

(b) *Form and content of request for full term retention*—(1) *Forms*. The Copyright Office does not provide printed forms for the use of persons requesting full term retention of copyright deposits.

(2) Requests for full term retention must be made in writing addressed to the Chief, Information and Reference Division of the Copyright Office, and shall (i) be signed by or on behalf of the depositor or copyright owner of record, and (ii) clearly indicate that full term retention is desired.

(3) The request for full term retention must adequately identify the particular copyright deposit to be retained, preferably by including the title used in the registration application, the name of the depositor or copyright owner of record, the publication date, and, if registration was completed earlier, the registration number.

(c) *Conditions under which requests will be granted or denied*—(1) *General*. A request that meets the requirements of subsection (b) will generally be granted if the copyright deposit for which full term retention is requested has been continuously in the custody of the Copyright Office and the Library of Congress has not, by the date of the request, selected the copyright deposit for its collections.

(2) *Time of request*. The request for full term retention of a particular copyright deposit may be made at the time of deposit or at any time thereafter; however, the request will be granted only if at least one copy, phonorecord, or set of identifying material is in the custody of the Copyright Office at the time of the request. Where the request is made concurrent with the initial deposit of the work for registration, the requestor must submit one copy or phonorecord more than the number specified in § 202.20 of 37 CFR for the particular work.

(3) *One deposit retained*. The Copyright Office will retain no more than one copy, phonorecord, or set of identifying material for a given registered work.

(4) *Denial of request for full term retention*. The Copyright Office reserves the right to deny the request for full term retention where:

(i) The excessive size, fragility, or weight of the deposit would, in the sole discretion of the Register of Copyrights, constitute an unreasonable storage burden. The request may nevertheless be granted if, within 60 calendar days of the original denial of the request, the requestor pays the reasonable administrative costs, as fixed in the

particular case by the Register of Copyrights, of preparing acceptable identifying materials for retention in lieu of the actual copyright deposit;

(ii) The Library of Congress has selected for its collections the single copyright deposit, or both, if two copies or phonorecords were deposited; or

(iii) Retention would result in a health or safety hazard, in the sole judgment of the Register of Copyrights. The request may nevertheless be granted if, within 60 calendar days of the original denial of the request, the requestor pays the reasonable administrative costs, as fixed in the particular case by the Register of Copyrights of preparing acceptable identifying materials for retention in lieu of the actual copyright deposit.

(d) *Form of copyright deposit*. If full term retention is granted, the Copyright Office will retain under its control the particular copyright deposit used to make registration for the work. Any deposit made on after September 19, 1978 shall satisfy the requirements of 37 CFR 202.20 and 202.21.

(e) *Fee for full term retention*. (1) Pursuant to section 708(a)(11) of title 17 of the United States Code, the Register of Copyrights has fixed the fee for full term retention at \$135.00 for each copyright deposit granted full term retention.

(2) A check or money order in the amount of \$135.00 payable to the Register of Copyrights, must be received in the Copyright Office within 60 calendar days from the date of mailing of the Copyright Office's notification to the requestor that full term retention has been granted for a particular copyright deposit.

(3) The Copyright Office will issue a receipt acknowledging payment of the fee and identifying the copyright deposit for which full term retention has been granted.

(f) *Selection by Library of Congress*—

(1) *General*. All published copyright deposits are available for selection by the Library of Congress until the Copyright Office has formally granted a request for full term retention. Unless the requestor has deposited the additional copy or phonorecord specified by paragraph (c)(2) of this section, the Copyright Office will not process a request for full term retention submitted concurrent with a copyright registration application and deposit, until the Library of Congress has had a reasonable amount of time to make its selection determination.

(2) A request for full term retention made at the time of deposit of a published work does not affect the right of the Library to select one or both of the copyright deposits.

(3) If one copyright deposit is selected, the second deposit, if any, will be used for full term retention.

(4) If both copyright deposits are selected, or, in the case where the single deposit made is selected, full term retention will be granted only if the additional copy or phonorecord specified by paragraph (c)(2) was deposited.

(g) *Termination of full term storage*. Full term storage will cease 75 years after the date of publication of the work identified by the copyright deposit retained, and the copyright deposit will be disposed of in accordance with section 704, paragraphs (b) through (d), of title 17 of the United States Code.

Date: July 15, 1987.

Ralph Oman,
Register of Copyrights.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Care Financing Administration

42 CFR Parts 405, 409 and 442

[BERC-258-CN]

Medicare and Medicaid Programs; Benefit Period Determinations, Drug Regimen Reviews and Other Technical Changes

AGENCY: Health Care Financing Administration (HCFA), HHS.

ACTION: Correction notice.

SUMMARY: Federal Register document 87-13449, beginning on page 22638 of the issue of Monday, June 15, 1987 specified conditions for the Medicare and Medicaid programs; Benefit Period Determinations, Drug Regimen Reviews and Other Technical Changes. This document corrects errors in the June 15 publication.

FOR FURTHER INFORMATION CONTACT: Betty Burrier (301) 594-9773.

Corrections

1. On Page 22645, in column 1, the bold faced heading halfway down the column, "PART 409-MEDICARE BENEFITS, LIMITATIONS, AND EXCLUSIONS" is changed to "PART 409-HOSPITAL INSURANCE BENEFITS".

2. On the same page, in column 2, line 7, subparagraph identifier "(F)" is changed to "(i)".

3. On the same page, in column 3, each reference to "42 CFR Part 405, Subpart G" is changed to "Part 405, Subpart G of this chapter", and the reference on line 4 to "42 CFR Part 431, Subpart E" is changed to "Part 431, Subpart E of this Chapter".

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

43 CFR Part 3450

[Circular No. 2600; AA-660-87-4121-02]

Management of Existing Leases; Amendment of Inaccurate Cross-Reference

AGENCY: Bureau of Land Management, Interior.

ACTION: Final rulemaking.

SUMMARY: This final rulemaking amends 43 CFR Part 3450 regarding existing solid mineral leases to correct an inaccurate cross-reference.

ADDRESS: Any inquiries or suggestions should be sent to: Director (660), Bureau of Land Management, Room 3411 Main Interior Building, 1800 C Street, NW., Washington, DC 20240.

EFFECTIVE DATE: August 4, 1987.

FOR FURTHER INFORMATION CONTACT: Allen B. Agnew (202) 343-7722.

SUPPLEMENTARY INFORMATION: On March 4, 1985 (50 FR 8627), in a Bureau of Land Management (BLM) final rulemaking, the Department of the Interior amended 43 CFR Parts 3400, 3410, 3420, 3430, 3450, 3460, and 3470, including 43 CFR 3451.2(e), by removing all references in those parts to 30 CFR Part 211 and replacing them with references to 43 CFR Part 3480, to conform with an earlier redesignation of

Minerals Management Service regulations as regulations of BLM. This rulemaking, however, contained an erroneous cross-reference in § 3451.2(e). The rulemaking of March 4, 1985, should have specifically amended 43 CFR 3451.2(e) by replacing "30 CFR Part 211" with "30 CFR 218.200" instead of "Part 3480 of this title."

The Department of the Interior has determined that because this rulemaking is a nonsubstantive, administrative action, merely correcting across-reference, it is not a major rule for purposes of E.O. 12291, and neither an environmental impact analysis nor a regulatory flexibility analysis is required. Furthermore, for the same reason, notice and public comment are unnecessary, and there is no requirement that the regulation be made effective 30 days after publication.

The principal author of this proposed rulemaking is Allen B. Agnew of the Division of Solid Mineral Operations, Bureau of Land Management, assisted by the staff of the Division of Legislation and Regulatory Management.

This rule does not contain information collection requirements which require approval by the Office of Management and Budget under 44 U.S.C. 3501 et seq.

BILLING CODE 4310-84-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Family Support Administration

45 CFR Part 233

Coverage and Condition of Eligibility in Financial Assistance Programs

AGENCY: Family Support Administration (FSA), HHS.

ACTION: Final rule; correction.

SUMMARY: This document corrects a technical error in final regulations published in the *Federal Register* on March 18, 1986 (51 FR 9191-9207) to promote fiscal savings, reduce the paperwork burden and increase State flexibility in the administration of the Aid to Families with Dependent Children (AFDC) program under title IV-A, and the adult categories under titles I, X, XIV or XVI (AABD) of the Social Security Act.

EFFECTIVE DATE: March 18, 1986.

FOR FURTHER INFORMATION CONTACT: Mark Ragan, (202) 245-3290.

SUPPLEMENTARY INFORMATION: The regulation at 45 CFR 233.90(a)(1) and published March 18, 1986 (51 FR 9206, first column), contained a technical error. In revising paragraph (a)(1) in 45 CFR 233.90, the incorrect placement of the asterisks resulted in the omission of a portion of the regulatory language. By publication of this correction document, the omitted language is hereby reinstated in the regulation.

(Catalog of Federal Domestic Assistance Programs No. 13.808, Public Assistance Maintenance (State Aid)).

Dated: July 29, 1987.

James F. Trickett,

Deputy Assistant Secretary for Administrative and Management Services.

Accordingly, § 233.90 is amended to correct paragraph (a)(1) to read as follows:

§ 233.90 Factors specific to AFDC.

(a) *State plan requirements.* A State plan under title IV-A of the Social Security Act shall provide that:

(1) The determination whether a child has been deprived of parental support or care by reason of the death, continued absence from the home, or physical or mental incapacity of a parent, or (if the State plan includes such cases) the unemployment of his or her parent who is the principal earner will be made only in relation to the child's natural or adoptive parent, or in relation to the child's stepparent who is married, under State law, to the child's natural or adoptive parent and is legally obligated

to support the child under State law of general applicability which requires stepparents to support stepchildren to the same extent that natural or adoptive parents are required to support their children. Under this requirement, the inclusion in the family, or the presence in the home, of a "substitute parent" or "man-in-the-house" or any individual other than one described in this paragraph is not an acceptable basis for a finding of ineligibility or for assuming the availability of income by the State; and

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 80

[PR Docket No. 84-477; FCC 87-234]

Maritime Service; Amendment of the Rules to Permit the use of Maritime Radar Transponders and Radio Beacons; Action on Petition for Limited Reconsideration

AGENCY: Federal Communications Commission.

ACTION: Final rule; petition for limited reconsideration granted.

SUMMARY: The attached Memorandum Opinion and Order changes the maximum range error and antenna polarization directivity for marine radar transponders. This action is taken in response to a Petition for Limited Reconsideration filed by Tideland Signal Corporation (Tideland).

EFFECTIVE DATE: September 3, 1987.

FOR FURTHER INFORMATION CONTACT: William P. Berges, Private Radio Bureau, Washington, DC 20554, (202) 632-7175.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Memorandum Opinion and Order, adopted July 6, 1987 and released July 20, 1987. The full text of this Commission decision and the rule amendment is available for inspection and copying during normal business hours in the FCC Docket Branch (Room 230), 1919 M Street, NW., Washington, DC. The full text of this decision and the rule amendment may also be purchased from the Commission's contractor, International Transcription Services, Inc., (202) 857-3800, 2100 M Street, NW., Suite 140, Washington, DC 20037.

Summary of Memorandum Opinion and Order

1. On January 5, 1987, the FCC adopted a Report and Order in PR Docket No. 84-477 (52 FR 7417) amending Parts 2 and 80 of the rules to permit the operation of radar transponders and radio beacons in the marine services. In response to a Petition for Limited Reconsideration from Tideland the FCC changed the maximum range error of certain marine radar transponders from 75 to 100 meters and the polarization directivity of their antenna from both horizontal and vertical to either horizontal or both horizontal and vertical.

2. Pursuant to the Regulatory Flexibility Act of 1980, 5 U.S.C. 605, it is certified that the adopted rule will not have a significant economic impact on a substantial number of small entities. The changes herein will have a minor beneficial effect on the marine community by permitting the use of radar transponders with more relaxed operating requirements. No new equipment will be required by any station. These changes allow greater flexibility and will not cause significant economic impact on any entity.

3. The rules contained herein have been analyzed with respect to the Paperwork Reduction Act of 1980 and found to contain no new or modified form, information, collection and/or record keeping, labeling, disclosure, or record retention requirements; and will not increase or decrease burden hours imposed on the public.

A copy of this Memorandum Opinion and Order will be served on the Chief Counsel for Advocacy of the Small Business Administration.

5. Accordingly, *it is ordered*, That under the authority contained in sections 4(i) and 303(r) of the Communications Act of 1934, as amended, 47 U.S.C.154(i) and 303(r), Part 80 of the FCC rules is amended as shown below.

It is further ordered, that this proceeding *is terminated*.

William J. Tricarico,
Secretary.

Appendix

Part 80 of Chapter I of Title 47 of the Code of Federal Regulations is amended as follows:

PART 80—STATIONS IN THE MARITIME SERVICES

1. The authority citation for Part 80 continues to read as follows:

Authority: Secs. 4, 303, 48 Stat. 1066, 1082, as amended; 47 U.S.C. 154, 303, unless otherwise noted. Interpret or apply 48 Stat. 1064-1068, 1081-1105, as amended; 47 U.S.C. 151-155, 301-609; 3 UST 3450, 3 UST 4726, 12 UST 2377, unless otherwise noted.

2. In §80.213 paragraphs (h), (i)(1)(i) and (i)(1)(vii) are changed to read as follows:

§ 80.213 Modulation requirements.

* * * * *

(h) Radar transponder coast stations using the 2920-3100 MHz or 9320-9500 MHz band must operate in a variable frequency mode and respond on their operating frequencies with a maximum error equivalent to 100 meters. Additionally, their response must be encoded with a Morse character starting with a dash. The duration of a Morse dot is defined as equal to the width of a space and 1/3 of the width of a Morse dash. The duration of the response code must not exceed 50 microseconds. The sensitivity of the stations must be adjustable so that received signals below -10 dBm at the antenna will not activate the transponder. Antenna polarization must be horizontal when operating in the 9320-9500 MHz band and either horizontal or both horizontal and vertical when operating in the 2920-3100 MHz band. Racons using frequency agile transmitting techniques must include circuitry designed to reduce interference caused by triggering from radar antenna sidelobes.

(i) * * *
(1) Non-selectable transponders must have the following characteristics:

(i) They must respond on all their frequencies with a maximum range error equivalent to 100 meters;

* * * * *

(vii) Antenna polarization must be horizontal when operating in the 9320-9500 MHz band and either horizontal or both horizontal and vertical when operating in the 2920-3100 MHz band.
