

(b) Subject to the provisions contained in the acts of Congress which authorize land acquisitions or holding land in trust or restricted status, land may be acquired for an individual Indian in trust status (1) when the land is located within the exterior boundaries of an Indian reservation, or adjacent thereto; or, (2) when the land is already in trust or restricted status.

§ 120a.4 Acquisitions in trust of lands owned in fee by an Indian.

Unrestricted land owned by an individual Indian or a tribe may be conveyed into trust status, including a conveyance to trust for the owner, subject to the provisions of this part.

§ 120a.5 Trust acquisitions in Oklahoma under Section 5 of the I.R.A.

In addition to acquisitions for tribes which did not reject the provisions of the Indian Reorganization Act and their members, land may be acquired in trust status for an individual Indian or a tribe in the State of Oklahoma under Section 5 of the Act of June 18, 1934 (48 Stat. 985; 25 U.S.C. 465), if such acquisition comes within the terms of this part. This authority is in addition to all other statutory authority for such an acquisition.

§ 120a.6 Exchanges.

An individual Indian or tribe may acquire land in trust status by exchange if the acquisition comes within the terms of this part. The disposal aspects of an exchange are governed by Part 121 of this title.

§ 120a.7 Acquisition of fractional interests.

Acquisition of a fractional land interest by an individual Indian or a tribe in trust status can be approved by the Secretary only if:

(a) The buyer already owns a fractional interest in the same parcel of land; or

(b) The interest being acquired by the buyer is in fee status; or

(c) The buyer offers to purchase the remaining undivided trust or restricted interests in the parcel at not less than their fair market value; or

(d) There is a specific law which grants to the particular buyer the right to purchase an undivided interest or interests in trust or restricted land without offering to purchase all of such interests; or

(e) The owner of a majority of the remaining trust or restricted interests in the parcel consent in writing to the acquisition by the buyer.

§ 120a.8 Tribal consent for nonmember acquisitions.

An individual Indian or tribe may acquire land in trust status on a reservation other than its own only when the governing body of the tribe having jurisdiction over such reservation consents in writing to the acquisition; provided, that such consent shall not be required if the individual Indian or the tribe already owns an undivided trust or restricted interest in the parcel of land to be acquired.

§ 120a.9 Requests for approval of acquisitions.

An individual Indian or tribe desiring to acquire land in trust status shall file a written request for approval of such acquisition with the Secretary. The request need not be in any special form but shall set out the identity of the parties, a description of the land to be acquired, and other information which would show that the acquisition comes within the terms of this part.

§ 120a.10 Factors to be considered in evaluating requests.

In evaluating requests for the acquisition of land in trust status, the Secretary shall consider the following factors:

(a) The existence of statutory authority for the acquisition and any limitations contained in such authority;

(b) The need of the individual Indian or the tribe for additional land;

(c) The purposes for which the land will be used;

(d) If the land is to be acquired for an individual Indian, the amount of trust or restricted land already owned by or for that individual and the degree to which he needs assistance in handling his affairs;

(e) If the land to be acquired is in unrestricted fee status, the impact on the State and its political subdivisions resulting from the removal of the land from the tax rolls;

(f) Jurisdictional problems and potential conflicts of land use which may arise; and

(g) If the land to be acquired is in fee status, whether the Bureau of Indian Affairs is equipped to discharge the additional responsibilities resulting from the acquisition of the land in trust status.

§ 120a.11 Action on requests.

The Secretary shall review all requests and shall promptly notify the applicant in writing of his decision. The Secretary may request any additional information or justification he considers necessary to enable him to reach a decision. If the Secretary determines

that the request should be denied, he shall advise the applicant of that fact and the reasons therefor in writing and notify him of the right to appeal pursuant to Part 2 of this title.

§ 120a.12 Title examination.

If the Secretary determines that he will approve a request for the acquisition of land from unrestricted fee status to trust status, he shall acquire, or require the applicant to furnish, title evidence meeting the *Standards For The Preparation of Title Evidence In Land Acquisitions by the United States*, issued by the U.S. Department of Justice. After having the title evidence examined, the Secretary shall notify the applicant of any liens, encumbrances, or infirmities which may exist. The Secretary may require the elimination of any such liens, encumbrances, or infirmities prior to taking final approval action on the acquisition and he shall require elimination prior to such approval if the liens, encumbrances, or infirmities make title to the land unmarketable.

§ 120.13 Formalization of acceptance.

Formal acceptance of land in trust status shall be accomplished by the issuance or approval of an instrument of conveyance by the Secretary as is appropriate in the circumstances.

Thomas W. Fredericks,

Deputy Assistant Secretary—Indian Affairs.

DEPARTMENT OF JUSTICE

**Office of Justice Assistance,
Research, and Statistics**

28 CFR Part 22

**Confidentiality of Identifiable
Research and Statistical Information**

AGENCY: Office of Justice Assistance, Research, and Statistics (OJARS), Law Enforcement Assistance Administration (LEAA), National Institute of Justice (NIJ), and Bureau of Justice Statistics (BJS)/Department of Justice (DOJ).

ACTION: Final rule.

SUMMARY: The Office of Justice Assistance, Research, and Statistics (OJARS), is amending its regulations governing research and statistical information to conform them to the statutory amendments made by the Justice Systems Improvement Act of 1979 (JSIA). The JSIA which amended the Crime Control Act of 1976 contains different provisions regarding the

confidentiality of identifiable research and statistical information.

EFFECTIVE DATE: September 12, 1980.

FOR FURTHER INFORMATION CONTACT: Charles A. Lauer, Acting General Counsel, Office of Justice Assistance, Research, and Statistics, (202) 724-7792.

SUPPLEMENTARY INFORMATION: On June 13, 1980, OJARS proposed to amend 28 CFR Part 22 to conform with its statute. Interested persons were invited to submit comments on the proposed rulemaking. No comments were received. Therefore, the proposed rule has been adopted as the final rule without any modifications.

The Law Enforcement Assistance Administration (LEAA) was reorganized by the Justice System Improvement Act of 1979 (JSIA), Pub. L. 96-157, on December 27, 1979. The provision dealing with confidentiality of identifiable research and statistical information (section 818(a)) differs from the previously applicable provision in the Crime Control Act of 1976, Pub. L. 94-503, (section 524(a)) in only three respects. First, section 818(a) of the JSIA no longer limits immunity to copies of information obtained during a research or statistical project. Under the added language, immunity is provided to the individuals who recall information elicited during a research or statistical project as well as to written copies of such information. The second change is the provision adding legislative proceedings to the enumerated proceedings where immunity from legal process is authorized. The third change, expands the organizational entities involved to, the National Institute of Justice, the Bureau of Justice Statistics, and the Office of Justice Assistance, Research, and Statistics. Accordingly, 28 CFR Part 22 is amended as follows:

PART 22—CONFIDENTIALITY OF IDENTIFIABLE RESEARCH AND STATISTICAL INFORMATION

(1) Wherever the word LEAA appears throughout the regulations add "BJS, NIJ, or OJARS."

§ 22.22 [Amended]

(2) Amend § 22.22(a)(2) to read "such individuals as needed to implement sections 202(c)(3), 802, and 817(b) of the Act; and

§ 22.28 [Amended]

(3) Amend § 22.28 by adding in the title a comma after the word "judicial" and then the word "legislative."

(4) Amend § 22.28(a) by deleting the words "copies of" in the first sentence and adding the word "legislative" after the word "judicial."

(5) Amend § 22.28(b)(1) by adding the word "legislative" after the word "judicial."

§ 22.29 [Amended]

(6) Amend § 22.29 by deleting "524(a)" and adding in lieu thereof "818(a)."

This amendment becomes effective September 12, 1980.

Robert F. Diegelman,

Acting Director, Office of Justice Assistance, Research, and Statistics.

Sec.

623.1 General.

623.2 Loan policies.

623.5 Loan of arms and accouterments.

§ 623.1 General.

(a) *Purpose.* This part sets forth policies and procedures for loan of Army materiel. As used in this regulation, the term "loan" includes a lease.

(b) Applicability.

(1) This regulation applies to all Department of the Army (DA) agencies, commands, installations, and activities.

(2) This regulation applies to the Army National Guard (ARNG) only when the procedure for the loan of equipment under the procedure of National Guard Regulation (NGR) 735-12 does not apply.

(3) This regulation does not apply to loans governed by the DOD Military Assistance and Sales Manual, DOD 5105.38-M.

(4) This regulation does not apply to loans governed by the Defense Acquisition Regulation (DAR).

(c) *Scope.* This part outlines when loans of Army materiel may be made. It gives general procedures for requesting and processing loans, and sets forth responsibilities, including requirements for reimbursement.

(d) Explanation of terms.

(1) The terms "loan," "lease" and "bailment" are contractual terms and are frequently used interchangeably. They have no meaning by themselves. It is necessary to study the statute to see what is required. Usually, a "loan" is thought of as a short-term transfer of property, sometimes with reimbursement; a "lease" is a more formal transfer, often long-term and requiring a fair monetary rental; and a "bailment" is a loosely-used term, generally reserved for a delivery of property to another in trust for the purpose of doing something to the property and then returning the property to the owner. The term "issue" is frequently used in the sense of a transfer of property which will be consumed in

use. The terms "gift," meaning a permanent transfer of property without reimbursement, and "sale," meaning a permanent transfer with reimbursement, are outside the scope of this regulation.

(2) For additional definitions, see appendix A.

(3) The words "he, him, his" when used in this publication represent both the masculine and feminine genders, unless otherwise specifically stated.

(e) *Loan restrictions.*

(1) Army materiel is not normally used for other than the Army's primary mission; however, under conditions described herein materiel not immediately needed to support mission requirements may be loaned to—

(i) Army and other Department of Defense (DOD) elements.

(ii) Non-DOD Federal departments and agencies.

(iii) Civil governments (State and local).

(iv) Special activities, agencies, and others.

(2) Table 2-1 lists various circumstances where loan of Army materiel might be requested. It identifies the applicable federal laws or other authority which would authorize such loans.

(f) *Statutory authorities.* There are three basic federal laws which authorize the loan of Army property. There are also numerous specific statutes which authorize particular types of loans in limited situations. Unless there is a reason to use the specific statute, one of the basic statutes will be used.

(1) The following are the basic statutes:

(ii) 31 USC 686 (The Economy Act)—Authority for loans to other federal departments and agencies.

(iii) 10 USC 2667 (The Leasing Statute)—Authority for loans/leases, including leases to activities outside the Federal Government.

(iii) 18 USC 3056 (as amended by PL 91-651)—Powers and duties of Secret Service.

(g) *Responsibilities.*

(1) The Commanding General (CG), US Army Materiel Development and Readiness Command (DARCOM), through the Materiel Readiness Commands' (MRC) commanders, is responsible for loans of materiel controlled by DARCOM wholesale supply points.

(2) Major Army commands (MACOM) CGs and commanders in chief (CINCs) of unified commands (UCOMs) are responsible for loans of materiel from supporting units and installations.

(3) The Director of Military Support, Office of the Deputy Chief of Staff for Operations (ODCSOPS), is the DOD point of contact for the Federal Disaster Assistance Administration (FDAA), other Federal agencies, and the National Red Cross in disaster assistance matters.

§ 623.2 *Loan policies.*

(a) *Loan and approval policy.*

(1) *Basic policies.*

(i) Materiel is not loaned to non-DOD activities as a routine procedure.

However, materiel in the Army inventory is available for loan for special purposes if approved. Approving authorities are listed in table 2-1; their addresses are in appendix B.

(ii) Loans will be approved or disapproved based on the purpose, duration of the loan, and consideration of the following factors which can take precedence over any loan.

(A) Military requirements and priorities.

(B) Continuity of military operations, troop survival, and the rehabilitation of essential military bases.

(C) Stocks and programmed Army requirements. This includes prepositioned mobilization reserve stocks.

(D) Type classification with pending changes.

(E) Minimum diversion of Army stocks.

(F) The adequacy of the borrower's resources. Requesters will be encouraged to use their own resources.

(iii) Loan requests from civilian authorities or activities will normally enter Army channels at the installation or MACOM levels. If on-post or off-post

units receive loan requests, they will refer them to unit's supporting installation commander at once. Emergency loan requests will be relayed by telephone or electrically transmitted message.

(iv) When routine handling of a loan request would result in loss of human life, grave bodily harm, or major destruction of property, and when the lack of communication facilities prevents use of normal procedures, loans otherwise permitted by this regulation can be made with local approval. However, normal policy should be followed to the extent possible. If procedural requirements cannot be fully complied with, they must be met as soon as possible after the loan is made.

(v) Army materiel loaned under this part will be delivered to borrower "as is, where is" available.

(vi) Stocks of the least serviceable condition which are still suitable for the loan's purpose will be used. Logistic control code "C" materiel will be loaned before logistic control code "B" materiel. Logistic control code "B" materiel will be loaned before logistic control code "A" materiel. (Ref chap 9, AR 708-1.)

(vii) Commanders of medical treatment facilities (MTF) are subject to all the requirements of this regulation, including the requirement for reimbursement. However, in accordance with AR 360-61 which implements DOD Instruction 5410.19,

(A) Emergency loans of medical supplies (drugs, vaccines, etc.) may not be made without reimbursement, but the loan may not exceed 30 days and the medical supplies must be replaced in kind by the borrowing agency or activity; and

(B) Emergency loans of medical equipment not to exceed 15 days may be made without reimbursement if it is the practice in the community for other hospitals to make such loans. Equipment loans which exceed 15 days must be approved, in writing, by the MACOM commander and are subject to all the requirements of 10 USC 2667, including reimbursement.

(viii) Army property loaned to non-DOD activities will not be further loaned without approval of the original approving authority.

(ix) There will be no procurement or redistribution of assets to offset the effects of loans. Material will not be set aside, earmarked, assembled, or stockpiled to be available for use related to loans.

(x) Army materiel may be recalled from the borrower at any time to meet Army requirements.

(xi) Stock record accounting and financial transactions for loans will conform with existing regulations.

(xii) Borrowers are responsible for the care, custody, and proper use of materiel borrowed. Except as stated in this regulation, reimbursement will be required for damage, destruction, loss, fair depreciation in value, and for any Army repair, care, transportation, preservation, and protection of loaned equipment.

(xiii) Care, renovation, and repair of borrowed materiel will conform with the loan agreement.

(xiv) As indicated below, borrowers must provide signed loan agreements, provide surety bonds, and vehicular insurance prior to receipt of materiel. Loan agreements and bonds will be prepared in accordance with paragraphs (b) and (c) of this section.

Borrower	Loan agreement required	Surety bond required	Vehicular insurance required
Army or other DOD activities.	No ¹	No	No.
Non-DOD Federal departments and Agencies.	Yes	No	No.
Civil Authorities (State and Local Governments).	Yes	Yes ²	Yes. ²
Civilian Activities (veterans' organizations, youth groups, etc.).	Yes	Yes	Yes.

¹ A hand receipt or other document assigning responsibility will suffice.

² In emergency disaster relief cases, bonds and insurance may be provided after receipt of the materiel. (See para (a)(4) of this section.)

(2) *Loans to DOD organizations.* Army materiel may be loaned to DOD activities for projects, programs, and mission requirements that support basic functions of the borrowing activity. Examples are field exercises, maneuvers, training exercises, including annual training (AT) of Reserve Components, and research development, test, and evaluation (RDTE).

(i) Loans of major end items belonging to MACOMs are approved by MACOM or UCOM commanders. Loans of materiel other than major end items are approved at commander/installation level.

(ii) Loans of materiel belonging to DARCOM (wholesale level) are approved as follows:

(A) *Materiels other than major end items.* By the director or deputy director of an MRC.

(B) *All other items.* By HQ DARCOM or commanders of MRCs unless loan would interfere with issue against DA Master Priority List (DAMPL) priorities,

then by HQDA ODCSLOG (DALO-SMD).

(3) *Loans to federal departments/agencies.* Loans to Federal activities outside the DOD are usually provided under provisions of the Economy Act, 31 USC 686. Federal agencies borrowing DOD materiel using the provisions of this act are responsible for reimbursing the DOD for all DOD costs incident to the delivery, return, and repair of the materiel. The borrower is also responsible for reimbursing the DOD for depreciation if the depreciation cost is significant.

(4) *Disaster relief.*

(i) CONUS/OCNUS.

(A) In disaster situations local civil authorities must provide relief from their own resources. If this is not sufficient, and the American National Red Cross has a team at the disaster, requests for further assistance should be made to them. If the President has declared a major disaster or emergency, requests should be made to the regional director of the Federal Disaster Assistance Administration (FDAA). [See AR 500-60 for guidance.]

(B) The commanding General, US Army Forces Command (FORSCOM), acting for the Secretary of the Army (SA), is responsible for Army materiel support of disaster relief operations within the United States and the District of Columbia. UCOMs are responsible for disaster relief operations in US possessions and trust territories. These commanders are authorized to task DOD agencies and commands, consistent with defense priorities, to provide materiel in support of operations. A military representative will be appointed by the appropriate command to act as the DOD point of contact with the Housing and Urban Development (HUD) Federal Coordinating Officer (FCO) when military assistance is required during a Presidential declared disaster or emergency. When a disaster or emergency is of such magnitude, the disaster area may be geographically subdivided. A military representative will then be appointed for each FCO. All requests for military assistance will be passed through the FCO to the DOD military representative at the disaster area.

(C) The Director of Military Support (ODCSOPS), HQDA, acts at the DOD point of contact for the Administrator, FDAA, other Federal agencies, and the American National Red Cross in all disaster assistance matters.

(ii) Foreign.

(A) The Department of State is responsible for deciding when emergency foreign disaster relief

operations will be undertaken. This authority is delegated to Chiefs of Diplomatic Missions for disaster relief operations whose total costs will not exceed \$25,000.

(B) Send queries on foreign disaster relief to HQDA (DAMO-ODS) (para 4, app B).

(5) *Civil disturbances.* The maintenance of law and order is primarily the responsibility of local and state authorities. In civil disturbance situations, a basic goal of the Federal Government is to minimize the involvement of active military forces. One of the most effective means of keeping Federal forces off the streets is to loan US Army civil disturbance type equipment to Federal, State, and local law enforcement agencies and also to the National Guard. (For specific guidance see AR 500-50.)

(i) Requests for loan of Army materiel during or for expected civil disturbances are of three types with approval authority as follows:

(A) *Group one.* Arms, ammunition, tank-automotive equipment, and aircraft. Loans will be approved by the SA or his designee.

(B) *Group two.* Riot control agents, concertina wire, and similar military equipment which is not included in group one. Loans will be approved by the SA (or his designee), or by an Army task force commander employed at an objective are during a civil disturbance.

(C) *Group three.* Protective equipment such as masks and helmets; body armor vests; other equipment not included in group one or two such as clothing, communications equipment, and searchlights; and the use of DOD facilities. Such loans will be approved by the SA (or his designee); by MACOMs; by the CGs of CONUS armies, MDW, and by commanders of UCOMs outside CONUS as applicable. (NOTE: Firefighting equipment will not be used for riot control).

(ii) Queries concerning loans in support of civil disturbances will be forwarded to the Director of Military Support, HQDA (DAMO-ODS), WASH DC 20310. (See app B.)

(6) *Terrorism.*

(i) The Department of the Army is the DOD Executive Agent for support to the FBI in combating terrorism. Existing civil disturbance loan procedures, including categories of equipment, apply to equipment loans to the FBI for combating terrorism. Military resources will be provided only upon request of the Director, FBI, or the Senior FBI official present at the scene of a terrorist incident. It may be difficult in some situations to determine whether a practical incident fits the definition of

terrorism. In these cases, commanders are authorized to accept the judgment of the FBI official making the request if it is supported by the available facts. (See para 3, table 2-1.)

(ii) For requests from the FBI in connection with terrorist incidents, any commander in the chain of command down to and including commanders of military installations are authorized to approve loans of group two and group three resources. (See para (a)(4)(1)(B) and (C) of this section.) Requests for equipment which involve technical/operating personnel, excluding fire-fighting equipment and explosive ordnance disposal, will be processed as a group one resource. For example, approval authority is retained by the DOD Executive Agent.

(7) *Aircraft piracy.* Assistance to other federal agencies in the protection of airways is provided through loans under guidance in paragraph 3, table 2-1. Specific limitations on such support are covered in AR 500-1.

(8) *Loan/lease to activities outside the Federal Government.* Title 10, USC 2667, authorizes the lease of Army materiel to non-DOD departments, agencies, activities, or individuals when it is determined that the materiel is not, for the period of the lease, needed for public use, is not excess property, and that the loan will promote the national defense or be in the public interest. (See AR 360-61.) Such a lease must not be for more than 1 year (or be renewed/extended for a total period of more than 5 years); it must provide that the lessee will pay a fair monetary rental. The fair monetary rental will be determined on the basis of prevailing commercial rates or computed according to sound commercial accounting practices for the fixing of rental on such property. This will include a return on capital investment and administrative cost as well as depreciation. The delegation of authority to lease is SAOSA-71-6, paragraph 1-5103, ADARS, the prescribed lease agreement is at paragraph 16-553, ADARS.

(b) *Loan agreements.*

(1) Upon approval of a loan request and before shipment or issue of the materiel, the approving authority will complete a written loan agreement, DA Form 4881-R. In all cases, the statutory basis for the loan will be cited. The approving authority is acting for the DOD on loans to other Federal agencies, and for the United States on loans to civil authorities and special activities. The agreement will be signed by the approving authority and the borrowing activity. When emergency loans have been made as authorized by this AR, follow-up action will be taken at once to

formalize the loan by completing a loan agreement.

(2) Loan agreements are mutually developed by the approving authority and the chief of the borrowing activity (or their designees). The agreements identify the responsibilities of all parties. They include terms and conditions of the loan. Appendix C illustrates a sample loan agreement, DA Form 4881-R (Agreement for the Loan of US Army Materiel), and specifies what the loan agreements will stipulate and contain. Also illustrated at appendix C is DA Form 4881-2-R, which will be completed and appended to the loan agreement as "Exhibit I."

(3) Loan agreements will be held by the approving authority until termination and final settlement of each loan.

(4) If the loan agreement is signed by someone other than the chief borrowing official, than a Certificate for Signature by an Alternate will be completed. (See appendix D for DA Form 4881-1-R.) It will be attached to the signed (by the borrower) copy of the agreement that is retained by the approving authority. DA Forms 4881-R, 4881-1-R, and 4881-2-R are reproduced locally on 8½ by 11-inch paper.

(c) *Surety bonds.*

(1) Some borrowers of Army materiel must post a surety bond. (See table 2-1 and DA Form 4881-3-R at app E.) Bonds ensure safe return of the borrowed materiel or reimbursement for any loss of or damage to the materiel. The bond will consist of—

(i) A properly executed surety bond with a certified bank check, cash, or negotiable US Treasury bonds, or

(ii) Notice of bond by a reputable bonding company deposited with the approving authority for the loan. Bonds will equal the total price of the borrowed items as shown in exhibit I to the loan agreement (app C, DA Form 4881-R). A "double" bond (bond equal to twice the value of the borrowed item(s)) will be required—

(A) For Army materiel loaned to the Red Cross for instruction and practice to aid the Army, Navy, or Air Force in time of war (10 USC 2542).

(B) For ordnance and ordnance stores loaned to high schools in the District of Columbia (10 USC 4653).

(2) The bond need not be posted by the borrowing agency itself. The source or originating agency for the bond is immaterial if the bond is valid. For example, to secure a loan, a State may post bond on behalf of a city, county, or other governmental body or authority within the State.

(3) In an emergency, when posting a bond would delay approval of an urgent

loan request and when the total price is less than \$1,000, the approval authority may approve the request. The approval is on the condition that the bond be posted within 5 days.

(4) Bond forfeitures or exceptions to mandatory forfeitures can only be made with the concurrence of the Secretary of the Army. Forfeitures will be based on actual expense incurred. Forfeitures do not release the borrowing agency from returning borrowed materiel or affect ownership. Bonds are normally forfeited under the following conditions:

(i) Materiel is not returned at the termination of a loan period or when return has been directed by the Army.

(ii) The borrowing agent refuses to pay for damages or other Army expenses.

(5) Surety bonds will be held by the

approving authority until the loan is terminated and final settlement is made. At that time, the bond will be returned to the borrower.

(6) If US treasury bonds are posted as surety bond, the borrower must execute a power of attorney (DA Form 4481-4-R, app F). This will enable cashing of the treasury bonds if some forfeiture is required. DA Form 4481-3-R (Surety Bond) and DA Form 4481-4-R (Power of Attorney) will be reproduced locally on 8½ by 11-inch paper.

(d) *Loan duration.*

(1) Loan periods and extensions will be shown in table 2-2.

(2) Materiel will be loaned only for the number of days needed for the specific purpose for which borrowed. Loan extensions must be justified. The reason(s) why other means or other than

Army materiel cannot be used must be included. Approval of loan extensions will be based on the merit of the reasons given.

(3) Loan extensions authorized beyond 1 year will not be approved unless the lender of the loaned materiel has inspected and inventoried the materiel to insure completeness and serviceability.

(e) *Types of DA materiel available for loan.* Examples of types of items that may be loaned, and examples of the types of organizations that may borrow Army materiel, are listed in table 2-1. Most loans will be nonexpendable items or expendable items not forecast to be consumed (durable items). Expendable items (e.g., expendability code X) will not be loaned unless approved as an exception.

¹All extensions or loan renewals which extends the overall loan period beyond 1 year must be approved by the Secretary of the Army (or designee).**§ 623.3 Submission of requests for loan of Army materiel.****(a) General.**

(1) Loan requests will be expedited according to the situation's urgency. A situation may be so serious that waiting for instructions or approval from a higher authority is unwarranted. Commanders will then take action as required to save human life, prevent human suffering, or reduce property damage or destruction. (See para 623.2(b)(1).) Such emergency actions will be reported at once to higher authority according to § 623.7.

(2) Requests to the US Army for loan, or loan extension, will be promptly sent by the Army element that received the

request through channels to the approving authority shown in table 2-1 or as specified in appropriate regulations.

(3) Loan requests will be made by the head of the Federal agency, civil authority, or civilian activity desiring the materiel. An exception is that requests from the Federal Disaster Assistance Administration (FDAA) will normally be initiated by an FDAA regional director rather than by the administrator. The requests should be made directly to the approving authorities shown in table 2-1.

(b) *The Army National Guard (ARNG).* Loan requests for property belonging to ARNG will be made under

National Guard Regulation 735-12. (See para 5, table 2-1.)

(c) General Procedures.

(1) *DOD activities.* DOD activities will borrow Army materiel as follows:

(i) Requests will be made in writing citing—

(A) Detailed justification for loan to include urgency of need.

(B) Duration of loan.

(C) Funds to defray transportation and handling.

(D) Serviceability requirements.

(ii) Approving authority involved will—

(A) Forward a loan agreement to requester. Loan agreements within DOD will often consist of letter requests,

approving endorsements, and materiel issue document (DD 1348-1) transferring temporary accountability. Between units and activities, a hand receipt may be used as the loan agreement.

(B) Furnish positive identification of item to be loaned.

(C) Provide instructions for delivery of equipment.

(iii) DOD recipient of loaned Army materiel will—

(A) Forward accepted loan agreement to approving authority (all actions can be accomplished by electrically transmitted messages).

(B) Provide geographic location of equipment and specific activity that is responsible for care and preservation of loaned equipment.

(C) Return equipment to Army in condition received with normal allowance for fair wear and tear.

(2) *Non-DOD activities.* Non-DOD activities, including Federal agencies will request loan of Army materiel as follows:

(i) Non-DOD activities, and agencies, will send routine requests by letter 45 days before the materiel is required. Federal agencies may use Standard Form 344 (Multiuse Standard Requisitioning/Issue System Document). Requests will include the following:

(A) The DA approving authority. See table 2-1.

(B) Date request is submitted.

(C) Title of requesting agency and/or person authorized to receive or pick up the borrowed materiel. Be specific; e.g., Special Agent in Charge John Doe, FBI, Anytown, USA, (telephone number with area code) 123-456-7890.

(D) Type of loan; e.g., Boy Scout National Jamboree, American Legion Convention, etc. (with a short summary of circumstances).

(E) Statement that none of the requested materiel is internally available to the requesting activity.

(F) Statement that this support is not reasonably available from local government or commercial sources.

(G) Authority for the loan (if known); e.g., public law, US code, executive order, etc. See table 2-1.

(H) Positive identification of the type and quantity of items required. If national stock numbers and nomenclature are not available, identify the items needed by type, model, size, capacity, caliber, etc.

(I) Geographic location where the materiel will be located and used.

(J) Proposed duration of the loan.

(K) Statement that the agency has, or will ensure capability to properly operate, maintain, secure, and care for the borrowed materiel.

(L) If firearms are requested, a statement that adequate facilities are available to secure the arms. See paragraph 623.5(a)(4).

(M) A statement that the borrowing activity will assume all responsibilities, liabilities, and costs related to the movement, use, care, security, loss, damage, and repair of the loaned materiel.

(N) Citation of funds to cover reimbursable costs. Also, a statement that an adequate bond will be provided, if required.

(O) A statement that the loan agreement prepared by the Army will be signed by the "responsible official" of the borrowing activity (or designee).

(P) Name, address, and telephone number of the person who will serve as the point of contact for the requesting agency, authority, or activity.

(Q) Complete instructions for delivery of the equipment to ensure that shipping instructions in the request are consistent with the urgency of the situation. State whether a small quantity shipped by air, express, or other fast means will satisfy immediate needs until bulk shipments can arrive. Also state quantity immediately required.

(R) If applicable, the number of persons to be accommodated.

(ii) Urgent requests may be made to meet expected or actual emergencies. Such requests may be made by telephone or by electrically transmitted message. Include information required in paragraphs (2)(i)(A) through (R) of this section to the extent possible. The request will be presented to the approving authority. The borrower will then send a complete written request to formalize the emergency request.

(iii) If approval of the loan is granted, approving authorities will contact accountable property officers at CONUS installations (equivalent level overseas), or MRC item managers to determine which items are available. Installation requests to MRCs will state that the installation resources could not meet the loan requirements. Availability decisions will be based on normal management criteria including past and anticipated demand, asset balances, order-ship time, repair rate and repair cycles, and procurement schedules. If requested items are available and approved for issue, the approving authority (or designee) will—

(A) Negotiate and agreement;

(B) Obtain surety bond from the borrower when required;

(C) Provide reproduced copies of the signed documents to the appropriate accountable property office along with authorization to make the loan.

(iv) Approving authorities will maintain a system of numerical control for all loans. The accountable property officer will enter this number on all transaction documents related to each specific loan to include requisition, issue, shipping, turn-in, and financial documents.

(3) *The US Secret Service (USSS).*

(i) Army regulation 1-4 provides policies and procedures for Army support to the Secret Service. Support will be provided only on the request of the Director, United States Secret Service or his authorized representative. It will be provided only to assist the United States Secret Service in performance of its statutory protective functions.

(ii) Routine requests are sent by the United States Secret Service direct to the Office of the Special Assistant to the SECDEF for approval. Approved requests involving Army resources are tasked through HQDA (DAMO-ODS) to the proper command. Approved requests for resources of other Services are tasked direct to the proper Service.

(iii) Approved requests for resources to be used in overseas areas (regardless of Service) will be passed from the Office of the Special Assistant to the SECDEF to the Joint Chiefs of Staff (JCS) for tasking of the proper unified command.

(iv) In urgent situations, the United States Secret Service may request military resources from the nearest military commander who is authorized to take action consistent with the urgency. As soon as possible, they will seek guidance/approval through command channels to the approval authority (Spec Asst to the SECDEF).

(4) *Drug and narcotics interdiction activities.* All non-DOD Federal agencies requesting DOD resource in support of drug or narcotics interdiction activities should send requests through their headquarters to DOD, ATTN: Deputy Assistant SECDEF (Program Management), WASH DC 20314. Concurrently, information pertaining to the request should be sent to HQDA (DAMO-ODS) (para 4, app B), or relayed by telephone (AUTOVON 225-2003 or the Army Operations Center 851-1800 during nonduty hours). The Deputy Assistant SECDEF will pass approved request to HQDA (DAMO-ODS), through the Office, Under Secretary of the Army, for determination of availability and readiness impact. If approved by the Under Secretary of the Army, ODCSOPS (DAMO-ODS) will task the proper MACOM to provide support. Requests for extension or changes to agreements will be processed

as noted in tables 2-1, 2-2 and paragraph (2) of this section.

(5) *The Federal Bureau of Investigation.*

(i) Requests for aircraft piracy assistance, received from Federal authorities by Army field commands or activities, will be forwarded through command channels by telephone (confirmed by electrically transmitted message) to the Military Support Division, ODCSOPS (DAMO-ODS), AUTOVON 255-3848/7433/2003 (WATS 202-695-2003). These requests will be approved by the DOD General Counsel (or designee).

(ii) The requests will then be sent to the National Military Command Center (NMCC). It will coordinate between the lending accountable property officer and the borrower.

(iii) In urgent cases, the Deputy Director for Operations, NMCC, may approve requests upon his or her own responsibility. This is subject to a later report to the chairman of the Joint Chiefs of Staff and the DOD General Counsel.

(iv) Approved requirements will be passed to the Secretary of the Army by telephone and confirmed by electrically transmitted message. The Secretary of the Army will then assign the requirement to the proper command (or staff agency) which will contact the designated Federal civil official and confirm the details of the request. Modification of the requirement to better perform the mission is authorized if the Federal official agrees.

(6) *Environmental Protection Agency (EPA), US Coast Guard (USCG), or National Response Team (NRT).* Non-DOD Federal agency requests for loan of materiel to combat oil and hazardous substance pollution spills will be made directly to the Commanding General, FORSCOM. Requests will be made by an "On Scene Coordinator" (OSC) of the EPA, or by the USCG acting for the Department of Transportation. The pollution spill NRT may also initiate requests. Approval authority is shown in table 2-1.

(d) *Civil Authorities.* Loans of materiel to civil authorities for use during civil disturbances and disasters will be made as follows:

(1) *Civil disturbances.* Requests for Army materiel in anticipation of (or during) civil disturbances will be promptly sent through command channels to the approving authority (UCOM commanders will coordinate requests originating from areas outside CONUS) as follows:

(i) Requests for resources that require Secretary of the Army approval will be

sent through channels to HQDA (DAMO-ODS) (para 4, app B).

(ii) Requests for group three resources (para 623.2(a)(5)) that are not available to commanders having the approval authority will be sent through channels to HQDA (DAMO-ODS). Intermediate commands may approve and make available the requested resources.

(iii) Requests received by other DOD agencies will be referred to local Army installation commanders for processing.

(2) *Disaster relief.* Requests for loan of materiel to support disaster relief will be handled as follows:

(i) Valid requests for disaster relief assistance (see para 623.2(a)(4) for decisionmaking process) will be given to the DOD liaison (a military officer) assigned to the disaster; or forwarded to the CONUS Army commander in which the disaster occurs. (See appendix G.) If no Federal Disaster Assistance Administration (FDAA) official (HUD Federal Coordinating Officer (FCO)) is present at the disaster scene, requests may be received from the Red Cross.

(ii) HUD Regional Directors for FDAA, or FCOs, will send requests for loan of materiel to the Commanding General, FORSCOM, or to the proper CONUS Army commander. (Requests for Defense Civil Preparedness Agency (DCPA) resources will be sent to DCPA regional offices.)

(e) *Civilian Activities.*

(1) *Veterans' Organizations.* Loan requests by authorized veterans' organizations (as listed in VA Bulletin 23A) will be sent to the commander of the CONUS Army area (or Commander, MDW), for the area where the materiel will be required. (See appendix G.)

(2) *Scouting Loans.* National and regional scout executives will send requests (restricted to DOD support of national and world jamborees) according to Chapter 7, AR 725-1. (See § 621.4 of this title.)

(3) *Loans/Leases Under the Provisions of Title 10 USC 2667.* Requests for loans from other civil activities and organizations may come into the DOD through various channels; e.g., telephone call to local installation commander, letter to Congressmen, or directly to the Secretary of Defense or Army. Each request will be forwarded to the authority having the item and having the authority to approve the request. (See appendix B and table 2-1.) In cases where approval is questionable, the request may be submitted through channels to HQDA (DALO-SMD) WASH DC 20310 (para 2, app B) recommending approval/disapproval action.

(f) *Loans to the United Kingdom (UK), Canada, and Australia.* All requests for

loans (restricted to materiel for use in the "Standardization Program") to the UK, Canada, or Australia will be sent to Commander, DARCOM, ATTN DRC-IRD for approval. AR 795-204 addresses loans to other allied governments. (See DOD Military Assistance and Sales Manual, DOD 5105.38-M.)

(g) *Special Materiel Requests.*

(1) *Loan of Communications Security (COMSEC) Equipment.* Subject to provisions of this regulation, requests for loan of COMSEC equipment will be sent to the Commander, US Army Communications Security Logistics Agency (para 24, app B) for approval, loan action, and establishment of loan records. All loans of Army COMSEC equipment to civilian authorities or activities will be according to Technical Bulletin 380-41. Standard Form 153 will be annotated to show purpose of the loan, expected date of return, and authority for the loan. A copy will be sent to the Director, National Security Agency (NSA), ATTN: S3, Fort George G. Meade, MD 20755.

(2) *Loan of arms and accouterments.* Requests for loan of arms and accouterments will be sent by requesting agencies directly to the Secretary of the Army, Military Support Division, HQDA (DAMO-ODS) (para 4, app B). Requests received out of this channel will be returned to the originator for resubmission. The Secretary of the Army (or designee) is the approval authority. See § 623.5 for procedures.

(3) *War reserves and operational project stocks.* Regulatory guidance with respect to loan of war reserves and operational project stocks to DOD organizations is found in chapter 8, AR 710-1. Loans of war reserves and operational project stocks to non-DOD activities will be according to this regulation and must be approved by HQDA (DALO-SMW) (para 3, app B).

(4) *Loan of historical property and art.* Requests for loans of Army historical property and military art will be sent to the Commander, US Army Center of Military History (para 4, app B). Specific information on such loans is found in AR 870-15 and AR 870-20.

§ 623.4 Accounting procedures.

(a) *Loan Document Format.*

(1) When the lending accountable property officer receives copies of the loan request, loan agreement, surety bond (if required), and written loan authorization from the approving authority, the loan request will be converted to Military Standard Requisitioning and Issue Procedures requisition form (DD Form 1348) as follows: (NOTE: In emergencies,

(4) Accountable property officers will keep loan files with enough documentation to provide an audit trail for loan transactions and a single source of accounting and billing for reimbursement. No separate property book accounts will be set up for these loans. Items, with dates shipped, will be identified by use of "loan control numbers" in loan jacket files and in supporting documentation. The files will include copies of—

(i) The loan request. If the request was made by telephone (urgent), a copy of the Memorandum for Record prepared to summarize the call will be used.

(iii) The surety bond (with cash, certified check, US treasury bonds, or adequate bond from a bonding company).

(iv) The approving authorization to make the loan.

(v) DD Form 1348-1 used for shipping the items.

(vi) A master loan register with the loan control number and shipping document number.

(b) *Shipment of Loaned Materiel.*

(1) Loaned Army materiel will be shipped only to the chief of the borrowing activity or to a designee authorized to receive and sign for the materiel. To keep the materiel out of unauthorized hands, consignees (receivers) will be advised of the items and quantities to be loaned; the source of supply; whether the items are to be picked up or shipped; and of shipments made.

(2) All shipments of loaned equipment will be documented on DOD single line item "release or receipt" document (DD Form 1348-1). These will be initiated by the lending accountable property officer. Packing, crating, handling, estimated transportation costs, and serial numbers (if applicable) of items shipped will be shown on all copies. The consignee will be given advance copies of the DD Form 1348-1 as notice of shipment, and a list of DD Form 1348-1 document numbers. For loans to non-DOD activities two copies of the certificate below will be prepared by the accountable property officer (see fig. 1). It will accompany the DD Forms 1348-1.

"I certify receipt of and assume responsibility for the Army materiel listed on DD Form 1348-1. Control numbers on DD Form 1348-1 follow. The items were received in good condition except as noted on the DD Form 1348-1. Serial numbers have been verified (omit if not applicable)."

(3) One copy of each signed DD Form 1348-1 (for non-DOD activities, one copy of the signed certificate) will be returned to the accountable property officer. Also, one copy of each will be kept in the borrower's file.

(4) The installation or depot transportation officer is responsible for

coordinating movement of the items that must be shipped.

(5) Shipments, including those to foreign countries, will be made on commercial bills of lading (CBL). Freight charges will be paid by the borrower. The CBL will cite proper project codes. NOTE: In emergencies where use of CBL would delay shipment, government bills of lading (GBL) may be used subject to later reimbursement. Shipments to Boy Scout World Jamborees in foreign countries will be by GBL unless otherwise specified by the Boy Scouts.

(6) Shipments will be consolidated to the maximum to get the lowest charges available.

(7) Separate shipping instructions will be provided for each recipient, convention, jamboree, etc., to ensure correct consignee and railhead addresses.

(8) Transportation will be at no expense to the government. The Defense Transportation Services (Military Sealift Command, Military Airlift Command, and Military Traffic Management Command) will send all billings for such transportation costs to the US Army Finance and Accounting Center (USAFAC). The USAFAC will then bill the fiscal station servicing the accountable property office that made the loan. This fiscal station will then bill the borrower for these transportation costs. Army materiel loaned to non-DOD activities is not authorized for overseas movement on a space available basis by MSC or MAC without their prior approval.

(c) *Receipt of Borrowed Property.*

(1) The person authorized to receive the materiel (whether shipped or picked up) will check the quantities received against the quantities shown on the DD Form 1348-1. This person will also verify the condition of the materiel. Any variation in quantity or condition must be resolved at once. If the shortage or damage is not due to a common carrier, the borrower will give the accountable property officer the National Stock Number, document number, and an explanation of the variation at once. This establishes a basis for assessing charges on termination of the loan. Replacement shipments, when required, will be covered by a DD Form 1348-1. All variations will be noted on the reverse side of the bill of lading.

(2) When a DD Form 1348-1 has not been received by the borrower and does not accompany the shipment, an informal report will be made to the accountable property officer at once. It will include the nomenclature, quantities, condition, and if applicable, the model numbers and serial number of all materiel received.

(3) When shipment has been verified, the borrower (or designee) will enter the quantity received on two copies of the DD Form 1348-1. Serial numbers will also be entered for serial numbered items. The completed copies of the DD Form 1348-1 will be signed by the authorized person. One copy of the DD Form 1348-1 and one copy of the signed certificate (receipt of the materiel) will be returned to the accountable property officer.

(4) If shipments are received damaged or short, take action described in § 623.4(g).

(d) *Accounting by Borrower.* Non-DOD borrowing activities should maintain a system of jacket files. This should include copies of all documents that authorize the loan of materiel and relate to loan transactions. Such files will insure return of materiel within the approved loan period. Files should be retained for audit or any other purpose as required. These files may be destroyed upon turn in of the borrowed materiel, final completion of accounting, and reimbursement for Army costs related to the loan. DOD borrowers will conform to the requirements contained in existing regulations.

(e) *Return of Borrowed Materiel.*

(1) *General.*

(i) Borrowed materiel will be returned to the Army in the condition received, less fair wear and tear, unless the terms of agreement specify otherwise.

(ii) Property for which repair cost is claimed will be held at the Army depot or installation until final charges are determined and a release is given by respective property officers.

(iii) Return of materiel loaned to rifle clubs and schools will conform with Section 623.5.

(2) *Accountable property officer actions.*

(i) At the end of a loan period, recall, or upon notice by the borrower that the loaned materiel is no longer needed, the accountable property officer will send a letter of instruction to the borrower for return of the materiel. He will verify or modify the turn-in instructions provided in the loan agreement.

(ii) These procedures will be used by accountable property officers to terminate loans:

(A) For loans up to 30 days no specific termination action is necessary except when materiel is not returned by the loan due date. Then, a written loan termination notice will be sent to the borrower. A follow-up notice will be sent every 15 days until the materiel is returned or other settlement is made.

(B) For all other loans 15 days before the loan is due, a loan termination notice will be sent by the lending

activity to the borrower verifying (or modifying) the turn-in instructions.

(C) Follow-up of loan termination notice will be made every 15 days until the materiel is returned or other settlement is made.

(iii) After receiving inspection reports (para 623.4(e)(3)) and final shipment receipts, the accountable property officer will clear the loan records.

(iv) The accountable property officer will then advise the borrower of the transaction completion by furnishing receipted copies of the receiving document(s).

(v) The accountable property officer will notify the servicing finance and accounting office (FAO) of any reimbursement required.

(3) *Actions by the receiving installation, depot, or arsenal.*

(i) The installation, depot, or arsenal receiving activities will inspect returned materiel.

(A) If the quantity received differs from the quantity shipped, the actual quantity received will be entered on the DD Form 1348-1.

(B) If the condition of the property differs from that noted on the DD Form 1348-1, the variation will be stated.

(ii) Loaned materiel returned in an unserviceable condition will be inspected by qualified technical inspectors at installation level and by quality assurance activities at depots to determine condition code.

(A) If the condition of returned materiel is the same as noted on the receipt document or the prepositioned materiel receipt card, the item will be processed as a normal receipt.

(B) If there is a discrepancy in the actual condition of the item or in the assigned code on the receipt document, obtain an estimate of repair cost and continue normal receipt documentation processing.

(C) The receiving depot or installation will prepare an Inspection and Surveillance Report for each returned item that needs repair. Cards will also be prepared for shortages. The cards will include the cost of equipment repair or the value of shortage. A minimum of two copies of each report will be sent to the proper accountable property officer.

(f) *Loan Inventories.*

(1) If a loan has been approved or extended (by the SA) for a period longer than 1 year, the accountable property officer will inspect and reconcile loan accounts with the borrower at the end of each 12-month period.

(2) If no discrepancies are noted, the accountable property officer will file the signed annual inventory form in the borrower's memorandum receipt jacket file.

(3) If the inventory shows that amounts and kinds of Army materiel for which the borrower is responsible differ from that actually in his possession, the accountable property officer will—

(i) For overages, assume accountability for the overages noted on the annual inventory form. Use a copy of the annual inventory form as a debit voucher to the account. No approval of this voucher is needed.

(ii) For shortages, act to obtain reimbursement for the value of the missing property or to adjust the discrepancy by report of survey.

(g) *Lost, Damaged, and Destroyed Materiel.*

(1) When loss or damage occurs during shipment, DOD and Federal agencies will refer to AR 55-38 for specific instructions.

(2) Damage or loss which is the fault of the carrier will be billed to the carrier after reconciliation.

(3) Army materiel lost, damaged, or destroyed while in the possession of rifle clubs or schools will be handled as described in Section 623.5.

(4) Any Army materiel loaned at the request of an FDAA Regional Director which is not returned according to instructions in this chapter will be reported to the borrower and to the FDAA Regional Director. The latter will arrange for proper reconciliation and reimbursement.

§ 623.5 *Loan of Arms and Counterparts.*

(a) *General.*

(1) Loan of arms and counterparts requires special processing and handling. Loans to DOD and non-DOD activities will be handled as a normal loan according to instructions in this section with the added requirement of maintaining serial number visibility. Loans of arms and counterparts as included herein are not applicable to Army National Guard (ARNG).

(2) The Commanding General, Armament Readiness Command (ARRCOM) (ATTN: DRSAR-MMS) has been designated by Commanding General, Materiel Development and Readiness Command (DARCOM), as being responsible for keeping a centralized serial number visibility record for all small arms made for the Army. ARRCOM maintains accountable property records for loans to organizations such as the Director of Civilian Marksmanship (DCM); and for loans to non-DOD activities such as the Federal Bureau of Investigation (FBI), United States Secret Service (USSS), United States Customs Service (USCS); or rifle clubs, educational institutions, and veterans' organizations.

(3) Requests for loan of arms which are type classified standard (logistics control code A or B) will be filled with the lowest type classified items available.

(4) Borrowers of Army arms will be fully responsible for the care, custody, and proper use of loaned materiel. Physical security measures must be equal to or greater than the minimum requirements set forth in Army Regulation 190-11 and Army Regulation 190-49.

(5) If borrowed arms are lost, stolen, or unaccounted for, the borrower must inform the lender (accountable property officer), the local police, and the FBI within 24 hours after discovery.

(6) This regulation does not apply to arms issued to Reserve Officers Training Corps units under the National Defense Act. Army Regulation 710-2 is applicable.

(b) *Loans to Civilian Activities (Other Than Rifle Clubs and Educational Institutions).*

(1) Arms and accouterments may be loaned by the Army to civilian authorities and to civilian activities as follows: (§ 623.5(c) covers rifle clubs and institutions.)

(i) For use in protection of public money and property (10 USC 4655).

(ii) Obsolete or condemned rifles (not more than 10), slings, and cartridge belts may be loaned to local units of any national veteran's organization for use by that unit in ceremonies. (For example, a funeral for a former member of the armed forces.) The organization must be recognized by the Veterans' Administration (VA) (10 USC 4683).

(iii) Arms and accouterments loaned to organizations listed in paragraph 623.5(c)(1) for a period of 1 year or less will be accounted for by ARRCOM. Loans of items that exceed 1 year will be accounted for by the DCM under paragraph 623.5(c).

(2) Requests for loan (or extension of loan) of Army arms and accouterments will be sent by requesting agencies through HQDA (DALO-SMD), (para 2, app B) to the Secretary of the Army. Requests received outside of this channel will be returned to the originator for direct submission to the address above.

(3) Requests approved by the Secretary of the Army (or Under Secretary) will be sent to ARRCOM, (para 12 app B) Rock Island, IL 61299, for completion of a formal loan agreement and issue of items.

(4) Requisitioning, accounting, and reimbursement procedures are given in § 623.4. However, upon receipt of signed copies of DD Form 1348-1 with the listing of verified serial numbers from

the consignee, the ARRCOM Arms and Accouterments Property Officer will send the required transaction data to the DOD Small Arms Serialization Program (DODSASP) at ARRCOM. These data will indicate that the small arms on loan to other Government agencies are accounted for under DOD Activity Address Code W52P41.

(5) Shipment and returns are described in Section 623.4 except as follows:

(i) The responsible property officer for materiel or loan will request disposition instructions from the accountable property officer when loaned materiel is no longer needed or at the end of the loan period. Loaned materiel may be withdrawn from the borrowing activity at any time to satisfy military requirements.

(ii) The accountable property officer will—

(A) Issue shipping instructions for the return of property to a designated installation. The letter of instruction will contain a MILSTRIP document number (AR 725-50) for each line item scheduled for return to be used for the shipment. The shipper will be directed to cite this document number on the shipping document.

(B) Prepare and submit to the receiving installation a prepositioned materiel receipt card (DOD Materiel Receipt Document (DD Form 1486)) (Document Identifier DWC) as advance notice of the shipment.

(1) Exception data will be annotated as follows: "Return of Loan from Other Government Agency—Report Receipt of Arms and Accouterments Accountable Property Officer, ATTN: DRSAR-MMD."

(2) A copy of the letter of shipping instructions (para (b)(5)(ii) above) will be inclosed with the prepositioned materiel receipt card for information.

(iii) Upon receipt at the receiving installation, property will be inspected immediately. Cost of repairing unserviceable items and cost of replacement, if irreparable, will be determined at time of inspection. The MILSTRIP receipt card will be mailed to the accountable property officer with estimated damage cost and detailed materiel condition as exception data.

(iv) Upon notification of materiel receipt, the accountable property officer will:

(A) Clear the loan record with a credit entry and process the receipt to the inventory records as an increase on hand to asset balance.

(B) Furnish receipted copies of the receiving document to the consignor and the responsible property officer closing the transaction.

(c) *Loans to Rifle Clubs and Educational Institutions.*

(1) *Authorization.* Arms and accouterments may be loaned to rifle clubs and educational institutions for periods established in table 2-2 under the following conditions:

(i) Rifled arms may be loaned to civilian rifle clubs for promotion of marksmanship training among able-bodied US citizens (10 USC 4308).

(ii) Arms, tentage, and equipment, as the Secretary of the Army deems necessary, may be loaned to an educational institution to provide proper military training where there is no ROTC, but there is a course in military training prescribed by the Secretary of the Army and there are at least 100 physically fit males over 14 years of age (10 USC 4651).

(iii) Magazine rifles and appendages may be loaned to schools having a uniformed corps of cadets of sufficient number for target practice. Models loaned must not be in use at the time, or needed for a proper reserve supply (10 USC 4652).

(iv) Ordnance and ordnance stores may be loaned to Washington, DC, high schools for military instruction and practice (10 USC 4653).

(v) Obsolete ordnance and ordnance stores may be loaned to educational institutions and to State soldiers', sailors', and orphans' homes for drill and instruction if recommended by the Governor of the state or territory concerned (10 USC 4685).

(2) *Director of Civilian Marksmanship (DCM).* The President may detail an officer of the Army or Marine Corps as Director of Civilian Marksmanship (10 USC 4307). The DCM is responsible for—

(i) Control and accountability of Army materiel issued to civilian rifle clubs;

(ii) Policies and procedures for the issue of arms and ammunition to civilian rifle clubs; and

(iii) Ensuring proper bonding of clubs before issue of Army materiel. The Secretary of the Army has further made the DCM similarly responsible for loans to institutions (schools).

(3) *Property transactions.* US Army Armament Materiel Readiness Command (ARRCOM) will transfer accountability for materiel shipped to civilian rifle clubs and institutions to the DCM. The DCM will keep a mission stock record account for these items as shown in Army Regulation 710-2. In addition, the account will note all property transactions between the DCM and civilian rifle clubs and institutions as follows:

(i) Loan and return of arms and accouterments to (from) civilian rifle clubs and institutions will not be posted to the accountable record as loss or gain vouchers. They will be posted as "loan transactions" with the DCM retaining accountability. In addition to debit, credit, and adjustment voucher files, the DCM accountable property officer will keep a "loan voucher" file in two sections; e.g., "active" and "terminated."

(A) The active section (suspense for items on loan) will contain DD Form 1348-1 or a letter acknowledging receipt of the items. (The signature of the borrower will be according to para (4) (v) or (vi) below.) This section will contain a folder for each activity serviced by the DCM. The active loan vouchers will be filed in National Stock Number and voucher number sequence. This section serves as the DCM loan record.

(B) The terminated section (for items no longer on loan) will contain the original loan shipping document (loan voucher). The return receipt document which terminates the loan will be attached. The receipt document will contain the original shipping document number and the return advice code "IQ."

(ii) Shipments of expendable items (e.g., ammunition, targets, etc.) will be posted as a credit to the accountable record. Accountability will be dropped (These items are deemed to have been consumed at the time of issue).

(iii) Expendable items returned by rifle clubs and institutions will be posted to the accountable record as a debit voucher. The DCM will determine disposition of these items.

(4) Requisition procedures.

(i) The DCM will prepare requisitions based on information from the rifle clubs or institutions. DA Form 1273 (Requisition for Articles Authorized for Issue to Civilian Rifle Clubs) will be used. Two completed copies of the requisition will be sent to the requester.

(ii) The rifle club or institution will complete the form and return one signed copy to the DCM, HQDA, Secretary Field Directorate Marksmanship (SFD), (para 7, app B) and keep one copy for file.

(iii) On receipt of the signed copy of DA Form 1273, the DCM will take proper issue action. When more arms are required by the DCM, a DD Form 1348 will be prepared and sent to the Secretary of the Army for approval (AR 725-50).

(iv) The supply source responsible for the loan will ship the materiel directly to the rifle club or school.

(v) DD Forms 1348-1 received with the shipment or by mail, will be annotated and signed by the person

authorized to receive and sign for property for the rifle club or school. The quantity and condition of the items received will be entered thereon. This entry will be based on a physical check and inspection of the materiel. Serial numbers of items received (if applicable and not noted) will also be entered. Two of the completed copies will be signed by the person authorized to sign for the club or institution. They will be mailed to the DCM, HQDA Secretary Field Directorate Marksmanship (SFD). The third completed copy will be kept in the unit's file.

(vi) If a DD Form 1348-1 is not received with the shipment or is not received by mail, a receipt letter will be sent to the DCM. It will set forth the nomenclature, quantities, condition, and serial numbers (of serial-numbered items) of all property received. This letter will be sent as soon as possible after receipt of the property. The receipt letter will be used by the DCM as a loan voucher. One copy will be recorded in the voucher register and placed in the voucher file. The loan action will be posted to the DCM stock record account.

(5) Property returns.

When property is returned by civilian rifle clubs or institutions, the DCM will prepare seven copies of the DD Form 1348-1. Five copies will be mailed to the rifle club or institution; one will be kept in suspense in the club's or institution's jacket file; and one will be sent to the US Army Management Systems Support Agency (USAMSSA), Wash., DC 20310, to update the "rifles intransit program." The rifle club or institution will enter on the five copies the shipment date, how shipped, the quantity shipped, and other necessary data not entered by the DCM and distribute the five copies as follows:

(A) Two copies to the consignee (receiving depot, arsenal, or installation). One copy of the DD Form 1348-1 received by the consignee will be used to tally the shipment and to account for property received. The other copy will be signed by the accountable property officer (or representative) and will be sent to the DCM to terminate the open receipt in the loan voucher file.

(B) One copy with the shipment.

(C) One copy to the DCM, HQDA (SFD), accompanied by the bill of lading (where available).

(D) One copy retained by the rifle club or institution.

(6) *Lost, damaged, or destroyed property.* Loss, damage, or destruction of property in the possession of a rifle club or institution will be reported within 24 hours by telephone to the DCM (202-693-6460), the local police, and the FBI. All public and local laws must be complied with. Rifles and other

equipment (except ammunition) that becomes unserviceable will be reported to the DCM by the club or institution. The DCM will give instructions for return of the equipment without expense to the government. Any equipment damage or loss that is the fault of the club or institution will be determined by a report of survey (AR 735-11). The club or institution must then reimburse the DCM. The DCM may replace damaged equipment after reimbursement. Government property lost or destroyed without fault or neglect on the club's part will be replaced, if replacements are available. The club will pay only shipping and handling charges.

§ 623.6 Reimbursement for loan of Army materiel.

(a) *Reimbursement Policies and Procedures.*

(1) *Policies.*

(i) DA elements do not program for costs related to loan of Army materiel.

(ii) Loans to non-DOD Federal activities are made on the basis that there will be no extra cost to the Army. Costs that are in addition to normal Army operating expenses will be reimbursed by the borrower. This provision will be a part of the loan agreement.

(iii) In cases of aircraft piracy, civil disturbance, disaster relief, or protection of the President or visiting dignitaries, emergency support will not be withheld for lack of a formal reimbursement agreement. In these cases, the supporting Army element will absorb initial costs (within existing fund availability). Reimbursement will be coordinated later.

(iv) Loans made under the provisions of Title 10 USC 2667 will provide that the borrower must pay a fair monetary rental. The fair monetary rental will be determined on the basis of prevailing commercial rates or computed by sound commercial accounting practices including a return on capital investment and administrative cost as well as depreciation. Leases made under this code section will include a provision establishing the rental cost of the materiel and method of payment.

(v) The Army National Guard (ARNG) is responsible for reimbursement of costs, over and above normal DA operating expenses, related to the borrowed Army materiel.

(vi) Support to the United States Secret Service (USSS) will be on a reimbursable basis except for costs directly related to protection of the President or Vice President. Requests for reimbursement for all other support for USSS will be according to AR 37-27.

(vii) The cost of emergency support will be billed directly to the recipient.

(2) *Procedures.*

(i) The Army accountable property officer handling the loan of DLA stock fund items will coordinate DLA billings and borrower reimbursement. The borrower can make payment directly to the Defense Stock Fund.

(ii) Installation financial accounting for "accounts receivable" will conform with Army Regulation 37-108.

(iii) The finance and accounting office (FAO) supporting the supplying accountable property officer will record all charges, including accounts receivable of Army Stock Fund offices (or branch offices), in separate ledger accounts for each borrower.

(iv) Charges and collections recorded in each loan account will be reported per Army regulations and directives prescribing the reporting of the fund status in any current fiscal year.

(v) Billing will be initiated on Standard Form 1080, and sent to the borrower within 30 days of turn-in of materiel and loan termination. For loans of arms and accouterments and issue of ammunition pursuant to 10 U.S.C. 4655, the Standard Form 1080 will be annotated to show that collections are to reimburse DA appropriations.

(vi) Special appropriations established to support disaster relief will be used promptly by Army commanders concerned to ensure that all direct expenses are charged to the special appropriation. Exclude those charges subject to reimbursement by the American National Red Cross (ANRC). ANRC reimburses for supplies, materiel, and services for which they are responsible in the disaster area.

(b) *Reimbursable Costs.* Unless specifically stated, borrowing agencies, authorities, and activities will reimburse the Army for all costs related to loan of Army materiel to include but not limited to the following:

(1) Any overtime pay and pay of additional civilian personnel required to accompany, operate, maintain, or safeguard borrowed equipment.

(2) Travel and per diem expenses of Army personnel (military and civilian).

(3) Packing, crating, handling, and shipping from supply source to destination and return. This includes port loading and off loading.

(4) All transportation including return for repair or renovation.

(5) Hourly rate for the use of Army aircraft.

(6) Petroleum, oil, and lubricants (POL) (including aviation fuel).

(7) The cost of materiel lost, destroyed, or damaged beyond economical repair except for Army

aircraft, motor vehicles, or motor craft used in connection with aircraft piracy.

(8) Utilities (gas, water, heat, and electricity). Charges will be based on meter readings or other fair method.

(9) Any modification or rehabilitation of Army real property which affects its future use by DA. In such cases the borrower will also bear the cost of restoring the facility to its original form.

(10) Repair/overhaul of returned materiel. Renovation and repair will conform with agreement between the Army and the borrower. (See para (e)(1) of this section.)

(11) Repair parts used in maintenance or renovation.

(12) Price decline of borrowed stock fund materiel at which returned property can be sold.

(c) *Nonreimbursable Costs.* The following costs are normal operating expenses of the Army for which no reimbursement is required:

(1) Regular pay and allowances of Army personnel (except travel) and per diem costs.

(2) Administrative overhead costs.

(3) Annual and sick leave, retirement, and other military or civilian benefits except as provided in certain cases; e.g., Army Industrial Fund regulations.

(4) Telephone, telegram, or other electrical means used to requisition items, replenish depot stocks, or coordinate the loan.

(5) Charges for the use of Army motor vehicles and watercraft except POL and per diem costs (para (b) of this section).

(6) The use of real property (except as required for utilities, modification, etc.).

(d) *Funding Records.*

(1) Records of all costs (other than normal operating expenses), related to loans of Army materiel, will be kept at the accountable property officer level by the supporting finance and accounting office. This will be done within existing Army financial accounting systems.

(2) Separate subsidiary general ledger accounts and/or files of documents showing the total value of all issues and materiel returned for credit, and supporting documentation will be set up by the finance and accounting office. The accounts will be kept current for each loan action so reports may be made as prescribed; and so that accounts receivable can be processed for billing and collection action.

(e) *Determination of Charges and Settlement.*

(1) Returned materiel will be promptly classified by a qualified inspector with action as follows:

(i) Materiel classified as unserviceable, uneconomically repairable will be billed at 100 percent of value.

(ii) Materiel classified as unserviceable, economically repairable will be billed for reduced utility (if appropriate) as well as for repair/overhaul costs.

(iii) The depreciation of borrowed materiel will be determined by technical inspectors according to Army Regulation 735-11. When qualified inspectors are not available, returned property will be received with "condition" shown as "subject to final classification by DA." Accountable property officers will complete classification promptly so charges and billing can be made within 30 days of return of materiel.

(2) All returned property which needs repair will be examined by a technical inspector to find cost of repair. Then the accountable property officer will prepare a property transaction record with supporting documents. These records will be sent to the proper MACOM commander or CINC of UCOM for final review. They will include—

(i) A statement on the transaction record identifying the financial account to which the reimbursement money is to be deposited.

(ii) A statement on the transaction record (if appropriate) as follows: "The losses and/or damages shown on the Property Transaction Record in the amount of \$—— represent the total claim by the US Army for property loaned to——. Upon settlement and deposit to the proper account, lender releases the—— from further obligations."

(iii) A description of the type and degree of repair (separate addendum).

(3) After the final review, an approved list of charges will be sent to the servicing finance office for collection. The property will be released for repair and returned to stock.

(4) The finance office will send a letter to the borrower requesting payment (payable to the Treasurer of the United States). Upon payment, collection documents will be prepared and fiscal accounts credited. The MACOM or UCOM Surgeon will ensure the stock fund is reimbursed for expendable medical supply losses reported.

(5) The finance office will advise the loaning accountable property officer that settlement has been made. Property transaction records will be closed.

(6) The approving authority will then return the bond to the borrower.

(7) The value of supplies and equipment returned to the Army will be credited to the account originally debited at the time of issue. FDAA Regional Directors may find that it is not in the public interest to return borrowed materiel that has not been consumed,

lost, or damaged. They will negotiate with the CONUS Army concerned for proper reimbursement for the borrowed materiel not returned.

(f) Delinquent and Uncollectable Accounts.

(1) In cases of unsatisfactory settlement, bond proceeds will be used to satisfy the claim.

(2) If this does not settle the account, then 6 months after the final report and after all collection efforts have failed—

(i) Servicing finance offices will send delinquent "accounts receivable" reports to commanders of CONUS Armies and DARCOM readiness commands, and to CINCs of UCOMs, by forwarding—

(A) Duplicate copies of Standard Form 1080 billing documents showing complete accounting classification to which reimbursement is to be credited.

(B) Duplicate copies of all supporting documents.

(C) One copy of any correspondence showing the reason(s) for nonpayment of the account.

(ii) The CONUS Army Commanding General, CINC of UCOM, or Commanding Generals of DARCOM Materiel Readiness Commands, will also try to collect for these delinquent accounts. If all efforts fail, these accounts, (with any delinquent accounts applicable to billings initiated within their own headquarters) will be sent to the Director of Comptroller Systems, HQDA (DACA-BUS). (Para 1, app B). The letter of transmittal will state that the accounts are transferred according to this regulation. A copy will be sent to the FAO handling the accounts. The FAO will then transfer the account to inactive status. A Standard Form 1017G (Journal Voucher) will be prepared showing a debit to account 3052 (Transfer of Accounts Receivable) and a credit to the proper accounts receivable.

(iii) Appropriations available to the accountable property officer or installation will be used for reimbursing; e.g., the Army Stock Fund or Army Industrial Fund accounts. Any later reimbursements received will be credited to the Army appropriation from which payment was made.

(3) Upon receipt of the accounts included in (f)(2) above, the Comptroller, HQDA (DACA-BUS), will take further collection action under normal operating procedures. All later collection action is the responsibility of the Comptroller. Accounting records and reports will conform with normal procedures. When further collection effort by the Comptroller fails, these accounts will be dropped from receivable balances of the Army. They will be referred to the General Accounting Office (GAO).

§ 623.7 Reports.

(a) *General.* Reports of Army materiel loaned to non-DOD activities must be forwarded as described below.

(b) Aircraft Piracy.

(1) Commands and agencies providing aircraft piracy support will initially report through command channels by telephone to the HQDA, (DAMO-ODS). (Para 4, app B.) (d) Civil Disturbances.

(1) Requests to meet civil disturbances are of two types:

(i) Type I—Requests to meet an urgent need during an actual disorder.

(ii) Type II—Requests in anticipation of an imminent civil disorder.

(2) Approving authorities, other than the Secretary of the Army, will prepare reports (RCS DD-A(AR)1112) on all requests for loan of Army materiel to support civil disturbances. The reports will be sent within 2 working days after receipt of the request. They will be prepared in the format shown in Army Regulation 500-60. They will also serve as "the request" when no other written request is available.

(3) The reports will be sent to the (HQDA (DAMO-ODS)). When reports are received from unified or specified commands, ODCSOPS will send an information copy to the Joint Chiefs of Staff (JCS) National Military Command Center (NMCC).

(5) Reports of civil disturbance operation costs (RCS DD-A(AR)1112) also will be prepared as shown in Army Regulation 500-60.

(e) *Disaster Assistance.* When Army materiel is loaned in support of disaster assistance, CONUS Army Commanding Generals and UCOM CINCs will send reports as follows:

(1) *Initial reports.* Initial reports will be made by telephone to the Commanding General, FORSCOM (AUTOVON 588-3912), who will, in turn, telephone the report to the Military Support Division, ODCSOPS, AUTOVON 225-2003 or 7045). This will be followed within 12 hours by a Tempest Rapid Materiel Report in message form and sent electrically. The message report will be prepared according to Army Regulation 500-60.

(2) *Daily message reports.* Tempest Rapid Daily Materiel Reports of Army materiel loaned to support disaster relief will also be sent by electrically transmitted message. The reports will cover the 24-hour period from 0601Z to 0600Z. The reports must arrive at the HQDA (DAMO-ODS), no later than 1100Z the same day. Daily reports will be sent according to the format in Army Regulation 500-60 except that Part III will not be included. Also, "no change reports" may be made by telephone. On the day of the last daily message report include the words FINAL DAILY REPORT in the subject line.

(3) *Final reports.* In addition to the final Tempest Rapid Daily Materiel Report, a final report on military assistance provided will be sent within 45 working days of termination of disaster assistance. The CONUS Army Commanding General will send the report by 1st Class Mail through the Commanding General, FORSCOM, to the HQDA (DAMO-ODS). The final report will include—

(i) An historic account of the disaster.

(ii) Cumulative totals of support given.

(iii) A statement of accomplishments.

(iv) Actual or estimated expenses excluding costs incurred by the Corps of Engineers under PL 84-99. Costs will be reported by Service by appropriation, using three columns to identify normal costs, incremental costs, and total costs.

(vi) Lessons learned.

(4) *Information copies.* Information copies of all reports will be sent to the proper HUD Regional Directors for FDAA and DCPA Regional Offices.

(5) *Additional information.* Additional information may be needed by Federal officials. Normally, such requests will be telephoned by ODCSOPS Military Support Division to the Commanding General, FORSCOM.

(6) *Pollution spills.* The Commanding General, FORSCOM, will report committal of Army resources to the HQDA (DAMO-ODS), by the fastest means. Daily and final Tempest Rapid Materiel Reports will be sent with "not applicable" shown in paragraphs 8, 9, and 10 of the report.

(f) *Drugs and Narcotics Interdiction Program.*

(1) Army staff agencies will submit monthly status reports of actions that support this program. The reports will be as of the last day of June and December, respectively. Reports will be sent to HQDA (DAMO-ODS), 4 working days after the end of the designated months. Reports will summarize all support during the period to include pending or terminated support plus estimated cost of items.

(2) Based on information received in these reports, ODCSOPS will prepare a report of the drug and narcotics interdiction assistance given by the Army. This report will be sent through the Army Chief of Staff to the Secretary of the Army.

(g) *United States Secret Service (USSS).* Army commands and agencies providing materiel support (routine or urgent) to the USSS will report any significant problems or deviation from the approved request at once. Reports will be telephoned through command channels.

(h) *Other Reports.* Active Army accountable property officers will make semiannual reports on open loans. The reports will be prepared as of the last day of July and December. They will be sent by the 15th day of the following month. These reports will include the items on loan, quantity, dollar value, and duration of the loans. c. Effect emergency repairs to, or the emergency restoration of, vital utilities and facilities destroyed or damaged by any such attack (JCS Pub 1).

The President of the United States has delegated to the Secretary of the Army (or to his designee, the Under Secretary of the Army) authority, as Executive Agent, to approve certain loans of DOD materiel to non-DOD activities. (See table 2-1.) Other "approving authorities" act as "Executive Agents" for the US Government, but do not have that title.

Federal agency. Any department, independent establishment, government corporation, or other agency of the executive branch of the Federal Government, except the ANRC.

Federal Coordinating Officer (FCO). The person appointed by the President to operate under the HUD Regional Director for Federal Disaster Assistance Administration to coordinate Federal assistance in Presidentially declared emergency or major disaster.

APPENDIX C AGREEMENT FOR LOAN OF US ARMY MATERIEL (DA FORM 4881-R)

AGREEMENT FOR THE LOAN OF US ARMY MATERIEL

For use of this form, see AR 700-131, the proponent agency is DCSLOG.

NOTE: For loan/lease pursuant to 10 USC 2667, see Army Defense Acquisition Regulation Supplement (ADARS), paragraph 16-553, for prescribed agreement.

This form will be used to enter into agreements relative to the loan of Army materiel between the United States Army and —

1. Non-DOD Federal departments and agencies. 2. Civil authorities. 3. Civilian activities.

Paragraphs below are applicable to all three cases, as cited above, unless otherwise specified at the beginning of each paragraph.

This loan agreement is entered into, by, and between the United States of America, hereinafter called "the lender,"

represented by (b) _____

for the purpose of entering into this agreement; and (a) _____

hereinafter called "the borrower," represented by (c) _____

for the purpose of entering into this agreement.

1. PURPOSE. Under the authority of (d) _____, the lender hereby lends to the borrower and the borrower hereby borrows from the lender the Government materiel, hereinafter called "the materiel," listed and described in Exhibit 1 hereto attached and incorporated by reference into

the terms of this agreement, which materiel is required by the borrower for (e) _____

2. TERM. This loan of materiel is intended to meet a temporary need covered by federal law. The borrower will keep

the materiel only for the period of (f) _____. Loans may be renewed, if justified, and requested by the borrower and approved by the lender. Nevertheless, the lender may revoke and terminate this agreement and demand return of the materiel in whole or in part at any time.

3. CONDITIONS. This agreement is predicated upon the following conditions:

a. The lender will make every effort to ensure that each item of the materiel is furnished to the borrower in a serviceable and usable condition according to its originally intended purpose. However, if the use for which the materiel is loaned will permit, materiel of a lesser condition will be loaned. This lesser condition will be noted on the appropriate loan documents. Nevertheless, the lender makes no warranty or guarantee of fitness of any of the materiel for a particular purpose or use; or warranty of any type whatsoever.

b. The borrower will appoint a representative for the purpose of making joint inspection and inventory of all materiel when the borrower physically picks up or returns the borrowed materiel. Upon pickup (or receipt after shipment) of the borrowed materiel, the chief of the borrowing activity (or his authorized representative) will sign the appropriate documents acknowledging receipt and possession of the materiel. Upon return of the materiel to the Army, the borrower will certify that "the quantities listed in the shipping document(s) are correct." In instances where borrower representatives, authorized to receive and sign for borrowed materiel, are not available when the materiel is delivered, all claims for costs related to the loan will be valid.

c. The borrower is responsible for care and maintenance of borrowed materiel during the term of the loan. The borrower will provide sufficient personnel and facilities to adequately operate, maintain, protect, and secure the borrowed materiel. The borrower will maintain the materiel in a serviceable condition and ascertain that it is returned to the Army in as good a condition as when it was loaned (fair wear and tear excepted). Records of maintenance performed will be kept and returned to the Army with the borrowed materiel. (NOTE: When appropriate, the borrowing activity will place the materiel in a "properly preserved" status prior to or upon return.)

d. The borrower will store, safeguard, and secure high value items, or arms in a manner consistent with common practice, public law, and local ordinances.

e. The borrower will prevent misuse of borrowed materiel; or its use by unauthorized persons.

f. The borrower will neither make nor permit any modification or alteration of any borrowed materiel except with permission of the approving authority for the loan.

g. The borrower will not mortgage, pledge, assign, transfer, sublet, or part with possession of any borrowed materiel in any manner to any third party either directly or indirectly except with the prior written approval of the lender.

h. At all times the lender shall have free access to all loaned materiel for the purpose of inspecting or inventorying it.

i. The borrower will return borrowed materiel to a location designated by the lender when the materiel is no longer needed; upon termination of the loan period (including any approved extension); or upon demand therefore by the lender. The lender will provide documents to be used by the borrower to return the materiel.

j. (Applicable to agreements involving the loan of an Army building.) The building will not be moved. Upon termination of its use, the borrowing activity will vacate the premises, remove its own property therefrom, and turn in all Government property.

4. PAYMENT. The borrower will reimburse the lender for expenses incurred in connection with this loan as provided below:

a. (Applicable to loan agreements with civil authorities — except for FDAA requested disaster assistance — and civilian activities only.) Before delivery of any materiel by the lender, the borrower will post with the approving authority a surety bond and a certified bank check, a cash deposit, US Treasury bonds, or bonding company bond in the amount of the total value of the materiel as shown in Exhibit I. (See paragraphs 2-3a(1) and 2-3a(2), AR 700-131, for exceptions where a "double bond" is required.) The bond, marked Exhibit II, is hereto attached and incorporated by reference into the terms of this agreement.

b. (Applicable to loan agreements with civil authorities — except for FDAA requested disaster assistance — and civilian activities only.) Should the borrower fail to return any of the borrowed materiel or fail to reimburse the lender within 30 days after receiving a request for payment of expenses, the bond shall be forfeited as liquidated damages in an amount equal to the expense to the Government.

c. (Applicable to loan agreements with civil authorities — except for FDAA requested disaster assistance — and civilian activities only.) Payment of liquidated damages by forfeiture of any portion of the bond to the Government shall not operate as a sale to the borrower of any of the materiel available to be returned, but not returned to the lender, nor to extinguish the lender's right to have the available missing materiel returned. Should the borrower later return to the lender any of the missing materiel on account of which a portion of the bond was forfeited as liquidated damages, the borrower shall be entitled to recoup from the lender a sum equal to 90 percent of the price of the returned materiel as shown on Exhibit I, less an amount in payment for expenses, if any, computed in accordance with Chapter 6, AR 700-131, and less an amount for depreciation.

d. (Applicable to loan agreements with civil authorities and civilian activities only.) If the normal life expectancy of borrowed materiel can be determined by reference to applicable military publications, the amount to be assessed for depreciation shall be computed by the straight line method using the price shown on Exhibit I and the date of expiration or termination of this loan as initial points. When normal life expectancy is not established by applicable military publications, the amount for depreciation shall be computed by the same method, applying a uniform depreciation rate of 50 percent per annum.

e. (Applicable to loan agreements with civil authorities and civilian activities only.) The borrower will assume all responsibility for Army claims arising from the possession, use, or transportation of the borrowed materiel; and, agrees to hold the lender harmless from any such claims and liability. The borrower will protect the interests of the lender by procuring comprehensive insurance for all borrowed materiel to include coverage for liability, property damage, fire, and theft; and deductible collision insurance for motorized vehicles. The borrower will file duplicate copies of such insurance policy(ies) with the lender and prepare accident reports in accordance with existing laws and local ordinances.

f. The borrower will bear the cost of pickup and return of borrowed materiel; and, will reimburse the lender for costs incurred incident to packing, crating, handling, movement, and transportation of the materiel.

g. The borrower will reimburse the lender for any expenses necessary to repair, rehabilitate, or preserve the materiel following its return to the lender. (NOTE: Of any borrowed materiel, unless depreciation is significant.)

h. The borrower will reimburse the lender (as indicated and at the price shown on Exhibit I) for the cost of all of the expendable materiel (including, but not limited to, petroleum, oil, and other lubricants) used or consumed during this loan.

i. The borrower will reimburse the lender for costs incident to the pay of Army personnel who may be temporarily required to operate, maintain, guard, or otherwise attend to borrowed Army materiel. This includes travel and per diem costs for both Army uniformed and civilian personnel, and regular salary and overtime costs for Army civilians.

j. The borrower will reimburse the lender for any other expense to the lender arising in connection with the loan of Army materiel.

k. (Applicable to loan agreements with Federal departments and agencies only.) The lender will indicate the specific accounting classification(s) against which any charges as enumerated above will be charged.

5. OFFICIALS NOT TO BENEFIT. No member of or delegate to Congress shall be admitted to any share or part of this loan or to any benefit arising in connection with it.

6. CONTINGENCY FEES. No person or agency acting for or on behalf of the borrower to solicit or obtain this loan shall be paid any commission, percentage, brokerage, or contingent fee in any way connected with this loan.

7. DISPUTES. Any disputes concerning a question or fact arising under this loan agreement which are not mutually disposed of by the lender and the borrower shall be decided by the Secretary of the Army as the Government's Executive Agent, or by his designee.

COMMUNITY SERVICES
ADMINISTRATION

45 CFR Part 1076

Rural Development Loan Program

AGENCY: Community Services Administration.

ACTION: Final rule.

SUMMARY: The Community Services Administration is filing a final rule governing its Rural Development Loan Program authorized under Title VII, Part C, of the Economic Opportunity Act of 1964, as amended. This final rule details the policies governing the Program, eligible applicants, the procedures to be followed in applying for financial assistance, and the post-award requirements. CSA will make guarantee loans under this Program based on the policies in this final rule.

EFFECTIVE DATE: This rule is effective October 20, 1980.

FOR FURTHER INFORMATION CONTACT: James V. Digilio, Chief, Program Development and Demonstration Division, Office of Economic Development, Community Services Administration, 1200 19th Street, N.W., Washington, D.C. 20506 (202) 254-5320.

SUPPLEMENTARY INFORMATION: Based on its published criteria, CSA has determined that this is a significant rule.

The Rural Development Loan Fund currently authorized under Title VII, Part C, Section 731 of the Economic Opportunity Act of 1964, as amended (EOA), grew out of the Title III-A rural loan program, a program established in 1964 by the EOA which authorized a revolving loan fund. Congress shifted the program to Title VII-C in 1972 and amended this Title in 1974 and 1978. The amendments include the transfer of the remaining assets of the Title III-A program to the new Revolving Loan Fund under Title VII and broadened the class of community-based eligible borrowers.

These regulations are the first to be developed for the Rural Development Loan Fund Program under Title VII-C.

The Rural Development Loan Fund Program covers two distinct types of loan and guaranty making mechanisms. The first is direct assistance, i.e., loans and guaranties made by CSA directly to eligible borrower organizations
