

Rules and Regulations

Federal Register

Vol. 53, No. 58

Friday, March 25, 1988

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each week.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

7 CFR Part 910

[Lemon Regulation 606]

Lemons Grown in California and Arizona; Limitation of Handling

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: Regulation 606 establishes the quantity of fresh California-Arizona lemons that may be shipped to market at 315,000 cartons during the period March 27 through April 2, 1988. Such action is needed to balance the supply of fresh lemons with market demand for the period specified, due to the marketing situation confronting the lemon industry.

DATES: Regulation 606 (§ 910.906) is effective for the period March 27 through April 2, 1988.

FOR FURTHER INFORMATION CONTACT: Raymond C. Martin, Section Head, Volume Control Programs, Marketing Order Administration Branch, F&V, AMS, USDA, Room 2523, South Building, P.O. Box 96456, Washington, DC 20090-6456; telephone: (202) 447-5697.

SUPPLEMENTARY INFORMATION: This final rule has been reviewed under Executive Order 12291 and Departmental Regulation 1512-1 and has been determined to be a "non-major" rule under criteria contained therein.

Pursuant to requirements set forth in the Regulatory Flexibility Act (RFA), the Administrator of the Agricultural Marketing Service has determined that this action will not have a significant economic impact on a substantial number of small entities.

The purpose of the RFA is to fit regulatory action to the scale of business subject to such actions in order that small businesses will not be unduly

or disproportionately burdened. Marketing orders issued pursuant to the Agricultural Marketing Agreement Act, and rules issued thereunder, are unique in that they are brought about through group action of essentially small entities acting on their own behalf. Thus, both statutes have small entity orientation and compatibility.

This regulation is issued under Marketing Order No. 910, as amended (7 CFR Part 910) regulating the handling of lemons grown in California and Arizona. The order is effective under the Agricultural Marketing Agreement Act (the "Act," 7 U.S.C. 601-674), as amended. This action is based upon the recommendation and information submitted by the Lemon Administrative Committee and upon other available information. It is found that this action will tend to effectuate the declared policy of the Act.

This regulation is consistent with the marketing policy for 1987-88. The committee met publicly on March 22, 1988, in Los Angeles, California, to consider the current and prospective conditions of supply and demand and recommended, by a 12-1 vote, a quantity of lemons deemed advisable to be handled during the specified week. The committee reports that the market for lemons is good.

Pursuant to 5 U.S.C. 553, it is further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice and engage in further public procedure with respect to this action and that good cause exists for not postponing the effective date of this action until 30 days after publication in the **Federal Register** because of insufficient time between the date when information became available upon which this regulation is based and the effective date necessary to effectuate the declared purposes of the Act. Interested persons were given an opportunity to submit information and views on the regulation at an open meeting. It is necessary, in order to effectuate the declared purposes of the Act, to make these regulatory provisions effective as specified, and handlers have been apprised of such provisions and the effective time.

List of Subjects in 7 CFR Part 910

Marketing agreements and orders, California, Arizona, Lemons.

For the reasons set forth in the preamble, 7 CFR Part 910 is amended as follows:

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

1. The authority citation for 7 CFR Part 910 continues to read as follows:

Authority: Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674.

2. Section 910.906 is revised to read as follows:

Note.—This section will not appear in the Code of Federal Regulations.

§ 910.906 Lemon Regulation 606

The quantity of lemons grown in California and Arizona which may be handled during the period March 27, 1988, through April 2, 1988, is established at 315,000 cartons.

Dated: March 23, 1988.

Charles R. Brader,

Director, Fruit and Vegetable Division,
Agricultural Marketing Service.

BILLING CODE 3410-02-M

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

14 CFR Part 1216

Environmental Quality

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Final rule.

SUMMARY: NASA is amending 14 CFR Part 1216, "Environmental Quality," by revising NASA organizational titles and making certain technical corrections throughout this regulation. Subpart 1216.1 establishes NASA policy on environmental quality and control and the responsibilities of NASA officials in carrying out these policies; Subpart 1216.2 prescribes procedures for floodplain and wetlands management; and Subpart 1216.3 sets forth NASA procedures for implementing provisions of the National Environmental Policy Act (NEPA).

EFFECTIVE DATE: March 25, 1988.

ADDRESS: Facilities Management Office, Code NX, National Aeronautics and Space Administration, Washington, DC 20546.

FOR FURTHER INFORMATION CONTACT:
G. Ted Ankrum, (202) 453-1965.

SUPPLEMENTARY INFORMATION: NASA organizational titles and changes in technical designations are being corrected in the following sections: 1216.103, 1216.202, 1216.204, 1216.205, 1216.301, 1216.302, 1216.303, 1216.304, 1216.305, 1216.306, 1216.308, 1216.309, 1216.310, 1216.311, 1216.313, 1216.315, 1216.316, 1216.318, 1216.319, 1216.320, and 1216.321. Since these changes are internal and administrative in nature and do not affect the existing regulations, notice and public comment are not required.

The National Aeronautics and Space Administration has determined that:

1. This rule is not subject to the requirements of the Regulatory Flexibility Act, 5 U.S.C. 601-612, since it will not exert a significant economic impact on a substantial number of entities.

2. This rule is not a major rule as defined in Executive Order 12291.

List of Subjects in 14 CFR Part 1216

Environmental impact statements, Floodplains, Wetlands.

For reasons set out in the Preamble, 14 CFR Part 1216 is amended as follows:

PART 1216—ENVIRONMENTAL QUALITY

1. The authority citation for 14 CFR Part 1216 following the table of contents is removed.

Subparts 1216.1 and 1216.3—[Amended]

2. The authority citation for 14 CFR Part 1216 Subparts 1216.1 and 1216.3 is added to read as follows:

Authority: The National Aeronautics and Space Act of 1958, as amended (42 U.S.C. 2451 *et seq.*); the National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*); the Environmental Quality Improvement Act of 1970, as amended (42 U.S.C. 4371 *et seq.*); sec. 309 the Clean Air Act, as amended (42 U.S.C. 7609); E.O. 11514 (Mar. 5, 1970, as amended by E.O. 11991, May 24, 1977); the Council on Environmental Quality NEPA Regulations (40 CFR Part 1500-1508); and E.O. 12114, Jan. 4, 1979 (44 FR 1957).

Subparts 1216.2—[Amended]

2. The authority citation for 14 CFR Part 1216 Subpart 1216.2 is added to read as follows:

Authority: E.O. 11988 and E.O. 11990, as amended; 42 U.S.C. 2473(c)(1).

3. Section 1216.103 is amended by revising the introductory text of paragraph (a), and paragraph (b)(2) and (3), and (c)(2) to read as follows:

§ 1216.103 Responsibilities of NASA officials.

(a) The Associate Administrator for Management or designee shall: * * *

(b) * * *
(2) Coordinating environmental quality-related activities under their cognizance with the Associate Administrator for Management; and

(3) Supporting and assisting the Associate Administrator for Management on request.

(c) * * *

(2) In coordination with the Associate Administrator for Management, making available to other parties, both governmental and nongovernmental, advice and information useful in protecting and enhancing the quality of the environment.

* * *

4. Section 1216.202 is revised to read as follows:

§ 1216.202 Responsibility of NASA officials.

(a) Directors of Field Installations and, as appropriate, the Associate Administrator for Management at NASA Headquarters, are responsible for implementing the requirements and procedures prescribed in § 1216.204 and § 1216.205.

(b) The Assistant Associate Administrator for Facilities Management, NASA Headquarters, is responsible for overall coordination of floodplain and wetlands management activities, and for conducting periodic on-site reviews of each installation's floodplain and wetlands management activities to assure compliance with the Executive Orders.

5. Section 1216.204(a), (e)(2) and (f) are revised to read as follows:

§ 1216.204 General implementation requirements.

(a) Each NASA field installation shall prepare, if not already available, an installation base floodplain map based on the latest information and advice of the appropriate District Engineer, Corps of Engineers, or, as appropriate, the Director of the Federal Emergency Management Agency. The map shall delineate the limits of both the 100-year and 500-year floodplains. A copy of the map, approved by the Field Installation Director, will be provided to the Assistant Associate Administrator for Facilities Management, NASA Headquarters, by February 28, 1979. The map will conform to the definitions and requirements specified in the Floodplain Management Guidelines for Implementing Executive Order 11988.

* * *

(e) * * *

(2) Submit evidence of the successful completion of this consultation to the Assistant Associate Administrator for Facilities Management, NASA Headquarters, prior to the start of project construction.

(f) If NASA property used or visited by the general public is located in an identified flood hazard area, the installation shall provide on structures, in this area and other places where appropriate (such as where roads enter the flood hazard area), conspicuous delineation of the 100-year and 500-year flood levels, flood of record, and probable flood height in order to enhance public awareness of flood hazards. In addition, field installations shall review their storm control and disaster plans to assure that adequate provision is made to warn and evacuate the general public as well as employees. These plans will include the integration of adequate warning time into such plans. The results of this review shall be submitted to the Assistant Associate Administrator for Facilities Management, NASA Headquarters, by February 28, 1979.

* * *

6. Section 1216.205 is amended by revising paragraph (b)(9) to read as follows:

§ 1216.205 Procedures for evaluating NASA actions impacting floodplains and wetlands.

* * *

(b) * * *

(9) In accordance with § 1216.202(b), the Assistant Associate Administrator for Facilities Management, NASA Headquarters, will conduct periodic on-site reviews to assure that the action is carried out in accordance with the stated findings and plans for the proposed action, in compliance with the Executive Orders.

7. Section 1216.301 is amended by revising paragraph (b) to read as follows:

§ 1216.301 Applicability.

* * *

(b) The procedures established by this subpart apply to all NASA actions which may have an impact on the quality of the environment. These actions may fall within any of the four NASA budget categories: Research and Development (R&D), Construction of Facilities (CoF), Research and Program Management (R&PM), and Space Flight Control and Data Communications (SFCDC), or, if not involving budget authority or other congressional approval, may be separate from the categories.

8. Section 1216.302 is amended by revising paragraph (a) introductory text and adding paragraphs (a)(4) and (f) as follows:

§ 1216.302 Definition of key terms.

(a) *Budget line items.* The individual items in the annual NASA authorization legislation which are used here to classify the range of NASA actions. The four main budget line items are:

(4) *Space Flight, Control and Data Communications (SFCDC).* Has similar scope to R&D but covers activities which are primarily of a production and operational nature related to space flight. The content includes the national fleet of Space Shuttle orbiters, including main engines, launch site and mission operations, initial spares, production tooling and supporting activities, launch operations and tracking and data acquisition.

(f) *SFCDC project.* R&D type projects authorized under the SFCDC budget line item.

9. Section 1216.303 is amended by revising the introductory text of paragraph (a) and paragraph (c) to read as follows:

§ 1216.303 Responsibilities of NASA officials.

(a) The Associate Administrator for Management or designee, who is responsible for developing the procedures of this subpart and for ensuring that environmental factors are properly considered in all NASA planning and decisionmaking, shall:

(c) The Assistant Administrator for Congressional Relations Office is responsible for ensuring the legislative environmental impact statements accompany NASA recommendations or reports on proposals for legislation submitted to Congress. The Associate Administrator for Management, the NASA Comptroller, and the General Counsel will provide guidance as required.

10. Section 1216.304 is amended by revising the introductory text and paragraphs (a)(1) and (b)(1) as follows:

§ 1216.304 Major decision points.

The possible environmental effects of a proposed action must be considered, along with technical, economic, and other factors, in the earliest planning. At that stage, the responsible Headquarters official shall begin the necessary steps to comply with all the requirements of section 102(2) of the National Environmental Policy Act of 1969. Major

NASA activities, particularly R&D (or SFCDC) and facility projects, generally have four distinct phases: The conceptual study phase; the detailed planning/definition phase; the development/construction phase; and the operation phase. (Other NASA activities have fewer, less well-defined phases, but can still be characterized by phases representing general or feasibility study, detailed planning or definition, and implementation.) Environmental documentation shall be linked to major decision points as follows:

(a) * * *

(1) Proposal of an R&D (or SFCDC) project for detailed planning and project definition;

(b) * * *

(1) Proposal of an R&D (or SFCDC) project for development/construction;

11. Section 1216.305 is amended by revising paragraphs (d)(1), (d)(4), and (d)(5) as follows:

§ 1216.305 Criteria for actions requiring environmental assessments.

(d) * * *

(1) R&D (or SFCDC) activities in space science (e.g., Physics and Astronomy Research and Analysis, Planetary Exploration Mission Operations and Data Analysis) other than specific spacecraft development and flight projects.

(4) R&D (or SFCDC) activities in space transportation systems engineering and scientific and technical support operations, routine transportation operations, and advanced studies.

(5) R&D (or SFCDC) activities in space tracking and data systems.

12. Section 1216.306 is amended by revising paragraphs (a), (b), and (c) to read as follows:

§ 1216.306 Preparation of environmental assessments.

(a) For each NASA action meeting the criteria of 40 CFR 1216.305(b) and for other actions as required, the responsible Headquarters official shall prepare an environmental assessment (40 CFR 1501.3 and 1508.9 of the CEQ Regulations) and, on the basis of that assessment, determine if an EIS is required; except where action meeting the criteria is strictly of a local nature under the purview of the Field Installation Director.

(b) If the determination is that no environmental impact statement is

required, the Headquarters official or Field Installation Director, shall, in coordination with the Associate Administrator for Management, prepare a "Finding of No Significant Impact." (See 40 CFR 1508.13 of the CEQ Regulations.) The "Finding of No Significant Impact" shall be made available to the affected public through direct distribution and publication in the **Federal Register**, or coordinated with the State Single Point of Contact pursuant to E.O. 12372, as amended, "Intergovernmental Review of Federal Programs," as appropriate.

(c) If the determination is that an environmental impact statement is required, the Headquarters official shall proceed with the "notice of intent to prepare an EIS" (see 40 CFR 1508.22 of the CEQ Regulations). The Headquarters official shall transmit this notice to the Associate Administrator for Management for review and subsequent publication in the **Federal Register** (see 40 CFR 1507.3(e) of the CEQ Regulations). The Headquarters official shall then apply procedures set forth in 40 CFR 1216.307 to determine the scope of the EIS and proceed to prepare and release the environmental statement in accordance with the CEQ Regulations and the procedures of this subpart.

13. Section 1216.308 is amended by revising paragraphs (a) and (b) to read as follows:

§ 1216.308 Preparation of draft statement.

(a) The responsible Headquarters official shall prepare the draft environmental impact statement in the manner provided in 40 CFR Part 1502 of the CEQ Regulations and shall submit the draft statement and any attachments to the Associate Administrator for Management for NASA review prior to any formal review outside NASA. This submission shall be accompanied by a list of Federal, State, and local officials (40 CFR Part 1503 of the CEQ Regulations) and a list of other interested parties (40 CFR 1506.6 of the CEQ Regulations) from whom comments should be requested.

(b) After the NASA review is completed, the Associate Administrator for Management shall submit the approved draft statement to the Environmental Protection Agency (EPA), Office of Federal Activities, and shall seek the views of appropriate agencies and individuals in accordance with 40 CFR Part 1503 and § 1506.6 of the CEQ Regulations.

14. Section 1216.309 is revised to read as follows:

§ 1216.309 Public involvement.

(a) Interested persons can get information on NASA environmental impact statements and other aspects of NASA's NEPA process by contacting the Assistant Associate Administrator for Facilities Management, Code NX, NASA Headquarters, Washington, DC 20546, 202-453-1965. Pertinent information regarding any aspect of the NEPA process may also be mailed to the above address.

(b) Responsible Headquarters officials and NASA Field Installation Directors shall identify those persons, community organizations, and environmental interest groups who may be interested or affected by the proposed NASA action and who should be involved in the NEPA process. They shall submit a list of such persons and organizations to the Associate Administrator for Management at the same time they submit:

- (1) A recommendation regarding a "Finding of No Significant Impact,"
- (2) A "Notice of Intent to Prepare an EIS,"
- (3) A recommendation for public hearings,
- (4) A preliminary draft EIS,
- (5) A preliminary final EIS,
- (6) Other preliminary environmental documents (14 CFR 1216.321(d)).

(c) The Associate Administrator for Management may modify such lists referred to in paragraph (b) of this section as appropriate to ensure that NASA shall comply, to the fullest extent practicable, with 40 CFR 1506.6 of the CEQ Regulations and § 2-4(d) of Executive Order 12114.

(d) The decision whether to hold public hearings shall be made by the Associate Administrator for Management in consultation with the General Counsel.

15. Section 1216.310 is amended by revising paragraph (a) to read as follows:

§ 1216.310 Preparation of final statements.

(a) After conclusion of the review process with other Federal, State, and local agencies and the public, the responsible Headquarters official shall consider all suggestions, revise the statement as appropriate, and forward the proposed final statement to the Associate Administrator for Management. The Associate Administrator for Management shall submit the approved final statement to the EPA Office of Federal Activities, to all parties who commented, and to other interested parties in accordance with CEQ Regulations.

16. Section 1216.311 is revised to read as follows:

§ 1216.311 Record of the decision.

At the time of the decision on the proposed action, the originating Headquarters official shall consult with the Associate Administrator for Management and prepare a concise public record of the decision. (See 40 CFR 1505.2 of the CEQ Regulations.)

17. Section 1216.313 is amended by revising paragraph (b) and designating the text following paragraph (b) as paragraph (c) and revising it to read as follows:

§ 1216.313 Implementing and monitoring the decision.

(b) The responsible Headquarters official shall, as necessary, conduct the required monitoring and shall provide periodic reports as required by the Associate Administrator for Management.

(c) If the monitoring activity indicates that resulting environmental effects differ from those described in the current documents, the Headquarters official shall reassess the environmental impact and consult with the Associate Administrator for Management to determine the need for additional mitigation measures and whether to prepare a supplement to the EIS (see 40 CFR 1502.9 of the CEQ Regulations).

18. Sections 1216.315 and 1216.316 are revised to read as follows:

§ 1216.315 Processing legislative environmental impact statements.

(a) Preparation of a legislative environmental impact statement shall conform to the requirements of 40 CFR 1506.8 of the CEQ Regulations. The responsible Headquarters official, in coordination with the Associate Administrator for Management, shall identify those NASA recommendations or reports on legislation that would require preparation of environmental impact statements in accordance with criteria set forth in 14 CFR 1216.305.

(b) For the purposes of this provision, "legislation" not only excludes requests for appropriations (40 CFR 1508.17 of the CEQ Regulations), but also excludes the annual authorization bill submitted to the Congress.

§ 1216.316 Cooperating with other agencies and individuals.

(a) The Associate Administrator for Management, in coordination with the Associate Administrator for External Relations, shall ensure that NASA officials have an opportunity to cooperate with other agencies and individuals. He/she shall keep abreast

of the activities of Federal, state, and local agencies, particularly activities in which NASA has expertise or jurisdiction by law (see 40 CFR 1508.15 of the CEQ Regulations). He/she shall inform the responsible Headquarters official of the need for cooperation as necessary.

(b) At the request of the Associate Administrator for Management, Headquarters officials shall initiate discussions with another Federal agency concerning those activities which may be the subject of that agency's EIS on which NASA proposes to comment.

(c) At the request of the Associate Administrator for Management, the responsible Headquarters official shall, in the interest of eliminating duplication, prepare joint analyses, assessments, and statements with state and local agencies. These joint environmental documents shall conform with the requirements of these procedures and overall NASA policy.

(d) Because of the uniqueness of the NASA's aerospace activities, it is unlikely that NASA will have the opportunity to "adopt" environmental statements prepared by other agencies (40 CFR 1506.3 of the CEQ Regulations). However, should the responsible NASA official wish to adopt a Federal draft or final environmental impact statement or portion thereof, he/she shall consult with the Associate Administrator for Management to determine whether that statement meets NASA requirements.

(e) From time to time, there may be disagreements between NASA and other Federal agencies regarding which agency has primary responsibility to prepare an environmental impact statement in which both parties are involved. The Headquarters official with primary responsibility for the activity in question shall consult with the Associate Administrator for Management to resolve such questions in accordance with 40 CFR 1501.5 of the CEQ Regulations.

(f) Responsibility for the environmental analyses and any necessary environmental assessments and environmental impact statements required by permits, leases, easements, etc., proposed for issuance to non-Federal applicants rests with the Headquarters official responsible for granting of that permit, lease, easement, etc. The responsible Headquarters official shall consult with the Associate Administrator for Management for advice on the type of environmental information needed from the applicant and on the extent of the applicant's participation in the necessary

environmental studies and their documentation.

19. Sections 1216.318 and 1216.319 are revised and the undesignated center heading is republished to read as follows:

§ 1216.318 Deviations.

From time to time there will arise good and valid reasons for a deviation from these procedures. These procedures are not intended to be a substitute for sound professional judgment. Accordingly, if and as problems arise which justify a deviation, the proposed deviation and supporting rationale shall be forwarded to the Associate Administrator for Management. Unless such documentation is received, it will be assumed that each planning and decisionmaking action is in accordance with these procedures.

Other Requirements

§ 1216.319 Environmental resources document.

Each Field Installation Director shall ensure that there exists an environmental resources document which describes the current environment at that field installation, including current information on the effects of NASA operations on the local environment. This document shall include information on the same environmental effects as included in an environmental impact statement (see 14 CFR 1216.307). This document shall be coordinated with the Associate Administrator for Management and shall be published in an appropriate NASA report category for use as a reference document in preparing other environmental documents (e.g., environmental impact statements for proposed actions to be located at the NASA field installation in question). The Director of each NASA field installation shall ensure that existing resource documents are reviewed and updated, if necessary, by December 31, 1980, and at appropriate intervals thereafter.

20. Section 1216.320 is amended by revising paragraphs (a)(3) and (b) as follows:

§ 1216.320 Environmental review and consultation requirements

(a) * * *

(3) Executive Order 11988 (Floodplains Management) and Executive Order 11990 (Wetlands), as amended, and implemented by 14 CFR Subpart 1216.2—*Floodplains and Wetlands Management*, prescribe procedures to avoid adverse impacts associated with the occupancy and

modification of floodplains and wetlands and require identification and evaluation of actions which are proposed for location in or which may affect a floodplain or wetland. A comparative evaluation of such actions shall be discussed in draft environmental impact statements and transmitted to appropriate State Single Point of Contact for comments.

(b) Other environmental review and consultation requirements peculiar to NASA, if any, may be identified in the NASA environmental impact implementation handbook.

21. Section 1216.321 is amended by revising paragraphs (a)(3) and (5), (c), (d), (e), and (f) to read as follows:

§ 1216.321 Environmental effects abroad of major Federal actions.

(a) * * *

(3) The export of products or facilities producing products (or emission/effluents) which in the United States are prohibited or strictly regulated because their effects on the environment create a serious public health risk. The Associate Administrator for Management will provide additional guidance regarding the types of chemical, physical, and biological agents involved.

* * * * *

(5) Potential environmental effects on natural and ecological resources of global importance and which the President in the future may designate (or which the Secretary of State designates pursuant to international treaty). A list of any such designations will be available from the Associate Administrator for Management.

* * * * *

(c) If the Headquarters official determines that the action will not have a significant environmental effect abroad, he/she shall prepare a memorandum for the record which states the reasoning behind such a determination. A copy of the memorandum shall be forwarded to the Associate Administrator for Management. Note that these procedures do not allow for categorical exclusions (E.O. 12114, section 2-5(d)).

(d) If the Headquarters official determines that an action may have a significant environmental effect abroad, he/she shall consult with the Associate Administrator for Management and the Director, International Relations Division. The Associate Administrator for Management, in coordination with the Director, International Relations Division, shall (as specified in E.O. 12114) make a determination whether the subject action requires:

(1) An environmental impact statement,

(2) Bilateral or multilateral environmental studies, or

(3) Concise reviews of environmental issues.

(e) When informed of the determination of the Associate Administrator for Management, the Headquarters official shall proceed to take the necessary actions in accordance with these implementing procedures.

(f) The Associate Administrator for Management shall, in coordination with the Associate Administrator for External Relations, determine when an affected nation shall be informed regarding the availability of documents referred to in paragraph (d) of this section and coordinate with the Department of State all NASA communications with foreign governments concerning environmental matters as related to E.O. 12114.

James C. Fletcher,

Administrator.

March 16, 1988.

BILLING CODE 7510-01-M

SECURITIES AND EXCHANGE COMMISSION

17 CFR Part 200

[Release Nos. 33-6761; 34-25484; 35-24603; 39-2151; IC-16322; IA-1109]

Approved Information Collections; Current OMB Expiration Dates

AGENCY: Securities and Exchange Commission.

ACTION: Final rule.

SUMMARY: The Commission is amending Subpart N of Part 200 relating to collection requirements under the Paperwork Reduction Act to reflect current OMB expiration dates for approved information collections.

EFFECTIVE DATE: March 25, 1988.

FOR FURTHER INFORMATION CONTACT: Kenneth A. Fogash, Deputy Executive Director, SEC, 450 Fifth Street, NW., Washington, DC 20549 (202) 272-2142.

SUPPLEMENTARY INFORMATION: The Commission will amend Subpart N periodically to reflect current information.

The Commission finds that this amendment, concerning the display of the control numbers and expiration dates assigned to information collection requirements of the Commission by the Office of Management and Budget
