Elemental Sulphur From Mexico; Preliminary Results of Administrative Review and Modification of Revocation in Part of Antidumping Finding

AGENCY: International Trade Administration, Commerce.

ACTION: Notice of Preliminary Results of Administrative Review and Modification of Revocation in Part of Antidumping Finding.

SUMMARY: The Department of Commerce has conducted an administrative review of the antidumping finding on elemental sulphur from Mexico. The review covers the one known exporter of this merchandise to the United States currently covered by the finding and the period June 1, 1980 through May 31, 1982.

As a result of the review, because the firm was non-responsive, the Department has preliminarily determined to assess dumping duties on the firm's sales during the period of review using the best information available.

The Department also intends to amend the wording of the exclusion for another firm so that elemental sulphur that is produced and/or sold by that firm is excluded from the finding. Interested parties are invited to comment on these preliminary results.

EFFECTIVE DATE: January 3, 1983.

FOR FURTHER INFORMATION CONTACT: Linda L. Pasden or Susan Crawford, Office of Compliance, International Trade Administration, U.S. Department of Commerce, Washington, D.C. 20230, telephone: (202) 377-3601.

SUPPLEMENTARY INFORMATION: Background

On July 9, 1981, the Department of Commerce ("the Department") published in the *Federal Register* (46 FR 35539-40) the final results of its last administrative review of the antidumping finding on elemental sulphur from Mexico (37 FR 12727, June 28, 1972) and announced its intent to conduct the next administrative review by the end of June 1982. As required by section 751 of the Tariff Act of 1930 ("the Tariff Act"), the Department has now conducted that administrative review.

Scope of the Review

Imports covered by the review are shipments of elemental sulphur. Basically there are two types of sulphur, "bright" and "dark" sulphur. Chemically
