Coast Guard

33 CFR Part 100

[CGD 85-028]

Authority Citation—Update

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: This rule revises the authority citation for Part 100 of Title 33, Code of Federal Regulations (CFR) to conform to recently adopted Federal Register standards. Due to later codification, reorganization or revision, the statutes which authorize the regulations in this part are not readily located by reference to the United States Code sections currently cited. This rule amends the authority citation to provide a direct reference to the section(s) of the current United States Code where the statutes are set out. In addition, the authority citation provides reference to regulations delegating Secretarial authority to the Commandant and further delegations to Commanders of Coast Guard Districts.

EFFECTIVE DATE: April 25, 1985.

FOR FURTHER INFORMATION CONTACT:

LT Dave Shippert, Office of Chief Counsel, U.S. Coast Guard Headquarters, 2100 Second Street, SW., Washington, D.C. 20593. Telephone (202) 426-1534.

SUPPLEMENTARY INFORMATION: This final rule was not preceded by a notice of proposed rulemaking and it is being made effective in less than 30 days. This rule merely updates the authority citation for 33 CFR Part 100 to reflect the current location of statutory authority within the United States Code and to reference the relevant delegations of authority. Therefore, notice and comment are unnecessary in accord with 5 U.S.C. 553(b)(3). This rule will benefit the public by providing a more direct reference to statutory authority as found in the United States Code. Therefore, the Coast Guard has determined that good cause exists to make this rule effective in less than 30 days after publication in the Federal Register in accord with 5 U.S.C. 553(d)(3).

Regulatory Evaluation

This rule is considered to be non-major under Executive Order 12291 and non-significant under Department of Transportation regulatory policies and procedures (44 FR 11034; February 26, 1979). The economic impact of this rule is expected to be so minimal that further evaluation is unnecessary. This rule merely updates the citation to statutory and regulatory authority for regulations within 33 CFR Part 100 to facilitate public review.

In consideration of the foregoing, the Coast Guard is amending Part 100 of Title 33, Code of Federal Regulations as follows:

BILLING CODE 4910-14-M

DEPARTMENT OF AGRICULTURE

Forest Service

36 CFR Parts 261, 293, and 294

Boundary Waters Canoe Area Wilderness

AGENCY: Forest Service, USDA.

ACTION: Final rule.

SUMMARY: This rule updates the existing regulations governing use of the Boundary Waters Canoe Area Wilderness. The rule implements the Boundary Waters Canoe Area Wilderness Act of October 21, 1978 (92 Stat. 1650; 16 U.S.C. 472). These changes in the regulation reflect the reduction of motorboat and snowmobile use within the Wilderness required under the 1978 Act and delete obsolete administrative regulations.

DATE: Effective on May 28, 1985.

FOR FURTHER INFORMATION CONTACT:

W.T. Svensen, Recreation Staff, Forest Service, USDA, (202) 382-9407.

SUPPLEMENTARY INFORMATION: The Forest Service has responsibility for management of the Boundary Waters Canoe Area (BWCA) Wilderness, located in the Superior National Forest, Minnesota. The Chief of the Forest Service through the Regional Forester, Forest Supervisor, and District Rangers, manages the surface resources and, in some instances, the subsurface resources of these lands.

Existing rules at 36 CFR Parts 261, 293, and 294 specify and guide the management of the wilderness and provide for enforcement of rules for the benefit of public health, safety, and welfare and the protection of wilderness resources.

The October 21, 1978, Boundary Waters Canoe Area Wilderness Act updated and provided for changes in the way the wilderness is to be managed. Among other things, the legislation expanded the boundaries of the wilderness, created a Mining Protection Area outside the wilderness, eliminated harvesting of timber within the wilderness, reduced motorized snowmobile and motorboat use, provided economic incentives to businesses affected by the legislation, and increased recreation management emphasis outside the wilderness.

36 CFR Part 261 contains general prohibitions affecting behavior of visitors to the National Forests. Specific prohibited activities in National Forest wilderness are set forth at 36 CFR 261.16. This rule changes the prohibition against possessing or using a motor vehicle, motorboat or motorized

equipment in wilderness by allowing such use when it is authorized by Federal law or regulation.

The administrative rules governing management of the BWCA Wilderness are found at 36 CFR 293.16. This section is obsolete because of the numerous changes in management prescribed by the 1978 Act. This rule specifies the lakes and portions of lakes where use of motors is permitted; size of permitted motors; portages where mechanical and mechanized devices may be permitted; snowmobile routes.

36 CFR 294.2 provides for the navigation of aircraft within an airspace reservation over major portions of the BWCA wilderness. Executive Order 10092 is the basis for this rule. The 1978 BWCA Wilderness Act incorporated this order into the Act. This rule removes those obsolete provisions which allowed permits for navigation within the airspace reservation until January 1, 1952.

This action has been reviewed pursuant to Executive Order 12291. It has been determined that this action is not a major rule and does not require a regulatory impact analysis. This rule will have a minor impact on the economy and will result in no increase in cost or prices for consumers, individual industries, Federal, State or local Government agencies, or geographic regions. This rule will have no effect on competition, employment, investment productivity, innovation, or on the ability of United States-based enterprises to compete with foreign-based enterprises in domestic or export markets.

The Assistant Secretary for Natural Resources and Environment has determined that this action does not require a regulatory flexibility analysis under the Regulatory Flexibility Act (5 U.S.C. 601 et seq) because the action will not have a significant economic impact on a substantial number of small entities; it imposes no paper work or record keeping requirements on small entities; it does not affect the competitive position of small entities in relation to large entities; and it does not affect cash flow, liquidity, or ability to remain in the market for small entities.

There are no new paperwork or information collection requirements contained in this rule.

Pursuant to 40 CFR 1501.4(a)(2), 40 CFR 1508.27(b) and Forest Service Manual Section 1951.2, this regulation has been administratively determined to be categorically excluded from analysis required by NEPA. Therefore, neither an environmental assessment nor an environmental impact statement was prepared.

On December 5, 1984, a proposed rule and request for comments was published in the Federal Register (49 FR 47505). No written comments were received on the proposed rule. Accordingly, this final rule remains unchanged from the proposed rule published on December 5, 1984.

BILLING CODE 3410-11-M

VETERANS ADMINISTRATION

38 CFR Part 36

Decrease in Maximum Permissible Interest Rates on Guaranteed Manufactured Home Loans, Home and Condominium Loans, and Home Improvement Loans

AGENCY: Veterans Administration.

ACTION: Final regulations.

SUMMARY: The VA (Veterans Administration) is decreasing the maximum interest rates on guaranteed manufactured home unit loans, lot loans, and combination manufactured home unit and lot loans. In addition, the maximum interest rates applicable to fixed payment and graduated payment home and condominium loans, and to home improvement and energy conservation loans are also decreased. These decreases in interest rates are possible because of recent improvements in the availability of funds in various credit markets. The decrease in the interest rates will allow eligible veterans to obtain loans at a lower monthly costs.

EFFECTIVE DATE: April 19, 1985.

FOR FURTHER INFORMATION CONTACT: Mr. George D. Moerman, Loan Guaranty Service (264), Department of Veterans Benefits, Veterans Administration, 810 Vermont Avenue, NW., Washington, D.C. 20420 (202-389-3042).

SUPPLEMENTARY INFORMATION: The Administrator is required by section 1819(f), Title 38, United States Code, to establish maximum interest rates for manufactured home loans guaranteed by the VA as he finds the manufactured home loan capital markets demand. Recent market indicators—including the prime rate, the general decrease in interest rates charged on conventional manufactured home loans, and the decrease of other short-term and long-term interest rates—have shown that the manufactured home capital markets have improved. It is now possible to decrease the interest rates on manufactured home unit loans, lot loans, and combination manufactured home unit and lot loans while still assuring an adequate supply of funds from lenders and investors to make these types of VA loans.

The Administrator is also required by section 1803(c), Title 38, United States Code, to establish maximum interest rates for home and condominium loans including graduated payment mortgage loans, and loans for home improvement purposes. Market indicators similarly favor reductions in the maximum
