Discussion of Temporary Regulations

This temporary regulation changes only the morning regulated period on weekdays. The bridge presently opens on signal except that the bridge need not open from 7:30 a.m. to 8:30 a.m. Monday through Friday except federal holidays. The Coast Guard has determined that a shift of the existing morning regulated period one-half hour earlier at all three bridges will accommodate the change in morning automobile traffic. The problem with the change in peak traffic has been accentuated by revised travel patterns caused by the detour route in place due to the construction of the new Acosta Bridge. All other aspects of the existing regulations remain in full force and effect. Because this is a temporary regulation, it will not appear in the Code of Federal Regulations.

Federalism

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that the temporary rulemaking does not have sufficient federalism implications to warrant the preparation of Federalism Assessment.

Economic Assessment and Certification

This temporary regulation is considered to be non-major under Executive Order 12291 on Federal Regulation and nonsignificant under the Department of Transportation regulatory policies and procedures (44 FR 11034: February 26, 1979). The economic impact of this temporary rule is expected to be so minimal that a full regulatory evaluation is unnecessary. We conclude this because the temporary rule will not change the total amount of time these bridges are allowed to be maintained in the closed position. Since the economic impact of the proposal is expected to be minimal, the Coast Guard certifies that it does not have a significant impact on a substantial number of small entities.

Temporary Regulations

In consideration of the foregoing, the Coast Guard has amended part 117 of title 33 Code of Federal Regulations as follows:

PART 117—[AMENDED]

Authority: 33 U.S.C. 499; 49 CFR 1.46; 33 CFR 1.05–1(g).

2. Section 117.325 is amended for the period between July 21 and September 21, 1990 by suspending paragraph (a) of § 117.325 and adding a new paragraph (c) to read as follows:

§ 117.325 St. Johns River.

Medicare Program; Physician Liability on Non-Assigned Claims

AGENCY: Health Care Financing Administration (HCFA), HHS.

ACTION: Correction of final rule.

SUMMARY: This document corrects technical errors in a final rule regarding physician liability on non-assigned claims published on June 18, 1990 at 55 FR 24561. Specifically, it—

(1) Corrects an incorrect statement in the preamble about the redesignation of a subpart of the CFR;

(2) Inserts four words, which were inadvertently omitted, into the regulations text;

(3) Corrects a typographical error in the regulations text; and

(4) Corrects an incorrect cross-reference in the regulations text.

EFFECTIVE DATE: July 18, 1990.

FOR FURTHER INFORMATION CONTACT: Gloria Dzingeleski (301) 966–4679.

SUPPLEMENTARY INFORMATION: We are making the following technical corrections to the final rule that was published in the Federal Register on June 18, 1990 (55 FR 24561).

1. On page 24561, column 3, the parenthetical sentence beginning in line 39 is revised to read as follows: "(Since that time, the portion of subpart C of part 405 in which we proposed to include the new provisions was redesignated; the correct cite in this final rule is § 411.408.)".

§ 411.408 [Corrected]

2. On page 24568, column 1, in the seventh line of § 411.408(a), the phrase

"for services otherwise covered" is inserted between the words "beneficiary" and "if".

§ 411.408 [Corrected]

3. On page 24568, column 2, in the heading of § 411.408(e), the word "know" is corrected to read "knew"

§ 411.408 [Corrected]

4. On page 24568, column 2, in § 411.408(e), "§ 411.206" is corrected to read "§ 411.406".

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 64

[Docket No. FEMA 6837]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, FEMA.

ACTION: Final rule.

SUMMARY: This rule lists communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are suspended on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If FEMA receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will be withdrawn by publication in the **Federal Register**.

EFFECTIVE DATES: The third date ("Susp.") listed in the fourth column.

FOR FURTHER INFORMATION CONTACT: Frank H. Thomas, Assistant Administrator, Office of Loss Reduction, Federal Insurance Administration, (202) 646–2717, Federal Center Plaza, 500 C Street, Southwest, Room 417, Washington, DC 20472.

SUPPLEMENTARY INFORMATION: The National Flood Insurance Program (NFIP), enables property owners to purchase flood insurance at rates made reasonable through a Federal subsidy. In return, communities agree to adopt and administer local floodplain management aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended (42 U.S.C. 4022), prohibits flood insurance coverage as authorized under the National Flood Insurance Program (42 U.S.C. 4001–4128) unless an appropriate public body shall have adopted adequate floodplain management measures with effective enforcement measures. The Communities listed in this notice no longer meet that statutory requirement for compliance with program regulations (44 CFR part 59 et. seq.). Accordingly, the communities will be suspended on the effective date in the fourth column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the **Federal Register**. In the interim, if you wish to determine if a particular community was suspended on the suspension date contact the appropriate FEMA Regional Office or the NFIP servicing contractors.

In addition, the Federal Emergency Management Agency has identified the special flood hazard areas in these communities by publishing a Flood Hazard Boundry Map. The date of the flood map if one has been published, is indicated in the fifth column of the table. No direct Federal financial assistance (except assistance pursuant to the Disaster Relief Act of 1974 not in connection with a flood) may legally be provided for construction or acquisition of buildings in the identified special flood hazard area of communities not participating in the NFIP and identified for more than a year, on the Federal Emergency Management Agency's initial flood insurance map of the community as having flood-prone areas. (Section 202(a) of the Flood Disaster Protection Act of 1973 (Pub. L. 93–234), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column.

The Administrator finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives a 6-month, 90-day, and 30-day notification addressed to the Chief Executive Officer that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension date. For the same reasons, this final rule may take effect within less than 30 days.

Pursuant to the provision of 5 U.S.C. 605(b), the Administrator, Federal Insurance Administration, FEMA, hereby certifies that this rule if promulgated will not have a significant economic impact on a substantial number of small entities. As stated in section 2 of the Flood Disaster Protection Act of 1973, the establishment of local floodplain management together with the availability of flood insurance decreases the economic impact of future flood losses to both the particular community and the nation as a whole. This rule in and of itself does not have a significant economic impact. Any economic impact results from the community's decision not to (adopt) (enforce) adequate floodplain management, thus placing itself in noncompliance of the Federal standards required for community participation. In each entry, a complete chronology of effective dates appears for each listed community.

[MM Docket No. 89-174]

Radio Broadcasting Services; Red Oak, IA, Falls City, NE

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Commission, at the request of Montgomery County Broadcasting Co., Inc., substitutes Channel 237C3 for Channel 237A at Red Oak, Iowa, and modifies its license for Station KOAK-FM to specify operation on the higher powered channel. In order to accommodate Channel 237C3 at Red Oak, the Commission also substitutes Channel 267A for unoccupied and unapplied for Channel 237A at Falls City, Nebraska. *See* 55 FR 9340, published March 13, 1990. Channel 237C3 can be allotted to Red Oak in compliance with the Commission's minimum distance separation requirements and can be used at Station KOAK-FM's licensed transmitter site. Channel 267A can be allotted to Falls City without the imposition of a site restriction. The coordinates for Channel 237C3 at Red Oak are North Latitude 41-01-00 and West Longitude 95-12-46. The coordinates for Channel 267A at Falls City are North Latitude 40-03-39 and West Longitude 95-36-06. With this action, this proceeding is terminated.

DATES: Effective October 10, 1990. The window period for filing applications for Channel 267A at Falls City, Nebraska, will open on October 11, 1990, and close on November 13, 1990.
