UNITED STATES INFORMATION AGENCY

Grants Program for Private Non-For- Profit Organizations in Support of International Educational and Cultural Activities

The United States Information Agency
(USIA) announces a program of
selective assistance and limited grant
support to non-profit activities of United
States institutions and organizations in
the Private Sector. The program is
designed to increase mutual
understanding between the people of the
U.S. and other countries and to
strengthen the ties which unite our

societies. The information collection
involved in this solicitation is covered
by OMB Clearance Number 3116-0175,
entitled "A Grants Program for Private,
Non-Profit Organizations in Support of
International Educational and Cultural
Activities," announced in the **Federal
Register** June 3, 1987.

Private sector organizations interested
in working cooperatively with USIA on
the following concept are encouraged to
so indicate:

*A Security Affairs Workshop: The Role of
Domestic Factors.* The Office of Private
Sector Programs (E/P) will assist in
supporting a four-day security affairs
workshop for political leaders and policy
analysts from the Atlantic Alliance. The
program will compare security policies
among four case-study countries (the United
Kingdom, the United States, West Germany,
and one other nation recommended by the
grantee institution) with particular emphasis
on examining the domestic factors which
have contributed to the formulation and/or
acceptance of arms control and disarmament
policies. Ideally, this workshop will take
place in the United Kingdom or West
Germany in May or June 1988. Participants
will also include representatives from The
Netherlands, Belgium, France, Spain,
Portugal, Denmark and Italy.

USIA is most interested in working
with organizations that show promise
for innovative and cost-effective
programming; and with organizations
that have potential for obtaining private-
sector funding in addition to USIA
support. Organizations must have the
substantive expertise and logistical
capability needed to successfully
develop and conduct the above project
and should also demonstrate a potential
for designing programs which will have
a lasting impact on their participants.

Interested organizations should
submit a request for complete
application materials—postmarked no
later than fifteen days from the date of
this notice—to the address listed below.
The Office of Private Sector Programs
will then forward a set of materials
which contains proposal guidelines.

ACTION: Final rule.

SUMMARY: This is an amendment to 32 CFR 2003.20. In recent months, questions have been raised about the intended scope of the term "classifiable information," a term that has been used in the Standard Form 189, "Classified Information Nondisclosure Agreement," since it was first issued in September 1983. On August 3, and 11, 1987, ISOO published definitions of the term "classifiable information" in the Federal Register. These definitions were designed to clarify the meaning of this term and to demonstrate that it applies to a very narrow class of information. Subsequently, it has become evident that further clarification is desirable for purposes of alleviating concern and dispelling confusion about the actual scope of the nondisclosure obligation in regard to such information. Relevant explanatory information circulated by ISOO since August 1987 has proved useful in further clarifying the intended reach of the term "classifiable information." As a result, ISOO has determined that it would be desirable to amend its published definition to incorporate such further explanation. The revised definition does not change the substance of the term "classifiable information" in each executed nondisclosure agreement, but may, nevertheless, prove useful to a better understanding by affected employees of their nondisclosure obligations. While ISOO will include this definition in

future reprints of the Standard Form 189, it is intended to apply to all editions of the Form.

EFFECTIVE DATE: December 21, 1987.

FOR FURTHER INFORMATION CONTACT: Steven Garfinkel, Director, ISOO. Telephone: (202) 535-7251.

SUPPLEMENTARY INFORMATION: This amendment to 32 CFR Part 2003 is issued pursuant to section 5.2(b)(7) of Executive Order 12356.

List of Subjects in 32 CFR Part 2003

Classified information, Executive orders, Information, National security information, Security information.

32 CFR Part 2003 is amended as follows:

**PART 2003—NATIONAL SECURITY
INFORMATION—STANDARD FORMS**

1. The authority citation for 32 CFR Part 2003 continues to read:

Authority: Sec. 5.2(b)(7) of E.O. 12356.

Subpart B—Prescribed Forms

2. Section 2003.20(h)(1) is revised to read as follows:

§ 2003.20 **Classified Information Nondisclosure Agreement: SF 189; Classified Information Nondisclosure Agreement (Industrial/Commercial/Non-Government): SF 189-A.**

* * * * *

(h) * * *

(1)(i) As used in paragraph 1 of SF 189, the term "classifiable information" refers to two categories of information only: (a) Unmarked *classified* information, including oral communications; and (b) *unclassified* information that meets the standards for classification and is in the process of a classification determination. "Classifiable information" does not refer to currently unclassified

information that may be subject to possible classification at some future date, but is not currently in the process of a classification determination. Therefore, the only circumstances under which a party to SF 189 might violate its terms by disclosing *unclassified* information are when a party knows, or reasonably should know, that such information is in the process of a classification determination and requires interim protection as provided in section 1.1(c) of Executive Order 12356 or any other statute of Executive order that requires interim protection for certain unclassified information while a classification determination is pending.

(ii) A party to SF 189 may be liable for disclosing "classifiable information" only if: (a) He or she knows that the unmarked information is classified, or meets the standards for classification and is in the process of a classification determination, whether the unauthorized disclosure is willful or negligent; or (b) he or she should know that the unmarked information is classified, or meets the standards for classification and is in the process of a classification determination, in which case the unauthorized disclosure is negligent. In no instance could a party to SF 189 be liable for violating its nondisclosure provisions by disclosing unmarked information when, at the time of the disclosure, there was no basis to suggest, other than pure speculation, that the information was classified or in the process of a classification determination.

DEPARTMENT OF EDUCATION**Office of Special Education and Rehabilitative Services****Secondary Education and Transitional Services for Handicapped Youth Program****AGENCY:** Department of Education.**ACTION:** Notice of final annual funding priorities.

SUMMARY: The Secretary announces final annual funding priorities for the Secondary Education and Transitional Services for Handicapped Youth Program to ensure effective use of funds and to direct funds to areas of identified need during fiscal year 1988.

EFFECTIVE DATE: These final funding priorities take effect either 45 days after publication in the *Federal Register* or later if Congress takes certain adjournments. If you want to know the effective date of these annual funding priorities, call or write the Department of Education contact person.

FOR FURTHER INFORMATION CONTACT: Edward Wilson, Secondary Education and Transitional Services Branch, Office of Special Education Programs, Department of Education, 400 Maryland Avenue, SW. (Switzer Building, Room 3096—M/S 2313), Washington, DC 20202. Telephone: (202) 732-1121.

SUPPLEMENTARY INFORMATION: The Secondary Education and Transitional Services for Handicapped Youth Program is authorized by section 626 of Part C of the Education of the Handicapped Act (20 U.S.C. 1425), as amended by Pub. L. 99-457. This program supports research, development, demonstration, evaluation, and other types of projects that: (1) Strengthen and coordinate activities to assist in the transition to postsecondary education, vocational training, competitive employment, continuing education, or adult services for handicapped youth; (2) stimulate the improvement and development of programs for secondary special education; and (3) stimulate the improvement of the vocational and life

skills of handicapped students to enable them to be better prepared for transition to adult life and services.

These final annual funding priorities target: (1) Projects for youth with severe handicaps to be prepared for and placed in supported work prior to their leaving school, and (2) projects to improve existing tracking systems for youth who complete or leave secondary education and to improve secondary education practices based on continued analysis of outcome data.

Summary of Comment and Response

A notice of proposed annual funding priorities was published in the *Federal Register* on September 10, 1987 (52 FR 34370). The public was given thirty days in which to comment. One comment was received from a professional organization in response to the notice of proposed annual funding priorities. The comment and the Department's response are summarized below:

Comment: One commenter expressed concern that projects funded under Priority (1), "Training and employment models for youth with severe handicaps" would be limited if focused only on severely handicapped youth and if supported employment models were the only outcome desired.

Response: No change has been made. This priority has been designed to develop school-based models for preparing and placing severely handicapped youth in supported employment. This priority is intended to stimulate the development of an educational option that is not generally made available by public schools.

Priorities

In accordance with the Education Department General Administrative Regulations (EDGAR) at 34 CFR 75.105(c)(3), the Secretary will give an absolute preference to applications addressing the following priorities:

(a) Priority 1: Training and Employment Models For Youth With Severe Handicaps

This priority supports school and community based projects for youth

with severe handicaps to be prepared for and placed in supported work prior to leaving school. Models funded under this competition are expected to emphasize the following: (1) Collaboration with employers and measurement of employer satisfaction; (2) program evaluation with outcome measures to determine initial and continuing employment status; (3) working relationships between education agencies and supported work efforts at the State and/or local level; and (4) working partnerships with families that demonstrate a commitment to maximizing independence. The outcome of these models is to place youth with severe handicaps in supported employment. Supported employment must include paid employment in integrated work settings and ongoing support from adult service agencies.

(b) Priority 2: Secondary and Transition Services Follow-Up/Follow-Along Projects

This priority supports school and community-based projects to improve tracking systems for youth who complete or leave secondary programs and to revise curriculum and/or program options based on continued analysis of outcome data. Models funded under this competition are expected to emphasize the following: (1) A commitment to enhance existing procedures for a follow-up/follow-along system for all youth who complete or leave secondary education, and (2) revision of existing program options to improve outcomes for youth with handicaps completing or leaving school. Placement status of youth in the community must be the performance standard used to target these outcomes.
