Health Resources and Services Administration

Acquired Immunodeficiency Syndrome (AIDS); Regional Education and Training Centers Program; Availability of Funds

AGENCY: Health Resources and Services Administration, Public Health Service, DHHS.

ACTION: Notice of availability of funds.

SUMMARY: The Bureau of Maternal and Child Health and Resources Development (BMCHRD), Health Resources and Services Administration (HRSA), announces that Fiscal Year (FY) 1988 funds are available for training grants to develop two AIDS regional Education and Training Centers (ETCs). These centers will provide training for health care personnel in the care of people with Acquired Immunodeficiency Syndrome (AIDS) and other conditions related to infection with the Human Immunodeficiency Virus (HIV). The goal of the training is to prepare community primary care providers to be able to counsel, diagnose, and manage such patients and to prepare selected trainees to act as instructors in their local areas. The centers will operate in collaboration with health professions schools, community hospitals, local health departments, and other organizations involved in the provision of care to people with HIV related conditions.

DATE: To receive consideration, applications must be received by the close of business July 25, 1988, by the Grants Management Officer at the address below.

Applications shall be considered as meeting the deadline if they are either (1) received on or before the deadline date; or (2) postmarked on or before the deadline date and received in time for submission to the review committee. A legibly dated receipt from a commercial carrier or U.S. Postal Service will be accepted in lieu of a postmark. Private metered postmarks will not be acceptable as proof of timely mailing. Applications which do not meet the deadline will be considered late applications and will be returned to the applicant.

FOR FURTHER INFORMATION CONTACT: Requests for technical or programmatic information should be directed to Mrs. June Horner, Chief, Education and Training Centers Branch, Room 9-12, 5600 Fishers Lane, Rockville, Maryland 20857, 301 443-6745. Training grant applications (PHS form #6025-1, approved under OMB number 0915-0060) and additional information regarding business, administrative and fiscal issues related to the awarding of grants under this notice may be requested from Ms. Glenna Wilcom, Grants Management Officer, Bureau of Maternal and Child Health and Resources Development, Parklawn Building, Room 9-13, 5600 Fishers Lane, Rockville, Maryland 20857, 301 443-6745.

SUPPLEMENTARY INFORMATION: Program Objectives

The purpose of the training grant program is to support the development of regional ETCs for the health provider community. The program objectives for each center are to: (1) Provide (in collaboration with health professions schools, local hospitals, health departments, and other health related organizations) education and training to primary health care providers in the treatment and prevention of HIV infection; (2) provide updates of new and timely information about HIV infection to primary and secondary health care providers; and (3) serve as the support system for area health professionals through such means as AIDS hotlines, clearinghouses, and referral activities.

Availability of Funds

Funds were appropriated for this purpose by Pub. L. 100-202. Approximately \$1.6 million remains available in Fiscal Year (FY) 1988 for competitive grants. The project period will be for 3 years. This requires submission of a budget for each of the 3 years. Funds will be awarded in FY 1988 for the first year. Funds for the next 2 years are subject to the availability of future appropriations.

Service Areas

Applications will be accepted for the development of two ETCs. Each ETC will serve the health care providers of a specific service area. These two service areas are:

1. The area comprising the States of Texas and Oklahoma.
2. The area comprising the States of Pennsylvania and New York (excluding New York City and Long Island). New York City for this purpose is defined as the boroughs of Manhattan, Brooklyn, Queens, Staten Island and the Bronx. Long Island is defined as Nassau and Suffolk Counties.

Service areas are being specified in this notice to ensure that ETCs are developed for areas of the country not currently within an existing ETC service area.

Eligible Applicants

All public and private entities, non-profit and for-profit within the two service areas stated above, are eligible to apply. Eligible entities may include, but are not limited to, schools in academic health science centers; professional associations; consortia of health care and community organizations; e.g., Area Health Education Centers (AHECs); public or private hospitals and local health

departments which could develop coordinated AIDS regional education and training programs.

Review Criteria

Applications for training grants will be reviewed and rated according to the applicant's ability to meet the program objectives. Specific criteria will be included in the application package. Preference will be given to applicants who propose a strategy for including a broad variety of health professions disciplines, i.e., physicians, dentists, physician assistants, social workers, psychologists, counselors, nurse practitioners, nurses, etc., both in the program development process, and in the proposed composition of trainee groups.

The ability of health departments, hospitals, and other health care providers and institutions to assure confidentiality of patient information is critical to efforts to see that HIV infected persons receive adequate health care. Therefore, every reasonable effort should be made by the ETC to provide for confidentiality of the patients and patients' records for the portion of the training which is clinical in nature.

Technical Assistance (T.A.) Workshops

ETC program staff will be available at a Technical Assistance (T.A.) Workshop to respond to any questions potential applicants may have. The T.A. workshop will be held in Rockville, Maryland. The exact location, date and time of the workshop will be provided to potential applicants in their program application package.

Allowable Costs

A successful applicant under this notice must spend funds it receives according to the approved application and budget; the authorizing legislation; terms and conditions of the award; the regulations of the Department and the PHS applicable to grants; the cost principles specified in 45 CFR Part 74, Subpart Q; the applicable Office of Management and Budget (OMB) circular for non-profit grantees; and for for-profit commercial organizations, cost will be determined in accordance with 48 CFR Chapter 1, Subpart 31.2 for organizations other than hospitals. Indirect costs for training grants other than those awarded to State or local government agencies shall be reimbursed at 8 percent of total allowable direct costs exclusive of tuition and related fees and expenditures for equipment, or at the actual indirect cost rate, whichever results in a lesser dollar amount. State

and local government agencies shall receive reimbursement at their full indirect cost rates.

Other Award Information

A successful applicant under this notice will submit reports in accordance with the provisions of the general regulations which apply under 45 CFR Part 74, Subpart J, Monitoring and Reporting of Program Performance.

Executive Order 12372

The ETC Program has been determined to be a program which is subject to the provisions of Executive Order 12372 concerning intergovernmental review of Federal programs, as implemented by 45 CFR Part 100. Executive Order 12372 allows States the option of setting up a system for reviewing applications from within their States assistance under certain Federal programs. The application package under this notice will contain a listing of States which have chosen to set up such a review and will provide a point of contact in the States for the review. Applicants should promptly contact their State Single Point of Contact (SPOC) and follow their instructions prior to the submission of an application. The SPOC has 60 days after the application deadline date to submit its review comments.

The OMB Catalog of Federal Domestic Assistance number is 13.145.

Date: April 27, 1988.
