

(iii) The following statement: "The losses and/or damages indicated on the Property Transaction Report in the amount of \$— represent the total claim by (appropriate commodity command or military department) relative to commodity command or military department property loaned to (Boy Scouts of America). Upon settlement and deposit to the proper account, the CDR of the commodity command or military department releases the (Boy Scouts of America) from further obligations."

(iv) Statements as to the general type of repair (e.g., tentage, repair tears, insert new panels, replace grommets) will be reported on separate addendum to the Property Transaction Record for items requiring repair.

(3) The CINC/CDR, MACOM, will prepare the following information and statement for property furnished for assets in the command and will forward this to CDR, DARCOM:

(i) Same as (q)(2)(i) of this section.

(ii) Same as (q)(2)(ii) of this section.

(iii) The following statement: The losses and/or damages indicated on the Property Transaction Record in the amount of \$— represent the total claim by (appropriate Army) relative to (appropriate Army) property loaned to (Boy Scouts of America). Upon settlement and deposit to the proper account, the CINC/CDR, MACOM releases the (Boy Scouts of America) from further obligations.

(iv) Same as (q)(2)(iv) of this section.

(4) CDR, DARCOM, will review the charges, inspect property to be repaired, if necessary, reconcile any discrepancies and determine final charges to be levied against the supported activity. Approved list of charges will be forwarded to the CINC/CDR, MACOM, for collection, and property being held for repair will be released.

(5) The CINC/CDR, MACOM, will prepare and dispatch a letter to the supporting activity and request payment made payable to the Treasurer of the United States. Upon receipt of payment, collection documents will be prepared and appropriate fiscal accounts, as furnished by the commodity command (military departments) ((q)(2) and (3) of this section) credited. The MACOM Surgeon will take action to reimburse the DLA stock fund for expendable medical supply losses reported. The CINC/CDR, MACOM, will close the Property Transaction Record Account.

(6) The CINC/CDR, MACOM, will advise the CDR, commodity command (military departments and CDR, DARCOM, DA) that settlement has been accomplished. Commodity command (military department) Property Transaction Records will be closed upon receipt of the foregoing advice.

(7) The CDR, DARCOM will advise the CINC/CDR, MACOM, to return the bond to Boy Scouts of America.

(8) In the event of unsatisfactory settlement, the proceeds of the bond will be used to satisfy the claim. The Power of Attorney executed in connection with the agreement will be invoked and proceeds collected from the bond (fig. 7-7).

Title 33—Navigation and Navigable Waters

CHAPTER I—COAST GUARD, DEPARTMENT OF TRANSPORTATION

[CGD 78-89]

PART 117—DRAWBRIDGE OPERATION REGULATIONS

Miami River, Florida

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: At the request of the Dade County Department of Transportation, the Coast Guard is changing the regulations governing the drawbridges across the Miami River to exclude the present restricted period on Saturday (i.e., the draws will open on signal). This change reflects decreased vehicular congestion on Saturday. This action results in less restriction on Saturdays for vessel traffic through the bridges.

EFFECTIVE DATE: This amendment is effective on March 1, 1979.

FOR FURTHER INFORMATION CONTACT:

Frank L. Teuton, Jr., Chief, Drawbridge Regulations Branch (G-WBR/73), Room 7300, Nassif Building, 400 Seventh Street, S.W., Washington, D.C. 20590 (202-426-0942).

SUPPLEMENTARY INFORMATION: On August 28, 1978, the Coast Guard published a proposed rule (43 FR 38434) concerning this amendment. The Commander, Seventh Coast Guard District, also published these proposals as a Public Notice dated August 29, 1979. Interested persons were given until September 29, 1978 to submit comments.

DRAFTING INFORMATION

The principal persons involved in drafting this rule are: Frank L. Teuton, Jr. Project Manager, Office of Marine Environment and Systems, and Mary Ann McCabe, Project Attorney, Office of the Chief Counsel.

DISCUSSION OF COMMENTS

Twelve letters and one petition with ten signatures were received, all of which supported the proposal.

In consideration of the foregoing, Part 117 of Title 33 of the Code of Federal Regulations is amended by revising paragraph (a) of §117.448 to read as follows:

§ 117.448 Miami River, Fla.: highway bridges from mouth to and including city of Miami bridge at Northwest 27th Avenue, Miami.

(a) Except as otherwise provided in paragraphs (b), (c), and (d) of this section, the owners of or agencies controlling these bridges shall not be required to open the drawspans for the passage of vessels from 7:30 to 9 a.m. and from 4:30 to 6 p.m., on all days other than Saturdays, Sundays, and the following legal holidays: New Year's Day, Independence Day, Labor Day, Veterans Day, Thanksgiving Day, and Christmas Day.

(Sec. 5, 28 Stat. 362, as amended, sec. 6(g)(2), 80 Stat. 937; 33 U.S.C. 499, 49 U.S.C. 1655(g)(2); 49 CFR 1.46(c)(5).)

Dated: January 20, 1979.

J. B. HAYES,
Admiral, U.S. Coast Guard
Commandant.

[4910-14-M]

[CGD2-79-1-R]

PART 165—SAFETY ZONES

Safety Zone—Upper Mississippi River, Mile 0 to Mile 126

AGENCY: Coast Guard, DOT.

ACTION: Final Rule.

SUMMARY: This amendment to the Coast Guard's Safety Zone Regulations establishes the Upper Mississippi River, Mile 0 to Mile 126, as a safety zone. This safety zone is established to prevent the destruction or loss of any vessel in this area. This area has been made especially hazardous by the presence of extremely heavy ice conditions, and this hazard will be amplified as efforts are undertaken to break the ice and clear the channel.

DATES: This amendment is effective at 6 P.M., CST, 18 January 1979 and will remain effective until further notice.

FOR FURTHER INFORMATION CONTACT:

CAPT. GLENN F. YOUNG, USCG,
c/o Commander, Second Coast
Guard District, 1430 Olive St., St.

Louis, MO 63013, TEL: 314 425-4614.

SUPPLEMENTARY INFORMATION: This amendment is issued without publication of a notice of proposed rulemaking and is effective in less than 30 days from the date of publication, because public procedures on this amendment are impractical due to the emergency nature of the ice conditions, and due to the additional hazard that will be created by icebreaking efforts scheduled to begin on 22 January 1979.

DRAFTING INFORMATION: The principal persons involved in the drafting of this rule are CAPT. R. W. H. BARTELS, USCG, Project Officer, and LCDR K. J. BARRY, USCG, Project Attorney, c/o Commander, Second Coast Guard District, 1430 Olive St., St. Louis, MO 63103 TEL: 314 425-4614. In consideration of the above, Part 165 of Title 33 of the Code of Federal Regulations is amended by adding § 165.203, to read as follows:

§ 165.203 Upper Mississippi River, Mile 0 to Mile 126.

(a) *Safety Zone:* All the waters of the Upper Mississippi River from Mile 0 to Mile 126 are a safety zone.

(b) *Special regulations.* No vessel may enter into or proceed within the safety zone described in subsection (a) without the express permission of the Commander, Second Coast Guard District, 1430 Olive St., St. Louis, MO 63103, TEL: 314 425-4614.

(92 STAT. 1475 (33 U.S.C. 1225); 49 CFR 1-46 (n)(4).)

Dated: January 18, 1979.

W. E. CALDWELL,
Rear Admiral, U.S. Coast Guard
Commander, Second Coast
Guard District.

Title 35—Panama Canal

CHAPTER I—CANAL ZONE REGULATIONS

PART 10—ACCESS TO INFORMATION CONCERNING INDIVIDUALS

General Routine Use

AGENCY: Canal Zone Government and Panama Canal Company.

ACTION: Final rule.

SUMMARY: On December 14, 1978, the Canal Zone Government and the Panama Canal Company published a proposed rule to establish a new general routine use in the FEDERAL REGISTER (43 FR 58394). No comments requiring amendment of the proposed

rule were received, and the rule is now adopted without change. The rule establishes a new general routine use applicable to all systems of records maintained by the Canal Zone Government and the Panama Canal Company. The routine use permits the Canal agencies to release information from their systems of records to other agencies of the United States, and to officials of the Government of the Republic of Panama, for the purpose of planning the implementation of the Panama Canal Treaty of 1977 and related agreements.

EFFECTIVE DATE: January 30, 1979.

ADDRESS: Panama Canal Company (Administrative Services Division), Box M, Balboa Heights, Canal Zone.

FOR FURTHER INFORMATION CONTACT:

Mrs. Hazel M. Murdock, Assistant to the Secretary, Panama Canal Company, Room 312, Pennsylvania Building, 425 13th Street N.W., Washington, D.C. 20004 (telephone 202-724-0104).

Accordingly, Appendix A to Part 10 of Title 35, Code of Federal Regulations, is amended by the addition of a new paragraph 7. The introductory paragraph to Appendix A and the new paragraph 7 read as follows:

APPENDIX A—GENERAL ROUTINE USES

Information pertaining to individuals which is maintained in any system of records under the control of the Panama Canal Company or Canal Zone Government is subject to disclosure, as a routine use of such information, to any of the following persons or agencies under the circumstances described:

* * * * *

7. To the extent necessary for planning the implementation of the Panama Canal Treaty of 1977 and related agreements, information may, upon approval by the Chief, Administrative Services Division (Agency Records Officer) or that official's designee, be disclosed to officials of the Government of the Republic of Panama and to U.S. Government agencies which will, under the Treaty, assume functions now performed by the Panama Canal Company or the Canal Zone Government.

Dated: January 17, 1979.

H. R. PARFITT,
Governor of the Canal Zone,
President, Panama Canal Company.

[3410-11-M]

Title 36—Parks, Forests, and Public Property

CHAPTER II—FOREST SERVICE, DEPARTMENT OF AGRICULTURE

PART 200—ORGANIZATION, FUNCTIONS, AND PROCEDURES

Subpart A—Organization

ORGANIZATIONAL CHANGES AND CORRECTIONS

AGENCY: Forest Service, USDA.

ACTION: Final rule (Organization statement).

SUMMARY: The organizational description of the Forest Service is updated to reflect a current listing of land management units and research facilities and a name change for Region 5, from "California Region" to "Pacific Southwest Region." This organizational description is required to be published in the FEDERAL REGISTER by the Administrative Procedure Act.

EFFECTIVE DATE: January 29, 1979.

FOR FURTHER INFORMATION CONTACT:

Thomas R. Jones, Administrative Management Staff, Forest Service, USDA, P.O. Box 2417, Washington, D.C. 20013, 202-447-3093.

Part 200 of Title 36 of the Code of the Federal Regulations is amended as follows:

§ 200.1 [Amended]

1. In paragraph (c)(2) of § 200.1, revise the listing of National Forest System land units to read as follows:

154 Proclaimed or designated National Forests
19 National Grasslands
26 Purchase Units
17 Land Utilization Projects
24 Research and Experimental Areas
45 Other Areas

§ 200.2 [Amended]

2. In § 200.2, revise paragraph (a)(1) to read as follows:

(a) * * *

(1) *National Forests.* Each Forest has a headquarters office and is supervised by a Forest Supervisor who is responsible to the Regional Forester. Two or more proclaimed or designated National Forests, or all of the Forests in a State, may be combined into one Forest Service Administrative Unit headed by one Forest Supervisor. Each Forest is divided into Ranger Districts. The Alaska Region is composed of two National Forests without Ranger Districts; with one Forest di-

vided into three areas, each administered by a Forest Supervisor.

3. In paragraph (d) of § 200.2, in the listing of National Forest by Regions, change the name of Region 5 from "California Region" to "Pacific Southwest Region."

(81 Stat. 54 (5 U.S.C. 552).)

Dated: January 22, 1979.

JOHN R. MCGUIRE,
Chief, Forest Service.

[6560-01-M]

Title 40—Protection of Environment

CHAPTER I—ENVIRONMENTAL
PROTECTION AGENCY

SUBCHAPTER C—AIR PROGRAMS

[FRL 1036-11]

PART 52—APPROVAL AND PROMUL-
GATION OF IMPLEMENTATION
PLANS

Louisiana

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final Rule.

SUMMARY: This rulemaking approves an administrative revision to the Louisiana State Implementation Plan (SIP) showing the change in location of an ozone and sulfur dioxide sampling site in New Orleans and the deletion of the list of equipment needed to complete the SIP network. The sampling site was moved because the original location was no longer available. Since the location of the new sampling site is in close proximity to the location of the original site, no significant differences in monitoring results will occur. The list of equipment, as compiled is obsolete.

EFFECTIVE DATE: January 30, 1979.

FOR FURTHER INFORMATION CONTACT:

Jerry Stubberfield, Chief, Implementation Plan Section, Air and Hazardous Materials Division, Environmental Protection Agency, Region 6, 1201 Elm Street, Dallas, Texas 75270, (214/767-2742).

SUPPLEMENTARY INFORMATION: On April 3, 1978, after adequate notice and public hearing, the Louisiana Air Control Commission (LACC) submitted a SIP revision to the Environmental Protection Agency which was approved and adopted by the Commission on March 28, 1978. The revision

proposed that (1) sampling site number 2 of Table II in the Louisiana SIP be changed from "Campsite", corner of Orleans and Lafitte Avenue 29°58', 90°4', to State Office Building, 325 Loyola Avenue, New Orleans, 29°57', 90°4', (2) site "S-2" be deleted from the Remarks column of the sulfur dioxide continuous sampling section of the Table I and added to the Remarks column of sulfur dioxide 24-hour sampling section of Table I, and (3) the list of equipment needed to complete the SIP network be deleted as it is obsolete and no longer of any value in the plan. That page which carried the equipment list will read "Intentionally Left Blank". The Louisiana SIP, as amended, specifies a monitoring site for ozone and sulfur dioxide to be operated in New Orleans at the intersection of Orleans Avenue and Lafitte Street. This site was located on city owned property. In late 1974 the City of New Orleans removed the building, requiring the LACC to move the monitoring equipment. It was moved approximately ¼ mile southwest of the original site, to the State Office Building at 325 Loyola Avenue, which maintains surroundings similar to the original site. Both sites are in a commercial district with well traveled streets and approximately ¼ mile from a limited access highway. Analysis of the ozone data from the original and the new site locations show no significant differences. The lack of personnel coupled with mechanical and maintenance difficulties precluded the operation of a continuous SO₂ monitor at the new site. Instead, the Commission is using the non-continuous EPA reference method to monitor SO₂ concentrations.

CURRENT ACTION: The EPA is promulgating an administrative revision to the Louisiana State Implementation Plan (SIP) which will involve changes to the Air Quality Surveillance Network.

This notice of final rulemaking is issued under the authority of Section 110(a) of the Clean Air Act, as amended, 42 U.S.C. 7410-(a).

Dated: January 23, 1979.

DOUGLAS M. COSTLE,
Administrator.

Part 52 of Chapter 1, Title 40 of the Code of Federal Regulations is amended as follows:

Subpart T—Louisiana

1. In § 52.970, paragraph (c) is amended by adding paragraph (10) as follows:

§ 52.970 Identification of plan.

(c) * * *

(10) An administrative revision of the Air Quality Surveillance Network was submitted by the Louisiana Air Control Commission on April 3, 1978. (Non regulatory)

[FRL 1016-7]

PART 52—APPROVAL AND PROMUL-
GATION OF IMPLEMENTATION
PLANS

Texas Regulation V

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final Rule.

SUMMARY: This rule approves, in part, Texas Regulation V, Control of Air Pollution from Volatile Carbon Compounds, submitted by the Governor on July 20, 1977. The revision was submitted to replace regulations promulgated by EPA on July 21, 1977. The approved parts of Regulation V will improve the State's capability to control volatile carbon compounds and attain the national standards for photochemical oxidants.

EFFECTIVE DATE: January 30, 1979.

FOR FURTHER INFORMATION CONTACT:

Jerry Stubberfield, Chief, Implementation Plan Section, Air and Hazardous Materials Division, Environmental Protection Agency, Region 6, 1201 Elm Street, Dallas, Texas 75270 (214-767-2742).

SUPPLEMENTARY INFORMATION: On July 20, 1977, the Governor of Texas, after adequate notice and public hearing, submitted a revision to Regulation V, Control of Air Pollution from Volatile Carbon Compounds. EPA reviewed the regulation and with the exception of Rules 507 and 510.3, determined it to be approvable. Accordingly, a proposed approval of Rules 510.1 and 510.2 were published in the FEDERAL REGISTER on July 27, 1978 (43 FR 32440), and EPA proposed to revoke §§ 52.2283 and 52.2289. In addition, EPA proposed disapproval of Sections 507 and 510.3. Interested persons were given 30 days in which to comment on these proposed actions. Comments were received from the Texas Chemical Council and from Monsanto. These comments centered on EPA's proposed disapproval of Section 507 of Texas Regulation V.

PUBLIC HEARING REQUIREMENTS

Both comments suggested that EPA is required to hold a public hearing prior to disapproval of Section 507
