

requests on or before April 25, 1988 to Charles W. Lee, Jr., Executive Secretary, ERISA Advisory Council, U.S. Department of Labor, Room N-5677, 200 Constitution Avenue NW., Washington, DC 20210. Oral presentations will be limited to ten minutes, but witnesses may submit an extended statement for the record.

Organizations or individuals may also submit statements for the record without testifying. Twenty (20) copies of such statements should be sent to the Executive Secretary of the Advisory Council at the above address. Papers will be accepted and included in the record of the meeting if received on or before April 25, 1988.

David M. Walker,

Assistant Secretary, Pension and Welfare Benefits Administration.

Signed at Washington, DC, this 5th day of April, 1988.

BILLING CODE 4510-29-M

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

Federal Council on the Arts and the Humanities; Arts and Artifacts Indemnity Panel Advisory Committee; Meeting

Pursuant to the provisions of the Federal Advisory Committee Act (Pub. L. 92-463 as amended) notice is hereby given that a meeting of the Arts and Artifacts Indemnity Panel of the Federal Council on the Arts and the Humanities will be held at 1100 Pennsylvania Avenue NW., Washington, DC 20506, in Room 730, from 9:00 a.m. to 5:30 p.m. on May 3, 1988.

The purpose of the meeting is to review applications for Certificates of Indemnity submitted to the Federal Council on the Arts and the Humanities for exhibitions beginning after July 1988.

Because the proposed meeting will consider financial and commercial data and because it is important to keep values of objects, methods of transportation and security measures confidential, pursuant to the authority granted me by the Chairman's Delegation of Authority to Close Advisory Committee Meetings, dated April 16, 1978, I have determined that the meeting would fall within exemptions (4) and (9) of U.S.C. 552(b) and that it is essential to close the meetings to protect the free exchange of views and to avoid interference with the operations of the committee.

It is suggested that those desiring more specific information contact the Advisory Committee Management

Officer, Stephen J. McCleary, 1100 Pennsylvania Avenue NW., Washington, DC 20506, or call 202/786-0322.

Stephen J. McCleary,

Advisory Committee Management Officer.

BILLING CODE 7537-01-M

Music Advisory Panel; Meeting

Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), as amended, notice is hereby given that a meeting of the Music Advisory Panel (Jazz Fellowships Section) to the National Council on the Arts will be held on April 27-28, 1988 from 9:00 a.m.-7:00 p.m., and on April 29, 1988 from 10:00 a.m.-6:00 p.m. in room 730 of the Nancy Hanks Center, 1100 Pennsylvania Avenue NW., Washington, DC 20506.

A portion of this meeting will be open to the public on April 29, 1988, from 1:00 p.m.-3:00 p.m. for a general program overview and guidelines discussion.

The remaining sessions of this meeting on April 27-28, 1988 from 9:00 a.m.-7:00 p.m., and on April 29, 1988 from 10:00 a.m.-1:00 p.m. and from 3:00 p.m.-6:00 p.m. are for the purpose of Panel review, discussion, evaluation and recommendation on applications for financial assistance under the National Foundation on the Arts and the Humanities Act of 1965, as amended, including information given in confidence to the agency by grant applicants. In accordance with the determination by the Chairman published in the **Federal Register** of February 13, 1980, these sessions will be closed to the public pursuant to subsection (c) (4), (6) and (9)(b) of section 552b of Title 5, United States Code.

If you need special accommodations due to a disability, please contact the Office for Special Constituencies, National Endowment for the Arts, 1100 Pennsylvania Avenue NW., Washington, DC 20506, 202/682-5532, TTY 202/682-5496 at least seven (7) days prior to the meeting.

Further information with reference to this meeting can be obtained from Ms. Yvonne M. Sabine, Advisory Committee Management Officer, National Endowment for the Arts, Washington, DC 20506, or call 202/682-5433.

Martha Y. Jones,

Program Specialist, Council and Panel Operations, National Endowment for the Arts.

BILLING CODE 7537-01-M

NUCLEAR REGULATORY COMMISSION

Commonwealth Edison Co.; Environmental Assessment and Finding of No Significant Impact

[Docket Nos. 50-295 and 50-304]

The U.S. Nuclear Regulatory Commission (the Commission) is considering issuance of amendments to Facility Operating License Nos. DPR-39 and DPR-48 issued to Commonwealth Edison Company, (the licensee), for operation of the Zion Nuclear Power Station, Units 1 and 2, located in Lake County, Illinois.

Environmental Assessment

Identification of Proposed Action

The proposed amendments would clarify and upgrade the Technical Specifications for measuring the leakage through pressure isolation valves in the Zion Nuclear Power Station Units 1 and 2.

The proposed action is in accordance with the licensee's application for amendment dated November 13, 1987 and modified March 4, 1988.

The Need for the Proposed Action

The proposed change to the TS is required in order to clarify and upgrade procedures for measuring the leakage through pressure isolation valves.

Environmental Impacts of the Proposed Action

The Commission had completed its evaluation of the proposed revision to Technical Specification (TS), and has concluded that the proposed changes to the Technical Specifications provide reasonable assurance that the facility can be operated safely. The proposed changes do not increase the probability or consequences of accidents, no changes are being made in the types of any effluent that may be released offsite, and there is no significant increase in the allowable individual or cumulative occupational radiation exposure. Accordingly, the Commission concludes that this proposed action would result in no significant radiological environmental impact.

With regard to potential nonradiological impacts, the proposed change to the TS involves systems located within the restricted area as defined in 10 CFR Part 20. It does not affect nonradiological plant effluents and has no other environmental impact. Therefore, the Commission concludes that there are no significant nonradiological environmental impacts

associated with the proposed amendments.

The Notice of Consideration of Issuance of Amendment and Opportunity for Hearing in connection with this action was published in the *Federal Register* on December 16, 1987 (52 FR 47807). No request for hearing or petition for leave to intervene was filed following this notice.

Alternative to the Proposed Actions

Since the Commission has concluded that there are no significant effects that would result from the proposed action, any alternatives with equal or greater environmental impacts need not be evaluated.

The principal alternative would be to deny the requested amendment. This would not reduce environmental impacts of plant operation and would result in reduced operational flexibility.

Alternative Use of Resources

This action does not involve the use of any resources not previously considered in the Final Environmental Statement for the Zion Nuclear Power Station, Units 1 and 2, dated December 1972.

Agencies and Persons Consulted

The NRC staff reviewed the licensee's request and did not consult other agencies or persons.

Finding of No Significant Impact

The Commission has determined not to prepare an environmental impact statement for the proposed license amendment.

Based upon this Environmental Assessment, we conclude that the proposed action will not have a significant effect on the quality of the human environment.

For further details with respect to this action, see the request for amendments dated November 13, 1987 as supplemented March 4, 1988 which are available for public inspection at the Commission's Public Document Room 1717 H Street NW., Washington, DC 20555; and at the Waukegan Public Library, 128 N. County Street, Waukegan, Illinois 60085.

Dated at Rockville, Maryland this 1st day of April 1988.

For the Nuclear Regulatory Commission.
Daniel R. Muller,

Director, Project Directorate III-2, Division of Reactor Projects—III, IV, V and Special Projects.

[FR Doc. 88-7834 Filed 4-8-88; 8:45 am]

BILLING CODE 7590-01-M

[Docket No. 50-266 and 50-301]

Wisconsin Electric Power Co.; Environmental Assessment and Finding of No Significant Impact

The U.S. Nuclear Regulatory Commission (the Commission) is considering issuance of exemptions from the requirements of 10 CFR Part 50, Appendix R, Section III.G.3.b, to Wisconsin Electric Power Company (the licensee) for the Point Beach Nuclear Plant, Units 1 and 2, located at the licensee's site in Manitowoc County, Wisconsin. The exemptions were requested by the licensee in a letter dated June 11, 1986, as supplemented by letter dated October 10, 1986.

Environmental Assessment

Identification of Proposed Action

10 CFR Part 50, Appendix R, Section III.G.3.b, requires a fixed fire suppression system for areas containing redundant trains of safe shutdown cables. Implementation of TMI-related modifications at Point Beach included the rerouting of several of the safe shutdown instrument cables from the monitor tank area through the Component Cooling Water Heat Exchanger and Boric Acid Tank Room (Fire Zone 237) and the Computer and Instrument Rack Room (Fire Zone 336) to the Control Room. As a result of these modifications, the Component Cooling Water Heat Exchanger and Boric Acid Tank Room, and the Computer and Instrument Rack Room are not in compliance with Section III.G.3.b of Appendix R.

The Need for the Proposed Action

The proposed exemptions are needed to permit the licensee to operate the plant without being in violation of the Commission's requirements.

Environmental Impact of the Proposed Action

The proposed exemptions are from the specific requirement of Appendix R, Section III.G.3.b to have a fixed suppression system for areas containing redundant trains of safe shutdown cables. In its June 11, 1986 application, the licensee stated that alternate shutdown capability, independent of the fire zones for which the exemptions are proposed, will be provided. In the unlikely event of fire in these fire zones, and damage to the redundant instrument cables, alternate shutdown capability is provided. There are no changes in plant operation or effluents or ability to shut down the plants to be considered with the proposed exemptions. Therefore, in consideration of the above, the

exemption does not involve a significant environmental impact.

Alternative to Proposed Action

Because the staff has concluded that there is no significant impact associated with the proposed exemptions, any alternative to the exemption will have either no environmental impact or greater environmental impact.

The installation of fixed fire suppression systems would result in additional costs to the licensee without adding any benefits already available by the independent shutdown capability.

Agencies and Persons Consulted

The staff reviewed the licensee's request and has not consulted other agencies or persons.

Finding of No Significant Impact

The Commission has determined not to prepare an environmental impact statement for the proposed action.

Based upon this environmental assessment, we conclude that the proposed action will not have a significant effect on the quality of the human environment.

For further details with respect to this action see the licensee's application dated June 11, 1986, as supplemented on October 10, 1986, which is available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, DC, and at the Joseph P. Mann Library, 1516 Sixteenth Street, Two Rivers, Wisconsin.

Dated at Rockville, Maryland this 4th day of April 1988.

For the Nuclear Regulatory Commission.

Kenneth E. Perkins,

Director, Project Directorate III-3, Division of Reactor Projects—III, IV, V and Special Projects.

BILLING CODE 7590-01-M

Naturally Occurring and Accelerator-Produced Radioactive Materials—1987 Review (NUREG-1310); Availability

The U.S. Nuclear Regulatory Commission (NRC) has published a report entitled, "Naturally Occurring and Accelerator-Produced Radioactive Materials—1987 Review, NUREG-1310." From time to time, the issue as to whether the NRC should seek legislative authority to regulate naturally occurring and accelerator-produced radioactive materials (NARM) is raised. Because NARM exists in the environment, in homes, in workplaces, in medical institutions, and in consumer products,

the issue of Federal controls over NARM is very old and very complex. NUREG-1310 presents a review of NARM sources and uses as well as incidents and problems associated with those materials. A review of previous congressional and Federal agency actions on radiation protection matters, in general, and on NARM, in particular, is provided to develop an understanding of existing Federal regulatory activity in ionizing radiation and in control of NARM. In addition, State controls over NARM are reviewed. Eight questions are examined in terms of whether the NRC should seek legislative authority to regulate NARM. The assessment of these questions serves as the basis for developing and evaluating five options. The evaluation of those options leads to two recommendations.

Copies of NUREG-1310 may be purchased from the Superintendent of Documents, U.S. Government Printing Office, P.O. Box 37082, Washington, DC 20013-7082. Copies are also available from the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161. A copy is also available for inspection and/or copying for a fee in the NRC Public Document Room, 1717 H Street NW., Washington, DC.

Dated at Washington, DC, this 4th day of April 1988.

For the Nuclear Regulatory Commission.

Robert M. Bernero,

Deputy Director, Office of Nuclear Material Safety and Safeguards.

BILLING CODE 7590-01-M

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Reestablishment of an Investment Policy Advisory Committee

The U.S. Trade Representative has taken steps to reestablish an Investment Policy Advisory Committee. This Committee will be chartered pursuant to section 135(c)(2) of the Trade Act of 1974 (19 U.S.C. 2155(c)(2)), as amended; the Federal Advisory Committee Act (5 U.S.C. App. 1); section 4(b) of Executive Order No. 11846, March 27, 1985; and Executive Order No. 12188. The charter of this Committee will be filed 15 days from the date of this notice.

The Investment Policy Advisory Committee is being reestablished to provide the United States Trade Representative with policy advice and information regarding direct investment to the extent it relates to international trade, including the following areas: operations of multinational enterprises,

and multilateral and bilateral agreements on international investment, direct investment by Americans abroad and issues of direct foreign investment in the United States.

The Committee will meet approximately three or four times per year, depending on the needs of the U.S. Trade Representative. The U.S. Trade Representative or his designee will convene meetings of the Committee.

Members of the Committee shall be appointed by, and serve at the discretion of the U.S. Trade Representative. Individuals wishing further information or to be considered for appointment to serve on the Committee should contact: The United States Trade Representative, Office of Private Sector Liaison, 600 17th Street NW., Washington, DC 20506, (202) 395-6120.

Barbara W. North,

Director, Office of Private Sector Liaison.

[FR Doc. 88-7823 Filed 4-8-88; 8:45 am]

BILLING CODE 3190-01-M

Reestablishment of an Intergovernmental Policy Advisory Committee

The U.S. Trade Representative has taken steps to reestablish an Intergovernmental Policy Advisory Committee on Trade. This Committee will be chartered pursuant to section 9(a)(2) of the Federal Advisory Committee Act (5 U.S.C. App. 9(a)(2)). The charter of this Committee will be filed 15 days from the date of this notice.

The Committee will advise, consult with, and make recommendations to the U.S. Trade Representative and relevant Cabinet agencies on policy issues including, but not limited to, statutes and/or regulations enacted or promulgated by state and local governments that may affect U.S. trade policy objectives, as well as statutes, regulations, and other acts promulgated or enacted by the federal government that may affect the relationship between international trade and state and local governments.

The Committee will meet approximately three or four times per year, depending on the needs of the U.S. Trade Representative. The U.S. Trade Representative or his designee will convene meetings of the Committee.

Members of the Committee shall be appointed by, and serve at the discretion of the U.S. Trade Representative. Representatives from the private sector wishing further information or to be considered for appointment to serve on the Committee should contact: The United States Trade

Representative, Office of Private Sector Liaison, 600 17th Street NW., Washington, DC 20506, (202) 395-6120.

Barbara W. North,

Director, Office of Private Sector Liaison.

BILLING CODE 3190-01-M

PEACE CORPS

Agency Information Collection Activities Under OMB Review

AGENCY: Peace Corps.

ACTION: Notice of submission of public use form review request to the Office of Management and Budget.

SUMMARY: Pursuant to the Paperwork Reduction Act of 1981 (44 U.S.C. Chapter 35), the Peace Corps has submitted to the Office of Management and Budget, a request to approve the use of the Medical History and Examination Forms through June 1, 1991. All applicants for service in the Peace Corps must undergo physical and dental examinations prior to service. The results of these examinations are used to ensure that the applicants will, with reasonable accommodation, be able to serve in Peace Corps without jeopardizing their health. The Peace Corps Office of Medical Services (M/MS) is responsible for the collection and review of applicant medical information.

Information about the forms:

Agency Address: Peace Corps, 806 Connecticut Avenue, NW., Washington, DC 20526.

Title: Medical History and Examination Forms.

Request: Approval of Use.

Frequency of Collection: One time per respondent.

General Description of Respondent: All individuals who are nominated and/or invited for Peace Corps Service and their physicians.

Estimated Number of Responses: 15,540 per year.

Estimated Hours for Respondents to Furnish Information: Thirty (30) minutes for Medical Examination Section and fifteen (15) minutes for Medical History Section.

Respondents' Obligation to Reply: Required for entrance into the Peace Corps Comments: Comments on this form request should be directed to Francine Picoult, Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503.

A copy of the form may be obtained from Karl Pulley, Office of Medical Services, Peace Corps, 806 Connecticut
