### Social Security Administration

#### Finding Regarding Foreign Social Insurance or Pension System; Suriname

**AGENCY:** Social Security Administration, HHS.

**ACTION:** Notice of finding regarding Foreign Social Insurance or Pension System—Suriname.

**FINDING:** Section 202(t)(1) of the Social Security Act (42 U.S.C. 402(t)(1)) prohibits payment of monthly benefits to any individual who is not a United States citizen or national for any month after he or she has been outside the United States for 6 consecutive months. This prohibition does not apply to such an individual where one of the exceptions described in section 202(t)(2) through 202(t)(5) of the Social Security

Act (42 U.S.C. 402(t)(2) through 402(t)(5)) affects his or her case.

Section 202(t)(2) of the Social Security Act provides that, subject to certain residency requirements of section 202(t)(11), the prohibition against payment shall not apply to any individual who is a citizen of a country which the Secretary of Health and Human Services finds has in effect a social insurance or pension system which is of general application in such country and which:

(A) Pays periodic benefits, or the actuarial equivalent thereof, on account of old age, retirement, or death; and  
(B) Permits individuals who are United States citizens but not citizens of that country and who qualify for such benefits to receive those benefits, or the actuarial equivalent thereof, while outside the foreign country regardless of the duration of the absence.

The Secretary of Health and Human Services has delegated the authority to make such a finding to the Commissioner of Social Security. The Commissioner has redelegated that authority to the Director of the Office of International Policy. Under that authority, the Director of the Office of International Policy has approved a finding that Suriname, beginning July 1, 1973, has a pension system of general application in effect which pays periodic benefits, or the actuarial equivalent thereof, on account of old age, retirement, or death, but that under this pension system, citizens of the United States who are not citizens of Suriname and who leave Suriname, are not permitted to receive such benefits, or their actuarial equivalent, at the full rate without qualification or restriction while outside that country.

Accordingly, it is hereby determined and found that Suriname has in effect, beginning July 1, 1973, a pension system which meets the requirements of section 202(t)(2)(A) of the Social Security Act (42 U.S.C. 402(t)(2)(A)), but not the requirements of section 202(t)(2)(B) of the Act (42 U.S.C. 402(t)(2)(B)).

This finding also affects the application of subparagraphs (A) and (B) of section 202(t)(4) of the Social Security Act (42 U.S.C. 402(t)(4)(A) and (B)). That section provides that, subject to certain residency requirements of section 202(t)(11), section 202(t)(1) shall not be applicable to benefits payable on the earnings record of an individual who has 40 quarters of coverage under Social Security or who has resided in the United States for a period or periods aggregating 10 years or more. However, the provisions of subparagraphs (A) and (B) of section 202(t)(4) shall not apply to an individual who is a citizen of a

foreign country that has in effect a social insurance or pension system which is of general application in such country and which satisfies the provisions of subparagraph (A) of section 402(t)(2) but not the provisions of subparagraph (B) of section 202(t)(2).

By virtue of the finding with respect to section 202(t)(2) herein, the provisions of subparagraph (A) and (B) of section 202(t)(4) do not apply to citizens of Suriname beginning July 1, 1973.

**Moratorium on Importation of Raw and Worked Ivory From CITES Nonparty Producing and Intermediary Countries**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice.

**SUMMARY:** The African Elephant Conservation Act, Title II of the Endangered Species Act Amendments of 1988 directs the Secretary of the Interior to establish a moratorium on the import of raw and worked African elephant ivory from any ivory producing or intermediary country immediately upon making a determination that the producing or intermediary country is not a party to the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES). This notice announces a moratorium on the importation of raw and worked ivory from all producing and intermediary countries that are not parties to CITES.

**DATES:** The effective date of the moratoria established by this notice is December 27, 1988.

**FOR FURTHER INFORMATION CONTACT:** Marshall P. Jones, Chief, Office of Management Authority, U.S. Fish and Wildlife Service, P.O. Box 27329, Washington, DC 20038-7329, (202) 343-4968.

**SUPPLEMENTARY INFORMATION:** On October 7, 1988, the President signed into law the African Elephant Conservation Act ("Act"), the purpose of which is to "perpetuate healthy populations of African elephants" (Pub. L. 100-478, 102 Stat. 2306, 16 U.S.C. 4201-4245). Part II of the Act, 16 U.S.C. 4221-4225, instructs the Secretary of the Interior to impose a moratorium on the import of raw and worked ivory from an ivory producing country if the Secretary finds that it is not a party to the Convention on International Trade in Endangered Species of Wild Fauna and Flora (TIAS 8249), hereinafter referred to as CITES. Further, the Secretary must

impose a moratorium on the importation of raw and worked ivory from an intermediary country if the Secretary finds that it is not a Party to CITES.

Section 2305 of the Act, 16 U.S.C. 4244, defines the following terms: "Raw ivory" means any African elephant tusk and any piece thereof, the surface of which, polished or unpolished, is unaltered or minimally carved;

"Ivory producing country" means any African country within which is located any part of the range of a population of African elephants; "Intermediary country" means a country that exports raw or worked ivory that does not originate in that country.

However, legally taken sport-hunted trophies taken in nonparty ivory producing countries that have submitted a CITES ivory quota (indicated by an asterisk in the list of nonparty countries below) are not subject to this moratorium.

#### Determination of Nonparty Status

#### Bureau of Reclamation

##### AB Lateral Hydropower Facility, Uncompahgre Hydropower Project, Colorado

AGENCY: Bureau of Reclamation (USBR).

ACTION: Notice of intent to prepare a draft environmental impact statement.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act (NEPA) of 1969 (as amended), the Bureau of Reclamation (Reclamation) intends to prepare a Draft Environmental Impact Statement (DEIS) for the AB Lateral Hydropower Facility, Uncompahgre Hydropower Project, Colorado. The primary purpose of the facility would be to generate power without adversely affecting the operation of the Uncompahgre Project irrigation works.

#### FOR FURTHER INFORMATION CONTACT:

Mr. Gordon Lind, Bureau of Reclamation, Upper Colorado Region, Federal Building, 125 South State Street, P.O. Box 11588, Salt Lake City, Utah 84147, telephone (801) 524-5463.

#### SUPPLEMENTARY INFORMATION:

The AB Lateral Hydropower Facility would be funded, built, and operated by the Uncompahgre Valley Water Users Association and the Montrose Partners. These organizations plan to construct the facility using, in part, existing features of the Uncompahgre Project, a Reclamation irrigation project. They are seeking a contract with Reclamation, which would permit use of Uncompahgre Project features.

The facility would be located in Montrose County in west-central Colorado. The proposed project would use the existing Gunnison Diversion Dam and Gunnison Tunnel to divert water year round from the Gunnison River for the purpose of generating hydroelectric power.

Reclamation would serve as the lead Federal agency responsible for NEPA compliance on the proposed project. The DEIS will address alternative penstock and powerplant locations, as well as alternative operational plans. A no-action alternative will also be presented.

Environmental scoping meetings on the facility were held in Denver and Montrose, Colorado, in October 1987. An environmental assessment was released to the public, government agencies, and others in May 1988. Based on the assessment and on comments received, Reclamation determined that an environmental impact statement should be prepared.

No further formal scoping activities are planned. Interested public entities and individuals may obtain information on the project and provide input to the DEIS. The DEIS is expected to be completed and available for review and comment in the spring of 1989.

Date: December 16, 1988.
