DEPARTMENT OF HEALTH AND HUMAN SERVICES

Alcohol, Drug Abuse, and Mental Health Administration

Extramural Research Support Programs

AGENCY: National Institute of Mental Health.

ACTION: Issuance of notice of the revision of the program announcement on Extramural Research Support Programs.

SUMMARY: The National Institute of Mental Health announces the availability of a revised Extramural Research Programs announcement, MH-86-18. This announcement reflects changes in programs resulting from the recent reorganization of the Institute. It also contains the new schedule for the review of applications and an updated list of contact persons for the ongoing extramural research programs.

FOR FURTHER INFORMATION CONTACT: Anne W. Cooley, Extramural Policy Branch, Division of Extramural Activities, National Institute of Mental Health, Parklawn Building, Room 9-95, 5600 Fishers Lane, Rockville, Maryland 20857, Telephone: (301) 443-4673.

Donald Ian Macdonald,

Administrator, Alcohol, Drug Abuse, and Mental Health Administration.

BILLING CODE 4160-20-M

Food and Drug Administration

[Docket No. 86F-0341]

Dow Chemical Co.; Filing of Food Additive Petition

AGENCY: Food and Drug Administration.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that The Dow Chemical Co. has filed a petition proposing that the food additive regulations be amended to provide for the safe use of ethylene-carbon monoxide copolymers as components of food-packaging materials.

FOR FURTHER INFORMATION CONTACT: Julius Smith, Center for Food Safety and Applied Nutrition (HFF-335), Food and Drug Administration, 200 C St. SW., Washington, DC 20204, 202-472-5690.

SUPPLEMENTARY INFORMATION: Under the Federal Food, Drug, and Cosmetic Act (sec. 409(b)(5), 72 Stat. 1786 (21 U.S.C. 348(b)(5))), notice is given that a petition (FAP 6B3948) has been filed by The Dow Chemical Co., 1803 Building, Door 7, Midland, MI 48674, proposing that Part 177 (21 CFR Part 177) of the food additive regulations be amended to provide for the safe use of ethylene-carbon monoxide copolymers as components of food-packaging material.

The potential environmental impact of this action is being reviewed. If the agency finds that an environmental impact statement is not required and this petition results in a regulation, the notice of availability of the agency's finding of no significant impact and the evidence supporting that finding will be published with the regulation in the Federal Register in accordance with 21 CFR 25.40(c).

Dated: August 5, 1986.

Richard J. Ronk,

Acting Director, Center for Food Safety and Applied Nutrition.

[Docket No. 86G-0321]

Donath-Kelterei; Filing of Petition for Affirmation of GRAS Status

AGENCY: Food and Drug Administration.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that a petition (GRASP 6G0314) has been filed by Donath-Kelterei, Gutenbergstrasse 4, 8043 Unterföhring, West Germany, proposing to affirm that the puree and juice from the sea buckthorn berry *Hippophae rhamnoides* L. is generally recognized as safe (GRAS) for use as a food ingredient.

DATE: Comments by November 3, 1986.

ADDRESS: Written comments to the Dockets Management Branch (HFA-305), Food and Drug Administration, Rm.

4-62, 5600 Fishers Lane, Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT:

Geraldine E. Harris, Center for Food Safety and Applied Nutrition (HFF-334), Food and Drug Administration, 200 C St. SW., Washington, DC 20204, 202-426-9463.

SUPPLEMENTARY INFORMATION: Under the Federal Food, Drug, and Cosmetic Act (sec. 409(b)(5), 72 Stat. 1786 (21 U.S.C. 348(b)(5))) and the regulations for affirmation of GRAS status in § 170.35 (21 CFR 170.35), notice is given that a petition (GRASP 6G0314) has been filed by Donath-Kelterei, Gutenbergstrasse 4, 8043 Unterföhring, West Germany, proposing to affirm that the puree and juice from the sea buckthorn berry *Hippophae rhamnoides* L. is GRAS for use as a food ingredient.

The petition has been placed on display at the Dockets Management Branch (address above).

Any petition that meets the format requirements outlined in § 170.35 is filed by the agency. There is no pre-filing review of the adequacy of data to support a GRAS conclusion. Thus, the filing of a petition for GRAS affirmation should not be interpreted as a preliminary indication of suitability for GRAS affirmation.

The potential environmental impact of this action is being reviewed. If the agency finds that an environmental impact statement is not required and this petition results in a regulation, the notice of availability of the agency's finding of no significant impact and the evidence supporting that finding will be published with the regulation in the Federal Register in accordance with 21 CFR 25.40(c).

Interested persons may, on or before November 3, 1986, review the petition and/or file comments (two copies, identified with the docket number found in brackets in the heading of this document) with the Dockets Management Branch (address above). Comments should include any available information that would be helpful in determining whether the substance is, or is not, GRAS. A copy of the petition and received comments may be seen in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

Dated: August 25, 1986.

Richard J. Ronk,

Acting Director, Center for Food Safety and Applied Nutrition.

 BILLING CODE 4160-01-M

Health Care Financing Administration

[OA-1-N]

Meeting of the Task Force on Long-Term Health Care Policies

AGENCY: Health Care Financing Administration (HCFA), HHS.
ACTION: Notice of public meeting.

SUMMARY: In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), this notice announces a meeting of the Task Force on Long-Term Health Care Policies.

DATE: The meeting will be held on September 25, 1986 from 1:00 p.m. to 4:00 p.m., and on September 26, 1986 from 9:00 a.m. to 3:00 p.m., e.s.t. The meeting will be open to the public.

ADDRESS: The meeting will be held in the Marriott Hotel, 1999 Jefferson Davis Highway, Crystal City, Arlington, Virginia.

FOR FURTHER INFORMATION CONTACT: Dennis DeWitt, 202-245-0063.

SUPPLEMENTARY INFORMATION:**Purpose**

The Task Force on Long-Term Health Care Policies, created by Section 9601 of the Consolidated Omnibus Budget Reconciliation Act of 1985, will evaluate current issues relating to private long-term care insurance. To ensure the evolution of sound private long-term care policies and to help foster consumer confidence in them, the Task Force will develop guidelines that can be used by State regulators, persons involved in the insurance industry, and consumers who may wish to purchase such policies.

The term "long-term health care policy" means an insurance policy, or similar health benefits plan, that is designed for or marketed as providing (or making payment for) health care services (such as nursing home care and home health care) or related services (which may include home and community-based services), or both, over an extended period of time.

The Task Force on Long-Term Health Care Policies will advise the Secretary of Health and Human Services and the Administrator of the Health Care Financing Administration concerning the development of insurance policies for long-term care that are privately marketed to individuals or groups. The Task Force will develop recommendations for long-term health care policies, including recommendations designed to: (1) Limit marketing and agent abuse for those

policies; (2) assure the dissemination of information to consumers necessary to permit informed choice in purchasing the policies and to reduce the purchase of unnecessary or duplicative coverage; (3) assure that benefits provided under the policies are reasonable in relationship to premiums charged; and (4) promote the development and availability of long-term health care policies which meet these recommendations.

Agenda

Agenda items for the meeting will include orientation and swearing in for the Task Force members, presentations from experts in the field of long-term care insurance policies and persons conducting studies in this subject area, and discussions of directions and issues to be addressed at the next meeting.

Agenda items are subject to change as priorities dictate.

Dated: August 26, 1986.

William L. Roper,
Administrator, Health Care Financing
Administration.

BILLING CODE 4310-22-M

Office of Surface Mining Reclamation and Enforcement

North Chickamauga Creek Lands Unsuitable for Mining Petition

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Notice of intent to prepare a combined petition evaluation document/environmental impact statement, and notice of scoping meeting and scoping comment period for the petition to designate certain lands in the North Chickamauga Creek watershed in Hamilton and Sequatchie Counties, Tennessee as unsuitable for surface coal mining operations.

SUMMARY: Notice is hereby given that the Office of Surface Mining Reclamation and Enforcement (OSMRE) intends to prepare a combined petition evaluation document/environmental impact statement (PED/EIS) for the decision on a petition to designate certain lands within the Chickamauga Creek watershed in Hamilton and Sequatchie Counties, Tennessee as unsuitable for surface coal mining operations in accordance with Section 522 of the Surface Mining Control and Reclamation Act (SMCRA) of 1977. OSMRE has identified four alternatives that the combined PED/EIS would evaluate as described in the supplementary information of this notice. OSMRE requests that other agencies and the public submit written comments or statements on the need for an EIS on the petition and the scope of the issues which should be analyzed in the combined document.

DATES: Written comments must be received by 5 p.m. local time, November 3, 1986. Oral comments may be presented at the scoping meeting to be held at the Hamilton County Court House at 7:00 p.m. on September 23, 1986.

ADDRESSES: Written comments must be received at, or hand delivered to, the

Office of Surface Mining Reclamation and Enforcement, Tennessee Division of Permitting, Attn: Willis Gainer, 530 Gay Street, SW., Suite 500, Knoxville, Tennessee 37902. Copies of the petition are available upon request from the Office of Surface Mining Reclamation and Enforcement at the above address. The public record on the petition is available for review during normal working hours at the OSMRE office listed above.

FOR FURTHER INFORMATION CONTACT: James L. Chisholm at the OSMRE office listed above (telephone: (615) 673-4330 or FTS 854-4330).

SUPPLEMENTARY INFORMATION: The Guardians of North Chickamauga Creek, Inc. filed a petition on November 16, 1983, with the State of Tennessee, Commissioner of the Department of Health and Environment, Surface Mining Division to designate an area lying within the North Chickamauga Creek watershed as unsuitable for all surface coal mining operations under the Tennessee Coal Surface Mining Law, Tennessee Code Annotated 59-8-331(a) (2) and (3). On October 1, 1984, OSMRE assumed authority for surface coal mining and reclamation operations for Tennessee, including the processing of lands unsuitable petitions (49 FR 38874-38897). The document was officially transferred to OSMRE on December 10, 1984.

OSMRE determined the petition incomplete according to 30 CFR 942.764(a) and returned the petition to the petitioners on January 25, 1985. On April 30, 1986, the petition was refiled with OSMRE, with certain modifications, including a reduction in size of the area covered (reduced from 100 to 80 square miles). The petition was declared administratively complete and accepted for processing on June 27, 1986. The 15-page petition and 87 pages of exhibits were submitted by Robert B. Pyle, attorney for the Guardians of the North Chickamauga Creek, Inc., and the Sierra Club. Mr. Pyle's address is P.O. Box 16416, Chattanooga, Tennessee 37416.

The major allegations of the petition are:

1. Mining operations are incompatible with existing State and local land use plans.
2. Mining will affect fragile and historic lands and result in significant damage to esthetic values and natural systems including rare and endangered species.
3. Mining could result in substantial loss of water supply.
