of 45 percent. The reserve percentage was 55 percent.

Subsequent to the October 4 meeting, the Committee determined that the field prices for Oleate and Related Seedless and Zante Currant raisins had been firmly established and the Committee computed and announced an interim change in the preliminary free percentages for each varietal type to release 85 percent of the computed trade demand to handlers. The preliminary free percentage for Oleate and Related Seedless raisins was increased to 70 percent and for Zante Current raisins it was moved up to 59 percent. Corresponding decreases were made in the reserve percentages for each varietal type. Departmental approval was not necessary for any of these Committee actions.

Under § 989.54(d) of the order, the Committee is required to recommend to the Secretary, no later than February 15, final free and reserve percentages which, when applied to the final production estimate of a varietal type, will tend to release the full trade demand for any varietal type for which preliminary or interim percentages have been computed and announced. Section 989.54(d) also provides that the difference between any final free percentage designated by the Secretary and 100 percent shall be the final reserve percentage.

On January 8, 1985, the Committee met and recommended final free and reserve percentage for the 1984–85 crop year and made its final production estimates for Natural (sun-dried) Seedless, Oleate and Related Seedless, and Zante Currant raisins.

The Committee estimated the 1984–85 season production of Natural (sun-dried) Seedless raisins at 297,873 tons (6,016 tons more than its preliminary estimate of 291,857 tons). Dividing the computed trade demand of 182,425 tons by the final estimate of production results in a final free percentage of 61.24 percent. The Committee rounded that percentage to 61 percent which results in a final reserve percentage of 39 percent.

For Oleate and Related Seedless raisins, the Committee estimated the 1984–85 production at 7,765 tons (345 tons more than its preliminary estimate of 7,420 tons). Dividing the computed trade demand of 6,088 tons by the final estimate of production for this varietal type results in a free percentage of 78.40 percent. The Committee rounded that percentage to 78 percent which results in a final reserve percentage of 22 percent.

For Zante Currant raisins, the Committee's final estimate of production totalled 2,960 tons (238 tons more than its preliminary estimate of 2,722 tons). Dividing the computed trade demand of 1,889 tons by the final production estimate results in a free percentage of 63.82 percent. The Committee rounded that percentage to 64 percent which results in a final reserve percentage of 36 percent.

The Committee met again on January 16, and pursuant to § 989.54(c), computed and announced interim free percentages of 60 percent for Natural (sun-dried) Seedless, 76 percent for Oleate and Related Seedless, and 63 percent for Zante Currants. These percentages released almost all of the computed trade demand for each of these varietal types. This decision reflects the strong marketing conditions which currently exist in domestic and export markets, and the Committee's belief that it's final production estimates are accurate.

After consideration of all relevant matter presented, the information and recommendation submitted by the Committee, and other available information, it is further found that the designation, under §§ 989.54 and 989.55, of final free and reserve percentages for the 1984–85 crop year for Natural (sun-dried) Seedless, Oleate and Related Seedless, and Zante Currant raisins, as hereinafter set forth, will tend to effectuate the declared policy of the act.

List of Subjects in 7 CFR Part 989

Marketing agreement and orders, Grapes, Raisins and California.

PART 989—RAISINS PRODUCED FROM GRAPES GROWN IN CALIFORNIA

Therefore, § 989.237 is added to 7 CFR Part 989 reading as follows: (The following section will not be published in the Code of Federal Regulations).

§ 989.237 Final free and reserve percentages for the 1984–85 crop year.

The percentages of standard Natural (sun-dried) Seedless, Oleate and Related Seedless, and Zante Currant raisins acquired by handlers during the crop year beginning August 1, 1984, which shall be free tonnage and reserve tonnage, respectively, are designated as follows:

	Free percentage	Reserve percentage
Natural (sun-dried) seedless	61	39
Oleate and related seedless	78	22
Zante currant	64	36

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

BILLING CODE 3410-02-M

SMALL BUSINESS ADMINISTRATION

13 CFR Part 116

Coastal Barrier Resources System; Financial Assistance; Policies of General Application

AGENCY: Small Business Administration.

ACTION: Final rule.

SUMMARY: Based on the Coastal Barrier Resources Act of 1982, which prohibits direct or indirect Federal financial assistance under authority of any Federal law within the Coastal Barrier Resources System, including, but not limited to the construction or purchase of any structure, appurtenance, facility or related infrastructure as well as the construction or purchase of any road, airport, boat landing facility, or other facility on, or bridge or causeway to, or erosion prevention of, any system unit, SBA proposed a subpart to advise the public of the Agency's responsibilities under section 5 of the above cited Act.

EFFECTIVE DATE: April 11, 1985.

ADDRESS: Associate Administrator for Finance and Investment, Small Business Administration, 1441 L Street, NW., Washington, D.C. 20416.

FOR FURTHER INFORMATION CONTACT: Edward J. Myerson, Deputy Associate Administrator for Finance and Investment, Small Business Administration, 1441 L Street, NW., Washington, D.C. 20416, (202) 653–6470.

SUPPLEMENTARY INFORMATION: On August 24, 1984, 49 FR 33692, a notice of proposed rulemaking was published in the **Federal Register** to advise the public of SBA's responsibilities under section 5 of the Coastal Barrier Resources Act of 1982. No comments were received.

Since this subpart merely advises the public of the applicability of Pub. L. 97–348, 16 U.S.C. 3501 *et seq.* to SBA's programs, it is subject neither to the requirements of the Regulatory Flexibility Act nor of Executive Order 12291.

There are no reporting or recordkeeping requirements subject to OMB approval in this Rule.

List of Subjects in 13 CFR Part 116

Flood insurance, Flood plains, Lead poisoning, Small businesses, Veterans, Coastal barrier system.

PART 116—[AMENDED]

Accordingly, pursuant to 16 U.S.C. 3501 *et seq.* and 15 U.S.C. 634(b)(6), a new Subpart E is added to Part 116, as follows:

Subpart E—Coastal Barrier Resources Act

Sec.
116.40 Purpose and scope
116.41 Definition of Coastal Barrier Resources System.

Authority: 16 U.S.C. 3501 *et seq.* and 15 U.S.C. 634(b)(6).

Subpart E—Coastal Barrier Resources Act

§ 116.40 Purpose and scope.

This subpart describes the application of the Coastal Barrier Resources Act of 1982 (Act), the SBA financial assistance programs. The Act prohibits direct or indirect Federal financial assistance under authority of any Federal law within the Coastal Barrier Resources System, including, but not limited to the construction or purchase of any structure, appurtenance, facility or related infrastructure as well as the construction or purchase of any road, airport, boat landing facility, or other facility on, or bridge or causeway to, or erosion prevention of, any system unit. The following programs are subject to the legislation: all financial assistance under Subsections 7 (a) and (b) of the Small Business Act, and Titles III, IV, and V of the Small Business Investment Act, as amended, including lease, surety bond and pollution control guarantees, small business investment companies, and development companies.

§ 116.41 Definition of Coastal Barrier Resources System.

Coastal Barrier Resources System. "Coastal Barrier Resources System" means those undeveloped coastal barriers located on the Atlantic and Gulf coasts of the United States that are identified and generally depicted on maps entitled "Coastal Barrier Resources System," enacted by Congress, and on file and available for public inspection in the Office of the Director of the United States Fish and Wildlife Service, Department of the Interior.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Social Security Administration

20 CFR Part 416

[Reg. No. 16]

Supplemental Security Income for the Aged, Blind, and Disabled; Eligibility

AGENCY: Social Security Administration, HHS.

ACTION: Correction of final rule.

SUMMARY: In the final rule which appeared in the Federal Register on February 11, 1985 (50 FR 5571), § 416.210(b) of Regulations No. 16 was revised. In that section reference is made to section 43 of the Internal Revenue Code. Section 471 of Pub. L. 98-369 (The Deficit Reduction Act of 1984) redesignated section 43 as section 32. Section 416.210(b) is being corrected to conform to that legislation.

FOR FURTHER INFORMATION CONTACT: Dave Smith, 6401 Security Boulevard, Baltimore, Maryland 21235, telephone (301) 594-7460.

PART 416—[AMENDED]

SUPPLEMENTARY INFORMATION: A revision of § 416.210(b) of Regulations No. 16 was published as a final rule on February 11, 1985 (50 FR 5571). Section 43 of the Internal Revenue Code, which was referred to in the revision, was redesignated as section 32 by section 471 of Pub. L. 98-369 (The Deficit Reduction Act of 1984). In order to conform the regulations to the legislation, § 416.210(b) should be corrected to read as follows:

§ 416.210 You do not apply for other benefits.

* * * * *

(b) *What "other benefits" includes.* "Other benefits" includes any payments for which you can apply that are available to you on an ongoing or one-time basis of a type that includes annuities, pensions, retirement benefits, or disability benefits. For example, "other benefits" includes veterans' compensation and pensions, worker's compensation payments, Social Security insurance benefits, unemployment insurance benefits and earned income tax credits (EITC's) payable under sections 32 and 3507 of the Internal Revenue Code. You will be required to apply to your employer for advance payment of EITC's. If a past period of employment is involved, or if your earned income is derived from self-employment, you will be required to apply with your personal income tax return.

Correction

In FR Doc. 85-4071 beginning on page 7452 in the issue of Friday, February 22, 1985, make the following corrections:

1. On page 7459, in the third column, in the first line, "for" should read "from"; also, in the eighth line, "significant" should read "significantly".

2. On page 7464, in the third column, in the second complete paragraph, in the first line, "had" should read "has"; also, in the sixteenth line, "inveitably" should read "inevitably"; and in the third complete paragraph, in the eighth line, "complied" should read "compiled".

3. On page 7478, in the first column, in the first complete paragraph, in the eleventh line, "report an" should read "report about an"; also, in the second column, in paragraph 97, in the second line, "to" should read "on".

4. On page 7480, in the first column, in paragraph 102, in the seventeenth line, after "ways" insert a period, and before "reviewing", begin a new paragraph and insert the following: "a. The final rule codifies the general principle that during the course of".

5. On page 7486, in the first column, in paragraph 120, in the thirty-first line, "reviews" should read "reviewers".

6. On page 7490, in the second column, in the second complete paragraph, in the eighth line, "had" should read "has".

PART 314—[CORRECTED]

§ 314.50 [Corrected]

7. On page 7495, in the second column, in § 314.50(d)(2)(i), in the fourth line, insert "that" between "studies" and "otherwise".

8. On page 7496, in the second column, in § 314.50(d)(6)(i), in the fourth line, "analyses" should read "analysis"; also, in the sixth line "analysis" should read "analyses".

9. On page 7496, in the third column, in § 314.50(f)(1), in the tenth line, "FDA-1517" should read "FDA-1571".

§ 314.70 [Corrected]

10. On page 7499, in the first column, in § 314.70(b)(1)(v)(*a*), in the third line, "established" should read "establishment";

§ 314.72 [Corrected]

Also, in the third column, in § 314.72(a)(2)(ii), in the first line, "is" should read "in".

§ 314.80 [Corrected]

11. On page 7500, in the second column, in § 314.80(c), in the eighth line, "(HFN-70)," should read "(HFN-730),".

12. On page 7501, in the third column, in § 314.80(h), in the fourteenth line, "resaleable" should read "releaseable".

§ 314.81 [Corrected]

13. On page 7502, in the first column, in § 314.81(b)(2)(i), in the eighth line, "the" should read "this".

§ 314.103 [Corrected]

14. On page 7504, in the third column, in § 314.103(c)(3), in the thirteenth line, "is" should read "its".

§ 314.150 [Corrected]

15. On page 7507, in the third column, in § 314.150(a), in the fourteenth line, insert "and" after "act".

§ 314.200 [Corrected]

16. On page 7510, in the second column, in § 314.200(e)(2)(I)(B), in the fourth line, "rational" should read "rationale".

§ 314.300 [Corrected]

17. On page 7512, in the second column, in § 314.300(b)(6)(i), in the first line, "DFA" should read "FDA".

18. On page 7513, in the third column, in § 314.300(d)(1), in the first line, "no" should read "not".

PART 514—[CORRECTED]

§ 514.1 [Corrected]

19. On page 7517, in the second column, in § 514.1(b)(12)(iii), in the first line, "Will" should read "With".

BILLING CODE 1505-01-M

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

30 CFR Part 916

Approval of Permanent Program Amendments From the State of Kansas Under the Surface Mining Control and Reclamation Act of 1977

AGENCY: Office of Surface Mining Reclamation and Enforcement (OSM), Interior.

ACTION: Final rule.

SUMMARY: OSM is announcing the approval of an amendment to the Kansas permanent regulatory program (hereinafter referred to as the Kansas program) under the Surface Mining Control and Reclamation Act of 1977 (SMCRA).

By letter dated December 21, 1984, Kansas submitted a program amendment consisting of a revision to K.A.R. 47-15-13 which governs notices of violations (NOV) and contains procedures for extending abatement periods beyond 90 days under certain circumstances. OSM published a notice in the **Federal Register** on February 15, 1985, announcing receipt of the amendment and inviting public comment on the adequacy of the proposed amendment (50 FR 6364). The public comment period ended March 18, 1985.

After providing opportunity for public comment and conducting a thorough review of the program amendment, the Director of OSM has determined that the amendment meets the requirements of SMCRA and the Federal regulations. Accordingly, the Director is approving the program amendment. The Federal regulations at 30 CFR Part 916 which codify decisions on the Kansas program are being amended to implement this action.

This final rule is being made effective immediately in order to expedite the State program amendment process and encourage States to bring their programs into conformity with the Federal standards without undue delay; consistency of the State and Federal standards is required by SMCRA.

EFFECTIVE DATE: April 11, 1985.

FOR FURTHER INFORMATION CONTACT: Mr. Richard Rieke, Director, Kansas City Field Office, Office of Surface Mining, Room 502, 1103 Grand Avenue, Kansas City, Missouri 64106; Telephone: (816) 374-5527.

SUPPLEMENTARY INFORMATION:

I. Background

The Kansas program was conditionally approved by the Secretary of the Interior on January 21, 1981. Information pertinent to the general background, revisions, modifications, and amendments to the Kansas program submission, as well as the Secretary's findings, the disposition of comments, and a detailed explanation of the conditions of approval of the Kansas program can be found in the January 21, 1981 Federal Register (46 FR 5892).

II. Discussion of the Amendment

By letter dated December 21, 1984, Kansas submitted a program amendment consisting of revision to K.A.R. 47-15-13 which governs notices of violation (NOV) and contains procedures for extending abatement periods beyond 90 days under certain circumstances. Proposed K.A.R. 47-15-13 is patterned after OSM's regulations on NOVs at 30 CFR 843.12. Specifically, Kansas has included regulatory language in K.A.R. 47-15-13 that allows the permittee to request an extension of the 90-day abatement time limit from the State under certain conditions.

OSM published a notice in the Federal Register on February 15, 1985 (50 FR 6364), announcing receipt of the amendment and inviting public comment on the adequacy of the proposed amendments. The notice stated that a public hearing would be held only if requested. Since there were no requests for a hearing, a hearing was not held. The public comment period closed March 18, 1985.

III. Director's Findings

The Director finds, in accordance with SMCRA and 30 CFR 732.17 and 732.15, that the program amendment submitted by Kansas on December 21, 1984, meets the requirements of SMCRA and 30 CFR Ch. VII, as discussed below.

The Kansas rule at K.A.R. 47-15-13 establishes procedures for granting an extension of the 90-day abatement period under certain circumstances.

K.A.R. 47-15-13 reflects the revised language of 30 CFR 843.12. Paragraph (c) was amended to allow extensions of the 90-day abatement period under specific conditions which are set forth in paragraph (f). These conditions include: The permittee applying for and diligently pursuing a permit renewal or other necessary approval that will not be issued within the 90 days; a valid judicial order precluding abatement within 90 days to which the permittee is pursuing all rights of appeal and to which there is no other effective legal remedy; a labor strike; taking actions that violate safety standards established by the Mine Safety and Health Act, and climatic conditions precluding abatement within 90 days. Extensions may be granted for climatic conditions only if abatement would cause more environmental harm than it would prevent. No extension granted under this provision may exceed 90 days.

The Federal rule at 30 CFR 843.12 requires all permittees to meet certain conditions before they are granted an extension of the 90-day abatement period. All the Federal conditions for granting an extension are contained in the Kansas rule. Therefore, the Director finds that the Kansas rule change is no less effective than the Federal regulation.

IV. Public Comment

The responses to public comments are set forth below.

1. The Fish and Wildlife Service (FWS) commented that the proposed amendment would be a disincentive to mining companies to correct violations in a timely manner. The FWS would prefer to see the Kansas rule unchanged. The Director finds that the rule change sets forth specific criteria for extending the abatement period beyond 90 days. The burden of proof for granting an extension rests with the permittee. The Director considered the FWS's comments but has found the Kansas rule to be no less effective than the Federal regulations which provide for an abatement period of more than 90 days under certain circumstances. Therefore, the Director is not requiring changes to the Kansas rule.

The disclosure of Federal agency comments is made pursuant to section 503(b)(1) of SMCRA and 30 CFR 732.17(h)(10)(i).

V. Director's Decision

The Director, based on the above findings, is approving the December 21, 1984, amendment to the Kansas program. The Director is amending Part 916 of 30 CFR Ch. VII to reflect approval of the above State program modification.

VI. Additional Determinations

1. Compliance with the National Environmental Policy Act

The Secretary has determined that, pursuant to section 702(d) of SMCRA, 30 U.S.C. 1292(d), no environmental impact statement need be prepared on this rulemaking.

2. Executive Order No. 12291 and the Regulatory Flexibility Act

On August 28, 1981, the Office of Management and Budget (OMB) granted OSM an exemption from sections 3, 4, 7, and 8 of Executive Order 12291 for actions directly related to approval or conditional approval of State regulatory programs. Therefore, this action is exempt from preparation of a Regulatory Impact Analysis and regulatory review by OMB.

The Department of the Interior has determined that this rule will not have a significant economic effect on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). This rule will not impose any new requirements; rather, it will ensure that existing requirements established by SMCRA and the Federal rules will be met by the State.

3. Paperwork Reduction Act

This rule does not contain information collection requirements which require approval by the Office of Management and Budget under 44 U.S.C. 3507.

DEPARTMENT OF TRANSPORTATION

Coast Guard

33 CFR Part 62

[CGD 85-005]

Deletion of Loran Description; Change in Blink Procedure

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: This rule deletes Subpart 62.40-Loran from Title 33, Code of Federal Regulations (CFR). The informational provisions of this subpart are obsolete and contain no regulatory directives. Of particular note is a recent modification in Signal Warning procedures which diverges from the procedures outlined in § 62.40-15. This change and all future modifications will be more effectively publicized via updates to Coast Guard publications which provide current Loran information to system users.

EFFECTIVE DATE: May 13, 1985.

FOR FURTHER INFORMATION CONTACT: CWO G.D. Ziemer, Radionavigation Information Branch (G-NRN-3), Room 1413, U.S. Coast Guard Headquarters, 2100 Second Street SW., Washington, DC 20593. Telephone (202) 472-5857.

SUPPLEMENTARY INFORMATION: This rule merely deletes nonregulatory material from the CFR; therefore, notice and comment are unnecessary in accord
