15 CFR Parts 371 and 372

Clarification of Limitations on Multiple Gift Parcels Consolidated in a Single Shipment

AGENCY: Office of Export Administration, International Trade Administration, Commerce.

ACTION: Final rule.

SUMMARY: The Export Administration Regulations are amended to clarify the licensing provisions applicable to consolidated shipments of gift parcels. Under current regulations, individual gift shipments can usually be made under general license. However, a general license does not apply to multiple gift parcels exported in a single shipment for delivery to individuals residing in a foreign country. Such shipments require a validated license. This rule is necessary because of the increased volume of gift parcels being shipped to Vietnam and the fact that many shippers are unaware of the limitations on such shipments. The addition of two new paragraphs to Part 372 of the

Regulations clarifies the restrictions. One of these paragraphs contains special instructions for completing ITA-Form 622, Application for Validated License (OMB approval No. 0625-0001, expires 10-31-83).

EFFECTIVE DATE: April 6, 1982.

FOR FURTHER INFORMATION CONTACT: Archie Andrews, Director, Exporters' Service Staff, Office of Export Administration, U.S. Department of Commerce, Washington, D.C. 20230 (Telephone: (202) 377-4811).

Rulemaking Requirements

In connection with various rulemaking requirements, the Office of Export Administration has determined that:

1. Under section 13(a) of the Export Administration Act of 1979 (Pub. L. 96-72, 50 U.S.C. app. 2401 *et seq.*) ("the Act"), this rule is exempt from the public participation in rulemaking procedures of the Administrative Procedure Act. This rule does not impose new controls on exports, and is therefore exempt from section 13(b) of the Act, which expresses the intent of Congress that where practicable "regulations imposing controls on exports" be published in proposed form.

2. This rule does not alter any burden imposed under the Paperwork Reduction Act of 1980, 44 U.S.C. 3501 *et seq.*

3. This rule is not subject to the requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*

4. This rule is not a major rule within the meaning of section 1(b) of Executive Order 12291 (46 FR 13193, February 19, 1981), "Federal Regulation."

Therefore, this regulation is issued in final form. Although there is no formal comment period, public comments on this regulation are welcome on a continuing basis.

FDA has evaluated data in the petition and other relevant material, and concludes that the proposed food additive use is safe and that the regulations should be amended as set forth below. The petition and the documents that FDA considered and relied upon in reaching its decision to approve the petition, in accordance with § 171.1(h) (21 CFR 171.1(h)), are available for inspection at the Bureau of Foods (address above) by appointment with the information contact person listed above.
