D. Special flight permits may be issued in accordance with FAR 21.197 and 21.199 to operate airplanes to a base for the accomplishment of inspections and/or modifications required by this AD.

All persons affected by this directive who have not already received the appropriate service documents from the manufacturer may obtain copies upon request to SAAB-Scania AB, S-581 88, Linkoping, Sweden. These documents may be examined at the FAA, Northwest Mountain Region, 17900 Pacific Highway South, Seattle, Washington, or at the Seattle Aircraft Certification Office, 9010 East Marginal Way South, Seattle, Washington.

This amendment becomes effective May 16, 1989.

Issued in Seattle, Washington, on April 6, 1989.

Darrell M. Pederson,

Acting Manager, Transport Airplane Directorate, Aircraft Certification Service.

14 CFR Part 71

[Airspace Docket No. 89-AWA-8]

Alteration of the Detroit Terminal Control Area; Michigan

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This rule alters the description of the Detroit Terminal Control Area (TCA). A portion of the Detroit TCA is described by using the Willow Run very high frequency omni-directional radio range (VOR). The Willow Run VOR has been decommissioned and that portion of the TCA, which was defined by the Willow Run VOR, is now defined by using latitude and longitude coordinates.

EFFECTIVE DATE: 0901 u.t.c., June 1, 1989.

FOR FURTHER INFORMATION CONTACT: Jesse B. Bogan, Jr, Airspace Branch (ATO-240), Airspace-Rules and Aeronautical Information Division, Air Traffic Operations Service, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267-9253.

The Rule

This amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) describes the boundaries of Area A and Area B of the Detroit TCA by using latitude and longitude coordinates when practical. The boundaries of the areas are described by using the Willow Run VOR which has been decommissioned. Therefore, the boundaries of Area A and Area B are to be described by using latitude and longitude coordinates. In Areas C and D, changes have been made to show the correct radial off the Windsor VOR. Since this amendment will change the descriptions of the areas and not the design, I find that notice and public procedure under 5 U.S.C. 553(b) are unnecessary because this action is a minor technical amendment in which the public would not be particularly interested. Section 71.403 of Part 71 of the Federal Aviation Regulations was republished in Handbook 7400.6E dated January 3, 1989.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a "major rule" under Executive Order 12291; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Aviation safety, Terminal control areas.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me, Part 71 of the Federal Aviation Regulations (14 CFR Part 71) is amended, as follows:

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE AND REPORTING POINTS

1. The authority citation for Part 71 continues to read as follows:

Authority: 49 U.S.C. 1348(a), 1354(a), 1510; Executive Order 10854; 49 U.S.C. 106(g) (Revised Pub. L. 97-449, January 12, 1983); 14 CFR 11.69.

§ 71.403 [Amended]

2. Section 71.403 is amended as follows:

Detroit, MI [Amended]

By removing the present description of Area A and substituting the following:

Area A. That airspace extending upward from the surface to and including 8,000 feet MSL within the lateral limits of the airspace beginning at lat. 42°17'10"N., long. 83°27'14"W.; thence northeast on a 047° bearing until intercepting the 7-mile DME arc of the Detroit Instrument Landing System (I-DTW) at lat. 42°20'59"N., long. 83°21'42"W.; thence clockwise along the I-DTW 7-mile DME arc until intercepting the Detroit Willow Run Airport Control Zone at lat. 42°10'15"N., long. 83°28'53"W.; thence counterclockwise along the Detroit Willow Run Airport Control Zone to the point of origin.

By removing the present description of Area B and substituting the following:

Area B. That airspace from 2,500 feet MSL to and including 8,000 feet MSL within the lateral limits fo the airspace beginning at the intersection of the I-DTW 7-mile DME arc at lat. 42°20'59"N., long. 83°21'42"W.; thence northeast on a 047° bearing until intercepting the I-DTW 8-mile DME arc at lat. 42°21'59"N., long. 83°19'57"W.; thence clockwise along the I-DTW 8-mile DME arc until lat. 42°13'54"N., long. 83°10'08"W.; thence eastbound on a 090° bearing until the United States shoreline, southbound along the United States shoreline to lat. 42°10'55"N., long. 83°09'25"W.; thence on a 214° bearing until intercepting the I-DTW 11-mile DME arc; thence clockwise along the I-DTW 11-mile DME arc until lat. 42°07'11"N., long. 83°32'30"W.; thence northeast on a 047° bearing to the point where the I-DTW 7-mile DME arc intercepts the Detroit Willow Run Airport Control Zone at lat. 42°10'15"N., long. 83°28'53"W.; thence counterclockwise along the I-DTW 7-mile DME arc to the point of origin.

In Area C, wherever "VOR 220°" appears change to "VOR 221°".

In Area D, by removing the words "Windsor VOR 220°" and substituting the words "Windsor VOR 221°".

Issued in Washington, DC, on April 7, 1989.

Harold W. Becker,

Manager, Airspace—Rules and Aeronautical Information Division.

BILLING CODE 4910-13-M

COMMODITY FUTURES TRADING COMMISSION

17 CFR Part 4

Statement of the Commodity Futures Trading Commission Regarding Disclosure by Commodity Pool Operators of Past Performance Records and Pool Expenses

AGENCY: Commodity Futures Trading Commission.

ACTION: Extension of comment period.

SUMMARY: On February 6, 1989, the Commodity Futures Trading Commission ("Commission") published in the **Federal Register** an interpretive statement regarding the disclosure requirements pertaining to commodity

pool operators ("CPOs"). (54 FR 5597 (February 6, 1989).) The Commission requested comment on matters related to the presentation of prior performance data by CPOs and commodity trading advisors ("CTAs") and the presentation of the fees, commissions and expenses incurred by pools, and on any other issues relating to Part 4 disclosure requirements. The interpretive statement provided a period for public comment which ended April 7, 1989.

The Commission has been requested by several potential commentators to extend the comment period for the interpretive statement. Such additional time has been requested in order to allow the associations representing CPOs and CTAs to receive and analyze the comments of their memberships and present them to the Commission. The Commission believes that a thirty-day extension period is appropriate to enhance the opportunity for interested parties to comment on the issues raised in the release.

DATE: All comments on the Commission's interpretive statement concerning Part 4 disclosure requirements (54 FR 5597 (February 6, 1989)) must be received by May 5, 1989.

ADDRESS: Comments should be sent to the Office of the Secretariat, Commodity Futures Trading Commission, 2033 K Street, NW., Washington, DC 20581.

FOR FURTHER INFORMATION CONTACT: Tobey W. Kaczensky, Associate Director, Division of Trading and Markets, Commodity Futures Trading Commission, 2033 K Street, NW., Washington, DC 20581. Telephone (202) 254-8955.

Issued in Washington, this 13th day of April, 1989.

Lynn K. Gilbert,

Deputy Secretary to the Commission.

BILLING CODE 6351-01-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

21 CFR Part 175

[Docket No. 88F-0177]

Indirect Food Additives; Adhesives and Components of Coatings

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The Food and Drug Administration (FDA) is amending the food additive regulations to provide for the safe use of polypropylene glycol dibenzoate and propylene glycol dibenzoate as components of adhesives in contact with food. This action is in response to two petitions filed by the Velsicol Chemical Corp.

DATES: Effective April 19, 1989; written objections and requests for a hearing by May 19, 1989.

ADDRESS: Written objections may be sent to the Dockets Management Branch (HFA-305), Food and Drug Administration, Rm. 4-62, 5600 Fishers Lane, Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT: Richard H. White, Center for Food Safety and Applied Nutrition (HFF-335), Food and Drug Administration, 200 C St. SW., Washington, DC 20204, 202-472-5690.

SUPPLEMENTARY INFORMATION: In a notice published in the **Federal Register** of June 22, 1988 (53 FR 23455), FDA announced that two food additive petitions (FAP 8B4070 and FAP 8B4071) had been filed by Velsicol Chemical Corp., 5600 North River Rd., Rosemont, IL 60018-5119, proposing that § 175.105 *Adhesives* (21 CFR 175.105) of the food additive regulations be amended to provide for the safe use of polypropylene glycol dibenzoate and propylene glycol dibenzoate, respectively, as components of adhesives in contact with food.

FDA has evaluated data in the petitions and other relevant material. The agency concludes that the proposed food additive uses for polypropylene glycol dibenzoate and propylene glycol dibenzoate are safe, and that § 175.105(c)(5) should be amended as set forth below.

In accordance with § 171.1(h) (21 CFR 171.1(h)), the petitions and the documents that FDA considered and relied upon in reaching its decision to approve these petitions are available for inspection at the Center for Food Safety and Applied Nutrition by appointment with the information contact person listed above. As provided in 21 CFR 171.1(h), the agency will delete from the documents any materials that are not available for public disclosure before making the documents available for inspection.

The agency has carefully considered the potential environmental effects of this action. FDA has concluded that the action will not have a significant impact on the human environment, and that environmental impact statements are not required. The agency's findings of no significant impact and the evidence supporting those findings, contained in the environmental assessments, may be seen in the Dockets Management Branch (address above) between 9 a.m. and 4 p.m., Monday through Friday.

Any person who will be adversely affected by this regulation may at any time on or before May 19, 1989 file with the Dockets Management Branch (address above) written objections thereto. Each objection shall be separately numbered, and each numbered objection shall specify with particularity the provisions of the regulation to which objection is made and the grounds for the objection. Each numbered objection on which a hearing is requested shall specifically so state. Failure to request a hearing for any particular objection shall constitute a waiver of the right to a hearing on that objection. Each numbered objection for which a hearing is requested shall include a detailed description and analysis of the specific factual information intended to be presented in support of the objection in the event that a hearing is held. Failure to include such a description and analysis for any particular objection shall constitute a waiver of the right to a hearing on the objection. Three copies of all documents shall be submitted and shall be identified with the docket number found in brackets in the heading of this document. Any objections received in response to the regulation may be seen in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

List of Subjects in 21 CFR Part 175

Adhesives, Food additives, Food packaging.

Therefore, under the Federal Food, Drug, and Cosmetic Act and under authority delegated to the Commissioner of Food and Drugs and redelegated to the Director, Center for Food Safety and Applied Nutrition, Part 175 is amended as follows:

PART 175—INDIRECT FOOD ADDITIVES: ADHESIVES AND COMPONENTS OF COATINGS

1. The authority citation for 21 CFR Part 175 continues to read as follows:

Authority: Sections 201(s), 409, 72 Stat. 1784-1788 as amended (21 U.S.C. 321(s), 348); 21 CFR 5.10 and 5.61.

2. Section 175.105 is amended in paragraph (c)(5) by alphabetically adding two new entries in the table to read as follows:

§ 175.105 Adhesives.

* * * * *

(c) * * *

(5) * * *

Substances	Limitations
* * *	* *
Polypropylene glycol dibenzoate (CAS Reg. No. 72245-46-6).	For use as a plasticizer at levels not to exceed 20 percent by weight of the finished adhesive.
* * *	* *
Propylene glycol dibenzoate (CAS Reg. No. 19224-26-1).	For use as a plasticizer at levels not to exceed 20 percent by weight of the finished adhesive.
* * *	* *

Dated: April 10, 1989.

Richard J. Ronk,

Acting Director, Center for Food Safety and Applied Nutrition.

[FR Doc. 89-9270 Filed 4-18-89; 8:45 am]

BILLING CODE 4160-01-M

21 CFR Part 177

[Docket No. 87F-0155]

Indirect Food Additives; Polymers

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The Food and Drug Administration (FDA) is amending the food additive regulations to provide for the safe use of ethylene terephthalate-isophthalate copolymers containing a minimum of 98 weight percent of polymer units derived from ethylene terephthalate for use as a component of articles in contact with alcoholic beverages. This action responds to a petition filed by the Goodyear Tire & Rubber Co.

DATES: April 19, 1989; objections by May 19, 1989.

ADDRESS: Written objections may be sent to the Dockets Management Branch (HFA-305), Food and Drug Administration, Rm. 4-62, 5600 Fishers Lane, Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT: Hortense S. Macon, Center for Food Safety and Applied Nutrition (HFF-335), Food and Drug Administration, 200 C St. SW., Washington, DC 20204, 202-472-5690.

SUPPLEMENTARY INFORMATION: In a notice published in the **Federal Register** of June 4, 1987 (52 FR 21122), FDA announced that a petition (FAP 7B3990) had been filed by the Goodyear Tire & Rubber Co., 130 Johns Ave., Akron, OH 44305-4097, proposing that § 177.1630 *Polyethylene phthalate polymers* (21 CFR 177.1630) be amended to provide for the safe use of ethylene terephthalate-isophthalate copolymers containing a minimum of 98 weight percent of polymer units derived from ethylene terephthalate for use as a component of articles in contact with alcoholic beverages.

The agency received one comment concerning the petition. The comment was in support of the petition.

FDA has evaluated data in the petition and other relevant material, and concludes that the proposed food additive use is safe, and that § 177.1630 should be amended by adding new paragraph (j).

In accordance with § 171.1(h) (21 CFR 171.1(h)), the petition and the documents that FDA considered and relied upon in reaching its decision to approve the petition are available for inspection at the Center for Food Safety and Applied Nutrition by appointment with the information contact person listed above. As provided in 21 CFR 171.1(h), the agency will delete from the documents any materials that are not available for public disclosure before making the documents available for inspection.

The agency has carefully considered the potential environmental effects of this action. FDA has concluded that the action will not have a significant impact on the human environment, and that an environmental impact statement is not required. The agency's finding of no significant impact and the evidence supporting that finding, contained in an environmental assessment, may be seen in the Dockets Management Branch (address above) between 9 a.m. and 4 p.m., Monday through Friday.

Any person who will be adversely affected by this regulation may at any time on or before May 19, 1989, file with the Dockets Management Branch (address above) written objections thereto. Each objection shall be separately numbered, and each numbered objection shall specify with particularity the provisions of the regulation to which objection is made and the grounds for the objection. Each numbered objection on which a hearing is requested shall specifically so state. Failure to request a hearing for any particular objection shall constitute a waiver of the right of a hearing on that objection. Each numbered objection for which a hearing is requested shall include a detailed description and analysis of the specific factual information intended to be presented in support of the objection in the event that a hearing is held. Failure to include such a description and analysis for any particular objection shall constitute a waiver of the right to a hearing on the objection. Three copies of all documents shall be submitted and shall be identified with the docket number found in brackets in the heading of this document. Any objections received in response to the regulation may be seen in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

List of Subjects in 21 CFR Part 177

Food additives, Food packaging.

Therefore, under the Federal Food, Drug, and Cosmetic Act and under authority delegated to the Commissioner of Food and Drugs and redelegated to the Director of the Center for Food Safety and Applied Nutrition, Part 177 is amended as follows:

PART 177—INDIRECT FOOD ADDITIVES: POLYMERS

1. The authority citation for 21 CFR Part 177 continues to read as follows:

Authority: Sections 201(s), 409, 72 Stat. 1784-1788 as amended (21 U.S.C. 321(s), 348); 21 CFR 5.10 and 5.61.

2. Section 177.1630 is amended by adding new paragraph (j) to read as follows:

§ 177.1630 Polyethylene phthalate polymers.

* * * * *

(j) Polyethylene phthalate plastics, composed of ethylene terephthalate-isophthalate containing a minimum of 98 weight percent of polymer units derived from ethylene terephthalate, conforming with the specifications prescribed in paragraph (j)(1) of this section are used as provided in paragraph (j)(2) of this section.

(1) *Specifications.* (i) The food contact surface meets the specifications in paragraph (f)(1) of this section and

(ii)(*a*) *Containers with greater than 500 mL capacity.* The food-contact surface when exposed to 95 percent ethanol at 120° F for 24 hours should not yield chloroform-soluble extractives in excess of 0.005 mg/in².

(*b*) *Containers with less than or equal to 500 mL capacity.* The food contact surface when exposed to 95 percent ethanol at 120°F for 24 hours should not yield chloroform-soluble extractives in excess of 0.05 mg/in².

(2) *Conditions of use.* The plastics are used for packaging, transporting, or holding alcoholic foods that do not exceed 95 percent alcohol by volume.

Dated: April 10, 1989.

Richard J. Rork,

Acting Director, Center for Food Safety and Applied Nutrition.
