Federal Crop Insurance Corporation

7 CFR Parts 418, 419, 427, and 429

[Doc. No. 4409S]

Wheat, Barley, Oat, and Rye Crop Insurance Regulations

AGENCY: Federal Crop Insurance Corporation, USDA.

ACTION: Interim rule.

SUMMARY: The Federal Crop Insurance Corporation (FCIC) amends the Wheat, Barley, Oat, and Rye Crop Insurance Regulations (7 CFR Parts 418, 419, 427, and 429, respectively), effective for the 1988 calendar year only, by extending the date for filing contract changes specified in the policies for insuring such crops. The intended effect of this rule is to allow additional time for FCIC to complete its studies of these programs and to amend the contracts for the 1988 crop year. The authority for the promulgation of the rule is contained in the Federal Crop Insurance Act, as amended.

EFFECTIVE DATE: June 22, 1987. Written comments, data, and opinions on this interim rule must be submitted not later than August 21, 1987.

ADDRESS: Written comments on this interim rule should be sent to Peter F. Cole, Office of the Manager, Federal Crop Insurance Corporation, Room 4090, South Building, U.S. Department of Agriculture, Washington, DC 20250.

FOR FURTHER INFORMATION CONTACT: Peter F. Cole, Secretary, Federal Crop Insurance Corporation, U.S. Department of Agriculture, Washington, DC, 20250, telephone (202) 447-3325.

SUPPLEMENTARY INFORMATION: This action has been reviewed under USDA procedures established by Departmental Regulation 1512-1. This action does not constitute a review as to the need, currency, clarity, and effectiveness of these regulations under those procedures. The sunset review date established for these regulations remains unchanged and is made part of each regulation affected.

E. Ray Fosse, Manager, FCIC, (1) has determined that this action is not a major rule as defined by Executive Order 12291 because it will not result in: (a) An annual effect on the economy of $100 million or more; (b) major increases in costs or prices for consumers, individual industries, federal, State, or local governments, or a geographical region; or (c) significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises in domestic or export markets; and (2) certifies that this action will not increase the federal paperwork burden for individuals, small businesses, and other persons.

This action is exempt from the provisions of the Regulatory Flexibility Act; therefore, no Regulatory Flexibility Analysis was prepared.

This program is listed in the Catalog of Federal Domestic Assistance under No. 10.450.

This program is not subject to the provisions of Executive Order 12372 which requires intergovernmental consultation with State and local officials. See the Notice related to 7 CFR Part 3015, Subpart V, published at 48 FR 29115, June 24, 1983.

This action is not expected to have any significant impact on the quality of the human environment, health, and safety. Therefore, neither an Environmental Assessment nor an Environmental Impact Statement is needed.

Section 16 of the policy for each of the crops affected provides that any changes in the contract must be placed on file in the service office by a certain date. The contract consists of the application, the policy, and the actuarial table. Due to the timeframe involved in making changes for each crop insured in each county where such insurance is offered the counties where changes must now be on file by June 30, 1987, must have that date extended to July 30, 1987.

FCIC is reviewing the wheat, barley, oat, and rye crop insurance regulations with a view toward making necessary changes in the policy for insurance based on actuarial soundness. In order to allow time for completion of this review, and filing of the applicable changes in each service office before the first required date for such filing (June 30), FCIC is amending such regulations to extend the time for filing program changes for these crops from June 30 to July 30, effective for the 1988 calendar year only.

E. Ray Fosse, Manager, FCIC, has determined that an emergency situation exists which warrants publication of this rule without providing for a period for public comment before such publication. Without this review, the statutory mandate that the program be actuarially sound could not be met. The timeframe involved in making these changes will not permit filing of such changes by the present contract change date of June 30. There is not sufficient time to provide for public comment and implement these changes prior to June 30. It has been determined that the date by which such changes are required to be placed on file in the service office shall be extended from June 30, 1987 until July 30, 1987, and made effective for the 1988 calendar year only for Wheat, Barley, Oat, and Rye.

The changes for the crops affected by this rule may be beneficial in some instances and detrimental in others. All policyholders should be aware of the changes affecting their individual crop insurance contract and of the additional time provided for FCIC to file such changes.

FCIC is soliciting public comment on this interim rule for 60 days after publication in the **Federal Register**. The rule will be scheduled for review so that any amendment made necessary by public comment may be published in the **Federal Register** as quickly as possible thereafter.

Any comments received pursuant to this rule will be available for public inspection in the Office of the Manager, Room 4090, South Building, U.S. Department of Agriculture, Washington, DC 20250, during regular business hours, Monday through Friday.

Potato Crop Insurance Regulations

AGENCY: Federal Crop Insurance Corporation, USDA.

ACTION: Final rule.

SUMMARY: The Federal Crop Insurance Corporation (FCIC) hereby amends the Potato Crop Insurance Regulations (7 CFR Part 422), effective for the 1987 and succeeding crop years, to change the cancellation, termination for indebtedness, and end of insurance period dates for certain counties in Texas. The intended effect of this rule is to correctly reflect the normal harvest period for such counties and to correct an inequity in the insurance coverage. The authority for the promulgation of this rule is contained in the Federal Crop Insurance Act, as amended.

EFFECTIVE DATE: June 22, 1987.

FOR FURTHER INFORMATION CONTACT: Peter F. Cole, Secretary, Federal Crop Insurance Corporation, U.S. Department of Agriculture, Washington, DC, 20250, telephone (202) 447-3325.

SUPPLEMENTARY INFORMATION: This action has been reviewed under USDA procedures established by Departmental Regulation 1512.1. This action does not constitute a review as to the need, currency, clarity, and effectiveness of these regulations under those procedures. The sunset review date established for these regulations is October 1, 1990.

E. Ray Fosse, Manager, FCIC, (1) has determined that this action is not a major rule as defined by Executive Order 12291 because it will not result in: (a) An annual effect on the economy of $100 million or more; (b) major increases in costs or prices for consumers, individual industries, federal, State, or local governments, or a geographical region; or (c) significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises in domestic or export markets; and (2) certifies that this action will not increase the federal paperwork burden for individuals, small businesses, and other persons.

This action is exempt from the provisions of the Regulatory Flexibility Act; therefore, no Regulatory Flexibility Analysis was prepared.

This program is listed in the Catalog of Federal Domestic Assistance under No. 10.450.

This action is not expected to have any significant impact on the quality of the human environment, health, and safety. Therefore, neither an Environmental Assessment nor an Environmental Impact Statement is needed.

On Tuesday, February 18, 1986, FCIC published a final rule in the **Federal Register** at 51 FR 5689, revising and reissuing the Potato Crop Insurance Regulations (7 CFR Part 422), effective for the 1987 and succeeding crop years. These regulations list the date for the end of the insurance period in Texas as July 15.

On October 9, 1986, the FCIC Board of Directors approved expansion of the potato crop insurance program into certain Texas counties beginning with the 1987 crop year. The July 15 end-of-insurance-period date currently in effect for the State of Texas is approximately three months before the normal harvest period in all but one of these newly approved counties. Insurance protection would therefore not be provided for a significant part of the normal risk period thus necessitating a change in the end-of-insurance date.

FCIC determined that it was also necessary to change the cancellation and termination for indebtedness dates for these counties to coincide with the more important insurance period change.

The Texas counties approved by the Board of Directors, and the dates are as follows:

County	Cancellation/termination	End of insurance period
Knox	2/28/87	8/15/87
Bailey	4/15/87	10/15/87
Castro	do	do.
Dallam	do	do.
