Therefore, this final rule establishes the estimated total income for 1990–91 at $985,750. This amount includes assessment income of $933,750; $7,500 from the California Department of Food and Agriculture for export development activities; $12,000 from other sources such as interest earned on the reserve fund; and a total of $32,500 from the Nectarine Administrative Committee and the Plum and Peach Commodity Committees in compensation for the significant staff time devoted to compliance efforts for those commodities.

While this action imposes some additional costs on handlers, the costs are in the form of uniform assessments on all handlers. Some of the additional costs may be passed on to producers. However, these costs will be significantly offset by the benefits derived from the operation of the marketing order. Therefore, the Administrator of the AMS has determined that this action will not have a significant economic impact on a substantial number of small entities.

After consideration of all relevant matter presented, the information and recommendations submitted by the Committee, and other available information, it is found that this action will tend to effectuate the declared policy of the Act.

Pursuant to 5 U.S.C. 553, it is also found and determined that good cause exists for not postponing the effective date of this action until 30 days after publication in the **Federal Register** because approval of the additional expenses must be expedited. This marketing order's fiscal year began March 1, 1990, and the Committee needs sufficient funds to pay its expenses which are incurred on a continuous basis.

7 CFR Parts 1944, 1951, 1955, and 1962

Program Regulations: Field Office Terminal Processing

AGENCY: Farmers Home Administration, USDA.

ACTION: Final rule.

SUMMARY: The Farmers Home Administration (FmHA) is amending its regulations to reflect changes in the Agency's current automated data processing operating environment. The intended effect of this action is to authorize FmHA field offices to process certain transactions through computer terminals.

EFFECTIVE DATE: August 29, 1990.

FOR FURTHER INFORMATION CONTACT: Kris Dilger, Accountant, Accounting Policy and Procedures Section II, FmHA, USDA, Finance Office, 1520 Market Street, St. Louis, Missouri 63103, telephone FTS 262–6026 or commercial (314) 539–6026.

SUPPLEMENTARY INFORMATION: This action has been reviewed under USDA procedures established in Departmental Regulation 1512–1, which implements Executive Order 12291, and has been determined to be exempt from those requirements because it has no impact on FmHA borrowers or other members of the public and it involves only internal Agency management. It is the policy of this Department to publish for comment rules relating to public property, loans, grants, benefits, or contracts, notwithstanding the exemption in 5 U.S.C. 553 with respect to such rules. This action, however, is not published for proposed rulemaking since it involves only internal Agency management and publication for comment is unnecessary.

Specifically, the procedures are revised to recognize the data entry of selected loan making and servicing transactions at FmHA field office terminal site locations.

This document has been reviewed in accordance with 7 CFR part 1940, subpart G, "Environmental Program." FmHA has determined that this action does not constitute a major Federal action significantly affecting the quality of the human environment and in accordance with the National Environmental Policy Act of 1969, Public Law 91–190, an environmental impact statement is not required.

For the reasons set forth in the final rule related to Notice 7 CFR part 3015, subpart V (48 FR 29115, June 24, 1983), this program/activity is excluded from the scope of Executive Order 12372 which requires intergovernmental consultation with State and local officials. This action does not directly affect any FmHA programs or projects which are subject to intergovernmental consultation.

SMALL BUSINESS ADMINISTRATION

13 CFR Part 101

[Rev. 2; Amdt. 51]

Delegation of Authority—Certified Development Company Debenture Guarantees

AGENCY: Small Business Administration ("SBA).

ACTION: Final rule.

SUMMARY: This rule increases the overall project size for which Certified Development Company debenture guarantees may be approved by certain SBA officers. This change will permit certain projects to be decided at lower levels where adequate resources exist rather than being decided at the next higher level where adequate resources do not exist to provide timely service.

EFFECTIVE DATE: This rule is effective August 29, 1990.

FOR FURTHER INFORMATION CONTACT: Wayne S. Foren, Director, Office of Economic Development, Small Business Administration, Room 720, 1441 L Street NW., Washington, DC 20416, Tel. (202) 653-6416.

SUPPLEMENTARY INFORMATION: Section 502(2) of the Small Business Investment Act, 15 U.S.C. 696(2), as originally enacted (Pub. L. 85-699, 72 Stat. 689) limited loans under that section to $350,000. This limit was raised to $500,000 by § 110 of Public Law 94-305, (90 Stat. 663). Public Law 100-418 (102 Stat. 1561) raised the limit to $750,000. The development company debentures provide a percentage of the total project cost, typically the lesser of 40% or $750,000 (13 CFR 108.583-9(a)(8)). The rule now promulgated increases the overall project size for which approval authority is delegated to certain officers in the field from $1,500,000 to $2,000,000, from $1,000,000 to $1,500,000, and from $750,000, to $1,000,000 respectively. SBA's share of the project cost remains unchanged.

Inasmuch as part 101 consists of rules relating to the Agency's organization and procedures, notice of proposed rule making, public participation, analysis under Executive Orders 12291 and 12612 and a regulatory flexibility review, under the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are not required and this amendment is adopted without resort to these procedures.

Amendment to Control Zone, Key West, FL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment eliminates an arrival area extension to the Key West, FL, control zone. The extension was predicated on the Key West Naval Air Station Ultra High Frequency Radiobeacon (NAS UHF RBN) which is being decommissioned. The airspace contained with the arrival area extension is no longer required for protection of instrument flight rules (IFR) aircraft. The remainder of the control zone is unchanged.

EFFECTIVE DATE: 0901 u.t.c., October 18, 1990.

FOR FURTHER INFORMATION CONTACT: James G. Walters, Airspace Section, System Management Branch, Air Traffic Division, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 763-7646.

SUPPLEMENTARY INFORMATION:

History

On Tuesday, June 28, 1990, the FAA proposed to amend part 71 of the Federal Aviation Regulations (14 CFR part 71) to amend the Key West, FL, control zone (55) FR (25979). The proposed amendment would eliminate an arrival area extension based on the Key West NAS UHF RBN which was being decommissioned. The remainder of the control zone would remain unchanged. Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received. This amendment is the same as that proposed in the notice. Section 71.171 of part 71 of the Federal Aviation Regulations was republished in FAA Handbook 7400.6F dated January 2, 1990.

The Rule

This amendment to part 71 of the Federal Aviation Regulation amends the Key West, FL, control zone by eliminating an arrival area extension based on the Key West NAS UHF RBN, which is being decommissioned. The remainder of the control zone is unchanged.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "major rule" under Executive Order 12291; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me, part 71 of the Federal Aviation Regulations (14 CFR part 71) is amended, as follows:

1. The authority citation for part 71 continues to read as follows:

Transition Area Establishment—Caldwell, OH

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: The nature of this action is to establish the Caldwell, OH, transition area to accommodate a new VOR/DME-A instrument approach procedure to Noble County Airport, Caldwell, OH. The intended effect of this action is to ensure segregation of the aircraft using approach procedures under instrument flight rules from other aircraft operating under visual flight rules in controlled airspace.

EFFECTIVE DATE: 0901 u.t.c., October 18, 1990.

FOR FURTHER INFORMATION CONTACT: Douglas F. Powers, Air Traffic Division, System Management Branch, AGL-530, Federal Aviation Administration, 2300 East Devon Avenue, Des Plaines, Illinois 60018, telephone (312) 694-7568.

SUPPLEMENTARY INFORMATION:

History

On Wednesday, July 18, 1990, the Federal Aviation Administration (FAA) proposed to amend part 71 of the Federal Aviation Regulations (14 CFR part 71) to establish a transition area airspace near Caldwell, OH (55 FR 29222).

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received.

Except for editorial changes, this amendment is the same as that proposed in the notice. Section 71.181 of part 71 of the Federal Aviation Regulations was republished in Handbook 7400.6F dated January 2, 1990.

The Rule

This amendment to part 71 of the Federal Aviation Regulations establishes a transistion area airspace near Caldwell, OH. This transition area is being established to accommodate a new VOR/DME-A instrument approach procedure to Noble County Airport Caldwell, OH.

The development of this procedure requires that the FAA establish the designated airspace to insure that the procedure will be contained within controlled airspace. The minimum descent altitude for this procedure may
