

This rulemaking is issued under the authority of section 110 of the Clean Air Act (42 U.S.C. 7410).

Dated: January 24, 1985.

Lee M. Thomas,
Administrator.

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

Title 40 of the Code of Federal Regulations, Chapter 1, Part 52 is amended as follows:

1. Section 52.1420 is amended by adding a new paragraph (c)(30) to read as follows:

§ 52.1420 Identification of Plan.

(c) * * *

(30) On July 24, 1984, Nebraska submitted a lead SIP for Omaha. Additional portions of the Omaha lead SIP were submitted by the State on November 17, 1983, and August 1, 1984. EPA withheld action on the enforceable control measures contained in the Omaha lead SIP, but approved all other portions.

2. Section 52.1425(a) is amended by adding at the end of the table the following:

§ 52.1425 Compliance schedules.

Delayed Compliance Orders; Approval of a Delayed Compliance Order Issued by the Memphis-Shelby County Health Department (MSCHD) to Bryce Corporation

AGENCY: Environmental Protection Agency, EPA.

ACTION: Final rule.

SUMMARY: The Administrator of EPA hereby approves a Delayed Compliance Order issued by the MSCHD to Bryce Corporation. The Order requires Bryce Corporation to bring air emissions from its papercoating lines and flexographic printing presses at its Memphis, Tennessee, plant into compliance with Section 3-22 of the Memphis City Code (MCC) air pollution control regulations contained in the federally approved Tennessee State Implementation Plan (SIP). Because of the Administrator's approval, Bryce Corporation's compliance with the Order will preclude suits under the federal enforcement and citizen suit provisions of the Clean Air Act for violation(s) of the SIP regulations covered by the Order during the period the Order is in effect.

EFFECTIVE DATE: This rule takes effect on January 31, 1985.

FOR FURTHER INFORMATION CONTACT: Mr. Floyd Ledbetter, Chief, Northern Compliance Unit, Air Compliance

Section, Air Management Branch, Air, Pesticides, and Toxics Management Division, U.S. Environmental Protection Agency, Region IV, 345 Courtland Street NE, Atlanta, Georgia 30365, Telephone: (404) 881-3433.

ADDRESSES: A copy of the State Delayed Compliance Order, any supporting material, and any comments received in response to a prior Federal Register notice proposing approval of the Order are available for public inspection and copying during normal business hours at: U.S. Environmental Protection Agency, Region IV, Air, Pesticides, and Toxics Management Division, Air Management Branch, 345 Courtland Street NE, Atlanta, Georgia 30365.

SUPPLEMENTARY INFORMATION: On September 20, 1984, the Regional Administrator of EPA's Region IV Office published in the Federal Register, Volume 49, Number 184 at Page 36879, a notice proposing approval of a Delayed Compliance Order issued by the MSCHD to Bryce Corporation. The notice asked for public comments by October 22, 1984, on EPA's proposed approval of the Order. No public comments were received in response to the proposal notice. Therefore, the Delayed Compliance Order issued to Bryce Corporation is approved by the

Administrator of EPA pursuant to the authority of section 113(d)(2) of the Clean Air Act, 42 U.S.C. 7413(d)(2). The Order places Bryce Corporation on a schedule to bring its papercoating lines and flexographic printing presses into compliance as expeditiously as practicable with part of the federally approved Tennessee State Implementation Plan. The Order also imposes interim emission requirements as follows:

... VOC's from the rotogravure and flexographic printing presses shall not exceed 2.01 pounds of VOC per ream on a daily basis between January 1985, and December 30, 1985. The laminators were emitting no more than 1.73 pounds of VOC per ream as of August 1, 1984. There are no interim opacity limits.

If the conditions of the Order are met, it will permit Bryce Corporation to delay compliance with the SIP regulations covered by the Order until December 31, 1985. The facility is unable to comply with these regulations.

EPA has determined that its approval of the Order shall be effective upon publication of this notice because of the immediate need to place Bryce Corporation on a schedule which is effective under the Clean Air Act for compliance with the applicable requirement(s) in the Tennessee State Implementation Plan.

Information Requirements; OMB Approval; Technical Amendments

AGENCY: Environmental Protection Agency.

ACTION: Final rule; technical amendments.

SUMMARY: In the preambles to the following regulations, EPA noted that the information collection requirements were under review at the Office of Management and Budget (OMB). In accordance with the Paperwork Reduction Act of 1980, 44 U.S.C. 3501 *et seq.*, those provisions are not effective until OMB approval has been obtained. The Agency is announcing today the approval of these information requirements by OMB. In conformance with this approval, the Agency will

include the OMB control number in the body of the rule.

EFFECTIVE DATE: January 31, 1985.

ACTION: Final rule.

SUMMARY: This rule lists communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are suspended on the effective dates listed within this rule because of noncompliance with the flood plain management requirements of the program. If FEMA receives documentation that the community has adopted the required flood plain management measure prior to the effective suspension date given in this rule, the suspension will be withdrawn by publication in the Federal Register.

EFFECTIVE DATES: The third date ("Susp.") listed in the fourth column.

FOR FURTHER INFORMATION CONTACT:

Frank H. Thomas, Assistant Administrator, Office of Loss Reduction, Federal Insurance Administration, (202) 646-5712, 500 C Street, Southwest, FEMA-Room 509, Washington, D.C. 20472.

SUPPLEMENTARY INFORMATION: The National Flood Insurance Program (NFIP), enables property owners to purchase flood insurance at rates made reasonable through a Federal subsidy. In return, communities agree to adopt and administer local flood plain management measures aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended (42 U.S.C. 4022) prohibits flood insurance coverage as authorized under the National Flood Insurance Program (42 U.S.C. 4001-4128) unless an appropriate public body shall have adopted adequate flood plain management measures with effective enforcement measures. The communities listed in this notice no longer meet that statutory requirement for compliance with program regulations (44 CFR Part 59 et. seq.). Accordingly, the communities are suspended on the effective date in the fourth column, so that as of that date flood insurance is no longer available in the community. However, those communities which, prior to the suspension date, adopt and submit documentation of legally enforceable flood plain management measures required by the program, will continue their eligibility for the sale of insurance. Where adequate documentation is received by FEMA, a notice withdrawing the suspension will be published in the Federal Register.

In addition, the Director of Federal Emergency Management Agency has identified the special flood hazard areas in these communities by publishing a Flood Hazard Boundary Map. The date of the flood map, if one has been published, is indicated in the fifth column of the table. No direct Federal financial assistance (except assistance pursuant to the Disaster Relief Act of 1974 not in connection with a flood) may legally be provided for construction or acquisition of buildings in the identified special flood hazard area of communities not participating in the NFIP and identified for more than a year, on the Federal Emergency Management Agency's initial flood insurance map of the community as having flood prone areas. (Section 202(a) of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), as amended). This prohibition against certain types of

Federal assistance becomes effective for the communities listed on the date shown in the last column.

The Director finds that notice and public procedure under 5 U.S.C. 533(b) are impracticable and unnecessary because communities listed in this final rule have been adequately notified. Each community receives a 6-month, 90-day, and 30-day notification addressed to the Chief Executive Officer that the community will be suspended unless the required flood plain management measures are met prior to the effective suspension date. For the same reasons, this final rule may take effect within less than 30 days.

Pursuant to the provision of 5 U.S.C. 605(b), the Administrator, Federal Insurance Administration, to whom authority has been delegated by the Director, Federal Emergency Management Agency, hereby certifies that this rule if promulgated will not have a significant economic impact on a substantial number of small entities. As stated in Section 2 of the Flood Disaster Protection Act of 1973, the establishment of local flood plain management together with the availability of flood insurance decreases the economic impact of future flood losses to both the particular community and the nation as a whole. This rule in and of itself does

not have a significant economic impact. Any economic impact results from the community's decision not to (adopt) (enforce) adequate flood plain management, thus placing itself in noncompliance of the Federal standards required for community participation. In each entry, a complete chronology of effective dates appears for each listed community.

Payment Due Date; Construction Contracts

AGENCY: Office of Acquisition Policy,
GSA.

ACTION: Temporary regulation.

SUMMARY: This Acquisition Circular
(AC) temporarily amends the General

Services Administration Acquisition Regulation (GSAR) to revise the Payment Due Date clause at 552.232-70(f). The present GSAR clause for construction contracts provides for calculation of payment due dates for progress payments based on the date of approval of the payment request by the contracting officer. However, no time period is established for approval of the payment request. This Circular revises the clause to provide for calculation of the payment due date for progress payments based on the date of receipt of a proper request for payment/invoice by
