Discussion of Comments

On page 52121 of the **Federal Register** dated October 26, 1981, the Federal Aviation Administration published a Notice of Proposed Rulemaking which would amend § 71.171 of Part 71 of the Federal Aviation Regulations so as to establish a control zone near Columbus, Indiana. Interested persons were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA.

No objections were received as a result of the Notice of Proposed Rulemaking.

Adoption of Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, Part 71 of the Federal Aviation Regulations (14 CFR Part 71) is amended, effective March 18, 1982, as follows:

In § 71.171 (46 FR 455), the following control zone is added:

Columbus, Indiana

Within a 5-mile radius of Columbus Bakalar Municipal Airport (latitude 39°15'50"N, longitude 85°53'55"W). This control zone is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Directory.

(Sec. 307(a), Federal Aviation Act of 1958 (49 U.S.C. 1348(a)); sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c)); sec. 11.61, Federal Aviation Regulations (14 CFR 11.61))

Note.—The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a "major rule" under Executive Order 12291; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal; and (4) will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Issued in Des Plaines, Illinois, on January 4, 1982.

Paul K. Bohr,

Acting Director, Great Lakes Region.

DEPARTMENT OF COMMERCE

Office of the Secretary

15 CFR Part 0

Amendment to Employee Responsibilities and Conduct Regulations

AGENCY: Department of Commerce, Office of the Secretary.

ACTION: Final rule.

SUMMARY: The Commerce Department is proposing to amend its regulations on employee responsibility and conduct. The purpose of the proposed amendment is to revoke a provision of the Department's Standards of Conduct regulations which prohibits an employee from transacting any official business which chiefly affects a person by whom he has been employed or with whom he has had any economic interest within the preceding two years. The provision is unnecessarily restrictive and is revoked because the proper interests of the public and the Government are served by provisions elsewhere in the same regulations applying to situations that create an appearance of impropriety.

EFFECTIVE DATE: January 25, 1982.

FOR FURTHER INFORMATION CONTACT: Marilyn G. Wagner, Assistant General Counsel for Administration, (202) 377-5387.

SUPPLEMENTAL INFORMATION: This amendment pertains solely to a matter of agency personnel. Therefore, the provisions of 5 U.S.C. 553 requiring notice of proposed rulemaking and delayed effective date are inapplicable. The requirement for an initial or final regulatory flexibility analysis under the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, is also inapplicable. Further, this amendment is exempt from the requirements of Executive Order 12291. Since this amendment does not contain an information collection requirement, the Paperwork Reduction Act of 1980, 44 U.S.C. 3501 *et seq.*, does not apply.

This amendment has been reviewed and approved by the Office of Government Ethics.

PART 0—EMPLOYEE RESPONSIBILITIES AND CONDUCT

For this reason, Part 0, Subtitle A of Title 15, Code of Federal Regulations, is amended as set forth below: By revising § 0.735-13(b) to read as follows:

§ 0.735-13 Financial interests

(b) No employee shall participate in any manner, on behalf of the United States, in the negotiation of contracts, the making of loans, and grants, the granting of subsidies, the fixing of rates, or the issuance of valuable permits or certificates, or in any investigation or prosecution, or in the transaction of any other official business, which affects chiefly a person with whom he has any economic interest or any pending negotiations concerning a prospective economic interest, except with express prior authorization as provided for in Subpart G of this part.

FEDERAL TRADE COMMISSION

16 CFR Part 13

[Docket C-3080]

Tomy Corporation; Prohibited Trade Practices, and Affirmative Corrective Actions

AGENCY: Federal Trade Commission.

ACTION: Final order.

SUMMARY: In settlement of alleged violations of federal law prohibiting unfair acts and practices and unfair methods of competition, this consent order requires a Carson, California corporation, among other things, to cease, in connection with the advertising, distribution and sale of any doll house, accessory, or other toy product, misrepresenting that any collection of products is a set, unless all the products depicted are available for purchase as a set. The firm is prohibited from misrepresenting the availability of any product; describing two or more toys in any advertisement which cannot

be purchased as a set, unless accompanied by a disclosure that such products are sold separately; and failing to distribute a copy of the order to all operating divisions, including any entity engaged in the preparation of the firm's advertising.

DATES: Complaint and order issued Jan. 6, 1982.[1]

FOR FURTHER INFORMATION CONTACT: FTC/PA, Judith Wilkenfeld, Washington, D.C. 20580 (202) 724-1467.

SUPPLEMENTARY INFORMATION: On Monday, August 24, 1981, there was published in the **Federal Register**, 46 FR 42681, a proposed consent agreement with analysis In the Matter of Tomy Corporation, a corporation, for the purpose of soliciting public comment. Interested parties were given sixty (60) days in which to submit comments, suggestions or objections regarding the proposed form of order.

A comment was filed and considered by the Commission. The Commission has ordered the issuance of the complaint in the form contemplated by the agreement, made its jurisdictional findings and entered its order to cease and desist, as set forth in the proposed consent agreement, in disposition of this proceeding.

The prohibited trade practices and/or corrective actions, as codified under 16 CFR Part 13, are as follows: Subpart—Advertising Falsely or Misleadingly: § 13.10-1 Availability of merchandise and/or facilities; § 13.205 Scientific or other relevant facts. Subpart—Corrective Actions and/or Requirements: § 13.533 Corrective actions and/or requirements; § 13.533-20 Disclosures; § 13.533-45 Maintain records. Subpart—Disseminating Advertisements: § 13.1043 Disseminating advertisements. POSTAL SERVICE

39 CFR Part 111

Northern Mariana Islands; Mail Security Regulations

AGENCY: Postal Service.

ACTION: Final rule.

SUMMARY: This rule authorizes postal employees in the Northern Mariana Islands to cooperate with customs officials of the Government of the Northern Mariana Islands by permitting them to examine the exterior of mail entering the Islands which may contain dutiable or prohibited articles and to open, without a search warrant or the consent of the sender or addressee, such incoming mail as the Postal Service has authority to open without a search warrant or consent. This extends to customs officials of the Northern Marianas the same cooperation which is authorized to be given by postal employees in Guam and American Samoa to customs officials of the Government of Guam and the Government of American Samoa, respectively, and by postal employees in the U.S. Virgin Islands to officials of the U.S. Customs Service in the Virgin Islands, under existing postal regulations.

EFFECTIVE DATE: February 24, 1982.

FOR FURTHER INFORMATION CONTACT: Scott L. Reiter, (202) 245-4620.

SUPPLEMENTARY INFORMATION: The Postal Service published this proposal in the **Federal Register** for comment on September 15, 1981, 46 FR 45787. An explanation of the purposes of the proposal accompanied it. Written comments were received from the Government of the Northern Mariana Islands, which is the entity most affected by the proposal, indicating its full concurrence with the proposed regulations. No other person or entity commented for or against the proposal. Accordingly, the Postal Service hereby adopts, without change, the following amendment of the Domestic Mail Manual, which is incorporated by reference in the **Federal Register**. See 39 CFR 111.1.

PART 111—GENERAL INFORMATION ON POSTAL SERVICE

Part 115—Mail Security

Part 115 of the Domestic Mail Manual is amended by adding a new section 115.95 as follows:

.95 *Customs Inspection in the Northern Mariana Islands.*

Postal employees in the Saipan post office and the Rota post office may permit designated Northern Mariana Islands customs officials, without a search warrant, to open, inspect, and read the contents of unsealed mail, and to examine the exterior (but not open or read the contents) of sealed mail which originates outside the Northern Mariana Islands and is addressed for delivery within the Northern Mariana Islands. Upon the request of Northern Mariana Islands customsofficials, postal employees in the Saipan post office or the Rota post office may ask the addressee of sealed mail which Northern Mariana Islands customs reasonably suspects of containing dutiable or prohibited matter to authorize Northern Mariana Islands customs officials to open and inspect the contents of the sealed mail, or to appear at the post office to accept delivery of the sealed mail in the presence of a Northern Mariana Islands customs official.

A transmittal letter making these changes in the pages of the Domestic Mail Manual will be published and will be transmitted to subscribers automatically. Notice of issuance of the transmittal letter will be published in the **Federal Register** as provided by 39 CFR 111.3

Domestic Mail Manual; Correction

AGENCY: Postal Service.

ACTION: Final rule; correction.

SUMMARY: An effective date was included by the Postal Service in the Domestic Mail Manual regulation requiring controlled circulation type second-class publications to be circulated primarily to persons requesting the publication. The Postal Service Board of Governors, however, did not set an effective date for the requester provision. Accordingly, the effective date set by the Postal Service was erroneous.

EFFECTIVE DATE: January 25, 1982.

FOR FURTHER INFORMATION CONTACT: Gloria Brogan Flanagan, (202) 245-4610.

SUPPLEMENTARY INFORMATION: On March 10, 1981, the Governors of the Postal Service adopted certain changes to the Domestic Mail Classification Schedule (DMCS) in conjunction with the general rate proceeding and published the rates and classification changes in the **Federal Register**. 46 FR 16404. Among the changes was the addition of section 200.0110, subsection f, which establishes a requirement that controlled circulation type second-class publications be circulated primarily to persons who have requested the publication. The last sentence of subsection 200.0110f reads: "This subsection will not be effective prior to March 20, 1982." 46 FR 16404, 16422. The Board of Governors, which has the authority to set the effective date of changes to the DMCS, has not yet acted to set an effective date for the requester requirement contained in subsection 200.0110f.

In the regulations published to implement in the Domestic Mail Manual (DMM) the changes adopted by the Governors, the Postal Service included section 422.6, which parallels the provisions of section 200.0110f of the DMCS. However, section 422.6d of the DMM states that the requester requirement will be effective on March 20, 1982. 46 FR 17758, 17767, March 20, 1981. Since an effective date has not been set by the Board of Governors the Postal Service is correcting section 422.6d of the Domestic Mail Manual to conform to the provision adopted by the Governors. When the Board of Governors takes action on the effective date, notice of that action will be published in the Federal Register.

PART 111—GENERAL INFORMATION ON POSTAL SERVICE

Accordingly, section 422.6d of the Domestic Mail Manual is corrected to read as follows:

422.6 Controlled Circulation Publications

* * * * *

d. The publication must have a legitimate list of persons who request the publication, and 50 percent or more of the copies of the publication must be distributed to persons making such requests. Subscription copies paid for or promised to be paid for including those at or below a nominal rate may be included in the determination of whether the 50 percent request requirement is met. Persons will not be deemed to have requested the publication if their request is induced by a premium offer or by receipt of material consideration. Requests which are more than three years old will not be considered to meet this requirement. This subsection will not be effective prior to March 20, 1982.

A transmittal letter making this change in the pages of the Domestic Mail Manual will be published and will be transmitted to subscribers automatically. Notice of this change will be published in the **Federal Register** as provided in 39 CFR 111.3.

40 CFR Part 52

[A-1-FRL-2024-2]

Approval and Promulgation of Implementation Plans; Massachusetts Revisions—VOC Emissions Inventory

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The purpose of this Notice is to approve revisions to the State Implementation Plan (SIP) for the State of Massachusetts which were submitted to EPA. These submittals satisfy two conditions set forth in the September 16, 1980 Part D rulemaking (45 FR 61293) which required that the State submit an updated Statewide VOC emissions inventory for both stationary and mobile sources and the procedures to be used to update them on an annual basis.

EFFECTIVE DATE: February 24, 1982.

ADDRESSES: Copies of the submittal and EPA's evaluation are available for public inspection during normal business hours at the Environmental Protection Agency, Room 1903, JFK Federal Bldg., Boston, MA 02203; Public Information Reference Unit, Environmental Protection Agency, 401 M St., SW., Washington, D.C.; Office of the Federal Register, 1100 L St., NW., Room 8401, Washington, D.C. and Massachusetts Department of Environmental Quality Engineering, Division of Air Quality Control, One Winter Street, 8th floor, Boston, MA 02108.

FOR FURTHER INFORMATION CONTACT: Thomas Wholley, Air Branch, Room 1903, JFK Federal Bldg., Boston, MA 02203, (617) 223-5630.

SUPPLEMENTARY INFORMATION: On September 16, 1980 (45 FR 61293) EPA set forth various conditions for approval of revisions to the Massachusetts Part D SIP that were submitted to EPA on December 31, 1978 and May 16, 1979. Two conditions required that the State submit an updated statewide VOC emissions inventory for both stationary and mobile sources and the procedures to be used to update them on an annual basis. The stationary source inventory, including emission contributions from minor point sources (less than 100 tons emissions per year of any one pollutant).

was to be submitted by December 1, 1980. The mobile source inventory, including verification of the assumptions used to develop the inventory, such as vehicle speeds, vehicle mix, hot-cold start percentages, vehicle miles of travel (VMT), growth rates, and other refinements, was to be submitted by March 31, 1981.

The updated VOC emissions inventory, including sources emitting less than 100 tons per year, was submitted on September 3, 1981 and the procedures to be used for the annual update of the inventory were submitted on November 4, 1981. The section of the submittal entitled "Mobile Source Emissions Inventory" describes the procedures for developing the highway emissions inventory. The section of the submittal entitled "Area Sources" describes the procedures for developing the emissions inventory for non-highway mobile and stationary sources that are too small or too numerous to be treated individually as point sources.

EPA published a Notice of Receipt in the November 5, 1981 **Federal Register** (46 FR 54939). No public comments were received as a result of that Notice.

Action: EPA is approving the updated statewide "VOC Emissions Inventory" and the procedures for annually updating the inventory.

Pursuant to the provisions of 5 U.S.C. 605(b), I certify that SIP approvals under sections 110 and 172 of the Clean Air Act will not have a significant economic impact on a substantial number of small entities. This action only approves State actions. It imposes no new requirements.

Under Executive Order 12291 EPA must judge whether a regulation is "major" and therefore subject to the requirements of a Regulatory Impact Analysis. This regulation is not major because it only approves State actions.

Under section 307(b)(1) of the Clean Air Act, judicial review of this action is available *only* by the filing of a petition for review in the United States Court of Appeals for the appropriate circuit within 60 days of today. Under section 307(b)(2) of the Clean Air Act, the requirements which are the subject of today's Notice may *not* be challenged later in civil or criminal proceedings brought by EPA to enforce these requirements.

(Secs. 110(a) and 301(a), Clean Air Act, as amended (42 U.S.C. 7410(a) and 7601(a)))

Dated: January 18, 1982.

Note.— Incorporation by reference of the State Implementation Plan for the Commonwealth of Massachusetts was approved by the Director of the Federal Register on July 1, 1981.

Anne M. Gorsuch,
Administrator.

[A-9-FRL-2020-3]

Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision, Sierra County APCD

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final rulemaking.

SUMMARY: EPA is approving changes to the California State Implementation Plan, specifically to the Sierra County Air Pollution Control District rules. The changes, which were submitted by the California Air Resources Board, cover particulate matter, specific contaminants, process weight per hour, compliance tests and hearing board fees. All of the rules were evaluated and found to be in accordance with EPA policy and 40 CFR Part 51.

EFFECTIVE DATE: This action is effective February 24, 1982.

ADDRESS: A copy of the revisions is located at: The Office of the Federal Register, 1100 "L" Street, N.W., Room 8401, Washington, D.C. 20408.

FOR FURTHER INFORMATION CONTACT: Louise P. Giersch, Director, Air and Hazardous Materials Division, Environmental Protection Agency Region IX, 215 Fremont Street, San Francisco, CA 94105, ATTN: Douglas Grano, (415) 974-8222.

SUPPLEMENTARY INFORMATION: The California Air Resources Board submitted the following Sierra County APCD rules to EPA:

Rule 207, Particulate Matter
Rule 210, Specific Contaminants
Rule 211, Process Weight Per Hour
Rule 218, Compliance Tests
Rule 618, Hearing Board Fees

Under Section 110 of the Clean Air Act, as amended and 40 CFR Part 51, the Administrator is required to approve or disapprove these regulations as State Implementation Plan (SIP) revisions. All rules submitted have been evaluated and found to be in accordance with EPA policy and 40 CFR Part 51. On April 29, 1980 (45 FR 28371) EPA proposed to approve these rules. No comments were received. Therefore, this notice approves all the rule revisions listed above, and incorporates them into the California SIP.

Under Executive Order 12291, EPA must judge whether a rulemaking action is "major". Further, under the Regulatory Flexibility Act, EPA must assess the effect of the rulemaking action on "small entities". This regulation is not "major" because it approves state and local actions and imposes no new requirements. I hereby certify that the action will not have a significant economic impact on a substantial number of small entities.

Incorporation by reference of the State Implementation Plan for the State of California was approved by the Director of the Federal Register on July 1, 1981.
