Aid to Families With Dependent Children; Correction

AGENCY: Social Security Administration, HSS.

ACTION: Correction to final rules.

SUMMARY: This document corrects final rules which amended the Aid to Families With Dependent Children program, as mandated by the Omnibus Budget Reconciliation Act of 1981. The final rules were published on February 5, 1982 (47 FR 5648). This action is necessary to correct errors in punctuation, citations, to reinstate paragraphs or language inadvertently omitted from the final regulation, and to include technical corrections which were erroneously omitted from the final regulations.

EFFECTIVE DATE: The final regulations, as corrected, are effective October 1, 1981, except § 233.20(a)(13)(v) which contains information collection requirements subject to OMB approval.

FOR FURTHER INFORMATION CONTACT: Mr. David Siegel, Office of Family Assistance, SSA, Transpoint Building, 2100 Second Street, SW., Washington, D.C. 20201, (202) 245-2736.

SUPPLEMENTARY INFORMATION: We have made the following changes in the final rules. We have included a correction to § 205.10 to make clear that subparagraphs (i) through (v) of paragraph (a)(5) are retained and still in effect. In § 206.10(a)(1) of the final regulation a new subparagraph (vi) was added. We have clarified the fact that numbered subparagraphs (iv) and (v) of § 206.10(a)(1) are reserved for future use. In § 233.20(a)(7)(i), we have inserted two sentences following the colon in the first sentence which were omitted. In 45 CFR 26.10(a)(4), we have reinstated a reference and added clarifying language inadvertently omitted from the final regulations. A clarification in language

is made in § 233.20(a)(13)(i)(A)(2) to indicate that in determining the 90 percent level, the agency will consider aid, income, and liquid resources.

Two conforming changes not a part of the final regulations (45 CFR 233.10(b), and 45 CFR 233.26(b)), have been included. In § 233.10(b)(4), we have substituted the words "principal earner" in the place of "father" at the end of the sentence. In § 233.26, we have deleted paragraph (b) since it no longer applies to the adult assistance categories. The content of this paragraph is now in § 233.33(b). Finally, in § 233.20(a)(3)(i) we have corrected the paragraph designations to distinguish provisions applicable to the AFDC program from the adult assistance programs.

Dated: October 18, 1982.

Robert F. Sermier,

Deputy Assistant Secretary for Management Analysis and Systems.

Accordingly, the Department of Health and Human Services is correcting the following parts of Title 45 of the Code of Federal Regulations which were published February 5, 1982 (47 FR 5648) to read as follows:

PART 205—GENERAL ADMINISTRATION—PUBLIC ASSISTANCE PROGRAMS

1. Section 205.10 (a)(5) is corrected to reinstate subparagraphs (i) through (v) to read as follows. (The introductory text of paragraph (a)(5) is reprinted for the convenience of the user.)

§ 205.10 Hearings.

(a) *State plan requirements.* * * *

(5) An opportunity for a hearing shall be granted to any applicant who requests a hearing because his or her claim for financial assistance (including a request for supplemental payments under §§ 233.23 and 233.27) is denied, or is not acted upon with reasonable promptness, and to any recipient who is aggrieved by any agency action resulting in suspension, reduction, discontinuance, or termination of assistance, or determination that a protective, vendor, or two-party payment should be made or continued.

A hearing need not be granted when either State or Federal law requires automatic grant adjustments for classes of recipients unless the reason for an individual appeal is incorrect grant computation.

(i) A request for a hearing is defined as a clear expression by the claimant (or his authorized representative acting for him), to the effect that he wants the opportunity to present his case to higher authority. The State may require that such request be in written form in order to be effective;

(ii) The freedom to make such a request shall not be limited or interfered with in any way. The agency may assist the claimant to submit and process his request;

(iii) The claimant shall be provided reasonable time, not to exceed 90 days, in which to appeal an agency action;

(iv) Agencies may respond to a series of individual requests for hearing by conducting a single group hearing. Agencies may consolidate only cases in which the sole issue involved is one of State or Federal law or policy or changes in State or Federal law. In all group hearings, the policies governing hearings must be followed. Thus, each individual claimant shall be permitted to present his own case or be represented by his authorized representative;

(v) The agency may deny or dismiss a request for a hearing where it has been withdrawn by the claimant in writing, where the sole issue is one of State or Federal law requiring automatic grant adjustments for classes of recipients, where a decision has been rendered after a WIN hearing before the manpower agency that a participant has, without good cause, refused to accept employment or participate in the WIN program, or has failed to request such a hearing after notice of intended action for such refusal, or where it is abandoned. Abandonment may be deemed to have occurred if the claimant, without good cause therefor, fails to appear by himself or by authorized representative at the hearing scheduled for such claimant.

PART 206—APPLICATION, DETERMINATION OF ELIGIBILITY AND FURNISHING ASSISTANCE—PUBLIC ASSISTANCE PROGRAMS

2. Section 206.10 is corrected by replacing the period at the end of paragraph (a)(1)(iii) with the word "and" and removing and reserving subparagraphs (iv) and (v) of paragraph (a)(1) to read as follows:

§ 206.10 Application, determination of eligibility, and furnishing of assistance.

(a) State plan requirements. * * *

- (1) * * *
- (iv) [Reserved]
- (v) [Reserved]
- (vi) * * *

3. Section 206.10 (a)(4) is corrected to read as follows:

§ 206.10 Application, determination of eligibility, and furnishing of assistance.

(a) State plan requirements. * * *

(4) Adequate notice shall be sent to applicants and recipients to indicate that assistance, including supplemental payments under § 233.27, has been authorized (including the amount of financial assistance) or that it has been denied or terminated. Under this requirement, adequate notice means a written notice that contains a statement of the action taken, and the reasons for and specific regulations supporting such action, and an explanation of the individual's right to request a hearing.

following the designation "(i)" and removing the designation "(A)" immediately preceding the word "Specify" to read as follows:

§ 233.20 Need and amount of assistance.

(a) Requirements for State plans. * * *

(3) Income and resources—(i)(A)

OAA, AB, APTD, AABD. * * *

6. Section 233.20 is amended by revising paragraph (a)(7)(i) is corrected to insert two sentences after the colon in the first sentence. As corrected, paragraph (a)(7)(i) reads as follows:

§ 233.20 Need and amount of assistance.

(a) Requirements for State plans. * * *

(7) Disregard of earned income;

method.

(i) Provide that for other than AFDC, the following method will be used for disregarding earned income: The applicable amounts of earned income to be disregarded will be deducted from the gross amount of "earned income," and all work expenses, personal and non-personal, will then be deducted. Only the net amount remaining will be applied in determining need and the amount of the assistance payment.

7. Section 233.20(a)(13)(i)(A)(2) is corrected to read as follows:

§ 233.20 Need and amount of assistance.

(a) Requirements for State plans.

Where a State chooses to recover at a rate less than the maximum, it must recover promptly.

8. The following language was inadvertently omitted and should be inserted on page 5678 as follows:

Commission Organization; Amendment To Establish the Mass Media Bureau

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: This amendment changes the Commission's Rules to incorporate the consolidation of the Broadcast Bureau and the Cable Television Bureau into the Mass Media Bureau. This reorganization was necessary to reflect new regulatory philosophies and emerging technologies. The reorganization creates an integrated organizational structure for the administration of Commission policies regarding traditional broadcasting, cable television and the emerging television delivery systems, by combining these services into a single Bureau.

EFFECTIVE DATE: November 30, 1982.

ADDRESS: Federal Communications Commission, Washington, D.C. 20554.

FOR FURTHER INFORMATION CONTACT: Richard D. Goodfriend, Office of Managing Director, (202) 632-7513.

SUPPLEMENTARY INFORMATION:

List of Subjects in 47 CFR Part 0

Organization and functions (Government agencies).

Order

Adopted: September 14, 1982.

Released: October 13, 1982.

In the matter of Amendment of Part 0 of the Commission's Rules to establish the Mass Media Bureau.

1. The Commission has before it for consideration the combination of the Broadcast Bureau and the Cable Television Bureau into a newly established Mass Media Bureau. Implementation of the proposed changes would require removal of §§ 0.71, 0.72, 0.83, 0.84, 0.281, 0.282, 0.287, 0.288 and 0.290 plus the addition of §§ 0.61, 0.62, 0.283, 0.284, and 0.285 of the Commission's Rules and Regulations.

PART 233—COVERAGE AND CONDITIONS OF ELIGIBILITY IN FINANCIAL ASSISTANCE PROGRAMS

4. The following language was inadvertently omitted and should be inserted on page 5674 as follows:

60. Section 233.10 is amended by revising paragraph (b)(4) to read as follows:

§ 233.10 General provisions regarding coverage and eligibility.

(b) Federal financial participation. * * *

(4) Federal financial participation is available in assistance payments which are continued in accordance with the State plan, for a temporary period during which the effects of an eligibility condition are being overcome, e.g., blindness in AB, disability in APTD, physical or mental incapacity, continued absence of a parent, or unemployment of a principal earner in AFDC.

5. Section 233.20(a)(3)(i) is corrected to insert a designation "(A)" immediately

2. To reflect new regulatory philosophies and emerging technologies, the Commission is hereby approving the combination of the Broadcast Bureau and the Cable Television Bureau into the Mass Media Bureau. This reorganization creates an integrated organizational structure for the administration of Commission policies regarding traditional broadcasting, cable television and the emerging television delivery systems, by combining these essentially similar consumer services into a single Bureau. The Commission believes that this consolidation will result in: (1) Faster and more efficient authorization of service; (2) reduction of duplicate recordkeeping; (3) less confusion about FCC services among consumers; (4) greater flexibility of staff utilization; and (5) more orderly development of emerging television delivery technologies.

3. The amendments adopted herein pertain to agency organization. The prior notice procedure and effective date provisions of Section 4 of the Administrative Procedure Act are, therefore, inapplicable. Authority for the amendments adopted herein is contained in Sections 4(i) and 5(b) of the Communications Act of 1934, as amended.

4. In view of the foregoing, it is ordered, effective November 30, 1982, that Part 0 of the Rules and Regulations is amended as set forth in the Appendix hereto.

(Secs. 4, 303, 48 Stat., as amended, 1066, 1082; 47 U.S.C. 154, 303)

(f) Conduct studies and compile data relating to radio and television network operations necessary for the Commission to develop and maintain an adequate regulatory program.

(g) Investigate complaints and answer general inquiries from the public and handle political broadcasting and fairness doctrine complaints.

- (f) Video Services Division.

Chief, Mass Media Bureau

§ 0.283 Authority delegated.

The performance of functions and activities described in section 0.61 of this part is delegated to the Chief, Mass Media Bureau: Provided, That the following matters shall be referred by the Chief, Mass Media Bureau to the Commission en banc for disposition:

(a) *Applications.* Formal and informal applications for new or modified facilities, and for the renewal, assignment, and transfer of construction permits and licenses involving such facilities, when such applications fail to

satisfy the requirements of Commission rules or established Commission policy in the following areas of special concern:

(1) *Multiple ownership, concentration of control, and cross-interests.* (i) Acquisition of a third broadcast station or modification of facilities if such would result in the common ownership of three broadcast stations where any two are within 100 miles of a third and primary service contour overlap would occur; "one-to-a-market" situations involving UHF stations or TV satellite stations; and duopoly situations involving TV satellite stations. (Commonly owned AM and FM stations in the same market are treated as one station for the purpose of the "third station" limitations.)

(ii) Acquisition of a broadcast station by a newspaper in the same area, or other organization having substantial interests in the print media in the same area.

(iii) Creation of common ownership interests, management ties, or employment relationships between licensees serving substantial common areas and populations. Commonality of areas and populations served shall be determined in duopoly situations by overlap of the following service contours: AM—1 mVm; FM—1 mVm; and TV—Grade B. In "one-to-a-market" situations, commonality of areas and populations served shall be determined by community encompassment with the following service contours: AM—2 mVm; FM—1 mVm; and TV—Grade A.

(iv) Acquisition of broadcast properties by corporations or individuals appearing to dominate the economic life of the community.

(2) *Trafficking.* Acquisition of broadcast properties by persons having a history of short term buying and selling such properties, or seeking waiver of the "three-year rule" (section 1.597) when the seller will realize a profit.

(3) *Anti-trust activity, unfair trade practices, and violations of law not previously considered by the Commission.*

(i) Proposals by applicants against whom communications-related anti-trust suits are pending or against whom there is pending any anti-trust suit in which an adverse verdict has been reached.

(ii) Proposals by applicants who have entered into a consent decree, have pleaded guilty or nolo contendere, or have been adjudged guilty in an anti-trust case during the three-year period preceding the filing of the application.

(iii) Proposals by applicants who have been the subject of a final cease and

desist or consent order issued by the Federal Trade Commission during the three-year period preceding the filing of the application.

(iv) Proposals by applicants or including parties with felony or capital offense conviction records, or against whom a criminal proceeding is pending.

(4) *Violations and complaint matters.* Proposals filed by applicants against whom violation notices of a serious nature are outstanding or against whom questions suggesting serious misconduct remain unresolved, or by applicants with records of serious past misconduct.

(5) *Equal employment opportunities.* Proposals filed by applicants whose equal employment opportunities programs do not comply with Commission rules or policies and cannot be cleared by further staff inquiry or action, or whose past performance suggests the existence of discriminatory practices.

(6) *Short term licenses and renewals.* Proposals which in the opinion of the Chief, Mass Media Bureau, warrant the issuance of a short-term license or renewal authorization.

(7) *Programming: Commercial matter.* (i) Commercial TV applicants for a new station or assignment or transfer, or renewal of license, proposing to exceed 16 minutes of commercial matter per hour, or during periods of high demand for political advertising, providing for exceptions permitting in excess of 20 minutes of commercial matter per hour during 10% or more of the station's total weekly hours of operation.

(8) *Programming: Program content and ascertainment of community needs.*

(i) Applications for new stations or assignments and transfers.

(A) Commercial AM and FM proposals of applicants for new stations and of assignees and transferees that have not submitted a narrative statement of their proposed programming, commercial TV proposals of applicants for new stations and of assignees and transferees (except those made by UHF stations not affiliated with major networks) which project for the hours 6:00 a.m. to 12:00 midnight less than the indicated percentages in one or more of the following categories: 5% total local programming; 5% informational (news plus public affairs) programming; and 10% total non-entertainment programming.

(B) Commercial TV proposals of applicants for new stations and of assignees or transferees which contain substantial ascertainment defects which, for any reason, cannot be resolved by further staff inquiry or action. (See 1971 Ascertainment Primer: 27 FCC 2d 650 (1971), 36 FR 4092).

(ii) Applications for renewal. (A) Commercial TV proposals (except those made by UHF stations not affiliated with major networks) which project for the hours 6:00 a.m. to 12:00 midnight less than the indicated percentages in one or more of the following categories: 5% total local programming; 5% informational (news plus public affairs) programming; and 10% total non-entertainment programming.

(B) Commercial TV proposals containing substantial ascertainment defects which, for any reason, cannot be resolved by further staff inquiry or action. (See 1976 Ascertainment Primer: 57 F.C.C. 2d 418 (1975) recon. granted in part, 61 F.C.C. 2d 1 (1976)).

(9) *Programming: Promise versus performance.* (i) Applications for assignments and transfers. TV applications for assignment or transfer which vary substantially from the assignor's or transferor's prior representations with respect to commercial practices (as set forth in paragraph (a)(7) of this section), or from the programming categories (as set forth in paragraph (a)(8) of this section), and for which variation there is lacking, in the judgment of Mass Media Bureau, adequate justification in the public interest.

(ii) Applications for renewal. Commercial TV applications for renewal which vary substantially from prior representations with respect to commercial practices (as set forth in paragraph (a)(7) of this section), or from the programming categories set forth in paragraph (a)(8) of this section, and for which variation there is lacking, in the judgment of the Mass Media Bureau, adequate justification in the public interest.

(10) *Hearing Orders.* (i) Mutually exclusive applications, including renewal and construction permit applications, involving non-routine hearing issues.

(ii) Other renewal and assignment and transfer applications which appear to call for an evidentiary hearing.

(iii) Such other applications, as in the opinion of the Chief, Mass Media Bureau, warrant referral to the Commission prior to designation for hearing.

(11) *Interference and mileage separations.* Proposals for new or modified AM, FM, and TV facilities which would create substantial new prohibited overlap or station separation shortages. In the case of AM proposals (other than Class IV), a net increase in objectionable interference to another AM station involving more than 1 percent of the population served by such

other station, whether or not consented to by the station affected, shall be referred to the Commission.

(12) *Station location.* (i) Commercial AM, FM, and TV proposals which on their face, appear realistically intended to serve another community of larger size. Signal penetrations of 5 mV/m (AM), 3.16 mV/m (FM), and city grade (TV) shall be used in determining whether referral to the Commission is appropriate.

(ii) Any other such proposal raising allocations problems or presumptions under section 307(b) of the Communications Act which, for any reason, cannot be resolved by further staff inquiry or action.

(13) *Main studio relocation.* All AM, FM, and TV proposals for main studio relocation, or for waiver of main studio program origination requirements under circumstances which have traditionally been viewed as creating a de facto change in station location.

(14) *VHF television expansion.* Commercial VHF television proposals seeking to bring or extend their Grade B contours into a significant area or population included within the predicted Grade B contour of a UHF television station where the area or population involved is covered by fewer than 4 VHF television signals.

(15) *Agreements to amend or dismiss applications.* Any situation in which a community will be deprived of a proposed broadcast station by reason of amendment or dismissal of an application mutually exclusive with another application for a different community.

(16) *Experimental and developmental operation.* Proposals for experimental and developmental authority containing policy implications which, in the opinion of the Chief, Mass Media Bureau, warrant referral to the Commission.

(17) *Miscellaneous applications and requests.* (i) Proposals for special temporary, emergency, conditional, or interim operating authority of more than routine significance.

(ii) Any other application, proposals, or request presenting novel questions of fact, law, or policy which cannot be resolved under outstanding precedents and guidelines.

(b) *Petitions and other requests for Commission action.* (1) Petitions to deny, informal objections, and other petitions, directed against AM, FM, and TV applications for new or modified facilities, or for renewal, assignment or transfer of control, will be referred to the Commission if they: (i) Contain new or novel issues not previously considered by the Commission, (ii)

appear to justify a change in Commission policy; or (iii) present documented allegations of failure to comply with the Commission's Equal Employment Opportunity rules and policies, or the applicant in question falls outside the applicable processing criteria in its employment of women and minorities.

(2) Petitions and other requests for reconsideration of actions taken by the Chief, Mass Media Bureau, when such petitions or requests contain new or novel arguments not previously considered by the Commission, present facts or arguments which appear to justify a change in Commission policy, or request reconsideration of orders designating cases for hearing.

(3) Applications for review of actions taken by the Chief, Mass Media Bureau, which comply with § 1.115 of this chapter.

(4) Petitions and other requests for waiver of Commission rules, whether or not accompanied by an application, when such petitions or requests contain new or novel arguments not previously considered by the Commission, or present facts or arguments which appear to justify a change in Commission policy.

(5) Petitions and other requests for declaratory rulings, when such petitions or requests contain new or novel arguments not previously considered by the Commission, or present facts or arguments which appear to justify a change in Commission policy.

(6) Petitions for rulemaking which have been accepted under § 1.403, and final dispositions of rulemaking proceedings not involving routine changes in the FM and TV Tables of Assignments.

(7) Petitions and other requests for waiver of the prime-time access rule, in areas where Commission policy is not clearly established.

(8) Petitions and other requests for long-term waiver of the policy limiting affiliations by commonly owned networks in the same market.

(9) Petitions and other requests for waiver of the sponsorship identification provisions of the Communications Act, in accordance with section 317(d) thereof.

(10) Any other petition, pleading, or request presenting novel questions of fact, law, or policy which cannot be resolved under outstanding precedents and guidelines.

(c) Administration and enforcement.

(1) Proposed orders to show cause why station licenses or construction permits should not be revoked.

(2) Proposed actions following any case remanded by the courts.

(3) Notices of opportunity for hearing pursuant to § 1.80(g) of this chapter; and notices of apparent liability, final forfeiture orders, and orders cancelling or reducing forfeitures imposed under § 1.80(f) if the amount set out in the notice of apparent liability is more than \$4,000.

(4) Proposed public notices expressing Commission policy, interpreting the provisions of law, regulations, or treaties, or warning the broadcast industry as to certain types of violations.

(5) Problems involving apparent violation of the Commission's rules governing equal employment opportunities or otherwise indicating the existence of discriminatory practices which, in the opinion of the Chief, Mass Media Bureau, or the Equal Employment Opportunity Commission should be brought to the attention of FCC Commissioners.

(6) Any other complaint or enforcement matter presenting novel questions of fact, law, or policy which cannot be resolved under outstanding precedents and guidelines.

§ 0.284 Actions taken under delegated authority.

(a) In discharging the authority conferred by § 0.281 of this part, the Chief, Mass Media Bureau, shall establish working relationships with other bureaus and staff offices to assure the effective coordination of actions taken in the following areas of joint responsibility:

(1) Complaints arising under sections 315 and 605 of the Communications Act—Office of General Counsel.

(2) Objections to proposed call signs and requests for waiver of procedural rules governing call sign assignments—Office of Managing Director.

(3) Requests for waiver or refund of filing and/or grant fees—Office of Managing Director and Office of General Counsel.

(4) Requests for waiver of tower painting and lighting specifications—Field Operations Bureau.

(5) Matters involving emergency communications—Office of Managing Director.

(6) Complaints involving equal employment opportunities—Office of General Counsel.

(7) Requests for use of frequencies or bands of frequencies shared with private sector nonbroadcast or government services—Office of Science and Technology and appropriate operating bureau.

(8) Requests involving coordination with other agencies of government—Office of General Counsel, Office of

Science and Technology and appropriate operating bureau.

(9) Proposals involving transmitter sites on public lands owned or controlled by the Departments of Agriculture or Interior—Office of Science and Technology.

(10) Proposals involving possible harmful impact on radio astronomy or radio research installations—Office of Science and Technology.

(11) To act on all applications for authorization, petitions for special relief, petitions to deny, waiver requests, objections, complaints, and requests for declaratory rulings and stays in the Cable Television Services, unless novel questions of fact, law or policy are involved which cannot be resolved under existing precedents and guidelines.

FM Broadcast Station in Valdosta and Nashville, Georgia; Changes Made in Table of Assignments

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: This action assigns FM Channel 244A to Valdosta, Georgia, and Channel 237A to Nashville, Georgia, in
