

National Oceanic and Atmospheric Administration (NOAA) temporarily suspended, until further notice, some sections of Subpart C of 15 CFR Part 970, which it issued on February 9, 1982 (47 FR 5966). The sections of Subpart C which were suspended included: the deadline date for filing applications for exploration licenses based on pre-enactment exploration; the deadline date for indicating the size of the area applied for in one or more nations, and whether the "banking" option was pursued; and the date for exchanging pre-enactment explorer applicants' coordinates with reciprocating states. Following consultations between the U.S. and prospective reciprocating states, NOAA is revoking the suspension of the February 19, 1982, deadline for filing an application based on pre-enactment exploration and is changing that date to March 12, 1982. All pre-enactment explorer applications received by NOAA on or after January 25, 1982, and on or before March 12, 1982, are deemed filed on March 12, 1982. NOAA also lifts the suspension of the deadline date for indicating the size of the area applied for in one or more nations and is changing that date to March 12, 1982.

While NOAA has determined that it will "close the window" and receive no more applications based on pre-enactment exploration after March 12, 1982, it has also determined, in consultation with prospective reciprocating states, that it will not immediately begin the formal process for resolving conflicts among those applications which have been filed. However, "closing the window" for the receipt of pre-enactment explorer applications will facilitate the beginning of the applicants' private conflict resolution efforts. Therefore, NOAA suspends, until further notice, the procedures and criteria for resolving conflicts (15 CFR 970.302) and the procedures for new entrants (15 CFR 970.303). Finally NOAA will not issue a determination, for pre-enactment explorer applications, of substantial or full compliance with Subpart B of 15 CFR Part 970, or distribute copies of such applications to other Federal agencies, until after it opens the coordinates of the area covered by the applications, in consultation and coordination with any reciprocating states.

NOAA hereby advises prospective applicants and other interested persons of the possibility that NOAA may find it necessary to amend the Subpart C regulations, including dates and other regulatory provisions, if certain

provisions of agreements that have been reached with prospective reciprocating states are amended prior to their implementation.

NOAA statements with respect to the following legal matters appear at 47 FR 5967 (February 9, 1982) and are hereby incorporated and made a part of this preamble:

1. Classification under Executive Order 12291 (including discussion of the Regulatory Flexibility Act);
2. Paperwork Reduction Act; and
3. Environmental Impact Statement.

Effective Date. In order to allow compatibility with the schedule for receiving pre-enactment explorer applications under discussion between the United States Government and the governments of prospective reciprocating states, for the reasons described in the second paragraph of the SUPPLEMENTARY INFORMATION section of this preamble, and for other foreign policy reasons, NOAA finds under 5 U.S.C. 553(b) that notice and public procedure on this revocation of suspension, amendment and additional suspension action are impracticable and contrary to the public interest. For the same reasons, NOAA finds under 5 U.S.C. 553(d) that good cause exists to make this action effective on March 12, 1982.

Accordingly, the prior suspension of several sections of Title 15, Part 970, Subpart C, of the Code of Federal Regulations, is revoked as described below. Also, several sections of Title 15, Part 970, Subparts B and C of the Code of Federal Regulations are amended and others are suspended as described below.

Dated: March 8, 1982.

John V. Byrne,
Administrator.

(30 U.S.C. 1401 *et seq.*)

PART 970—DEEP SEABED MINING REGULATIONS FOR EXPLORATION LICENSES

§ 970.301 [Revocation of partial suspension]

1. The suspension of the following paragraphs of § 970.30 of 15 CFR Part 970, Subpart C, which was published in the Federal Register on February 25, 1982, (47 FR 8171), is hereby revoked: §§ 970.301(b) and 970.301(g).

§ 970.301 [Amended]

2. Section 970.301(b) is amended by substituting "March 12, 1982", for "February 19, 1982."

3. Section 970.301(g) is amended by substituting "March 12, 1982" for "February 18, 1982."

§§ 970.300; 970.302; 970.303 [Suspended in part]

4. The following paragraph and sections of 15 CFR Part 970, Subpart C, are suspended until the Administrator gives further legal notice:

§§ 970.300(b)(5); 970.302 and 970.303.

§ 970.209 [Amended]

5. Section 970.209(c) is amended by inserting, after "receipt of an application", the phrase "and the opening of coordinates describing the application area,".

§ 970.211 [Amended]

6. Section 970.211(a) is amended by inserting, after "his receipt of an application", the phrase "and the opening of coordinates describing the application area,".

BILLING CODE 3510-12-M

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

21 CFR Part 1308

Exempt Chemical Preparations

AGENCY: Drug Enforcement Administration, Justice.

ACTION: Final rule.

SUMMARY: By this rule, the below listed chemical preparations and mixtures which contain controlled substances have, as indicated, either been added to or deleted from the list of exempt chemical preparations set forth in Title 21, Code of Federal Regulations, § 1308.24. Those which are included in the list are exempted from the application of various provisions of the Comprehensive Drug Abuse Prevention and Control Act of 1970 and from certain Drug Enforcement Administration regulations. This action is in response to DEA's periodic review of the exempt chemical preparation list and of applications for exemptions filed with DEA, and is consistent with the needs of researchers, chemical analysts, and suppliers of these products.

DATES: This rule is effective May 17, 1982, subject to being suspended, reinstated, revoked or amended by the Administrator upon consideration of any comments or objections timely filed on or before May 17, 1982, which raise significant issues on any finding of fact or conclusion of law supporting this rule.

FOR FURTHER INFORMATION CONTACT: Howard McClain, Jr., Chief, Regulatory Control Division, Telephone (202) 633-1366.

SUPPLEMENTARY INFORMATION: The Acting Administrator of the Drug Enforcement Administration has received applications pursuant to § 1308.23 of Title 21 of the Code of Federal Regulations (CFR) which ask that several chemical preparations containing controlled substances be granted the exemptions provided for in 21 CFR 1308.24.

The Acting Administrator hereby finds that each of the following chemical preparations and mixtures is intended for laboratory, industrial, educational, or special research purposes, is not intended for general administration to man or animal, and either (a) contains no narcotic controlled substances and is packaged in such a form or concentration that the packaged quantity does not present any significant potential for abuse, (b) contains either a narcotic or nonnarcotic controlled substance and one or more adulterating or denaturing agents in such a manner, combination, quantity, proportion, or concentration, that the preparation or mixture does not present any potential

for abuse, or (c) the formulation of such preparation or mixture incorporates methods of denaturing or other means so that the controlled substance cannot in practice be removed, and therefore the preparation or mixture does not present any significant potential for abuse. The Acting Administrator further finds that exemption of the following chemical preparations and mixtures is consistent with the public health and safety as well as the needs of researchers, chemical analysts and suppliers of these products.

Pursuant to sections 3(c)(3) and 3(e)(2)(B) of Executive Order 12291, the Director of the Office of Management and Budget has been consulted with respect to these proceedings.

The Acting Administrator hereby certifies that this matter will have no significant negative impact upon small entities within the meaning and intent of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.* The addition of preparations to the list of exempt chemical preparations has the effect of exempting them from sections of the Controlled

Substances Act of 1970 and regulations. Those preparations deleted from the list are no longer marketed.

Therefore, pursuant to the Act, the regulations of the Department of Justice and the Drug Enforcement Administration, the Acting Administrator of the Drug Enforcement Administration hereby orders that Part 1308 of Title 21 of the Code of Federal Regulations be amended as hereinafter appears.

(Sec. 201, 202, 501(b), Controlled Substances Act, 21 U.S.C. 811, 812, 871(b))

Dated: February 4, 1982.

Francis M. Mullen, Jr.,
Acting Administrator.

DEPARTMENT OF THE TREASURY

Internal Revenue Service

26 CFR Part 1

[T.D. 7815]

Income Tax; Bad Debt Deduction for Thrift Institutions that Join in Filing Consolidated Returns

AGENCY: Internal Revenue Service, Treasury.

ACTION: Amendment of final regulations.

SUMMARY: This document amends existing final regulations relating to the percentage bad debt deduction for thrift institutions that join in filing consolidated returns by changing the effective date of the regulations. The existing regulations would have been

effective for taxable years beginning after December 31, 1980.

DATES: This document makes the existing regulations effective only for taxable years for which the due date (without extensions) for filing returns is after March 14, 1983.

FOR FURTHER INFORMATION CONTACT: Benedetta A. Kissel of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue NW., Washington, D.C. 20224 (Attention: CC:LR:T, 202-566-3238, not a toll-free call).

SUPPLEMENTARY INFORMATION:

Background

Section 1.1502-42 relates to the percentage bad debt deduction for thrift institutions that join in filing consolidated returns. Final regulations amending § 1.1502-42 were published in the Federal Register for August 9, 1979 (44 FR 46838) as T.D. 7637. Proposed

amendments to those final regulations were published in the Federal Register for January 30, 1981 (46 FR 9965). The final regulations would have applied for taxable years beginning after December 31, 1980. The effect of this Treasury decision is generally to postpone the effective date one year. If the amendments proposed on January 30, 1981, are finalized, the effective date of the amendments will conform to this change in the effective date of the final regulations.

Drafting Information

The principal author of this regulation is Benedetta A. Kissel of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, on matters of both substance and style.

Adoption of Amendments to the Regulations

PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Accordingly, 26 CFR Part 1 is amended as follows:

Section 1.1502-42 is amended by revising paragraph (c), the heading of paragraph (d), and the first sentence of paragraph (d)(1). The revised provisions read as follows:

§ 1.1502-42 Mutual savings banks, etc.

(c) *Taxable income; taxable years for which the due date (without extensions) for filing returns is before March 15, 1983.* For taxable years for which the due date (without extensions) for filing returns is before March 15, 1983, a member's taxable income for purposes of section 593(b)(2) is determined under § 1.1502-27(b) (computed without regard to any deduction under section 593(b)(2)). In addition, for taxable years beginning after July 11, 1969, taxable income as computed under the preceding sentence is subject to the adjustments provided in section 593(b)(2)(E). See § 1.593-6A(b)(5).

(d) *Taxable income; taxable years for which the due date (without extensions) for filing returns is after March 14, 1983—(1) In general.* For a taxable year for which the due date (without extensions) for filing returns is after March 14, 1983, a member's taxable income for purposes of section 593(b)(2) is the portion of consolidated taxable income for purposes of section 593(b)(2) is the portion of consolidated taxable income attributable to the member. * * *

There is a need for immediate guidance with respect to the provisions contained in this Treasury decision. For this reason, it is found impractical to issue it with notice and public procedure under subsection (b) of section 553 of Title 5 of the United States Code or subject to the effective date limitation of subsection (d) of that section.

BILLING CODE 4830-01-M

DEPARTMENT OF JUSTICE**Attorney General****28 CFR Part 13**

[Order No. 974-82]

Rewards Under the Atomic Weapons and Special Nuclear Materials Rewards Act

AGENCY: Department of Justice.

ACTION: Final rule.

SUMMARY: This notice sets forth final regulations of the Department of Justice implementing the Atomic Weapons and Special Nuclear Materials Rewards Act. Under that Act, the Attorney General is given the responsibility to determine whether a person furnishing information to the United States concerning the illegal introduction, manufacture, acquisition or export of special nuclear material or atomic weapons or conspiracies relating thereto is entitled to a reward. These regulations constitute the Department's procedure for processing applications for rewards under the Act.

EFFECTIVE DATE: April 16, 1982.

FOR FURTHER INFORMATION CONTACT: Anne H. Shields, Land and Natural Resources Division, Room 2619, 10th and Pennsylvania Avenue, NW., Washington, D.C. 20530. (202-633-1442).

SUPPLEMENTARY INFORMATION: These regulations constitute the Department's procedure for implementing the Atomic Weapons and Special Nuclear Materials Rewards Act, 50 U.S.C. 47a-47f, passed by Congress to replace the previously instituted program administered by a now defunct Awards Board. The regulations set forth internal Department of Justice procedures.

The requirements of Executive Order No. 12291 (improving government regulations) do not apply to these procedures. These regulations do not constitute a "major rule" within the meaning of the Executive Order. These regulations will not cause a significant economic impact or other substantial effect on small entities; therefore, the requirements of the Regulatory Flexibility Act, 5 U.S.C. 605(b), do not apply.

Accordingly, in order to adopt procedures for the Department of Justice to implement the Atomic Weapons and Special Nuclear Materials Rewards Act, 50 U.S.C. 47a-47f, and by virtue of the authority vested in me by 50 U.S.C. 47d, a new Part 13, to read as follows, is added to Chapter I of Title 28, Code of Federal Regulations:

PART 13—ATOMIC WEAPONS AND SPECIAL NUCLEAR MATERIALS REWARDS REGULATIONS

Sec.

13.1 Purpose.

13.2 Policy.

13.3 Definitions.

13.4 Procedures: Responsibilities of the Attorney General.

13.5 Procedures: Responsibilities of the Intra-departmental Committee.

13.6 Criteria.

13.7 Judicial review.

Authority: 50 U.S.C. 47d.

§ 13.1 Purpose.

This part implements the responsibility given to the Attorney General under the Atomic Weapons and Special Nuclear Materials Rewards Act, 50 U.S.C. 47a-47f, for determining what persons are entitled to a reward for furnishing certain original information to the United States pertaining to atomic weapons and special nuclear material.

§ 13.2 Policy.

This program is intended to reward the provision of original information regarding situations involving an illegal diversion, an attempted illegal diversion, or a conspiracy to divert special nuclear material or atomic weapons. The broad scope of this program is to help guard against the loss or diversion of such material and to prevent any use or disposition thereof inimical to the common defense and security.

§ 13.3 Definitions.

"Atomic energy" means all forms of energy released in the course of nuclear fission or nuclear transformation.

"Atomic weapon" means any device utilizing atomic energy, exclusive of the means for transporting or propelling the device (where such means is a separable and divisible part of the device), the principal purpose of which is for use as, or for development of, a weapon, a weapon prototype, or a weapon test device.

"Original information" means information first supplied to the Federal government by the applicant, which was created or compiled through his own skill and judgment.

"Special nuclear material" means plutonium, or uranium enriched in the isotope 233 or in the isotope 235, or any other material which is found to be special nuclear material pursuant to the provisions of the Atomic Energy Act of 1954, 42 U.S.C. 2011 *et seq.*

"United States," when used in a geographical sense, includes Puerto Rico, all Territories and possessions of

the United States and the Canal Zone except in § 13.4(a)(4). In § 13.4(a)(4), "United States," when used in a geographical sense, means the continental United States, Alaska, Hawaii, Puerto Rico, Guam, and the Virgin Islands of the United States.

§ 13.4 Procedures: Responsibilities of the Attorney General.

When a submission is made to the Department of Justice for a reward under the Atomic Weapons and Special Nuclear Materials Rewards Act, the Attorney General shall:

(a) Refer such submission for review to an intra-departmental committee composed of the Assistant Attorneys General for the Land and Natural Resources Division, the Criminal Division, and the Office of Legal Counsel or their delegates;

(b) Review the proposed finding of the review committee and determine whether a reward is justified and the amount of same;

(c) Secure the approval of the President for any reward over \$50,000;

(d) Jointly determine (along with the Secretary of State and the Director of Central Intelligence), if the award is to go to an alien, whether the entry of such alien into the United States is in the public interest and whether that alien and members of his immediate family may receive immigrant visas and be admitted to the United States for permanent residence, notwithstanding the requirements of the Immigration and Nationality Act;

(e) Notify any person claiming an award of the determination regarding the claim and the amount of the reward, if any. If no reward is determined to be justified, state the reasons, consistent with national security, for the denial;

(f) Certify and transmit, along with the approval of the President if necessary, any award to be made to the Director of Central Intelligence for payment out of funds appropriated or available for the administration of the National Security Act of 1947, as amended, 50 U.S.C. 401 *et seq.*

(g) Not certify any amount over \$500,000.

§ 13.5 Procedures: Responsibility of the Intra-departmental Committee.

When the Attorney General refers a submission for a reward to the intra-departmental committee, this committee:

(a) Shall consult with the Nuclear Regulatory Commission and the Department of Energy regarding the reward;

(b) May consult with the Central Intelligence Agency and any other departments or agencies it deems

appropriate to aid in the determination of whether a reward should be given and the proper amount of the reward;

(c) May hold hearings for the purpose of securing and evaluating information; a full hearing on the record with oral presentation and cross-examination is not required;

(d) Shall determine whether the information submitted fits one or more of the rewardable categories outlined in § 13.6;

(e) Shall determine whether the applicant is eligible for the reward. Federal employees and military personnel whose duties include investigating activities covered by this Act are not eligible for a reward for information acquired in the course of their investigation;

(f) Shall submit to the Attorney General a proposed finding as to eligibility and a recommendation for the amount of the reward within 60 days of the date of referral from the Attorney General, unless good cause is shown for extending the time of review.

§ 13.6 Criteria for reward.

(a) Information provided by any person to the United States for a reward under the Atomic Weapons and Special Nuclear Materials Rewards Act must be original, and must concern the unlawful:

(1) Introduction, manufacture or acquisition, or

(2) Attempted introduction, manufacture or acquisition, or

(3) Export or attempt to export, or

(4) Conspiracy to introduce, manufacture, acquire or export special nuclear material or atomic weapons, or

(5) Loss, diversion or disposal of special nuclear material or atomic weapons.

(b) The amount of the reward shall depend on:

(1) The amount of the material recovered or potentially recoverable, and the role the information played in the recovery, and

(2) The danger the material posed or poses to the common defense and security or public health and welfare, and

(3) The difficulty in ascertaining the information submitted to claim the reward, and the quality of the information, and

(4) Any other considerations which the Attorney General or the intra-departmental committee deems necessary or helpful to the individual determination.

§ 13.7 Judicial review.

The decision of the Attorney General is final and conclusive and no court

shall have power or jurisdiction to review it.

INTERSTATE COMMERCE COMMISSION

49 CFR Part 1033

[Thirty-Fourth Rev. S.O. 1473]

Various Railroads Authorized To Use Tracks and/or Facilities of Chicago, Rock Island & Pacific Railroad Co., Debtor (William M. Gibbons, Trustee)

AGENCY: Interstate Commerce Commission.

ACTION: Thirty-fourth Revised Service Order No. 1473.

SUMMARY: Pursuant to Section 122 of the Rock Island Railroad Transition and Employee Assistance Act, Pub. L. 96-254, this order authorizes various railroads to provide interim service over the Chicago, Rock Island and Pacific Railroad Company, Debtor (William M.

Gibbons, Trustee), and to use such tracks and facilities as are necessary for operations. This order permits carriers to continue to provide service to shippers which would otherwise be deprived of essential rail transportation. **EFFECTIVE DATE:** 12:01 a.m., March 17, 1982, and continuing in effect until 11:59 p.m., May 31, 1982, unless otherwise modified, amended or vacated by order of this Commission.

FOR FURTHER INFORMATION CONTACT: M. F. Clemens, Jr., (202) 275-7840 or 275-1559.

SUPPLEMENTARY INFORMATION:

Decided: March 12, 1982.

Pursuant to Section 122 of the Rock Island Railroad Transition and Employee Assistance Act, Pub. L. 96-254 (RITEA), the Commission is authorizing various railroads to provide interim service over Chicago, Rock Island and Pacific Railroad Company, Debtor (William M. Gibbons, Trustee), (RI) and to use such tracks and facilities as are necessary for those operations.

In view of the urgent need for continued rail service over RI's lines pending the implementation of long-range solutions, this order permits carriers to provide service to shippers which may otherwise be deprived of essential rail transportation.

Appendix A, to the previous order, is revised by adding at Item 26, the authority for South Central Arkansas Railway, Inc. (SCAR), a subsidiary of Centrail Corporation, to operate between El Dorado, Arkansas, and Lillie, Louisiana, a distance of approximately 26.2 miles. This authority permits service where none is presently provided, and allows implementation of SCAR's court approved lease with the Trustee.

Appendix B of Thirteenth Revised Service Order No. 1473 is unchanged, and becomes Appendix B to this Order.

It is the opinion of the Commission that an emergency exists requiring that the railroads listed in the named appendices be authorized to conduct operations using RI tracks and/or facilities; that notice and public procedure are impracticable and contrary to the public interest; and good cause exists for making this order effective upon less than thirty days' notice.

It is ordered,

§ 1033.1473 Thirty-Fourth Revised Service Order No. 1473

(a) Various railroads authorized to use tracks and/or facilities of the Chicago, Rock Island and Pacific Railroad Company, Debtor (William M. Gibbons, trustee). Various railroads are

authorized to use tracks and/or facilities of the Chicago, Rock Island and Pacific Railroad Company (RI), as listed in Appendix A to this order, in order to provide interim service over the RI; and as listed in Appendix B to this order, to provide for continuation of joint or common use facility agreements essential to the operations of these carriers as previously authorized in Service Order No. 1435.

(b) The Trustee shall permit the affected carriers to enter upon the property of the RI to conduct service as authorized in paragraph (a).

(c) The Trustee will be compensated on terms established between the Trustee and the affected carrier(s); or upon failure of the parties to agree as hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by Section 122(a) Pub. L. 96-254.

(d) Interim operators, authorized in Appendix A to this order, shall, within fifteen (15) days of its effective date, notify the Railroad Service Board of the date on which interim operations were commenced or the expected commencement date of those operations. Termination of interim operations will require at least (30) thirty days notice to the Railroad Service Board and affected shippers.

(e) Interim operators, authorized in Appendix A to this order, shall, within thirty days of commencing operations under authority of this order, notify the RI Trustee of those facilities they believe are necessary or reasonably related to the authorized operations.

(f) During the period of the operations over the RI lines authorized in paragraph (a) of this section, operators shall be responsible for preserving the value of the lines, associated with each operation, to the RI estate, and for performing necessary maintenance to avoid undue deterioration of lines and associated facilities.

1. In those instances where more than one railroad is involved in the joint use of RI tracks and/or facilities described in Appendix B, one of the affected carriers will perform the maintenance and have supervision over the operations in behalf of all the carriers as may be agreed to among themselves, or in the absence of such agreement, as may be decided by the Commission.

(g) Any operational or other difficulty associated with the authorized operations shall be resolved through agreement between the affected parties or, failing agreement, by the Commission's Railroad Service Board.

(h) Any rehabilitation, operational, or other costs related to authorized
