

Federal provisions. Federal action on Alabama's Rulemaking 85-2 of September 17, 1985, has already been withdrawn in response to Alabama's request of May 7, 1986 (51 FR 19858, June 3, 1986). The rulemaking pertained to requirements for operations extracting coal incidental to extraction of other minerals. The Director finds, therefore, that sections 4 through 8 of S. 445 are consistent with the Federal requirements.

IV. Public Comments

No public comments were received on this rulemaking.

V. Director's Decision

The Director, based on the findings above, is approving the May 7, 1986 amendments to the Alabama program contained in Senate Bill 445. The Director is amending 30 CFR Part 901 to reflect the approval of the above State program modifications.

VI. Additional Determinations

1. Compliance with the National Environmental Policy Act

The Secretary has determined that, pursuant to section 702(d) of SMCRA, 30 U.S.C. 1292(d), no environmental impact statement need be prepared on this rulemaking.

2. Executive Order No. 12291 and the Regulatory Flexibility Act

On August 28, 1981, the Office of Management and Budget (OMB) granted OSMRE an exemption from sections 3, 4, 7 and 8 of Executive Order 12291 for actions directly related to approval or conditional approval of State regulatory programs. Therefore, for this action OSMRE is exempt from the requirement to prepare a Regulatory Impact Analysis and this action does not require regulatory review by OMB.

The Department of the Interior has determined that this rule will not have a significant economic effect on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). This rule will not impose any new requirements; rather, it will ensure that existing requirements established by SMCRA and the Federal rules will be met by the State.

3. Paperwork Reduction Act

This rule does not contain information collection requirements which require approval by the Office of Management and Budget under 44 U.S.C. 3507.

BILLING CODE 4310-05-M

30 CFR Part 914

Approval of Permanent Program Amendment From the State of Indiana Under the Surface Mining Control and Reclamation Act of 1977

AGENCY: Office of Surface Mining Reclamation and Enforcement (OSMRE), Interior.

ACTION: Final rule.

SUMMARY: OSMRE is announcing the approval of an amendment to the Indiana Permanent Regulatory Program (hereinafter referred to as the Indiana program) received by OSMRE pursuant to the Surface Mining Control and Reclamation Act of 1977 (SMCRA).

On May 29, 1986, Indiana submitted an amendment to its program to amend the Indiana regulations concerning permit fees.

After providing opportunity for public comment and conducting a thorough review of the program amendments, the Director, OSMRE, has determined that the amendment meets the requirements of SMCRA and the Federal regulations. Accordingly, the Director is approving the amendment. The Federal rules at 30 CFR Part 914 which codify decisions concerning the Indiana program are being amended to implement this action.

This final rule is being made effective immediately in order to expedite the State program amendment process and encourage States to conform their programs to the Federal standards without undue delay; consistency of the

State and Federal standards is required by SMCRA.

EFFECTIVE DATE: August 14, 1986.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard D. Rieke, Director, Indianapolis Field Office, Office of Surface Mining Reclamation and Enforcement, Federal Building and U.S. Courthouse, Room 522, 46 East Ohio Street, Indianapolis, Indiana 46204. Telephone: (317) 269-2600.

SUPPLEMENTARY INFORMATION:

I. Background

Information regarding the general background on the Indiana State program, including the Secretary's findings, the disposition of comments and a detailed explanation of the conditions of approval of the Indiana program can be found in the July 26, 1982 Federal Register (47 FR 32071-32108). Subsequent actions concerning the Indiana program are identified in 30 CFR 914.15 and 30 CFR 914.16.

II. Discussion of Proposed Amendment

On May 29, 1986, the Indiana Department of Natural Resources submitted to OSMRE pursuant to 30 CFR 732.17, a proposed State program amendment for approval. The amendment modifies the Indiana regulations at 310 IAC 12-3-8 to require that permit applications be accompanied by fees of \$100 per application filed, and \$100 for each acre or fraction thereof described in the application and for which fees have not been previously paid.

OSMRE published a notice in the Federal Register on July 3, 1986, announcing receipt of the proposed program amendments and procedures for the public comment period and for requesting a public hearing on the substantive adequacy of the proposed amendments (51 FR 24387). The public comment period ended August 4, 1986. There was no request for a public hearing and the hearing scheduled for July 28, 1986, was not held.

III. Director's Findings

The Director finds, in accordance with SMCRA and 30 CFR 732.15 and 732.17, that the program amendment submitted by Indiana on May 29, 1986, meets the requirements of SMCRA and 30 CFR Chapter VII.

Indiana has amended its rules at 310 IAC 12-3-8 for permit fees, to require that each application for a surface coal mining and reclamation permit be accompanied by a fee of \$100, plus \$100 for each acre or fraction thereof described in the permit application for

which fees have not been paid previously.

Section 507(a) of SMCRA provides that applications for a surface coal mining and reclamation permit be accompanied by a fee as determined by the regulatory authority. The Director finds, therefore, that the Indiana amendment is consistent with and no less stringent than the Federal requirements.

IV. Public Comments

No public comments were received on this rulemaking.

V. Director's Decision

The Director, based on the above findings, is approving the Indiana regulatory amendment as submitted on May 29, 1986, under the provisions of 30 CFR 732.17. The Federal rules at 30 CFR Part 914 are being amended to implement this decision.

VI. Procedural Matters

1. Compliance With the National Environmental Policy Act

The Secretary has determined that, pursuant to section 702(d) of SMCRA, 30 U.S.C. 1292(d), no environmental impact statement need be prepared on this rulemaking.

2. Executive Order No. 12291 and the Regulatory Flexibility Act

On August 28, 1981, the Office of Management and Budget (OMB) granted OSMRE an exemption from sections 3, 4, 7, and 8 of Executive Order 12291 for actions directly related to approval or conditional approval of State regulatory programs. Therefore, this action is exempt from preparation of a Regulatory Impact Analysis and regulatory review by OMB. The Department of the Interior has determined that this rule will not have a significant economic effect on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). This rule will not impose any new requirements; rather, it will ensure that existing requirements established by SMCRA and the Federal rules will be met by the State.

3. Paperwork Reduction Act

This rule does not contain information collection requirements which require approval by the Office of Management and Budget under 44 U.S.C. 3507.

Drawbridge Operation Regulations; Blackwater River, FL

AGENCY: Coast Guard, DOT.

ACTION: Final rule—Revocation.

SUMMARY: This amendment revokes the regulations for the Seaboard System Railroad Bridge over Blackwater River, mile 2.8 at Milton, Florida, because the drawbridge has been replaced by a fixed bridge. Notice and public procedure have been omitted from this action due to removal of the bridge concerned.

EFFECTIVE DATE: This rule becomes effective on September 15, 1986.

FOR FURTHER INFORMATION CONTACT: Perry Haynes, Chief, Bridge Administration Branch, telephone (504) 589-2965.

SUPPLEMENTARY INFORMATION: This action has no economic consequences. It merely revokes regulations that are now meaningless because they pertain to a drawbridge that no longer exists. Consequently, this action is considered to be non-major under Executive Order 12291 and nonsignificant under Department of Transportation regulatory policies and procedures (44 FR 11034, February 26, 1979). Since there is no

economic impact, a full regulatory evaluation is unnecessary. Because no notice of proposed rulemaking is required under 5 U.S.C. 553, this action is exempt from the Regulatory Flexibility Act (5 U.S.C. 605(b)). However, this action will not have a significant effect on a substantial number of small entities.

BILLING CODE 4910-14-M

DEPARTMENT OF THE INTERIOR

National Park Service

36 CFR Part 34

Yosemite National Park, CA; El Portal Administrative Site Regulations

AGENCY: National Park Service, Interior.

ACTION: Final rule.

SUMMARY: These regulations provide for use and management, protection of natural and cultural resources, and fire protection within the El Portal Administrative Site. The action will promote the orderly use and management of the administrative site in furtherance of the implementation of the Yosemite General Management Plan and assure a timely and effective official response to law enforcement and fire emergencies in this isolated rural community.

EFFECTIVE DATE: September 15, 1986.

FOR FURTHER INFORMATION CONTACT: John M. Morehead, Superintendent, Yosemite National Park, P.O. Box 577, Yosemite, CA 95389, Telephone: (209) 372-0201.

SUPPLEMENTARY INFORMATION:

Background

The Act of September 2, 1958, (72 Stat. 1772; 16 U.S.C. 47-1(e)) established the El Portal Administrative Site, west of Yosemite National Park, directing the Secretary of the Interior to administer the site so that certain facilities and services could be located outside the park. The legislation provided that the administrative site would not be subject to the laws and regulations governing the park. To this end, the legislation further provided that the Secretary shall have supervision, management and control of the area and shall make and publish such rules and regulations as he/she may deem necessary and proper for its use and management.

The regulations set forth below are the product of a process that began with the Yosemite General Management Plan. As currently envisioned, El Portal will serve as a combined residential area, administrative site and visitor information area. The concepts for the development of the El Portal Administrative Site have been considered and, as appropriate, incorporated into the regulations.

Generally, the rules for the administrative site follow the intent of the regulations used within other National Park Service areas.

Natural and cultural resource protection rules, such as those relating to camping, the use of firearms, fishing, sanitation, scientific specimens and wildlife, follow closely the wording of similar regulations in effect within park boundaries or are adopted from the general regulations. The section on fire prevention and fire protection is promulgated to protect residents, visitors, property and resources within the administrative site.

Visitor protection rules, keeping of the peace, orderly management, special events, property security, controlled substances, and boating also follow the rules in effect within other National Park Service areas or adopt the same. The El Portal Administrative Site is not part of the park so the level of restriction is generally lower than would apply within Yosemite National Park.

Boating regulations are those necessary to provide for the protection of aquatic resources, safety of persons and orderly management of boating activities.

Protective custody regulations parallel those applicable elsewhere in the state of California and assure that the National Park Service will handle these situations in a manner consistent with California codes which are necessary to provide for the safety and protection of

juveniles and mentally impaired persons. However, in reviewing the protective custody provisions of proposed paragraph 34.9(d) pertaining to persons who are under the influence of alcohol, the National Park Service has determined that these provisions are not essential to the effective management of the administrative site. Therefore, those provisions have been deleted from the final rule.

Vehicle and traffic regulations are limited to those necessary to provide for public safety and effective management of traffic on the road system of the administrative site. Unless specifically addressed by the provisions of this rulemaking traffic and the use of vehicles within El Portal are governed by State law. The regulations in this part will supercede any conflicting or duplicating provisions of State law.

The adopted regulations for commercial and private operations are those necessary to support and provide essential services for the administration of Yosemite National Park. A permit is required for certain business activities.

Summary of Public Comments

The National Park Service published a proposed rule and requested public comments on this rulemaking on February 25, 1986 (51 FR 6561); written comments were received from two public agencies. One written comment was received from the Office of the Federal Defender, Eastern District of California, suggesting that all sections of 36 CFR, PART 4—Vehicles and Traffic Safety be adopted in the interest of uniform enforcement in the park and administrative site. The National Park Service has considered this comment and has included 36 CFR 4.6 *Driving under the influence of intoxicating liquor or drugs* by adoption as part of the final rule. One written comment was received from the Department of California Highway Patrol advising that the State of California will continue to maintain exclusive enforcement jurisdiction regarding the vehicle code and vehicle related crimes as well as accident investigation responsibilities on all county roads and state highways in the El Portal area. The National Park Service is in agreement. Two written comments were received from a National Park Service official suggesting an addition to the Background statement regarding state vehicle and traffic rules and an addition to provide for future changes under § 34.5 Applicable regulations. Both of these suggestions are included in the final rule.

Drafting Information

The following individuals participated in the drafting of these regulations: Steve Hickman, Harry Steed, James Tucker and Don Cross; all of Yosemite National Park.

Paperwork Reduction Act

The information collection requirements needed to issue permits under this part have been approved by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.* and assigned clearance number 1024-0026.

Compliance With Other Laws

The Department of the Interior has determined that this is not a major rule under Executive Order 12291 (February 19, 1981), and certifies that the document will not have a significant economic effect on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). This conclusion is based on the finding that while several businesses already operate within El Portal under permit or contract from the National Park Service, little should change under the regulations. Security and fire protection should be enhanced, creating a more secure business environment.

The National Park Service has determined that this rulemaking will not have a significant effect on the quality of the human environment, health and safety because it is not expected to:

- (a) Increase public use to the extent of compromising the nature and character of the area or causing physical damage to it;
- (b) Introduce noncompatible uses which might compromise the nature and characteristics of the area, or cause physical damage to it;
- (c) Conflict with adjacent owners or occupants.
- (d) Cause a nuisance to adjacent owners or occupants.

Based on this determination, this rulemaking is categorically excluded from the procedural requirements of the National Environmental Policy Act (NEPA) by Departmental regulations in 516 DM 6, (49 FR 21438). As such, neither an Environmental Assessment nor an Environmental Impact Statement has been prepared.

National parks, Administrative site, Penalties, Traffic regulations.

In consideration of the foregoing, 36 CFR Chapter I is amended by adding a new Part 34, to read as follows:

PART 34—EL PORTAL ADMINISTRATIVE SITE REGULATIONS

Sec.

- 34.1 Purpose.
- 34.2 Applicability and scope.
- 34.3 Penalties.
- 34.4 Definitions.
- 34.5 Applicable regulations.
- 34.6 Fires.
- 34.7 Cultivation of controlled substances.
- 34.8 Preservation of natural, cultural and archeological resources.
- 34.9 Protective custody.
- 34.10 Saddle and pack animals.
- 34.11 Boating operations.
- 34.12 Information collection.

Authority: 16 U.S.C. 1, 3, 47-1, 4601-6a(e).

§ 34.1 Purpose.

These regulations provide for the protection of persons, property and natural and cultural resources within the El Portal Administrative Site.

§ 34.2 Applicability and scope.

(a) The regulations in this part apply to all persons entering, using, visiting, residing on or otherwise within the boundaries of the El Portal Administrative Site. All regulations apply throughout the site, with certain specific exceptions provided for leased lands.

(b) The regulations in this part may be enforced only by persons authorized to enforce the other provisions of this chapter.

§ 34.3 Penalties.

(a) A person convicted of violating a provision of the regulations contained in this part shall be punished by a fine not exceeding \$500 or by imprisonment not exceeding 6 months, or both, and shall be adjudged to pay all costs of the proceedings.

(b) Notwithstanding the provision of paragraph (a) of this section, a person convicted of violating § 34.5(b)(15) of this chapter shall be punished by a fine of not more than \$100.

§ 34.4 Definitions.

When used in regulations in this part: "Administrative site" means all of the federally owned or controlled lands and waters administered by the National Park Service pursuant to 16 U.S.C. 47-1 (72 Stat. 1772), in the vicinity of El Portal, California.

"Leased lands" means all lands within the administrative site in which there is a lawful possessory interest in addition to that of the National Park Service, which have been leased, permitted or otherwise assigned by the Superintendent. All other lands within the administrative site are nonleased lands.

§ 34.5 Applicable regulations.

The following sections and paragraphs of this chapter, as amended from time to time, apply to the administrative site and are hereby incorporated and made a part of this part except as modified by the regulations in this part:

(a) General Provisions.

(8) 5.13 Nuisances.

(9) 5.14 Prospecting, mining, and mineral leasing.

§ 34.6 Fires.

(a) All wildland, vehicular or structural fires shall be reported to the Superintendent immediately.

(b) Nonconflicting provisions of the California State Forest and Fire Laws and Regulations are adopted as a part of this part. Violation of any of these regulations is prohibited.

(c) The kindling of any open fire, including the burning of debris, is prohibited without a permit from the Superintendent.

(d) On undeveloped, untended or otherwise open land, operating any equipment powered by an internal combustion engine without a spark arrestor maintained in effective working order is prohibited. Such spark arrestor shall also meet either the USDA Forest Service Standard 5100-1a or the Society of Automotive Engineers Recommended Practice J335 or J350.

(e) The Superintendent may, during periods of high fire danger or diminished water supply, temporarily limit use and consumption of domestic water. These limitations shall be published. Violation of a limitation established by the Superintendent is prohibited.

(f) An owner or operator of a commercial establishment located within the administrative site shall comply with applicable standards prescribed by the National Fire Codes, Federal OSHA, CAL OSHA and other applicable laws, regulations and standards.

§ 34.7 Cultivation of controlled substances.

In addition to the provisions of § 2.35 of this chapter, the planting, cultivating, harvesting, drying or processing of a controlled substance, or any part thereof, is prohibited.

§ 34.8 Preservation of natural, cultural and archeological resources.

In addition to the provisions of § 2.1 of this chapter, the following are in effect:

(a) Upon nonleased lands, the cutting or removal of any tree, plant, or shrub or part thereof is prohibited without a permit from the Superintendent.

(b) Upon leased lands, the cutting or removal of any tree, plant, shrub or part thereof that is six inches or less in diameter, for the purpose of maintaining its proper health and appearance or for reasons of public safety, is allowed. Cutting or removing any vegetation exceeding six inches in diameter without a permit from the Superintendent is prohibited.

(c) Upon leased lands, the planting of personal gardens or domestic trees is allowed subject to all applicable Federal, State, and County agricultural regulations. *Provided, however:* the Superintendent may temporarily suspend this general privilege in the event of a water shortage or agricultural pest or disease emergency.

(d) Wood gathering is prohibited except in accordance with conditions and within areas designated by the Superintendent. Violation of such conditions or gathering wood outside of designated areas is prohibited.

§ 34.9 Protective custody.

(a) An authorized person, with reasonable cause to believe that a juvenile found within the administrative site has been unlawfully abused or neglected by any person living in the juvenile's place of residence, may take such juvenile into protective custody. An authorized person taking protective custody action pursuant to this paragraph shall deliver the juvenile to the care and custody of the appropriate state or local authorities.

(b) An authorized person, with reasonable cause to believe that a person found within the administrative site is either temporarily or permanently psychologically or mentally impaired to a degree that the person is gravely disabled or that presents a clear danger to that person or another, may take such person into protective custody. An authorized person taking protective custody action pursuant to this paragraph shall deliver the person to the care of the Mariposa County Mental Health Authorities for an initial 72-hour

evaluation in accordance with applicable provisions of the California Welfare and Institutions Code.

(c) An authorized person may take into protective custody any juvenile found within the administrative site who is deemed to be a runaway according to applicable provisions of the California Welfare and Institutions Code. An authorized person taking protective custody action pursuant to this paragraph shall deliver the juvenile to the care and custody of the Mariposa County Sheriff's Office.

§ 34.10 Saddle and pack animals.

The use of saddle and pack animals is prohibited without a permit from the Superintendent.

§ 34.11 Boating operations.

The launching or operation of a motor boat is prohibited.

§ 34.12 Information collection.

The information collection requirements contained in §§ 34.6, 34.8 and 34.10 have been approved by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.*, and assigned clearance number 1024-0026. This information is being collected to solicit information necessary for the Superintendent to issue permits and other benefits, and to gather information. This information will be used to grant administrative benefits. The obligation to respond is required to obtain a benefit.
