BILLING CODE 3410-05-M

7 CFR Part 726

Burley Tobacco; Proclamations, Determinations and Announcements of National Marketing Quotas and Referendum Results; Deletion of Regulations

AGENCY: Agricultural Stabilization and Conservation Service, USDA.

ACTION: Final Rule.

SUMMARY: This rule deletes the regulations codified at 7 CFR 726.1, 726.11, and 726.21, which relate to quota proclamations, determinations and referendum results. Previously, these proclamations, determinations, and announcements were published each year in the *Federal Register* and subsequently codified in the Code of Federal Regulations. In the future, however, they will be published in the *Federal Register* in the notice section and will no longer be codified in the Code of Federal Regulations.

EFFECTIVE DATE: June 25, 1982

FOR FURTHER INFORMATION CONTACT: Robert L. Tarczy, Program Specialist, (ASCS), Analysis Division, U.S. Department of Agriculture, P.O. Box 2415, Washington, D.C. 20013. (202) 447-5187.

SUPPLEMENTARY INFORMATION: This final rule has been reviewed under USDA procedures for implementing Executive Order 12291 and Secretary's

Memorandum 1512-1. This rule has been classified "not major" since it will not result in: (1) An annual effect on the economy of \$100 million or more, (2) a major increase in costs or prices for consumers, industries, Federal, State or local governments, or geographical region, or (3) significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of United States-based enterprises to compete with foreign-based enterprises in domestic or export markets.

The title and number of the Federal Assistance Program that this notice applies to are: Title—Commodity Loan and Purchases; Number 10.051, as set forth in the Catalog of Federal Domestic Assistance. This action will not have a significant impact specifically on area and community development. Therefore, review as established by OMB Circular A-95 was not used to assure that units of local government are informed of this action.

It has been determined that the Regulatory Flexibility Act is not applicable to this final rule since the Agricultural Stabilization and Conservation Service (ASCS) is not required by 5 U.S.C. 553 or any provision of law to publish a notice of proposed rulemaking with respect to the subject matter of this rule.

Under the provisions of the Agricultural Adjustment Act of 1938, the Secretary of Agriculture is required to issue a proclamation of marketing quotas for burley tobacco for three-year periods. In addition, the Secretary determines and announces in the proclamation the amount of the national marketing quota for burley tobacco for the first year of each such year period. Within 30 days after the issuance of such proclamation, a referendum is conducted to determine whether producers are in favor of or opposed to marketing quotas. If producers of burley tobacco approve quotas, marketing quotas are determined and announced for the second and third of each such year period. The proclamation of marketing quotas, the determination and announcement of marketing quotas and the results of referendums for burley tobacco were previously published annually in the *Federal Register* as final rules and subsequently codified in the Code of Federal Regulations. Effective with the publication of this rule, the marketing quota proclamations, determinations, and referendum results will appear in the *Federal Register* in the notice section but will no longer be codified in the Code of Federal Regulations.

Since this final rule makes no substantive changes in the regulations codified in the Code of Federal Regulations, but merely deletes therefrom proclamations, determinations, and announcements of national marketing quotas and referendum results for burley tobacco for prior crop years, it has been determined that no further public rulemaking is required. However, proclamations, determinations and announcements previously appearing in 7 CFR 726.1, 726.11 and 726.21 shall remain applicable to the crops to which each refers.

Final Rule

PART 726—BURLEY TOBACCO

§§ 726.1, 726.11 and 726.21 [Removed]

Accordingly, the regulations at 7 CFR 726.1, 726.11, and 726.21 relating to proclamations, determinations and announcements of marketing quotas and referendum results for burley tobacco and the Subpart and section headings thereto are hereby removed from the Code of Federal Regulations.

7 CFR Part 910

[Lemon Reg. 365]

Lemons Grown in California and Arizona; Limitation of Handling

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This regulation establishes the quantity of fresh California-Arizona lemons that may be shipped to market during the period June 27–July 3, 1982. Such action is needed to provide for orderly marketing of fresh lemons for this period due to the marketing situation confronting the lemon industry.

EFFECTIVE DATE: June 27, 1982.

FOR FURTHER INFORMATION CONTACT: William J. Doyle, Acting Chief, Fruit Branch, F&V, AMS, USDA, Washington, D.C. 20250, telephone 202-447-5975.

SUPPLEMENTARY INFORMATION: This rule has been reviewed under Secretary's

Memorandum 1512-1 and Executive Order 12291 and has been designated a "non-major" rule. This regulation is issued under the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona. The agreement and order are effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674). The action is based upon the recommendations and information submitted by the Lemon Administrative Committee and upon other available information. It is hereby found that this action will tend to effectuate the declared policy of the act.

This action is consistent with the marketing policy for 1981-82. The marketing policy was recommended by the committee following discussion at a public meeting on July 7, 1981. The committee met again publicly on June 22, 1982, at Los Angeles, California, to consider the current and prospective conditions of supply and demand and recommended a quantity of lemons deemed advisable to be handled during the specified week. The committee reports the demand for lemons is moderate.

It is further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rulemaking, and postpone the effective date until 30 days after publication in the *Federal Register* (5 U.S.C. 553), because of insufficient time between the date when information became available upon which this regulation is based and the effective date necessary to effectuate the declared purposes of the act. Interested persons were given an opportunity to submit information and views on the regulation at an open meeting. It is necessary to effectuate the declared purposes of the act to make these regulatory provisions effective as specified, and handlers have been apprised of such provisions and the effective time.

DEPARTMENT OF JUSTICE

Immigration and Naturalization Service

8 CFR Part 100

Statement of Organization; Field Service; Revised Border Patrol Sectors

AGENCY: Immigration and Naturalization Service, Justice.

ACTION: Final rule.

SUMMARY: This rule formalizes removal of the Ogdensburg, N.Y., Border Patrol Sector and incorporates its four stations into the neighboring Buffalo, N.Y., and Swanton, Vt. sectors. This realignment is expected to improve the efficiency of the Service and strengthen its overall enforcement operations.

EFFECTIVE DATE: June 30, 1982.

FOR FURTHER INFORMATION CONTACT:

For General Information: Stanley J.

Kieszkiel, Acting Instructions Officer, Immigration and Naturalization Service, 425 I Street, NW., Washington, D.C. 20536, Telephone: (202) 633-3048

For specific information: Roger P.

Brandemuehl, Assistant Commissioner, Border Patrol, Room 7232, 425 I Street, NW., Washington, D.C. 20536, Telephone: (202) 633-3073

SUPPLEMENTARY INFORMATION: This amendment to the Immigration and Naturalization Service, Statement of Organization, formalizes the Service's decision to improve management efficiency and border patrol effectiveness by eliminating the Ogdensburg Sector, incorporating its patrol stations into the adjoining sectors of Buffalo, N.Y. and Swanton, Vt. The Buffalo Sector now includes the Watertown, N.Y. station, formerly part of the Ogdensburg Sector. The Malone, N.Y., Massena, N.Y., and Ogdensburg stations, previously in the Ogdensburg sector, are now part of the Swanton Sector.

The elimination of Ogdensburg as a sector is the result of a management review of activity over the past several years. It was concluded that the continuation of a sector headquarters staff at Ogdensburg was unjustified, and the replacement of some of the sector's administrative and clerical positions by

patrol officers would benefit enforcement.

Compliance with 5 U.S.C. 553 as to proposed rulemaking and delayed effective date is not required because the rule deals with Service organization and will have no adverse impact on the public.

In accordance with 5 U.S.C. 605(b), the Commissioner of Immigration and Naturalization certifies that this rule will not have a significant economic impact on a substantial number of small entities because it deals solely with jurisdiction of Service offices and has no adverse impact on the public.

This rule is exempt from the requirement of E.O. 12291 as provided for by section 1(a)(3) of the Executive Order because it relates to agency organization.

COMMODITY FUTURES TRADING COMMISSION

17 CFR Parts 3 and 145

Registration Forms and Conforming Rule Amendments

AGENCY: Commodity Futures Trading Commission.

ACTION: Adoption of revised forms and final rules.

SUMMARY: The Commodity Futures Trading Commission ("Commission") has adopted, as modified, registration Form 3-R, Form 7-R and Schedules A, B and C thereto, and Forms 8-R, 8-S and 8-T to implement previously-adopted registration rules which become effective on July 1, 1982. The Commission has also adopted certain conforming and technical amendments to Commission rules § 3.31 and § 145.6.

DATES: The revised forms are effective June 25, 1982. The revised rules are effective July 1, 1982.

FOR FURTHER INFORMATION CONTACT: Robert P. Shiner, Assistant Director, Division of Trading and Markets, 2033 K Street NW., Washington, D.C. 20581. Telephone: (202) 254-9703.

SUPPLEMENTARY INFORMATION:

A. Revised Forms and Conforming Rule Amendments

Regulations governing the sponsorship of associated persons ("APs") and the submission of fingerprint cards by certain registrants and their principals will become effective on July 1, 1982.¹ In order to fully implement these new regulations, the Commission has revised its registration forms² to conform to the new regulations, to apprise affected individuals of their filing obligations under those regulations, and to facilitate

¹ 46 FR 24940 (May 4, 1981); 45 FR 80485 (December 5, 1980).

² The Form 8-R is used by APs and floor brokers as an application for registration and by the principals of futures commission merchants ("FCMs"), commodity trading advisors ("CTAs"), and commodity pool operators ("CPOs") as a biographical supplement to the applications for registration filed by FCMs, CTAs and CPOs. The Form 8-S is a Certificate of Special Registration for Certain Associated Persons. See § 3.12(d), 17 CFR 3.12(d), as amended by 46 FR 24940, 24943 (May 4, 1981). The Form 8-T is used by FCMs to report the termination of, or failure to become associated by, an AP and by FCMs, CTAs and CPOs to report the termination of a principal. The Form 7-R is the application form used by FCMs, CTAs and CPOs. (Schedules A, B and C, which accompany the Form 7-R, are used by FCMs, CTAs and CPOs, respectively.) The Form 3-R is used by all registrants and principals to report changes and corrections to the foregoing forms. The Form 1-FR, which must accompany an application for initial registration as an FCM, is not being revised at this time.

the use of those forms in conjunction with the Commission's new automated data processing system.

The new regulations require that each applicant for registration as an associated person be "sponsored" by a futures commission merchant which must screen that person's application and certify that it is accurate and complete to the best of the FCM's knowledge, information, and belief. Those regulations also require the fingerprinting of certain Commission registrants or their principals.

As part of the rulemaking process described above, the Commission adopted new Forms 8-S and 8-T and changes to Form 8-R.³ Certain additional nonsubstantive changes are now being made to those forms, as well as to Forms 3-R and 7-R, to improve their design and appearance, to simplify and clarify instructions, and to combine or eliminate a number of the questions on Schedules A, B and C to Form 7-R. The registration forms have also been modified to facilitate automated data processing by assigning to each applicant, registrant and principal a CFTC identification number which will assist the Commission in information storage and retrieval.

The Commission is also adopting technical amendments to rules § 3.31(a), § 3.31(c)(3) and § 145.6(b). Rule § 3.31(a), which requires FCMs, CTAs and CPOs to keep current Form 7-R and the Schedules thereto, and rule § 145.6(b), which specifies which portions of the forms are not deemed to be publicly available, are being amended to eliminate obsolete references to the old forms. Rule § 3.31(c)(3) is being amended to reflect a change in the name of one of the forms cited in that rule.

Although the revised registration procedures will not become effective until July 1, 1982, applicants for registration (or for renewal thereof) and their principals may begin using the new forms immediately. The existing Forms 3-R, 7-R, and 8-R will continue to be accepted by the Commission until June 30, 1981; after that date, however, the use of the new registration forms will be mandatory. The new registration forms and fingerprint cards may be ordered in bulk from the Commission's Registration Unit at Sears Tower, Suite 4600, 233 S. Wacker Drive, Chicago, Illinois 60606.

B. Paperwork Reduction Act; Privacy Act

The Commission has submitted certain of the amendments to its registration regulations, the revisions to Form 3-R, Form 7-R and Schedules A, B

³ 46 FR 24940 (May 4, 1981).

and C thereto, and Form 8-R, and new Forms 8-S and 8-T, to the Office of Management and Budget ("OMB") for its review pursuant to the Paperwork Reduction Act of 1980. OMB has reassigned to those rules and forms the OMB control number which had previously been assigned to the Commission's existing registration program and the Commission is now amending those regulations to include OMB control numbers so that the text of each section which involves an information collection request is followed by the OMB control number.

The Commission has also submitted to OMB and to the Congress a New Systems Report, pursuant to the Privacy Act of 1974 (5 U.S.C. 552a(o)), which describes the alterations to two of the systems of records maintained by the Commission under the Privacy Act which will result from the revised registration procedures.⁴

C. Related Matters

In adopting these rule amendments and forms, the Commission has taken into consideration the public interest to be protected by the antitrust laws and has endeavored to take the least anticompetitive means of achieving the regulatory objectives of the Commodity Exchange Act.

The amendments to the forms, which are effective immediately, are predominantly nonsubstantive in nature; the few substantive changes to those forms relieve burdens on the affected public by simplifying, combining and eliminating unnecessary or repetitive questions. The amendments to rules § 3.31(a), § 3.31(c)(3) and § 145.6(b) are effective, as are the remainder of the Commission's revised registration rules, on July 1, 1982. The conforming amendments to rules § 3.31 and § 145.6 are technical and nonsubstantive. The Commission therefore finds that the notice and public comment procedures of 5 U.S.C. 553 are not required.

Incorporation by Reference Regulatory Text; Further Amendment

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The Food and Drug Administration (FDA) is amending the incorporating regulatory text in a human antibiotic regulation to make clear that an incorporation by reference is intended. This action is being taken to meet the drafting requirements for incorporation by reference as set forth in Title 1 of the Code of Federal Regulations (1 CFR Part 51).

DATES: Effective June 25, 1982; comments by July 26, 1982.

ADDRESS: Written comments to the Dockets Management Branch (HFA-305), Food and Drug Administration, Rm. 4-62, 5600 Fishers Lane, Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT:

Theodore E. Herman, Regulations Policy Staff (HFC-10), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-443-3480.

SUPPLEMENTARY INFORMATION: Title 1 of the Code of Federal Regulations (1 CFR 51.6, 51.7, and 51.8) requires, in addition to other information, specific language in a regulation that makes clear that an incorporation by reference is intended.

In the Federal Register of March 5, 1982 (47 FR 9396), FDA amended certain regulations in Title 21 of the Code of Federal Regulations to bring them into compliance with the drafting requirements prescribed in 1 CFR 51.6, 51.7, and 51.8. In that document, FDA failed to revise the incorporation by reference text in 21 CFR 436.103(a). This document corrects that omission.

PART 436—TESTS AND METHODS OF ASSAY OF ANTIBIOTIC DRUGS AND ANTIBIOTIC-CONTAINING DRUGS

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 701(a), 52 Stat. 1055 (21 U.S.C. 371(a))) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.10 (formerly 5.1; see 46 FR 26052; May 11,

1981)), Part 436 is amended in § 436.103 by removing the footnote and by revising the last sentence and adding a new sentence in paragraph (a), to read as follows:

§ 436.103 Test organisms.

(a) * * * Test organism letters A through K, M, and N correspond to those used in "Outline of Details for Official Microbiological Assays of Antibiotics," A. Kirshbaum and B. Arret, "Journal of Pharmaceutical Sciences," Vol. 56, No. 4, p. 512 (April 1967), which is incorporated by reference. Copies are available from the American Pharmaceutical Association, 2215 Constitution Ave. NW., Washington, DC 20037, or available for inspection at the Office of the Federal Register, 1100 L St. NW., Washington, DC 20408.

The agency has determined that because this amendment does not make a substantive change in the regulation but merely is editorial, bringing the incorporation by reference text into compliance with the drafting requirements of 1 CFR 51.6, 51.7, and 51.8, notice, public procedure, and delayed effective date are unnecessary. However, interested persons may, on or before July 26, 1982, submit to the Dockets Management Branch (address above), written comments regarding this amendment. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. If the agency determines by the comments received that the amended text should be modified, a notice containing those modifications will be published in the Federal Register. Received comments may be seen in the office above between 9 a.m. and 4 p.m., Monday through Friday.

EFFECTIVE DATE: June 25, 1982.

FOR FURTHER INFORMATION CONTACT: John M. Meenan, Office of Legal Counsel, United States Secret Service, Room 842, 1800 G Street, NW., Washington, D.C. 20223, 202-535-5771.

SUPPLEMENTARY INFORMATION: This document contains a revision of regulations located in 31 CFR Part 408. Part 408 is amended to designate the building and grounds which constitute the temporary residence of the President. The designation of the buildings and grounds and the regulations governing ingress or egress contained in this amendment are promulgated pursuant to the authority vested in the Secretary of the Treasury by the Act of January 2, 1971, 84 Stat. 1891 (18 U.S.C. 1752).

Title V of the Act of January 2, 1971, 84 Stat. 1891 (18 U.S.C. 1752) provides for the exercise of Federal criminal jurisdiction over certain conduct relating to the buildings and grounds designated in this amendment. It was enacted to enhance the physical security of the President and to provide for the orderly conduct of executive business when the President is absent from the Executive Mansion in Washington, D.C.

Drafting Information

The principal author of this document was John M. Meenan, Office of Legal Counsel, United States Secret Service.

Special Analyses

For the reasons set forth below no general notice of proposed rulemaking is required by 5 U.S.C. 553. Accordingly, no Regulatory Flexibility Analysis is required for this rule. Further, the Director of the United States Secret Service has determined that this is not a major rule as defined in Executive Order 12291. Accordingly, a Regulatory Impact Analysis is not required.

Notice

Because this amendment merely designates the buildings and grounds of the temporary residence of the President, as required by 18 U.S.C. 1752, notice and public comment thereon is found to be unnecessary and good cause exists for disposing with a delayed effective date under 5 U.S.C. 553.
