Agricultural Marketing Service

7 CFR Part 908

[Valencia Orange Reg. 373]

Valencia Oranges Grown in Arizona and Designated Part of California; Limitation of Handling

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: Regulation 373 establishes the quantity of California-Arizona

Valencia oranges that may be shipped to market during the period July 25-31, 1986. The regulation is needed to balance the supply of fresh Valencia oranges with market demand for the period specified due to the marketing situation confronting the orange industry.

EFFECTIVE DATE: Regulation 373 (§ 908.673) is effective for the period July 25-31, 1986.

FOR FURTHER INFORMATION CONTACT: Ronald L. Cioffi, Chief, Marketing Order Administration Branch, F&V, AMS, USDA, Washington, DC 20250, telephone: 202/447-5697.

SUPPLEMENTARY INFORMATION: This final rule has been reviewed under Executive Order 12291 and Departmental Regulation 1512-1 and has been determined to be a "non-major" rule under criteria contained therein.

Pursuant to requirements set forth in the Regulatory Flexibility Act (RFA), the Administrator of the Agricultural Marketing Service has determined that this action will not have a significant economic impact on a substantial number of small entities.

The purpose of the RFA is to fit regulatory actions to the scale of business subject to such actions in order that small businesses will not be unduly or disproportionately burdened.

Marketing orders issued pursuant to the Agricultural Marketing Agreement Act and rules issued thereunder are unique in that they are brought about through group action of essentially small entities acting on their own behalf. Thus, both statutes have small entity orientation and compatibility.

The regulation is issued under Marketing Order No. 908, as amended (7 CFR Part 908), regulating the handling of Valencia oranges grown in Arizona and designated part of California. The order is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674). This action is based upon the recommendation and information submitted by the Valencia Orange Administrative Committee (VOAC) and upon other available information. It is hereby found that this action will tend to effectuate the declared policy of the act.

The regulation is consistent with the marketing policy for 1985-86. The committee met publicly on July 22, 1986,

to consider the current and prospective conditions of supply and demand and recommended the quantity of Valencia oranges deemed advisable to be handled during the specified week. The committee reports that the market for Valencia oranges is somewhat improved but remains slow.

It is further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rulemaking, and postpone the effective date until 30 days after publication in the Federal Register (5 U.S.C. 553), because there is insufficient time between the date when information upon which this regulation is based became available and the effective date necessary to effectuate the declared policy of the act. Interested persons were given opportunity to submit information and views on the regulation at an open meeting. To effectuate the declared policy of the act, it is necessary to make the regulatory provisions effective as specified, and handlers have been notified of the regulation and the effective date.

BILLING CODE 1505-01-M

DEPARTMENT OF JUSTICE

28 CFR Part 16

[AAG/A Order No. 12-86]

Exemption of Records Systems Under the Privacy Act

AGENCY: Department of Justice.

ACTION: Final Rule.

SUMMARY: On February 7, 1986 (51 FR 4764), the Department of Justice issued proposed regulations to amend Title 28 of the Code of Federal Regulations, Part 16, to exempt a Privacy Act system of records from subsections (c)(3) and (4); (d); (e)(1), (2) and (3), (e)(4)(G) and (H), (e)(5); and (g) of the Privacy Act, 5 U.S.C. 552a. This system is the "Declassification Review System (JUSTICE/OLP-004)." Information in this system relates to official Federal investigations and matters of law enforcement. The exemption is needed to protect ongoing investigations, material which has been properly classified pursuant to Executive Order 12356, the privacy of third parties, and the identities of confidential sources involved in such investigations.

DATE: This rule will be effective July 25, 1986.

ADDRESS: Address all comments to J. Michael Clark, Assistant Director, General Services Staff, Justice Management Division, United States Department of Justice, Room 9002, 601 D Street, NW., Washington, D.C.

FOR FURTHER INFORMATION CONTACT: J. Michael Clark, (202) 272-6474.

SUPPLEMENTARY INFORMATION: The notice of the proposed rule with invitation to comment was published in the *Federal Register* on February 7, 1986 (51 FR 4764). The public was given 30 days to comment and one comment was received within that time.

The commenter suggested a reconsideration of exempting the Declassification Review System from subsection (g) of the Privacy Act. The exemption of subsection (g) which pertains to civil remedies is appropriate because this system is exempt from the access and amendment provisions of subsection (d) pursuant to subsections (j) and (k) of the Privacy Act.

This order relates to individuals rather than small business entities. Nevertheless, pursuant to the requirements of the Regulatory Flexibility Act, 5 U.S.C. 601-612, it is hereby stated that the order will not have "a significant economic impact on a substantial number of small entities."

Pursuant to the authority invested in the Attorney General by 5 U.S.C. 552a and delegated to me by Attorney General Order No. 793-78, 28 CFR 16.73 is amended by adding paragraphs (g) and (h) as set forth below.

Dated: 10 July, 1986.

W. Lawrence Wallace,
Assistant Attorney General for
Administration.

PART 16—[AMENDED]

1. The authority for Part 16 continues to read as follows:

Authority: 28 U.S.C. 509, 510; 5 U.S.C. 301, 552, 552a; 31 U.S.C. 483a unless otherwise noted.

2. 28 CFR 16.73 is amended by adding paragraphs (g) and (h) as follows:

§ 16.73 Exemption of Office of Legal Policy System—limited access.

* * * * *

(g) The following system of records is exempt from 5 U.S.C. 552a (c)(3) and (4); (d); (e)(1), (2) and (3), (e)(4)(G) and (H), (e)(5); and (g):

(1) *Declassification Review System (JUSTICE/OLP-004)*. These exemptions apply only to the extent that information in this system is subject to exemption pursuant to 5 U.S.C. 552a(j)(2), (k)(1), (k)(2), and (k)(5).

(h) Exemptions from the particular subsections are justified for the following reasons:

(1) From subsection (c)(3) because making available to a record subject the accounting of disclosures from records concerning him/her would reveal investigative interest on the part of the Department of Justice as well as the recipient agency. This would permit record subjects to impede the investigation, e.g., destroy evidence, intimidate potential witnesses, or flee the area to avoid inquiries or apprehension by law enforcement personnel.

(2) From subsection (c)(4) because this system is exempt from the access provisions of subsection (d) pursuant to subsections (j) and (k) of the Privacy Act.

(3) From subsection (d) to the extent that information in this record system relates to official Federal investigations and matters of law enforcement and/or is properly classified pursuant to Executive Order 12356. Individual access to these records might compromise ongoing investigations, reveal confidential sources or constitute unwarranted invasions of the personal privacy of third parties who are involved in a certain investigation, or jeopardize national security or foreign policy interests. Amendment of the records would interfere with ongoing criminal law enforcement proceedings and impose an impossible administrative burden by requiring criminal investigations to be continuously reinvestigated.

(4) From subsections (e) (1) and (5) because in the course of law enforcement investigations, information may occasionally be obtained or introduced the accuracy of which is unclear or which is not strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information which may aid in establishing patterns of criminal activity. Moreover, it would impede the specific investigative process if it were necessary to assure the relevance, accuracy, timeliness, and completeness of all information obtained.

(5) From subsection (e)(2) because in a law enforcement investigation the requirement that information be collected to the greatest extent possible from the subject individual would present a serious impediment to law enforcement in that the subject of the investigation would be informed of the existence of the investigation and would therefore be able to avoid detection,

apprehension, or legal obligations or duties.

(6) From subsection (e)(3) because to comply with the requirements of this subsection during the course of an investigation could impede the information gathering process, thus hampering the investigation.

(7) From subsections (e)(4) (G) and (H), and (g) because this system is exempt from the access provisions of subsection (d) pursuant to subsections (j) and (k) of the Privacy Act.

BILLING CODE 4410-01-M

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

30 CFR Part 941

Operations Under a Federal Program for South Dakota; Availability of Responses to Public Comments

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Notice of Availability of Responses to Public Comments on the Interim Federal Program for South Dakota.

SUMMARY: On April 19, 1983 (48 FR 16818) the Office of Surface Mining Reclamation and Enforcement (OSMRE) published the interim final rule regulating surface coal mining and exploration for the State of South Dakota. At that time it was announced that OSMRE would accept comments on the program until August 17, 1983. An interim final program was published because revisions to the permanent program on which the South Dakota program is based had not yet been published. A public comment period was, therefore, provided to allow interested citizens to comment on the new regulations and their effect on South Dakota as applied through the South Dakota Federal program. Comments were received from two parties during the comment period.

Because a hearing was held for the South Dakota Federal program, none was scheduled for the interim final rule comment period. However, OSMRE did provide the opportunity for interested persons to request a public meeting with OSMRE officials if they so desired. No meetings were requested.

This notice is published to announce that responses to the comments received between April 19, 1983 and August 17, 1983 on the interim final South Dakota Federal program are available in the Administrative Record; and announce

that the South Dakota Federal program is final with a retroactive effective date of May 19, 1983 as announced at 48 FR 19818 (April 19, 1983).

For further information on the background and the cross-referencing of permanent program regulations for the South Dakota Federal program, see 48 FR 16818 (April 19, 1983).

ADDRESSES: For a copy of OSMRE's response to the public comments by mail, write to the Office of Surface Mining Reclamation and Enforcement, Administrative Records, Room 5315-A, 1951 Constitution Ave., NW., Washington, DC 20240. A copy may be obtained in person; at 1100 L Street, Room 5315-A, Washington, DC 20005.
