FEDERAL RESERVE SYSTEM

12 CFR Part 201

[Regulation A]

Extensions of Credit by Federal Reserve Banks Changes in Discount Rates

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Final rule.

SUMMARY: The Board of Governors has amended its Regulation A, "Extensions of Credit by Federal Reserve Banks," for the purpose of reducing discount rates. The discount rate action was taken in the context of similar action by other important industrial countries and sizable declines in most market interest rates in recent weeks. More broadly, growth in the various monetary aggregates has been more limited this year, prospects for sustaining improved price performance and continuing restraint on costs have been further enhanced by the recent sharp declines in oil prices, and the economic expansion appears to be proceeding within the nation's growth potential.

EFFECTIVE DATES: The changes were effective on the dates specified below.

FOR FURTHER INFORMATION CONTACT: William W. Wiles, Secretary of the Board (202/452-3257), or Earnestine Hill or Dorothea Thompson, Telecommunications Device for the Deaf (TDD) (202/452-3544), Board of Governors of the Federal Reserve System, Washington, D.C. 20551.

SUPPLEMENTARY INFORMATION: Pursuant to the authority of sections 10(b), 13, 14, 19, et al., of the Federal Reserve Act, the Board has amended its Regulation A to incorporate changes in discount rates on Reserve Bank extensions of credit. Further, under the authority of 5 U.S.C. 553(b)(3)(B) and (d)(3), these amendments are being published without prior general notice of proposed rulemaking, public participation, or deferred effective date. The Board has for good cause found that current economic and financial considerations require that these amendments be adopted immediately.

List of Subjects in 12 CFR Part 201

Banks, banking; Credit; Federal Reserve System.

For the reasons outlined above, the Board of Governors amends Part 201 as set forth below:

1. The authority citation for 12 CFR Part 201 is revised to read as follows:

Authority: Secs. 10(a), 10(b), 13, 13a, 14(d) and 19 of the Federal Reserve Act (12 U.S.C. 347a, 347b, 343 et seq., 347c, 348 et seq., 357, 374, 374a, and 461); and sec. 7(b) of the International Bank Act of 1978 (12 U.S.C. 347d), unless otherwise noted.

2. Section 201.51 is revised to read as follows:

§ 201.51 Short-term adjustment credit for depository institutions.

The rates for short-term adjustment credit provided to depository institutions under § 201.3(a) of Regulation A are:

Federal Reserve Bank	Rate	Effective
Boston.....	6½	Apr. 21, 1986.
New York.....	6½	Do.
Philadelphia.....	6½	Apr. 23, 1986.
Cleveland.....	6½	Apr. 21, 1986.

Kansas City.....	6½	Do.
Dallas.....	6½	Do.
San Francisco.....	6½	Do.

3. Section 201.52 is revised to read as follows:

§ 201.52 Extended credit for depository institutions.

(a) *Seasonal credit.* The rates for regular seasonal credit extended to depository institutions under § 201.3(b)(1) of Regulation A are:

Federal Reserve Bank	Rate	Effective
Boston.....	6½	Apr. 21, 1986.
New York.....	6½	Do.
Philadelphia.....	6½	Apr. 23, 1986.

Chicago.....	6½	Apr. 21, 1986.
St. Louis.....	6½	Apr. 22, 1986.
Minneapolis.....	6½	Apr. 21, 1986.
Kansas City.....	6½	Do.
Dallas.....	6½	Do.
San Francisco.....	6½	Do.

(b) *Temporary seasonal credit program.* At the option of the borrower, interest on credit advanced under the temporary simplified seasonal credit program as revised on February 18, 1986, can be either at the basic discount rate (see § 201.51) or at a rate that is one-half percentage point above the basic rate and that will remain fixed during the time the credit is outstanding. The fixed rate for new loans may be changed as the basic discount rate and extended credit rates are changed. In no case should such borrowing, including renewals, be outstanding beyond February 1987.

(c) *Other extended credit.* The rates for other extended credit provided to depository institutions under sustained liquidity pressures or where there are

exceptional circumstances or practices involving a particular institution under § 201.3(b)(2) of Regulation A are:

Federal Reserve Bank	Rate	Effective
Boston.....	6½	Apr. 21, 1986.
New York.....	6½	Do.
Philadelphia.....	6½	Apr. 23, 1986.
Cleveland.....	6½	Apr. 21, 1986.
Richmond.....	6½	Do.
Atlanta.....	6½	Apr. 22, 1986.
Chicago.....	6½	Apr. 21, 1986.
St. Louis.....	6½	Apr. 22, 1986.
Minneapolis.....	6½	Apr. 21, 1986.
Kansas City.....	6½	Do.
Dallas.....	6½	Do.
San Francisco.....	6½	Do.

These rates apply for the first 60 days of borrowing. A one percentage point surcharge applies for borrowing during the next 90 days, and a two percentage point surcharge applies for borrowing thereafter. Where credit provided to a particular depository institution is anticipated to be outstanding for an unusually prolonged period and in relatively large amounts, the time period in which each rate under the structure is applied may be shortened, and the rate may be established on a more flexible basis, taking into account rates on market sources of funds.

By order of the Board of Governors of the Federal Reserve System, April 29, 1986.

James McAfee,

Associate Secretary of the Board.

Alteration of Certain Control Zones and Transition Areas in Florida and Georgia

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; request for comments.

SUMMARY: This amendment updates the names and geographical coordinates of various airports which have been changed but which have not yet been included in the individual airport control zone and/or transition area descriptions. No significant change in airspace designation will result from this action.

DATES: Effective date: 0901 UTC, July 3, 1986.

Comments must be received on or before June 15, 1986.

ADDRESSES: Send comments on the rule in triplicate to: Federal Aviation Administration, ASO-530, Manager, Airspace and Procedures Branch, Docket No. 86-ASO-12, Air Traffic Division, P.O. Box 20636, Atlanta, Georgia 30320.

The official docket may be examined in the Office of the Regional Counsel, Room 652, 3400 Norman Berry Drive, East Point, Georgia 30344, telephone: (404) 763-7646.

FOR FURTHER INFORMATION CONTACT: Donald Ross, Supervisor, Airspace Section, Airspace and Procedures Branch, Air Traffic Division, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone: (404) 763-7646.

SUPPLEMENTARY INFORMATION:

Request for Comments on the Rule

Although this action is in the form of a final rule, which involves editorial corrections to certain control zones and transition areas, and was not preceded by notice and public procedure, comments are invited on the rule. When the comment period ends, the FAA will use the comments submitted, together with other available information, to review the regulation. After the review, if the FAA finds that changes are appropriate, it will initiate rulemaking proceedings to amend the regulation. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in evaluating the effects of the rule and determining whether additional rulemaking is needed. Comments are specifically invited on the overall regulatory aeronautical, economic, environmental, and energy aspects of the rule that might suggest the need to modify the rule.

The Rule

The purpose of this amendment to § 71.171 and § 71.181 of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) is to correctly list the names and geographical coordinates of airports specified in certain airspace designations. Various political bodies have officially changed the names of certain airports and past airport alterations have resulted in changes in geographical coordinates. It, therefore, is necessary to alter the control zone and transition area descriptions to reflect these changes. Sections 71.171 and 71.181 of Part 71 of the Federal Aviation Regulations were republished in FAA Handbook 7400.6B dated January 2, 1986.

Under the circumstances presented, the FAA concludes that there is a need

to alter the various control zone and transition area descriptions to reflect the changes in airport names and geographical coordinates. The changes are so minor and nonsubstantive I find that notice or public procedure under 5 U.S.C. 553(b) is unnecessary.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "major rule" under Executive Order 12291; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

FD&C Yellow No. 5 and its Lakes; Postponement of Closing Date, Provisional Listing, and Continued Stay of Effectiveness

AGENCY: Food and Drug Administration.
ACTION: Final rule.

SUMMARY: The Food and Drug Administration (FDA) is postponing the closing date for the provisional listing of FD&C Yellow No. 5 for use in coloring cosmetics generally and externally applied drugs and of its lakes for use in coloring food and ingested drugs. FDA is establishing a new closing date for FD&C Yellow No. 5 to give the agency time to complete its evaluation of the objections that it received in response to the final rule on the use of FD&C Yellow No. 5 that FDA published in the Federal Register of September 4, 1985 (50 FR

35774). The regulations that permanently list FD&C Yellow No. 5 and that remove it from the provisional list are stayed until July 7, 1986.

DATES: Effective May 6, 1986, the new closing date for FD&C Yellow No. 5 will be July 7, 1986. The effective date of the final rule published September 4, 1985, is stayed pending final FDA action on the objections that it received.

FOR FURTHER INFORMATION CONTACT: Julius Smith, Center for Food Safety and Applied Nutrition (HFF-334), Food and Drug Administration, 200 C St. SW., Washington, DC 20204, 202-472-5690.

SUPPLEMENTARY INFORMATION: FDA established the current closing date of May 6, 1986, for the provisional listing of FD&C Yellow No. 5 in a regulation published in the Federal Register of March 7, 1986 (51 FR 7933). The agency established the May 6, 1986, closing date for FD&C Yellow No. 5 to provide time for its evaluation of three objections to the final rule on the use of this color additive, which FDA published on September 4, 1985.

Previously, after review and evaluation of the data relevant to the petition to list FD&C Yellow No. 5 for use in externally applied drugs and in cosmetics generally, the agency had concluded that FD&C Yellow No. 5 is safe for these uses. Therefore, FDA issued a final rule in the Federal Register of September 4, 1985 (50 FR 35774), that would permanently list FD&C Yellow No. 5 for those uses and would remove the stay on the use of FD&C Yellow No. 5 in external cosmetics. FDA stated that the final rule would become effective on October 7, 1985, unless stayed by the filing of proper objections.

FDA received three letters stating objections to this final rule. Because of the objections, under section 701(e)(2) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 371(e)(2)), the effect of this final rule is stayed until the agency can rule upon the objections. FDA expects that it will need only a small amount of additional time to complete its evaluation of the objections. Therefore, FDA concludes that only a brief postponement is necessary at this time. The regulation set forth below will postpone the May 6, 1986, closing date for the provisional listing of FD&C Yellow No. 5 until July 7, 1986.

Because the current closing date expires on May 6, 1986, FDA has concluded that the use of notice and public procedure on this regulation is impracticable. Thus, good cause exists for issuing the postponement as a final rule. Moreover, this action is consistent with the protection of the public health

because the agency has previously concluded that FD&C Yellow No. 5 is safe for its intended use under the Color Additive Amendments of 1960. This regulation will permit the uninterrupted use of the color additive until July 7, 1986. To prevent any interruption in the provisional listing of FD&C Yellow No. 5 and in accordance with 5 U.S.C. 553(d) (1) and (3), this regulation is being made effective on May 6, 1986. Any person who wishes to comment on the regulation may do so in accordance with 21 CFR 10.40(e)(1).

grams of oxytetracycline and 90 to 110 grams of monensin per ton as an aid in the reduction of mortality due to airsacculitis (air-sac infection) caused by *Escherichia coli* sensitive to oxytetracycline, and as an aid in the prevention of coccidiosis caused by *Eimeria necatrix*, *E. tenella*, *E. acervulina*, *E. brunetti*, *E. mivati*, and *E. maxima*. Based on the data and information submitted, the supplement is approved and the regulations are amended accordingly. The basis of approval is discussed in the freedom of information summary.

In addition, the regulations in 21 CFR 558.450 for use of oxytetracycline (200 grams per ton) with monensin (90 to 110 grams per ton) and for oxytetracycline (500 grams per ton) had been approved for the mono-alkyl (C_8-C_{18}) trimethylammonium salt. The regulations had inadvertently failed to identify the approved salt. The regulations are further amended to specify the approved oxytetracycline salt.

In accordance with the freedom of information provisions of Part 20 (21 CFR Part 20) and § 514.11(e)(2)(ii) (21 CFR 514.11(e)(2)(ii)), a summary of safety and effectiveness data and information submitted to support approval of this application may be seen in the Dockets Management Branch (HFA-305), Food and Drug Administration, Room 4-62, 5600 Fishers Lane, Rockville, MD 20857, from 9 a.m. to 4 p.m., Monday through Friday.

The agency has determined under 21 CFR 25.24(d)(1)(ii) (April 26, 1985; 50 FR 16636) that this action is of a type that does not individually or cumulatively have a significant effect on the human environment. Therefore, neither an environmental assessment nor an environmental impact statement is required.
