respect to gasohol use by other agencies, shall issue such guidelines for the implementation of this Order as they deem appropriate.

(b) Such guidelines shall provide for a determination of reasonable prices and reasonable quantities based on the local prevailing price of unleaded gasolines, the octane requirements for vehicles in the Federal fleet, local market availability of gasohol or its components, and other such factors, as may be appropriate.

7 CFR Part 907

[Navel Orange Reg. 504]

Navel Oranges Grown in Arizona and Designated Part of California; Limitation of Handling

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This regulation establishes the quantity of fresh California-Arizona navel oranges that may be shipped to market during the period January 9, 1981–January 15, 1981. Such action is needed to provide for orderly marketing of fresh navel oranges for this period due to the marketing situation confronting the orange industry.

EFFECTIVE DATE: January 9, 1981.

FOR FURTHER INFORMATION CONTACT: Malvin E. McGaha, 202–447–5975.

SUPPLEMENTARY INFORMATION: *Findings.* This regulation is issued under the marketing agreement, as amended, and Order No. 907, as amended (7 CFR Part 907), regulating the handling of navel oranges grown in Arizona and designated part of California. The agreement and order are effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674). This action is based upon the recommendations and information submitted by the Navel Orange Administrative Committee and upon other available information. It is hereby found that this action will tend to effectuate the declared policy of the act.

This action is consistent with the marketing policy for 1980–81 which was designated significant under the procedures of Executive Order 12044. The marketing policy was recommended by the committee following discussion at a public meeting on October 14, 1980. A final impact analysis on the marketing policy is available from Malvin E. McGaha, Chief, Fruit Branch, F&V, AMS, USDA, Washington, D.C. 20250, telephone 202–447–5975.

The committee met again publicly on January 6, 1981 at Los Angeles, California, to consider the current and prospective conditions of supply and demand and recommended a quantity of navels deemed advisable to be handled during the specified week. The committee reports the demand for navel oranges is good on size 88's and larger and easier on smaller sizes.

It is further found that there is insufficient time between the date when information became available upon which this regulation is based and when the action must be taken to warrant a 60-day comment period as recommended in E.O. 12044, and that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rulemaking, and postpone the effective date until 30 days after publication in the **Federal Register** (5 U.S.C. 553). It is necessary to effectuate the declared purposes of the act to make these regulatory provisions effective as specified, and handlers have been apprised of such provisions and the effective time.

1. Section 907.804 is added as follows:

§ 907.804 Navel Orange Regulation 504.

Order. (a) The quantities of navel oranges grown in Arizona and California which may be handled during the period January 9, 1981, through January 15, 1981, are established as follows:

(1) District 1: 776,000 cartons;
(2) District 2: 54,509 cartons;
(3) District 3: unlimited cartons;
(4) District 4: 24,000 cartons;

(b) As used in this section, "handled," "District 1", "District 2", "District 3", "District 4", and "carton" mean the same as defined in the marketing order.

FEDERAL RESERVE SYSTEM

12 CFR Parts 208 and 225

[Regulations H and Y; Docket No. R-0338]

Amendment to Requirements for Updating Transfer Agent Registration Information

December 30, 1980.

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Final rule.

SUMMARY: The Board of Governors of the Federal Reserve System has amended its Regulations H (12 CFR Part 208) and Y (12 CFR Part 225) to eliminate the requirement that registered transfer agents file amendments to their registration statement on Form TA-1 to reflect changes in previously filed information listing securities for which the institutions act as transfer agents. These amendments anticipate future action by the Board, the Office of the Comptroller of the Currency, the Federal Deposit Insurance Corporation and the Securities and Exchange Commission to substantially reduce information required by Form TA-1. It is anticipated that the revised Form TA-1 will not require the detailed information concerning individual issues which is presently required and thus no amendment requirement will be necessary. The Board has determined that it is appropriate to eliminate the amendment requirement at this time in order to reduce the burden on those transfer agents that would otherwise be required to file an amendment by January 30, 1981.

EFFECTIVE DATE: January 7, 1981.

FOR FURTHER INFORMATION CONTACT: Donald R. Vinnedge, Manager, Trust Activities Program, (202) 452-2717, or Walter R. McEwen, Attorney, (202) 452-2521, Division of Banking Supervision and Regulation, Board of Governors of the Federal Reserve System, Washington, D.C. 20551.

SUPPLEMENTARY INFORMATION: Regulation H (12 CFR 208.8(f)(2)) and Regulation Y (12 CFR 225.5(c)(2)) state in pertinent part that:

> Within thirty calendar days following the close of any calendar year * * * during which the information required by Item 7 of Form TA-1 becomes inaccurate, misleading or incomplete, the [registered transfer agent] shall file an amendment to Form TA-1 correcting the inaccurate, misleading or incomplete information.

The information required by Item 7 of Form TA-1 is shown on Schedule B of that form. Schedule B presently requires detailed information for each security issue serviced by the registrant as transfer agent, co-transfer agent, registrar, or co-registrar. This information consists of the name of the security, the type of security and class or series, the CUSIP number and the capacity in which the registrant acts on that issue. Schedule B also requires similar information for issues previously listed on Schedule B but no longer serviced by the registrant and for those situations in which the name of the issuer has changed or the capacity in which the registrant acts for the issuer has changed.

Staff of the Board, the SEC and the other Federal bank regulatory agencies have agreed that the information presently required on Schedule B is too detailed. Staff of the agencies are near agreement on a revised Form TA-1 which would require only aggregate statistical information. It is expected that in early 1981 the SEC and the Federal bank regulatory agencies will adopt a revised Form TA-1 that will substantially reduce the information presently required.

The Board has concluded that failure to revise 12 CFR 208.8(f)(2) and 12 CFR 225.5(c)(2) would result in an undue burden upon those State member bank transfer agents that would be required to file amended Form TA-1 at a time when the Board believes that the furnished information is unnecessary. Accordingly the Board is amending Regulation H and Y to eliminate the requirement to amend Form TA-1 within 30 calendar days of December 31 in order to update information presently required on Schedule B. Effective with this action, transfer agents may disregard the instruction on Form TA-1 that relates to the filing of this information (Instruction III-15).

The Board is also acting to amend Regulations H and Y by deleting 12 CFR 208.8(f)(4) and 12 CFR 25.5(c)(4) which were adopted in December, 1977 as temporary exemptive rules to permit registered transfer agents for which the Board is the appropriate regulatory agency to delay filing Schedule B which otherwise would have been due on January 30, 1978. The purpose of the extension was to provide registrants with sufficient time to accomodate their data processing systems to a new format required by a revision of Form TA-1. The purpose of the temporary exemptive rules has been met and the rules are presently unnecessary. Accordingly, the Board is acting to amend Regulations H and Y to delete the language of the temporary exemptive rules.

Because this action facilitates the reduction of a reporting burden, the Board for good cause finds that the notice and public procedure provisions of 5 U.S.C. 553 are unnecessary and that immediate implementation is in the public interest.

PART 208—MEMBERSHIP OF STATE BANKING INSTITUTIONS IN THE FEDERAL RESERVE SYSTEM

PART 225—BANK HOLDING COMPANIES AND CHANGE IN BANK CONTROL

1. The second sentence in 12 CFR 208.8(f)(2) is deleted.

2. 12 CFR 208.8(f)(4) is deleted in its entirety.

3. The second sentence in 12 CFR 225.5(c)(2) is deleted.

4. 12 CFR 225.5(c)(4) is deleted in its entirety.
