**Note.**—The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a "major rule" under Executive Order 12291; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

#### SUPPLEMENTARY INFORMATION:

##### Request for Comments on the Rule

Although these actions are in the form of a final rule, which involves the realignment of the internal boundaries of Restricted Areas R-2923, R-2924, R-2925, and R-2926, Cape Kennedy, FL, and, thus, were not preceded by notice and public procedure, comments are invited on the rule. When the comment period ends, the FAA will use the comments submitted, together with other available information, to review the regulation. After the review, if the FAA finds that changes are appropriate, it will initiate rulemaking proceedings to amend the regulation. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in evaluating the effects of the rule and determining whether additional rulemaking is needed. Comments are specifically invited on the overall regulatory, aeronautical, economic and energy aspects of the rule that might suggest the need to modify the rule.

Send comments on environmental and land use aspects to: Director, FAA Southern Region, Attention: Chief, Air Traffic Division, Docket No. 82-ASO-4, Federal Aviation Administration, P.O. Box 20636, Atlanta, GA 30320.

#### The Rule

The purpose of this amendment to § 73.29 of Part 73 of the Federal Aviation Regulations (14 CFR Part 73) is to realign the internal boundaries of Restricted Areas R-2923, R-2924, R-2925, and R-2926, Cape Kennedy, FL. This action is necessary to better protect the space transportation system and airborne aircraft during shuttle processing operations at the Kennedy Space Center. Section 73.29 of Part 73 of the Federal Aviation Regulations was republished in the Federal Register on January 2, 1981 (46 FR 793). This amendment does not affect the outer boundaries of these interconnected restricted areas and thus will not increase the burden on the public. Therefore, I find that notice or public procedure under 5 U.S.C. 553(b) is impracticable and contrary to the public interest.

#### Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me, § 73.29 of Part 73 of the Federal Aviation Regulations (14 CFR Part 73) as republished (46 FR 793), is amended, effective 0901 GMT, July 8, 1982, as follows:

#### R-2923, Cape Kennedy, FL [Amended]

#### R-2925, Cape Kennedy, FL [Amended]

By revising the boundaries to read as follows:

(Secs. 307(a) and 313(a), Federal Aviation Act of 1958 (49 U.S.C. 1348(a) and 1354(a)); sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c)); and 14 CFR 11.69)

**Note.**—The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a "major rule" under Executive Order 12291; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. ## VETERANS ADMINISTRATION

### 38 CFR Part 3

Veterans Benefits; Former Prisoners of War

**AGENCY:** Veterans Administration.

**ACTION:** Final regulations.

**SUMMARY:** The Veterans Administration has amended its adjudication regulations to implement a provision of a new law, the Former Prisoner of War Benefits Act of 1981, which provides that disabilities resulting from a number of specified diseases may be considered service connected if a former prisoner of war was held for at least 30 days.

**EFFECTIVE DATE:** These changes are effective October 1, 1981, the date specified in the new law, designated as Pub. L. 97-37.

### FOR FURTHER INFORMATION CONTACT:

T. H. Spindler, Jr. 202-389-3005.

**SUPPLEMENTARY INFORMATION:** On page 57571 of the Federal Register of November 24, 1981, the Veterans Administration published proposed amendments to 38 CFR 3.307, 3.309 to implement section 4, Pub. L. 97-37. Interested persons were given 30 days to submit comments, suggestions or objections to the proposed amendments.

None have been received and the proposed regulations are hereby adopted without change and are set forth below.

The Administrator hereby certifies these regulations will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act (RFA), 5 U.S.C. 601-612. Pursuant to 5 U.S.C. 605(b), this rule is therefore exempt from the initial and final regulatory flexibility analyses requirements of sections 603 and 604. The reason for this certification is that these regulations liberalize benefit requirements for former prisoners of war. They will have no significant impact on small entities.

The agency has determined that these regulations are nonmajor in accordance with Executive Order 12291 because they simply implement statutory requirements and have little or no economic impact, in themselves.

Approved: February 25, 1982.

Robert P. Nimmo,

Administrator.

### Updating of National Service and U.S. Government Life Insurance Regulations

**AGENCY:** Veterans Administration.

**ACTION:** Final regulations.

**SUMMARY:** The Veterans Administration is amending its regulations relating to insurance matters to (1) permit a Veterans Administration physician's assistant to conduct certain physical examinations that are required for insurance purposes, (2) reflect that the law permits the conversion or exchange of National Service Life Insurance policies to insurance on a modified life plan with reduction at age 70, (3) update certain Agency insurance service personnel job titles, and (4) update insurance information pamphlet and policy form references. In addition, certain terms are being changed to eliminate gender reference in those

regulations which are being amended. These changes result from a review of the Agency's insurance regulations.

**EFFECTIVE DATE:** February 19, 1982.

**FOR FURTHER INFORMATION CONTACT:** Mr. Robert W. Carey, Assistant Director for Insurance, Veterans Administration Regional Office and Insurance Center, P.O. Box 8079, Philadelphia, PA 19101, or (215-951-5360).

**SUPPLEMENTARY INFORMATION:** Current insurance regulations §§ 6.90, 8.64(a) and 8.65 permit only a Veterans Administration physician to conduct physical examinations that are required for certain insurance purposes. These sections are being amended to permit a Veterans Administration physician's assistant to conduct such examinations. This change recognizes and is consistent with the role of physicians' assistants in current medical practice.

Sections 8.0(e), 8.3, 8.27(b) through (g), 8.29(c), 8.33, 8.34, 8.35, 8.36, 8.40, 8.41(a) and (b), 8.99c, 8.102, 8.103, 8.111, 8.112(b), 8.112a(a) and (b), and 8.112b are all being amended to reflect their applicability to the insurance coverage provided by section 704(e), title 38, United States Code, which was added by Pub. L. 92-193, enacted December 15, 1971. This statutory amendment authorized the conversion or exchange of National Service Life Insurance policies to insurance on modified life plan with reduction at age 70 under the same terms and conditions, except as to age, as the coverage already provided under sections 704(b) and 704(c) of title 38, United States Code. Although the Veterans Administration has been implementing section 704(e) since its enactment, it was discovered during the Agency's review that the regulations implementing sections 704(b) and 704(c) had not been amended to reflect their applicability, except as to age, to the coverage provided by section 704(e).

Amendments updating personnel job titles are made to §§ 6.80, 6.90, 8.24, 8.65, 8.66 and 8.70. Revised information pamphlet references are contained in § 8.99c and revised policy forms references in § 8.108 amendments.

The Veterans Administration is publishing these amendments as final regulations. An opportunity for public comment is not being provided for the following reasons. As to the amendments implementing 38 U.S.C. 704(e), the agency finds that public comment is unnecessary since the statutory language requires that the insurance provided be under the same terms and conditions, except as to age, as previously authorized insurance. The other amendments deal with matters related to agency organization,

procedure or practice. (38 CFR 1.12.) Since a proposed notice will not be published, these regulation changes are not subject to requirements of the Regulatory Flexibility Act, Pub. L. 96-354.

The agency has determined that these regulations are nonmajor in accordance with Executive Order 12291, Federal Regulation. These regulations will not have a large effect on the economy, will not cause an increase of costs or prices, and will not otherwise have any significant adverse economic effects.

(Catalog of Federal Domestic Assistance Program number, 64.103)

Approved: February 19, 1982.

Robert P. Nimmo,  
Administrator.
