents of the financial statements filed by members contain, at a minimum, the financial information which would be required by proposed regulation 1.10(d); (v) That such statements be filed with all contract markets of which the FCM is a member; (vi) That certain portions of a member's financial statements be sent to and/or made available to the member's customers; (vii) That members comply with a minimum capital requirement which is at least as stringent as that set forth in the Commission's regulations; (viii) That the computational formula used to determine compliance with this minimum capital requirement be substantially the same as that set forth in the Commission's regulations; and (ix) That each member formerly compute his financial status and his compute his financial status and his minimum financial requirements monthly.

Paragraph (b)(4) of the proposed rule contains a new provision which requires an FCM to furnish more frequent reports on Form 1–FR or to supply additional information upon the written request of a contract market or the Commission. This enables the contract markets and the Commission to obtain more timely information than is supplied by the quarterly report and is expected to be used on a case-by-case basis, normally where an FCM is thought to be in a questionable financial condition.

Where to file reports. Proposed regulation 1.10(c) requires that all reports provided for in regulation 1.10 be filed with the nearest regional office of the Commission and with all contract markets of which the registrant is a member. The present practice is for an FCM to submit his financial reports only to the nearest regional office of the Commission. The requirement of regulation 1.10(c) that such reports be furnished to the contract markets is in furtherance of the Commission's policy of promoting contract market self-regulation.[7] The sole exception

[7] The Commission is aware that a number of commodity exchanges are considering the establishment of a joint audit program to avoid duplication of effort where an FCM is a member of more than one commodity exchange. In that event, it might be sufficient for an FCM to file his reports with one exchange rather than with each exchange of which the FCM is a member. However, until the exchanges develop such a program, the Commission can see no other alternative which adequately facilitates self-regulation than the requirement that each exchange of which an FCM is a member receive a copy of each report.

to this requirement is the information required by the Commission or a contract market pursuant to paragraph (b)(4); such information need be furnished only to the Commission and the contract market requiring the information.

Contents of financial reports. Paragraph (d) of proposed regulation 1.10 describes the required contents of a Form 1–FR. Under current requirements, each Form 1–FR must contain a Statement of Financial Condition, a Statement of the Computation of the Minimum Capital Requirements Pursuant to Regulation 1.17, and a Schedule of Segregation Requirements and Funds on Deposit in Segregation. To these, the Commission proposes to add Statements of Income (Loss), Changes in Financial Position (and comparative Statements of Income (Loss) and Changes in Financial Position for the corresponding period of the prior year), Changes in Ownership Equity, and Changes in Liabilities Subordinated to the Claims of General Creditors. The first two statements are considered basic financial statements and serve as indicators of the present and future status of a firm's financial condition. The later two statements are relatively simple to prepare and provide important information with respect to changes in an FCM's capital structure which may be unobtainable from the other financial statements in the Form 1–FR. The Commission points out that the Statement of Changes in Ownership Equity would not require the disclosure of changes in the individual ownership positions of an FCM's stockholders or partners, but would instead provide important information with respect to changes in an FCM's general capital structure by requiring the disclosure of such things as: additional sales of stock or partnership units, retirements or repurchases of stock or partnership units, cash or stock dividends, prior period adjustments, and recapitalizations.[8]

All the above statements must be certified annually, including the comparative Statements of Income (Loss) and Changes in Financial Position for the corresponding period of the prior year. The comparative Statements of Income (Loss) and Changes in Financial Position for the corresponding period of the prior year need not be certified, if such certification would require an audit of a period prior to the effective date of proposed rule 1.10. The Statements of Income (Loss) and Changes in Financial Position must be for the period between the date of the most recent certified Statement of Financial Condition filed with the Commission and the date for which the report is made. For example, if the prior certified statement was as of December 31, 1977, and the report was made as of March 31, 1978, the income statement would be for the three months ending March 31, 1978, with a comparative income statement for three months ending March 31, 1977. If the report was for the period ending September 30, 1978, the income statement would be for the nine months ending September 30, 1978, the comparative income statement would be for the nine-month period ending September 30, 1977. The Commission does not intend to require income statements, certified or otherwise, which include periods prior to effective date of regulation 1.10.

In addition to the above statements and schedules, the Commission's proposal would require that the Form 1–FR be completed in accordance with the instructions thereto; that appropriate footnote disclosure be added; and that, in addition to the information expressly required, such further material information be added, if any, as may be necessary to prevent the required statements and schedules from being misleading.

The Statement of Financial Condition and the Statements of Income (Loss), Changes in Financial Position, Changes in Ownership Equity, and Changes in Liabilities Subordinated to Claims of General Creditors filed in connection with the certified reports required by proposed regulations 1.10(a)(2) and 1.10(b)(2) need not be filed in Form 1–FR format if the independent public accountant determines such format would be inconsistent with generally accepted accounting principles for the financial statements of the applicant or registrant. If such a determination is made, the Statement of Financial Condition must be presented in a format which is as consistent as possible with Form 1–FR and a reconciliation must be provided which reconciles the Statement of Financial Condition to the Statement of the Computation of the Minimum Capital Requirements Pursuant to § 1.17 of the Commission's regulations.

Election of fiscal year. Paragraph (e)(1) of proposed regulation 1.10 provides that each applicant or registrant may establish a fiscal year other than the calendar year. Paragraph (e)(2) concerns the election by an FCM to file its financial reports as of calendar quarters in lieu of fiscal quarters. Each applicant or registrant may establish a fiscal year other than a calendar year and may elect to file its financial reports as of calendar quarters in lieu of fiscal quarters by notifying the Commission and all contract markets of which it is a member, if any, of its election of such fiscal year or of its intent to file as of calendar quarters, in writing, concurrently with the filing of a Form 1–FR pursuant to paragraph (a)(2) of regulation 1.10 or within 90 days after the effective date of the regulation. An FCM may not change such elections or make such elections after such dates unless it makes written application and receives approval from the Commission.

Extension of time for filing reports. In the event any applicant or registrant finds that he cannot file one of the unaudited reports without substantial undue hardship, he may file with the Commission an application for extension of time to a specified date not more than 90 days after the date as of which the financial condition is reported. The application must state the reasons for the requested extension and must contain an agreement to file the report on or before the date specified in the application. Notice of such application must also be given to all contract markets of which the FCM is a member. The application will be deemed denied unless the Commission, within 10 days after the receipt thereof, notifies the applicant or registrant of the grant of an extension. The Commission anticipates that it will grant such extensions only in those rare situations where the applicant or registrant is able to demonstrate to the satisfaction of the Commission that substantial undue hardships will be incurred as a result of timely filing. The Commission will notify all contract markets of which the applicant or registrant is a member, if any, of the grant of any such extension. (Requests for extensions of time for filing certified financial statements are covered separately in the discussion of proposed regulation 1.16(f).)

DISCLOSURE OF FINANCIAL INFORMATION

Paragraph (g) of proposed rule 1.10 provides that all Forms 1–FR filed pursuant to the rule will be public, except that, if the Statement of Financial Condition, the Computation of Minimum Capital Requirements Pursuant to Section 1.17 and the Schedule of Segregation Requirements and Funds on Deposit in Segregation are bound separately from the other financial statements and schedules of the Form 1–FR, certain information on such other statements and schedules will be deemed privileged or confidential. The report of the independent public accountant will be deemed public information. The Freedom of Information Act, 5 U.S.C. 552, requires that the Commission make its records available upon request to members of the public, unless such records fall within certain exemptions. Included among those exemptions are "trade secrets and commercial or financial information obtained from a person and privileged or confidential." The Commission has taken the position in Part 145 of its regulations, 17 CFR Part 145, that an FCM's Statement of Financial Condition and its Schedule of Segregation Requirements and Funds on Deposit in Segregation are not within this exemption. If paragraph (g) of proposed rule 1.10 is adopted as proposed, that portion of the Commission's regulations implementing the Freedom of Information Act, 17 CFR Part 145, will be amended so as to classify an FCM's Computation of Minimum Capital Requirements and the report of the independent public accountant as public records as well.

Paragraph (h) of proposed rule 1.10 would require that each certified Statement of Financial Condition, Computation of the Minimum Capital Requirements Pursuant to § 1.17, and the opinion of the independent public accountant, with appropriate footnote disclosures, be sent to all customers of the registrant

[8] The Commission also notes that the approximtaely fifty FCM's currently registered with the Securities and Exchange Commission as broker-dealers are required to prepare this statement under the rules of that agency.

with open contracts or credit balances and be available for examination upon request at all offices of the registrant where customer business is transacted. In addition, each uncertified Statement of Financial Condition and Computation of the Minimum Capital Requirements Pursuant to § 1.17, with appropriate footnotes, filed pursuant to regulation 1.10 must be made available for examination upon request at all offices of the registrant where customer business is transacted.

The Commission's present rules do not require that FCM's make any financial disclosures to their customers. However, the Commission believes that customers have a right to know the financial condition of the FCM's with whom they entrust their funds. Accordingly, the Commission proposes to require the financial disclosures to customers as set forth above. Such requirements would serve as a form of customer protection by providing customers with a readily available source of information upon which to make informed judgments in selecting a commodity broker. In so doing, these requirements may also act as an incentive for FCM's to maintain strong financial positions if they believe customers may take their financial reports into consideration in choosing an FCM. The Commission points out that neither its proposed position on public access to FCM financial statements nor its proposed disclosure to customers requirement is a new concept. The approximately fifty FCM's who are currently registered as broker-dealers with the Securities and Exchange Commission, and who account for approximately half of all customer business in the futures industry, are presently subject to similar provisions under the rules of that agency.

SUMMARY OF PROPOSED REGULATION 1.16: QUALIFICATIONS AND REPORTS OF ACCOUNTS

Proposed regulation 1.10 would require that the initial Form 1–FR filed by an applicant for registration as an FCM and the Form 1–FR filed each fiscal year thereafter be certified by an independent public accountant. Proposed regulation 1.16 details qualifications required of such independent public accountants and sets certain guidelines which must be followed in the conduct of the examination of an FCM's Form 1–FR.

Accountants who certify financial statements which are to be filed with the Commission must adhere to the standards the Commission promulgates for such filings. Failure to do so can lead to wtihdrawal of the accountant's right to practice before the Commission pursuant to 17 CFR Part 14. Any accountant who has been barred from practicing before the Commission pursuant to 17 CFR Part 14 for this or any other reason will not be considered a qualified accountant for purposes of regulation 1.16.

Definitions. Paragraph (a) of proposed regulation 1.16 defines certain terms used in proposed regulations 1.16 and 1.10.

The term "accountant's report" is defined as a document in which an independent licensed or certified public accountant indicates the scope of the audit (or examination) and sets forth his opinion regarding the financial statements. When an unqualified opinion can not be expressed, the reasons therefore must be stated.

The term "audit" is defined as an examination of the financial statements by an accountant in accordance with generally accepted auditing standards for the purpose of expressing an opinion thereon.

The term "certified" is defined to mean audited and reported upon with an opinion expressed by an independent certified public accountant or independent licensed public accountant.

Qualifications of accountants. The Commission will recognize only certified public accountants who are duly registered and in good standing under laws of their place of residence or principal office and licensed public accountants who are duly licensed on or before December 31, 1970, and in good standing under the laws of their place of residence or principal office.

The accountant must be independent in fact and in form. Examples of situations in which the accountant would not be considered independent are set forth in paragraph (b) (2) of proposed regulation 1.16. The Commission will give appropriate consideration to all relevant circumstances, including evidence bearing on all relationships between the accountant and the registrant or applicant and any affiliate thereof, and will not confine itself to any relationship existing in connection with the reports filed with the Commission, in determining whether an accountant is in fact independent. This provision is similar to Regulation S–X of the Securities and Exchange Commission. The Commission proposes the use of this provision because the accounting profession is familiar with it and has found it to be a satisfactory, workable concept, and the Securities and Exchange Commission's experience with it generally has been good.

Accountant's reports. Regulation 1.16 (c) describes the technical requirements of the accountant's reports, the representations as to the audit that the accountant must make, and the statement of opinion to be expressed by the accountant. It also sets forth what is to be included in the accountant's report if the accountant takes exception to any matters related to the financial statements. It should be noted that the accountant must review the procedures of the FCM for safeguarding customer and firm assets and must so state in that paragraph of the opinion setting forth the scope of the audit.

Audit objectives. The audit must be made in accordance with generally accepted auditing standards and must include a review of the accounting system, the internal accounting control, and the procedures for safeguarding customer and firm assets, including appropriate tests thereof, since the prior examination date. For those firms having initial certified audits because of the promulgation of proposed regulation 1.10 and for those persons applying for registration under proposed regulation 1.10(a)(2), the tests would be confined to the period being reported on. The audit must include all procedures necessary under the circumstances to enable the independent public accountant to express an opinion on the financial statements and schedules as well as on the adequacies of the internal control procedures. The scope of the audit and review must be sufficient to provide reasonable assurance that any material inadequacies existing at the date of the examination will be discovered.

Accountants should be aware that in order to conduct a proper audit under these rules, they must be familiar with the rules and regulations of the Commission and in particular with the segregation requirements of section 4d(2) of the Act and the regulations thereunder. The accountant must assure himself that the daily computations of the segregation requirements are being computed in accordance with such requirements. In addition, the accountant must ascertain that the periodic computations of the minimum capital requirements are being made in accordance with regulation 1.17 and are being computed monthly in accordance with proposed regulation 1.18. The Commission anticipates that it will selectively review the FCM audits conducted by independent public accountants to monitor compliance with the auditing standards set forth in proposed regulation 1.16.

Extent and timing of audit procedures. If, during the course of an audit or interim work, the accountant determines that any material inadequacies exist (as described in the audit objectives of paragraph (d)(1) of proposed rule 1.16), he must call it to the attention of the FCM, who has the responsibility to inform the Commission and all contract markets of which the FCM is a member, if any, of such inadequacies by written notice within 24 hours given thereafter. The FCM must also furnish the accountant with a copy of the notice to the Commission within the same 24 hour period. If the accountant fails to receive such notice from the firm within the 24 hour period, or if he disagrees with the statements contained in the notice, the accountant must notify the Commission and all contract markets of which the FCM is a member, of the material inadequacy within the next 24 hour period.

The Commission believes it is the responsibility of the independent auditors to determine the extent and timing of their audit procedures. The audits must, at a minimum, be made in accordance with generally accepted auditing standards and the audit objectives set forth in paragraph (d) of proposed regulation 1.16. In determining the extent of testing, consideration must be given to the materiality of an area and the possible affect on the financial statements and schedules of a material misstatement in a related account.

Extension of time for filing audit reports. Paragraph (f) of proposed regulation 1.16 describes the procedures that must be followed in requesting an exten-

sion of time on a report which is required to be certified in accordance with proposed regulation 1.10. An application for extension of time to a specified date, which may not be more than 90 days after the date as of which the financial condition is reported, must be filed with the principal office of the Commission in Washington, D.C. Notice of such application must be sent to all contract markets of which the FCM is a member. The application must be made by the FCM and must (1) state the reasons for the request of the extension; (2) indicate that the inability to make a timely filing is due to circumstances beyond the control of the FCM, if such is the case; (3) be accompanied by the latest available formal computations of his adjusted working capital and of his minimum financial requirements; (4) be accompanied by the latest available computation of required segregation and by a computation of the funds actually in segregation as of the date of the required segregation computation; (5) contain an agreement to file the report on or before the date specified in the application; (6) be received by the Commission and all contract markets of which the applicant or registrant is a member, prior to the date on which the report is due; and (7) be accompanied by a letter from the independent public accountant which answers certain questions which are specified in paragraph (f) of proposed regulation 1.16.

An application for extension of time will be deemed denied unless the Commission, within ten days of the receipt thereof, notifies the FCM of the grant of an extension or that additional time is required to analyze the application satisfactorily, in which case the time needed shall be specified.

Replacement of an accountant. Pursuant to paragraph (g) of proposed regulation 1.16, an FCM would be required to file notice with the Commission and all appropriate contract market when the principal accountant of the FCM, or the principal account of a material subsidiary of the FCM, is replaced. The notice must describe any disagreements with the former accountant on any matter of accounting principles or practices, financial statements disclosure, auditing scope or procedures, or compliance with the applicable rules of the Commission, which disagreements, if not resolved to the satisfaction of the former accountant, would have caused him to make reference in his report to the subject matter of the disagreements. The FCM must also request the former accountant to furnish a letter addressed to the Commission stating whether he agrees with the statements contained in the notice of the applicant or registrant and, if not, stating in which respects he does not agree.

If (1) within 24 months prior to the date of the most recent certified financial statements, a notice was filed pursuant to paragraph (g)(1) of regulation 1.16, (2) included in such filing there is a reported disagreement, (3) during the fiscal year in which the change in accountants took place or during the subsequent fiscal year, there have been any transactions or events similar to those which involved a reported disagreement, and (4) such transactions or events are material and were accounted for or disclosed in a manner different from that which the former accountant apparently concluded was required, the existence and nature of the disagreements and the effect of such disagreements on the financial statements must be disclosed in a written notice to the Commission and all contracts markets of which the applicant or registrant is a member.

Summary of Proposed Revisions to Regulation 1.17—Minimum Financial Requirements

Paragraph (b) of regulation 1.17 currently provides an exemption from the Commission's minimum financial requirements if the applicant or registrant is a member of a contract market and conforms to minimum financial standards and related reporting requirements of the contract market approved by the Commission pursuant to section 4f(2) of the Act. The proposed amendment to regulation 1.17 would provide a similar exemption, provided the financial standards of the appropriate contract market have been approved by the Commission subsequent to the effective date of these regulations. Previously approved contract market financial standards would have to be resubmitted for Commission review to determine if they meet with the Commission's new standards in order to enable the contract market's members to take advantage of the revised exemption.

The Commission anticipates that it will shortly propose a comprehensive revision of regulation 1.17. Under this anticipated revision, a contract market's financial standards would be approved by the Commission only if the contract market employed the same uniform computational formula as the Commission to determine compliance with its financial requirements. The Commission's financial requirements would then represent a minimum which the contracts markets could increase as deemed appropriate, but not decrease.

Summary of Proposed Revision to Regulation 1.18: Records for and Relating to Financial Reporting and Monthly Computations

Paragraphs (a) and (c) of regulation 1.18 would remain unchanged. Paragraph (b) would be deleted in its entirety and a new paragraph (b) added. The present paragraph (b) requires a trial balance as of the end of each month.

Proposed paragraph (b) of regulation 1.18 would require each registrant to make, and to keep a record of, formal computations of his adjusted working capital and of his minimum capital requirements pursuant to regulation 1.17 as of the close of business each month. Such computation must be completed and made available for inspection by any representative of the Commission or any contract market of which the registrant is a member, if any, by the close of the tenth business day after the date for which the computations are made.

Such formal computations will admittedly place an additional burden on FCM's; however, without such computations the Commission believes it may not receive adequate notice of significant adverse changes in an FCM's capital structure. Without adequate notice of such changes, the Commission may be unable to take action to insure the protection of customer funds.[9]

Ideally, a registrant should compute its minimum capital requirements formally before the firm opens for business each day. However, it has been suggested that only a handful of firms with the most sophisticated accounting systems may be able to comply with a daily computation requirement. Moreover, while it is undoubtedly possible for an FCM with reasonable controls to make these computations weekly, such a requirement may be overly burdensome. In order to balance these conflicting factors, the Commission is proposing a monthly computation requirement.

Form 1–FR

The Form 1–FR remains the same except that the title of Schedule I has been changed from "Determination of Adequacy of Capital Positions in Meeting Minimum Capital Requirements" to "Statement of the Computation of the Minimum Capital Requirements Pursuant to 1.17," and a "Statement of Income," a "Statement of Changes in Financial Position," a "Statement of Changes in Liabilities Subordinated to the Claims of General Creditors," and a "Statement of Changes in Ownership Equity" have been added. The format of the new statements is contained in Appendix A.

Authority

The following amendments of 17 CFR Part 1 are proposed under the authority of sections 4f, 4g and 8a of the Commodity Exchange Act, as amended (7 U.S.C. 6f, 6g and 12a).

In consideration of the foregoing, the Commission hereby proposes to amend 17 CFR Part 1 as follows:

1. By revising § 1.10 to read as follows:

§ 1.10 Application for registration and financial reports of Futures Commission Merchants.

(a) *Application for registration.* (1) Application for registration as a futures commission merchant must be made on Form 1–R. Each application must be executed and filed in accordance with the instructions accompanying the form.

(2) Except as provided in paragraph (a)(3) of this section, each person who files an application for registration as a futures commission merchant, and who

[9] The Commisison is presently developing a comprehensive early warning system based in part on compliance with this minimum capital requirements computation. If such an early warning system is adopted, the current regulation 1.18(c) would be replaced by this system.

is not so registered at the time of such filing, must, concurrently with the filing of such application, file a Form 1–FR as of a date not more than 45 days prior to the date on which such report is filed. Each such person must include with such financial report a statement describing the source of his current assets and representing that his capital has been contributed for the purpose of operating his business and will continue to be used for such purpose. Such Form 1–FR must be certified by an independent public accountant in accordance with § 1.16.

(3) The provisions of paragraph (a)(2) of this section do not apply to any person succeeding to and continuing the business of another futures commission merchant. Each such person who files an application for registration as a futures commission merchant and who is not so registered at the time of such filing must file a Form 1–FR as of the first month-end following the date on which his registration is approved. Such report must be filed with the Commission and all contract markets of which the applicant is a member, if any, not more than 30 days after the date for which the report is made.

(b) *Filing of financial reports.* (1) Except as provided in paragraph (b)(3) of this section, each person registered as a futures commission merchant must file a Form 1–FR for each fiscal quarter of each fiscal year: *Provided, however,* If a registrant so elects pursuant to paragraph (e)(2) of this section, a registrant may file a Form 1–FR for each calendar quarter of each calendar year. Each such Form 1–FR must be filed no later than 30 days after the date for which the report is made: *Provided, however,* That any Form 1–FR which must be certified by an independent public accountant pursuant to paragraph (b)(2) of this section must be filed no later than 60 days after the close of each registrant's fiscal year. Paragraph (b)(1) of this section will be applicable to all fiscal quarters beginning after (the effective date of this section) but in no event more than 90 days after (such effective date).

(2) The Form 1–FR filed pursuant to paragraph (b)(1) of this section as of the close of the registrant's fiscal year must be certified by an independent public accountant in accordance with § 1.16. A registrant who has elected to file its Forms 1–FR for each calendar quarter of each calendar year pursuant to paragraph (e)(2) of this section, must nonetheless file a form Form 1–FR as of the close of such registrant's fiscal year.

(3) The provisions of paragraphs (b)(1) and (b)(2) of this section shall not apply to any person registered as a futures commission merchant who is a member of a contract market and conforms to minimum financial standards and related reporting requirements set by such contract market in its bylaws, rules, regulations or resolutions and approved after (the effective date of these regulations) by the Commission pursuant to section 4f(2) of the Act: *Provided, however,* That each such registrant shall promptly file with the Commission a true and exact copy of each financial report which it files with such contract market.

(4) Upon receiving written notice from any representative of the Commission or any contract market of which it is a member, an applicant or registrant must, monthly or at such times as specified, furnish the Commission and the contract market requesting such information, if any, with a Form 1–FR and/or such other financial information as requested by the representative of the Commission or the contract market. Each such Form 1–FR or such other information must be furnished within the time period specified in the written notice.

(c) *Where to file reports.* The reports provided for in this § 1.10 will be considered filed when received by the regional office of the Commission where the applicant or registrant has its principal place of business and by all contract markets of which the applicant or registrant is a member, if any; *Provided, however,* That information required of an applicant pursuant to paragraph (b)(4) of this section need be furnished only to the Commission and the contract market requesting such information.

(d) *Contents of financial reports.* (1) Each Form 1–FR filed pursuant to this § 1.10 must be completed in accordance with the instructions to the form. Each Form 1–FR must contain: (i) A Statement of Financial Condition as of the date for which the report is made; (ii) Statements of Income (Loss), Changes in Financial Position, Changes in Ownership Equity, and Changes in Liabilities Subordinated to Claims of General Creditors, for the period between the date of the most recent certified Statement of Financial Condition filed with the Commission (or the beginning of the fiscal quarter immediately following the (effective date of this rule) but in no event more than 90 days after (such effective date)) and the date for which the report is made, together with Statements of Income (Loss) and Changes in Financial Position for the corresponding period of the previous year: *Provided,* That if such statements are filed as part of the certified statements required by paragraphs (a)(2) or (b)(2) of this section, such statements must be for the entire fiscal year; (iii) a Statement of the Computation of the Minimum Capital Requirements Pursuant to § 1.17, and a Schedule of Segregation Requirements and Funds on Deposit in Segregation, all as of the date for which the report is made; (iv) appropriate footnote disclosures; and (v) in addition to the information expressly required, such further material information, if any, as may be necessary to make the required statements and schedules not misleading.

(2) The statements required by paragraphs (d)(1)(i) and (d)(1)(ii) of this section may be presented in accordance with generally accepted accounting principles in the certified reports filed as of the close of the registrant's fiscal year pursuant to paragraph (b)(2) of this section or accompanying the application for registration pursuant to paragraph (a)(2) of this section, rather than in the format specifically prescribed by these regulations: *Provided,* The Statement of Financial Condition is presented in a format as consistent as possible with the Form 1–FR and a reconciliation is provided reconciling such Statement of Financial Condition to the Statement of the Computation of the Minimum Capital Requirements Pursuant to § 1.17. Such reconciliation must be certified by an independent public accountant in accordance with § 1.16.

(3) Attached to each Form 1–FR filed pursuant to this § 1.10 must be an oath or affirmation that to the best knowledge and belief of the individual making such oath or affirmation the information contained in the Form 1–FR is true and correct. If the applicant or registrant is a sole proprietorship, then the oath or affirmation must be made by the proprietor; if a partnership, by a general partner; or if a corporation, by the chief executive officer and chief financial officer.

(e) *Election of fiscal year.* (1) Any applicant or registrant wishing to establish a fiscal year other than the calendar year may do so by notifying the Commission and all contract markets of which it is a member, if any, of its election of such fiscal year in writing, concurrently with the filing of the Form 1–FR pursuant to paragraph (a)(2) of this section or within 90 days of (the effective date of this section), but in no event may such fiscal year end more than one year from the date of the Form 1–FR filed pursuant to paragraph (a)(2) of this section or more than one year from (the effective date of this regulation). An applicant or registrant which does not so notify the Commission and all contract markets of which it is a member will be deemed to have elected the calendar year as its fiscal year. A registrant must continue to use its elected fiscal year, calendar or otherwise, unless a change in such fiscal year is approved upon written application to the principal office of the Commission in Washington, D.C., and written notice of such change is given to all contract markets of which the registrant is a member.

(2) Any applicant or registrant may elect to file its Forms 1–FR for each calendar quarter in lieu of each fiscal quarter by notifying the Commission and all contract markets of which it is a member, if any, of its election, in writing, concurrently with the filing of the Form 1–FR pursuant to paragraph (a)(2) of this section or within 90 days after (the effective date of this section). Any registrant wishing to change such election or to make such election other than concurrently with the filing of the Form 1–FR pursuant to paragraph (a)(2) of this section or within 90 days of (the effective date of this section) may do so only if such change or election is approved by the Commission upon written application to the principal office of the Commission in Washington, D.C., and written notice of such change is given to all contract markets of which the registrant is a member.

(f) *Extension of time for filing reports.* In the event any applicant or registrant finds that it cannot file its report for any period within the time specified in paragraphs (a)(3), (b)(1), or (b)(4) of this section without substantial undue hardship, it may file with the principal office of the Commission in Washington, D.C., an application for an extension of time to a specified date which may not be more than 90 days after the date as of which its financial condition is reported. The application must state the reasons for the requested extension and must contain an agreement to file the report on or before the specified date. The application must be received by the Commission on or before the time specified in paragraphs (a)(3), (b)(1), or (b)(4) of this section for filing the report. Notice of such application must be given to all contract markets of which the applicant or registrant is a member, if any, concurrently with the filing of such application with the Commission. An application for extension of time will be deemed denied unless the Commission, within ten days after receipt of the application, notifies the applicant or registrant of the grant of an extension. (See § 1.16(f) for extension of the time for filing certified financial statements.)

(g) *Confidentiality of reports.* All of the Forms 1–FR filed pursuant to this section will be public; provided, however, that if the Statement of Financial Condition, the Computation of the Minimum Capital Requirements Pursuant to § 1.17, and the Schedule of Segregation Requirements and Funds on Deposit in Segregation are bound separately from the other financial statements and schedules of Form 1–FR, trade secrets and certain other commercial or financial information on such other statements and schedules will be deemed privileged or confidential. All information on such other statements and schedules will, however, be available for official use by any official or employee of the United States or any state, by any contract market of which the person filing such report is a member, and by any other person to whom the Commission believes disclosure of such information is in the public interest. Nothing in this paragraph (g) will limit the authority of any contract market to request or receive any information relative to its members' financial condition. The independent accountant's opinion filed pursuant to this § 1.10 will be deemed public information.

(h) *Financial reports to be sent to customers and made available for public inspection.* Each certified Statement of Financial Condition, Computation of the Minimum Capital Requirements Pursuant to § 1.17, and each opinion of the independent public accountant, with appropriate footnotes, filed pursuant to paragraph (b)(2) of this section, must be sent to all customers of the registrant with open contracts or credit balances and must be available for examination upon request at all offices of the registrant where customer business is transacted. Each such statement and opinion must be sent to customers and made available for examination no later than 45 days after the date that such statements are required to be filed pursuant to paragraph (b)(1) of this section. In addition, each Statement of Financial Condition and each Statement of the Computation of the Minimum Capital Requirements Pursuant to § 1.17, with appropriate footnotes, filed pursuant to this § 1.10 must be made available for examination upon request at all offices of the registrant where customer business is transacted.

2. By adding a new § 1.10a as follows:

§ 1.10a Application for Registration of Floor Brokers.

Application for registration as a floor broker shall be made on Form 2–R. Each application shall be executed and filed in accordance with the instructions accompanying the form.

3. By adding a new § 1.16 as follows:

§ 1.16 Qualifications and Reports of Accountants.

(a) *Definitions*—(1) *Accountant's report.* The term "accountant's report," when used in regard to financial statements, means a document in which an independent licensed or certified public accountant indicates the scope of the audit (or examination) which he has made and sets forth his opinion regarding the financial statements taken as a whole or an assertion to the fact that an overall opinion can not be expressed. When an overall opinion can not be expressed, the reasons therefore must be stated.

(2) *Audit or Examination.* The terms "audit" and "examination," when used in regard to financial statements, mean an examination of the statements by an accountant in accordance with generally accepted auditing standards for the purposes of expressing an opinion thereon.

(3) *Certified.* The term "certified," when used in regard to financial statements, means audited and reported upon with an opinion expressed by an independent certified public accountant or independent licensed public accountant.

(b) *Qualifications of Accountants.* (1) The Commission will recognize any person as a certified public accountant who is duly registered and in good standing as such under the laws of the place of his residence or principal office. The Commission will recognize any person as a licensed public accountant who was duly licensed on or before December 31, 1970, and is in good standing as such under the laws of the place of his residence or principal office.

(2) The Commission will not recognize any certified public accountant or licensed public accountant as independent who is not in fact independent. For example, an accountant will not be considered independent with respect to any applicant or registrant or any parent, subsidiary, or other affiliate of such applicant or registrant (i) in which, during the period of his professional engagement to examine the financial statements being reported on or at the date of his report, he or his firm or a member thereof had, or was committed to acquire, any direct financial interest or any material indirect financial interest, or (ii) with which, during the period of his professional engagement to examine the financial statements being reported on, at the date of his report or during the period covered by the financial statements, he or his firm or a member thereof was connected as a promoter, underwriter, voting trustee, director, officer, or employee, except that a firm will be deemed independent with respect to an applicant or registrant and its affiliates if a former employee or officer of such applicant or registrant or any such affiliate is employed by the firm and such individual has completely disassociated himself from the applicant or registrant and its affiliates and does not participate in auditing financial statements of the applicant or registrant or its affiliates covering any period of his employment by the applicant or registrant or its affiliate. An accountant will not be considered independent if he or his firm or a member thereof performs manual or automated bookkeeping services or assumes responsibility for maintenance of the accounting records, including accounting classification decisions, of such applicant or registrant or any of its affiliates. For the purposes of this § 1.16(b), the term "member" means all partners in the firm and all professional employees participating in the audit or located in the office of the firm participating in a significant portion of the audit.

(3) In determining whether an accountant may in fact not be independent with respect to a particular applicant or registrant, the Commission will give appropriate consideration of all relevant circumstances, including evidence bearing on all relationships between the accountant and that applicant or registrant or any affiliate thereof, and will not confine itself to the relationship existing in connection with the filing of reports with the Commission.

(c) *Accountant's Reports*—(1) *Technical requirements.* The accountant's report (i) must be dated, (ii) must be signed manually, (iii) must indicate the city and state where issued and (iv) must identify without detailed enumeration the financial statements covered by the report.

(2) *Representations as to the audit.* The accountant's report (i) must state whether the audit was made in accordance with generally accepted auditing standards, (ii) must state whether the accountant reviewed the procedures followed for safeguarding customer and firm assets in accordance with the provisions of the Act and the regulations thereunder, and (iii) must designate any auditing procedures deemed necessary by the accountant under the circumstances of the particular case which have been omitted and the reasons for their omission. However, nothing in this paragraph (c)(2) shall be construed to imply authority for the omission of any procedure

which independent accountants would ordinarily employ in the course of an audit made for the purposes of expressing the opinions required by paragraph (c)(3) of this section.

(3) *Opinions to be expressed.* The accountant's report must state clearly: (i) The opinion of the accountant with respect to financial statements covered by the report and the accounting principles and practices reflected therein and (ii) the opinion of the accountant as to the consistency of the application of the accounting principles, or as to any changes in such principles which have material effect on the financial statements.

(4) *Exceptions.* Any matters to which the accountant takes exception must be clearly identified, the exceptions thereto specifically and clearly stated, and to the extent practicable, the effect of each such exception on related financial statements given.

(d) *Audit objectives.* (1) The audit must be made in accordance with generally accepted auditing standards and must include a review of the accounting system, the internal accounting control, and the procedures for safeguarding customer and firm assets in accordance with the provisions of the Act and the regulations thereunder, including appropriate tests thereof, since the prior examination date. The audit must include all procedures necessary under the circumstances to enable the independent licensed or certified public accountant to express an opinion on the financial statements and schedule. The scope of the audit and review of the accounting system, the internal controls, and procedures for safeguarding customer and firm assets must be sufficient to provide reasonable assurance that any material inadequacies existing at the date of the examination in (i) the accounting system, (ii) the internal accounting controls, and (iii) the procedures for safeguarding customer and firm assets (including the segregation requirements of section 4d(2) of the Act and the regulations thereunder) will be discovered. Additionally, as specified objectives the audit must include reviews of the practices and procedures followed by the registrant in making (*a*) periodic computations of the minimum capital requirements pursuant to § 1.17 and (*b*) daily computations of the segregation requirements of section 4d(2) of the Act and the regulations thereunder.

(2) A material inadequacy in the accounting system, the internal accounting controls, the procedures for safeguarding customer and firm assets, and the practices and procedures referred to in paragraph (d)(1) of this section which is to be reported in accordance with paragraph (e)(2) of this section includes any conditions which contributed substantially to or, if appropirate corrective action is not taken, could reasonably be expected to (i) inhibit an applicant or registrant from promptly completing trnsactions or promptly discharging his responsibilities to customers and other creditors, (ii) result in material financial loss, (iii) result in material misstatement of the applicant's or registrant's financial statements, or (iv) result in violations of the Commission's segregation, recordkeeping or financial reporting requirements.

(e) *Extent and timing of audit procedures.* (1) The extent and timing of audit procedures are matters for the independent public accountant to determine on the basis of his review and evaluation of existing internal controls and other audit procedures performed in accordance with generally accepted auditing standards and the audit objectives set forth in paragraph (d) of this section. In determining the extent of testing, consideration must be given to the materiality of an area and to the possible effect on the financial statements and schedules of a material misstatement in a related account.

(2) If during the course of an audit or interim work, the independent public accountant determines that any material inadequacies exist in the accounting system, in the internal accounting control, in the procedures for safeguarding customer or firm assets, or as otherwise defined in paragraph (d) of this section, he must call it to the attention of the applicant or registrant, who has the responsibility to inform the Commission and all contract markets of which the applicant or registrant is a member, if any, of such inadequacies by written notice to be received by the Commission at its principal office in Washington, D.C., within 24 hours thereafter. The applicant or registrant must also furnish the accountant with a copy of said notice to the Commission within such 24 hour period. If the accountant fails to receive such notice from the applicant or registrant within said 24 hour period or if he disagrees with the statements contained in the notice of the applicant or registrant, the accountant must inform the Commission and all contract markets of which the applicant or registrant is a member, if any, by reporting the material inadequacy within 24 hours thereafter. Such report from the accountant must if the applicant or registrant failed to file a notice, describe the material inadequacies found to exist. If the applicant or registrant filed a notice, the accountant must file a report detailing the aspects, if any, of the applicant's or registrant's notice with which the accountant does not agree.

(f) *Extension of time for filing audited reports.* (1) In the event any applicant or registrant finds that it cannot file its audited reports for any year within the time specified in § 1.10 without substantial undue hardship, it may file with the principal office of the Commission in Washington, D.C., an application for extension of time to a specified date not more than 90 days after the date as of which the financial condition must be reported. Notice of such application must be sent to all contract markets of which the applicant or registrant is a member. The application must be made by the applicant or registrant and must: (i) State the reasons for the requested extension; (ii) indicate that the inability to make a timely filing is due to circumstances beyond the control of the applicant or registrant, if such is the case, and describe briefly the nature of such circumstances; (iii) be accompanied by the latest available formal computations of his adjusted working capital and of his minimum financial requirements pursuant to § 1.18 (b); (iv) be accompanied by the latest available computation of required segregation pursuant to regulation 1.32 and by a computation of the amount of money, securities, and property segregated on behalf of customers as of the date of the latest available computation under regulation 1.32; (v) contain an agreement to file the report on or before the date specified by the applicant or registrant in the application; (vi) be received by the principal office of the Commission in Washington, D.C., and by all contract markets of which the applicant or registrant is a member, if any, prior to the date on which the report is due; and (vii) be accompanied by a letter from the independent public accountant answering the following questions:

(A) What specifically are the reasons for the extension request?

(B) On the basis of that part of your audit to date, do you have any indication that may cause you to consider commenting on any material inadequacies in the accounting system, internal accounting controls or procedures for safeguarding customer or firm assets?

(C) Do you have any indication from the part of your audit completed to date that would lead you to believe that the firm was or is not meeting the minimum capital requirements specified in § 1.17 or the segregation requirements of section 4d(2) of the Act and the regulations thereunder, or has any significant financial or recordkeeping problems?

(2) An application for extension of time will be deemed denied unless the Commission, within ten days of the receipt of the application, notifies the applicant or registrant (i) of the grant of an extension, or (ii) that additional time is required to conduct an adequate review of the application, in which case the time needed shall be specified.

(3) On the written request of any contract market or an applicant or registrant, or on its own motion, the Commission may grant an extension of time or an exemption from any of the certified financial reporting requirements of this chapter either unconditionally or on specified terms and conditions.

(g) *Replacement of Accountant.* (1) In the event (i) the independent public accountant who was previously engaged as the principal accountant to audit an applicant's or registrant's financial statements resigns (or indicates he declines to stand for re-election after the completion of the current audit) or is dismissed as the applicant's or registrant's principal accountant, (ii) another independent accountant is engaged as principal accountant, or (iii) an independent accountant on whom the principal accountant expresses reliance in his report regarding a material subsidiary resigns (or formally indicates he declines to stand for re-election after completion

of the current audit) or is dismissed or another independent public accountant is engaged to audit that subsidiary, the applicant or registrant shall file written notice of such occurrence with the Commission at its principal office in Washington, D.C., and with all contract markets of which the applicant or registrant is a member, if any, not more than 15 days after such occurrence.

(2) Such notice must state (i) the date of such resignation (or declination to stand for re-election, dismissal or engagement) and (ii) whether, in connection with the audits of the two most recent fiscal years and any subsequent interim period preceding such resignation, dismissal or engagement, there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statements disclosure, auditing scope or procedures, or compliance with the applicable rules of the Commission, which, if not resolved to the satisfaction of the former accountant, would have caused him to make reference in connection with his report to the subject matter of the disagreements (if so, describe such disagreements). The disagreements required to be reported in this paragraph (g)(2) include both those resolved to the former accountant's satisfaction and those not resolved to the former accountant's satisfaction. Disagreements contemplated by this paragraph (g)(2) are those which occur at the decision making level, i.e., between personnel of the registrant responsible for presentation of its financial statement and personnel of the accounting firm responsible for rendering its report. The notice must also state whether the accountant's report on the financial statements for any of the past two years contained an adverse opinion or a disclaimer of opinion or was qualified as to uncertainties, audit scope, or accounting principles (if so, describe the nature of each such adverse opinion, disclaimer of opinion, or qualification). The applicant or registrant must also request the former accountant to furnish the applicant or registrant with a letter addressed to the Commission stating whether he agrees with the statements contained in the notice of the applicant or registrant and, if not, stating the respects in which he does not agree. Each copy of the notice and accountant's letter must be manually signed by the sole proprietor or a general partner or a duly authorized corporate officer of the applicant or registrant, as appropriate, and by the accountant.

(3) If (i) within the 24 months prior to the date of the most recent audited financial statement, a notice has been filed pursuant to paragraph (g)(1) of this section reporting a change of accountants, (ii) included in such filing there is a reported disagreement on any matters of accounting principles or practices, financial statements disclosure, auditing scope, or noncompliance with the applicable rules of the Commission, (iii) during the fiscal year in which the change in accountants took place or during the subsequent fiscal year, there have been any transactions or events similar to those which involved a reported disagreement, and (iv) such transactions or events are material and were accounted for or disclosed in a manner different from that which the former accountant apparently would have concluded was required, the existence and nature of the disagreements and also the effect on the financial statements must be stated in a written notice to the Commission at its principal office in Washington, D.C., and all contract markets of which the applicant or registrant is a member, if any, if the method which the former accountant apparently would have concluded was required had been followed. These disclosures need not be made if the method asserted by the former accountant ceases to be generally accepted because of authoritative standards or interpretations subsequently issued. The notice required by this paragraph (g)(3) must be filed by the applicant or registrant concurrently with the financial statements to which it pertains.

§ 1.17 [Amended]

4. By revising § 1.17(b) to read as follows:

* * * * *

(b) The requirements of paragraph (a) of this section shall not be applicable if the applicant for registration or the registrant is a member of a contract market and conforms to minimum financial standards and related reporting requirements set by such contract market in its bylaws, rules, regulations or resolutions approved by the Commission pursuant to section 4f(2) of the Act after the effective date of this regulation.

* * * * *

§ 1.18 [Amended]

5. By revising § 1.18(b) to read as follows:

* * * * *

(b) Each applicant or registrant must make and keep as a record in accordance with § 1.31, formal computations of his adjusted working capital and of its minimum financial requirements pursuant to § 1.17 as of the close of business each month. Such computations must be completed and made available for inspection by any representative of the Commission or any contract market of which the applicant or registrant is a member, if any, by the close of the tenth business day after the date for which the computations are made, commencing the first month end after the date his application for registration is filed or the first month end after (the effective date of this section).

PART IV:

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Public Health Service

■

DESIGNATION OF MEDICALLY UNDERSERVED AREAS

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Public Health Service

MEDICALLY UNDERSERVED AREAS AND POPULATION GROUPS

Designation

The purpose of this notice is to publish the current list of medically under served areas as designated by the Secretary of Health, Education, and Welfare. The notice describes how the index of medical underservice is used to produce the list of medically underserved areas, and sets forth the procedure for ongoing revision of the list.

The Secretary's first designation of medically underserved areas, under the provisions of the Health Maintenance Organization Act of 1973 (Pub. L. 93–222), appeared as a notice in the FEDERAL REGISTER on September 2, 1975 (40 FR 40315–451). The notice contained a full description of the methodology for determining medical underservice. Single copies can be obtained from the appropriate DHEW Regional Office.

Sections 1302(7) and 330(b)(3) of the Public Health Service Act state that the term "medically underserved population" means the population of an urban or rural area designated by the Secretary as an area with a shortage of personal health services or a population group designated by the Secretary as having a shortage of such services.

Under the provisions of the Health Maintenance Organization Act, projects that will draw not less than 30 percent of their membership from medically underserved populations may receive priority funding.

Section 330 of the Public Health Service Act, established by Pub. L. 94–63, provides that grants may be made to public and nonprofit private entities for projects to plan, develop, or operate community health centers which serve medically underserved populations.

Section 1611(d)(2) under Title XVI of the PHS Act, established by Pub. L. 93–641, requires that in any fiscal year not less than 25 percent of the amount of a State's allotment under Part B of title XVI available for obligation in that fiscal year shall be obligated for projects for outpatient facilities which will serve medically underserved populations. The legislative history of title XVI makes clear that the Secretary is expected to utilize the same operational definition of a medically underserved population for title XVI purposes as is used elsewhere in the PHS Act. (See S. Rept. No. 93–1285 at 59.)

Health maintenance organization, community health center, and health facility applicants who wish to apply for funding under the above sections should consult this list to determine which areas in their localities are medically underserved. To learn if there have been changes subsequent to the publication of this list, applicants should contact their local planning agencies.

APPLICATION OF THE INDEX OF MEDICAL UNDERSERVICE

The basis for identifying medically underserved areas and populations is the index of medical underservice (IMU). The IMU is obtained by applying weights to data on the following indicators:

(1) Ratio of primary care physicians to population;

(2) Infant mortality rate;

(3) Percentage of the population which is age 65 or over; and

(4) Percentage of the population with family income below the poverty level.

County-level data are used for two of the indicators: the physician-to-population ratio and the infant mortality rate. For the two census indicators (percentage of the population below the poverty level and percentage of the population age 65 or over), county, minor civil division (MCD), or census county division (CCD) data are used in non-metropolitan areas, and census tract data are used in metropolitan areas. A weighted value is determined for each indicator and the sum of these values forms the IMU score.

In the development of the current MUA list, the 1975 median IMU score of all U.S. counties, 62.0, was used as the cut-off point between underserved and adequately served areas. Index values were computed for each non-metropolitan county, and those counties with scores of 62.0 or below are listed as medically underserved. Index values were then computed for all MCD/CCDs in non-metropolitan counties with scores greater than 62.0, and those MCD/CCDs with scores of 62.0 or below are on the list. In metropolitan areas, defined here as census tracts which lie within standard metropolitan statistical areas (SMSA), the IMU was computed for each census tract and all census tracts with scores of 62.0 or below are on the list. Areas with a population of fewer than 500 (whether counties, MCD/CCDs, or census tracts) were excluded from consideration as underserved to eliminate listing such places as parks and airports.

The list of areas resulting from application of the IMU was then revised based on approved deletions and additions recommended by the comprehensive health planning (CHP) [1] agencies.

[1] Prior to the implementation of Pub. L. 93–641, recommendations were made by the areawide CHP agencies under the authority of Section 314(b) of the PHS Act, and by State CHP agencies under Section 314(a) of the Act (Pub. L. 89–749). In April 1976, with the designation of the first health systems agencies under Section 1515 of the PHS Act (Pub. L. 93–641), phase-out of the 314(b) CHP agencies began. The CHP phase-out process is expected to be completed by early 1977 when all of the over-200 health systems are operational and the transfer of areawide health planning functions has been realized. For the 314(a) CHP agencies, a corresponding substitution of State health planning and development agencies (under the authority of Section 1521 of the PHS Act) began on July 1, 1976. Until the phase-out is completed, federally funded CHP agencies will continue to make recommendations for the MUA list.

ONGOING REVISION OF THE MUA LIST

The MUA list will be revised and published periodically, based on the most recent data available nationally. The updates will be based on changes in the actual values of the indicators or adjustments in the cut-off level. Health systems agencies (HSA) [2] or CHP agencies may at any time recommend changes in the list to reflect local knowledge of medical underservice. As current local data are not available nationally and some areas may be included or excluded inappropriately, HSAs are urged to review the list and to recommend deletions and additions.

All health systems agency recommendations will be reviewed to determine acceptability. If the recommended deletion of an area is accepted, that deletion will be considered permanent until the HSA requests reinstatement of the area. If the recommended addition of an area is accepted, the addition will be subject to periodic review to determine the validity of its retention based on the latest available data, i.e., data for years more recent than those urged to support the recommendation for addition.

PROCEDURE FOR SUBMISSION OF RECOMMENDATIONS

A recommendation for deletion or addition of an area must be accompanied by the agency's reason for the recommendation. All computations, as well as data sources and dates, must be submitted with a recommendation for addition of an area except when the area has a population of fewer than 500 and an IMU of 62.0 or less. If there has been public involvement in the recommendations, the material submitted should include a description of such involvement, e.g., documentation of relevant public meetings, copies of the agency's published notice of intent to review its area to identify pockets of medical underservice, or satisfactory demonstration that the agency governing or advisory board as representative of the community has had adequate review opportunity and has approved the recommendations of the HSA.

Health systems agencies and official CHP agencies are to send their recommendations to:

Division of Monitoring and Analysis, Bureau of Community Health Services, DHEW, 5600 Fishers Lane, Rockville, Maryland 20852.

Also, a copy of the recommendations is to be sent to the appropriate DHEW

[2] In Hawaii, Rhode Island, the District of Columbia, the Virgin Islands, Guam, the Trust Territories in the Pacific Islands, and American Samoa, the State health planning and development agencies (SHPDA) carry out the functions of health systems agencies (see Section 1536 of the PHS Act).

Regional Office (for address, see 45 CFR 5.31(b)).

Deletions. Recommendation for deletion of an area must be accompanied by identification of the area as it appears on the MUA list and the reasons for the recommendation.

Additions. Recommendation for addition of an area to the MUA list must be based on computation of an IMU score of 62.0 or less, using locally available data or data more recent than that used for this list. (See data sources under the heading, "The List of Medically Underserved Areas.") Before computing an IMU for an area with fewer than 500 population, the HSA should check with the Bureau of Community Health Services (address above) to determine whether or not the IMU for that area is 62.0 or less.

The following information must accompany a recommendation for addition of an area:

(a) Geographic identification of the area (names, census codes, or a map outlining the area proposed).

An area proposed for designation as medically underserved must be or approximate either:

(1) A county (in non-metropolitan areas),

(2) A minor civil division (MCD) or census county division (CCD) (in non-metropolitan areas),

(3) A census tract (in metropolitan areas), or

(4) A group of census tracts, MCDs, or CCDs which constitute a "natural neighborhood" for MUA designation. These groups can be listed as underserved if the IMU for the combined area is 62.0 or below. Because of the homogeneity of a neighborhood, such groupings may constitute more natural areas for designation as medically underserved than units such as individual census tracts, MCDs, and CCDs.

(b) Data on the four indicators and computations of the index of medical underservice.

(1) Percentage of population with incomes below the poverty level. (The definition of poverty used is the 1964 Social Security Administration version adopted by the Federal Interagency Committee in 1969.)

This percentage must be computed from 1970 Census of Population data or more recent update thereof, if any, as follows: The number of persons in families with incomes below the poverty level in the identified area is added to the number of unrelated individuals with incomes below the poverty level; this total is divided by the resident population minus members of the Armed Forces living in barracks, students in dormitories, and inmates of institutions; and the result multiplied by 100.

The figures used to compute this percentage (the resident population, inmates of institutions, Armed Forces living in barracks, students in dormitories, and the number of persons with incomes below the poverty level) must be stated. The data can be obtained from the 1970 U.S. Census Bureau publications or tapes. If the data are obtained from more recent sources, both data and sources must be identified.

Compute the percentage of population with incomes below the poverty level for the appropriate area: census tracts or combinations of census tracts in metropolitan counties; MCD/CCD or combinations of MCD/CCDs in non-metropolitan counties; or the whole non-metropolitan county. Convert the computed percentage to the weighted value V_1 using Table V_1.

TABLE V_1

(3) Percentage of population age 65 or over.

This percentage must be computed from 1970 U.S. Census of Population data or more recent update thereof, if any, as follows: the number of persons age 65 or over in the identified area is divided by the resident population of that area, and the result multiplied by 100.

The figures used to compute this percentage (number of persons age 65 or over, and the resident population) must be stated. These data can be obtained from U.S. Census Bureau publications or tapes. If data are obtained from other more recent sources, data and sources must be identified.

Compute the percentage of population age 65 or over for the appropriate area: census tract or combination of census tracts in metropolitan counties; MCD/CCD or combination of MCD/CCDs in nonmetropolitan counties; or the whole non-metropolitan county. Convert the computed percentage to the weighted value, V_3 using Table V_3.

(3) Infant mortality rate.

This rate must be computed as an aggregate rate for the 5-year period 1969 through 1973, or more recent period of 5 consecutive years, as follows: the total number of deaths of infant residents (deaths between birth and age 1 year) during the 5-year period in the county containing the identified area is divided by the total number of live births to residents of the county during the same period and the result multiplied by 1,000. For counties with fewer than 100 live births over the 5-year period, the IMU may be computed using the State infant mortality rate instead of the county rate. The infant mortality rate for a subcounty area which includes the identified area and has had at least 4,000 births over the 5-year period will be accepted in lieu of the county rate. The number of infant deaths and live births for the subcounty area and the sources of data used must be stated, together with the infant mortality rate computed from them. Data on infant deaths and live births may be obtained from official State agencies or the annual editions of the U.S. Public Health Service publication entitled "Vital Statistics of the United States."

Compute the infant mortality rate for the county and convert it to the weighted value V_2 using Table V_2.

TABLE V_3

INFANT MORTALITY RATE

In the left column find the range which includes the infant mortality rate for the area being examined or the area in which it lies. The corresponding weighted value, found opposite in the right column, should be used in the formula for determining the IMU.

(4) Ratio of primary care physicians to population.

This ratio should be computed by dividing the number of primary care physicians in the county which contains the identified area by the civilian non-institutional population, and multiplying the result by 1,000. Figures used for the number of primary care physicians and the civilian non-institutional population (resident population minus the resident members of the Armed Forces and inmates of institutions) and their sources must be stated. For the purpose of these computations, primary care physicians are defined to include the total number of active doctors of medicine (M.D.) and doctors of osteopathy (D.O.) who spend at least 50 percent of their time engaged in direct patient care in the fields of general or family practice, internal medicine, pediatrics, or obstetrics and gynecology. The computations must include all non-Federal physicians meeting the above definition.

Compute the physician ratio for the county and convert to weighted value V_4 using Table V_4.

TABLE V_4

(5) Computation of the index of medical underservice. The IMU is computed by using the formula: $IMU=V_1+V_2+V_3+V_4$.

If the IMU score for an area is 62.0 or below, the area may be recommended for additiodn to the MUA list. If the IMU score is greater than 62.0, the area may be recommended for deletion.

POSSIBLE EXCEPTIONS

The Secretary recognizes that there may be certain areas which do not qualify for the MUA list solely on the basis of the computed IMU. An area can have unusual conditions which reduce the availability or accessibility of primary medical care but which are not reflected in the area's overall IMU score. If there are mitigating circumstances which would bear on the value of a particular indicator, there can be in-depth review of the additional information affecting the factors involved in computing the IMU.

Conditions that reduce the availability of medical services by increasing demand could be, for example, an area that has a large influx of migrant farmworkers which substantially alters the physician-to-population ratio during the growing season; or an area that has had a significant increase since the 1970 census in the number of persons age 65 or over, or in the number of persons living in poverty. Also, accessibility factors, such as physical barriers, lack of all-weather roads, severe weather a major portion of the year, distance to or time spent to reach sources of primary care, or relevant socio-economic factors may help to qualify an area for consideration. To the extent possible, the information describing unusual conditions should be quantified and verified by the recommending HSA. Areas designated as Critical Health Manpower Shortage Areas (as authorized by Section 329(b) of the PHS Act) are designatable as medically underserved.

Recommendations for designation as a medically underserved area based on unusual conditions should (a) be prepared by the health systems agency, (b) state the primary cause of the medical underservice, (c) describe all factors causing the underservice, (d) be supported by all relevant data, sources, and dates, and (e) be submitted through the Regional Office to:

Director, Bureau of Community Health Services, DHEW, 5600 Fishers Lane, Rockville, Maryland 20852.

Alternatively, the Regional Office, with the concurrence of the health systems agency, can directly supply such information to the Bureau of Community Health Services.

THE LIST OF MEDICALLY UNDERSERVED AREAS

The index of medical underservice on which the list is based was computed using data from the following sources:

Center for Health Services Research and Development, 1973 Physician County Summary File. Chicago. American Medical Association, 1974.

Master File of Osteopathic Physicians, December 31, 1974. Chicago. American Osteopathic Association, 1975.

U.S. Bureau of the Census, 1970 Census of Population, 2d and 4th Count Files.

Maternal and Child Health Studies Project, 1969–1973 Infant Mortality County Summary File, Washington. Information Sciences Research Institute, 1976.

The list is structured with the States in alphabetical order. There are four headings which identify total counties, minor civil divisions/census county divisions within counties, census tracts within counties, and groups of census tracts. The MCD/CCDs are identified by name; the census tracts are identified by number. Areas in each of the sections are listed alphabetically by county.

Groups of census tracts are listed only when the HSA or CHP agency has certified that particular groupings form natural areas for designation. Census tracts which individually qualify for designation but have been combined with other tracts in groups have been marked with double asterisks in the group listings.

The following areas are designated by the Secretary as medically underserved.

Dated: October 4, 1976.

THEODORE COPPER, M.D.,
Assistant Secretary for Health.
