BILLING CODE 6718-03-M

44 CFR Part 67

National Flood Insurance Program;
Final Flood Elevation DeterminationsAGENCY: Federal Emergency
Management Agency.

ACTION: Final rule.

SUMMARY: Final base (100-year) flood
elevations are listed below for selected
locations in the Nation.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

EFFECTIVE DATE: The date of issuance of the Flood Insurance Rate Map (FIRM) showing base (100-year) flood elevations, for the community. This date may be obtained by contacting the office where the maps are available for inspection indicated on the table below.

ADDRESSES: See table below.

FOR FURTHER INFORMATION CONTACT:

Mr. Robert G. Chappell, P.E., Federal
Emergency Management Agency,
National Flood Insurance Program, (202)
287-0230, Washington, D.C. 20472.

SUPPLEMENTARY INFORMATION: The
Federal Emergency Management
Agency gives notice of the final
determinations of flood elevations for
each community listed.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 44 CFR Part 67. An opportunity for the community or individuals to appeal this determination to or through the community for a period of ninety (90) days has been provided. No appeals of the proposed base flood elevations were received from the community or from individuals within the community.

The Agency has developed criteria for flood plain management in flood prone areas in accordance with 44 CFR Part 60.

Pursuant to the provisions of 5 U.S.C. 605(b), the Associate Director, to whom authority has been delegated by the Director, Federal Emergency Management Agency, hereby certifies that the final flood elevation determinations, if promulgated, will not have a significant economic impact on a substantial number of small entities. A flood elevation determination under section 1363 forms the basis for new local ordinances, which, if adopted by local community, will govern future construction within the flood plain area. The elevation determinations, however, impose no restriction unless and until the local community voluntarily adopts flood plain ordinances in accord with these elevations. Even if ordinances are adopted in compliance with Federal standards, the elevations prescribe how high to build in the flood plain and do not proscribe development. Thus, this action only forms the basis for future local actions. It imposes no new requirement; of itself it has no economic impact.

Aid to Families With Dependent Children; Correction

AGENCY: Social Security Administration, HSS.

ACTION: Correction to final rules.

SUMMARY: This document corrects final rules which amended the Aid to Families With Dependent Children program, as mandated by the Omnibus Budget Reconciliation Act of 1981. The final rules were published on February 5, 1982 (47 FR 5648). This action is necessary to correct errors in punctuation, citations, to reinstate paragraphs or language inadvertently omitted from the final regulation, and to include technical corrections which were erroneously omitted from the final regulations.

EFFECTIVE DATE: The final regulations, as corrected, are effective October 1, 1981, except § 233.20(a)(13)(v) which contains information collection requirements subject to OMB approval.

FOR FURTHER INFORMATION CONTACT: Mr. David Siegel, Office of Family Assistance, SSA, Transpoint Building, 2100 Second Street, SW., Washington, D.C. 20201, (202) 245-2736.

SUPPLEMENTARY INFORMATION: We have made the following changes in the final rules. We have included a correction to § 205.10 to make clear that subparagraphs (i) through (v) of paragraph (a)(5) are retained and still in effect. In § 206.10(a)(1) of the final regulation a new subparagraph (vi) was added. We have clarified the fact that numbered subparagraphs (iv) and (v) of § 206.10(a)(1) are reserved for future use. In § 233.20(a)(7)(i), we have inserted two sentences following the colon in the first sentence which were omitted. In 45 CFR 26.10(a)(4), we have reinstated a reference and added clarifying language inadvertently omitted from the final regulations. A clarification in language

is made in § 233.20(a)(13)(i)(A)(2) to indicate that in determining the 90 percent level, the agency will consider aid, income, and liquid resources.

Two conforming changes not a part of the final regulations (45 CFR 233.10(b), and 45 CFR 233.26(b)), have been included. In § 233.10(b)(4), we have substituted the words "principal earner" in the place of "father" at the end of the sentence. In § 233.26, we have deleted paragraph (b) since it no longer applies to the adult assistance categories. The content of this paragraph is now in § 233.33(b). Finally, in § 233.20(a)(3)(i) we have corrected the paragraph designations to distinguish provisions applicable to the AFDC program from the adult assistance programs.

Dated: October 18, 1982.

Robert F. Sermier,

Deputy Assistant Secretary for Management Analysis and Systems.

Accordingly, the Department of Health and Human Services is correcting the following parts of Title 45 of the Code of Federal Regulations which were published February 5, 1982 (47 FR 5648) to read as follows:

PART 205—GENERAL ADMINISTRATION—PUBLIC ASSISTANCE PROGRAMS

1. Section 205.10 (a)(5) is corrected to reinstate subparagraphs (i) through (v) to read as follows. (The introductory text of paragraph (a)(5) is reprinted for the convenience of the user.)

§ 205.10 Hearings.

(a) *State plan requirements.* * * *

(5) An opportunity for a hearing shall be granted to any applicant who requests a hearing because his or her claim for financial assistance (including a request for supplemental payments under §§ 233.23 and 233.27) is denied, or is not acted upon with reasonable promptness, and to any recipient who is aggrieved by any agency action resulting in suspension, reduction, discontinuance, or termination of assistance, or determination that a protective, vendor, or two-party payment should be made or continued.

A hearing need not be granted when either State or Federal law requires automatic grant adjustments for classes of recipients unless the reason for an individual appeal is incorrect grant computation.

(i) A request for a hearing is defined as a clear expression by the claimant (or his authorized representative acting for him), to the effect that he wants the opportunity to present his case to higher authority. The State may require that such request be in written form in order to be effective;

(ii) The freedom to make such a request shall not be limited or interfered with in any way. The agency may assist the claimant to submit and process his request;

(iii) The claimant shall be provided reasonable time, not to exceed 90 days, in which to appeal an agency action;

(iv) Agencies may respond to a series of individual requests for hearing by conducting a single group hearing. Agencies may consolidate only cases in which the sole issue involved is one of State or Federal law or policy or changes in State or Federal law. In all group hearings, the policies governing hearings must be followed. Thus, each individual claimant shall be permitted to present his own case or be represented by his authorized representative;

(v) The agency may deny or dismiss a request for a hearing where it has been withdrawn by the claimant in writing, where the sole issue is one of State or Federal law requiring automatic grant adjustments for classes of recipients, where a decision has been rendered after a WIN hearing before the manpower agency that a participant has, without good cause, refused to accept employment or participate in the WIN program, or has failed to request such a hearing after notice of intended action for such refusal, or where it is abandoned. Abandonment may be deemed to have occurred if the claimant, without good cause therefor, fails to appear by himself or by authorized representative at the hearing scheduled for such claimant.

* * * * *

PART 206—APPLICATION, DETERMINATION OF ELIGIBILITY AND FURNISHING ASSISTANCE—PUBLIC ASSISTANCE PROGRAMS

2. Section 206.10 is corrected by replacing the period at the end of paragraph (a)(1)(iii) with the word "and" and removing and reserving subparagraphs (iv) and (v) of paragraph (a)(1) to read as follows:

§ 206.10 Application, determination of eligibility, and furnishing of assistance.

(a) State plan requirements. * * *

- (1) * * *
- (iv) [Reserved]
- (v) [Reserved]
- (vi) * * *

3. Section 206.10 (a)(4) is corrected to read as follows:

§ 206.10 Application, determination of eligibility, and furnishing of assistance.

(a) State plan requirements. * * *

(4) Adequate notice shall be sent to applicants and recipients to indicate that assistance, including supplemental payments under § 233.27, has been authorized (including the amount of financial assistance) or that it has been denied or terminated. Under this requirement, adequate notice means a written notice that contains a statement of the action taken, and the reasons for and specific regulations supporting such action, and an explanation of the individual's right to request a hearing.

following the designation "(i)" and removing the designation "(A)" immediately preceding the word "Specify" to read as follows:

§ 233.20 Need and amount of assistance.

(a) Requirements for State plans. * * *

(3) Income and resources—(i)(A)

OAA, AB, APTD, AABD. * * *

6. Section 233.20 is amended by revising paragraph (a)(7)(i) is corrected to insert two sentences after the colon in the first sentence. As corrected, paragraph (a)(7)(i) reads as follows:

§ 233.20 Need and amount of assistance.

(a) Requirements for State plans. * * *

(7) Disregard of earned income;

method.

(i) Provide that for other than AFDC, the following method will be used for disregarding earned income: The applicable amounts of earned income to be disregarded will be deducted from the gross amount of "earned income," and all work expenses, personal and non-personal, will then be deducted. Only the net amount remaining will be applied in determining need and the amount of the assistance payment.

7. Section 233.20(a)(13)(i)(A)(2) is corrected to read as follows:

§ 233.20 Need and amount of assistance.

(a) Requirements for State plans.

(13) Recovery of overpayments and corrections of underpayments for AFDC.

(i) * * *

(A) * * *

(2) If recovery is made from the grant, such recovery shall result in the assistance unit retaining, for any payment month, from the combined aid, income and liquid resources, (without application of section 402(a)(8) of the Act) not less than 90 percent of the amount payable under the State plan to a family of the same composition with no other income. Where a State chooses to recover at a rate less than the maximum, it must recover promptly.

BILLING CODE 4190-11-M

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 0

[FCC 82-445]

Commission Organization; Amendment To Establish the Mass Media Bureau

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: This amendment changes the Commission's Rules to incorporate the consolidation of the Broadcast Bureau and the Cable Television Bureau into the Mass Media Bureau. This reorganization was necessary to reflect new regulatory philosophies and emerging technologies. The reorganization creates an integrated organizational structure for the administration of Commission policies regarding traditional broadcasting, cable television and the emerging television delivery systems, by combining these services into a single Bureau.

EFFECTIVE DATE: November 30, 1982.

ADDRESS: Federal Communications Commission, Washington, D.C. 20554.

FOR FURTHER INFORMATION CONTACT: Richard D. Goodfriend, Office of Managing Director, (202) 632-7513.

Order

Adopted: September 14, 1982.

Released: October 13, 1982.

In the matter of Amendment of Part 0 of the Commission's Rules to establish the Mass Media Bureau.

1. The Commission has before it for consideration the combination of the Broadcast Bureau and the Cable Television Bureau into a newly established Mass Media Bureau. Implementation of the proposed changes would require removal of §§ 0.71, 0.72, 0.83, 0.84, 0.281, 0.282, 0.287, 0.288 and 0.290 plus the addition of §§ 0.61, 0.62, 0.283, 0.284, and 0.285 of the Commission's Rules and Regulations.

PART 233—COVERAGE AND CONDITIONS OF ELIGIBILITY IN FINANCIAL ASSISTANCE PROGRAMS

4. The following language was inadvertently omitted and should be inserted on page 5674 as follows:

60. Section 233.10 is amended by revising paragraph (b)(4) to read as follows:

§ 233.10 General provisions regarding coverage and eligibility.

(b) Federal financial participation. * * *

(4) Federal financial participation is available in assistance payments which are continued in accordance with the State plan, for a temporary period during which the effects of an eligibility condition are being overcome, e.g., blindness in AB, disability in APTD, physical or mental incapacity, continued absence of a parent, or unemployment of a principal earner in AFDC.

5. Section 233.20(a)(3)(i) is corrected to insert a designation "(A)" immediately
