Agency Form Under Review by the Office of Management and Budget (OMB)

DOC has submitted to OMB for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Bureau of the Census.

Title: Quarterly Survey of Residential Alternations and Repairs.

Form Number: Agency—CE-701, CE-702; OMB—0607-0130.

Type of Request: Revision of a currently approved collection.

Burden: 2,700 respondents; 1,800 reporting hours.

Needs and Uses: This survey is needed to upkeep and improve data for a nationwide sample of rental and vacant residential housing units. These statistics are used extensively by the Federal Government in making policy decisions and they become a part of the gross national product. They are also used by the private sector for market analysis and other research.

Affected Public: Individuals or households, state or local governments, businesses or other for-profit institutions.

Frequency: Quarterly.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Don Arbuckle, 395-7340.

Copies of the above information collection proposal can be obtained by calling or writing DOC Clearance Officer, Edward Michals, (202) 377-3271, Department of Commerce, Room H6622, 14th and Constitution Avenue, NW., Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent to Don Arbuckle, OMB Desk Officer, Room 3228 New Executive Office Building, Washington, DC 20503.

Dated: May 18, 1987.

Bureau of the Census

Census Advisory Committees of the Black, Hispanic, Asian and Pacific Islander, and American Indian and Alaska Native Populations for the 1990 Census; Renewal

In accordance with the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. (1982), and Office of Management and Budget Circular A-63 of March 1974, and after consultation with GSA, the Secretary of Commerce has determined that the renewal of the Census Advisory Committees of the Black, Hispanic, Asian and Pacific Islander, and American Indian and Alaska Native Populations for the 1990 Census is in the public interest in connection with the performance of duties imposed on the Department by law.

These committees were originally established in May 1985. The

Department of Commerce last renewed each committee on May 7, 1987.

The committees will continue to provide advice to the Director, Bureau of the Census, on such matters as improving the accuracy of the population count, recommending subject content and tabulations of particular use to all populations, expanding the dissemination of census results to all users of census data, suggesting areas of research, and generally improving the usefulness of the census product.

Each committee will have a balanced representation of 12 members. The committees will continue to report and be responsible to the Director, Bureau of the Census, and will function solely as an advisory body in compliance with the Federal Advisory Committee Act.

The Department of Commerce will file copies of the committees' revised charters with appropriate committees in Congress.

You may address inquiries or comments to Mr. Russell Valentine, Committee Coordinator, Bureau of the Census, Room 3779, FB 3, Washington, DC 20233; telephone (301) 763-5169, or Ms. Suzette Kern, Committee Management Analyst, U.S. Department of Commerce, Washington, DC 20230, telephone (202) 377-3743.

Dated: May 18, 1987.

Certain Stainless Steel Hollow Products From Sweden; Preliminary Determination of Sales at Less Than Fair Value

AGENCY: International Trade Administration, Import Administration, Commerce.

ACTION: Notice.

SUMMARY: We have preliminarily determined that certain stainless steel hollow products (SSHP) from Sweden are being, or are likely to be, sold in the United States at less than fair value. We have notified the U.S. International Trade Commission (ITC) of our determination, and we have directed the U.S. Customs Service to suspend liquidation of all entries of the subject merchandise as described in the "Suspension of Liquidation" section of this notice. If this investigation proceeds normally, we will make a final determination by July 29, 1987.

EFFECTIVE DATE: May 22, 1987.

FOR FURTHER INFORMATION:

Contact Mary S. Clapp (202) 377-1769 or Gregory G. Borden (202) 377-3003, Office of Investigations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Preliminary Determination

We have preliminarily determined that SSHP from Sweden are being, or are likely to be, sold in the United States at less than fair value as provided in section 733 of the Tariff Act of 1930, as amended (19 U.S.C. 167b) (the Act). The margins of sales at less than fair value are shown in the "Suspension of Liquidation" section of this notice.

Case History

On October 17, 1986, we received a petition in proper form filed by the Specialty Tubing Group (which was amended to include the United Steelworkers of America on February 6, 1987) on behalf of the U.S. industry producing SSHP. In compliance with the filing requirements of § 353.36 of the Commerce Regulations (19 CFR 353.36), the petition alleged that imports of the subject merchandise from Sweden are being, or likely to be, sold in the United States at less than fair value within the meaning of section 731 of the Act, and that these imports are causing material injury, or threaten material injury, to a U.S. industry.

After reviewing the petition, we determined that it contained sufficient grounds upon which to initiate an antidumping investigation. We initiated the investigation on November 7, 1986 (51 FR 33286, November 19, 1986), and notified the ITC of our action.

On November 28, 1986, the ITC determined that there is a reasonable indication that imports of SSHP are materially injuring a U.S. industry (U.S. ITC Pub. No. 1919, December 1986).

On January 6, and January 7, 1987, questionnaires were presented to Sandvik AB (SAB) and Avesta Sandvik Tube AB (AST), respectively, which account for virtually all of the exports to the United States during the period of investigation.

On February 20, 1987, we received a questionnaire response from SAB. On February 23, 1987, we received a questionnaire response from AST. A supplementary response from AST was received on March 5, 1987. We sent deficiency letters to SAB on March 17, 1987, and to AST on March 18, 1987.

On March 5, 1987, petitioners requested a postponement of the preliminary determination. On March

10, 1987, in accordance with section 733(c)(1)(A) of the Act, we postponed the preliminary determination to May 15, 1987, (52 FR 8089, March 16, 1987).

On April 17, 1987, petitioners alleged that sales of seamless redraw hollows to the Federal Republic of Germany (FRG) were below the cost of production.

Scope of Investigation

The United States has developed a system of tariff classification based on the international harmonized system of Customs nomenclature. The U.S. Congress is considering legislation to convert the United States to this Harmonized System (HS) by January 1, 1988. In view of this, we will be providing both the appropriate *Tariff Schedules of the United States Annotated* (TSUSA) item numbers and the appropriate HS item numbers with our product descriptions on a test basis, pending Congressional approval. As with the TSUSA, the HS item numbers are provided for convenience and Customs purposes. The written description remains dispositive.

We are requesting petitioners to include the appropriate HS item number(s) as well as the TSUSA item number(s) in all new petitions filed with the Department. A reference copy of the proposed HS schedule is available for consultation at the Central Records Unit, Room B-099, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC, 20230. Additionally, all Customs office have reference copies and petitioners may contact the Import Specialist at their local Customs office to consult the schedule.

The products covered by this investigation are certain stainless steel hollow products including pipes, tubes, hollow bars and blanks therefor, of circular cross-section, containing over 11.5 percent chromium by weight, as provided for under TSUSA item numbers 610.3701, 610.3727, 610.3741, 610.3742, 610.5130, 610.5202, 610.5229, 610.5230, and 610.5231, and currently classifiable under HS item numbers 73044100-0, 73044900-0, 73064010-0, and 7364050-2.

Fair Value Comparisons

To determine whether sales of the SSHP in the United States were made at less than fair value, we compared the United States price to the foreign market value as specified below.

We made comparisons on over 60 percent of the sales of the products during the period of investigation, May 1, 1986 through October 31, 1986.

United States Price

For SAB and AST, we based United States price on exporter's sales price (ESP) when those sales were made after importation, in accordance with section 772(c) of the Act. For those sales by SAB and AST to the United States which were made prior to importation, we determined that the merchandise had been purchased from the manufacturer or producer and, therefore, based the United States price on purchase price in accordance with section 772(b) of the Act. A majority of these sales which we have treated as purchase price transactions involved a related U.S. sales agent. We used purchase price for those sales based on the following elements:

1. The merchandise in question was shipped directly from the manufacturer to the unrelated buyer, without being introduced into the inventory of the related selling agent;
2. This was the customary commercial channel for sales of this merchandise between the parties involved; and
3. The related selling agent located in the United States acted only as a processor of sales-related documentation and a communication link with the unrelated U.S. buyer.

Where all the above elements are met, we regard the routine selling functions of the exporter as having been merely relocated geographically from the country of exportation to the United States, where the sales agent performs them. Whether these functions are done in the United States or abroad does not change the substance of the transactions or the functions themselves.

In instances where merchandise is ordinarily diverted into the related U.S. selling agent's inventory, we regard this factor as an important distinction because it is associated with a materially different type of selling activity than the mere facilitation of a transaction such as occurs on a direct shipment to an unrelated U.S. purchaser. In situations where the related party places the merchandise into inventory, he commonly incurs substantial storage and financial carrying costs and has added flexibility in his marketing. We also use the inventory test because it can be readily understood and applied by respondents who must respond to Department questionnaires in a short period of time. It is objective in nature, as the final destination of the goods can be established from normal commercial documents associated with the sale and verified with certainty.

We calculated purchase price and ESP based on the packed, duty paid, f.o.b. or c.i.f., delivered prices to unrelated

purchasers in the United States. We made deductions for foreign inland freight, ocean freight, marine insurance, U.S. duty, and U.S. inland freight, as appropriate. For ESP sales, we also deducted credit and other expenses normally incurred in selling the merchandise in the United States.

For SAB, the Department additionally deducted the costs presented in the responses which represented those incurred for additional processing to the product sold in the United States by Sandvik Steel Company, Inc. (a subsidiary of SAB).

Foreign Market Value

SAB

In accordance with section 773(a)(1)(B) of the Act, we determined that there were insufficient home market sales of seamless redraw hollows and finished pipes and tubes to be used as a basis for determining foreign market value. The third country market with the largest volume of sales of the most similar merchandise is the FRG. On April 17, 1987, petitioners alleged that third country prices of seamless redraw hollows were below the cost of production. We did not have sufficient time to develop data for purposes of the preliminary determination. The issue will be addressed in the final determination.

We made deductions from delivered prices for discounts and for foreign inland freight between Sweden and the FRG. We deducted third country packing costs and added U.S. packing costs. For comparisons to ESP, we made a circumstance of sale adjustment for difference in credit expenses and an offset to indirect selling expenses on the U.S. sales, in accordance with § 353.15(b) of Commerce's regulations.

We found sufficient sales of hollow bar in the home market to form the basis of comparison and used delivered home market prices. We made deductions for inland freight. We deducted home market packing costs and added U.S. packing costs. For comparison to ESP sales, we deducted selling expenses incurred on home market sales up to the amount of indirect selling expenses incurred for sales to the U.S. market, as an offset in accordance with § 353.15(c) of our regulations. We made an adjustment for differences in credit terms in accordance with § 353.15 of our regulations.

AST

We found sufficient sales in the home market to form the basis of comparison and used delivered home market prices. We made deductions for foreign inland

freight and discounts. We deducted home market packing costs and added U.S. packing costs. For comparison to ESP sales, AST has claimed no offsets for the selling expenses incurred in the U.S., in accordance with § 353.15(c) of our regulations. We made an adjustment for difference in credit terms in accordance with § 353.15 of our regulations.

Respondents have made claims for differences in quantities, level of trade and physical characteristics. These claims have not been sufficiently quantified. We will seek further information and consider these claims for purposes of the final determination.

Currency Conversion

For ESP comparisons, we used the official exchange rate for the date of sales since the use of that exchange rate is consistent with section 615 of the Trade and Tariff Act of 1984 (1984 Act). We followed section 615 of the 1984 Act rather than § 353.56(a)(2) of our regulations because the later law supersedes that section of the regulations.

For purchase price comparisons, we used the exchange rate described in § 353.56(a)(1) of our regulations. All currency conversions were made at the rates certified by the Federal Reserve Bank.

Verification

As provided in section 776(a) of the Act, we will verify all information used in reaching the final determination in this investigation.

Suspension of Liquidation

In accordance with section 733(d) of the Act, we are directing the U.S. Customs Service to suspend liquidation of all entries of SSHP from Sweden that are entered, or withdrawn from warehouse, for consumption, on or after the date of publication of this notice in the Federal Register.

The Customs Service shall require a cash deposit or the posting of a bond equal to the estimated amounts by which the foreign market values of the merchandise subject to this investigation exceed the United States price as shown below. This suspension of liquidation will remain in effect until further notice.

Manufacturer/Producer/Exporter	Weighted-average margin percentage
Sandvik AB.....	31.46
Avesta Sandvik Tube AB.....	60.65
All Others.....	35.43

ITC Notification

In accordance with section 733(f) of the Act, we will notify the ITC of our determination. In addition, we are making available to the ITC all nonprivileged and nonproprietary information relating to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under administrative protective order, without the written consent of the Deputy Assistant Secretary for Import Administration.

If our final determination is affirmative, then the ITC will determine no later than 120 days after the date of this preliminary determination, or 45 days after our final determination, whether these imports are materially injuring, or threaten material injury to, a U.S. industry.

Public Comment

In accordance with § 353.47 of our regulations (19 CFR 353.47), if requested, we will hold a public hearing to afford interested parties an opportunity to comment on this preliminary determination at 1:00 p.m. on June 29, 1987, at the U.S. Department of Commerce, Room 3708, 14th Street and Constitution Avenue, NW, Washington, DC 20230. Individuals who wish to participate in the hearing must submit a request to the Deputy Assistant Secretary for Import Administration, Room B-099, at the above address within 10 days of the publication of this notice. Requests should contain: (1) The party's name, address and telephone number; (2) the number of participants; (3) the reason for attending; and (4) a list of the issues to be discussed.

In addition, prehearing briefs in at least 10 copies must be submitted to the Deputy Assistant Secretary by June 22, 1987. Oral presentations will be limited to issues raised in the briefs. All written views should be filed in accordance with 19 CFR 353.46, not less than 30 days before the final determination, or, if a hearing is held, within 7 days after the hearing transcript is available, at the above address in at least 10 copies.

This determination is published pursuant to section 733(f) of the Act (19 U.S.C. 1673b(f)).

Gilbert B. Kaplan,

Deputy Assistant Secretary for Import Administration.

Export Trade Certificate of Review

AGENCY: Department of Commerce, International Trade Administration.

ACTION: Notice of issuance of an Export Trade Certificate of Review.

SUMMARY: The Department of Commerce has issued an export trade certificate of review to the National Machine Tool Builders' Association ("NMTBA"). This notice summarizes the conduct for which certification has been granted.

FOR FURTHER INFORMATION CONTACT: George Muller, Acting Director, Office of Export Trading Company Affairs, International Trade Administration, 202-377-5131. This is not a toll-free number.

SUPPLEMENTARY INFORMATION: Title III of the Export Trading Company Act of 1982 ("the Act") (Pub. L. 97-290) authorizes the Secretary of Commerce to issue trade certificates of review. The regulations implementing Title III ("the Regulations") are found at 15 CFR Part 325 (50 FR 1804, January 11, 1985).

The Office of Export Trading Company Affairs is issuing this notice pursuant to 15 CFR 325.6(b), which requires the Department of Commerce to publish a summary of a certificate in the *Federal Register*. Under section 305(a) of the Act and 15 CFR 325.11(a), any person aggrieved by the Secretary's determination may, within 30 days of the date of this notice, bring an action in any appropriate district court of the United States to set aside the determination on the ground that the determination is erroneous.

Description of Certified Conduct*Export Trade***1. Products**

Machine tools, including metal cutting machine tools (SIC code 3541), metal forming machine tools (SIC code 3542), woodworking machinery (SIC code 3553), and special industry machinery (SIC code 3559); tooling, dies, jigs, and fixtures for machine tools (SIC code 3544); machine tool accessories (SIC code 3545); assembly, measuring, and inspection machines; computer controls for machine tools (including computer programs); robotics, industrial laser equipment; materials handling equipment; welding apparatus (SIC code 3623); wire-guided vehicles; and other machine tool related equipment.

2. Services

Engineering and architectural services related to Products and to turn-key

contracts that substantially incorporate Products; servicing of Products; and training with respect to the use of Products.

3. Export Trade Facilitation Services (as they relate to the export of Products and Services).

Consulting; international market research; marketing and trade promotion; trade show participation; insurance; legal assistance; transportation; trade documentation and freight forwarding; communication and processing of export orders; warehousing; foreign exchange; financing; and taking title to goods.

4. Technology Rights

Patents, trademarks, service marks, copyrights, trade secrets, know-how, and semiconductor mask works.

Export Markets

The Export Markets include all parts of the world except (a) the United States (the fifty states of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, the Commonwealth of the Northern Mariana Islands, and the Trust Territory of the Pacific Islands) and (b) Canada.

Export Trade Activities and Methods of Operation

1. NMTBA and/or one or more of its Members may:

a. Engage in joint bidding or other joint selling arrangements for Products and Services in Export Markets and allocate sales resulting from such arrangements;

b. Establish export prices for sales of Products and Services by the Members in Export Markets, with each Member being free to deviate from such prices by whatever amount it sees fit;

c. Discuss and reach agreements relating to the interface specifications and engineering requirements demanded by specific potential customers for Products for Export Markets;

d. With respect to Products and Services, refuse to quote prices for, or to market or sell in, Export Markets;

e. Solicit non-member Suppliers to sell their Products and/or Services or offer their Export Trade Facilitation Services through the certified activities of NMTBA and/or its Members;

f. Coordinate with respect to the installation and servicing of Products in Export Markets, including the establishment of joint warranty, service, and training centers in such markets;

g. License associated Technology Rights in conjunction with the sale of

Products, but in all instances the terms of such licenses shall be determined solely by negotiations between the licensor Member and the export customer without coordination with NMTBA or any other Member;

h. Engage in joint promotional activities, such as advertising and trade shows, aimed at developing existing or new Export Markets; and

i. Bring together from time to time groups of Members to plan and discuss how to fulfill the technical Product and Service requirements of specific export customers or particular Export Markets.

2. NMTBA and/or its Members may enter into agreements wherein NMTBA and/or one or more Members agree to act in certain countries or markets as the Members' exclusive or non-exclusive Export Intermediary for Products and/or Services in that country or market. In such agreements, (i) NMTBA or the Member(s) acting as an exclusive Export Intermediary may agree not to represent any other Supplier for sale in the relevant country or market, and (ii) Members may agree that they will export for sale in the relevant country or market only through NMTBA or the Member(s) acting as exclusive Export Intermediary, and that they will not export independently to the relevant country or market, either directly or through any other Export Intermediary. When acting as an Export Intermediary, NMTBA shall make its services available to any Member on non-discriminatory terms.

3. NMTBA and/or its Members may exchange and discuss the following types of information solely about Export Markets:

a. Information (other than information about the costs, output, capacity, inventories, domestic prices, domestic sales, domestic orders, terms of domestic marketing or sale, or United States business plans, strategies or methods) that is already generally available to the trade or public;

b. Information about sales and marketing efforts for Export Markets; activities and opportunities for sales of Products and Services in Export Markets; selling strategies for Export Markets; pricing in Export Markets; projected demands in Export Markets; customary terms of sale in Export Markets; the types of Products available from competitors for sale in particular Export Markets, and the prices for such Products; and customer specifications for Products in Export Markets;

c. Information about the export prices, quality, quantity, source, and delivery dates of Products available from Members for export, provided however that exchanges of information and

discussions as to Product quantity, source, and delivery dates must be on a transaction-by-transaction basis only;

d. Information about terms and conditions of contracts for sales in Export Markets to be considered and/or bid on by NMTBA and its Members;

e. Information about joint bidding, selling, or servicing arrangements for Export Markets and allocation of sales resulting from such arrangements among the Members;

f. Information about expenses specific to exporting to and within Export Markets, including without limitation transportation, intermodal shipments, insurance, inland freight to port, port storage, commissions, export sales, documentation, financing, customs, duties, and taxes;

g. Information about U.S. and foreign legislation and regulation affecting sales in Export Markets; and

h. Information about NMTBA's or its Members' export operations, including without limitation sales and distribution networks established by NMTBA or its Members in Export Markets, and prior export sales by Members (including export price information).

4. NMTBA may provide its Members or other Suppliers the benefit of any Export Trade Facilitation Services to facilitate the export of Products to Export Markets. This may be accomplished by NMTBA itself, or by agreement with Members or other parties.

5. NMTBA and/or its Members may meet to engage in the activities described in paragraphs one through four above.

6. NMTBA and/or its Members may forward to the appropriate individual Member requests for information received from a foreign government or its agent (including private pre-shipment inspection firms) concerning that Member's domestic or export activities (including prices and/or costs), and if such individual Member elects to respond, it shall respond directly to the requesting foreign government or its agent with respect to such information.

Definitions

1. "Export Intermediary" means a person who acts as a distributor, sales representative, sale or marketing agent, or broker, or who performs similar functions, including providing or arranging for the provision of Export Trade Facilitation Services.

2. "Members" means the member companies of NMTBA, subject to the provisions of this paragraph. A list of current NMTBA members is attached hereto as Attachment A and is incorporated herein by reference. New

NMTBA members may be incorporated in this certificate pursuant to the abbreviated amendment procedure described below. An abbreviated amendment shall consist of a written notification to the Department of Commerce and the Department of Justice stating changes in NMTBA membership, identifying all new NMTBA members that desire to become a Member under this certificate pursuant to the abbreviated amendment procedure, and certifying for each new NMTBA member so identified its sales of Products in its prior fiscal year. Notice of new members so identified shall be published in the **Federal Register**. However, NMTBA may withdraw one or more individual members from the application for the abbreviated amendment. If 30 days or more following publication in the **Federal Register**, the Secretary of Commerce, with the concurrence of the Attorney General, determines that the incorporation in the certificate of the new members through the abbreviated amendment procedure is consistent with the standards of the Act, the Secretary of Commerce shall amend the certificate of review to incorporate such new members, effective as of the date on which the application for amendment is deemed submitted. If the Secretary of Commerce does not within 60 days of publication in the **Federal Register** so amend the certificate of review, such amendment must be sought through the nonabbreviated amendment procedure.

3. "Supplier" means a person who produces, provides, or sells a Product, Service, and/or Export Trade Facilitation Services, whether a Member or nonmember.

Terms and Conditions of Certificate

Any agreements, discussions, or exchanges of information under this certificate relating to quantities of Products available for Export Markets shall be in connection only with actual or potential bona fide export transactions and shall be on a transaction-by-transaction basis only.

Participation by a Member in any Export Trade Activity or Method of Operation under this certificate shall be entirely voluntary as to that Member, subject to the honoring of contractual commitments. A Member may withdraw from coverage under this certificate at any time by giving written notice to NMTBA, a copy of which NMTBA shall promptly transmit to the Departments of Commerce and Justice.

A copy of this certificate will be kept in the International Trade Administration's Freedom of
